RESOLUTION AUTHORIZING THE ADDITION OF NATIONWIDE RETIREMENT SOLUTIONS, INC., AS A CONTRACTOR UNDER THE COUNTY OF PASSAIC’S EXISTING SECTION 457 DEFERRED COMPENSATION PLAN

WHEREAS County of Passaic (hereinafter referred to as the “Employer”) by resolution adopted a deferred Compensation Plan (hereinafter referred to as the “Plan”) effective September 30, 1991, for the purpose of making available to eligible employees the accrual of tax benefits under a Section 457 Deferred Compensation Plan; and

WHEREAS the Employer by resolution subsequently retained The Variable Annuity Life Insurance Company (“VALIC”), AXA and Great West Retirement Services as the contractors under the Deferred Compensation Plan and executed Service Agreements with said contractors; and

WHEREAS in order to attract and retain qualified employees, the Employer is desirous of adding to the choices currently available to employees of the County of Passaic under the 457 Plan; and

WHEREAS there is no direct financial cost to the Employer to adopt and implement both a DEFERRED COMPENSATION PLAN and Service Agreement; and

WHEREAS a recommendation to the Administration, Finance and Personnel Committee of the Board of Chosen Freeholders of the County of Passaic has been made to add Nationwide Retirement Solutions, Inc., (hereinafter “Nationwide”)
as a contractor under the Deferred Compensation Plan and to enter into a service agreement with said contractor; and

WHEREAS it was determined that Nationwide has the ability to: (1) maintain complete records of accounts; (2) manage accounts with absolute fidelity; (3) provide advice concerning various categories of investments; and (4) provide continuing consultation to participants.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that:

(a) effective as of the date of this resolution the DEFERRED COMPENSATION PLAN provided by Nationwide and assigned the plan document identifier: 59-PD-VSCM/PEBCO-012606 and Nationwide Service Agreement Identifier-07-SA-VSCM/PESCO-041895 hereby adopted and signed by the Employer.

It is hereby acknowledged that the said DEFERRED COMPENSATION PLAN is substantially similar to one on which a favorable Private Letter Ruling has been previously obtained from the Federal Internal Revenue Service except for provisions added by reason of The Small Business Job Protection Act of 1996 (United States Public Law No. 104-188) and all such provisions are stated in the plan in terms substantially similar to the text of those provisions in the Code Section 457 including pertinent applicable Treasury regulations. The use of the Ruling is for guidance only and acknowledges that for Internal Revenue
Service purposes, the Ruling of another employer is not to be considered precedent.

(b) The Passaic County Director of Finance is authorized to execute the Service Agreement (bearing the identifier: 07-SA-VSCM/PEBSCO-41895 assigned by the New Jersey Division of Local Government) with Nationwide for the provision of administrative and investment services. There has been no collusion, or evidence or appearance of collusion, between any local official and a representative of Nationwide in the selection of Nationwide as contractor for the administration of the Service Agreement pursuant to N.J.A.C. Section 5:37-5.7., and that the rules of the Internal Revenue Service pursuant to N.J.A.C. 5:37-3.4 or 3.5 have been complied with.

(c) The Passaic County Director of Finance is hereby designated as Local Plan Administrator for the administration of the DEFERRED COMPENSATION PLAN and authorized to execute the foregoing Service Agreement with Nationwide and a certified copy of this resolution and all necessary required documents shall be submitted to the Director of the Division of Local Governmental Services within the State Department of Community Affairs for approval.

Re: Passaic River Coalition – administrative transfer of real property to Passaic County

Dear Director Lora:

I am writing on behalf of the Passaic River Coalition (PRC) in connection with three properties currently owned by PRC. PRC would like to convey ownership of the following properties to the County of Passaic, to be added to adjacent County parks. All three of these parcels were acquired with some funding from Passaic County.

Passaic River Coalition is reorganizing following the passing of its founding Executive Director, Ella Fillippone in June 2013. As part of that effort, the Board of Trustees has determined to convey ownership of properties that adjoin other preserved lands. This will relieve some management pressures and combine preserved parcels under one steward, hopefully a more efficient arrangement for the future. Ella worked for 43 years protecting the Passaic River Watershed. She protected over 1500 acres in perpetuity during her tenure at the Coalition.

1. Hope Forest Reserve (aka Schielke), next to Camp Hope, West Milford (Block 6402, Lot 3). This forested parcel was originally intended to go to the County. It is a 10.24-acre parcel with road frontage that adjoins Passaic County’s Camp Hope (Block 6402, Lot 4)

2. Cooley Brook (aka Carr) next to Sun Cap Park, West Milford (Block 3201, Lot 4 and Lot 8). This 40-acre property is next to the Passaic County San Cap Park (Block 2902, Lot 3) and provides road frontage for the county on Lakeside Road across from Greenwood Lake. The property is of extremely high ecological importance due to its thick deciduous forest, wetlands area, and aquatic and riparian habitat in and around Cooley Brook. Cooley Brook is designated as a Category 1 Waterway for fresh water trout habitat. A small pond is also located on the property. The property is part of the Wanaque Watershed, and thus provides protection of the drinking water of many county residents. In addition to the ecological importance of this property, it also contains several paths and great views of Greenwood Lake, providing an excellent site for passive recreation.
3. Highlands Meadow (aka Hearle) next to Long Pond Iron Works State Park and Monksville Reservoir, Ringwood (Block 310, Lots 2.01-2.05). Highlands Meadow is a 16.97-acre tract with road frontage on Greenwood Road, near Monksville Reservoir. It consists of a former farm field adjacent to wooded wetlands with a small stream. The property connects to the Long Pond Iron Works State Park, and is breeding habitat for several New Jersey Regional Priority bird species, including the prairie warbler. The property includes the Highlands Meadow house, which can be used as an environmental education/visitor center. Skylands Clean and Puzzle Farms have been using and maintaining the house, property and access road for PRC. Puzzle Farms has a vegetable garden and greenhouse for autistic young adults and they have mowed the meadow. PRC hopes that this relationship can continue and be beneficial for the County as well.

I have enclosed our project maps for each property and ask that you please get in touch with me with any questions, concerns, responses. Thank you for your consideration.

Regards,

4. CONDITION OF LEASED PREMISES

The Leased Premises are leased to and accepted by Tenant in their present condition and without representation or warranty of any kind by Landlord including, without limitation, any representations or warranty of fitness for a particular purpose. 5.2 Tenant shall promptly remove all trash, garbage, and debris at Tenant's sole cost.

5.3 Tenant shall maintain tanks and containers, if any, containing pesticides, fertilizers and similar products in a safe and secure manner in accordance with all applicable governmental regulations and remove same upon termination of this Lease in accordance with all applicable governmental regulations.

5.4 Landlord shall be responsible for payment of all utility charges.

5.5 Tenant shall deliver a peaceable possession of the Leased Premises to Landlord upon termination of this lease in as good repair and condition as they were delivered at the commencement of this lease, ordinary wear, loss by fire or unavoidable destruction, or those routine farming practices that are permitted under the terms of this lease excepted.
5.6 Tenant will not use any portion of the Property or permit any other person or entity to use any portion of the Property for storage, generation, manufacture, disposal, transportation or treatment of any Hazardous Substances except for the farmland use stated above. Tenant will not use any portion of the Property or permit any other person or entity to use any portion of the Property for storage, generation, manufacture, disposal, transportation or treatment of any Hazardous Substances for any purpose in violation of Applicable Laws.

5.7 Landlord shall not be required to maintain or repair the Leased Premises.

6. COMPLIANCE WITH LAWS

6.1 Tenant shall, at Tenant’s sole cost and expense, comply in the operation of the Leased Premises and the conduct of any activity thereon with all duly promulgated and applicable federal, State and local laws, ordinances, rules and orders affecting Tenant’s operations and activities on the Leased Premises.

