RESOLUTION TO RATIFY A MEMORANDUM OF AGREEMENT
BETWEEN THE COUNTY OF PASSAIC, PASSAIC COUNTY
SHERIFF AND THE PASSAIC COUNTY POLICE BENEVOLENT
ASSOCIATION LOCAL 197 FOR THE PERIOD OF JANUARY 1,
2015 THROUGH DECEMBER 31, 2018

WHEREAS contract negotiations were heretofore conducted
between the representatives of the County of Passaic, the Passaic
County Sheriff and the Passaic County Police Benevolent
Association Local 197 representing correction officers at the
Passaic County Jail in accordance with a Memorandum of
Understanding (MOU) dated September 6, 2016 for the period of
January 1, 2015 through December 31, 2018, a copy of which is
attached hereto and made a part hereof; and

WHEREAS it is the desire of the Board of Chosen
Freeholders of the County of Passaic that the said Board does
hereby ratify the said MOU between the County, the Passaic
County Sheriff and said employees, retroactive to January 1,
2015; and

WHEREAS the Administration and Finance Committee
approved this matter at its meeting of September 15, 2016 and
recommended its approval by the full Board;

NOW THEREFORE BE IT RESOLVED by the Board of
Chosen Freeholders of the County of Passaic that the said Board
does hereby authorize a Collective Bargaining Agreement
between the County of Passaic, the Passaic County Sheriff and
said employees in accordance with the terms of the attached
Memorandum of Understanding dated September 6, 2016; and

BE IT FURTHER RESOLVED that the Director and Clerk to
the Board be and hereby are authorized to execute the said
contract on behalf of the County of Passaic.

October 11, 2016
MEMORANDUM OF AGREEMENT

between the

COUNTY OF PASSAIC AND PASSAIC COUNTY SHERIFF

and

POLICE BENEOVOLENT ASSOCIATION LOCAL #197

WHEREAS, this Memorandum of Agreement ("Agreement") is entered into September 6, 2016 between the County of Passaic ("County"), Passaic County Sheriff ("Sheriff") and Passaic County Police Benevolent Association Local 197 ("PBA"); and

WHEREAS, the County, Sheriff, and PBA have agreed to amend the terms of their current Collective Bargaining Agreement on behalf of the corrections' officers in the Passaic County Jail, which expired on December 31, 2014, and the County, Sheriff, and PBA having bargained in good faith and having mutually agreed, hereby state that it is agreed as follows:

Term of Contract

The Agreement shall be for a four (4) year term commencing January 1, 2015 and terminating December 31, 2018.

Recognition

Effective upon ratification of this Agreement, the title of Warden and Deputy Warden will no longer be recognized title in the CBA. This will not effective the person(s) currently holding the titles, only those holding the titles in the future.

Article VII – Compensation

Effective upon ratification of the Agreement, the Salary Guide attached hereto as Exhibit "A" shall be incorporated in the Agreement and replace the current Salary Guide.

Effective January 1, 2015, employees will not move on the Salary Guide and will not receive a cost of living adjustment in his/her salaries.

Effective January 1, 2016, employees will move two (2) steps on the Salary Guide, and all those employees at maximum will receive a one percent (1%) cost of living adjustment.

Effective January 1, 2017, employees will move one (1) step on the Salary Guide, and all those employees at maximum will receive a one percent (1%) cost of living adjustment.

Effective January 1, 2018, employees will move one (1) step on the Salary Guide, and all those employees at maximum will receive a one percent (1%) cost of living adjustment.
Article VIII – Increments and Longevity

All employees hired subsequent to January 1, 2017 shall be entitled to “senior officer pay” in lieu of longevity pursuant to the following schedule:

a) Twenty five hundred dollars ($2,500) added to the base pay of employees after fifteen (15) years of service;

b) Thirty five hundred dollars ($3,500) added to the base pay of employees after twenty (20) years of service;

c) Five thousand dollars ($5,000) added to the base pay of employees after twenty four (24) years of service;

Article IX – Night Differential

Add the following provision: Effective upon the execution of this Agreement, night differential paid to employees working the 3:00 PM to 11:00 PM shift, will decrease to five percent (5%) for all new employees hired after the execution of this Agreement.

Article X – Vacation, Sick, Personal, and Bereavement Leaves

New employees hired after the ratification of this Agreement shall be subject to the following vacation schedule:

- 1 – 8 years 12 days’ vacation per year
- 9 – 14 years 15 days’ vacation per year
- 15 – 19 years 18 days’ vacations per year
- 20+ years 20 days’ vacation per year

Section D (Death Leave) shall be amended to be consistent with the Passaic County Policies and Procedures Manual for Employees.

