RESOLUTION AUTHORIZING AN AMENDMENT TO THE MASTER SERVICES AGREEMENT BETWEEN ADP, INC. AND THE COUNTY OF PASSAIC FOR THE ADDITIONAL SERVICES IN CONNECTION WITH MONITORING AND COMPLIANCE REQUIRED UNDER THE AFFORDABLE CARE ACT

WHEREAS the Board of Chosen Freeholders of the County of Passaic (the “Board”) previously adopted Resolution R-03-628, dated December 9, 2003, awarding a Contract to ADP, Inc. for purchase of a Human Resources Software System for a three (3) year period, which provided for the purchase of necessary software and support services; and

WHEREAS the Board subsequently adopted Resolution R-08-1058 dated December 23, 2008 authorizing an amendment to the Master Services Agreement to provide services for an additional three (3) year period, which term expired February 20, 2012; and

WHEREAS Resolution 12-968 adopted December 11, 2012 authorized a Second Amendment to the Master Services Agreement which authorized a continuance of the existing services for an additional period of three (3) years, commencing January 1, 2013 and terminating on December 31, 2015; and

WHEREAS the Board is aware that the adoption of the Affordable Care Act (the “ACA”) has resulted in a number of additional monitoring and reporting requirements with regard to employee health benefits; and

WHEREAS ADP has offered to provide additional services related to these monitoring and reporting requirements for a one-time fee of $5,000.00 plus an monthly fee of approximately $4,200.00 (based on a per-employee charge of $2.00 and
assuming 2,100 employees), all as described in the attached correspondence; and

WHEREAS the County is desirous of authorizing an amendment to its Master Services Agreement with ADP for the performance of the necessary services relative to ACA monitoring and compliance; and

WHEREAS the cost to the County for the desired goods and services is estimated to be $55,400.00 for the first year, based on a one-time fee of $5,000.00 and a monthly per-employee charge of $2.00 (approximately $50,400.00 assuming 2,100 employees); and

WHEREAS ADP’s software is proprietary in nature, and said updates and related support services are therefore exempt from public bidding pursuant to N.J.S.A. 40A:11-5 (dd); and

WHEREAS the said Board, by R-06-97 dated February 14, 2006 established a policy of only awarding contracts in excess of the monetary threshold set forth under the Pay to Play Law only under a fair and open process; and

WHEREAS the Board is desirous of making an exception to that policy because of the unique circumstances of this case; and

WHEREAS the local Public Contracts Law, N.J.S.A. 40A:11-1 et seq., requires that the resolution authorizing the award of contract for exempt goods and/or services and the contracts themselves must be available for public inspection; and
WHEREAS the Insurance Committee reviewed this matter at its meeting of June 4, 2015 and recommended this resolution to the full Board for adoption, with the understanding that the recipient has not made or will make political contributions as set forth under the Campaign Contributions and Expenditures Reporting Act (N.J.S.A. 19:44A-1); and

WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes an amendment to the Masters Services Agreement by and between the County of Passaic and ADP Corporation for the above-referenced goods and services at the prices indicated above and in the attached correspondence; and

BE IT FURTHER RESOLVED that this contract is being awarded as an exception to the policy of the Board as set forth in its Resolution R-06-97 dated February 14, 2006 because of the special circumstances of this situation, and the policy of the Board as set forth in this resolution shall remain in full force and effect; and

BE IT FURTHER RESOLVED that the Director and Clerk of the said Board are hereby authorized to execute the necessary contract on behalf of the County of Passaic; and

BE IT FURTHER RESOLVED that this contract is awarded without competitive bidding in accordance with N.J.S.A.
40A:11-5(1)(dd) of the Local Public Contracts Law in that it concerns the provision of goods and/or the performance of services for the update or maintenance of proprietary computer hardware or software; and

RE: Notice of Obligation – Program Year 2015 – Workforce Innovation and Opportunity Act
Adult Allotment Adjustments

Dear Mr. Lora:

The enclosed Notice of Obligation (NOO) revises the allocation of the Adult funds for your Workforce Development Area. The revision is due to an adjustment made to the WIOA Adult allocation formula. Final determination for Adult funding is contingent upon authorization and availability from the USDOL.

Please incorporate these funds into your Program Year 2015 Workforce Development Area Contract. As WIOA legislation allows a portion of these funds to be used for administrative purposes, including the activities of the Workforce Development Area, we recommend setting aside a proportionate amount of your allocation for this purpose.

Program Year 2015 funds must be 80 percent obligated by June 30, 2016. All funds must be fully expended by June 30, 2017 or returned to the state.

If you have any questions regarding the issuance of this NOO, please contact Executive Director Patricia Moran, Ph.D., Workforce Development and Economic Opportunity, at 609-984-9414.

Sincerely,

Dear Mr. Yodice:

I am very interested in the Intake Clerk position that is available at the Home Energy/Weatherization Division in the County of Passaic. I recently have been volunteering in this department and am familiar with the day to day operations of the position of interest. I feel that being a CWEP at this facility would be a solid base to build upon in this posted position.

I have enclosed my resume for your review.

It would be my pleasure to interview with you in the future.

Sincerely,

WHEREAS pursuant to its authority under N.J.S.A. 40:32-7.9 and 40:37-18, the Board of Chosen Freeholders of Passaic County have established and adopted Rules and Regulations for conduct of the public in all Passaic County Parks, which are commonly known as Passaic County Park Ordinances; and

WHEREAS the said Board in conjunction with its not for profit corporation, Friends of the Passaic County Parks, Inc., are sponsoring a Passaic County Fair at the Garret Mountain Reservation which is scheduled to be held at the Garret Mountain Reservation from Thursday, August 13, 2015 to Sunday, August 16, 2015; and

WHEREAS the Passaic County Fair Committee an ad hoc group, charged with organizing and planning the Passaic County Fair this year, has among other things recommended that alcohol (beer/wine) be permitted to be served only in a specific area of the Fair with stringent controls; and

WHEREAS in order to allow this to be done, it is necessary during the days and hours of the Fair to temporarily suspend the Passaic County Park Ordinance prohibiting the use or sale of alcoholic beverages in all Passaic County Parks at all times; and

WHEREAS the Passaic County Sheriff’s Office representatives on the Fair Committee are also recommending that the Passaic County Park Ordinance mandating that all Parks be closed one hour after sunset be temporarily amended during the Fair to allow the Garret Mountain Reservation and adjoining Rifle Camp Park to be opened to
Fair visitors for one hour after the official close of the Fair for each of the four evenings; and

**WHEREAS** the Freeholder Committee for Public Works and Buildings & Grounds at its August 3, 2015 meeting reviewed this matter and is recommending that these two Park Ordinances be amended temporarily by the full Board;

**NOW THEREFORE BE IT RESOLVED** by the Board of Chosen Freeholders of Passaic County that it temporarily amends the Passaic County Rules and Regulations for Passaic County Parks, known as the Passaic County Park Ordinance, for the period Thursday, August 13, 2015 through Sunday, August 16, 2015 as follows:

1. The ban for no alcoholic beverages will be modified to permit alcoholic beverages to be offered for sale by the Passaic County approved vendor only between the hours of the start of the Fair until two hours prior to the scheduled closing time. All such alcoholic beverages sold by the approved vendor must be consumed within the designated area as set forth in the attached plan layout labeled “Beer/Wine”. No alcoholic beverages shall be permitted to be brought into the Garret Mountain Reservation by anyone other than the County approved beer/wine vendor.