6.2 Tenant shall indemnify, defend and hold harmless Landlord against all liability, claim, loss or payment of any kind arising from Tenant’s failure or omission to comply with any license, permit, certification, authorization, approval or any duly promulgated and applicable federal, State or local law, ordinance, rule or order.

7. SECURITY

Tenant shall, at Tenant’s sole cost and expense, be responsible for security of the Leased Premises. 8. ACCESS TO LEASED PREMISES

Landlord and its contractors, agents or employees, successors and assigns, shall have the right of ingress and egress on, over and across the Leased Premises and the right to enter any building or structure thereon at any reasonable time.

9. SIGNAGE

Tenant shall not permit any signs or advertisements of any description to be painted or posted on any of the buildings or structures, or about the Leased Premises, unless approved by Landlord in writing.

10. DAMAGE TO PROPERTY

10.1 In the event of any damage to or destruction of the Leased Premises, any portion of the Property, any improvements thereon, or any other property caused in whole or in part by Tenant, its contractors, agents, servants, employees or invitees, or arising in whole or in part from Tenant’s activities on the Property, Tenant shall and at Tenant’s sole cost and expense promptly repair such damage, unless Landlord, in its sole discretion, determines that such damage should not be repaired.

10.2 All repairs and/or restoration by Tenant of damage to the Leased Premises shall be completed in accordance with plans and specifications submitted to and approved by Landlord.

11. INDEMNIFICATION

11.1 Tenant, Tenant’s heirs, executors, administrators, successors and assigns, agree that the Landlord will not be liable for loss, injury or damages to any person or property. Tenant assumes all risks and liabilities arising out of the use of the Property and agrees to indemnify, protect and hold harmless the Landlord and
hereby releases the Landlord and each and every one of its officers, agents, employees, successors and assigns from any and all liability, claims and costs which may in any manner arise out of, be occasioned by, or result from the use of the Leased Premises.

11.2 Landlord and Tenant shall, as soon as practicable after a claim has been made against either of them, give written notice thereof to the other, along with full complete particulars of the claim. If the suit is brought against either Landlord or Tenant or any of their agents, servants and/or employees, they shall expeditiously forward or have forwarded to the other, every demand, complaint, notice, summons, pleading, or other document received by or then in their possession or the possession of their representative.

11.3 It is expressly agreed and understood that any approval by Landlord of the work performed and/or reports, plans and specifications provided by Tenant shall not operate to limit the obligations of Tenant assumed pursuant to this Lease.

11.4 Tenant's liability under this provision shall continue after the termination or expiration of this Lease, with respect to any liability, loss, expense or damage, provided, however, that such liability shall not extend beyond that established in any applicable statute of limitations.

11.5 This indemnification obligation is not limited by but is in addition to the insurance obligations contained in this Lease.

12. INSURANCE

12.1 Tenant shall, at its sole cost and expense, obtain and maintain at all times during the Term of this Lease insurance on the Leased Premises for liability for damages imposed by Law and assumed under this Lease of the types and in the amounts hereinafter provided:

(a) Comprehensive general liability insurance as broad as the standard coverage form currently in use in the State of New Jersey which shall not be circumscribed by any endorsements limiting the breadth of coverage (including coverage for product liability, personal injury, tenant owned or operated motor vehicles, broad form contractual liability, completed operations and broad form property damage endorsements) against claims for bodily injury, death or property damage occurring on, in or about the Leased Premises. Limits of liability shall not be less than $1,000,000.00 per occurrence for bodily injury liability and for property damage liability combined single limit;

(b) Property insurance to cover loss or damage on an "All Risk" of physical loss form of coverage against fire, loss, theft and damage on the personal contents of the Leased Premises, at Tenant's option. Tenant releases Landlord from any claims or responsibility for fire, loss, theft and/or other damage to Tenant's personal property on the Leased premises, and expressly agrees that Landlord is not responsible for maintaining, repairing or replacing any of the buildings on the Leased Premises;

(c) Worker's compensation and employers liability insurance applicable to the Laws of the State of New Jersey, if Tenant employs workers, with limits of not less than $100,000.00 per occurrence for bodily injury liability and $100,000.00 per occurrence for occupational disease per employee with an aggregate limit of $500,000.00 occupational disease except that if Tenant does not have employees working for him/her, such insurance will not be required; and

(d) Such other insurance and in such amounts as may from time to time be reasonably required by Landlord against other insurable risks which at the time are commonly insured against in the case of Premises similarly situated with due regard to the type improvements and type of use and operations to be conducted by Tenant under this Lease.

12.2 All insurance coverage required to be maintained by Tenant in accordance with this Lease shall be

Introduced on: July 21, 2015
Adopted on: July 21, 2015
Official Resolution#: R20150507
issued by an insurance company authorized and approved to conduct business in the State of New Jersey. Tenant shall name the Landlord as an additional insured.

12.3 Tenant shall further be required to provide Landlord with copies of each policy required under this Lease certified by the agency or underwriter to be true copies of the policies provided Tenant.

12.4 In the event Tenant fails to reimburse Landlord the premium cost for casualty insurance covering the designated buildings, if applicable, or fails or refuses to renew any of its insurance policies to the extent required by this Lease or any policy is canceled, terminated or modified so that the insurance does not meet the requirements of this Lease, Landlord shall immediately suspend all of Tenant’s operations on the Leased Premises until Tenant obtains insurance coverage in satisfactory form in compliance with this Lease or terminate this Lease.

13. ASSIGNMENT, SUBLEASE, OR GOVERNMENT PROGRAM

13.1 Tenant shall not sublease the whole or any part of the Leased Premises, assign or transfer this Lease or Tenant’s responsibilities under this Lease or the operations authorized hereunder.

13.2 Tenant shall not enroll or apply to enroll Leased Premises into any federal, state, or local government sponsored agricultural or habitat management program, including but not limited to the federal Wildlife Habitat Incentives Program (WHIP), Conservation Reserve Program (CRP), and Wetlands Reserve Program (WRP) without the prior, express written permission of the Landlord.

14. SUSPENSION OF OPERATIONS

Tenant shall, at the direction of Landlord, immediately suspend, delay or interrupt all or any part of its activities on the Leased Premises for such period of time as Landlord determines to be appropriate to protect public health, safety, welfare, and property. The primary reasons for issuance of such an order will be the occurrence of hazardous work conditions, emergency conditions, failure by Tenant to adhere to this Lease or any other reason where continued operations may detrimentally impact the health, safety, and welfare of persons on site, the public, or State owned property. Tenant hereby waives any claim for damages or compensation as a result of Landlord’s action under this clause.

15. TERMINATION

15.1 Landlord may, in addition to any other right or remedy provided for by law or in equity, terminate this Lease for failure to comply with the terms and conditions of this Lease and/or the existence of any condition which Landlord determines to be in violation of the terms and conditions. The following shall be considered material breaches, for which Landlord may terminate the Lease:

(a) Tenant’s failure to maintain any of the insurance policies to the extent required by this Lease or to provide Landlord with valid certificates of renewal of insurance upon expiration of the policies; and

(b) Tenant’s failure to perform and/or comply with any of the other covenants, agreements and/or conditions herein contained. Upon receipt of a written notice of termination for violation served by Certified Mail, Return Receipt Requested, Tenant shall have thirty (30) days to begin to cure such violation. If such violation is not substantially cured within said thirty (30) day period, termination shall, in the discretion of Landlord, be effective at the conclusion thereof. 3. No dumping or placing of trash or waste material shall be permitted on the Property.

SCHEDULE E

Puzzle Farms performs some or all of the following tasks at 1093 Greenwood Lake Turnpike in Ringwood, as labor and time permit.

