COUNTY OF PASSAIC

2015 "CAP" RESOLUTION TO EXCEED INDEX RATE
(N.J.S.A.40A:45:15)

WHEREAS, the Local Government Cap Law, N.J.S.A.40A:4-45.1 et seq., provides that in the preparation of its annual budget, a county shall limit any increase in said budget to .5% unless authorized by resolution to increase it to 3.5% over the previous year's final appropriations, subject to certain exceptions; and,

WHEREAS, N.J.S.A. 40A:4-45.15a provides that a county may, when authorized by resolution, appropriate the difference between the amount of its final appropriation and the 2.0% percentage rate as an exception to its final appropriations in either of the next two succeeding years; and,

WHEREAS, the Board of Freeholders in the County of Passaic finds it advisable and necessary to increase its 2015 budget by up to 3.5% over the previous year's final appropriations, in the interest of promoting the health, safety and welfare of the citizens; and,

WHEREAS, the Board of Chosen Freeholders hereby determines that a 2.0% increase in the budget for said year, amounting to $4,499,169.74 in excess of the increase in the final appropriations otherwise permitted by the Local Government Cap Law, is advisable and necessary; and,

WHEREAS, the Board of Chosen Freeholders in the County of Passaic hereby determines that any amount authorized hereinabove that is not appropriated as part of the final budget shall be retained as an exception to final appropriation in either of the next two succeeding years.

NOW THEREFORE, BE IT RESOLVED, by the Board of Chosen Freeholders of the County of Passaic, a majority of the full authorized membership of this governing body affirmatively concurring, that, in the 2015 budget year, the final appropriations of the County of Passaic shall, in accordance with this resolution and N.J.S.A. 40A:4-45.14, be increased by 3.5%, amounting to $7,873,547.04 and that the 2015 county budget for the County of Passaic be approved and adopted in accordance with this resolution; and,

BE IT FURTHER RESOLVED, that any amount authorized hereinabove that is not appropriated as part of the final budget shall be retained as an exception to final appropriation in either of the next two succeeding years; and,

BE IT FURTHER RESOLVED, that a certified copy of this resolution as introduced be filed with the Director of the Division of Local Government Services within 5 days of introduction; and,

BE IT FURTHER RESOLVED, that a certified copy of this resolution upon adoption, with the recorded vote included thereon, be filed with said Director within 5 days after such adoption.

To Whom It May Concern,

Re: Recommendation for award Intervention Strategies

It is my recommendation that Intervention Strategies meets all of the professional requirements for services with employee training programs and supervisory training. The fee schedule of $350.00 hourly for training and $200.00 individual department training, has met the criteria.

A bid was received from Intervention Strategies for Psychologist for Passaic for Passaic County Employee Assistant & Wellness Program, RFQ: 15-070.

Estimated amount of $40000.00 annual used under various account numbers and various County Departments. Amount encumber by Human Resources $20,000.00 annually.

RESOLUTION AWARDING A CONTRACT TO HOSPICE OF NEW JERSEY OF BLOOMFIELD, NJ FOR THE PASSAIC COUNTY PREAKNESS HEALTHCARE CENTER HOSPICE SERVICES EXPAND POOL RFQ-15-071 AS PER QUALIFICATION

WHEREAS, there exists a need for Hospice Services for the County of Passaic Preakness Healthcare Center; and

WHEREAS, the County issued public solicitation RFQ-15-071 for qualified organizations to perform these services, in accordance with “Fair and Open” procedures as established in the"Pay-to-Play” Law, N.J.S.A. 19:44A-20.4, et seq.; and

WHEREAS, the responses to said public solicitation were received on April 21, 2015 and reviewed by the Committee previously established for that purpose by resolution R-06-97 adopted on February 14, 2006; and

WHEREAS, the Evaluation and Review Committee has reviewed the submittals and found that Hospice of New Jersey of Bloomfield, NJ is qualified to perform the necessary services, from January 1, 2015 through December 31, 2015 on an as-needed basis; and

WHEREAS, all fees incurred will be billed to resident or 3rd party insurance, therefore no certification is required; and

WHEREAS, the Finance, Administration and Personnel Committee has reviewed this matter at its April 29, 2015 meeting and recommended this resolution to the full Board of adoption; and

NOW THEREFORE, BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby accepts the committee’s recommendation of award of contract under Local Public Contract Law, specifically N.J.S.A. 40A: 11-5 (1); and
BE IT FURTHER RESOLVED that the Clerk of the Board, the Purchasing Agent and the Director of the Board are hereby authorized to execute all necessary agreements on behalf of the County of Passaic as prepared by the Office of County Counsel for said purpose; and

BE IT FURTHER RESOLVED that although exempt from formal public bidding, this contract is awarded in accordance with "Fair an Open" procedures as established in the "Pay-to-Pay" Law, N.J.S.A. 19:44A-20.4, et seq. as stated more fully above.

Memorandum

TO: Michael Marinello, Purchasing Director
FROM: Michael H. Glovin, Assistant County Counsel
RE: Qualifying Real Estate Appraisers under Pay to Play For 2015
DATE: April 14, 2015

In response to your submission to me of the Qualifications of Real Estate Appraisers that were taken by Purchasing on April 6, 2015, please be advised that I have reviewed all five (5) of the qualifications received and can report that all five firms/individuals are qualified to act as appraisers for the County of Passaic. They are as follows:

1) Value Research Group, LLC, 301 South Livingston Avenue, Livingston, NJ
2) Richard Mohr, Real Estate Appraiser, 51 Lexington Avenue, Paterson, NJ
3) Federal Appraisal and Consulting, LLC, 460 U.S. Highway 22 West, Suite 403, Whitehouse Station, NJ
4) New Jersey Realty Advisory Group, LLC, 333 State Street, Perth Amboy, NJ
5) PATJO Appraisal Services, Inc., 21 Crestview Drive, Kendall Park, NJ

All of the above-referenced firms have individuals or principal employees that have the educational qualifications/MIA and/or long experience in conducting real property appraisals in the State of New Jersey. I would appreciate your presenting this to your Freeholder committee for authorization to qualify these five (5) firms by a Resolution for 2015. Thank you.

RESOLUTION AUTHORIZING THE AMENDMENT OF RESOLUTION R-2015-0235 (I-9) THE PUBLIC NOTICE FOR EMERGENCY RESPONSE AND COST RECOVERY ORDINANCE AS AMENDED

WHEREAS the County of Passaic has established a County Health Department which has been certified as a Local Health Agency by the Department of Environmental Protection pursuant to the County Environmental Health Act, (N.J.S.A. 26:3A-2-22 et seq.); and

WHEREAS pursuant to the County Environmental Health Act; specifically, N.J.S.A. 26:3A-2-34, a governing body of a county with an approved certified Local Health Agency is permitted to formulate and adopt Emergency Response and Cost Recovery Ordinance to deal with the cost of Hazardous Materials incidents clean-up which may occur within the boundaries of the County in question; and

WHEREAS the Passaic County Health Department, pursuant to its Certification, is responsible for the handling of hazardous materials incidents that occur in Passaic County; and

WHEREAS the Passaic County Board of Chosen Freeholders has also designated the Passaic County Sheriff's Department as its agent to assist it in responding to Hazardous Materials incidents; and

WHEREAS in order to effectively handle hazardous material incidents that occur in this County, it is also desirable that the County be able to recover the costs incurred as a result of the clean-up of these incidents; and
WHEREAS this proposed amended Ordinance was reviewed by the Freeholders Committee for Health, Education and Community Services, at its meeting of March 9, 2015, who is recommending its adoption; and

WHEREAS the Board of Chosen Freeholders of the County of Passaic is desirous of amending said Emergency Response and Cost Recovery Ordinance; and

WHEREAS the Board of Chosen Freeholders of the County of Passaic hereby authorizes the Clerk to the Board to notify the public that the First Reading of the proposed Amendment to the Ordinance shall be on May 26, 2015 at 5:30 p.m., at the Freeholder Conference Agenda.

Introduced on: May 12, 2015
Adopted on: May 12, 2015
Official Resolution#: R20150312
This Ordinance is enacted pursuant to and consistent with the County Environmental Health Act, N.J.S.A. 26:3A2-21 et seq., and the Spill Compensation and Control Act N.J.S.A. 58:10-23.11 et seq. The purpose is to prohibit the unauthorized and/or unpermitted discharge of hazardous substances within the County of Passaic. The Ordinance also authorizes the Passaic County Department of Health to conduct emergency response actions and to establish the procedures and protocols for such actions. As such the Ordinance provides for the recovery of those costs incurred by the Passaic County Health Department and/or its agents in an emergency response action.

The original Ordinance was enacted pursuant to Resolution R-1 on June 23, 1998 and submitted to the Commissioner of the New Jersey Department of Environmental Protection pursuant to N.J.S.A. 26:3A2-27, corrections were required and a revised Ordinance was approved by the Freeholders on November 10, 1998 as Resolution R-10 and submitted to Commissioner Shinn on November 12, 1998 and on February 8, 1999 an Order was issued approving the Passaic County Health Department Emergency Response & Cost Recovery Ordinance as revised. The Ordinance became effective February 9, 2000.

This Amended Ordinance is for the purposes of bringing in line the cost for recovery to reflect the current salaries and fringe costs incurred by the County in responding to emergency environmental responses. Attached hereto are the charts reflective of the proposed recovery costs by the Health Department as well as the Sheriff’s Department between whom there exist an Inter-Departmental Agreement to perform emergency response clean-up efforts.

Ms. Pamela Owen, Esq., Director
Department of Human Services
County of Passaic
401 Grand Street
Paterson, New Jersey 07505

Dear Ms. Owen:

CoC Number/Name: NJ-511/Paterson - Passaic County
Project Name: Eva’s Village Apartments
Grant Number: NJ0329L2F111303

Congratulations on the selection of your project for grant funding under the Continuum of Care (CoC) Program. This one year award will contribute to our national effort to end homelessness.

Upon execution of the Grant Agreement by you and HUD, HUD will obligate the total funds for this project in the amount of $116,895.00.

Important Note:

The project applicant answered ‘Yes’ to the question ‘Does the project follow a Housing First model?’ on Form 3B of the Project Application. The CoC was scored to the extent in which project applicants responded yes to this question. Any project that indicated that it follows a Housing First model cannot place preconditions or eligibility requirements—beyond HUD’s eligibility requirements—on persons entering housing, nor can it require program participants to participate in supportive service activities or make other rules, such as sobriety, a condition of housing. Recipients may offer and encourage program participants to participate in services, but there may be no time limit as to when he/she must do so.

Enclosed are two (2) copies of the Grant Agreement that constitutes the agreement between you and HUD. You must sign/date these two (2) copies and return one copy to this Office, retaining one copy of the Agreement for your records. PLEASE NOTE: The copy of the executed Grant Agreement that you retain in your files MUST have the regulations at 24CFR Part 378 attached.
The new LOCCS Voice Response Number for your grant will be generated and sent to you under separate cover. No funds can be disbursed to you until the Grant Agreement is fully executed.

Please contact the appropriate representative in this Office with any questions or concerns regarding the grant. We look forward to working with you.

