RE: Adding further to the pool of qualified outside/special litigation Counsel for the County of Passaic under Pay to Play for 2016

DATE: June 15, 2016

In response to the submission to me of the qualifications for the expansion of the pool of outside counsel, please be advised that I have reviewed the four (4) proposals received and can report that all are qualified to act as outside/special counsel for the County of Passaic. One of the firms who submitted, Florio Kenny Raval of Hoboken, New Jersey, had originally submitted and qualified for calendar year 2016 pursuant to R-2015-0956 dated December 30, 2015.

The other three firms who submitted qualifications who were not previously qualified for 2016 are as follows:

1. Allwaters Law Firm LLC, 661 Franklin Avenue, Nutley, NJ 07110
2. Keenan & Doris, 71 Union Avenue, Rutherford, NJ 07070
3. Carlson Siedsma LLP, 1099 Mt. Kemble Avenue, Morristown, NJ 07960

The three firms referenced above have individuals, partners or principal employees who are licensed attorneys in the State of New Jersey with the relevant experience as set forth in the solicitation proposal. Consequently, I would appreciate it if you would present these firms to the Freeholder Administration & Finance Committee for authorization for a Resolution to add these three (3) firms to our pool of outside/special litigation counsel for calendar year 2016.

Thank you for your attention to this matter.

RE:  Amendment to the 2016 Open Space Trust Fund Budget

DATE:  June 15, 2016

The 2016 Open Space Trust Fund (“OSTF”) Budget was adopted by the Board of Chosen Freeholders (“Board”) earlier this year, outlining approximately $5,000,000 in spending on parks, recreation, and open space in the Passaic County Park System. Moreover, the Board increased the percentage of funds dedicated towards providing grants to municipalities and non-profit foundations. Moving forward, and on the professional opinion of the Chief Financial Officer, Administration is recommending that grant awards be calculated based upon the cash-on-hand in the OSTF, and not projected tax receipts. Therefore, each year the tax receipts collected for open space will be reserved for use the following fiscal year, and the CFO will not face issues regarding the certification of funds for grants, as was experienced in 2015. Consequently, Administration is recommending the following amendments to the FY2016 OSTF Budget:

- Cancel the line item for Garret Mountain Improvements (construction) in the amount of $1,425,000 as this project will not be ready for construction in FY2016. This project’s design will be finished by the end of the year and the construction phase will be bid in FY2017.
- Reduce the Goffle Brook Park Synthetic Field line item of $1,000,000 by $286,001.83 to now total $713,998.17, encumber the remaining $286,001.83 from Bond Ordinance No.12-07 to this project.
- Cancel the following line items and encumber them under Bond Ordinance No.10-04:
  - Preakness Valley Golf Course Improvements, Red Hole #7 Reconstruction, $159,000;
  - Preakness Valley Golf Course Improvements, Construction of golf storage building, $80,000; and
  - Preakness Valley Golf Course Improvements, Security cameras in club house, $50,000.

These changes reduce the $5,140,134 FY2016 OSTF Budget to $3,141,133.17, leaving (at least) $2,000,000 in the municipal/non-profit fund to give out grant awards this year with only cash on hand, and ensuring that all tax receipts collected in 2016 are being put in reserve to budget for FY2017. These projects are not being cancelled, in so much as each is still moving forward, just the source of funds is coming from previously unencumbered bond ordinances that can be drawn down and cancelled.

Dear Mr. Lora:

The enclosed Notice of Obligation (NOO) is to revise your Workforce Development Area funding authority for WorkFirst New Jersey for State Fiscal Year (SFY) 2015 (July 1, 2014 through June 30, 2015). Dear Linda,

Congratulations! I'm pleased to announce that your program has been awarded $2,500 through the 2016 Meals on Wheels Loves Pets grant program. We hope these funds will help support you as you grow your pet program and work to protect the special relationship between your senior clients and their beloved pets.

Your grant check will arrive in the mail in the next two to three weeks. Upon receiving a Meals on Wheels Loves Pets grant, you are required to do the following:

1. Submit any supplemental information, e.g. photos or statistics, if requested by Meals on Wheels America.
2. Send out a press release to announce your grant this month. Download our easily customizable template here!
3. Translate funds received into number of additional pets served. This is great information for the press release, too!
4. Submit a final report via the Meals on Wheels America Online Grants System no later than Wednesday, November 30, 2016. Don't worry, we'll send a reminder!

