Mr. Martinez resides in Paterson, and I believe the intention is for him to replace the City's current representative on the Open Space Committee. I do not know offhand whether terms are granted and, if so, whether they are expired. I would appreciate it if you could put this resolution together since you are familiar with that committee. I am copying Lari on this message to advise her of the need for a resolution. I have Mr. Martinez's resume and will get a copy to Lari.

The National Association of County and City Health Officials (NACCHO) is pleased to inform you that your application for a 2014-2015 MRC Capacity Building Award (CBA) was approved for $3,500.00.

By accepting the CBA funding, you are agreeing to:

1. Complete the MRC Award Application Satisfaction Survey by Friday, January 30, 2015.
2. Use your CBA funds as described in your award application and approved budget. Ensure that your budget is expended in accordance with all applicable guidelines, laws, and executive orders. Monies under this award shall not be used for food or beverages, incentives/give-away/swag or promotional items.
3. Update your unit’s profile on the Division of Civilian Volunteer Medical Reserve Corps (DCVMRRC) website, www.medicalreservecorps.gov, (including contact information, volunteer numbers, unit activities, and additional unit information) quarterly in alignment with the Federal fiscal calendar (Q1: October 1 – December 31, Q2: January 1 – March 31, Q3: April 1 – June 30 and Q4: July 1 – September 30).
4. Participate in a Technical Assistance (TA) Assessment, when requested to do so by an MRC Regional Coordinator.
5. Use CBA funds only for approved MRC-related activities that assist in the development of the unit’s capacity and sustainability and/or promote community resiliency as specified in the funding application. If future changes are required you are to submit proposed budget modifications to NACCHO for approval. Include your budget as it was submitted, an explanation of where you are moving money from/to and a date by which you will execute the work as you have proposed in your revision.
6. Participate in special MRC projects (e.g., Network Profile Study, evaluations, surveys, etc.), when requested to do so by NACCHO.
Please see http://mrcnaccho.org
for guidance on using the CBA funding. Please keep in mind that:

- CBA funding must be spent according to the budget description and line item budget submitted with your signed contracts. Any changes to your proposed budget must be approved by NACCHO first. All budget modification requests must be emailed to mrc@naccho.org. You should submit a copy of your approved budget, a narrative with a brief explanation of where you are moving monies from/to and a justification for doing so. We strongly recommend you use the “read receipt” feature through your email client and keep copies of all communications in your funding file.

- CBA funding is an award and not a grant. Therefore there is no official deadline for spending down the funds; however, NACCHO strongly advises that MRC unit should plan to spend down CBA funds within one calendar year of receipt and in accordance with your CBA application. Funds that are carried over from year to year are subject to the most current federal guidance and may require budget modifications to accommodate for changes.

We look forward to your execution of the capacity building activities presented in your application. We strongly recommend that you capture information on how your CBA activities translate into building your unit’s capacity or enhancing your community’s resiliency through quantifiable metrics and measures and report the information quarterly as required to the DCVMRC. If you have any questions, please contact NACCHO MRC staff at mrc@naccho.org.

Thank you for your support and commitment to the Medical Reserve Corps mission.

Sincerely,

Deborah Hoffman Biography

December 2014

Deborah Hoffman is currently the Director of the Division of Economic Development, Department of Planning and Economic Development for the County of Passaic. In this role she provides direct technical support and assistance to companies seeking to relocate to or expand in the County of Passaic. Services include real estate identification, assistance in securing loans and lines of credit, and information on business incentives and public programs that support business development. Since 2000, Ms. Hoffman has facilitated and secured over $1.6 billion in financing and incentives for Passaic County companies; held 78 business seminars and secured grants totaling $20,729,171.

In addition, she is in the process of developing a Comprehensive Economic Development Strategy for the County, promotes the redevelopment of brownfield sites through a $400,000 grant from the US Environmental Protection Agency and is responsible for the activities of the Passaic County Brownfields Commission. Ms. Hoffman is also responsible for the activities of the Passaic County Film Commission and sponsors the annual Passaic County Film Festival and promotes and supports filming activities in Passaic County. The 11th annual Film Festival will be held on April 25, 2016.

Ms. Hoffman also manages the Passaic County Community Development Block Grant Program, as funded through HUD, which provides approximately $1 million in grants to municipalities and not-for-profit organizations each year. In addition, Ms. Hoffman manages the $11.8 million Community Development Block Grant Disaster Recovery Program. This grant funding addresses damages caused by Hurricane Irene and includes facility repair and housing acquisition in nine Passaic County municipalities.

Marketing publications include: Passaic County Business Directory, the Passaic County New Jersey Film Production Resource Guide, NJ BIZ promotional inserts, and direct mail marketing programs to encourage companies to locate in the County.

Prior to her position with Passaic County, Ms. Hoffman was Executive Director of the Paterson Economic Development Corporation for eight years and Senior Vice President of the Brooklyn Economic Development Corporation for nine years.

Ms. Hoffman possesses a Masters in Urban Planning and a Bachelor of Arts from New York University. She was president of the Economic Development Association of New Jersey in 2005; and is currently Vice President of Downtown New Jersey; treasurer of Memorial Day Nursery, a member of the board of the Regional Plan Association of New Jersey, the North Jersey Chamber of Commerce, the Passaic County Community College Foundation, and a member of the Advisory Board of Paterson Habitat for Humanity.
Pamela L. Owen, Esq. was appointed as Director of Human Services within the County of Passaic, in 2003 by the Board of Chosen Freeholders. She was charged with the responsibility of managing millions in grants that are necessary to plan, develop and support an organized network of critical services for county residents, who are in need of social services and reside within the 16 municipalities of Passaic County.

Pamela grew up in City of Paterson where her father was a successful small business owner. At a very early age she acknowledged the importance of investing in her own community by becoming apart of the family business. Pamela began working with her father at the tender age of 10 and quickly became known as the “Boss Lady”.

Pamela graduated from Seton Hall University School of Law with her Juris Doctor and was honored as the “Best Oralist” in the Appellate Advocacy Program. Pamela also received her Master’s of Business Administration from Farleigh Dickinson University (dual major, Marketing/Management); Bachelor’s at Upsala College (Marketing/Management) and attended Paterson Catholic Regional High School.

As a student at Farleigh Dickinson University she voluntarily served in Prison Ministry in the Passaic County Jail. Later, she proceeded to serve in the outskirts of New Jersey at the Abyssinian Baptist Church in New York as the Prison Ministry Coordinator. At the Passaic County Jail, Pamela coordinated programs with the Jail Chaplains, tutored both female and male inmates, worked with various non-profit organizations and church groups, as well as lectured on the “Bill of Rights” and other constitutional topics. As the Abyssinian Coordinator, Pamela was afforded the opportunity to work with the current Governor of New York State, David Patterson and other elite politicians, to address the conditions at New York State Jail and Prison facilities. Pamela began her career as a Criminal Law Clerk, Sports Attorney, Senior Criminal Defense Trial Attorney, Assistant County Counsel at The Office of the Essex County Counsel and then currently as the Director of Human Services.

Pamela has always had a passion for the “people”, however, her love for civil rights subsequently lead her to dedicate eight years at The Legal Aid Society in Brooklyn, New York, where she endeavored to primarily attend to the social justice issues of her clients and then their legal matters. Pamela resolved approximately 75% of her cases with social care/non-jail pleas. Most of her clients were indigent and suffered from many of the issues that she challenges on a daily basis as the Human Services Director; homelessness, substance abuse addiction, unemployment, mental illness, domestic and child abuse, to name just a few.
Pamela was admitted into the New Jersey, New York, and Pennsylvania Bar, along with the United States District Court of New Jersey and New York (Southern and Eastern) in 1994.