1. Access the buildings, use the land to grow produce as part of our primary function to:
   a. Train people with neurological impairment to do useful agriculture related work. This work is mostly labor based work focusing on crops and tasks that require manual labor.
   b. Allow a platform (space plus materials) for the neurologically disabled to work with other members of the community in a community garden setting.
   c. We produce locally grown produce to reduce the carbon footprint of the local food demands
   d. We donate some food to the local food banks.
   e. We provide useful work for the neurologically impaired.

2. Building use
   a. We do light maintenance on the house and outbuildings.
      i. A number of the outbuildings are in poor condition and we are making repairs to them over time.
      ii. Due to the advanced problems of some of the small sheds it will take several years to complete work.
   b. We drain the water system including the heating system for the winter and shut off the gas heat to the house for the winter. In the spring, we turn all the water back on again.
   c. We provide minor road repair by filling in potholes.
   d. We use the house, garage and some sheds to store material that we use on site such as garden supplies, small motorized equipment like lawn tractor, rototill lawn mower.
   e. We use the house as a place for participants to meet before, during and after working on the property to coordinate activities and to access bathroom facilities.
   f. We use the green house as part of our spring seeding efforts that result in us growing 100% of our vegetables from seeds that the participant’s plant.

3. Field space used - We use the field space to grow a variety of crops using sustainable agriculture and minimally invasive techniques.
   a. We use a segment of the property for growing a variety of vegetables. There is a path around the garden so that hikers can pass by unobstructed and are able to view the area.
   b. We do a segment of the property for perennial fruit such as blueberries, fruit trees and asparagus.
      This has a more permeable fence around it to reduce deer traffic. This area also allows hikers to easily pass around it unobstructed and view any activity or plantings. We plant fruit trees and bushes as part of a low impact orchard.
   c. We also do a field segment for annual vegetables that do not require fencing (like corn).
      This area also allows hikers to access the area by walking the periphery of the field.
   d. We use the space to train people on low impact agriculture.
   e. We use lightweight equipment to maintain open field space. We clear the meadow of small brush. This is done in winter to reduce any accidental impact on the small animals that use the open field space.
   f. We train participants on use of things like horticulture vines etc. as part of cold weather activity using natural materials that are renewable for creating things like holiday wreaths etc.

3. General landscape maintenance is performed in mowing the areas around the house and clearing walking paths and driveway of overgrowth.

DEED OF CONSERVATION RESTRICTION

This Deed of Conservation Restriction is made and entered into this 4th day of September, 2005 between the Passaic River Coalition, a charitable conservancy as defined in N.J.S.A. 13:8B-2, whose post office address is 246 Madisonville Road, Basking Ridge, NJ 07920 (“Grantor”), and the State of New Jersey, Department of Environmental Protection (“DEP”), having its principal office located at 401 East State Street, Trenton, New Jersey 08625 (“Grantee”).

TAX MAP REFERENCE. Grantor owns in fee simple certain lands in the borough of Ringwood, County of Passaic, State of New Jersey, which lands are known as Block 310, Lot 2, on the respective Tax Map of Ringwood, Passaic County, and which lands are more fully described on Schedule A attached hereto and incorporated by this reference (“Property”).

PURPOSE. It is the purpose of this Deed of Conservation Restriction to ensure: (1) that the Property will be retained forever predominantly in a natural, scenic, and open condition; (2) that the Property will be used only for recreation and conservation purposes, as defined in the Open Space Preservation Bond Act of 1989, L. 1989, c. 183, in the Green Acres, Clean Water, Farmland and Historic Preservation Bond Act of 1992, L. 1992, c. 88, and in the Green Acres, Farmland and Historic Preservation, and Blue Acres Bond Act of 1995, L. 1996, c. 204 (collectively, “Bond Act”); and in any regulations promulgated pursuant to the authority of the Bond Act ("Regulations"), now codified in N.J.A.C. 7:36-1.1 et seq. (such purposes, collectively and individually, “Park Purposes”); (3) that development or other rights in or appurtenant to the Property will not be transferred to, or used for the benefit of, any other property; (4) that the Property will not be used as open space for or appurtenant to any other property; (5) that the Property will be open and accessible for public use and enjoyment for such purposes and, more specifically, for the purposes described below after the caption “Use of Property”; and (6) that any use of the Property that will significantly impair or interfere with the recreation and conservation values of the Property will be prevented.

TRANSFER OF OWNERSHIP. Grantor, for and in consideration of Grantee’s $491,516 matching grant used for the acquisition of the Property, and pursuant to the New Jersey Conservation Restriction and Historic Preservation Restriction Act, N.J.S.A. 13:8B-1 through 13:8B-9 ("Conservation Restriction Act"), hereby transfers, assigns, and grants to Grantee, its successors, and assigns, (1) a conservation restriction on the Property for the purpose of restricting its use to Park Purposes; and (2) all development rights, except as specifically reserved to Grantor in this Deed of Conservation Restriction, which are now or hereafter allocated to, implied in, reserved to, or inherent in the Property (“Development Rights”). Grantee shall not use, convey, transfer, or assign the Development Rights and assigns to Grantor the concurrent right to enforce this restriction on the use of the Development Rights. Grantee now terminates and extinguishes all Development Rights for other than Park Purposes and covenants that they shall neither be used or transferred to any portion of the Property or to any other property nor used for the purpose of calculating permissible lot yield of the Property or any other property. The provisions of this Deed of Conservation Restriction shall run with title to the Property and shall encumber the Property unless they are released in compliance with the requirements specified in the Conservation Restriction Act and in compliance with any requirements specified in the Regulations.
PROMISES BY GRANTOR. Grantor, for itself, its successors, and its assigns, agrees to maintain, protect, and use the Property only for Park Purposes. Grantor, its successors, and its assigns shall not sell, lease, exchange, or donate the Property except to the State, a local government unit, or another qualifying tax exempt, nonprofit organization, in accordance with the Bond Act and the Regulations. No such conveyance shall be effective without the prior written approval of the Commissioner of DEP or his designated representative ("Commissioner"). No such conveyance shall be effective unless Grantor shall pay Grantee fifty percent (50%) of all proceeds received as a result of the conveyance. The Property shall remain subject to this Deed of Conservation Restriction after any approved conveyance.

Grantee covenants that it shall not permit any of the following activities on the Property:

1) Removal or destruction of any tree, shrub, or other vegetation now existing on the Property, except if the Commissioner has approved of the activity in writing as necessary or convenient for use of the Property for the Park Purposes described in this Deed of Conservation Restriction.

2) Excavation, dredging, removal, or placement of topsoil, sand, gravel, loam, rock, or other mineral substance from or on the Property, except if the Commissioner has approved of the activity in writing as necessary or convenient for use of the Property for the Park Purposes described in this Deed of Conservation Restriction.

3) Construction of any building, structure, or road on the Property, except if the Commissioner has approved of the activity in writing as necessary or convenient for use of the Property for the Park Purposes described in this Deed of Conservation Restriction.

4) Dumping or placing of landfill material, trash, waste, or unsightly or offensive materials on the Property, except clean fill may be placed if all necessary permits have been obtained and the Commissioner has approved of the activity in writing as necessary or convenient for use of the Property for the Park Purposes described in this Deed of Conservation Restriction.

5) Notwithstanding the foregoing, Grantee agrees that Grantor may, with prior notice:

a) engage in such soil and water conservation practices or management activities as may be necessary, provided such practices and activities are consistent with an overall management plan submitted by the Grantor, and protect the conservation values associated with the Property, including but not limited to removing vegetation which poses a health or safety hazard or to remove invasive plant species;

b) construct, maintain, improve, replace or repair roadways, bridges, paths and trails, fences, stiles, interpretive and directional signs, and related and associated structures necessary for the public's recreation and conservation use, access and convenience;

c) impose terms, conditions and restrictions upon the use and ownership of the Property which are in addition to or more restrictive than this Deed of Conservation Restriction, provided that the Property will be open and accessible for public use and enjoyment and that any use of the Property will not significantly impair or interfere with the recreation and conservation values of the Property.
RIGHTS OF GRANTEE. To accomplish the purpose of this Deed of Conservation Restriction the
Grantor transfers, assigns, and grants the following rights to Grantee:

1) to enter upon the Property at reasonable times in order to monitor Grantor's maintenance of
the Property and compliance with the terms of this Deed of Conservation Restriction,
provided that Grantee shall not unreasonably interfere with Grantor's use and enjoyment of
the Property;

2) to prevent any activity on or use of the Property that is inconsistent with the purpose of this
Deed of Conservation Restriction and to require the restoration of such areas or features of
the Property that may be damaged by any inconsistent activity or use; and

3) to take any other action necessary or convenient to preserve and protect the recreation and
conservation values of the Property.