2. The Park Ordinance stating the Parks are to be closed one hour after sunset each day shall be modified for Garret Mountain Reservation and Rifle Camp Park to permit visitors to the Passaic County Fair to remain in the said Parks until one hour after the scheduled closing of the Fair each of the four evenings of the Fair.
BE IT FURTHER RESOLVED that this Resolution shall be effective from Thursday, August 13, 2015 and expire on Sunday, August 16, 2015.

Change Order #1 (Deduct)

Members of the Board:

Attached for your approval is Change Order #1 to be issued to the Contractor, reflecting a decrease in the contract amount due to the following:

- Subsequent to receiving bids for the project, the Project Management Team conducted an evaluation of the project in order to determine items that could be eliminated or reduced without changing the effect of the project. The items in this change order reflect those items identified by the team.
- In the case of dyed concrete, approximately $113,300 in reduction was offset by approximately $98,500 increase for undyed concrete in Change Order 2.

The total amount of the decrease is $198,330.25, resulting in a new contract amount of $581,959.75.

This matter was discussed with the Public Works and Buildings and Grounds Committee at its meeting of August 3, 2015.

I respectfully request that the Board of Chosen Freeholders ADOPT a RESOLUTION approving Change Order #1 in the amount of -$198,330.25.

Very truly yours,

Timothy R. Mettlen, P.E.
Assistant County Engineer

Members of the Board:

The County of Morris desires to replace the bi-county bridge located on the Cozy Lake Road. The existing functionally obsolete structure will be replaced with a wider structure. Plans and specifications for this replacement were prepared by the County of Morris Consultant Cherry, Webber & Associates, P.C.

In order to access this property to do the work, a Right of Entry and Maintenance Agreement has been made between the County of Morris and Passaic, City of Newark and New Jersey Department of Environmental Protection, Division of Parks and Forestry. Copy of the Agreement is attached to this letter. The Agreement has been reviewed by both this Office and Office of the County Counsel and found to be acceptable.

RECITALS

WHEREAS, the City is the owner of certain real property known as Block 569 Lot 1 and Block 567 Lot 29 on the Tax Map of the Township of Jefferson, Morris County, New Jersey together with Block 15903 Lot 5 and Block 15806 Lot 1 in the Township of West Milford, Passaic County (hereinafter, collectively, "the Property"); and

WHEREAS, the Department holds a Deed of Conservation Easement in perpetuity on Block 569, Lot 1 and Block 567, Lot 29 (recorded in Morris County Deed Book 06269, Page 236), a copy of which is attached hereto as Exhibit A, and a Deed of Conservation Easement in perpetuity on Block 15903, Lot 5 and Block 15806, Lot 1 (recorded in Morris County Deed Book 20678, Page 13 and Passaic County Deed Book 1432, Page 102), a copy of which is attached hereto as Exhibit B, previously granted by the City of Newark, which easements are administered by the Division of Parks and Forestry as part of Wawayanda State Park (hereinafter, collectively, "the Deeds of Conservation Easement"); and

WHEREAS, the Deeds of Conservation Easement prohibit timber harvesting except that select trees may be removed in certain circumstances including prevention of personal injury and property damage; and activities detrimental to drainage, flood control, water conservation, erosion control or soil conservation; and

WHEREAS, the Property abuts Cozy Lake Road, a public street; and

WHEREAS, Jefferson Township owns that portion of Cozy Lake Road which lies within Morris County and West Milford Township owns that portion of Cozy Lake Road which lies within Passaic County; and

WHEREAS, the bridge over the Pequannock River in Jefferson Township, Morris County and West Milford Township, Passaic County, designated as Morris County Bridge #1400-323 and Passaic County Bridge #1600-036 (hereinafter "the Bridge"), is in fair condition but is functionally obsolete due to the substandard roadway width across the structure; and

WHEREAS, Morris County and Passaic County desire to replace the Bridge with a wider structure and to widen the approach roadway on both sides of the bridge to match the

WHEREAS, although the replacement of the Bridge and associated infrastructure improvements will occur within the existing right of way for Cozy Lake Road, construction of the Project necessitates the removal of five (5) trees on the Property, one of which is severely damaged, as well as the re-grading of 1,370 square feet of the Property, all outside of the road right-of-way; and

WHEREAS, Morris County has agreed to plant twenty-one (21) replacement trees as mitigation for the proposed tree removal; and

WHEREAS, Morris County has agreed to stabilize the re-graded area and plant a seed mix approved by the Department; and

WHEREAS, the Grantors have determined that the Project, including the proposed tree mitigation and stabilization, will not have a significant permanent impact on the Property and thus, does not rise to the level of a diversion of parkland pursuant to N.J.A.C. 7:36-26 or N.J.S.A. 13:8C-1 et seq., nor the release of conservation restrictions pursuant to N.J.S.A. 13:8B-1 et seq.; and

WHEREAS, upon completion of the Project and thereafter, the Grantees will monitor and maintain any public infrastructure improvement constructed on the Property and the Bridge; and

WHEREAS, the Grantors have also agreed to convey to the Grantees a right of access to the Property for the sole purpose of monitoring and maintaining the public infrastructure improvements on the Property and the Bridge.

NOW THEREFORE, for and in consideration of the sum of One Dollar ($1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, this Right of Entry and Maintenance Agreement is made and entered into by and between Morris County and Passaic County, their successors and assigns, and the City and Department, their successors and assigns.

THE PARTIES agree to the following terms and conditions:

ARTICLE 1. RECITALS

1.1 The foregoing recitals are hereby expressly incorporated into this Agreement as if fully set forth at length herein.
ARTICLE 2. RIGHT OF ENTRY

2.1 Subject to the limits herein stated and all licenses, easements, leases, encumbrances and claims of title affecting the Property, the City and Department hereby grant Morris County and Passaic County and their officers, employees, agents, consultants and contractors a limited, non-exclusive, non-transferable, non-assignable temporary license for access to the Property to enable them to: (a) conduct the Construction Activities, as that term is defined herein; and (b) carry out Maintenance Activities, as that term is defined herein. However, except for activities necessary to prevent an imminent threat to public health, safety or environment, such entry, occupation and use shall be with at least thirty (30) days' prior notice to and the approval of the City Department of Water and Sewer and the Superintendent of Wawayanda State Park or his or her successor.