Very sincerely yours,

Paterson, New Jersey 07505

Dear Ms. Owen:

CoC Number/Name: NJ-511/Paterson - Passaic County
Project Name: Passaic County Housing First 2008
Grant Number: NJ0128L2F111301

Congratulations on the selection of your project for grant funding under the Continuum of Care (CoC) Program. This one year award will contribute to our national effort to end homelessness.

Upon execution of the Grant Agreement by you and HUD, HUD will obligate the total funds for this project in the amount of $258,007.00.

Important Note:

The project applicant answered ‘Yes’ to the question ‘Does the project follow a Housing First model?’ on Form 3B of the Project Application. The CoC was scored to the extent in which project applicants responded yes to this question. Any project that indicated that it follows a Housing First model cannot place preconditions or eligibility requirements—beyond HUD’s eligibility requirements—on persons entering housing, nor can it require program participants to participate in supportive service activities or make other rules, such as sobriety, a condition of housing. Recipients may offer and encourage program participants to participate in services, but there may be no time limit as to when he/she must do so.

Enclosed are two (2) copies of the Grant Agreement that constitutes the agreement between you and HUD. You must sign/date these two (2) copies and return one copy to this Office, retaining one copy of the Agreement for your records. PLEASE NOTE: The copy of the executed Grant Agreement that you retain in your files MUST have the regulations at 24CFR Part 578 attached.

Introduced on: May 12, 2015
Adopted on: May 12, 2015
Official Resolution#: R20150315
The new LOCCS Voice Response Number for your grant will be generated and sent to you under separate cover. No funds can be disbursed to you until the Grant Agreement is fully executed.

Please contact the appropriate representative in this Office with any questions or concerns regarding the grant. We look forward to working with you.

Very sincerely yours,

Dear Ms. Owen:

CoC Number/Name: NJ-511/Paterson - Passaic County
Project Name: St. Paul's CDC S4C
Grant Number: NJ0330L2P111303

Congratulations on the selection of your project for grant funding under the Continuum of Care (CoC) Program. This one year award will contribute to our national effort to end homelessness.

Upon execution of the Grant Agreement by you and HUD, HUD will obligate the total funds for this project in the amount of $45,531.00.

Important Notes:

The project applicant answered "Yes" to the question 'Does the project follow a Housing First model?' on Form 3B of the Project Application. Recipients may offer and encourage program participants to participate in services, but there may be no time limit as to when he/she must do so.

Your Project Application indicates that the project serves 3 units with 3 beds in them. On Form 4C (HIMIS Participation), the Project Application indicates that clients are entered into HMIS; however, only 2 clients were identified with the project. This is an issue because the project applicant has indicated that it is not fulfilling its obligation to serve at least one client per unit. Either year

organization must improve its unit utilization or better record how many clients it serves. Although HUD is not requiring the applicant to correct this issue prior to Grant Agreement, HUD expects this issue to be corrected by the subsequent renewal and the applicant may be subject to monitoring based on this issue.

Enclosed are two (2) copies of the Grant Agreement that constitutes the agreement between you and HUD. You must sign/date these two (2) copies and return one copy to this Office, retaining one copy of the Agreement for your records. **PLEASE NOTE:** The copy of the executed Grant Agreement that you retain in your files MUST have the regulations at 24 CFR Part 578 attached.

RESOLUTION AUTHORIZING THE DEPARTMENT OF SENIOR SERVICES TO DEVELOP AND ADVERTISE A REQUEST FOR PROPOSAL (RFP) FOR THE PURPOSE OF ALLOCATING FUNDS THROUGH THE AREA PLAN CONTRACT FOR THE 2016-2018 THREE YEAR GRANT PERIOD

WHEREAS the Department of Senior Services is desirous of requesting permission to issue a RFP for the purpose of allocating funding through the Area Plan Contract for a three year grant period (2016-2018); and

WHEREAS pursuant to a recent change to the Local Public Contract Law, N.J.S.A. 40A:11-1 et seq., public entities are required to do competitive contracting for the hiring operation and management for these types of services; and

WHEREAS the Freeholder Committee for Human Services is recommending that request for proposals (RFP) be prepared under this competitive contracting mechanism; and

WHEREAS under this law, public entities are required to advertise their RFP at least twenty (20) days prior to the date they are to be received; and

WHEREAS the said Board of Chosen Freeholders is desirous of authorizing the request for proposal process and having the Department of Senior Services and the Purchasing Department prepare the necessary RFP and advertising same pursuant to law;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the Passaic County Purchasing Department in cooperation with the Department of Senior Services to develop
and advertise a request for proposal for the purpose of
allocating funding through the Area Plan Contract for a three
year grant period (2016-2018); and

**BE IT FURTHER RESOLVED** that the said Purchasing
Department is hereby authorized to establish the appropriate
dates for submission of proposals pursuant to this resolution.

System Director Employee Relations (2005 – 2007)
Interim HR Director Wayne Campus (2004 – 2005)
HR Manager Wayne Campus (2002 – 2004)

Provide HR leadership for three sites in Passaic and Essex Counties, New Jersey. Drive continuing improvement in the development and implementation of HR policies, processes and procedures focused on improving the performance of the organization and its professionals.

Orchestrate the efforts of 18 direct reports tasked with driving delivery of core HR services including recruitment/retention, employee relations, employee health and day care. Steward a combined Human Resources and Employee Health Department budget of $6M.

- Played a key role in the successful completion of joint ventures in Mental Health, Radiology, Cardiology and Dialysis.
- Cut operating costs $400k. Renegotiated vendor contracts, consolidated services and implemented other cost saving measures.
- Improved employee relations process by implementing an employee relations system to track and retain all employee relations investigations, disputes, cases and disciplinary actions. This process allows the organization the ability to become more efficient. It also allows us the ability to do post hire and exit interviews.
- Improved the funding of continuing education and training of the workforce. Played a pivotal role in securing a $4.5M grant utilized to fund continuing education within Passaic County.
- Elevated employee morale while increasing employee engagement. Drove the launch of a successful Employee Assistance Program and Employee Opinion Surveys.
- Laid the groundwork for a workforce well versed in the organization's policies.
  - Revised and rolled out new policies.
- Laid the groundwork for better performance by residents. Implemented a Medical Resident Training program.
- Developed Training Programs for residents, physicians, new managers, new hires and leaders.
- Improved the handling of employee grievances. Developed and implemented a reporting mechanism that promoted better tracking and trending of employee grievances and employment law cases. Resulting in a less than 1% DOL, DCR, EEOC and litigation claims throughout my tenure.
- Formalized the audit process. Created and launched a new system for regulatory audits. This enabled the organization to demonstrate 100% compliance with ONV, DOH and other regulatory entities as demonstrated by successful audits.
• Markedly improved the productivity and efficiency of the recruitment process while lowering advertising costs.
  o Drove a comprehensive redesign and overhaul of the recruitment authorization process.
  o Developed and implemented new policies and tracking mechanisms that ensured compliance with the organization's policies related to annual physicals and licensing.
  o Created and designed web-based online applicant tracking system.
  o Negotiated and in the process of implementing self-serve applicant tracking system.
  o Negotiated vendor and agency contracts.
  o Responsible for biannual Recruitment PI board presentations.
  o Reduced vacancy rates to 1.9% while elevating retention rates to 95.5%.
  o Exceeded industry standards in recruitment, retention, vacancy and time to fill.

**Newark Beth Israel Medical Center, Newark, NJ** 2000 – 2002

A 673-bed regional care, urban, non-profit teaching hospital and an affiliate of Saint Barnabas Health Care System with more than 900 physicians, 3,200 employees and 150 volunteers.

**HR Generalist**

Directed the efforts of an HR Generalist while providing HR support in recruitment, retention, selection, leave of absences, benefits administration, new hire orientation and employee grievance remediation. Reviewed and updated HR policies as needed. Educated employees and management on organizational policies.

• Dramatically improved recruitment and retention while setting the foundation necessary to attract the next generation of professionals.
  o Reduced time to fill for hard to fill positions that included Perfusionists, Physician Assistants and RNs.
  o Abbreviated turnaround time from application to interview.
  o Conducted, monitored and tracked Exit/Stay Interviews to reduce turnover.
  o Implemented a community outreach with local teens that educated them on Healthcare professions, interview strategies and interviewing etiquette.

**Wayne General Hospital, Wayne, NJ** 1998 – 2000

A 229-bed acute-care community hospital with 1,200 employees formerly an affiliate of the St. Barnabas Healthcare System, now a division of St. Joseph's Regional Medical Center.

**HR Generalist**

Guided the efforts of two direct reports tasked with providing HR support in internships, volunteers, RN extern and Intern programs, recruitment, employee relations, leave administration, pension, benefit enrollment, compensation, HRIS, payroll, training, and new hire orientation. Vetted delivery of scholarships, tuition reimbursement and tuition forgiveness programs as well as employee awards and employee event programs.

• Raised the bar for exemplary performance in employee relations and employee retention.
  o Maintained low turnover and vacancy rates.
  o Set a record for Zero EEOC, DCR, FMLA, ADA OSHA claims or lawsuits.

• Laid the groundwork for a workforce well versed in the organization's policies and benefit offerings.
  o Developed Employee Handbook. Revised and rolled out new policies.
  o Developed and conducted benefits orientation and training.
  o Enabled the organization to demonstrate 100% compliance with JCAHO, DOH and SH regulatory requirements as demonstrated by successful audits by all of these organizations.

RESOLUTION FOR ENCROACHMENT PERMIT FOR CONTINUANCE OF EXISTING ENCROACHMENTS AT 474 SLOATSBURG ROAD IN THE BOROUGH OF RINGWOOD, NEW JERSEY

WHEREAS the County of Passaic has a policy which prohibits the placement of encroachments on rights-of-way of the County of Passaic; and

WHEREAS the encroachment waiver application that is attached hereto and made a part hereof, has been made by Michael Cartwright on behalf of BHR Ringwood Real Estate, LLC, who is the owner of property located at 474 Sloatsburg Road, Block 1100, Lot 1 in the Borough of Ringwood, New Jersey; and

WHEREAS the aforesaid encroachment requests to permit existing encroachments consisting of a masonry wall and an iron fence in the Sloatsburg Road right-of-way; and

WHEREAS this matter was discussed and has been recommended for approval by the Public Works and Buildings & Grounds Committee at its meeting of April 27, 2015 with the conditions as noted in the letter prepared by the County Engineer dated April 28, 2015, which is attached hereto, subject to the following conditions:

1. The property owner shall hold the County of Passaic and its agents and employees harmless for any damages incurred as a result of this encroachment;

2. Upon proper notice from the County of Passaic, the property owner is to remove the encroachment at its expense should the County of Passaic require the use of the right-of-way
for widening Sloatsburg Road in the Borough of Ringwood, or any other reason as may be required by the County of Passaic in the future;

3. Should the property owner modify or abandon the need for this encroachment, the part containing the encroachment of the structures shall be removed and, thus, this encroachment permission within the County right-of-way shall cease to exist; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the above-mentioned encroachment waiver at 474 Sloatsburg Road, Block 1100, Lot 1 in the Borough of Ringwood, New Jersey subject to the above-stated terms and conditions; and

BE IT FURTHER RESOLVED that the aforesaid encroachment waiver is not to be considered a change of policy by the County of Passaic and future requests for encroachment waivers shall be considered on a case-to-case basis.