REMEDIES. In the event of any violation of this Deed of Conservation Restriction, Grantee may, in
its sole discretion and with or without notice, institute suit or take any other action it deems necessary to
enjoin such violation, as party or otherwise, and to require restoration of the Property to its prior condition
and additionally to seek damages and costs incurred in bringing the action and curing the violation. Grantor
further agrees to pay whatever costs Grantee incurs in enforcing the Grantor's obligations pursuant to this
Deed of Conservation Restriction, the Bond Act, and the Regulations. Such costs shall include, but not be
limited to, labor and other personnel costs, equipment and material costs, attorney and other professional
fees, and court costs.

ADDITIONAL RESERVATIONS AND COVENANTS. Grantor reserves the right to utilize the
Property subject to the terms, conditions, and specifications of this Deed of Conservation Restriction.
Grantor covenants that Grantor has done no act to encumber the Property other than to convey this Deed of
Conservation Restriction to the State of New Jersey. Grantor's promise regarding other encumbrances is
called a "covenant as to grantor's acts" (N.J.S.A. 46:4-6). This promise means that Grantor has not done
anything which would allow anyone else to obtain any legal rights which affect the Property (such as by
making a mortgage or by allowing a judgment not be entered against Grantor).

USE OF PROPERTY. Grantor understands and incurs that this Deed of Conservation Restriction
will benefit the public by virtue of preserving the Property in its natural state. Grantor intends to maintain
and use the Property as a passive park.

PUBLIC ACCESS. Public access shall be limited to non-vehicular use, with no fees, charges,
memberships, registrations, or schedules. Grantor covenants to permit the public the greatest public access
consistent with the uses stated above.

RECORDATION AND CORRECTIVE INSTRUMENTS. Grantor agrees to record this
instrument in the official records of the County of Passaic, State of New Jersey, as soon as possible after
acquiring title to the Property. Grantor may re-record this instrument at any time it may deem necessary or
covenanted to preserve its rights pursuant to this Deed of Conservation Restriction. Grantor agrees to
execute any corrective or additional instrument which Grantor determines may be necessary or convenient to
secure its rights under this Deed of Conservation Restriction or fully to effectuate the purposes intended to be
achieved by this Deed of Conservation Restriction.

PURPOSE/DESCRIPTION OF SERVICE

Passaic County is located in the northern part of New Jersey, includes sixteen
municipalities with a total county population of 591,226, as per 2010 Census.
The lower county consists of six municipalities and represents 58% of the aging
population 60+: Clifton, Passaic, Paterson, Haledon, Hawthorne, and Prospect
Park. 12.1% of Passaic County residents aged 65+ are living in poverty. The
poverty rates have increased to 25% in the cities of Paterson and Passaic.
While the overall elderly population is increasing, the 85+ age group is the
fastest growing. The degree of frailty and need for in-home services is also
increasing especially for this age group. These few facts are very significant
and the need for food assistance is apparent.

TYPE: Policy Memorandum

SUBJECT: MIDYEAR ALLOCATION OF AREA PLAN CONTRACT FUNDS FOR 2015

NUMBER: 2015-7, I-7

SUPERSEDES: None

DISTRIBUTION CODE: I

EFFECTIVE DATE: Immediately

APPLICATION: Executive Directors, Area Agencies on Aging

POLICY: Enclosed please find the Midyear Amendments for Area Plan Contract (APC) year 2015. The midyear allocation is detailed on Attachment A. In order to help mitigate the impact of sequestration reductions, the division is allowing each Area Agency on Aging (AAA) to carry over 100% of federal balances into 2015.

Attachment A (Pages 1-4)

Attachment A1 – A3 provides the Area Agencies on Aging (AAAs) allocation for APC 2015. These are the amounts each AAA has been allocated based upon the funds currently awarded for APC 2015 through Federal and State appropriations. With the impact of sequestration, DoAS is again waiving the 8% carry-over limit for this year. AAAs are permitted to carryover 100% of their 2014 federal balances in Title III, state match, Medicaid Match, Superstorm Sandy and NSIP funds. Carry over identified on attachment A can be used in APC 2015. The Midyear Amendment Spreadsheet (Attachment A) includes the following:

Title III and Related State Matching Funds

- 100% Allocation of Title III Older Americans Act dollars and related State Matching funds
- Allowed carry-over
- Total Authorized Funds - This figure indicates the total amount available for area plan administration and services prior to transfers (AAAs will be notified under a separate PM allowing transfer of funds between B, C1 and CII)
SAGE

In order to incorporate the additional funds into the 2015 APC, a budget revision/amendment request must be initiated in SAGB. The AAA must open up the 2015 APC and change the status to “Grant Amendment/Budget Revision Request Initiated.” To initiate the amendment, fill out the “Grant Amendment/Budget Revision Request” form in the forms section of the grant. This is the red link. If adding or deleting a program in the amendment, be sure to also complete the amendment request for the addition or deletion of a service or service provider if applicable. When completing the grant amendment/budget revision request form, start the title with the date of the request. This will enable DoAS to differentiate between the different amendment requests. The title of the request can be “Current Date - Mid-Year Amendment.” Since this amendment is adding additional funds to the grant, check off the button for “grant amendment.” In the justification, indicate that this amendment is being requested in order to incorporate the balance of federal and state funds for 2015 as well as adding the allowable carry-over from 2014. If completing any additional modifications to the IPS documents, please include a detailed justification of what is being amended. Once the justification is completed, submit it to DoAS by changing the status of the grant to “Grant Amendment/Budget Revision Request Submitted.” If the request is approved, DoAS grants management staff will open up the IPS documents and any additional requested pages to enable the AAA to officially change the grant documents. Be reminded that no changes can be made to an IPS, or any document in the application, until approved and opened up by DoAS, AAA Administration fiscal and program staff.

Non-Title III

This includes 100% of the following funding sources: State Weekend Home Delivered Meals (SWHDM), Safe Housing and Transportation (SHTP), Adult Protective Services (APS), Social Services Block Grant (SSBG), Supplemental Home Delivered Meals (SHDM), Care Management Quality Assurance (CMQA), Community Based Senior Program (CBSIP), Medicaid Match and what is now known as Supportive Funds, formerly referred to as the State Cost of Living Adjustment (COLA).

- The second installment of each AAA’s 2015 Nutrition Service Incentive Program (NSIP) allocation, currently 100% of funds received from ACL, is included in this midyear amendment. Due to the fact that DoAS has not yet received a final grant award from AoA for FFY 15, these amounts may change in the final amendment in September. Midyear allocations are based upon the FFY14 NAPIS meal counts submitted to AoA in February 2015. Any balance of NSIP funds will be included in the final amendment.

- Allowable carry-over balances from the 2014 Area Plan Contract for SSBG Sandy, NSIP and Medicaid Match are included in this mid-year amendment at 100%. SSBG Sandy funds must be spent by September 30, 2015. FY14 Medicaid Match carry-over must be spent by June 30, 2015. NSIP funds follow the same expenditure guidelines as Title III funding (one year to obligate and an additional two years to spend).
Reconciliation of Final Expenditure Reports for Contract Year 2014

Final expenditure data for contract year 2014 was received and reviewed by DoAS and allowed carry-over is included in this midyear amendment. Each AAA will receive a 2014 closeout letter detailing the final expenditure and fund balance information. Once these letters are issued and verified by the AAA Executive Directors, no further adjustments will be considered.