2.2 The specific Construction Activities to be performed are described in the Work Plan and shall include activities reasonably attendant thereto. Grantees, or any other authorized employees, agents, representatives or subcontractors may only exceed the scope of work provided in the Work Plan upon submission of a revised Work Plan to the Grantors with seven (7) business days prior notice to and express written pre-approval from the Grantors.

2.3 If during the completion of the Construction Activities or any time thereafter during the performance of any Maintenance Activities, temporary or permanent impacts are anticipated to occur outside of the limits of disturbance within the temporary construction line shown on the Work Plan attached hereto as Exhibit C, Grantors shall be so informed at least fourteen (14) days in advance of the proposed construction schedule of said Construction Activities and at least thirty (30) days in advance of the proposed schedule of said Maintenance Activities and shall determine the nature of mitigation required, if any, prior to authorizing any such activities.

2.4 The Resolutions of the City of Newark, Morris County and Passaic County authorizing execution of this Agreement are attached hereto as Exhibits D1, D2 and D3, respectively.

ARTICLE 3. PURPOSE

Pursuant to this Right of Entry and Maintenance Agreement and subject to the limits, terms and conditions herein stated, Grantees may enter on, occupy and use the Property to perform any and all construction activities and any associated tasks necessary for the purpose of constructing the proposed infrastructure improvements on Cozy Lake Road and the Property, as set forth in the Work Plan ("Construction Activities"), and any monitoring or inspection and any needed maintenance or repair of the infrastructure improvements, including the reconstruction of 450 +/- linear feet of roadway surface; replacement of an existing single span reinforced concrete arch bridge, carrying an 18 foot wide roadway with a CON/SPAN Precast Concrete Arch bridge with two (2) 11-foot wide lanes, two (2) foot wide shoulders and an overall structure width of 30.5 feet; and re-grading including cut/fill of the existing ground adjacent to the roadway to meet proposed grades ("Maintenance Activities").
3.1 As mitigation for tree removal associated with the Project, Morris County shall furnish and plant twenty-one (21) trees either on the Property or in Wawayanda State Park at the direction of the Superintendent of Wawayanda State Park, the Maintenance Supervisor of Wawayanda State Park, and the City of Newark Department of Water and Sewer, as more fully described in Exhibit E attached hereto and made part of this Agreement. Promptly upon completion of re-grading activities, Morris County shall stabilize any areas of impact and apply a seeding mix type to be approved by the Department and the City.

3.2 Grantees specifically acknowledge that the Grantors make no representation or warranty, expressed, implied or otherwise, as to the suitability of the Property for the Grantees’ purpose(s).

ARTICLE 4. TERM OF AGREEMENT

4.1 Subject to the termination of this Agreement under Article 5 herein and unless expressly stated otherwise in writing, subject to the City Municipal Council and Department approval, the Agreement shall commence on the Effective Date, which, for the purpose hereof, shall be the date on which all parties have duly executed the Agreement, and shall continue, for purposes of the implementation of the Project, until the Construction Activities have been completed, but in no event longer than twelve (12) months, which such timeframe may be extended by the Grantors in writing. For purposes of the Maintenance Activities to be conducted from time to time, this Agreement shall terminate when the infrastructure improvements have been removed or otherwise no longer exist. Such termination shall be effective upon thirty (30) days’ notice by Grantors to the Grantees, subject to such reasonable conditions as the Grantors may specify with respect to any removal of the improvements from the Property and restoration of the Property, as those tasks are set forth in the Work Plan.

ARTICLE 5. TERMINATION OR SUSPENSION OF AGREEMENT

5.1 In the event of an unsafe condition or emergency on the Property, Grantors shall have the right to suspend this Agreement immediately, without any advanced notice until such time as the unsafe condition or emergency is rectified by Grantees. The Grantors shall notify Grantees of such suspension as soon as practicable.

5.2 Grantors shall also have the right to immediately suspend this Agreement (upon 48 hours’ notice to Grantees) if or when the insurance that Grantees are required to maintain hereunder expires or lapses, until such time as the required insurance coverage is restored.

5.3 This Agreement may be terminated by mutual written agreement between the Grantors and Grantees. Subject to the terms herein, there shall be no implied termination of this Agreement.

5.4 Upon notification by Grantees that the Project has been completed, Grantors may conduct an inspection of the work completed by Grantees and either accept it as complete or reject it. Within ninety (90) days of Grantors’ acceptance of the completion and construction of the Project, including the required tree planting, re-grading and seeding, the Grantors shall notify the Grantees of the termination of the provisions of this Agreement as they pertain to the
Construction Activities.

5.5 The Grantors reserve the right to suspend this Agreement immediately should Grantees' activities upon the Property exceed the scope of this Agreement.

5.6 The City shall have the right to suspend this Agreement, without cause, by giving not less than seven (7) days written notice of suspension, which notice may be provided by e-mail as set forth herein.

Additionally, upon completion of the Construction Activities, Grantees shall, at their sole cost and expense and unless otherwise directed in writing by Grantors, restore the Property impacted by the Project to the same condition in which it was prior to Grantees' entry.

Additionally, any soils that are excavated and taken off site by Grantees in connection with the Project shall be sampled and disposed of in accordance and compliance with all applicable Environmental Laws, at Grantees sole cost. 6.14 Non-Exclusive Right. Nothing herein shall be construed as a grant of title or any interest in the Property. It is expressly understood that this Right of Entry and Maintenance Agreement does not in any way whatsoever grant or convey any permanent easement, lease, fee or other interest in the Property to Grantees. This Agreement is not exclusive and the City specifically reserves the right to grant other rights of entry on the Property.

6.15 Pre-Existing Hazardous Materials. Nothing herein shall be construed to alleviate the Grantor from any potential liability or responsibility as to any Hazardous Materials which may be determined to be present upon the Property, except as otherwise set forth herein.

6.16 Inspection. The Grantors shall have the right to inspect the City’s Property or any portion thereof or any work performed by the Grantees thereon at any time and from time to time during the term of this Right of Entry and Maintenance Agreement, and Grantees agree to make all reasonable changes or revisions to the Work Plan as may be required by the Grantors’ inspectors. Failure of the Grantees to comply shall result in the suspension of this Agreement until such time as the Grantees have complied with all reasonable changes or revisions required by the Grantor’s inspectors.
6.17 **Restoration.** After completion of the Construction Activities upon the Property in connection with the Project, Grantees shall restore the Property as closely as possible to its original condition, including but not limited to the backfilling of any test pits to grade, and the repair of any damage caused by Grantees, their officers, employees, agents, consultants or contractors, unless expressly waived in writing by Grantors. The Grantors shall have the right, within thirty (30) days of Grantees’ written notice of completion of the Construction Activities, to inspect the Property to ensure Grantees’ compliance with the provisions herein. If upon inspection the Grantors deem that the performance of any additional work is necessary in order to restore and repair any damage or remediate any condition caused pursuant to Grantees, the Grantors may cause such work to be performed and may charge the cost of such work to the Grantees. This paragraph shall be enforceable against the Grantee(s) at all times with regard to both Construction Activities and Maintenance Activities. If the Project, including the required tree planting, re-grading and seeding, is accepted in writing as complete by the Grantors, this Agreement, as it pertains to the completion of the construction of the infrastructure improvements, shall be terminated pursuant to Article 5 herein.