BE IT FURTHER RESOLVED the Director, Clerk of the Board and County Counsel are hereby authorized to execute an Encroachment Agreement on behalf of Passaic County.

Re: **Encroachment** into Existing Passaic County Right-of-Way

Borough of Ringwood, Block: 1100 Lot: 1

Dear Members of the Board:

This Office received the attached Encroachment Permit Application, requesting the continuance of existing encroachments at the property at 474 Sloatsburg Road in the Borough of Ringwood. The encroachments are detailed below.

The encroaching features consist of the following:

a) Masonry Wall
b) Iron Fence

The Passaic County Planning Board issued a review letter on the site plan No. SP 13-013 on December 8, 2014; one of the comments being that the applicant receive an encroachment permit. This request and the accompanying encroachment plan have been reviewed and recommended for approval by the Public Works Committee at its meeting of April 27, 2015.

Therefore, I recommend that the Board of Chosen Freeholders adopt the necessary Resolution authorizing the establishment of an encroachment as described above at this location, with any restrictions as stipulated above and contained within the Conditions of Approval as noted on the Encroachment Permit Application, and that the Office of County Counsel prepare any necessary Agreements between the County of Passaic and the Owner for these encroachments.

Very truly yours,

Steven J. Edmond, P.E.

Re: 2015 Spring Guide Rail Program - Contract Award

Dear Members of the Board:

Passaic County is a member of the Morris County Cooperative Purchasing Council (MCCPC). Road Safety Systems, LLC. was awarded the MCCPC contract for guiderail installation for 2015. Our office has reviewed the unit prices for the various items, and found them to be comparable with those paid in previous Passaic County guiderail projects which were publicly bid. Therefore, we wish to award the 2015 Passaic County Spring Guiderail Program to Road Safety Systems, LLC for the installation of guide rails on County roads.

The awarded unit prices are enclosed. The total estimated cost of the project is $69,110 (cost estimate enclosed).

This project has been reviewed and recommended for approval at the Public Works Committee meeting of April 27, 2015.

Based upon the above, it is my recommendation that the Board of Chosen Freeholders adopt the necessary Resolution, awarding the contract for the 2015 Spring Guide Rail Program to Road Safety Systems, LLC and that the County Counsel be authorized to execute the necessary agreement, subject to the availability of funds.

Public Works
COMMITTEE NAME
RESOLUTION AUTHORIZING THE NEW YORK SUSQUEHANNA
AND WESTERN RAILROAD TO TEMPORARILY CLOSE THE
PATERSON-HAMBURG TURNPIKE IN ORDER TO
RECONSTRUCT THE NYS&W TRACK CROSSING ON THAT
ROADWAY

WHEREAS the New York Susquehanna & Western Railroad
(NYS&W) has notified the Office of the Passaic County Engineer
that it is planning to reconstruct its railroad crossing along its
tracks which cross the Paterson-Hamburg Turnpike in West
Milford, NJ, which is a Passaic County-owned roadway; and

WHEREAS as part of the project, said NYS&W is requesting
that its contractor be able to close the Paterson-Hamburg
Turnpike from Maple Lake Road to Apshawa Cross Road at that
crossing from May 15, 2015 through May 19, 2015 in order to
complete the reconstruction; and

WHEREAS said NYS&W has submitted a proposed Detour
Plan to the Passaic County Engineer indicating that for each
closure detour signs will be clearly posted along the detour route
where necessary to aid in the flow of traffic; and

WHEREAS the Passaic County Traffic Engineer by letter
dated April 28, 2015 is recommending that the Board of Chosen
Freeholders of the County of Passaic authorize the temporary
closing of the Paterson-Hamburg Turnpike from May 15, 2015
through May 19, 2015 (copy of letter attached hereto and made a
part hereof); and

WHEREAS the Freeholder committee for Public Works and
Buildings & Grounds at its April 27, 2015 meeting reviewed this
matter and is recommending that it be approved by the full Board.

**NOW THEREFORE BE IT RESOLVED** by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the New York Susquehanna & Western Railroad to temporarily close the Passaic County-owned Paterson-Hamburg Turnpike from Maple Lake Road to Apshawa Cross Road in the Township of West Milford on May 15, 2015 at 8:00 a.m. through May 19, 2015 at 8:00 p.m. in order to complete the reconstruction of the NYS&W track crossing on that roadway; and

**BE IT FURTHER RESOLVED** that this approval shall be subject to the said NYS&W and/or its contractor posting the necessary detours/signs in advance to minimize the interruption of traffic in that area.

Re:  Paterson-Hamburg Turnpike Closure -- West Milford Township  
New York Susquehanna and Western Railroad

Dear Members of the Board:

The NYS&W Railroad will be reconstructing the railroad crossing where its tracks cross Paterson-Hamburg Turnpike in West Milford. To do this, the road must be closed for five days. We have reviewed the proposed detour route, and find it acceptable. This is the same detour route that was successfully used when the nearby bridge over the Pequannock River was reconstructed a few years ago. The proposed dates of closure are May 15 through May 19, 2015.

The Public Works Committee, at its meeting of April 27, 2015, approved the recommendation that the County of Passaic authorize this closure.

Therefore, it is recommended that the Board of Chosen Freeholders adopt a resolution authorizing the temporary closure of Paterson-Hamburg Turnpike in West Milford in accordance with the above.

Preliminary Environmental Assessment
Award of Consulting Services – LAN Associates

Members of the Board:

The County of Passaic requested proposals to prepare a Preliminary Assessment for Passaic County Pompton Garage at 519 Ringwood Avenue, Pompton Lakes. The work included under this proposal includes data gathering, determining historic and current operations, hazardous materials and substance uses, wastewater discharges, waste disposal areas, environmental permits and enforcement, potential areas of concerns, performing site inspections and preparing an assessment report of the site.

Three proposals were requested and received for the above referenced project. The proposals are as follows:

- LAN Associates
  Midland Park, NJ
  $4,250.00

- Langan Engineering
  Elmwood Park, NJ
  $5,750.00

- Louis Berger Group
  Morristown, NJ
  $5,963.00

The above referenced matter was discussed at the Public Works Committee meeting of April 27, 2015 and an award of contract to LAN Associates is recommended to the full Board.
Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding a contract to LAN Associates in the amount of $4,250.00 for the Preliminary Assessment of 519 Ringwood avenue, Pompton Lakes subject to the availability of funds.

PROJECT BUDGET

LAN proposes to prepare the Preliminary Assessment for the subject property for a lump sum fee of $4,250. This fee includes the cost of acquiring historical aerial photography, fire insurance maps, historic topographical maps, and an environmental database search within a one-mile radius of the subject property.

Please note that the Preliminary Assessment is limited to the potential for soil and/or groundwater contamination on the subject site, and does not include such items as asbestos, radon, lead, drinking water, wetlands, regulatory compliance, cultural and historic resources, industrial hygiene, health and safety, ecological resources, endangered species, indoor air quality, biological agents, mold/mildew, mechanical and structural engineering, geotechnical or subsurface conditions, and/or zoning and land use. Should you wish to incorporate any of these items into the Preliminary Assessment process, LAN would be happy to provide you with an alternate proposal to address the additional costs incurred.

Please also note that this fee does not include the issuance of a Response Action Outcome (RAO) letter by a Licensed Site Remediation Professional (LSRP).

SUMMATION

Commitment of Our Team

LAN is organized to accommodate small and large projects alike, tackle complex tasks successfully, and provide principal-level attention. The depth of resources provided by our team enables flexibility in project staffing and the availability of specialists to meet project requirements.

Based on our history of providing similar services to both private clients and public agencies, the depth of our in-house expertise, and our ability to provide nearly all of the required services in-house, we are confident our team of professionals will contribute to the success of your project. LAN appreciates the opportunity to explain our capabilities and how they match your needs.

Re: Emergency Replacement of Weaseldrift Road Culvert,
Structure No. 1600-452, over Slippery Rock Brook
Borough of Woodland Park
Award of Consulting Services – Boswell Engineering

Members of the Board.

The Public Works Committee requested proposals to design the emergency replacement of the partially failed Weaseldrift Road Culvert over Slippery Rock Brook, Structure No. 1600-452, in Woodland Park. Four proposals were requested and three were received for the above referenced project. The proposals are as follows:

- Boswell Engineering
  South Hackensack, NJ
  
  $89,000.00

- KS Engineers, P.C.
  Newark, NJ
  
  $140,502.00

- Alaimo Group
  Mt. Holly, NJ
  
  $150,000.00

- H2M
  Parsippany, NJ
  Withdrawn.
  Unable to meet schedule

The above referenced matter was discussed at the Public Works Committee meeting on April 27, 2015, and an award of contract to Boswell Engineering is recommended to the full Board. Copy of Boswell Engineers proposal is attached.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding a contract for design services to Boswell Engineering in the amount of $89,000.00 for the design of the emergency replacement of Weaseldrift Road.
Cuivert, Structure No. 1600-452, over Slippery Rock Brook in Woodland Park, and authorize the Freeholder Director, County Counsel and Purchasing Director to execute the necessary Agreements subject to the availability of funds.

Re: Emergency Replacement of Structure
No.1600-452 Weaseldrift Road over
Slippery Rock Brook
Borough of Woodland Park
Passaic County, New Jersey
Our File No. PR-15-6600

Dear Mr. Edmond:

In accordance with your request, this letter will serve as Boswell Engineering’s (Boswell’s) proposal for the preparation of construction plans and specifications for the above referenced project. Boswell has visited the site, reviewed the available existing plans and draft inspection reports, and is prepared to meet all of the requirements listed in the Outline of Consultant Scope of Services as detailed below. After our initial investigation we are considering 48” X 76” reinforced concrete elliptical culvert pipe instead of twin 48” reinforced concrete culvert pipe. Due to the expected three month lead time on non-standard precast elements, we are approaching the design of the upstream pipe to either have a flared end section or just terminating the pipe and armorign the channel. Additionally, the downstream chamber will consist of a precast standard size “chamber” measuring 6’ in width by 10’ or 12’ in length to accommodate the pipe size. This chamber will likely be located at the upstream end of the 90° steel pipe and therefore be located off the roadway in an easement. The double “B” inlet on the north side of Weaseldrift Road will be connected to the chamber. The low point may need to be shifted to optimize the positions of the chamber and the double inlet.

A. Structural Inspection

1. Boswell will perform a site inspection at the beginning of the Project to ascertain the existing conditions of the structure and adjacent transition chamber. Existing plans are available for review in the County Engineer’s Office for the Culvert No. 1600-452. There is a draft culvert inspection reports available for this culvert.

2. Boswell will take and label photographs of the entire structure and project limits to establish a photographic record of the project area during the design phase of the project. Boswell to submit a CD of these photographs.
3. The structural inspection may be a factor in determining the demolition/staging limits.

B. Field Survey

1. The Team Leader for the field survey work will be a New Jersey Licensed Professional Land Surveyor. The fieldwork will include a ground survey in sufficient scope to accomplish this project. The County will provide traffic control for the protection required to access the A inlet on the north side of Weaseldrift Road. The county will also remove and replace the A inlet grate. No other traffic control is anticipated for the survey work.