Within the community, Pamela continues to serve by participating in Charity Golf Tournaments and supporting organizations such as the NAACP, Habitat for Humanities, American Civil Liberties Union, Paterson Rotary Club, Memorial Sloan-Kettering Cancer Center, American Red Cross, and The Leukemia and Lymphoma Society, Northern New Jersey Chapter.

As the Human Services Director, Pamela has restructured the Department's role in the community by creating and implementing new programs. Under Pamela's tenor, the County initiated and funded, the first 2-1-1, 24 hour homeless hotline assistance in the State of New Jersey. Homeless residents in Passaic County can now simply dial, 2-1-1 and receive either shelter or hotel placement, regardless of the time of day. Under Pamela, the County was one of the first to organize a County-wide "Point in Time" survey and establish an Inter Agency Council on Homelessness in the State. The PCICCH has been quite successful in obtaining funding from HUD to assist the lack of housing in the County. Additionally, under Pamela's leadership and guidance, the PCICCH just successfully completed its, "10 Year Plan to End Homelessness." This document lays out the County's plan to reduce the chronically homeless population and will support future HUD funding requests. Other achievements by Pamela include the creation of a Community Outreach Division to assist residents in a multiplicity of areas. Such as, employment/vocational job training, computer training, youth mentoring programs, grants, faith based initiatives, affordable housing workshops, family parenting and a host of free community activities. Pamela has also collaborated with a variety of community groups, corporations, local chambers of commerce, churches, advisory boards, unions, schools, state officials, municipal leaders and national organizations to ensure that Passaic County continues to be a thriving community.

In 2007, Pamela L. Owen Esq. is aspiring to further develop community boards such as HSAC, CEAS and COC while keeping a strong focus on supporting the housing effort for the disabled mentally ill population. Pamela is also looking to form an additional substance abuse center for young women and an after school adolescent center.

Pamela is a member of the Abyssinian Baptist Church, where until present responsibilities, served on the Scholarship Committee, the National Baptist Women and as a Church User. Pamela is a huge cat lover and an avid sports fan that enjoys playing tennis and golf. Other hobbies include reading mysteries and listening to music. Pamela is a life long resident of Passaic County and currently resides in the Township of Little Falls.

Change Order #6 (Add)

Members of the Board:

Attached for your approval is Change Order #6 to be issued to the Contractor, reflecting an increase in the contract amount due to:

Change Order #2 (Add)

Members of the Board:

Attached for your approval is Change Order #2 to be issued to the Contractor, reflecting an increase in the contract amount due to the following:

- Increased Traffic Control resulting from unanticipated quantities of Road Iron work in Main Avenue, Passaic, Market Street and 5th Avenue, Paterson

- Discovery of an underground vault on Broadway in Passaic, requiring special construction techniques during handicap ramp construction.

The total amount of the increase is $392,674.72, resulting in a new contract amount of $4,463,984.70.

This change order also includes a time extension of 243 days as Main Avenue, Passaic must be done in conjunction with the Main Ave. Safety Project, scheduled to begin in the spring of 2015.

1. DESCRIPTION AND VALUE OF CHANGE (Con't)

ADD TO THE AMOUNT OF CONTRACT ................................................................. $392,874.72

ORIGINAL DATE FOR COMPLETION ................................................................. November 30, 2014

ADD TO OR DEDUCT FROM - THE PRESENT CONTRACT TIME .................................. 243 Calendar Days

NEW DATE FOR COMPLETION IS ................................................................. July 31, 2015

Introduced on: February 24, 2015
Adopted on: February 24, 2015
Official Resolution #: R20150143
2. REASON FOR CHANGE:
   
   **Items 9 & 10**
   Additional Traffic control support of extensive road work on Main Ave, Passaic & 5th Ave, Paterson, as well as the drainage work at the County Complex.

   **Items 26, 32, 33, 35, 37, 49, 50, 62, 68, 69, 76, 77, 82, 83**
   Road iron work on Main Ave, Passaic, 5th Ave, Paterson, as well as other locations was greatly underestimated due to the age and condition of the non-standard castings.

   **Items 43 & 45**
   Additional reinforced concrete was required on large areas of Handicap Ramp work along Main Ave, Passaic, 5th Ave, and around the County Complex. 6” reinforced concrete was also used in areas around the County Complex where additional vegetated areas were removed and replaced with concrete. 6” reinforced concrete was substituted for 6” concrete in many locations due to a disparity in bid prices. Additional quantities of Detectable Warning surfaces were required in the same locations as the additional Handicap Ramps.

   **Items S-1 & S-2**
   Work around the County Complex. Twin 12” Ductile Iron Pipe was substituted for 15” RCP in an area with tight utility conflicts. DGA was used to repair the municipal roadbed to provide a stable foundation for paving.

   **Items S-3, S-4, S-5**
   The sidewalk above an underground vault had to be sawcut in order to install Federally required handicap ramps. A reoccurring flooding condition existed at the intersection of East Main and North Street. A regularly reoccurring flooding condition along Main Ave in Passaic was repaired by extending the underground system.

   **Time Extension**
   Time Extension of 243 Days until July 31, 2015 is justified as completion of this project is dependent on the Main Ave Safety Project in Passaic.

Members of the Board:

The County of Passaic received unit price bids for Construction & Geotechnical On-Call Testing Services on January 30, 2015. The purpose of these bids was to establish a pool of qualified testing companies with established Unit Prices for a period of 2 years. Passaic County will make project-specific agreements one or more of these companies based on proposals based on methodology and these established unit prices.

Assignments will be paid under the budgets of the specific projects, with a purchase order or resolution as appropriate. The period of the agreement will be March 1, 2015 through February 28, 2017.

A total of 7 qualified bids were received (Unit Price tabulation is attached):

- Pennoni Associates, 106 Fieldcrest Ave, Suite 502, Edison, NJ 08837
- Converse Consultants, 622 Route 10W, Suite 10, Whippany, NJ 07981
- Tectonic Engineering & Surveying Consultants, P.C., 830 Morris Tumpke, 2nd Floor, Short Hills, NJ 07078

- French & Parello Associates, 1800 Route 34, Suite 101, Wall, NJ 07719
- GZA GeoEnvironmental, Inc., 55 Lane Road, Suite 407, Fairfield, NJ 07004

This bid was reviewed and recommended for Approval by the Public Works Committee at their meeting of February 9, 2015. We respectfully recommend that the Board approve agreements with each of these companies for the purpose of establishing unit prices for testing services for a period of 2 years.

Very truly yours,

Re: NJDOT Project
Rt. 46/3 Valley Notch Road
Parcel 94-State of New Jersey

Mr. Giovin,

Please accept this letter as acknowledgment that the New Jersey Department of Transportation will not sell the land or interests designated above as Parcel 94, to private interests. The land in question will become part of the public Right-of-Way, and it will be used to situate both a portion of the new Route 46 EB exit ramp to Clove Road and a storm water management basin. Based on the use of this property for the Route 3, Route 46, Valley Road & Notch/Rifle Camp Road Interchange Project, it would not be possible for the State to sell it to private interests.

Please contact me at (973) 601-6744 should you have any further concerns.

On behalf of the NJDOT and Right of Way North, we thank you for cooperating on this matter.

Dear Ms. Chacon:

Re: Appraisal & Appraisal Review
The Harry Van Riper Property
Borough of Bloomingdale
Passaic County, New Jersey

The purpose of this letter is to finalize the appraisal and the review appraisal process for the referenced property. After further discussions with Donald J. Helmstetter, MAI, SCGREA, I am concurring with the Helmstetter estimate of the market value of a permanent drainage easement and a temporary construction easement to be acquired by Passaic County on the property. In our opinion, the value of the taking and damages to the remainder, which is the just compensation due the property owner, is $17,000.