Finally, the Division of Local Government Services is aware of these authorizations and will approve corresponding county budget appropriations for those counties receiving funds under this PM.

Questions regarding this Policy Memorandum may be directed to Anthony Garofalo at (609) 588-6529.

As a reminder, the Governor has signed Executive Order No. 125 which mandates that all principal departments and agencies implement comprehensive and stringent safeguards to ensure integrity of the expenditure of federal reconstruction resources and make certain all such resources are utilized in an ethical and transparent manner. There will be heightened scrutiny and oversight of all Sandy activity.

Accordingly, the SHRAP program will be subject to enhanced reporting with restrictive deadlines and due dates and increased monitoring and oversight. All final reporting of the SHRAP funds must be submitted to DFD no later than October 30, 2015. Failure to adhere to this timeframe will result in loss of funds.

3.0 PRE-PROPOSAL MEETING/WALKTHROUGH ON JUNE 26, 2015:

We refer to the site meeting/walkthrough of Mr. Yogesh A. Shah, PE on Friday, June 26, 2015 at 10:00 a.m. The writer met with Mr. Jason Figueroa, Mr. Benjamin, Mr. Michael Rattagliata, Director of Operations for this building, and Ryan the Maintenance person at this site. The following is a summary of the discussions/walkthrough:

1. This is a four-story building which was originally built in 1888. This building has individual space heating hot water boilers and domestic hot water heater on each floor in small mechanical rooms. The heating system on two (2) floors namely the first and second floors has been recently upgraded and is not a part of this project. This project is for replacement of the space heating hot water boilers on the third and fourth floors only of this building as well as to review the existing domestic hot water system on these floors to see if they need to be replaced.

2. Mr. Figueroa stated that they need a more energy efficient replacement unit.

3. There is no asbestos in the boiler room or the domestic hot water heater storage rooms in any of the boilers, piping insulation or breaching, etc.

4. Mr. Rattagliata stated that each floor namely the third and fourth floors has approximately twenty-two (22) rooms which comprises of dormitory type bedrooms for the residents, bathrooms, offices. There are 36 beds plus three (3) to four (4) staff members for a total of 90 people occupancy on each floor, namely the third and fourth floor.

5. There are no kitchens on either the third or fourth floors.

6. Mr. Rattagliata stated that there are hot water baseboards in the dormitory style bedrooms, corridors, bathrooms, etc. The basis of design is to maintain 180°F hot water supply temperature and 160°F hot water return temperature. Mr. Rattagliata added that the fourth floor spaces can get overheated during the winter and the space temperature can go up to 90°F as it is on the top floor. The fourth floor boilers are leaking. On the third floor, two (2) of three (3) boilers are working. There are five (5) hot water zone circulators on each floor. They are B&G make. Most of them have been replaced with cartridge style. There is a thermostat which controls the operation of each of these zone pumps. The pump controls come to a relay in the boiler room.

The third floor has an outdoor air sensor which shuts down the boiler when the outdoor air temperature is above 60°F.

7. The writer suggested providing new hot water condensing boilers for increased energy efficiency based on outdoor air reset and hot water temperature reset. The new boilers will be sealed combustion side wall direct vent type units.

8. Mr. Figueroa added that all five zone pumps should be replaced on both floors as a part of this project.

9. The writer inquired about the construction budget. Mr. Figueroa stated that we will need to talk to Mr. Sam Yodice.
LAN ASSOCIATES

10. Mr. Figuereoz stated that the timeline is not critical. The writer added that the installation phase of this project cannot be completed by the start of the next heating season in October 2015 unless temporary boilers are provided.

Ryan, the maintenance person walked us through the third and fourth floor. The following is a summary of the observations:

1. First reviewed was the fourth floor boiler room. The boiler room is approximately 7' x 9' x 15' high. There are two (2) natural draft hot water boilers which are Slant Fin make and each rated for 300 MBH heat input. There is one (1) newer LAARS make domestic hot water heater which is approximately 300 MBH heat input capacity. All units are gas fired. There are five (5) zone pumps which are B&G make, model #NRF-22, rated for 115V/60. There is an ITT make expansion tank. There is one (1) floor drain in the boiler room.

Next reviewed was the adjoining domestic hot water storage room. The Lochinvar make domestic hot water storage tank rated for 119 gallons was replaced approximately two (2) months ago. This room is 7' x 7' x 10' high approximately.

The boiler room door has a louver whereas there is no louver on the adjoining domestic hot water storage room door.

The domestic hot water heater and the storage tank are not a part of the scope of work as they do not need to be replaced.

There are no sprinklers in the boiler room, but there is a sprinkler head in the domestic hot water storage tank room. The entire fourth floor is sprinklered.

Next reviewed was the women's bathrooms/showers. There are two (2) hot water fin tube radiation each 6' long.

Next reviewed was a dormitory style room, Room 405 which has continuous wall-to-wall fin tube radiation.

There is fin tube radiation in the corridor.

The fourth floor is occupied by women.

2. Next reviewed was the third floor mechanical room. The third floor is occupied by men. There is similar arrangement with hot water fin tube radiation in the corridors, bathrooms, and the dormitory style rooms.

The boiler room is in the same location on the third floor as the fourth floor, but the boiler room door has no louver. Instead the domestic hot water storage room door has a louver.

There are sprinklers in the corridor ceiling. The corridor ceiling is mostly hard ceiling on the third floor where it is drop ceiling on the fourth floor.

The boiler has three (3) Slant Fin make hot water boilers which are very old and each rated for 108 MBH heat input and 132 MBH heat output. There are five (5) B&G make zone circulator pumps, model #NRF-22, rated for 0.8 amps, 92 watts, 115V/60.

The third floor boiler room has Tekmar boiler controls type 254. There is also a day/night controls timer.
LAN ASSOCIATES

There is a newer Bradford White make domestic hot water heater, serial #GF13502876, model #D75T 3003N rated for 300 MBH heat input. The domestic hot water heater flue and the three (3) boilers flue terminate through the exterior side wall.

This boiler room is approximately 11' x 7' x 9' high in some areas and 14' high above the domestic hot water heater.

There is an adjoining domestic hot water storage tank room which has an A.O. Smith make older domestic hot water storage tank, approximately 30" diameter, 70.75" height, Model #T200S.6, Serial #95JS918, installed in 1995 and rated for 200 gallons, 150 PSI, non-ASME construction.

This concluded the discussions and observations at the site.

7.0 FIRMS COMPETENCE:

LAN was founded in 1985. Presently we employ over 75 architects, engineers, intern architects, engineers in training, designers, CAD operators, field observers, and secretarial support staff. LAN is presently responsible for approximately $75 million worth of construction per year for housing authorities, federal, state, county and municipal governments, boards of education, Fortune 500 companies, foreign companies, churches and private clients.

LAN's main office is located in Midland Park, NJ. We have a satellite office located in Goshen, New York.

LAN is fully computerized, and 100% of the design work is performed during CADD. We currently have 30 CAD stations in operation. In addition, our specifications, report writing and correspondence are all computerized on a PC based system, which uses Microsoft Word, Excel, and a number of other software packages. The computer system would be utilized for these specific projects. All schematic drawings would be CADD generated.

Because of our multi-disciplined activities, our clients can have a single source for professional services at LAN. We are capable of taking our projects from concepts to design through construction with our in-house construction management staff.

Plans prepared by this office normally require a review by the State of NJ, Department of Education, Department of Community Affairs, NJDEP, HUD, Port Authority, or other approval agencies. We have routinely prepared plans for submittals to these various agencies.

As such, we have knowledge of Federal, State, local building codes and HUD codes including those applicable to this project.