2. Boswell will provide for all and any survey work as may be required. Survey traverse and level runs will originate and terminate on Control Monuments and Bench Marks that have been established by an approved agency.

3. Horizontal control will be tied to the NAD 83 New Jersey Plane Coordinate System.

4. Vertical control will be tied to North American Vertical Datum – NAVD 1988. Please note, NJDEP permit drawings may require to be converted to the National Geodetic Vertical Datum (NGVD) and/or provide the conversion equation between the two vertical datums.

5. Establish control points as necessary to reference the project baseline.

6. Topography will be 1 foot contour intervals.

7. Establishment of Project / Culvert Center Line (CL). Project CL should be ROW CL, when possible. Project CL will be Culvert CL. Project CL will be tied to ROW through station/offsets.

8. Base mapping will be prepared to depict existing site conditions, limits of work, and means of access. Field survey will be performed detailing planimetric features and right-of-way pertinent to the preparation of base mapping and right-of-way plans for the proposed project.

9. Boswell to perform a survey of existing features, including existing roadway elements, utility poles, drainage structures, guard rail, fences, signs, and limits of wooded areas. Individual trees and specimen shrubs will be located within the entire project survey area (including 25’ from the edge of the roadway).

10. Station and offset from centerline to existing drainage structures will be shown on the plan. Type of structure, type of casting, size and types of pipes entering the structure, and invert on accessible pipes will be recovered by field survey.

11. Cross-sections will be taken at 50’ intervals at a width suitable for...
design. Cross sections will be provided at a minimum of 150' on each culvert approach, and 25' from the edge of existing pavement on each side of the roadway. The field survey will incorporate the limits of the various construction sequence alternatives. Additional cross section will be taken at 25’ intervals adjacent to each side of the culvert within 100 feet of the culvert. A separate cross section will be taken at each driveway. Roadway cross sections will be taken at 50’ intervals along the side streets.

12. Driveway profiles will be taken from the centerline extending 50’ up the driveway. Spot grades will be taken to establish the centerline profile of the driveways.

13. The project baseline will be established in the field by placement of PKs at every 50 feet along the existing roadway. Ties will be established at the beginning and ending station, and PI of each curve. The project baseline will be established along the physical centerline alignment or at the centerline of the right-of-way after positions are ascertained.

14. The existing culvert will be detailed and measured as required for development of permit documents and for demolition/repair and construction plan purposes.

15. The existing water openings at culvert will be measured for flood hazard area purposes and for demolition plan purposes.

16. If required, for the hydraulic analysis, at a minimum, additional stream cross sections will be taken at 100’ intervals for a distance of 500’ upstream and downstream, 25’ intervals for the first 100’, and at the upstream and downstream faces of each culvert, and as necessary to develop the hydraulic model.

17. Wetland area limits will be located and mapped as delineated.

18. In performing the survey work, horizontal and vertical baseline control points will be established in the field for Contractor’s reference during construction. One permanent benchmark will be established on each side of each culvert.

C. Utility Engineering

1. Boswell will determine the location (horizontal and vertical) of all utility facilities within the project limits. Utility mark-outs will be made through coordination with the individual utility companies. Utility locations, as field markup by the utility companies, will be recovered by survey and shown on the plans.

2. Boswell will contact the utility companies that may be affected by the construction to verify current facilities at the project site. Coordinate with the utility owners.
3. All copies of correspondence between Boswell and each utility will be submitted to the County Engineer in a timely manner.

4. No test pits are anticipated during the design phase.

D. Geotechnical Engineering

1. It was determined at the initial site meeting on April 21, 2015 that no geotechnical borings were going to be taken because the new culvert was going to replace the existing culvert at the same location and elevation. Also, standard pipe was most likely going to be used to replace the existing box culvert. The County has no site specific geotechnical data.

E. Right-of-Way

1. Existing right-of-way and property lines will be determined through deed and map research and field surveys of existing evidence. Front property corners will be located along the adjacent roadways extending 100 feet beyond the beginning and end of the project.

Boswell will determine if any additional ROW and/or Easements (temporary or permanent) are required due to the Project work. It is anticipated that up to three permanent easements may be required for this project.

F. Permits

1. The project will be classified by the County Engineer as an emergency project due to the obvious dangerous condition of the culvert; therefore, the formal permitting will follow and/or coincide with the construction. The NJDEP permit will document the as-built condition. We anticipate obtaining design and construction approvals from the NJDEP and the Hudson-Essex-Passaic Soil Conservation District.

2. NJDEP — Freshwater Wetlands and Flood Hazard Area Permits
   a. Boswell will notify the NJDEP, in writing, outlining the condition of the existing culvert, the County’s intention to move forward with the emergency construction, Boswell’s preliminary scope of work for the replacement, and a statement that all work will be in accordance to the NJDEP regulations.
   b. Boswell will be required to submit a formal NJDEP Flood Hazard Area and Freshwater Wetlands Permit — Emergency Permit.
   c. Boswell will include all work as required to provide NJDEP with complete application package(s) including, but not limited to all studies, reports and plans in compliance with NJDEP regulations.
   d. A pre-application is not anticipated for this project (see “a” above).
   e. Boswell will incorporate all surface water quality standards.
e. Boswell is required to complete all hydrologic and hydraulic analysis as required for Flood Hazard Area Permits for this project.

f. Boswell will investigate presence of threatened and endangered species.

g. Boswell to submit a full draft copy of the permit application to the County at the time the DLUR form is requested to be signed by the County (i.e. prior to submission to NJDEP).

h. County signs the application as owner/applicant.

i. Boswell to submit to NJDEP and the County a CD of all of the submitted permit plans and supporting documents (PDF format).

j. County reimburses all permit review fees as out of contract, out of pocket expenses.

3. Historic Preservation Office (HPO)
   a. HPO Approval / Cultural Investigation are not anticipated for this project.

4. Highlands Permit
   a. Highlands Permit is not anticipated for this project.

5. Green Acres
   a. Green Acres authorization is not anticipated for this project.

6. Waterfront Development Permit
   a. Waterfront Development Permit is not anticipated for this project.

7. Coast Guard
   a. Coast Guard Permit is not anticipated for this project.

G. Cost Estimate

1. Boswell will prepare an Engineer’s Estimate of Construction Cost estimate upon the completion of each phase. Two sets of the calculations used to derive the Estimate of Quantities will be submitted to the County with the final plans.

2. Two (2) sets of signed and sealed Engineer’s Estimate will be furnished to the County Engineer. Additionally, two (2) sets and a digital MS-Excel copy of the Engineer’s Estimate will be furnished to the County Engineer for County review prior to submittal of final documents.

H. Construction Contract Documents

1. A start-up meeting will be scheduled with the engineering staff of Passaic County to review and discuss the scope of work. Progress meetings will be held with the County for project status updates and discussion of issues to be expedites. Boswell will prepare the meeting(s) minutes.

2. Geotechnical borings are not anticipated for this project.

3. Concrete pylons/parapets will not be required for this project.

Adopted on: May 12, 2015
Official Resolution #: R20150326
4. Boswell will provide the following Maintenance and Protection of Traffic drawings:

a. Complete detour plan (i.e. no traffic across the Weaseldrift Road Culvert 452).
   All proposed elements to be compliant with MUTCD and NJDOT guidelines for maintenance and protection of traffic. Access to all driveways is necessary.

5. The County Engineer will approve the proposed structure prior to preparing NJDEF applications and proceeding with the design.

6. Due to the fill over the existing culvert, standard NJDOT bridge approach slabs are not anticipated to be utilized for the culvert.

7. Permanent sheeting is not anticipated for this project.

8. Project to be design to be compliant with ADA standards and with NJDOT Complete Streets program, if feasible.

9. Bridge lighting is not anticipated for this project.

10. Boswell will include striping in the plan. All proposed elements to be compliant with MUTCD and NJDOT guidelines for Traffic Control. Proposed striping, shown in bold, labeled with lane dimensions, taper lengths, and stripe width and color. Proposed signs shown in bold, labeled with MUTCD designation and offsets from plan elements.

11. Prepare final plans and specifications based upon the design criteria.

12. Final Structure Design Plans:
   a. All plans will be prepared on 24" x 36" drafting film. One (1) set of properly signed and sealed final plan sets along with one (1) set of mylars, archival quality mylar and ink plans, will be furnished to the County Engineer.
   b. Two (2) CDs of all final documents in both pdf and native file formats, including CADD drawing files compatible with AutoCAD (Boswell will also supply appropriate drawing pen tables and fonts), Supplemental Technical Specifications, Estimate of Quantities, and Engineer's Estimate will be furnished to the County Engineer. Additionally, Boswell will provide electronic coordinate point files for the project. This file will include Point Number, N, E, Elevation, Description for all ROW/Easement points, Project CL points, Traverse Points, Base Points, Culvert Working points, and all other related project points required for layout.

13. Estimating of Quantities and Supplemental Technical Specifications:
a. Final Estimate of Quantities will be included on the Plans as well as in the Bid Proposal. Two (2) sets of all calculations used to derive the Estimate of Quantities will be presented to the County Engineer.

b. For the final documents, two (2) sets of properly signed and sealed Engineer’s Estimates will be furnished to the County Engineer.

c. Boswell will include Supplemental Technical Specifications to the NJDOT Standard Specifications for Road and Bridge Construction (2007 Edition with amendments and modifications) and the County’s Standard Specifications for the culvert project. Two (2) copies of the Specifications will be furnished to the County Engineer for County review at the 90% and 100% progress level submissions prior to submittal of final documents. Two (2) sets of properly signed and sealed Technical Specifications will be furnished to the County Engineer.

14. Project Design Reports:
   a. Prepare and provide to the County an Engineering Report containing all structural calculations, if required.
   b. Prepare and provide to the County an Engineer’s Certification and a QA/QC Certification.

L. **Bidding Process & Award of Contract**
   Assist the County during the bidding phase, review of bids, and make a recommendation of an award of contract.

J. **Construction Consultation and Inspection Services**
   1. Boswell to attend the pre-construction meeting, and prepare meeting minutes of construction meeting.

   2. Boswell to attend utility meeting with the utilities, contractor, and County.

   3. Boswell will include the cost of review and approval of all shop drawings and working drawings, as received from the Contractor or their representatives, after the award of construction contracts.

   4. Boswell will include the cost of reviewing and addressing any Contractor's Request for Information (RFI) during the construction phase.

   5. Boswell will provide consultation and periodic inspection services (approximate 1 site visit) during the construction phase as required by the County Engineer.

   6. Boswell will perform a final inspection of the structure at the completion of the Contractor’s work and file a Report with the County Engineer.
FEE PROPOSAL

Boswell will perform the services outlined in this proposal for an estimated lump sum fee of $89,000.00. A breakdown of this fee by task can be seen on the attached cost sheet.

ITEMS NOT INCLUDED IN THE ENGINEERING FEE

The following items are not anticipated or have not been included in the outline of services and are therefore excluded:

1. Structural plans (including retaining walls)
2. Material testing
3. As-built survey
4. Geotechnical borings
5. Construction inspection services

Additional work above and beyond what is outlined in the proposal will be performed as authorized by the County.