We hope this finalizes this matter. If you have any questions, please don't hesitate to contact us.

Very truly yours,

Robert G. Schwarz, MAI

Mutualink Description

Mutualink is a web-based interoperable system that allows public safety agencies (Police, Fire, and EMS) to simultaneously send voice, video, text, radio, and file sharing across a secure internet connection. Mutualink, will not only help with interoperable communication between disparate frequencies but also facilitates a command and control environment for first responders and incident commanders. The system connects various agencies in Passaic County including Police, Fire, EMS, Health, William Paterson University, Montclair State University, Passaic County Community College, and Passaic County Technical school. Currently, the Passaic County Prosecutor’s Office and Passaic County OEM are utilizing this same technology, as well as counterparts in other UASI counties. The equipment can additionally support ongoing initiatives such as response to critical infrastructure or schools during incidents such as Active Shooter Situations.

$60,000 Maintenance
The funding utilized here provides maintenance for previously purchased homeland security Mutualink systems to include the following agencies:
Passaic County OEM, Passaic County Prosecutor’s Office, Passaic County Sheriff’s Department, Bloomingdale, Clifton PD/FD, Haledon, Hawthorne, Little Falls, Montclair State University, North Haledon, Passaic PD, Passaic FD, Paterson PD, Paterson FD, Pompton Lakes, Ringwood, Totowa, Wanaque, Wayne, West Milford, Woodland Park, William Paterson University, Passaic County Technical HS, Passaic County Community, and Passaic County Health.

$112,629.14 - Additional Equipment Portable and Base System
The funding utilized here provides for the purchase and deployment of (2) portable Mutualink Systems. These portable units allow for operation of Mutualink at on scene command posts or during incidents for on scene command and control. These systems integrate and work with the existing Mutualink systems installed. For example, the Fire Departments would be able to setup the Mutualink Portable system to coordinate and allow for interoperability among responding Mutual Aid units from an on scene Command Post without having to relay back to dispatch facility, additionally video could be shared from on scene back to a headquarters or Emergency Operations Center. The units will be assigned for use by Passaic County Sheriff’s Department, Passaic County OEM and the Fire Department Mutual Aid (specific department to be chosen via the Fire Coordinator). These units will assist all Police, Fire, EMS & OEM within the County. Additionally, 2 workstation base units will be purchased under this funding. One unit will be assigned to the Little Falls FD Dispatch, as they were unable to be included in initial funding because of financial constraints. The second unit will be assigned to an agency within the county to continue the build out of the system such as the Passaic County Sheriff’s Department Command Post Vehicle.

**Exhibit B SUPPORT PLAN**

This Support Plan is a Statement of Work that provides a description of the support to be performed.

1. **Services Provided.** The Services provided are based on the Severity Levels as defined herein. Each Severity Level defines the actions that will be taken by Seller for Response Time, Target Resolution Time, and Resolution Procedure for reported errors. Because of the urgency involved, Response Times for Severity Levels 1 and 2 are based upon voice contact by Customer, as opposed to written contact by facsimile or letter. Resolution Procedures are based upon Seller’s procedures for Service as described below.

<table>
<thead>
<tr>
<th>SEVERITY LEVEL</th>
<th>DEFINITION</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Total System Failure - occurs when the System is not functioning and there is no workaround; such as a Central Server is down or when the workflow of an entire agency is not functioning.</td>
</tr>
<tr>
<td>2</td>
<td>Critical Failure - Critical process failure occurs when a crucial element in the System that does not prohibit continuance of basic operations is not functioning and there is usually no suitable workaround. Note that this may not be applicable to intermittent problems.</td>
</tr>
<tr>
<td>3</td>
<td>Non-Critical Failure - Non-Critical part or component failure occurs when a System component is not functioning, but the System is still usable for its intended purpose, or there is a reasonable workaround.</td>
</tr>
<tr>
<td>4</td>
<td>Inconvenience - An Inconvenience occurs when System causes a minor disruption in the way tasks are performed but does not stop workflow.</td>
</tr>
<tr>
<td>5</td>
<td>Customer request for an enhancement to System functionality is the responsibility of Seller’s Product Management.</td>
</tr>
</tbody>

<table>

<th>RESPONSE TIME</th>
<th>TARGET RESOLUTION TIME</th>

<td>Resolve within 24 hours of initial notification</td>
</tr>
<tr>
<td>Telephone response within 3 Standard Business Hours of initial voice notification</td>
<td>Resolve within 7 Standard Business Days of initial notification</td>
</tr>
<tr>
<td>Telephone response within 6 Standard Business Hours of initial notification</td>
<td>Resolve within 180 days in a Seller-determined Patch or Release.</td>
</tr>
<tr>
<td>Telephone response within 2 Standard Business Days of initial notification</td>
<td>At Seller’s discretion, may be in a future Release.</td>
</tr>
<tr>
<td>Determined by Seller’s Product Management</td>
<td>If accepted by Seller’s Product Management, a release date will be provided with a test schedule, when appropriate.</td>
</tr>
</tbody>
</table>

1.1 **Reporting a Problem.** Customer shall assign an Initial Severity Level for each error reported, either verbally or in writing, based upon the definitions listed above. Because of the urgency involved, Severity Level 1 or 2 problems must be reported verbally to the Seller’s call intake Center. Seller will notify the Customer if Seller makes any changes in Severity Level (up or down) of any Customer-reported problem.

1.2 **Seller Response.** Seller will use best efforts to provide Customer with a resolution within the appropriate Target Resolution Time and in accordance with the assigned Severity Level when Customer allows timely access to the System and Seller diagnostics indicate that a Residual Error is present in the Software. Target Resolution Times may not apply if an error cannot be reproduced on a regular basis on either Seller’s or Customer’s Systems. Should Customer report an error that Seller cannot reproduce, Seller may enable a detailed error capture/logging process to monitor the System. If Seller is unable to correct the reported Residual Error within the specified Target Resolution Time, Seller will escalate its procedure and assign such personnel or designee to correct such Residual Error promptly. Should Seller, in its sole discretion, determine that such Residual Error is not present in its Release, Seller will verify: (a) the Software operates in conformity to the System Specifications, (b) the
Software is being used in a manner for which it was intended or designed, and (c) the Software is used only with approved hardware or software. The Target Resolution Time shall not commence until such time as the verification procedures are completed.

1.3 Error Correction Status Report. Seller will provide verbal status reports on Severity Level 1 and 2 Residual Errors. Written status reports on outstanding Residual Errors will be provided to System Administrator on a monthly basis.

2.1 Customer is responsible for running any installed anti-virus software.

2.2 Operating System ("OS") Upgrades. Unless otherwise stated herein, Customer is responsible for any OS upgrades to its System. Before installing any OS upgrade, Customer should contact Seller to verify that a given OS upgrade is appropriate.

3.1 Anti-virus software. At Customer's request, Seller will make every reasonable effort to test and verify specific anti-virus, anti-worm, or anti-hacker patches against a replication of Customer's application. Seller will respond to any reported problem as an escalated support call.

3.2 Customer Notifications. Seller shall provide access to (a) Field Changes; (b) Customer Alert Bulletins; and (c) hardware and firmware upgrades, as released and if applicable.

3.3 Account Reviews. Seller shall provide annual account reviews to include (a) service history of site; (b) downtime analysis; and (c) service trend analysis.

3.4 Remote Installation. At Customer's request, Seller will provide remote installation advice or assistance for Updates.

3.5 Software Release Compatibility. At Customer's request, Seller will provide: (a) current list of compatible hardware operating system releases, if applicable; and (b) a list of Seller's Software Supplemental or Standard Releases.