6.18 **Reporting.** Grantees shall promptly provide the Grantors with copies of all reports, testing or sampling data, maps, and other documentation concerning the work performed by the Grantees at the Property for review and acceptance, but in no event later than two (2) weeks after the work has been completed.

6.20 **Compliance with Deeds of Conservation Easement.** Any actions taken by the Grantees in connection with the performance of Construction Activities and/or Maintenance Activities under this Agreement that violate the terms of the Deeds of Conservation Easement shall be corrected by the Grantees to the satisfaction of the Department and the City. However, nothing in this Agreement shall be construed to limit the enforcement of the Deeds of Conservation Easement by the Department or the City.

6.21 **Maintenance of Public Infrastructure Improvements.** Grantees shall be solely responsible for the performance of the Maintenance Activities as set forth herein.

6.22 **Requests for Information.** Grantees shall use reasonable efforts to make themselves available to respond to Grantors’ reasonable requests for information or documentation concerning the Project and related matters.

Any such approval shall be conditioned on Grantees disposing of said vegetation, shrubs and/or trees off of State property and replacing them in a manner that is satisfactory to Grantors. Any trees greater than six inches (6"") dbh to be removed from the Property that are not scheduled for removal as part of the construction of the Project under the Work Plan will be subject to replacement requirements pursuant to N.J.A.C. 7:36-26.10(c). Re: Encroachment into Existing Passaic County Right-of-Way
Borough of Woodland Park, Block: 53 Lot: 15

Dear Members of the Board:

This Office received the attached Encroachment Permit Application, requesting the continuance of existing encroachments at the property at 821 McBride Avenue in the Borough of Woodland Park. The encroachments are detailed below.

The encroaching features consist of the following:

a) Existing Portion of Building and Planter

The Passaic County Planning Board issued a review letter on the site plan No. SP 14-023 on July 10, 2015; one of the comments being that the applicant receive an encroachment permit. This request and the accompanying encroachment plan have been reviewed and recommended for approval by the Public Works Committee at its meeting of August 3, 2015.

Therefore, I recommend that the Board of Chosen Freeholders adopt the necessary Resolution authorizing the establishment of an encroachment as described above at this location, with any restrictions as stipulated above and contained within the Conditions of Approval as noted on the Encroachment Permit Application, and that the Office of County Counsel prepare any necessary Agreements between the County of Passaic and the Owner for these encroachments.

RE: CBS Outdoor LLC
821 McBride Avenue
Block 53, Lot 15
Woodland Park, New Jersey

Dear Mr. Pinto:

This office represents Outfront Media, LLC, formerly known as CBS Outdoor, LLC. (“Outfront”). Pending before the County of Passaic Planning Board is Outfront’s application for site plan approval, County File SP-14-023.

Outfront has made application to the Passaic County Planning Board (the “Board”) for site plan approval to erect a proposed billboard, which billboard will have sign face dimensions of 14 ft. x 50 ft. and a height of 100 feet. The billboard replaces a sign of similar height and sign face area that existed on the adjacent property. The subject site is in the GC (General Commercial) District of the Borough of Woodland Park. The property is owned by Meiry Tabatneck. Outfront received zoning approval for the proposed billboard from the Woodland Park Zoning Board of Adjustment on August 25, 2014.

In connection with its application, the County Board has requested the Outfront seek, inter alia, an encroachment easement from the Board of Chosen Freeholders for the portion of the existing building and connected planter which encroach into the McBride Avenue right-of-way. A copy of the County Board’s letter of July 10, 2015 is annexed hereto. It is Outfront’s understanding that the existing building, including the encroaching portions, has been in its present position since at least 1903. Outfront’s proposed billboard does not create, affect or exacerbate the existing encroachment in any way. It therefore submits that the requirement to seek an easement for the noted long-existing conditions is unnecessary. Without waiver of the foregoing, and should the Board of Chosen Freeholders also deem it necessary, we submit herewith the following:

1. Four (4) signed Encroachment Permit Applications;
2. Four (4) signed and sealed Site Plans, dated December 3, 2013, last revised June 19, 2015, prepared by ENTEC Engineering & Technical Resources, Inc., which plans include photographs of the encroachment in question.

Sincerely,

Re: Site Plan, CBS Outdoor, Block 53, Lot 15, 821 McBride Avenue, Woodland Park (County file # SP-14-023)

Members of the Board,

The above captioned site plan revised June 19, 2015 has been reviewed by the Passaic County Planning Board pursuant to the provisions of the Passaic County Site Plan Resolution.

Approval for this plan has been withheld pending completion in an acceptable manner of the following:

1. Receipt of a quit claim deed for the portion of the lot which is residing within the right-of-way for McBride Avenue. The present width is 33 feet from the centerline of the County road. The deed, Title Policy, NJ form GHT3 and Affidavit of Consideration inducting that no transfer tax is due since the land is being dedicated to a government entity must be submitted to this office for review and filing.

2. Receipt of an encroachment easement from the Board of Chosen Freeholders for the portion of the building and the planter which are encroaching into the McBride Avenue right-of-way.

3. The applicant needs to submit a letter of determination from NJDEP saying no permit is needed. County engineering shows that this is a studied stream. The county also needs an “Outdoor Advertising Permit”, from NJDOT, Form OA-6.

4. Receipt of a payment in the amount of $3,160.00 to the County’s Corridor Enhancement program.

Subsequent submissions must include a cover letter indicating how each of these conditions was addressed along with two paper copies of the revised plans as well as a CD with the plans in PDF format. Plans submitted without a cover letter will be returned without review or comment.

Re: **2015 Pavement Marking Program - Contract Award**

Dear Members of the Board:

Passaic County is a member of the Morris County Cooperative Pricing Council (MCCPC). Denville Line Painting, Inc. was awarded MCCPC contract number 36 for various pavement marking items for 2015. Our office has reviewed the unit prices for the various items, and found them to be competitive with those paid in previous Passaic County pavement marking projects which were publicly bid. Therefore, we wish to award the 2015 Passaic County pavement marking program to Denville Line Painting, Inc., under MCCPC Contract number 36 for the striping of County roads in 2015.