Thank you for the opportunity to submit this proposal. We look forward to providing Passaic County with our engineering services towards the successful completion of this project. Should you have any questions or require additional information, please do not hesitate to contact Christopher Nash, P.E., or me.

Very truly yours,

Re: County Of Passaic
PC Jail HVAC Upgrades Phase 2
Change Order #16 (deduct) – Kappa Construction

Members of the Board,

This Office is in receipt of Change Order #16 in the amount of $1,546.00 deduction to the above referenced project. This Change Order is an adjustment to the contract and represents registers and grilles in areas located on the third floor Marshall St. wing and registers and grilles within the Former Trustees Cells located on the second floor Marshall St. wing that will not be replaced. The existing registers and grilles will remain in place. Costs include what would have been for the removal of the old unit, preparing the opening for the new unit, installation of the new unit and patching and painting of the surrounding wall area. The existing registers and grilles will remain in place and be cleaned to accept the new duct branch lines.

This Change Order was reviewed and discussed at the Public Works Committee meeting of April 27th 2015 and recommended for approval to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution approving said Change Order #16 in the amount of $1,546.00 deduction.

Very truly yours,

Steven J. Edmond, P.E.

PROJECT: Conversion of Camp Hope Swimming Pool and Wading Pool to a Water Spray Park
Township of West Milford, Passaic County
Change Order #3—Cypreco Industries Inc.

Members of the Board:

This Office is in receipt of Change Order #3 in the amount of $7,925.00 addition to the above referenced project.

This Change Order addresses the following: replacement of the existing access chamber which houses active irrigation lines; dig test pits in the construction due to existence of sub surface electrical and water lines within the project boundaries, as excavating will be done for plumbing and other work; and painting a hopscotch design that will be in agreement with a rendering provided by FasTech Consulting after construction commenced.

This Change Order was reviewed and discussed at the Public Works Committee meeting of April 27th, 2015 and recommended for approval to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution approving said Change Order #3 in the amount of $7,925.00 subject to the availability of funds.

Adopted on:  May 12, 2015
Official Resolution #:  R20150328
ADD TO THE AMOUNT OF CONTRACT $ 7,925.00
2. REASON FOR CHANGE

The existing access chamber is shown on the blue prints to remain. After removing the concrete cap it
was found that the chamber was crumbling and in a condition not suitable to remain, this was verified in
the field with the consultant. The chamber is housing irrigation lines.

Item 1

Item 4

Due to existence of sub surface electrical and water lines within the project boundaries it is necessary to
dig test pits in the area where excavating will be done for plumbing and other work.

Paint a hopscotch design that will be both symmetrical and in agreement with a rendering provided by
Fastech Consulting after construction commenced as well as the plans and approved site layout shop
drawings. An aquatic chlorinated rubber paint will be used and colors will be approved by the County
prior to starting work. Based on the positioning of the footings, and the updated manifold dimensions,
the “hop scotch” pattern will be painted over the nozzles of the spray cage to give a symmetrical hop
scotch design in the location the water fence is shown on the drawings.

Re: County Of Passaic  
PC Jail HVAC Upgrades Phase 2  
Change Order #15 -- Kappa Construction.

Members of the Board:

This Office is in receipt of Change Order #15 in the amount of $30,307.08 addition to the above referenced project.

This Change Order addresses work necessary to provide for new ductwork scheduled to penetrate the wall between the Ice Room and Capias One. This requires a larger opening in the wall and piping was hidden within a metal soffit in Capias 1. It is necessary to remove and relocate the existing piping away from the new opening and the area of the ductwork. The pipes to be moved are comprised of three copper pipes, 3/4 inch, 1-1/2 inch and 2 inch.

This Change Order also addresses provision of adapter curbs for units MAU-1, 2 and MAU-3 with 14 gauge galvanized steel in addition to steel reinforcements for the roof supporting MAU-4.

This Change Order was reviewed and discussed at the Public Works Committee meeting of April 27th, 2015 and recommended for approval to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution approving said Change Order #15 in the amount of $30,307.08 subject to the availability of funds.

Very truly yours,

Steven J. Edmond, P.E.  
County Engineer

Passaic County

Members of the Board:

The New Jersey Department of Transportation has allocated $1,000,000.00 for the 2015 Local Bridge Future Needs allotment. NJDOT also reserves and additional $4,000,000.00 for the discretion of the Commissioner. The county will allocate the allotted funds and request an additional $500,000.00 in Discretionary funds for the following Bridge Project:

Superstructure Replacement of Spruce Street Bridge over the Passaic River (1600-018), Paterson

The Public Works and Buildings & Grounds Committee, at their meeting of April 27, 2015, approved the recommendation that the County of Passaic apply to the New Jersey Department of Transportation for this Local Bridge Future Needs funding in the amount of $1,000,000.00 and an additional Discretionary allotment in the amount of $500,000.00.

Therefore, we recommended that the Board of Chosen Freeholders ADOPT a RESOLUTION directing the County Engineer to complete the applications for this Local Bridge Future Needs funding, and further authorize the Director of the Board and the Clerk to sign said application in behalf of the full Board.

Very truly yours,

Re: Replacement of Kingsland Road Bridge  
Over Third River, Structure No. 1600081  
City of Clifton  
Passaic County  
Approval of Plans and Specifications  

Dear Members of the Board:

This Office has reviewed the Construction Plans and Specifications for the above referenced project located in the City of Clifton as prepared by the County Consultant Boswell Engineering, and found them to be in accordance with the County Engineering Standards.

The project consists of the replacement of the existing structurally deficient bridge with a new structure.

The above referenced project was discussed at the Public Works Committee meeting of April 27, 2015 and recommended for approval to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt necessary resolution approving Plans and Specifications and authorizing the Department of Purchasing to advertise and receive bids.

RE: Transfer of Office Furnishings Pursuant to N.J.S.A. 40A:11-36(2)

Dear County Counsel Pascrell:

The Passaic County Prosecutor’s Office has three office desks and three office chairs that have come to the end of their useful life and are now considered surplus property.

The Paterson Police Department has previously made inquiry as whether Passaic County has available surplus office furnishings for transfer to the Paterson Police Department. The Passaic County Prosecutor’s Office has identified three desks and three office chairs to transfer pursuant to N.J.S.A. 40A:11-36(2).

If you have any questions, please do not hesitate to call me.

Purpose of the Appraisal

The purpose of this assignment is to provide the County of Passaic with an estimate of the Fee Simple Market Value of the property listed above, to aid the County of Passaic in a proposed land swap involving this property. This valuation assignment will estimate the value of the land, at its Highest and Best Use, in its "as is" condition as of the date of inspection.

Scope of Work

By acceptance of this assignment, we are acknowledging that we have the experience and knowledge to complete the assignment competently, in accordance with the competency provision in USPAP.

The value estimate will reflect our opinion of the market value of the subject property. The market value estimate is of the fee simple estate.

Prior to commencement of the assignment, the property owner will be notified in writing by certified mail, return receipt requested, offering them the opportunity to accompany us during the on-site inspection of the property. After an inspection of the subject property and the neighborhood, we will prepare an appraisal of the property and report our estimate of market value using our narrative summary format. Since the property is vacant land, the appraisal will consider those approaches to value appropriate for the type of assignment; namely, the Sales Comparison, also referred to as the Market Data Approach. The Cost Approach and the Income Approach to value may not be appropriate and may not be used in the final valuation for this assignment. This is not considered a departure from recognized valuation methodology according to the Uniform Standards of Professional Appraisal Practice.

The appraisal and report will be prepared in compliance with Standard 2.2(a) of the 2014-2015 Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation and the Appraisal Institute, the Professional Code of Ethics of the Appraisal Institute and the Green Acres appraisal guidelines. The appraisal will adequately identify the real estate and property interests to be appraised. The purpose and the intended use of the appraisal will be considered, as well as the effect on use and value of existing land use regulations and any reasonable and probable modifications of the land use regulations.

The economic demand, physical adaptability of the real estate, the neighborhood trends and the Highest and Best Use will be analyzed and reported. The valuation process will include the collecting, verifying and analyzing of physical, functional and external market factors that may affect the value of the property under appraisal.
The scope of the work will include, but not be limited to, meeting with the property owners or their representatives to inspect the subject property. The project maps prepared for the County of Passaic will be studied. The neighborhood will be evaluated and data gathered regarding state, county and local demographics and local area data. The Woodland Park Zoning ordinance, master plan and other mapped data will be analyzed, as well as the USGS and NJDEP prepared flood hazard, wetlands, NJ Highlands maps and data.

We will research the local real estate market for comparable data. This involves seeking sales of similar tracts in Woodland Park Borough and other nearby communities. Comparable real property sales will be collected from sources including, but not limited to, the local multiple listing service, Costar comparable data service, First American Corelogic data service, and the County Board of Taxation’s SR-1A reports. Sales will be verified adequately and commensurate with the purpose of the assignment and analyzed. All data will be analyzed and conclusions as to market value will be based on our analysis of what might be expected in the local market for the subject property, as of the value date.

If the Cost Approach is used, the Marshall and Swift, the NJ Tax Assessors Manual or similar service will be utilized to estimate the replacement cost of any improvements. The valuation estimate will assume that municipal, county, state and/or federal regulations under which the property or the current use might be governed are in compliance and that there are no environmental problems or issues that affect the value, except, if applicable, the presence and effect of the Highlands Preservation Act, wetlands and transition buffers, soil conditions and flood hazard zones.

**Extraordinary Assumptions**

An extraordinary assumption is an assumption that is specific to this particular appraisal assignment, which, if found to be false, could alter the appraiser’s opinions or conclusions. Extraordinary assumptions are made so as to bring clarity to the opinion of value and to make the conclusions more meaningful. The appraisal may mention other assumptions, either general or specific to this assignment, throughout the report. For this assignment no extraordinary assumptions will be made, unless based on an independent professional NRE report that might be prepared for and provided by the County of Passaic.
Hypothetical Conditions

A hypothetical condition is one which is contrary to what actually exists, but is supposed for the purposes of analysis. These conditions could be with regard to physical, legal or economic characteristics of the Subject Property; or about conditions external to the property. Typically a hypothetical condition may be presented to the appraiser by the client for the purposes of specificity of value or may be utilized by the appraiser for illustrative purposes. For this appraisal, no hypothetical conditions will be assumed unless reported by an independent professional whose NRE report will be prepared for and provided by the County of Passaic prior to commencement of the assignment.

Intended User and Intended Use

The appraisal and report will be prepared for the County of Passaic as the intended user and it will be for the County of Passaic's sole and exclusive use in estimating market value for the purposes outlined herein. By acceptance of this proposal, the County of Passaic agrees to obtain written authorization from us before using the analyses or the written report for any other use or purpose other than to aid in establishing the market value of the property for the proposed land swap, which is the intended use of the appraisal, or before releasing the analyses or report for any other use, or before releasing the analyses or report to any other party or parties, except as required by law, or to parties with an equitable interest in the property, or to municipal, county or state officials, or any Federal and/or State agencies or courts involved with or reviewing this matter. It is specifically understood that the appraisal will not be utilized for sale brochures or marketing, tax assessment appeals or mortgage lending or underwriting purposes.