Grant funds can only be used for pet food purchases, pet food storage, gas for volunteers to deliver pet food, cat litter, veterinary care (including spay/neuter), grooming, temporary boarding expenses and pet supplies. No portion of the grant award may be used for operating expenses, administrative costs, office supplies, marketing or fundraising.

Thank you for participating in the 2016 Meals on Wheels Loves Pets grant program and for your continued commitment to improving the lives of the seniors you serve and their pet companions.

Sincerely,

Todd Turner

Adoption: June 28, 2015
Official Resolution: A010415-0
NJ-JARC 2 OPERATING AGREEMENT
BETWEEN NEW JERSEY TRANSIT CORPORATION
AND
Passaic County

This Agreement is made as of _______________ , 2015, by and between the New Jersey Transit Corporation (hereinafter "NJ TRANSIT"), an instrumentality of the State of New Jersey and the Passaic County (hereinafter "SUBRECIPIENT"), with offices at Human Services, 401 Grand Street, Room #439, Paterson, NJ 07505 (collectively the "Parties").

WHEREAS, NJ TRANSIT is empowered, pursuant to the New Jersey Public Transportation Act of 1979 (N.J.S.A. 27:25-1 et seq.), to contract for transportation services that are operated in the State of New Jersey; and

WHEREAS, NJ TRANSIT has created the state funded NJ-JARC program as the successor to the former federally funded Job Access and Reverse Commute (JARC) program; and

WHEREAS, NJ TRANSIT is providing the operating funding for transportation services planned, designed, and carried out to improve access to employment and/or to employment related activities for low-income individuals and to transport residents of urban areas and non-urban areas to suburban employment opportunities;

WHEREAS, NJ TRANSIT has determined that the Service, set forth in the Subrecipient's grant application in EXHIBIT A and pursuant to the terms below, is eligible for funding under the NJ-JARC program;

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein the Parties hereto covenant and agree with each other as follows:

1. **PURPOSE, TERM, RESPONSIBILITIES AND PAYMENT:** This Agreement between NJ TRANSIT and the Subrecipient is solely for the purpose of the operation of public transportation services to be provided by the Subrecipient as described in their application EXHIBIT A. The Subrecipient itself or through a contract with another organization shall directly and fully promote the Service at the Subrecipient's expense. The Service shall be at all times under the control and supervision of the Subrecipient. It is understood and agreed by the Parties that the Subrecipient is a not an agent of NJ TRANSIT. It is further understood that if the Subrecipient elects to provide the Service by contracting with another entity, that such entity shall be an independent contractor of the Subrecipient, not NJ TRANSIT. The Term of this Agreement shall be from July 1, 2015 to June 30, 2016 ("Term"). NJ TRANSIT funds to be expended by June 30, 2016.

2. **Agreement Amount:** The amount of NJ TRANSIT funds to be reimbursed to the Subrecipient during the term of this Agreement shall not exceed $150,000.00 during the first twelve (12) months of documented service expenses. SUBRECIPIENT shall provide a match of $150,000.00 for these twelve (12) months of this project. The total amount shall not exceed $300,000.00.

3. **CHANGES IN SERVICE:** Any changes in Service by the Subrecipient during the Term of this Agreement shall be submitted as revised EXHIBIT A, as appropriate, in a timely manner to NJ TRANSIT for review and concurrence within sixty (60) days. NJ TRANSIT reserves the right to disapprove any change in Service, and in such case the Subrecipient either shall not implement the change or shall reduct the change.

4. **TERMS OF PAYMENT:** NJ TRANSIT shall pay the Subrecipient fifty (50%) percent of the total Service cost, including all operating costs associated with this Service. During the term of this Agreement, the Subrecipient shall submit to NJ TRANSIT properly executed reimbursement requests on or within forty five (45) days of the end of the month for which payment is being requested. See EXHIBIT B for additional details. NJ TRANSIT shall be permitted to verify, audit and adjust any claim made by the Subrecipient. All
payments shall be subject to adjustment following a federal or state audit, and the Subrecipient shall be responsible as a result of any such audit exceptions.

5. **MONITORING AND REPORTING PROGRAM PERFORMANCE:** The Subrecipient shall submit to NJ TRANSIT Monthly Summary Reports (MSR). These reports shall be submitted twenty (20) days after the end of every calendar month. These reports should be electronically submitted to NJ TRANSIT via S-RIDES as described in **EXHIBIT C**. The Subrecipient must clearly indicate the NJ-JARC ridership on their MSR and must show the funding source as “State” for the Service. From time to time, NJ TRANSIT may determine, at its sole discretion, based on ridership results and other factors, and in the best interest of NJ TRANSIT, whether it wishes to continue this Service and may terminate the Agreement and the Service pursuant to Section 23, below.