Concerning financial stability, LAN is celebrating its 50th year in 2015. LAN is an employee owned company, and as such, we are dedicated to providing quality service to ensure repeat business from existing clients. Based on our staffing level, we would be able to complete the requested services in the timeframe.

Re: *Encroachment* into Existing Passaic County Right-of-Way  
City of Paterson,  Block: 908  Lot: 21

Dear Members of the Board:

This Office received the attached Encroachment Permit Application, requesting the continuance of existing encroachments at the property at 433 Union Avenue in the City of Paterson. The encroachments are detailed below.

The encroaching features consist of the following:

a) **Existing Canopy, Sign, Roll-Up Door, and Building Overhang**

The Passaic County Planning Board issued a review letter on the site plan No. SP 14-014 on October 7, 2014; one of the comments being that the applicant receive an encroachment permit. This request and the accompanying encroachment plan have been reviewed and recommended for approval by the Public Works Committee at its meeting of July 13, 2015.

Therefore, I recommend that the Board of Chosen Freeholders adopt the necessary Resolution authorizing the establishment of an encroachment as described above at this location, with any restrictions as stipulated above and contained within the Conditions of Approval as noted on the Encroachment Permit Application, and that the Office of County Counsel prepare any necessary Agreements between the County of Passaic and the Owner for these encroachments.

PROJECT: Weasel Brook Park Improvements  
City of Clifton, Passaic County  
NJDEP Green Acres Project #1600-12-059  
Enabling Resolution for Green Acres Grant

Dear Members of the Board:

The County of Passaic has received a NJDEP Green Acres grant for the Weasel Brook Park Improvements in Clifton (Project #1600-12-059). The project consists of the restoration of ball fields for multi-purpose use, a new ADA accessible playground, restroom upgrades, court game improvements, and pond dredging for enhanced recreation and water conservation purposes. The Green Acres grant is a matching grant of $309,900. The County is to allocate a match of $309,900 for this project. The grant also requires the County of Passaic to adopt an Enabling Resolution for this particular grant and project. Refer to attached March 11, 2015 letter from the NJDEP Green Acres Program. Please note, the Resolution R20150259, dated April 14, 2015 inadvertently stated $309,000 in lieu of $309,900.

This matter was discussed with the Public Works Committee on July 13, 2015 and recommended for approval to the full Board.

Therefore, I recommend that the Board of Chosen Freeholders adopt an enabling Resolution authorizing the filing of the agreements with NJDEP Green Acres for the Weasel Brook Park Improvements Project and to further authorize the Director and Clerk to execute the Application, Agreement, and Certification for funds.

Very truly yours,

Steven J. Edmond, P.E.

Re: Little Falls Bus Shelter Agreement (Installation of Bus Shelters for New Jersey Transit)
Westbound Long Hill Road at Tanglewood Dr
Eastbound Main St at Central Ave

Dear Members of the Board:

Our office received from the Township of Little Falls referenced tri-party agreement (New Jersey Transit, Township, and County) in connection with the installation of bus shelters at the existing bus stops at the referenced locations.

Since Long Hill Road and Main Street are County roads, a consenting Resolution is required. This Resolution and agreement were discussed with the members of the Public Works Committee meeting on July 13, 2015, and recommended for approval.

Based upon the above, it is my recommendation that the Board of Chosen Freeholders adopt a consenting Resolution, authorizing the County to enter into the tri-party agreement, subject to the following three conditions:

- The cost and maintenance of all signs and equipment be borne by the Township of Little Falls or New Jersey Transit.
- If a bus shelter needs to be relocated in the future due to road widening, the cost of the relocation shall be the responsibility of the Township of Little Falls.
- The Township of Little Falls will insure and hold the County and New Jersey Transit harmless for anything having to do with the shelters.

Mr. Chuck Silverstein  July 18, 2014

Dear Chuck,

I am enclosing the signed NJ Transit agreements for the two bus shelters that they are planning to install in the Township of Little Falls.

The first shelter will be located on Long Hill Road between the bridge and Tanglewood Drive (Inwood Complex) on the northeast side of Long Hill Road. The shelter will be placed in the County right-a-way.

The second bus shelter will be located on Main Street in front of the Valley National Bank. The bank is located at — Main Street and Center Ave. The original plan was to place the shelter very close to the corner, but due to sight issues and the amount or lack of room to get around, we requested that it be placed back in the same area as the previous shelter before a vehicle had destroyed it. NJ Transit wanted to move the shelter back onto the bank property about two feet, but upon measuring the sidewalk we felt that this would not be necessary. NJ Transit re-visited the site and confirmed that they did not need to encroach on the bank property. The shelter will be in the County right-a-way. The shelter is planned to be placed in front of the bank between the flag pole and the sign.

NJ Transit will adjust the exact location once the shelter arrives but within the above area. Since the shelter will not be on the banks property, NJ Transit stated that we do not need their signature on the agreement.

Please process these agreements for the proper signatures and return to NJ Transit.
If you have any questions, please contact me at 973-256-6815.

Thank you for all your help.

WHEREAS, NJ TRANSIT desires to encourage the participation of municipal and county governments and other concerned citizens in the development of a bus shelter program; and

WHEREAS, the Sponsor and Co-Sponsor desire bus shelters to be installed in order to provide a safe and convenient waiting area for the commuting public; and
WHEREAS, the Sponsor has made application to NJ TRANSIT by its resolution dated ________________, and the Co-Sponsor has concurred with said application by its resolution dated ________________, which resolutions are hereby made a part of this Agreement, for the installation of (2) bus shelters at certain locations within the Township of Little Falls in the County of Passaic, and

NOW, THEREFORE, in consideration of the mutual covenants and conditions herein contained, the parties hereto covenant and agree with each other as follows:

1. NJ TRANSIT shall procure and install, at its sole expense, two bus shelters at certain locations within the Township of Little Falls, the County of Passaic, which locations are set forth in Exhibit A which is attached to and made part of this Agreement.

2. The Sponsor, at the Sponsor's sole cost and expense, shall secure any and all rights-of-way necessary for the proposed bus shelter installation(s).

3. Other than as set forth in paragraph 4 hereof, the Sponsor shall do any and all preliminary work relating to installation of the bus shelters, including any utility relocations, necessary to prepare the bus shelter site(s) at the locations set forth in Exhibit A. NJ TRANSIT will ensure that the shelter itself will conform with all requirements of the Americans with Disabilities Act of 1990, 42 U.S.C. 12101 et. seq., as implemented in the Department of Justice regulations 28 CFR Part 35. The Sponsor shall bear all obligations and costs to comply with the act when necessary to provide access to the shelter involving sidewalks, curb cuts, ramps, or slopes.
4. If NJ Transit, in its sole discretion, determines that the installation of a six (6) inch deep concrete pad foundation is necessary for the bus shelter installation(s), then NJ Transit shall perform or cause to be performed the excavation or fill work related to the installation of said concrete pad.

5. The Sponsor shall obtain any and all necessary consents from adjoining property owners for installation of the bus shelter(s) at the proposed location(s).

6. The Sponsor, in accordance with N.J.S.A. 39:4-197 et. seq., and the Co-Sponsor shall adopt any and all resolutions and/or ordinances necessary to give legal effect to all regulatory signs and devices installed or erected in connection with the bus shelter installations. The Sponsor and Co-Sponsor shall comply with N.J.S.A. 39:4-8 when adopting any ordinance or resolution pertaining to the subject bus shelters if such resolutions or ordinances pertain to regulating or governing of traffic or traffic conditions.

7. The Sponsor shall procure and, when necessary, pay for any and all necessary permits required to carry out the project.

8. The Sponsor and/or Co-Sponsor hereby grant NJ TRANSIT and the New Jersey Department of Transportation (NJDOT), their agents, officials, employees and servants permission to enter its right-of-way at the location(s) set forth in Exhibit A for the purpose of installing or removing bus shelters at said locations.