The possession of the appraisal report, or any copy or portion thereof, by any representative of the client or any third party does not include or confer any rights of publication or redistribution of the report other than to such persons or entities identified in this agreement who shall be advised in writing of Harry L. Schwarz & Co's rights under this agreement prior to their receipt of the appraisal report. All rights, title and interest in any data gathered in the course of preparing the appraisals and reports, excluding any data furnished by or on the client's behalf, and the content of the report prepared pursuant to this agreement shall be vested in Harry L. Schwarz & Co.

Subject to the foregoing, the representatives of the client shall have the right to possess a copy of the report and to disclose the conclusions to the client's attorneys, accountants or other professional advisors as related to the property that is the object of this assignment, provided that such attorneys, accountants or advisors are advised in writing of Harry L. Schwarz & Co's rights under this agreement prior to receipt of the appraisal report.

Appraisal Fees, Payment and Delivery of Report

We will provide the County of Passaic with the appraisal and two (2) written reports and one electronic copy of the market value of the subject property that will meet the County’s requirements. Our total fee for the preparation of the appraisal and the written report will be One Thousand Eight Hundred ($1,800.00) Dollars.

Any invoice for services rendered pursuant to this agreement is based upon the fees specified in this agreement. Invoices are considered due upon receipt and will be deemed delinquent if not paid within 30 days of the date of the invoice. The client will be assessed a late charge of 1-1/2% per month if payments are not received prior to the date the invoice is deemed delinquent as defined herein. Additional late charges will be assessed each additional month thereafter that an invoice remains unpaid in whole or in part. In the event collection efforts are pursued to recover unpaid balances owed by the client, the client agrees to pay all costs of collection, including, but not limited to, attorneys’ fees at trial or on appeal.

Cancellation

The client may cancel this agreement at any time prior to the delivery of the appraisal report upon written notification to us. The client agrees to pay us for work completed on assignment prior to our receipt of their written cancellation notice, unless otherwise agreed upon between us in writing.

Other Costs, Expenses and Services

The appraisal fee does not include the cost of certain expenses that may be necessary for the preparation of the report; for example, but not limited to, structural and engineering studies of the improvements, environmental and wetlands studies or survey work.

If requested that we hire professionals to provide these services, an itemized bill for these expenses plus 15% for overhead and coordination will be presented upon the completion of the report. Any additional expenses or work contracted must be confirmed in writing prior to expenditure or proceeding. Payment for additional expenses, if incurred, will be due in full upon delivery of the report.

Legal counsel is beyond the scope of our services and is neither implied nor included. Preparation of any appeal forms, income or estate tax forms and/or representation as an advocate before the IRS, any State’s Department of Treasury or Department of Taxation, the County Board of Taxation or in the New Jersey Tax Court or in Superior Court is neither offered, implied, inferred nor included.
Harry L. Schwarz & Co.

Ms. Kathleen M. Caren
Passaic County Dept of Planning & Economic Development

Expert Testimony

The fee quoted does not include any depositions, completion of interrogatories, preparation for or expert valuation testimony in court or attendance before any board or agency of inquiry or any additional conferences and meetings regarding this matter after delivery of the appraisal and report.

After delivery of the appraisal and report should the client or the client's representatives wish us to testify in any proceeding, attend any conferences, prepare or complete interrogatories or depositions, or negotiate with any other party, an additional fee will be charged based on the number of hours spent for preparation, negotiating and/or testifying invoiced at the rate of $800 per full day and $500 per half day.

Any additional work requested will be invoiced on an hourly basis at the rates shown on the attached fee schedule. Payment terms are the same as for the written appraisal report.

Property Access

The client agrees to arrange or provide me or my staff with access to the property on 10-days prior notice. For this purpose only, notice must be given by certified mail, return receipt requested to the property owner.

Delivery of Appraisal Reports

Due to legal requirements for written notice to the property owner, the appraisal report can be delivered within about four (4) weeks of the date we are notified in writing that we have been retained to prepare the appraisal under the terms outlined above and receipt of any independent professional's NRE report, if prepared. The completion date can only be met if we receive any relevant information needed for the preparation of the appraisal in a timely manner; including, if available, surveys, wetlands, flood maps and environmental data, and engineering studies, and, if appropriate, a detailed 3-year history of the property's income and expenses and copies of all current or existing leases.

The foregoing estimated date of delivery or completion schedule does not constitute a guarantee that the assignment will be completed within such time periods; however, we will use commercially reasonable efforts to complete the assignment on or before the date of delivery or pursuant to the completion schedule. In the event we are unable to complete the assignment within the time set forth herein, we will provide the client's representatives with reasonable notice of any anticipated delays, and will in good faith agree with you upon an alternative date of delivery or completion schedule.
Confidentiality

Neither I nor any of my employees will provide a copy of the written appraisal report to, or disclose the results of the appraisal that has been prepared for the client in accordance with this agreement, with any party other than your representatives unless the authorizes to disclose such results, except as stipulated in the "Confidentiality Section" of the "ETHICS RULE" of the Uniform Standards of Professional Appraisal Practice (USPAP).

General Information

Additional printed copies of the summary appraisal report will be available at a cost of $45.00 per copy plus delivery charges. The delivery method and delivery addresses for such additional copies must be specified by written notice.

For your review, herewith is included a copy of my Professional Qualifications, the "Assumptions and Limiting Conditions" and the "Certification" under which the appraisals will be prepared. Please review this proposal and the attachments.

Preparation of the appraisals will commence upon receipt of a signed copy of this letter, an initiated copy of the "Assumptions and Limiting Conditions", the "Certification" and the fee schedule.

Should you have any questions about any terms set forth in this letter or in the attachments, please contact me. I look forward to working with you on this assignment.

Very truly yours,

RESOLUTION AUTHORIZING THE DEPARTMENT OF PLANNING APPROVAL TO APPLY FOR THE CORPORATE BUSINESS TAX (CBT) HISTORIC PRESERVATION FUND FY16

WHEREAS the Department of Planning is requesting approval to apply for the Corporate Business Tax (CBT) Historic Preservation Fund FY16; and

WHEREAS the grant would allow the County to stabilize and restore the historic Pompton Feeder Lock located in the Pompton Aquatic Park – Wayne. The site is part of the Morris Canal Greenway and is the only lock located within Passaic County; and

WHEREAS the project would allow for a transformation of the site, now in despair, into an attractive and functioning destination that will draw visitors as well as preserve the historical significance of the site for future generations; and

WHEREAS the consultant will undergo a schematic design phase which will include a site analysis and historical documentation that leads to a conceptual design and project scope with estimate of costs. From there the consultant will design the development documents such as site plans that will be used to prepare construction drawings sufficient to accurately bid and construct the project; and

WHEREAS the NJ Historic Trust CBT grant requires a 60/40 match with a max grant of $150,000. To apply for the max award the County would have to bring a match of $60,000 from the Discretionary Portion of the Open Space Recreation,
Farmland and Historic Trust Fund for a total of $210,000 project monies for the restoration of the Pompton Feeder Lock, located in the Pompton Aquatic Park; and

WHEREAS the Planning and Economic Development Committee has considered this matter on April 29, 2015 and recommended this resolution to the full Board for adoption;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes, the Department of Planning to apply for the Corporate Business Tax (CBT) Historic Preservation Fund FY16 Grant as set forth above; and

BE IT FURTHER RESOLVED that the appropriate County officials shall prepare or have prepared the necessary documents and grant application.

Re: Passaic County Park Development – Pompton Feeder Lock Restoration – Phase I

The Department of Planning is requesting approval to apply for the Corporate Business Tax (CBT) Historic Preservation Fund FY16. The grant would allow the County to stabilize and restore the historic Pompton Feeder Lock located in the Pompton Aquatic Park - Wayne. The site is part of the Morris Canal Greenway and is the only lock located within Passaic County.

The project would allow for a transformation of the site, now in disrepair, into an attractive and functioning destination that will draw visitors as well as preserve the historical significance of the site for future generations. The consultant will undergo a schematic design phase which will include a site analysis and historical documentation that leads to a conceptual design and project scope with estimate of costs. From there the consultant will design the development documents such as site plans that will be used to prepare construction drawings sufficient to accurately bid and construct the project.

The NJ Historic Trust CBT grant requires a 60/40 match with a max grant award of $150,000. To apply for the max award the County would have to bring a match of $60,000 from the Discretionary Portion of the Open Space, Recreation, Farmland and Historic Trust Fund.

It is here by requested that the Planning Department is authorized to submit a grant application in the amount of $150,000 with a $60,000 match for a total of $210,000 project monies for the restoration of the Pompton Feeder Lock, located in the Pompton Aquatic Park.

RESOLUTION AUTHORIZING PROCUREMENT FROM A QUALIFIED PROFESSIONAL OF A URBAN AGRICULTURAL PLAN PURSUANT TO COMPETITIVE CONTRACTING

WHEREAS the Passaic County Planning Department is desirous of soliciting proposals from qualified professionals to develop an Urban Agricultural Plan; and

WHEREAS pursuant to the provisions of the Local Public Contracts Law, specifically N.J.S.A. 40A:11-4.1, the County of Passaic is authorized to procure specified goods and services through competitive contracting as opposed to public bidding; and

WHEREAS pursuant to N.J.S.A. 40A:11-4.1 (i), at the option of the governing body any good or service that is exempt from bidding pursuant to NJSA 40A:11-5, such as a professional services contract, may be procured via competitive contracting if authorized by resolution of the governing body as provided in N.J.S.A. 40A:11-4.3; and

WHEREAS the Board is desirous of soliciting proposals under competitive contracting, pursuant to N.J.S.A. 40A:11-4.1, et seq. to acquire the necessary goods and/or services as outlined above; and
WHEREAS Planning and Economic Development Committee has considered this matter on April 29, 2015 and recommended this resolution to the full Board for adoption;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes, pursuant to N.J.S.A. 40A:11-4.3, that the County utilize competitive contracting to acquire the necessary goods and/or services; and

BE IT FURTHER RESOLVED that the appropriate County officials shall prepare or have prepared a Request for Proposal for said services, in accordance with N.J.S.A. 40A:11-4.4.

Planning and Economic Development Committee
Proposed Urban Agricultural Plan

Urban agriculture holds the promise of boosting food access in Passaic County's underserved communities, providing new opportunities for local business growth, and developing knowledge and education about healthy eating. Urban farms in Passaic County can be a source of fresh produce for neighborhoods, local restaurants and shops, as well as an opportunity for community supported enterprises to fill valuable educational and social roles.

Based on Passaic County's unique landscape and urbanization the traditional farming method is limited within our community. Our 2008 Farmland Preservation plan was developed following standard SADC guidelines which make the County eligible for PIG money. However, most of the farms in Passaic County do not qualify for SADC cost share so the County has gone about preserving farms primarily on its own.

The intent of creating an Urban Agricultural Plan is to address this reality and to develop a new path forward that is both in keeping with the SADC yet fosters a new breed of farms and farmers.