6. **EMPLOYEE REQUIREMENTS:** The Subrecipient and/or its contractor must have complete control over the employment of all personnel required to provide the Service detailed in **EXHIBIT A**.

7. **DRIVER TRAINING:** The Subrecipient or its contractor must be responsible for all driver training and shall certify that drivers operating the Service are at all times in possession of valid CDL drivers licenses which have not lapsed and are familiar with routes, fares, and policies of the Service.

8. **FARE SYSTEM AND ZONE STRUCTURE:** The Subrecipient may establish and charge fares for the Service, subject to written approval by NJ TRANSIT, as attached in **EXHIBIT D**. Fares shall be uniformly applied to all passengers without regard to their place of residence or place of employment.

9. **EQUIPMENT:** Equipment to operate the Service vehicles will be provided by the Subrecipient. The Subrecipient shall be responsible for providing and maintaining sufficient back-up vehicles.

10. **INSPECTION:** NJ TRANSIT inspectors and their designated agents and representatives shall, upon presentation of valid identification, have the unimpeded right to enter upon the Subrecipient’s premises, and to enter and travel upon, or inspect all equipment utilized in providing this Service, for the purpose of conducting inspections. NJ TRANSIT shall make a reasonable effort not to unduly interfere with the operations or maintenance schedules of the Subrecipient during these inspections.

11. **INSURANCE and IMPEIGNIFICATION:**
   a. **Insurance**
      The Subrecipient shall maintain a minimum combined single limit liability insurance policy of $5,000,000 with a loss payee endorsement in favor of NJ TRANSIT and any other party in interest designated by NJ TRANSIT. The Subrecipient shall furnish NJ TRANSIT with certificates of insurance or written evidence of insurance indicating coverage in amounts stated herein, which will include NJ TRANSIT as an additional insured party and provide for written notice to NJ TRANSIT within 30 days of cancellation or reduction in the amount stated herein. The maintenance of insurance under this section shall not relieve the Subrecipient of any liability where liability for injury, death or property damage is greater than the insurance coverage.

   b. **Indemnification**

Dear Ms. Owen:

Congratulations! I am delighted to inform you that the Fiscal Year (FY) 2015 Continuum of Care (CoC) Program project application(s) your organization submitted was selected for funding in the total amount of $267,391.

The CoC Program is an important part of HUD's mission. The programs and CoCs funded through the CoC Program continue to demonstrate their value by improving accountability and performance every year. HUD commends your organization for its work and encourages it to continue to strive for excellence in the fight against homelessness.

The conditionally obligated funds for your award(s) are detailed in the enclosure, which lists the name(s) of the individual project(s); the project number(s); and the specific amount(s) of the obligation(s) for each conditionally selected application. Your local field office will be sending a letter to provide your organization with more information about finalizing your award(s), including execution of your grant agreement(s). Your organization will not have access to these funds until all conditions are satisfied and the grant agreement is fully executed.

AWARD OF CONSULTING ON-CALL TESTING SERVICES

Dear Members of the Board:

As per Resolution R-2015-144, dated February 24, 2015, the County received bids for Construction & Geotechnical On-Call Testing Services for the County of Passaic on an as-needed basis for a period between March 1, 2015 and February 28, 2017. The bids from the various consultants were received on January 29, 2015 for the On-Call Testing Services.

The Replacement of Preakness Ave Bridge & Culvert over Singac Brook Structure No. 1600-136 & No. 1600-137 project requires concrete testing services and laboratory testing services. Based on the anticipated concrete testing services and laboratory services, Key Tech Laboratories was selected to perform the work based on the lowest price of the On-Call Testing Services proposal. The work included coordination, preparation of concrete test cylinders, transportation of concrete cylinders, reports, and preparation of test results for this project. The estimated cost of the work is $2,450.00. These costs were based upon the rates submitted by Key Tech for Resolution R-2015-144 mentioned above.

This matter was discussed during the Public Works Committee meeting on June 20, 2016, and an initial allowance of $2,450.00 for Key Tech of Keyport, New Jersey is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding an allowance for consulting on-call testing services to Key Tech in the amount of $2,450.00 for the Concrete Testing and laboratory testing for the Replacement of

CONTRACT MODIFICATION- Fastech Consulting Engineers

Dear Members of the Board:

As part of the Design of the above referenced project, the consultant (Fastech Consulting Engineers) was required to perform extra work outside the original work due to the contractor's inability to meet the specifications laid out in the original plan. Fastech Consulting Engineers has provided a proposal in the amount of $3,250.00. Copy of the proposal is attached.