3.6 On-Site Correction. Unless otherwise stated herein, all suspected Residual Errors will be investigated and corrected from Seller's facilities. Seller shall decide whether on-site correction of any Residual Error is required and will take appropriate action.

4. Compliance to Local, County, State and/or Federal Mandated Changes. (Applies to Software and Interfaces to those Products) Unless otherwise stated herein, compliance to local, county, state and/or federally mandated changes, including but not limited to IBR, UCR, ECARS, NCIC and state interfaces are not part of the covered Services.

(The below listed terms are applicable only when the Maintenance and Support Agreement includes Equipment which is shown on the Description of Covered Products, Exhibit A to the Maintenance and Support Agreement)

5. On-site Product Technical Support Services. Seller shall furnish labor and parts required due to normal wear to restore the Equipment to good operating condition.

5.1 Seller Response. Seller will provide telephone and on-site response to Central Site, defined as the Customer’s primary data processing facility, and Remote Site, defined as any site outside the Central Site, as shown in Support Plan Options and Pricing Worksheet.

5.2 At Customer's request, Seller shall provide continuous effort to repair a reported problem beyond the PPM. Provided Customer gives Seller access to the Equipment before the end of the PPM, Seller shall extend a two (2) hour grace period beyond PPM at no charge. Following this grace period, any additional on-site labor support shall be invoiced on a time and material basis at Seller's then current rates for professional services.

Re: Proposal for Facilities Needs Assessment  
Wallisch Estate & Weis Ecology Center  
Langan Project No. 100462601

Dear Mr. La Place,

Langan Engineering & Environmental Services (Langan) is pleased to provide you with our proposal to perform a Facilities Needs Assessment of the properties referenced above. The following sections include a brief description of our project understanding followed by our scope of services, fees and schedule.

BACKGROUND INFORMATION

We understand that Passaic County requires a Facility Needs Assessment for two properties. The property at the Wallisch Estate in West Milford is a 10-acre site with a 2-story main building, a barn, an out-building, one septic system and a well. The second property is the former Weis Ecology Center in Ringwood which consists of a 34-acre site with one 3-story main building with finished basement, one 2-story farmhouse, two single family residential buildings, sixteen one-room basic cabins, four two-room basic cabins, one 2-story basic house, three septic systems and one well.

SCOPE OF WORK

Langan's scope of services will consist of performing a walkthrough survey of the sites and their buildings including septic systems, wells, evaluation of sites for access, circulation, utility upgrades and a report of our findings and conclusions including construction costs to bring the site, buildings and utilities into code compliance wherever practicable. The report will include a summary of our observations with photographs that will identify the deficiencies and an estimate of the component system renewal costs based on RS Means building cost modeling procedures or using parametric unit costs of similar project types based on our observations and experience.

Langan has also included the services of Petrillo Architects who will assess the condition of the buildings along with the engineer who will assess the site. The architect will evaluate the structural, mechanical, electrical and plumbing systems of the buildings. The objective of this task will be to observe and document readily visible material and building system defects. We will conduct a visual inspection and rate each of the building systems in terms of good, fair or poor condition, considering the age, expected useful life, future maintenance and operations.
Our observations will be non-intrusive in nature and will not include removing, disassembling, or damaging components of the existing building systems. We anticipate that you or your agent will arrange for knowledgeable facility personnel to be present during our inspection to coordinate access to the buildings and operate building systems, as needed.

Our assessment will include the following items:

- Three days of site visits by the architect and two days of site visits by the engineer;
- Limited interviews with owner and/or maintenance personnel;
- Inquiries to the local building department, zoning department and fire department;
- A review of readily available construction or historic documents (drawings and specifications) to be provided by you or your client;
- Visual, non-invasive, non-destructive, observations of the following system components: site development; building structure; building exterior and interior areas; roofs and floors; mechanical, electrical, and plumbing systems; conveyance systems; life safety/fire protection, and general Americans with Disabilities Act (“ADA”) compliance.

The observations, findings, opinions and recommendations will be presented in a facility condition assessment report. The recommendations and opinions of cost provided in the report will be based on the understanding that the facility will continue operating in the occupancy classification applicable at the time of our site visit and that the report will enable the development of a long-term plan and budget with the main buildings addressed in separate sections in the report.

**FEE**

Langan's fee for implementing the scope of services described herein would be a not-to-exceed amount of $16,500. If bid separately as two separate projects, the fee would be $8,500 for the Wallisch Estate and $10,500 for the Former Weis Ecology Center. The combined report will result in a cost savings of $2,500 as is reflected in the $16,500 quote. The invoice for the full amount will be issued upon project completion and submission of the Facility Needs Assessment report. This fee includes reimbursable charges for reproduction and travel expense and local and/or State file review copying fees.

We reserve the right to revise our fee should additional information be provided or discovered that would constitute a change in the scope of services. Such changes include but are not limited to refusal of access to the building and delays in releasing of pertinent information from local and State agencies necessitating revisions to the report.

**SCHEDULE**

We are prepared to begin work on this project immediately with respect to data gathering and a site walkthrough upon receiving your written authorization to proceed. We would require four weeks to complete the report after our site visit. If copies of relevant government files are not
obtained in time to include them in the draft reports, we will issue an addendum to the reports upon receipt of the files.

EXCLUSIONS
This proposal does not include costs for a Phase I Environmental Site Assessment, indoor air quality evaluation or the collection or analysis of any soil, water, vapor or asbestos samples. If our observations should reveal any suspect environmental conditions, a site investigation including sample collection would likely be recommended and would be addressed in a separate quote. We have not included as-built drawings or surveys but will prepare sketches, photographs and plans obtained from our data gathering task.

Thank you for considering Langan. We look forward to working with you on this project. If this proposal is acceptable, please sign and return one copy (by e-mail or fax), thereby authorizing us to proceed. If you have any questions or need any additional information, please contact us at 201-794-6800.

Sincerely,
Langan Engineering and Environmental Services, Inc.

GENERAL TERMS AND CONDITIONS

A. SCOPE OF SERVICES AND ADDITIONAL SERVICES

All services provided by Langan Engineering, Environmental, Surveying and Landscape Architecture, Inc., or Langan Engineering and Environmental Services, Inc., or Langan International, LLC, or Treadwell & Rolo, a Langan Company, or Langan Treadwell Rolo, a Langan Company, or Langan Engineering and Environmental Services, Inc., PC, or Langan CT, Inc. (collectively “LANGAN”) in connection with project and/or contract shall be governed by this Agreement (which includes the Langan proposal and these General Terms and Conditions). Unless modified in writing by the parties, the duties of Langan shall not be construed to exceed those services specifically set forth in the proposal. However, if requested by the CLIENT and agreed to by Langan in writing, LANGAN will perform additional services ("Additional Services") on a time and material (T&M) basis. If Additional Services are performed, the CLIENT shall pay LANGAN for the performance of any Additional Services in an amount based upon LANGAN's then-current hourly rates. For avoidance of doubt, each will constitute written notice.

B. STANDARD OF CARE

LANGAN’s services will be performed in accordance with this Agreement and in a manner consistent with the generally accepted standards of care and skill ordinarily exercised by professionals performing similar services under similar circumstances at the place and time the services are being performed. The CLIENT agrees that LANGAN will exercise reasonable professional care in its efforts to comply with codes, regulations, laws, rules, ordinances, and such other requirements in effect at the date of execution of this Agreement. The CLIENT acknowledges that no other representation, warranty or guarantee, expressed or implied, is provided by LANGAN or is presumed given by LANGAN under this Agreement or in any report, opinion, or any other document prepared by LANGAN or otherwise.