9. Upon the completion of the installation of the bus shelter(s) the Sponsor shall assume ownership and possession of the bus shelter(s) and shall retain
ownership of said shelters(s) subject to the terms, condition, reservations and covenants set forth in this Agreement.

10. The Sponsor agrees to bear all risks of damage, loss, theft, or destruction, partial or complete, of the bus shelter(s). Any and all replacements, repairs or substitution of parts on the shelter(s) shall be at the cost and expense of the Sponsor, and the Sponsor shall at all times at its own expense keep the bus shelter(s) in good condition and repair. The Sponsor shall provide, at its own expense, security and maintenance (including removal of graffiti and snow removal) necessary to keep the shelter(s) functional, safe, and clean. If the Sponsor fails to maintain a bus shelter so that it is no longer safe, clean or functional as determined by NJ TRANSIT, NJ TRANSIT shall notify the Sponsor in writing of such determination and after thirty (30) days from the date of said notice, NJ TRANSIT may, by its agents, enter upon the site of said shelter, take possession of, and remove such shelter. The Sponsor, however, shall remain liable with respect to the bus shelter as hereinafter provided until its removal. This right retained by NJ TRANSIT to retake possession of a shelter, should the Sponsor fail to abide by this Agreement, shall not be construed, and is not intended to impose, a duty on the part of NJ TRANSIT to inspect and maintain the shelter(s). The duty to inspect and maintain rests entirely with the Sponsor.

11. At no time shall the Sponsor remove or relocate a bus shelter installed pursuant to this Agreement without prior written approval of NJ TRANSIT. All
costs of removal and/or relocation, if approved, shall be borne by the Sponsor.

12. The Sponsor shall defend, indemnify, protect, and save harmless the State of New Jersey, NJ TRANSIT, NJDOT, and the Co-Sponsor, their agents, officials, employees, and servants, against all liability, expenses and just or unjust claims made against the Sponsor, the State of New Jersey, NJ TRANSIT, NJDOT, and the Co-Sponsor, their agents, officials, employees, and servants on account of any alleged injuries, deaths, property damage, losses of any kind whatsoever, damages, suits, liabilities, judgments, costs and expenses (including reasonable court costs and attorney's fees), arising out of any acts or omission of the Sponsor, its officials, agents, servants and employees in the performance of any duties, services or obligations connected with or resulting from this agreement or arising from the possession, use, and maintenance of the bus shelters, including without limitation, the delivery, possession, use or removal thereof. NJ TRANSIT assumes no liability or responsibility for the acts, whether negligent or not, of the Sponsor or Co-Sponsor, their officials, employees, agents or servants, by virtue of entering into this Agreement.

13. The Sponsor agrees to carry, throughout the term of this Agreement, commercial general liability insurance which covers any and all claims arising from the possession, use or maintenance of each bus shelter which is the subject of this Agreement with a minimum limit of $1,000,000.00 per occurrence. Such insurance shall name NJ TRANSIT and Sponsor and Co-
Sponsor as insured and shall contain a provision that no act or omission of Sponsor and Co-Sponsor will affect or limit the obligation of the insurance company to pay the amount of any loss sustained. Such policy shall be noncancellable except upon thirty (30) days advance written notice to NJ TRANSIT. The foregoing insurance coverage is not intended to, nor does it, limit the liability of the Sponsor to hold harmless the State of New Jersey, NJ TRANSIT, NJDOT and the Co-Sponsor. If the Sponsor fails to maintain the types or amounts of insurance required under the terms of this Agreement, NJ Transit shall have the right to unilaterally cancel this agreement and to enter upon the sites of the subject bus shelters, take possession of the shelters and remove the shelters, upon 24 hours notice to Sponsor and Co-Sponsor.

14. The Sponsor shall not install or permit to be installed any graphics or private advertisement on the bus shelters without the prior written approval of NJ TRANSIT.

15. Each party executing and delivering this agreement has due and proper authority to execute and deliver same.
IN WITNESS WHEREOF, the parties hereto execute this Agreement to be effective as of the day and year first written above.

Re:  Township of Little Falls Ordinance 1220 - Bus Stops

Dear Members of the Board:

Our office received from the Township of Little Falls a copy of the referenced Ordinance. It lists the designated locations of all bus stops in the Township, incorporating corrections previously noted by our office.

Since County Roads are involved, a consenting Resolution is required. This Resolution was reviewed and recommended for approval at the July 13, 2015 Public Works Committee meeting. Based upon the above, it is my recommendation that the Board of Chosen Freeholders adopt a consenting Resolution, provided the cost and maintenance of all signs and equipment be borne by the Township of Little Falls.

Reference: Level 3
Fiber Optic Cable Installation
City of Clifton

Members of the Board:

Level 3, a telecommunications service provider, has applied for permission to install a new Fiber Optic Facility, generally along various county roads in Clifton, NJ.

The installation will consist of the following:
- 1225 linear feet of under-roadway installation in River Road from the Essex County Line to Myrtle Avenue.
- The installation will also include 101 liner feet attached to PC80, a Passaic County Bridge over the Third River.

This installation will involve excavation in the roadway and external attachment to the bridge.

As this road is currently under moratorium, restoration should involve restoring the trench to Passaic County Specifications and mill and resurface from curb to curb for the entire length of the project with the exception of the concrete bridge deck.

This matter was discussed with the Public Works and Buildings and Grounds Committee at its meeting of July 13, 2015.

DATED: JULY 22, 2015
RESOLUTION AUTHORIZING AN AGREEMENT BY AND BETWEEN THE COUNTY OF PASSAIC AND DELUXE INTERNATIONAL TRUCKS, INC. FOR THE PURCHASE OF TRUCK PARTS FOR THE PASSAIC COUNTY ROAD DEPARTMENT

WHEREAS the County of Passaic owns several older Deluxe International trucks that often are in need of repair and, in order to keep them running and operational, it is often necessary to purchase truck parts from Deluxe International Trucks, Inc.; and

WHEREAS the Passaic County Road Supervisor was recently notified that purchase of truck parts in the amount of $50,000.00 from Deluxe International Trucks, Inc. of 600 South River Street, Hackensack, NJ brought the total amount of purchases for this year over the monetary threshold established under the Pay-to-Play Law [N.J.S.A. 19:44A-20.3 et seq.]; and

WHEREAS the Board of Chosen Freeholders of the County of Passaic by Resolution 06-97 dated February 14, 2006, established a policy of only awarding contracts in excess of the monetary threshold set forth under the Pay-to-Play law only under a fair and open process; and

WHEREAS the Supervisor of Passaic County Roads is requesting that the said Board make an exception in this case because of the need for these specific truck parts for the Deluxe
International trucks owned by the County of Passaic (see copy of July 13, 2015 letter attached hereto and made a part hereof); and

**WHEREAS** the Freeholder Committee for Public Works and Buildings & Grounds reviewed this matter at its July 13, 2015 meeting and is recommending that the Board make an exception in this case; and

**WHEREAS** a certification is attached which indicates that funds are available for the within contemplated expenditure.

**NOW THEREFORE BE IT RESOLVED** by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes a non-fair and non-open contract to Deluxe International Trucks, Inc. of South Hackensack, New Jersey for the purchase of truck parts for the repair of Deluxe International trucks and vehicles owned by the County of Passaic.

**BE IT FURTHER RESOLVED** that this contract is being awarded as an exception to the policy of the Board as set forth in its Resolution R-06-97 dated February 14, 2006 because of the special circumstances of this situation and the policy of the Board as set forth in this resolution shall remain in full force and effect; and

**BE IT FURTHER RESOLVED** that the Director and Clerk of the said Board are hereby authorized to execute the necessary contract on behalf of the County of Passaic if necessary.

Re: Resolution Request – Deluxe International Truck, Inc.