Article XI – Holiday Compensation

Change “Washington’s Birthday” to “President’s Day” and delete Lincoln’s Birthday as a Holiday.

Article XV – Medical Benefits

All employees hired subsequent to the ratification of this Agreement shall not be entitled to enroll in the County’s Traditional Health Care plan.

All employees in PBA Local #197 shall be subject to the contributions outlined in Chapter 78 of Public Law 2011.

All employees hired subsequent to the ratification of this agreement shall, upon retirement and twenty five years of service to Passaic County, be entitled to enroll only in the HBCBS Advantage EPO DESIGN 4 plan or an equivalent plan that may be offered.
Effective upon ratification of this Agreement, all out of network charges will be paid at 180% of the rate established by the Center for Medicare and Medicaid Services ("CMS") in 2017 and 150% of the rate established by CMS in 2018.

**Miscellaneous – Article XVI**

The County at its sole discretion can change from a bi-weekly payroll to a bi-monthly payroll.

All employees hired after the ratification of this agreement shall be entitled to health insurance upon retirement paid for by the Employer, through the County so long as they are employed for twenty five (25) years with the County of Passaic in any capacity and must have at least twenty five (25) years of credited service in a State approved retirement system.
Acknowledgement of Ratification and Incorporation

The parties agree to recommend these terms and conditions to their respective constituents for ratification.

All issues agreed to shall be incorporated into the new Agreement. All issues not previously agreed to and not mentioned herein are withdrawn. All other language in the expired Agreement shall continue in the new contract and will remain status quo.

Dated: October 12, 2016
RESOLUTION AUTHORIZING INCREASES IN RATES FOR EMPLOYEES, RETIREES OF INDEPENDENT AND AUTONOMOUS AGENCIES OF THE COUNTY OF PASSAIC, AND COBRA PARTICIPANTS PARTICIPATING IN THE COUNTY’S SELF-FUNDED INSURANCE PLANS FOR MEDICAL, PRESCRIPTION AND DENTAL COVERAGE, FOR THE PERIOD OF JANUARY 1, 2017 THROUGH DECEMBER 31, 2017

WHEREAS the Board of Chosen Freeholders of the County of Passaic (the “Board”) is committed to containing the cost of its self-funded employee benefits programs to the maximum extent practicable; and

WHEREAS several independent and autonomous agencies of the County of Passaic offer benefits to its employees and retirees through the County self-funded benefits program and reimburse the County for these employees and retirees; and

WHEREAS under the Consolidated Omnibus Budget Act of 1985 (COBRA), the County of Passaic is required to offer separated employees continued health coverage at its group rate for a period of up to 18 months; and

WHEREAS the County of Passaic previously permitted employees who had less than 25 years of service with the County to, upon retirement, receive benefits at lesser rates based upon their years of service and those rates are also adjusted annually; and

WHEREAS pursuant to N.J.S.A. 40A:10-21.1(a) (P.L. 2011, Chap. 78), local public entities are required, as part of their medical benefit, prescription drug program and dental coverage, to charge employees a premium for such coverages commensurate with their level of compensation; and
WHEREAS the County undertakes a periodic review of rates in order to ensure that they are adjusted when appropriate to realistically reflect market conditions; and

WHEREAS this coming year, the County’s health benefit provider, Horizon Blue Cross/Blue Shield, has recommended that the said Board offer employees a new health plan known as the OMNIA Plan; and

WHEREAS these rates were last adjusted by Resolution of the Board dated September 29, 2015 (R-2015-671); and

WHEREAS in accordance with this goal as stated above, the Board is desirous of adjusting the rates for these employees and retirees based upon a statistical evaluation of benefits paid last year from its insurance consultants Brown and Brown Metro, Inc.; and

WHEREAS this matter was reviewed by the Freeholder Committee for Finance & Administration at their September 28, 2016 meeting and is being recommended to the entire Board for approval.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes an increase in premium for employees, retirees and COBRA participants receiving medical, prescription, and dental benefits under the County of Passaic self-funded benefits program, as set forth in the attachment, for the period of January 1, 2017 through December 31, 2017.