C. CLIENT RESPONSIBILITIES

In addition to other responsibilities described herein, the CLIENT shall: (i) provide all information and data as to the CLIENT’s requirements, objectives, and expectations for the project, including all numerical criteria that are to be met and all standards of design, development, or construction and all other information reasonably necessary for completion of the Services; (ii) provide prompt, complete disclosure of known or potential hazardous conditions or health and safety risks; (iii) provide to LANGAN all previous studies, plans, or other documents deemed necessary to perform the project and all new data reasonably necessary in LANGAN’s opinion, such as site survey and engineering data, environmental impact assessments or statements, zoning or other land-use regulations, upon all of which LANGAN may rely; (iv) review all documents or oral reports presented by LANGAN and render in writing decisions pertaining thereto within a reasonable time as to not to delay the services of LANGAN; (v) furnish approvals and permits from governmental authorities having jurisdiction over the project and approvals and consents from other parties as may be necessary for completion of LANGAN’s services; (vi) give prompt written notice to LANGAN whenever the CLIENT becomes aware of any development that affects the scope and timing of the work of LANGAN; and (vii) bear all costs incident to the responsibilities of the CLIENT. LANGAN will have the right to reasonable reliance upon the accuracy and completeness of all information furnished by the CLIENT.

D. INVOICING AND SERVICE CHARGES

LANGAN will submit monthly invoices to the CLIENT and a final bill upon completion of Services. The CLIENT shall notify LANGAN within two weeks of receipt of invoice of any dispute with the invoice. The CLIENT and LANGAN will promptly resolve any disputes. Payment on undisputed invoice amounts is due upon receipt of invoice by the CLIENT and a post-due thirty (30) days from the date of the invoice. Any unpaid balances shall accrue late charges of 1.5% per month, or the highest rate allowed by law, whichever is lower, and the CLIENT agrees to pay all fees and expenses incurred by LANGAN in any collection action. In the event of a suspension or termination of the Agreement by LANGAN in accordance with Section P of these General Terms and Conditions, LANGAN will have no liability for any delay or damage of any kind actually or allegedly caused by such suspension of services or termination. CLIENT shall not withhold amounts from LANGAN’s compensation to impose a penalty or damages to LANGAN, or offset such sums requested by or paid to contractors for the cost of changes in their work unless LANGAN agrees or has been found liable for the amount.

E. RIGHT OF ENTRY

The CLIENT shall provide for right of entry in order for LANGAN to perform its services. While LANGAN will take all reasonable precautions to minimize any damage, the CLIENT acknowledges and agrees that in the normal course of work some damage may occur, the correction of which is not part of this Agreement unless specifically modified in the proposal.

F. JOBSITE SAFETY AND CONTROL OF WORK

LANGAN will take reasonable precautions to safeguard its own employees and those for whom LANGAN is legally responsible. Except as otherwise expressly agreed to in writing by LANGAN, LANGAN will have no responsibility for the safety program at the Project or the safety of any entity or person other than LANGAN and its employees. Neither the professional activities of LANGAN nor the presence of LANGAN’s employees and subcontractors on the Project site will be construed to impose control upon LANGAN any responsibility for any activities on site performed by personal other than LANGAN’s employees and subcontractors. The CLIENT agrees that LANGAN will have no power, authority, right or obligation to supervise, direct, or control the work of or on behalf of the activities of any other contractors or subcontractors or construction manager, their agents, servants or employees.

G. EXISTING CONDITIONS AND SUBSURFACE RISKS

Special risks occur whenever engineering or related disciplines are applied to identify subsurface conditions. Even a comprehensive sampling and testing program implemented in accordance with a professional Standard of Care may fail to detect certain conditions. The environmental, geotechnical, and hydrogeological conditions that LANGAN investigates or interprets between sampling points will differ from those that actually exist. The CLIENT recognizes that actual conditions will vary from those encountered at the locations where boring, sampling, surveys, observations or explorations are made by LANGAN and that the data, interpretation, and recommendations of LANGAN are based solely on the information available to it. Furthermore, the CLIENT recognizes that passage of time, natural occurrences, and/or direct or indirect human intervention at or near the site may substantially alter discovered conditions. LANGAN shall not be responsible for interpretations or advice of the information it develops or provides to the CLIENT.

LANGAN will take reasonable precautions to avoid damage or injury to subsurface structures or utilities in the performance of its Services. The CLIENT agrees to defend, indemnify, and hold LANGAN harmless for any damage to such structures or utilities and for any injury or illness which results from where the subsurface structures or utilities are not called to LANGAN's attention or are not correctly shown on the plans furnished by CLIENT or third parties.

H. HAZARDOUS MATERIALS

Unless otherwise expressly agreed to in writing, the parties acknowledge that LANGAN’S scope of services does not include any services related to a hazardous environmental condition (such as asbestos, PCBs, petroleum, mold, waste, radioactive materials or any other hazardous substances). The discovery of any such condition shall be considered a changed condition and LANGAN may suspend its services until the CLIENT has resolved the condition.

I. INDEMNIFICATION

Subject to the provisions of Section J of these General Terms and Conditions, LANGAN agrees to indemnify, hold harmless and, except for professional liability claims, defend the CLIENT against any loss, expense, injury, or property damage including reasonable attorney's fees and other costs and expenses and disbursements, asserted by any third parties to the extent determined to have been caused by negligent acts or errors or omissions or willful misconduct of LANGAN in the performance of its services under this Agreement. LANGAN will not be responsible for any loss, damage, or liability arising from any acts by the CLIENT or any of its agents, employees, staff, or other consultants, subcontractors, contractors or subcontractors. In no event shall the indemnification obligation exceed the date when the lien or equitable proceedings for professional negligence would be barred by an applicable statute of repose or statute of limitations.

To the fullest extent permitted by law, the CLIENT agrees to indemnify and hold harmless LANGAN and Langan’s parent companies, subsidiaries, affiliates, partners, officers, directors, shareholders, employees, agents, or employees, and all damage obligations, liabilities, judgments and losses, including reasonable attorneys' fees and all other expenses and disbursements, to which LANGAN may be subject, arising from or relating to (i) any unknown site condition or subsurface conditions which LANGAN does not have actual knowledge, (ii) any errors, omissions, or inconsistencies in any data, documents, records or information provided by the CLIENT on which LANGAN reasonably relied, (iii) any breach of contract, tort, error, omission, wrong, fault, or failure to comply with law by the CLIENT or third party over whom LANGAN has no control, (iv) the transport, treatment, removal or disposal of any Samples; and (v) the CLIENT’s unauthorized use or copyright violation of plants, reports, documents and related materials prepared by LANGAN.

In the event any part of this indemnification is determined to be void as a matter of law, then the clause shall automatically be reformed to be consistent with the law and apply the peril’s intent to the maximum extent permissible by law.
J. LIMITATION OF LIABILITY
To the fullest extent permitted by law, the total liability, in the aggregate, of LANGAN and its officers, directors, partners, employees, agents, and subconsultants, to CLIENT, and any others claiming by, through, or under CLIENT, and to any third parties granted reliance, for any claims, losses, costs, or damages whatsoever arising out of, resulting from or in any way relating to this Project or Agreement, from any cause or causes, including but not limited to tort (including negligence and professional errors and omissions), strict liability, breach of contract, breach of warranty, shall not exceed the total compensation received by LANGAN or $100,000, whichever is greater. The CLIENT may negotiate a higher limitation of liability for an additional fee, which is necessary to compensate for the greater risk assumed by LANGAN.

To the extent damages are covered by property insurance, LANGAN and the CLIENT waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance. LANGAN and the CLIENT, as appropriate, shall require the contractors, subcontractors, consultants, subconsultants, agents and employees of any of them similar waivers in favor of the other parties enumerated herein.