This matter was approved at the Public Works Committee meeting on June 20, 2016. An award of contract is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution modifying the contract to Fastech Consulting in the amount of $3,250.00 to include the additional work and authorize County Counsel and the Director of Purchasing to prepare and execute the necessary subject to the availability of funds.

The work included under this proposal includes the inspection, design and preparation of the construction contract documents and construction phase services for the Weasel Brook Park Improvements -- Phase II.

One proposal was requested and received from T&M Associates of Middletown in the amount of $142,125.00.

This matter was discussed at the Public Works Committee meeting on June 20, 2016, and an award of contract to T&M Associates is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding a contract to T&M Associates in the amount of $142,125.00 for the Weasel Brook Park Improvements -- Phase II subject to the availability of funds.

Re: Proposal for Professional Engineering Services
Weasel Brook Park Improvements – Phase II
City of Clifton, Passaic County

Dear Mr. Edmond:

T&M Associates is pleased to respond to your invitation to submit this PROPOSAL FOR PROFESSIONAL ENGINEERING SERVICES TO PREPARE PLANS AND SPECIFICATIONS in conjunction with the referenced project.

We have reviewed the Outline of Consultant Scope of Services furnished with the County’s RFP package (copy attached); have further visited the site to observe the existing conditions; and have discussed the project with County staff. We previously completed the County-wide Recreation Master Plan and are presently working with the County on the Phase I improvements to the park. We have completed an extensive field investigation of the existing conditions at the park and compiled the findings into a report that was previously submitted to the County as part of the Phase I improvements. To that end we are very familiar with the park and its infrastructure. We are extremely interested in performing the required services in accordance with the County’s schedule.

As per your instructions, we have read the Request for Proposal (RFP) and the accompanying Scope of work and offer the following clarifications to the County’s RFP.

A. Site Inspection

Since we have already completed a field investigation of the park as part of the Phase I Improvements, our field investigation effort at this time will be focused on updating the previously submitted report based on changes to the parks infrastructure within the past two years. Additional notes and photos will be obtained to update the previous report.

We will also investigate old documents related to the history of the park and its original Olmsted design in an effort to incorporate and restore some of these historical aspects into the park improvements. We will also review the recently completed County Recreation Master Plan to ensure that the improvements mirror the recommendations in the Master Plan.
B. Field Survey

Aerial photography and topographic mapping supplemented by targeted “on the ground” field survey was completed for the Phase I Improvements. As such, our field survey effort will be focused on updating the existing base maps with supplementary data to ensure the maps reflect current conditions.

Since the Phase I Project is currently advertised for construction bids and is anticipated not to be complete by the time this project begins, we will incorporate the Phase I design elements into the base maps to provide a seamless transition between the two phases on the drawings.

Property corners will not be set as part of the survey task as directed by Client. A waiver of this provision in NJAC 13:40-5.1 is made part of this contract.

C. Utility Engineering

It is anticipated that the proposed recirculating spray ground that will replace the existing spray ground will be connected to the existing water service. A new water service for the spray ground is not anticipated.

In order to provide a similar site light to the 1930's era fixture, we will research available similar poles and fixtures for the site lighting as well as the cost of reproduction of the original pole which is no longer manufactured. We will provide a recommendation letter to the County for consideration and selection of the desired fixtures and poles.

In accordance with the RFP, we will investigate refurbishing the existing site light poles. However, we do not recommend refurbishing the fixtures. Modern fixtures, similar in appearance but designed to meet IESNA standards are recommended.

We will design the sports lighting for the basketball courts to suit IESNA recommended practice.

We will apply to the utility company for electric service for both the site and sports lighting. We will also specify arrangements for removal of the existing cobra head style site lights and pole mounted flood lights. We believe that these lights were furnished by the utility company and removals will be their responsibility. We have also assumed that the County intends to own all of the light poles and fixtures and will therefore require metered service.

D. Geotechnical Engineering

In order to ensure proper design of the sports light pole foundations, we recommend one soil boring in the vicinity of the pole locations. It is understood that, should a soil boring be required for the footing design, the County’s on-call soil testing consultant can perform the drilling. Therefore, the cost of a soil boring is not included as part of our proposal.
F. Permits

1 - Permits

Please see explanations below.

3 - Soil Erosion and Sediment Control

We will prepare an application and obtain approval certification from the Hudson-Essex-Passaic Soil Conservation District.