The proposal for the plan update should include SADC guidelines and a new analysis that follows, at a minimum, the guidelines set forth below:

- Complete an urban agriculture assessment that conducts a market analysis
- Recommends ideal locations and specific potential sites for urban farming
- Identifies opportunities for different types of urban farming including community gardens, commercial, and private
- Identifies barriers to urban agriculture in municipal zoning codes, local ordinances and state regulations
- Recommends specific policy changes; and provides guidelines for urban agriculture on vacant properties and publicly owned facilities; and work with local community groups and nonprofit organizations to establish temporary and permanent urban farming operations on vacant lots, abandoned properties, rooftops, and public property (e.g. Adopt-a-lot programs)
- Evaluate funding mechanisms such as a re-granting program or the creation of a low interest loan program using Farmland Preservation funds

The Urban Agricultural plan should provide a framework for municipalities to take advantage of the economic and social capital that comes along with urban farming. The Urban Agricultural plan should assess setting up a granting opportunity to foster economic development through assisting with startup costs, expansion of existing businesses, and infrastructure improvements. As a result of these efforts the goal is make Passaic County an attractive location for entrepreneurs and existing urban agricultural activities to thrive.

In Newark, a Vertical Indoor Farm Helps Anchor an Area’s Revival

By C. J. HUGHES  APRIL 7, 2015

NEWARK — Schools, sports arenas and apartment buildings have sprouted in recent years in this troubled city as part of efforts to revitalize it. Now, it’s kale’s turn to take root in a most unusual spot.

A former Grammer, Dempsey and Hudson steel plant in the Ironbound section of Newark is being razed by the RBH Group to make way for a giant custom-built complex for its sole tenant, AeroFarms, a company producing herbs and vegetables in an indoor, vertical environment. Instrumental in reviving parts of Newark, the RBH Group sees the venture as a way to create jobs, clear a shabby block and supply a healthy, locally grown food source.

The complex, a group of metal-block, low-slung buildings, some connected, some not, also has prominent backers. Through its Urban Investment Group, Goldman Sachs is picking up the bulk of the $39 million cost for development of the AeroFarms Ironbound complex, using equity, debt and bridge financing. Prudential Financial, whose headquarters are now in Newark, is also an investor. The project has been awarded $9 million in city and state money, in tax credits and grants.

The new 69,000-square-foot complex will also contain labs, offices and a cafe and is expected to be finished next year.

Unlike urban vegetable gardens of the past that took advantage of empty lots or evolved in rooftop greenhouses, AeroFarms employs so-called
aeroponics and stacks its produce vertically, meaning plants are arrayed not in long rows but upward. Because the farming is completely indoors, it relies on LED bulbs, with crops growing in cloth and fed with a nutrient mist.

Critics of vertical farming have complained that taste can suffer when food is cultivated without soil or sun, while proponents say vertical farms are extremely efficient and have a small environmental impact. They take up minimal space, grow round the clock and are near the markets that sell their crops, reducing the need for long truck trips. Vertical farms are also far less susceptible to the vagaries of unpredictable weather like droughts or floods.

"We can deliver anything the plant wants, when it wants it, how it wants it and where it wants it," said David Rosenberg, chief executive of AeroFarms. The company has housed a smaller, temporary operation in an apparel store downtown.

Scheduled to open this fall inside the new Ironbound site, AeroFarms projects it will reap up to 30 harvests a year, or two million pounds of greens, including kale, arugula and romaine lettuce, Mr. Rosenberg said. At that output, AeroFarms would be among the most productive vertical farms in the country, analysts say.

But in an industry where profitability is elusive, success is hardly guaranteed. Indeed, AeroFarms is still lining up customers, which ideally will include grocery chains, schools and restaurants, company officials said. Not yet profitable, the company, which plans to expand to 70 employees, from 20, is also seeking venture capital funding.

Comparing vertical farms can be tricky. Unlike AeroFarms, some sell whole plants, or by-products like juice and salad dressing. Also, because the height of rooms in vertical farms is often more important than their width, floor measurements can be misleading, some farmers say.

Still, in real estate terms, the Ironbound operation would be among the country's largest. About two-thirds of the complex, or 46,000 square feet, will be dedicated to crops, according to the company, in rooms with lofty 30-foot ceilings.

In contrast, FarmedHere, an Illinois company, grows plants in about
47,000 square feet of a low-slung 93,000-square-foot former box factory near Chicago Midway International Airport. Founded in 2011, FarmedHere sells its produce to nearly 50 Whole Foods markets, plus other grocery stores, said Mark Thomann, the chief executive.

Mr. Thomann said he welcomed company in a small but growing sector. "We all need to collaborate, since we really are competing with traditional farms," which still control 95 percent of the market, he said. "We all need to work together to make this a viable category."

But in a sign of the risks inherent to the industry, other fledgling companies trying to grow crops in small spaces have sputtered and failed. For example, Alterrus Systems, maker of the shelflike VertiCrop system, with a greenhouselike farm on a sun-dappled roof of a parking garage in Vancouver, British Columbia, declared bankruptcy this year.

If the industry is nascent, it can still attract big backers.

Previously, both Goldman and Prudential teamed with RBH on Teachers Village in Newark, a $160 million project that is creating a mix of schools, apartments and stores from a patchwork of warehouses and parking lots.

But brokers say that Newark, about 10 miles west of New York, also appeals to start-ups because of its dirt-cheap rents, which is especially true in the Ironbound’s ragtag industrial section, where warehouses can be had for as little as $5 a square foot. In comparison, rents for similar space in Brooklyn can be more than $20.

"Companies are starting to realize that doing business in Newark is significantly cheaper," said Ron Beit, RBH's founding member.

One reason that Newark, and especially the Ironbound section, may be so affordable is its legacy of pollution. Crisscrossed by truck routes and flight paths, the Ironbound also was the home of a federal Superfund site where Agent Orange, the toxic defoliant, was manufactured in the mid-20th century; the site has since been cleaned up.

Similarly, over the years, toxins like lead have been discovered on the long block containing AeroFarms’ new farm. In fact, the swimming pool in an athletic center there had to be constructed on an upper floor, over fears that...
harmful chemicals could seep into the water, said Drew Curtis, a director of the Ironbound Community Corporation, a local nonprofit that has worked to remediate the area.

But while one parcel may still be a brownfield, most of the contaminated soil has been carted away, Mr. Curtis said. Besides, AeroFarms sits on land that has never been polluted, according to Mr. Beit, who added that its water supply would come from pipes, and not wells, anyway.

And because only four trucks will service the farm daily. AeroFarms is expected to have a light environmental footprint: "Every use at that site would have probably added truck traffic, but this will be far less than other uses," Mr. Curtis said.

The farm's construction is occurring during a flurry of activity in Newark. Besides Teachers Village, a high-rise apartment building with mostly market-rate units is planned for a former Ballantine brewery malt house near the Passaic River.

And Hahne & Company, a Beaux-Arts former department store that had been closed for decades, is now adding apartments, art studios for Rutgers University and a Whole Foods market.

In 2012, a Courtyard Marriott hotel opened by the Prudential Center arena, and the Hotel Indigo, a conversion of a Cass Gilbert-designed bank, officially cut its ribbon last month. A hotel is also planned for the Ironbound, its first.

In addition, Prudential, a major investor in Newark, is putting the finishing touches on a 20-story, $444 million office tower, and, Panasonic relocated from Secaucus two years ago into one of the first major new office buildings in decades.

Jeff Kolodkin, a managing director with the brokerage firm Newmark Grubb Knight Frank, says that because so many projects are going at once, the city's rebound appears to have staying power. "This is probably the most legitimate chance that Newark has had to turn a corner in decades," he said.

A version of this article appears in print on April 8, 2015, on page B1 of the New York edition with the headline: Prime Newark Farmland, Inside an Old Steel Factory.
U.S. to See More Urban Farming in 2015 as Economics Improve, Consumer Demand Increases and More Incentives are Added

December 10, 2014 | seedstock

Los Angeles, CA (PRWEB) December 10, 2014 – Urban agriculture is expected to maintain strong growth in the United States in 2015 as cities and states provide more incentives, more start-up farmers enter the field, smaller operations improve their profitability and consumer demand for locally grown food remains strong, according to Seedstock.com.

The growth outlook for land, production and jobs connected with urban farming was generated from Seedstock’s recent annual conference at UCLA where more than 250 farmers, entrepreneurs, policy makers, investors and others gathered to hear experts discuss current factors driving robust local food systems in dozens of urban settings across the country.

"Urban agriculture will truly emerge as one of this country’s most visible economic and cultural forces in 2015. We'll see strong job growth, continued innovation, more commercial-scale farming in cities and greater production numbers of locally grown food," said Robert Puro, co-founder of Seedstock, the nation's leading information, consulting and networking company promoting innovation in urban and sustainable agriculture.

Direct to consumer local food sales via community supported agriculture (CSA), farmers markets and farm stands increased from approximately $600 million to $12 billion from 1997 to 2007. USDA estimates that farm-level value of local food sales totaled about $14.5 billion in 2008 (17 percent of revenue from all farm production) and are expected to continue double-digit growth into 2015 and beyond.

The top five trends or changes for urban and sustainable agriculture in the U.S. in 2015, according to Seedstock, are:

• More government incentives, primarily through land-use policy changes, job training and economic programs. For example, a new law in California authorizes tax breaks for land-owners who lend their property to urban farmers. Cities across the U.S. are approving similar policies to stimulate more commercial-scale urban farming.

• An increase in aggregation and distribution centers catering to smaller farm operations. The U.S. Department of Agriculture set aside millions of dollars in the last farm bill to support these efforts, mostly through marketing assistance.

• Demand for locally grown food will continue to increase among consumers. Grocers, such as Whole Foods, have already placed heavy emphasis on marketing locally grown produce. Locally sourced meats, seafood and produce will remain the top trends in 2015 among the nation’s chefs, according to a survey by the National Restaurant Association.

• The rise of local food business incubators. Grocers and restaurants won’t be the only buyers of locally grown produce. Consumers already are looking to buy more regionally produced food products, which is prompting more business start ups. In 2015, Los Angeles will open its first food production business incubator to provide entrepreneurs in a staging area to develop, market and scale their fledgling food businesses.
U.S. to See More Urban Farming in 2015 as Economics Improve, Consumer Demand Increases and More Incentives are Added

- More controlled-environment farms. Hydroponic and aquaponic farming are increasing — driven by a starvity of affordable land in urban areas, reductions in the costs of technology and local food demand. The popularity of an indoor-ag conference in Las Vegas, and government incentives to convert abandoned buildings to farms are two indicators this industry is taking off. Also, more rooftop gardens will appear in more urban areas.

"As start-up costs go down and consumer demand continues to climb, the U.S. will continue to see many more people enter the field of urban, sustainable farming," Pure said. "You also can't overlook the significant societal change we're witnessing — more and more young people are abandoning the typical office job or changing their career search to do something good for the environment. They are discovering that they can make a decent living by growing food in or near urban areas on smaller plots."

Another key to continued growth in urban, sustainable farming is education. Groups like Seedstock have become necessary to new farmers who need resources and networking. As highlighted in one of Seedstock's recent articles, a variety of factors will determine whether an individual urban agriculture operation will be profitable.

"Smaller farms can face greater financial risks because their liabilities are not spread over as large an area as an industrial-scale farm, or they don't enjoy the same economies of scale when it comes to purchasing supplies," Pure said. "Those obstacles are beginning to fade as technology improves, more small farms emerge and entrepreneurs figure out the right business model. As a result, financing is becoming more available and profits are being realized."