The awarded unit prices are enclosed. **The total estimated cost of the project is $121,443 (cost estimate enclosed).**

This project has been reviewed and recommended for approval at the Public Works Committee meeting of August 3, 2015.

Based upon the above, it is my recommendation that the Board of Chosen Freeholders adopt the necessary Resolution, awarding the contract for the 2015 Pavement Marking Program to Denville Line Painting, Inc., and that the County Counsel be authorized to execute the necessary agreement, subject to the availability of funds.

WHEREAS a professional engineering consultant services agreement was awarded to JCA Associates, Inc. of Clark, New Jersey to assist the County of Passaic with regard to the Replacement of the McBride Avenue Culvert (Structure #1600-094) Over Slippery Rock Brook in the City of Paterson in 2004; and

WHEREAS said T&M Associates was awarded a contract modification by Resolution R-12-271 dated April 26, 2011 in the amount of $88,800.00 plus a contingency of $10,500.00 when it became clear that the said Culvert could not be rehabilitated but needed to be totally replaced as originally planned; and

WHEREAS the Passaic County Engineer by letter dated August 4, 2015 to the Board of Chosen Freeholders of the County of Passaic is recommending that a second contract modification be given to said T&M Associates in the amount of $3,375.00 for additional and multiple shop drawing reviews and $1,625.00 for

RE: Replacement of McBride Avenue Culvert – No. 1600-094
Over Slippery Rock Brook
City of Paterson, Passaic County
CONTRACT MODIFICATION #2

Members of the Board:

Attached for your Approval is Contract Modification #2 to be issued to the Design Consultant, reflecting the additional services required during the Construction phase. The total amount of this additional work is computed to be $5,000.00.

The additional services include multiple (more than 2 times) shop drawing review for the following items: precast culvert, bridge rail, cofferdams, and reinforcement steel. Since this additional effort is due to the Contractor (PM Construction), the Contractor is responsible for this portion of the Contract Modification #2. In PM Constructions Change Order #2-Final, supplemental item SA-6 (Design Consultant Additional Shop Drawing Review) was established to reflect a deduction of $3,375 to cover the additional Consultant costs due to the Contractor.

The Contract Modification #2 also includes $1,625 for the unforeseen field conditions of the variations of the rock elevation, which required modifying the footing design and details. This portion of the Contract Modification #2 is the responsibility of the County.

The total amount of this additional work is computed to be $5,000.00.

The above-mentioned Contract Modification was reviewed and recommended for Approval by the Public Works and Buildings & Grounds Committee at their meeting of August 3, 2015.

The original contract amount was for $118,500, which included rehabilitation for three County structures: McBride Avenue Culvert No. 1600-094 ($38,500); Crosby Avenue Bridge No. 1600-476 ($40,000) over Molly Ann’s Brook in Paterson; and Pompton Road Culvert No. 1600-361 ($40,000) over Gaede Brook in Haledon. The original contract was awarded to JCA Associates, Inc. of Clark, New Jersey. After award of the original contract, JCA Associates was
acquired by T&M Associates of Middletown, New Jersey. T&M Associates is responsible to complete the original contract.

Therefore, I recommend the Board of Chosen Freeholders ADOPT the necessary RESOLUTION to APPROVE this issue CONTRACT MODIFICATION #2 to the Design Consultant, T&M Associates of Middletown, New Jersey in the amount of $5,000 (Five Thousand Dollars and zero cents), which results in an increase to the adjusted Contract amount subject to the availability of funds. The total contract amount up and including the Contract Modification is $222,800.00.

Very truly yours,

Re: Replacement of McBride Avenue Culvert (Structure No. 1600-094)

Additional Work

Dear Mr. Edmond:

As we have previously discussed, the shop drawing review process for this project has been far greater than anticipated. This is due to the extensive resubmittals of several of the shop drawings. We typically anticipate 2 submittals per drawing when developing shop drawing review effort, however, for this project most of the drawings have required resubmittals and review to address our comments. Additionally, several of the resubmitted drawings were completely different from the original submittal and did not address our original comments, requiring a completely reviewing the drawings from scratch. Some of the major items needed multiple reviews include the following:

- Precast culvert – 3 reviews & multiple correspondences – 2 reviews of the drawings and calculations were required in addition to the back-and-forth with the Contractor about the permitting implications of the change in structure shape.
- Bridge Rail – 3 reviews – the second submission was missing sheets and some comments were not addressed.
- Cofferdams – 3 reviews – Original submission was a 1-page sketch. Stability calculations were requested twice.
- Reinforcement Steel – 5 reviews – Notes, dimensions, and bar marks were changed with each resubmission, whether requested or not. Changes were not bubbled or incorrectly bubbled. Not all comments were addressed.

Our shop drawing log is attached that includes all of the submittals processed for this project. Additionally we have spent additional effort addressing unforeseen conditions that required modifying the design of the east and west footings due to variations in the rock elevation.

Introduced on: August 11, 2015
Adopted on: August 11, 2015
Official Resolution#: R20150581
Our original estimate for the construction phase of this project included 131 hours and to date we have spent 171 hours, a variance of 40 hours. Of this 40 hours, 27 hours are attributable to the shop drawing effort and 13 hours for the unforeseen design effort. The additional cost for the shop drawing effort is $3,375 (27 hours x $125/hour), and for the additional engineering effort is $1,625 (13 hours x $125/hour), for a total of $5,000. We respectfully request that the County consider modifying our contract ceiling to account for the additional effort required to expedite the construction phase of the project. We thank you for your consideration of this request, and please feel free to call me at (610) 625-2999 if you would like to discuss our request.

Very truly yours,

Change Order #1 (Add)

Members of the Board:

Attached for your approval is Change Order #1 to be issued to the Contractor, reflecting an increase in the contract amount due to the following:

- During lay out of the project on Macopin Road and Greenwood Lake Turnpike, the Project Manager identified several locations where recurring road damage was taking place caused by water under the roadway. This was in excess of that originally identified by the design engineer. The Project Manager directed additional Underdrains to be installed.

The total amount of the increase is $48,015.00, resulting in a new contract amount of $2,445,290.80.

This matter was discussed with the Public Works and Buildings and Grounds Committee at its meeting of August 3, 2015.

I respectfully request that the Board of Chosen Freeholders ADOPT a RESOLUTION approving Change Order #1 in the amount of +$48,015.00.

Re:  Friends of the Park  
Rea House Roof Replacement Project, Hawthorne, Donation  

Members of the Board:  

The Friends of Park has hired a Contractor, Northeast Roof Maintenance to replace the Rea House Roof from the present asphalt shingles to an historic cedar shake roof. During the replacement of the roof, additional work involving replacement of the roof underlayment, and replacement of soffit and fascia were required. This additional work added an estimated cost of $7,000 to the roof replacement cost.  

The County would like to make a donation of $7,000 to the Friends of the Park to offset the additional roof replacement costs. This matter was discussed at the Public Works Committee of August 3, 2015 and recommended to the full Board.  