4 - Green Acres

We have previously completed and submitted a Preliminary Assessment (PA) for the western portion of the site to the NJDEP Green Acres Program as part of the Phase I Improvements. The PA under this project will be focused on the portion of the site east of Park Drive as required for the Phase II funding.

5 - State Historic Preservation Office Coordination

We will coordinate with the NJDEP State Historic Preservation Office to determine if the proposed park improvements will be regulated and require further coordination. Initially we will provide a copy of the concept plan and narrative depicting the proposed improvements. We will further coordinate with SHPO to receive a letter of non-eligibility. If SHPO determines that the site improvements will require a memorandum of agreement, we will provide an additional scope of work for approval by the County.

9 - Clarifications & Exceptions:

- All application fees will be initially paid for by T&M. Cancelled checks will be submitted to Passaic County for reimbursement as an out-of-contract expense.
- This proposal is not inclusive of a Cultural Resource Investigation
- This proposal is not inclusive of a Threatened and Endangered Species Investigation.

H. Construction Contract Documents

We will develop up to two preliminary concept plans which shows the layout of proposed and desired site play features to replace the existing playground near Third Street for review and approval by the County. Prior to developing these preliminary concept plans, we will meet with the County and discuss different play options for the area and select the County preferred options.

We will work with the County and a preferred manufacturer of spray ground equipment to develop a plan and layout for the new spray ground. The spray ground will be a recirculating system connecting to the existing water supply for the existing spray ground.

The bids from the various consultants were received on January 29, 2015 for the On-Call Testing Services.

The Replacement of the Clinton Road Bridge Structure No. 1600-175, over Mossman’s Brook project requires concrete testing services and laboratory testing services. The work included coordination, preparation of concrete test cylinders, transportation of concrete cylinders, reports, and preparation of test results for this project. The cost of the work is $1,195.00. These costs were based upon the rates submitted by Key Tech for Resolution R-2015-144 mentioned above.

This matter was discussed during the Public Works Committee meeting on June 20, 2016, and an initial allowance of $1,195.00 for Key Tech of Keyport, New Jersey is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding an allowance for consulting on-call testing services to Key Tech in the amount of $1,195.00 for the Concrete Testing and laboratory testing for the Replacement of the Clinton Road Bridge (Structure No. 1600-175) subject to the availability of funds.

TilconNY is the successful bidder for milling and resurfacing under the Morris County Cooperative. We recommend TilconNY be retained under the Morris County Cooperative to mill and resurface 6 curves (1 in Wanaque and 5 in Ringwood) in order to provide a new surface prior to a different contractor applying a High Friction Surface Treatment under a separate contract.

The estimated cost to mill and resurface these 3,453 linear feet of roadway is $120,000.00 under the prices bid in the Co-op. This cost is not part of the NJTPA grant.

RESOLUTION AUTHORIZING AN AGREEMENT WITH SYTECH CORPORATION FOR CONTINUED SOFTWARE MAINTENANCE SERVICES FOR THE PASSAIC COUNTY PROSECUTOR’S OFFICE

WHEREAS the Passaic County Prosecutor’s Office is authorized to procure certain special equipment for use in confidential investigations when approved by the Attorney General of the State of New Jersey, pursuant to N.J.S.A. 40A:11-5(g); and

WHEREAS the Board of Chosen Freeholders of the County of Passaic (The “Board”) did previously award a contract to Sytech Corporation Of Alexandria, VA on March 25, 2008 (R-08-236), on behalf of the Passaic County Prosecutor’s Office for specialized law enforcement software maintenance services, and

WHEREAS said Board adopted subsequent resolutions authorizing continued software maintenance services, with the most current Resolution (R2015-0457 adopted on June 22, 2015) providing for the within services with an expiration of December 31, 2015; and

WHEREAS it is now necessary to procure a continued maintenance contract on said software, for a period commencing January 1, 2016 through December 31, 2016 in the amount of $25,965.00; and

WHEREAS a certification is attached hereto to reflect the availability of funds for the within contemplated expenditure; and
WHEREAS the within services are proprietary in nature and therefore exempt from public bidding pursuant to N.J.S.A. 40A:11-5(dd); and

WHEREAS the Board is desirous of making an exception to that policy because of the unique circumstances of this case; and

WHEREAS the Local Public Contracts Law, N.J.S.A. 40A:11-1 et seq., requires that the resolution authorizing the award of contract for exempt services and the contracts themselves must be available for public inspection; and

WHEREAS while the said FCC has now issued a ruling
capping phone and telecommunication rates at local jails effective