Dated: May 13, 2015
WHEREAS the Board of Chosen Freeholders of the County of Passaic by Resolution R-12-1020 dated December 28, 2012 authorized the purchase of property at 310-338 Lackawanna Avenue, Block 124, Lot 1, in Woodland Park, New Jersey consisting of 1.12 acres of land to be used as open space as part of a land swap in order to sell approximately one third of an acre of excess Passaic County open space property along Dey Road in Wayne, NJ; and

WHEREAS in furtherance of the proposed land swap the Borough of Woodland Park has graciously offered to give the County of Passaic an adjoining parcel to 310-338 Lackawanna Avenue consisting of approximately one half acre (Block 123, Lot 1) to be used with the other parcel as a Passaic County Pocket Park; and

WHEREAS in order to complete the transaction on both land parcels, it was necessary to have a survey completed on both parcels in accordance with New Jersey Department of Environmental Protection Green Acre standards; and

WHEREAS the Board of Chosen Freeholders of the County of Passaic by Resolution R-2014-185 authorized the retaining of LAN Associates of Midland Park, New Jersey to do boundary surveys on both properties for the sum of $3,020.00 plus $150.00 for a metes and bounds description in accordance with Green Acres standards; and

WHEREAS now that the County of Passaic is almost in a position to formally petition the New Jersey State House
above, it is necessary pursuant to Green Acre Regulation (N.J.A.C. 7:36-26.9) to have corner markers set by a Green Acre-approved surveyor on the lands that are being offered as part of the land swap; and

WHEREAS said LAN Associates has submitted a proposal dated April 29, 2015 to complete the corner marking on both properties for a lump sum fee of $1,500.00 (copy of proposal attached hereto and made a part hereof) as an amendment to their original survey contract; and

WHEREAS the Freeholder members of the Finance & Administration Committee have reviewed this proposal and is recommending that it be approved by the full Board; and

WHEREAS a certification is attached hereto indicating the availability of funds for said expenditure.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes an amendment to the original surveying contract given to LAN Associates to permit them to do the necessary corner marking for the County-owned property at 310-338 Lackawanna Avenue in Woodland Park, New Jersey and the adjoining parcel currently owned by the Borough of Woodland Park in conformity with their April 29, 2015 proposal.

BE IT FURTHER RESOLVED that the Director, Clerk to the Board and County Counsel are hereby authorized to execute the necessary contract modification on behalf of the County of Passaic.

LAN Ref. #2.8810.0 - #3143

Dear Mr. Edmond:

In accordance with the finalization of the County's land swap, LAN Associates, Engineering, Planning, Architecture, Surveying, Inc. (LAN) is pleased to submit this proposal for surveying services.

LAN, pursuant to NJAC 13:45-5.1, will furnish and set a corner marker on each of the property corners not otherwise found during the boundary survey. For the purposes of this proposal, a minimum of three the set corner markers will be either pre-cast or poured in place monuments, which will be set flush, but not more than 0.2 foot above the ground surface. Monuments will be constructed of reinforced concrete, detectable with a ferrous or magnetic locator, not less than 4 inches square on top, not less than 4 inches square on the bottom, not less than 30 inches in length, and displaying a standard 3-1/2 inch or 2-1/2 inch bronze or aluminum disk. All other corners shall be marked with 1/2 inch diameter rebar pins, not less than 24 inches in length. All rebar pins when set shall contain a standard 3-1/2 inch or 2-1/2 inch bronze or aluminum disk.

For the above referenced scope of services, the fee will be a lump sum of $1,500.

LAN's corporate office, from which this project will be managed, has been performing task type services for the NJDEP Division of Parks & Forestry for nearly twelve years at sites ranging from High Point State Park to Cape May Lighthouse. Our staff of approximately 75 is experienced and mobilized to perform task type services, and is capable of handling multiple projects at multiple sites in the contract project area.

The quality of service provided by LAN is demonstrated by the fact that we are currently celebrating our 50th year. A majority of the clients for which we provide services have been with us for many years. The majority of our work is brought in through referrals by our existing clients. Based on our long-term experience with the work effort required, LAN is capable of meeting the schedule and budgets prepared for these types of projects.
We thank you for the opportunity to work with you on this project. Should this proposal be acceptable to you, please sign where indicated below and return a copy to LAN with a purchase order referencing same. Our proposal fees are good 60 days of the date of this letter.

Respectfully submitted,

Matthew Webb

RESOLUTION AUTHORIZING AN AMENDMENT TO THE FY 2014 ACTION PLAN FOR THE PASSAIC COUNTY COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM, TO RE-ALLOCATE FUNDING FOR THE BOROUGH OF HALEDON TO FUND ROAD IMPROVEMENTS ON GEYER STREET AND JOHN STREET AND TO RE-ALLOCATE FUNDING FOR THE BOROUGH OF WANAQUE FOR WATER MAIN IMPROVEMENTS ON JENKINS AVENUE, LOCUST STREET AND STORMS PLACE

WHEREAS, the Passaic County Board of Chosen Freeholders adopted Resolution R-2013-464 on June 25, 2013, authorizing the submission of a Five (5) Year Consolidated Plan for the period of FY 2013-2017 to the US Department of Housing and Urban Development in compliance with the rules and regulations governing the Community Development Block Grant Program (CDBG); and

WHEREAS, the County of Passaic adopted Resolution R-2014-511 on June 24, 2014 authorizing the submission of the One Year FY 2014 Action Plan for a total grant amount of $815,756.00; and

WHEREAS, the Department of Housing and Urban Development has notified the County of Passaic that it will receive additional funding in the amount of $50,245.00 due to the reallocation of FY 2012 funding within the New York-Jersey City-White Plains, NY-NJ Metropolitan Division; and

WHEREAS, the total grant is now $866,001.00; and

WHEREAS, the Board of Chosen Freeholders of Passaic County adopted Resolution R-2014-853 on October 28, 2014, allocating $140,181.00 to the Borough of Haledon to pave and mill Ida Street, N. 12th Street, Post Street and Bernard Avenue; and
WHEREAS, the US Department of Housing and Urban Development (HUD) just issued revised census information that indicates that the above referenced streets are no longer located in a low/moderate income census tract which disqualifies the location from receiving CDBG funding; and

WHEREAS, the Borough of Haledon has requested that the County of Passaic amend the CDBG FY 2014 Action Plan to allocate the original $140,181 in funding to mill, resurface, replace roadway base and install ADA curb ramps on John Street and Geyer Street; and

WHEREAS, John Street and Geyer Street are located in a low/moderate income census tract and therefore the location is eligible to receive CDBG funding; and

WHEREAS, the Board of Chosen Freeholders of Passaic County adopted Resolution R-2014-853 on October 28, 2014 allocating $100,000 to the Borough of Wanaque to replace water mains in Milton Place and Jefferson Street; and

WHEREAS, the US Department of Housing and Urban Development (HUD) just issued revised census information that indicates that the above Milton Place and Jefferson Street are no longer located in a low/moderate income census tract which disqualifies the location from receiving CDBG funding; and

WHEREAS, the Borough of Wanaque has requested that the County of Passaic amend the CDBG FY 2014 Action Plan to allocate the original $100,000.00 in funding to perform water main
improvements on Jenkins Avenue, Locust Street and Storms Place; and

WHEREAS, Jenkins Avenue, Locust Street and Storms Place are located in a low/moderate income census tract and therefore the location is eligible to receive CDBG funding; and

WHEREAS, the Passaic County Board of Chosen Freeholders adopted Resolution R-2015-0222 on March 24, 2015 authorizing the advertisement of the proposed amendment in the Record and the Herald News for a period of 30 days to solicit public comment (see attached); and

WHEREAS, no public comments were received on these proposed amendments to the CDBG FY 2014 Action Plan; and

WHEREAS, the County is cognizant of the conditions that are imposed in the undertaking and implementation of this Federal Assistance program; and

WHEREAS, the Passaic County Board of Chosen Freeholders considers this proposed amendment to the CDBG FY 2014 Action Plan to be beneficial to the public; and

WHEREAS, this matter was discussed at the Freeholder Planning and Economic Development Committee meeting on April 29, 2015 and was recommended to the full Board for approval; and

NOW, THEREFORE, BE IT RESOLVED, by the Board of Chosen Freeholders of the County of Passaic that the CDBG FY 2014 Action Plan be amended to permit the Borough of Haledon to utilize the grant award of $140,181.00 to mill, resurface, replace
roadway base and install ADA curb ramps on John Street and Geyer Street; and

**BE IT FURTHER RESOLVED**, by the Board of Chosen Freeholders of the County of Passaic that the CDBG FY 2014 Action Plan be amended to permit the Borough of Wanaque to allocate the original $100,000 in funding to perform water main improvements on Jenkins Avenue, Locust Street and Storms Place; and

**BE IT FURTHER RESOLVED** that the Freeholder Director is hereby authorized to act as the authorized representative of the County of Passaic and execute all documents and certifications.

NOTICE TO THE PUBLIC
Community Development Block Grant Program

Passaic County

Passaic County New Jersey intends to modify the FY 2014 Action Plan for the Community Development Block Grant (CDBG) Program. Due to changes in the designation of low-and moderate-income areas by HUD, the waterline improvement projects proposed by Wanaque and Haledon are no longer eligible. Instead, Wanaque Borough proposes to undertake water main improvements on Jenkins Avenue, Locust Street, and Storms Place; and the Borough of Haledon proposes to implement road improvements to Johns and Geyer Streets including milling, resurfacing, replacement of roadway base, and ADA curb ramp instillation.

Copies of the modification to the FY 2014 Annual Action Plan are available for public inspection and review at the following locations for a thirty-day period from April 2, 2015 to May 4, 2015.

As per your request

Sent: Monday, May 11, 2015 3:55 PM
To: Kuzinski, Mary
Subject: Late Starter Request

Committee Members,

REQUEST TO AWARD VENDOR:
BID# C-15-011 - Passaic County Weatherization Program - Boiler Replacement At Monsignor Joseph R. Brestel Residence Located in Passaic NJ

Bids for the above subject project were opened at the County of Passaic Procurement Department on Friday, May 8, 2015 at 10:30 a.m. A total of three (3) bids were received.

Based on the above, I am recommending to award the contract to “Silva’s Mechanical” after verification of their documentation. “Silva’s Mechanical Services” was the low bidder. In addition our project Engineer, LAN Associates Engineering, Planning, Architecture, Surveying, Inc. (LAN) having previously worked with Silva’s Mechanical Services also provided a recommendation as a company in good standing.

In regards to “Fund Certification” – a requisition has been prepared pending your approval: (see attached requisition)

- REQUISITION: R5-03560
- ACCOUNT: G-01-41-833-011-213
- GRANT: HIP 2011

The urgency of this request has to do with the grant deadline which requires the weatherization Division to complete this project by August 31 2015. Waiting two weeks until the following board meeting will delay the start of the project significantly and the lead time to order and manufacture the boilers is 6-8 weeks.

I am asking to prepare a resolution so the Board of Chosen Freeholders may award the contract at the 5/12/15 Board meeting.