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution authorizing a donation of $7,000 from Capital Account C-04-55-113-302-901 to Friends of the Park for the additional work required for the Rea House Roof Replacement.

Change Order #2 (Add)

Members of the Board:

Attached for your approval is Change Order #2 to be issued to the Contractor, reflecting an increase in the contract amount due to the following:

- Subsequent to receiving bids for the project, the Project Management Team decided to substitute undyed concrete for dyed concrete as a cost saving measure. Approximately $98,500 of this change order offsets $113,300 of deduction in Change Order 1.
- The remainder of the items in this change order are as-built quantities due to minor changes in the field.

The total amount of the increase is $117,168.25, resulting in a new contract amount of $699,128.00.

This matter was discussed with the Public Works and Buildings and Grounds Committee at its meeting of August 3, 2015.

I respectfully request that the Board of Chosen Freeholders ADOPT a RESOLUTION approving Change Order #1 in the amount of +$117,168.25.

Very truly yours,

Timothy R. Mettlen, P.E.

Re: FFY14 Victims of Crime Act (VOCA) Victim Assistance Grant Program
County Sexual Assault Response Team/Forensic Nurse Examiner
(SART/FNE) Program
Grant Number: VS-60-14

Dear Prosecutor Valdes:

The New Jersey Division of Criminal Justice (DCJ) is accepting applications for the 2015 County SART/FNE Program under the Victims of Crime Act (VOCA) Grant Program. This year, $1.75M has been allocated for county SART/FNE Programs. The allocation for each county was derived from a formula which includes a base amount plus a graduated increase based on a three-year average of examinations conducted for counties with more than 50 examinations per year.

Your county is offered a federal grant in the amount of $87,783. There is a required match of 20% of the total project cost. If the county applies for the full amount, the required match will be $21,956. The grant period will be October 1, 2015 through September 30, 2016.

All required reports for your previous grant must be current and on file with the State Office of Victim Witness Advocacy (SOVWA) prior to the start of your continuation grant.
An application package will be emailed to Todd Stanley, CPA. The completed application, including the required Freeholder Resolution and grant certifications, should be submitted to the SOVWA by August 28, 2015.

Please contact Connie Schwedes at (609) 984-6765 should you require further assistance.

Dear Sir,

The following list of vehicles has been legally impounded by the Passaic County Sheriff’s Office. Proper notification has been given to the last known owner and the vehicles remain unclaimed for more than 20 days. N.J.S.A 39:10A-3 states that a public agency may request a junk title certificate through the New Jersey Division of Motor vehicles if the vehicle is incapable of being operated safely or of being put in a safe operational condition except at a cost in excess of the value of said vehicle. All required notifications and a physical inspection was made of said vehicles. I respectfully request a resolution by the Passaic County Board of Chosen Freeholders to obtain junk title certificates in the name of Passaic County.

Respectfully,

AGREEMENT

Article One: Scope of Services

1.01 PCWC shall accept reports via telephone (also known as a hotline”) of alleged sexual abuse and sexual harassment from inmates housed in the Passaic County Jail or any of its satellite facilities for which persons remain in the custody of the Passaic County Sheriff.

1.02 The PCSO PREA Coordinator or Passaic County Jail Administrator may request, in writing or via electronic mail, that PCWC further act on allegations of sexual abuse or sexual harassment from inmates via regular mail. When this option is fully exercised at the discretion of PCWC, notification to PCSO by PCWC regarding reported incidents shall be the same as those outlined in Article 1, Section 1.04. Unless specifically requested by an inmate during the written communication, allegations received by PCWC through regular mail shall not be granted anonymity except where it is expressly written.

1.03 The nature of the communication between an inmate and PCWC employees through the hotline may remain confidential unless the inmate provides consent to have their name and/or incident or any information involving others, disclosed to PCSO personnel by PCWC employees. PCWC shall at a minimum, ask the inmate during the communication if any or all portions of the conversation can be forwarded to PCSO personnel or should remain completely confidential.

1.04 PCWC shall immediately forward all reported allegations of sexual abuse or sexual harassment or alleged imminent sexual abuse, to the PCSO’s Professional Standards Division by calling 973-881-4626 during normal business hours which is ordinarily between 7am-5pm. If an attempt at reaching a staff member at the 973-881-4626 phone number fails and or, voicemail is activated, PCWC shall not leave a voice message and shall then immediately call the Passaic County Jail’s Central Control at 973-881-2400 and forward the communication to the jail’s Tour Commander or any staff member answering the phone. If a reported conversation will be confidential in part or in whole, PCWC shall communicate to PCSO any information that was consented to be reported; however, if the entire communication remains confidential, PCWC shall report to PCSO that they received a telephone call reporting an alleged sexual abuse or harassment incident that was sexual in nature.
1.05 PCWC shall provide intervention services to individual inmates via telephone whenever an incident is reported through the hotline. PCWC may also provide an inmate(s) with contact information for other available support services when and if requested.

1.06 PCWC shall report all incidents of sexual abuse involving Passaic County Jail inmates to local law enforcement authorities when required to do so by the laws of the state of New Jersey.

1.07 If feasible, PCWC shall attempt to assist an inmate during a telephone conversation when a language barrier exists whether via a language service or some other method.

1.08 PCWC shall staff a hotline 24 hours per day, 365 days per year. If for any reason the hotline cannot be staffed continuously, PCWC shall notify PCSO’s PREA Coordinator via telephone at 973-881-2400. PCWC shall also attempt to notify the PREA Coordinator via email with the email address they have on file.

1.09 PCWC may dispatch an advocate to an area hospital to accompany a Forensic Nurse Examiner when directed to do so by the Passaic County Sexual Assault Response Team Coordinator to provide emotional support services to an inmate during a forensic medical examination.

1.10 PCWC shall communicate with the PCSO PREA Coordinator at least monthly to facilitate and assess the Agreement. PCWC shall also provide statistics with the number of callers each month.

**Article Two: Personnel**

2.01 PCWC represents that it presently has or is able to obtain, adequate qualified personnel in its employment for the timely performance of the Scope of Services required.

2.02 All employees of PCWC shall have such knowledge and experience that will enable them to assist inmates during a received telephone call in accordance with the policies and procedures of PCWC and any community level of care.

**Article Three: Compensation**

3.01 PCWC agrees to provide services at no cost to PCSO.

**Article Four: Modifications and Termination**

4.01 The parties agree to not amend this MOU except by written agreement executed and signed by a representative of both parties. A representative of PCSO will include the PREA Coordinator or Passaic County Jail Administrator.
4.02 This MOU may be terminated, without cause, by either of the parties with no less than thirty (30) calendar days written notice. Re: Letter Extension to Agreement to Provide Inpatient and Outpatient Hospital Care for Certain Passaic County Jail Inmates, dated May 20, 2015 and Underlying Agreement ("Agreement")

To whom it may concern:

Reference is made to the above described Agreement. East Orange General Hospital, Inc. ("EOGH") and its affiliates have entered into an Asset Purchase Agreement under which substantially all the assets of EOGH will be acquired by Prospect EOGH, Inc. The anticipated closing date for this asset purchase is expected to occur on or around September 1, 2015 (the "Closing").

