

Passaic County Senior Services

The Department of Senior Services, Disability and Veterans Affairs provides and coordinates numerous services and sponsors many activities for senior citizens.

The Department is also designed as an ADRC (Aging & Disability Resource Connection) coordinating and providing information and assistance, outreach, benefit screenings, in-home risk assessments, and care management services. A coordinated effort with the Passaic County Board of Social Services assists those individuals at risk of placement in a nursing facility with additional senior health programs.

Passaic County Division of Nutrition Services

The Passaic County Division of Nutrition Services is a federally funded agency, which operates under the auspices of the Passaic County Department of Senior Services, Disability and Veterans Affairs, as well as the Passaic County Board of Chosen Freeholders.

The mission of Nutrition Services is to provide nutritious meals and other supportive services to assist both congregate and home-delivered recipients in maintaining and/or improving their health status and independence.

Nutrition Centers

Our agency operates seven senior nutrition centers (congregate meals), which provide one hot meal Monday through Friday in a friendly environment for older adults that are conducive to socialization. Each of our senior nutrition centers conducts various activities such as parties, trips, lectures, etc. that meet the interest of the participants. The only requirement for participation in the senior center program is that the participant must be sixty years of age or older.