Dear Mr. Glovin:

Dated: July 22, 2015
RESOLUTION AUTHORIZING THE PASSAIC COUNTY SHERIFF’S OFFICE TO FILE AN APPLICATION WITH THE STATE OF NEW JERSEY TO RECEIVE “DRIVE SOBER OR GET PULLED OVER 2015 STATEWIDE LABOR DAY CRACKDOWN” GRANT FUNDS

WHEREAS the State of New Jersey through the Division of Highway Traffic Safety, is participating in a federally funded project designed to identify and arrest intoxicated drivers both in participating municipalities and Statewide; and

WHEREAS grant funds in the amount of $5,000.00 in overtime enforcement grant funding is available to the Passaic County Sheriff’s Office to be utilized during the Drive Sober of Get Pulled Over 2015 Statewide Labor Day Crackdown from August 21, 2015 through September 7, 2015, see notification letter attached hereto; and

WHEREAS this matter was reviewed by the Freeholders of the Law & Public Safety Committee at its July 14, 2015 meeting, and recommended to the full Board for approval; and

WHEREAS the Passaic County Board of Chosen Freeholders fully supports all efforts made to identify and arrest intoxicated drivers in an effort to reduce fatalities;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of Passaic County that, in accordance with the terms set forth above, the Passaic County Sheriff’s Office is hereby authorized to submit an application with the State of New Jersey, and to take further action and execute all necessary documents to receive grant monies for the program entitled “Drive Sober or Get Pulled Over 2015 Labor Day Crackdown Grant”.

Dated: July 21, 2015
NARRATIVE DESCRIPTION OF PROJECT

I agree to the Terms and Conditions found below.*

Problem Statement:

In 2013, alcohol impaired fatalities accounted for 22% of New Jersey’s traffic fatalities. The rate of alcohol impaired fatalities has been declining in recent years; however impaired driving remains a significant issue, both in New Jersey and nationally. This project will provide funding to implement an impaired driving enforcement campaign as part of the 2015 Drive Sober or Get Pulled Over Statewide Labor Day Crackdown. Between August 21, 2015 and September 7, 2015, police officers, on an overtime basis, will conduct special enforcement patrols targeting impaired drivers. The patrols will consist of roving patrols and fixed checkpoints.

Objectives:

To reduce the rate of alcohol-impaired driving fatalities in the state by three percent from the 2011-2013 calendar base year average through targeted impaired driving enforcement and education during the 2015 Drive Sober or Get Pulled Over Statewide Labor Day Crackdown.

Methodology:

REMINDER: As per directives from the National Highway Traffic Safety Administration (which provides the federal funding for this grant) Chiefs of Police are not eligible to work grant-funded overtime through this grant.***

This federally-funded grant project consists of an enforcement overtime campaign from August 21, 2015 through September 7, 2015. The project is designed to raise awareness about the dangers of drinking and driving, to offer deterrence through visible enforcement, to arrest impaired drivers, and to issue summonses for relevant motor vehicle violations. The grant will pay for 100 hours of overtime enforcement during the crackdown period, with a maximum rate to be reimbursed of $50 per hour. The 100 overtime hours will be used for roving patrols and checkpoints.

This is a reimbursement grant. Participating departments will incur all costs and then submit the necessary documentation to the Division of Highway Traffic Safety for reimbursement.

This is an enforcement campaign. A reasonable number of impaired driving arrests and other summonses are expected in relation to overtime hours worked. Overtime activities can only be conducted within the dates of the project period and must be conducted between the hours of 8 pm and 4 am.

All grantees are expected to conform with the established “Law Enforcement Performance/Productivity Standards for Federally Funded NUDHTS Grants.”

The maximum project overtime rate is $50.00 per hour regardless of what
An officer works the project hours. The officer is to receive the full dollar amount in overtime. Administrative costs or fees should be considered “in kind services” or soft matches and are not a part of this grant. It is up to the agency to establish its pay rate for the project. The Division encourages agencies to pay all participating officers a flat $50 per hour rate for this overtime detail, but agencies may pay their usual overtime rates, if they wish, in which case the reimbursement from the Division will be:

- Officers paid $50.00 – project will reimburse at $50.00 per hour
- Officers paid less than $50.00 – project will reimburse at that lower rate
- Officers paid more than $50.00 – project will reimburse at $50.00 per hour with the municipality covering the remainder of the rate.

Again, the maximum hourly rate to be reimbursed is $50 per hour, regardless of whether all the grant-budgeted hours are worked or not.
EVALUATION (ADMINISTRATIVE (PERFORMANCE) EVALUATION)

☑ I agree to the Terms and Conditions found below. *

1. News release sent to local media and resolution/proclamation approved by local governing body.

2. A reasonable number of impaired driving arrests and summonses issued in relation to overtime hours worked.

I agree to the Terms and Conditions outlined in Acceptance of Conditions document found above.

Dated: July 21, 2015
2015 COUNTY SALARY REIMBURSEMENT AGREEMENT
BETWEEN
THE COUNTY OF PASSAIC
AND
RUTGERS COOPERATIVE EXTENSION
RUTGERS, THE STATE UNIVERSITY OF NEW JERSEY

This agreement made between Rutgers Cooperative Extension, headquartered at the New Jersey Agricultural Experiment Station, part of Rutgers, The State University of New Jersey, hereinafter called RCE, party of the first part, and the County of Passaic, hereinafter called COUNTY, party of the second part, beginning this the _______ of January, 2015.

To provide a Cooperative Extension program as mandated by state and federal law and outlined in the Memorandum of Understanding between the two aforementioned parties for the residents of the County of Passaic in the areas of agriculture and resource management, family and community health sciences, and 4-H youth development and other related programming such as marine fisheries, water quality and aquaculture, Expanded Food Nutrition Education Program, Supplemental Nutrition Assistance Program, etc., which may be pertinent to address specific county needs, the parties agree to the following:

a. RCE will provide the amount as indicated on the salary addendum, of the salaries/wages of the faculty and professional staff involved and 100% of Rutgers University fringe benefits, as determined by the state/federal government and made available to all Extension faculty and staff professionals.

RCE will also provide subject matter resources such as state specialist subject area research support and publications for the Cooperative Extension program planned and implemented within the County of Passaic. RCE faculty and professional staff located in the County are permitted to assume programmatic
roles on a reciprocal trade arrangement with neighboring counties or regions as outlined in this agreement.

b. The County will pay the amount as indicated on the salary addendum, of the salaries/wages and fringe benefits if not provided by the state/federal government, estimated at $128,072, for the period of January 1, 2015 to December 31, 2015 for employees listed on the salary addendum. Should employment of any person in a RCE position cease, RCE will request to utilize the remaining COUNTY funds for part-time temporary employee(s) in the programmatic area(s) in Passaic County with agreement to be indicated in writing.

c. RCE will bill the COUNTY in quarterly installments for reimbursement of approximately one-fourth of the agreed amount of the actual annual salary and wage costs with payments due on April 1, July 1, October 1 and January 1. The final quarter’s payment will be adjusted to reflect the exact yearly payment of the predetermined amount of the total annual salary and wage cost, not to exceed $128,072. The quarter ending June 30 will reflect Rutgers University salary adjustments in accordance with the University’s fiscal year end on that date. RCE and the COUNTY will be responsible to pay the same percentage of any salary increases or bonuses entitled to the employee through the University and/or contracted union agreements.

This annual salary and wage agreement is meant to provide each party with simplified personnel and payroll administration for RCE faculty and staff and is not intended to alter
the terms of the Memorandum of Understanding between the parties, the enabling federal and state legislation, nor the accepted county relationships established for these employees (i.e., unclassified county employee status, supervision of county paid staff, driving county vehicles, liability coverage, etc.). This agreement shall be renewed by both parties on an annual basis with the completed and authorized copy to be returned to RCE by April 1 of each year.