Pursuant to the terms of the Agreement, your consent is required for the assignment of the Agreement to Prospect EOGH, and EOGH by this letter requests such consent to such assignment, effective on the Closing. We will notify you in writing when the actual Closing occurs. To the extent that the Agreement is confidential or proprietary, EOGH requests to share the Agreement with Prospect EOGH as of the date hereof in order to facilitate uninterrupted performance under the Agreement by Prospect EOGH as of the Closing. For the avoidance of doubt, you hereby confirm that the asset purchase described above will not cause any breach or default under the Agreement on the part of EOGH or Prospect EOGH.

Enclosed is a duplicate copy of this letter. Please sign both copies of this letter where indicated and return one fully executed copy back to us in the envelope provided, keeping the other original for your files.

If you have any questions concerning the foregoing or require any further information, please contact Jonathan A. Keller at (973) 266-4405 or at kellerj@evh.org.

**Purpose of the Appraisal**

The purpose of this assignment is to provide the County of Passaic with an estimate of the fee simple market value of the properties listed above, to aid the County of Passaic in the acquisition of these properties. This valuation assignment will estimate the value of the land, at its Highest and Best Use, in its "as is" condition, and the value of the improved property in its "as is" condition, as of the date of inspection.

**Scope of Work**

By acceptance of this assignment, we are acknowledging that we have the experience and knowledge to complete the assignment competently, in accordance with the competency provision in USPAP.

The value estimate will reflect our opinion of the market value of the subject properties. The market value estimates are of the fee simple estate.

Prior to commencement of the assignment, the property owner will be notified in writing by certified mail, return receipt requested, offering them the opportunity to accompany us during the on-site inspection of the property. After an inspection of the subject property and the neighborhood, we will prepare an appraisal of the property and report our estimate of market value using our narrative summary format. The appraisal will consider those approaches to value appropriate for the type of assignment; namely, the Sales Comparison, also referred to as the Market Data Approach, and the Cost Approach. The Income Approach to value may not be appropriate and may not be used in the final valuation for this assignment. This is not considered a departure from recognized valuation methodology according to the Uniform Standards of Professional Appraisal Practice.

The appraisal and report will be prepared in compliance with Standard 2.2(a) of the 2014-2015 Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation and the Appraisal Institute, the Professional Code of Ethics of the Appraisal Institute and the Green Acres appraisal guidelines. The appraisal will adequately identify the real estate and property interests to be appraised. The purpose and the intended use of the appraisal will be considered, as well as the effect on use and value of existing land use regulations and any reasonable and probable modifications of the land use regulations.

The economic demand, physical adaptability of the real estate, the neighborhood trends and the Highest and Best Use will be analyzed and reported. The valuation process will include the collecting, verifying and analyzing of physical, functional and external market factors that may affect the value of the properties under appraisal.

July 17, 2015

The scope of the work will include, but not be limited to, meeting with the property owner or their representatives to inspect the subject property. The project maps prepared for the County of Passaic will be studied. The neighborhood will be evaluated and data gathered regarding state, county and local demographics and local area data. The Woodland Park Zoning ordinance, master plan and other mapped data, as well as the USGS and NJDEP prepared flood hazard and wetlands data, and the NJ Highlands maps and data, will be analyzed.

We will research the local real estate market for comparable data. This involves seeking sales of similar tracts and similar improved properties in Woodland Park Borough and other nearby communities. Comparable real property sales will be collected from sources including, but not limited to, the local multiple listing service, Costar comparable data service, First American Corelogic data service, and the County Board of Taxation's SR-1A reports. Sales will be verified adequately and commensurate with the purpose of the assignment and analyzed. All data will be analyzed and conclusions as to market value will be based on our analysis of what might be expected in the local market for the subject properties, as of the value date.

If the Cost Approach is used, the Marshall and Swift, the NJ Tax Assessors Manual or similar service will be utilized to estimate the replacement cost of any improvements. The valuation estimate will assume that municipal, county, state and/or federal regulations under which the property or the current use might be governed are in compliance and that there are no environmental problems or issues that affect the value, except, if applicable, the presence and effect of the Highlands Preservation Act, wetlands and transition buffers, soil conditions and flood hazard zones.

Extraordinary Assumptions

An extraordinary assumption is an assumption that is specific to this particular appraisal assignment, which, if found to be false, could alter the appraiser’s opinions or conclusions. Extraordinary assumptions are made so as to bring clarity to the opinion of value and to make the conclusions more meaningful. The appraisal may mention other assumptions, either general or specific to this assignment, throughout the report. For this assignment no extraordinary assumptions will be made, unless based on an independent professional NRE report that might be prepared for and provided by the County of Passaic.

Hypothetical Conditions

A hypothetical condition is one which is contrary to what actually exists, but is supposed for the purposes of analysis. These conditions could be with regard to physical, legal or economic characteristics of the Subject Property; or about conditions external to the property. Typically a hypothetical condition may be presented to the appraiser by the client for the purposes of specificity of value or may be utilized by the appraiser for illustrative purposes. For this appraisal, no hypothetical conditions will be assumed unless reported by an independent professional whose NRE report will be prepared for and provided by the County of Passaic prior to commencement of the assignment.

Intended User and Intended Use

The appraisal and report will be prepared for the County of Passaic as the intended user and it will be for the County of Passaic's sole and exclusive use in estimating market value for the purposes outlined herein. By acceptance of this proposal, the County of Passaic agrees to obtain written authorization from us before using the analyses or the written report for any other use or purpose other than to aid in establishing the market value of the property for the proposed acquisition, which is the intended use of the appraisal, or before releasing the analyses or report for any other use, or before releasing the analyses or report to any other party or parties, except as required by law, or to parties with an equitable interest in the property, or to municipal, county or state officials, or any Federal and/or State agencies or courts involved with or reviewing this matter. It is specifically understood that the appraisal will not be utilized for sale brochures or marketing, tax assessment appeals or mortgage lending or underwriting purposes.

The possession of the appraisal report, or any copy or portion thereof, by any representative of the client or any third party does not include or confer any rights of publication or redistribution of the report other than to such persons or entities identified in this agreement who shall be advised in writing of Harry L. Schwarz & Co's rights under this agreement prior to their receipt of the appraisal report. All rights, title and interest in any data gathered in the course of preparing the appraisals and reports, excluding any data furnished by or on the client's behalf, and the content of the report prepared pursuant to this agreement shall be vested in Harry L. Schwarz & Co.