K. WAIVER OF CONSEQUENTIAL DAMAGES
LANGAN and the CLIENT waive all consequential or special damages, including, but not limited to, loss of use, profits, revenue, business opportunity, or production, for claims, disputes, or other matters arising out of or relating to the services provided by LANGAN regardless of whether such claim or dispute is based upon breach of contract, breach of warranty, negligence or intentional acts or omission of either of them or their employees, agents, subconsultants, or other legal theory. This mutual waiver shall survive termination or completion of this Agreement.

L. INSURANCE
LANGAN agrees to maintain workers' compensation insurance as required by law and general liability, automobile and professional liability insurance with minimum limits of $1,000,000. Certificates of insurance will be issued to the CLIENT upon written request. The CLIENT agrees that it will require the construction manager, general contractor or, if the CLIENT has not retained a construction manager or general contractor, the contractor(s) responsible for performing the work reflected by or relating to LANGAN's services on the Project, to name LANGAN as an additional insured on its Commercial General Liability Insurance.

M. FORCE MAJEURE
LANGAN will not be responsible or liable for any delays in performance or failure of performance related to any force measure event, including but not limited to fire, flood, explosion, the elements, or other catastrophe, acts of God, war, riot, civil disturbances, terrorist act, strike, lock-out, refusal of employees to work, labor dispute, inability to obtain materials or services, or delays caused by the CLIENT, its agents, contractors, subcontractors, consultants, subconsultants or employees, or any commercial regulation or agency, or for any other reason beyond the control of LANGAN.

N. OPINION OF COST
Compliant with the Standard of Care in Section B of these General Terms and Conditions, any opinions rendered by LANGAN as to costs, including, but not limited to, opinions as to the costs of construction, remediation and material, shall be made on the basis of its experience and shall represent its judgment as an experienced and qualified professional familiar with the industry. LANGAN cannot and does not guarantee that proposals, bids, or actual costs will not vary from its opinions of cost. LANGAN's services required to bring costs within any limitation established by the CLIENT will be paid for as Additional Services.

O. PROJECT DELIVERABLES
All reports, opinions, notes, drawings, specifications, data, calculations, and other documents prepared by LANGAN and all electronic media prepared by LANGAN are considered its project Deliverables to which LANGAN retains all rights. The CLIENT acknowledges that electronic media are susceptible to unauthorized modification, deterioration, and incompatibility; and therefore, the CLIENT cannot rely upon electronic media version of LANGAN's Deliverables. All Deliverables provided by LANGAN to the CLIENT as part of the Services are provided for the sole and exclusive user of the CLIENT with respect to this Project. Retention upon or reuse of the Deliverables by third parties without LANGAN's prior written authorization is strictly prohibited. If the CLIENT distributes, reuses, or modifies any part of the Deliverables without the prior written authorization of LANGAN, or uses LANGAN's Deliverables to complete the project without LANGAN's participation, the CLIENT agrees, to the fullest extent permitted by law, to release LANGAN, its officers, directors, employees and consultants from all claims and causes of action arising from such distribution, modification or use, and shall indemnify and hold LANGAN harmless from all costs and expenses, including the costs and expenses of action arising therein or thereof.

LANGAN will not sign any documents that certify the existence of conditions whose existence LANGAN cannot ascertain, or execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of this Agreement.

P. TERMINATION
Except as otherwise provided in this Agreement, this Agreement may be terminated by either party upon not less than seven (7) calendar days written notice should the other party fail substantially to perform in accordance with the terms and conditions of this Agreement through no fault of the party initiating the termination. If the defaulting party fails to cure its default within the seven (7) calendar day notice period or fails to commence action to cure its default if the cure cannot reasonably be completed within the seven (7) days, the non-defaulting party may terminate the Agreement. Failure of the CLIENT to make payments to LANGAN in accordance with this Agreement shall be considered substantial non-performance by the CLIENT, and LANGAN may terminate the Agreement, provided that LANGAN shall send the CLIENT written notice of its intent to terminate at least fifteen (15) days prior to the effective date of termination. In the event of termination, LANGAN shall be compensated for all services performed and reimbursable expenses incurred prior to such termination and all termination expenses.

Q. DISPOSAL OF SAMPLES
All samples, contaminated or otherwise ("Samples"), collected by LANGAN while performing services under this Agreement remain the property and responsibility of the CLIENT. LANGAN may dispose of Samples in its possession after ninety (90) calendar days unless otherwise required by law or other arrangements are mutually agreed to in writing by the parties. At all times, and all rights, title and responsibility for Samples shall remain with the CLIENT. Under no circumstances shall these rights, title and responsibility be transferred to LANGAN, and nothing contained in this Agreement shall be construed as requiring LANGAN to assume the status of an owner, operator, generator, storer, transporter or person who arranges for disposal, under any federal or state law or regulation.

R. RIGHT TO REFERENCE PROJECT
The CLIENT agrees that LANGAN has the authority to use its name as the CLIENT and a general description of the Project as a reference for other prospective clients.

S. SUCCESSORS AND ASSIGNS
This Agreement shall be binding upon the parties hereto and their respective successors and assigns. The CLIENT may assign or transfer this Agreement without the prior written consent of LANGAN. The parties agree that this Agreement is intended to be a personal and not a transferable, rights, duties, agreements to any person or entity not a party to this Agreement, as a third-party beneficiary or otherwise under any theory of law.

T. DISPUTE RESOLUTION
LANGAN and the CLIENT agree that any disputes arising under this Agreement and the performance thereof shall be subject to non-binding mediation as a prerequisite to further legal proceedings, which proceeding must be brought in a court of competent jurisdiction in the state in which the office of LANGAN that issued the Proposal is located. LANGAN and CLIENT waive any right to a trial by jury.

All actions by CLIENT against LANGAN, and by LANGAN against CLIENT whether for breach of contract, tort or otherwise, shall be brought within the period specified by applicable law, but in no event more than five (5) years following substantial completion of LANGAN's services. CLIENT and LANGAN waive all claims and causes of action not commenced in accordance with this paragraph.

If the CLIENT asserts a claim against LANGAN relating to allegations of professional negligence in performance of LANGAN's services under this Agreement, LANGAN will be entitled to reimbursement of any costs incurred by LANGAN in the defense of the professional negligence claim, including any expenses incurred as part of LANGAN's professional liability insurance deductible, to the extent LANGAN is successful in its negligence defense.

U. GOVERNING LAW
This Agreement shall be governed by and construed in accordance with the laws of the state in which the office of LANGAN that issued the Proposal is located.

V. ENTIRE AGREEMENT
This Agreement (consisting of these General Terms and Conditions, the accompanying Proposal and LANGAN's Fee Schedule, if applicable) constitutes the entire agreement between the parties, supersedes any and all prior agreements or representations of the parties to this agreement and conflicting terms on documents created by the CLIENT, and may not be modified, amended, or varied except by a document in writing signed by the parties hereto.

Dear Freeholder Cotroneo,

A lot has happened over the months since my colleague and I spoke to you and the other Freeholders about our effort to save the Weis Ecology Center facilities, at the Freeholder meeting back on January 28th.

We incorporated in N.J., and obtained our Federal tax-exempt 501(c)3 status, using the name The Highlands Nature Friends (HNF) in honor of the group that bought the 1800's farm in 1920 and established the site.

We developed an Initial Business Plan and a Budget, which we have given to the New Jersey Audubon Society (NJAS), which still owns "Weis", as it is popularly known.

At this richly historic and truly special site, we envision a new Weis Center, providing a wide range of programs and events in recognition of current needs, as well as in honor of the legacy of both the original founders, who were early environmentalists and very community-minded, and the Weis family.