Subject to the foregoing, the representatives of the client shall have the right to possess a copy of the report and to disclose the conclusions to the client's attorneys, accountants or other professional advisors as related to the property that is the object of this assignment, provided that such attorneys, accountants or advisors are advised in writing of Harry L. Schwarz & Co's rights under this agreement prior to receipt of the appraisal report.

The completion date can only be met if we receive any relevant information needed for the preparation of the appraisal in a timely manner; including, if available, surveys, wetlands, flood maps and environmental data, and engineering studies, and, if appropriate, a detailed 3-year history of the property's income and expenses and copies of all current or existing leases.

The foregoing estimated date of delivery or completion schedule does not constitute a guarantee that the assignment will be completed within such time periods; however, we will use commercially reasonable efforts to complete the assignment on or before the date of delivery or pursuant to the completion schedule. In the event we are unable to complete the assignment within the time set forth herein, we will provide the client's representatives with reasonable notice of any anticipated delays, and will in good faith agree with you upon an alternative date of delivery or completion schedule.

RE: Passaic County FY2013 Community Development (CDBG) Award

Dear Ms. Hoffman:

In October of 2013, the Passaic County Board of Chosen Freeholders graciously awarded a FY2013 Passaic County CDBG to the Borough of Woodland Park (Borough) in the amount of $198,000 to support the installation of ADA curb ramps in over 70 locations within the Borough.

On August 29, 2014, the Borough through its Engineer, Alaimo Group, released a bid for the installation of the ADA curb ramps with a return date of September 17, 2014. The lowest responsive/responsible bidder, AJM Corporation, bid the price of $152,912.00. The estimated total final cost for the ADA ramp installation under this bid is $146,224.00, leaving an anticipated unexpended balance of $51,776.00 in the grant.

In October of 2014, the Borough petitioned the Board of Chosen Freeholders to reprogram funds in the amount of $38,000.00 to allow the Borough to demolish the house located at 8 West 35th Street, a vacant structure that had been declared a health and safety hazard by the Borough’s Code Enforcement Officer. Approval was received to reprogram the requested amount.

Before the structure could be demolished the current owner entered into a contract for sale and made all of the necessary improvements to make the structure habitable. Thus, demolition of the house was no longer required and none of the $38,000.00 CDBG funds were expended.

At this time the Mayor and Council of the Borough of Woodland Park requests that all unexpended funds ($51,776.00) from the FY2013 Grant Award to the Borough be reallocated to the Borough’s FY2015 CDBG award for the repaving of Ray and Radcliffe Avenues.

If you have any questions regarding this request, please feel free to contact me.

Sincerely,

Kevin Galland

Dear Ms. Hoffman:

The CDBG grant of $20,000.00 is a great help in providing services to the Up County clients. Our actual expenses have exceeded the grant amount by $2,108.45 as of June 30, 2015. There is two more months prior to the end of the contract on August 31, 2015.

If there are any excess funds available, it would be a great help to the program if an additional $5,000.00 can be obtained for this contract period.

Enclosed are expense reports for the period of February through June of 2015.

Thank you for your kind consideration in this matter.

County of Passaic
Department of Economic Development
930 Riverview Drive, Suite 250
Totowa, NJ 07512

Dear Ms. Hoffman:

The CDBG grant of $20,000.00 is a great help in providing services to the Up County clients. Our actual expenses have exceeded the grant amount by $2,108.45 as of June 30, 2015. There is two more months prior to the end of the contract on August 31, 2015.

If there are any excess funds available, it would be a great help to the program if an additional $5,000.00 can be obtained for this contract period.

Enclosed are expense reports for the period of February through June of 2015.

Thank you for your kind consideration in this matter.

Sincerely,

Diane Silbernagel

Re: Medical Plan Administration Renewal

Dear Tony:

As discussed on Thursday at the Insurance Committee meeting, after thorough review, it is Brown and Brown's recommendation that the County renew the Medical Administrative Services contract with Horizon Blue Cross Blue Shield of New Jersey effective September 1, 2012.

The Horizon BCBSNJ proposed contract will continue to provide employees and retirees medical benefit administration pursuant to current collective bargaining contracts. Horizon has agreed to hold the current fee of $28.98 PEPM for the next 3 plan years. Analysis also indicates that the Horizon proposal offers the County and its employees/retirees access to the broadest and most cost effective provider network. Horizon BCBSNJ has a proven track record of providing quality account management services to the County and also has demonstrated a keen understanding of the unique challenges in administering a New Jersey public entity benefit plan.

Recognizing the importance wellness plays in the modern healthcare benefit program, Horizon has agreed to implement a comprehensive wellness program for all County employees that includes onsite biometric screenings, wellness coaching and counseling as well as multiple online tools to help maintain a healthy lifestyle. Also a chronic disease management program will be implemented as well. This program is aimed at helping those employees/dependents with chronic conditions such as asthma, diabetes, obesity, C.O.P.D., multiple sclerosis etc. better manage their health conditions and remain compliant in their treatment protocols. As the County's medical spend approaches $40 million annually it is critical that every effort is made to keep employees healthy and complaint with their care and avoid more costly future catastrophic episodes. Both of these programs are offered at no additional cost to the County.

As in the past, this proposal should be accepted by the Freeholders as soon as possible to allow for Horizon Blue Cross Blue Shield of NJ to implement the new pricing structure before September 1. Re: County of Passaic
Stop Loss Insurance Coverage

Dear Tony,

The Passaic County Procurement Center released a request for proposal to administer Individual Stop Loss Insurance for the Self-Insured Medical and Pharmacy programs at Passaic County. Unfortunately, there was only one responder to this request. The lone submission, HM Life Insurance Company (HM Life), requested an increase of +16% or an additional $26,115 monthly.

In order to align the stop loss coverage with the anticipated migration of the medical and pharmacy plans to a calendar year renewal, Brown & Brown negotiated with HM Life to provide a 16 month quote. The 16 month quote will allow the County of Passaic to retain stop loss coverage from September 1, 2015 through December 31, 2016.

HM Life was able to provide a 16 month rate offer at an increase of +17.49% or an additional $28,580 monthly. This was calculated based on updated claims experience and increasing the current stop loss liability from $300,000 to $350,000. The new renewal offers are as follows:

Stop Loss Insurance Coverage

If the County accepts the 16 month renewal offer HM Life will agree to allow the County to reduce the $350,000 individual stop loss level back to the 2015 level of $300,000 on January 01, 2017. They do reserve the right to evaluate any active high claimants at that time and may impose a separate stop loss level for those members.

Based on the above information, it is Brown & Brown’s recommendation to renew the stop loss insurance with HM Life Insurance Company for a 16 month contract at a $350,000 stop loss level. The total cost to the County is calculated at $3,071,460 ($191,966.00 X 16 months) or an increase of 17.49%.