On Friday, November 7th, 2014, another HNF Trustee and I met with Eric Stiles, President & CEO of NJAS, along with Peggy Mooij of NJAS, and Prof. Angela Cristini of Ramapo College (who has presented a proposal to us, for programs at a new Center). Our host was David Epstein, President & Executive Director of the Land Conservancy of New Jersey. At the end of this cordial meeting, NJAS agreed to consider a Proposal from us, for NJAS to transfer the entire property to HNF; that Proposal was sent to NJAS on November 10th.

Most importantly, in order to plan and budget for the needed upgrade and repair of the infrastructure at Weis, we as HNF need to have current and detailed information as to what work needs to be done, when, and in what order. To that end, we hope that the Planning Committee will be willing to move forward with recommending to the Freeholders that the County underwrite a Facilities/Needs Assessment of the Weis property. NJAS has indicated a willingness to cooperate with such an Assessment being done.

If you would like to speak to me or have me attend a Committee meeting, please do contact me.

Sincerely,

Jon Berry, President

RESOLUTION AUTHORIZING THE TRANSFER OF THE FOLLOWING PROPERTIES CURRENTLY OWNED BY PASSAIC RIVER COALITION (PRC) TO THE FOLLOWING PROPERTIES TO THE COUNTY OF PASSAIC TO BE ADDED TO ADJACENT COUNTY PARKS: (1) HOPE FOREST RESERVE (BLOCK 6402, LOT 3) NEXT TO CAMP HOPE, WEST MILFORD, NJ; (2) COOLEY BROOK, NEXT TO SAN CAP PARK, WEST MILFORD (BLOCK 3201, LOT 4 AND 8)

WHEREAS preserving open space and conserving natural resources ensure a sustainable quality of life in Passaic County; and

WHEREAS pursuant to written communication dated January 14, 2015, to Freeholder Director Lora, the Passaic River Coalition has communicated its intent to transfer ownership of the following properties to the County of Passaic to be added to adjacent county parks:

1) Hope Forest Reserve (aka Schielke), next to Camp Hope, West Milford (Block 6402, Lot 3). This forested parcel was originally intended to go to County. It is a 10.24-acre parcel with road frontage that adjoins Passaic County’s Camp Hope (Block 6402, Lot 1).

2) Cooley Brook (aka Carr) next to San Cap Park, West Milford (Block 2902, Lot 3) and provides road frontage for the County or Lakeside Road across Greenwood Lake. The property is of extremely high ecological importance due to its thick deciduous forest, wetlands area, and aquatic and riparian habitat in and around Cooley Brook. Cooley Brook is designated as a Category 1 Waterway for fresh water trout habitat. A small pond is also located on the property. The property is part of the Wanaque Watershed, and thus provides protection of the drinking water of many county residents. In addition, to the ecological importance of this property, it also contains several paths and great views of Greenwood Lake, providing an excellent site for passive recreation.
WHEREAS the Board of Chosen Freeholders of the County of Passaic hereby authorizes the transfer as stated above and more fully set forth in the attached communication; and

WHEREAS the third parcel of land referenced in the attached communication, that being Highlands Meadow, is not under consideration by the Freeholders at this time; and

WHEREAS this matter was reviewed and approved by the Planning and Economic Committee meeting; and

WHEREAS the properties at issue are going to be transferred for consideration of less than $1.00;

NOW THEREFORE BE IT RESOLVED that the Board of Chosen Freeholders of the County of Passaic authorizes the transfer of properties as enunciated above; and

BE IT FURTHER RESOLVED that the Board of Chosen Freeholders authorizes the County Counsel’s Office and Planning Department to collaborate with legal counsel for the Passaic River Coalition to effectuate the legal transfer of properties as stated above.

Re: Passaic River Coalition – administrative transfer of real property to Passaic County

Dear Director Lora:

I am writing on behalf of the Passaic River Coalition (PRC) in connection with three properties currently owned by PRC. PRC would like to convey ownership of the following properties to the County of Passaic, to be added to adjacent County parks. All three of these parcels were acquired with some funding from Passaic County.

Passaic River Coalition is reorganizing following the passing of its founding Executive Director, Ella Fillippone in June 2013. As part of that effort, the Board of Trustees has determined to convey ownership of properties that adjoin other preserved lands. This will relieve some management pressures and combine preserved parcels under one steward, hopefully a more efficient arrangement for the future. Ella worked for 43 years protecting the Passaic River Watershed. She protected over 1500 acres in perpetuity during her tenure at the Coalition.

1. Hope Forest Reserve (aka Schielke), next to Camp Hope, West Milford (Block 6402, Lot 3). This forested parcel was originally intended to go to the County. It is a 10.24-acre parcel with road frontage that adjoins Passaic County’s Camp Hope (Block 6402, Lot 4)

2. Cooley Brook (aka Carr) next to San Cap Park, West Milford (Block 3201, Lot 4 and Lot 8). This 40-acre property is next to the Passaic County San Cap Park (Block 2902, Lot 3) and provides road frontage for the county on Lakeside Road across from Greenwood Lake. The property is of extremely high ecological importance due to its thick deciduous forest, wetlands area, and aquatic and riparian habitat in and around Cooley Brook. Cooley Brook is designated as a Category 1 Waterway for fresh water trout habitat. A small pond is also located on the property. The property is part of the Wanaque Watershed, and thus provides protection of the drinking water of many county residents. In addition to the ecological importance of this property, it also contains several paths and great views of Greenwood Lake, providing an excellent site for passive recreation.

3. Highlands Meadow (aka Hearle) next to Long Pond Iron Works State Park and Monksville Reservoir, Ringwood (Block 310, Lots 2.01-2.05). Highlands Meadow is a 16.97-acre tract with road frontage on Greenwood Road, near Monksville Reservoir. It consists of a former farm field adjacent to wooded wetlands with a small stream. The property connects to the Long Pond Iron Works State Park, and is breeding habitat for several New Jersey Regional Priority bird species, including the prairie warbler. The property includes the Highlands Meadow house, which can be used as an environmental education/visitor center. Skylands Clean and Puzzle Farms have been using and maintaining the house, property and access road for PRC. Puzzle Farms has a vegetable garden and greenhouse for autistic young adults and they have mowed the meadow. PRC hopes that this relationship can continue and be beneficial for the County as well.

I have enclosed our project maps for each property and ask that you please get in touch with me with any questions, concerns, responses. Thank you for your consideration.

(iii) County College Refunding Bonds (the "County College Refunding Bonds" and, together with the General Improvement Refunding Bonds and County Vocational School Refunding Bonds, the "Bonds") in specific amounts to be determined as provided herein and as more fully described in the refunding bond ordinance, finally adopted by the County pursuant to the Local Bond Law, N.J.S.A. 40A:2-1 et seq. on February 24, 2015, and entitled, "Refunding Bond Ordinance of the County of Passaic, New Jersey, Providing for the Advance Refunding of All or a Portion of Certain General Obligation Bonds, Consisting of General Improvement Bonds, County Vocational School Bonds and County College Bonds, Appropriating $45,000,000 Therefor and Authorizing the Issuance of General Obligation Refunding Bonds in One or More Series in the Aggregate Principal Amount of Not Exceeding $45,000,000 for Financing the Cost Thereof" shall be issued in one or more series as designated in (i), (ii) and (iii) above, as "General Obligation Refunding Bonds."

Section 2. The Bonds are hereby authorized to be sold to NW Capital Markets Inc. (the "Underwriter") at a purchase price determined by the parameters set forth below and otherwise consistent with the parameters set by the Local Finance Board pursuant to N.J.A.C. 5:30-2.5 (the "LFB Refunding Parameters"):

(g) the Underwriter's discount does not exceed $6.00 per $1,000 of Bonds issued.

Section 3. The Freeholder Director and/or the Director of Finance and/or Treasurer are hereby authorized and directed, without further authorization, to enter into and execute a purchase contract (the "Purchase Contract") on behalf of the County with the Underwriter in the form satisfactory to Bond Counsel (as defined herein) and upon terms consistent with the above parameters. Upon execution of the Purchase Contract, the signature of the Freeholder Director and/or the Director of Finance and/or Treasurer shall be conclusively presumed to evidence any necessary approvals for the sale of the Bonds. If the Director of Finance and/or Treasurer, after consultation with the Underwriter, determines that the above parameters cannot be satisfied in the present market, the Bonds shall not be sold until such time as said parameters may be amended, in whole or in part, or a sale on different terms is otherwise approved by resolution of this Board of Chosen Freeholders (the "Board").

Section 4. (a) The Bonds shall be issued in one or more series in the par amounts consistent with the parameters set forth in Section 2 hereof and determined by the Director of Finance and/or the Treasurer to be necessary to pay costs of issuance and to provide an escrow

(e) The Bonds may be subject to redemption prior to their stated maturities on terms approved by the Director of Finance and/or Treasurer.

(f) The Bonds will be issued in fully registered form. One certificate shall be issued for the aggregate principal amount of each series of Bonds maturing in each year. Both principal and interest on the Bonds will be payable in lawful money of the United States of America. Each certificate will be registered in the name of CEDE & Co., as nominee of The Securities Depository, Jersey City, New Jersey, which will act as securities depository (the "Securities Depository"). The certificates will be on deposit with the Securities Depository. The Securities Depository will be responsible for maintaining a book-entry system for recording the interests of its participants or the transfers of the interests among its participants. The participants will be responsible for maintaining records recording the beneficial ownership interests in the Bonds on behalf of individual purchasers. Individual purchases may be made in the principal amount of $5,000 through book-entries made on the books and the records of the Securities Depository and its participants except that an amount maturing in any one year in excess of the largest principal amount thereof equaling a multiple of $5,000 will be in the denominations of $1,000 or any integral multiple thereof.

(g) The principal of and the interest on the Bonds will be paid to the Securities Depository by the County on the respective maturity dates and due dates and will be credited on the respective maturity dates and due dates to the participants of the Securities Depository as listed on the records of the Securities Depository as of the 15th day prior to such maturity dates and due dates (the "Record Dates" for the Bonds). The Bonds shall be executed by the manual or facsimile signatures of the Freeholder Director and Director of Finance and/or Treasurer under the official seal of the County (or facsimile thereof) affixed, printed, engraved or reproduced.
thereon and attested by the manual signature of the Clerk of the Board of Chosen Freeholders ("Clerk").

Section 5. The Freeholder Director and Director of Finance and/or Treasurer are each hereby authorized and directed to pay all costs of issuance in connection with the sale of the Bonds pursuant to a certificate of the Freeholder Director and Director of Finance and/or Treasurer to be executed upon delivery of the Bonds, each such cost in an amount not to exceed the amount set forth in Exhibit A attached hereto or, if in any greater amount, only upon the prior approval of the County in accordance with the customary procedure for approval and payment of bills.

Section 6. The Bonds shall be substantially in the following form with such additions, deletions and omissions as may be necessary for the County to market the Bonds:
COUNTY OF PASSAIC, a body politic and corporate of the State of New Jersey (the "County") hereby acknowledges itself indebted and for value received promises to pay to CEDE & Co., as nominee of The Depository Trust Company, which will act as Securities Depository, on the MATURITY DATE, the PRINCIPAL AMOUNT, and to pay interest on such sum from the DATED DATE of this bond until the MATURITY DATE at the RATE OF INTEREST PER ANNUM semiannually on the INTEREST PAYMENT DATES in each year until maturity, commencing on the INITIAL INTEREST PAYMENT DATE. Interest on this bond will be paid to the Securities Depository by the County and will be credited to the participants of The Depository Trust Company as listed on the records of The Depository Trust Company as of the 15th day prior to each INTEREST PAYMENT DATE next preceding the date of such payments (the "Record Dates" for such payments). Principal of this bond, upon presentation and surrender to the County will be paid to the Securities Depository by the County and will be credited to the participants of The Depository Trust Company.

This bond is not transferable as to principal or interest. The participants are responsible for maintaining the records regarding the beneficial ownership interest in the bonds on behalf of the individual purchasers except to an authorized nominee of The Depository Trust Company. The Depository Trust Company shall be responsible for maintaining the book-entry system for recording the interests of its participants or the transfers of the interests among its participants.

[The Bonds are not subject to redemption prior to their stated maturity.]

[The Bonds maturing prior to ___________, 20__ are not subject to optional redemption prior to maturity. The Bonds maturing on or after ___________, 20__ are]
subject to redemption on any date on or after ____________, 20__ at ___% of the principal amount thereof (the "Redemption Price"), plus in each case accrued interest to the date fixed for redemption.

Notice of Redemption shall be given by mailing by first class mail in a sealed envelope with postage prepaid to the registered owners of the bonds not less than thirty (30) days, nor more than sixty (60) days prior to the date fixed for redemption. Such mailing shall be to the owners of such bonds at their respective addresses as they last appear on the registration books kept for that purpose by the County or a duly appointed Bond Registrar. Any failure of the depository to advise any of its participants or any failure of any participant to notify any beneficial owner of any Notice of Redemption shall not affect the validity of the redemption proceedings. If the County determines to redeem a portion of the bonds prior to maturity, the bonds to be redeemed shall be selected by the County; the bonds to be redeemed having the same maturity shall be selected by the Securities Depository in accordance with its regulations.

So long as CEDE & Co., as nominee of DTC, is the registered owner of the Bonds, the County shall send redemption notices only to CEDE & Co.

If Notice of Redemption has been given as provided herein, the bonds or the portion thereof called for redemption shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Interest shall cease to accrue on the bonds after the date fixed for redemption and no further interest shall accrue beyond the redemption date. Payment shall be made upon surrender of the bonds redeemed.

As long as The Depository Trust Company is the depository for the Bonds as provided herein, the procedures of The Depository Trust Company will determine the method of selection for redemption within a maturity. Otherwise, it will be by lot or by a similar method.]

This bond is one of an authorized issue of bonds and is issued pursuant to the Local Bond Law of the State of New Jersey, a refunding bond ordinance of the County, finally adopted February 24, 2015, and entitled, "Refunding Bond Ordinance of the County of Passaic, New Jersey, Providing for the Advance Refunding of All or a Portion of Certain General Obligation Bonds, Consisting of General Improvement Bonds, County Vocational School Bonds and County College Bonds, Appropriating $45,000,000 Therefor and Authorizing the Issuance of General Obligation Refunding Bonds in One or More Series in the Aggregate Principal Amount of Not Exceeding $45,000,000 for Financing the Cost Thereof" and a resolution of the County adopted February 24, 2015.

Dear Freeholder Director Lepore:

On behalf of governor Chris Christie and the New Jersey Department of Community Affairs, I am pleased to inform you that Passaic County will receive a LIHEAP Weatherization grant of $635,191. This award will provide funds to implement weatherization and conservation measures in the housing units of eligible low-income individuals residing in Passaic County.

Provision of such financial assistance is subject to appropriate execution of a grant/loan agreement with the Department and compliance by Passaic County with the terms, conditions and requirements set forth therein. Expenditures incurred prior to receipt of the executed grant agreement are incurred solely at the risk of the grant recipient should funding not be available to support this award. If you have any questions regarding this funding, please do not hesitate to contact the Department of Community Affairs' Division of Housing and Community Resources at (609) 984-7920.

I would like to extend my best wishes for this most worthwhile project and its successful completion.