RESOLUTION ADOPTING MEMORANDUM OF AGREEMENT BETWEEN THE COUNTY OF PASSAIC AND LOCAL 153, OFFICE AND PROFESSIONALS EMPLOYEES INTERNATIONAL UNION, AFL-CIO, REPRESENTING CLERICAL EMPLOYEES IN VARIOUS COUNTY DEPARTMENTS FOR THE PERIOD OF JANUARY 1, 2016 THROUGH DECEMBER 31, 2019

WHEREAS contract negotiations were heretofore conducted between the County of Passaic and Local 153, Office and Professionals Employees International Union, AFL-CIO, ("OPEIU" or the "Union") representing clerical employees in various County Departments, in accordance with a Memorandum of Agreement, for the period commencing January 1, 2016 through December 31, 2019, a copy of which is attached hereto and made a part hereof; and

WHEREAS the Board of Chosen Freeholders is desirous of ratifying said Memorandum of Agreement between the County and said employees for the period stated above; and

WHEREAS the Freeholder Administration and Finance Committee considered this matter and at its September 28, 2016 meeting and recommended this resolution to the full Board for adoption;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that the said Board does hereby ratify the contract between the County and said employees, in accordance with the terms of the attached Memorandum of Agreement; and
BE IT FURTHER RESOLVED that all appropriate officers and employees be and hereby are authorized and directed to execute such documents and take such further actions as are necessary to effectuate the purpose of this resolution.

October 11, 2016
Memorandum of Agreement

between the

County of Passaic

and the

Office and Professional Employees International Union, AFL-CIO, Local 153

WHEREAS, the County of Passaic ("County") is a corporate body politic with its main offices located at 401 Grand Street, Paterson, New Jersey, 07505; and

WHEREAS, the Office and Professional Employees International Union, AFL-CIO (hereafter referred to as the "Union" or "OPEIU") represents supervisor and clerical employees of the County’s Departments of Finance, Building and Grounds, Engineering, Parks, Planning, Health, Human Services, Purchasing, Board of Taxation, Senior Services, Disability and Veteran Affairs, County Clerk, County Surrogate, Superintendent of Schools, Police Academy, County Council; and

WHEREAS, this Memorandum of Agreement ("MOA") is entered into on September 15, 2016 between the County and OPEIU, following negotiation sessions between the Union and management representatives for the County which included the County Administrator, Deputy County Administrator, and Director of the Department of Personnel; and

WHEREAS, the County and Union have agreed to amend the terms of their Collective Bargaining Agreement ("Agreement") on behalf of the Union’s employees, which expired on December 31, 2015, and the County and Union have bargained in good faith, and having mutually agreed, hereby state and agree as follows:

Article I – Agreement

The County and the Union agree to a four (4) year Agreement retroactive to January 1, 2016 and expiring on December 31, 2019.

Article IV – Union Security

Section 1.5 (c)(3) [New]. The County shall permit Union Shop Stewards to take up to three (3) paid Union days annually for training, conferences, or other union activities, so long as adequate staffing levels are maintained, as determined by the County Administrator.

Section 1.5 (d) [New]. The union shall be allowed to establish a voluntary membership political COPE fund deducted from Union employees’ paychecks.

Article VII – Compensation

Section 2.5(c). This section shall be deleted and the following language will be inserted:

- Retroactive to January 1, 2016, all employees in the Union shall receive a two percent (2.0%) cost of living adjustment to their salaries with no movement on the Salary Guide.
- Effective January 1, 2017 all employees in the Union shall receive a two percent (2.0%) cost of living adjustment to their salaries with no movement on the Salary Guide.
Effective January 1, 2018 all employees in the Union shall receive a two percent (2.0%) cost of living adjustment to their salaries with no movement on the Salary Guide.

Effective January 1, 2019 all employees in the Union shall receive a two percent (2.0%) cost of living adjustment to their salaries with no movement on the Salary Guide.

**Article IX -- Health Benefits**

**Preamble.** The following sentence shall be inserted in the preamble paragraph of this Section: "All employees in the Union are subject to Chapter 78, P.L. 2011 with respect to healthcare contributions, as outlined in the law."

**New Section.** New employees hired after the ratification of this Agreement shall not be entitled to enroll in the County’s Traditional Healthcare Plan.

**New Section.** New employees hired after the ratification of this Agreement shall not be entitled to lifetime benefits upon retirement.

**New Section.** Effective upon the ratification of this Agreement, all out-of-network charges would be paid at the following Medicare Rate Schedule:

- 2016 – 250%
- 2017 – 180%
- 2018 – 180%
- 2019 – 150%

**Article XI -- Bereavement Leave**

**Section 3.9.** The language of this section shall be changed to be consistent with County’s Personnel Manual and in cases where the language in the Agreement is richer than the County’s Personnel Manual, such benefits shall remain.

**Section 4.0.** The language of this section shall be changed to be consistent with County’s Personnel Manual and in cases where the language in the Agreement is richer than the County’s Personnel Manual, such benefits shall remain.

**Section 4.1.** The language of this section shall be changed to be consistent with County’s Personnel Manual and in cases where the language in the Agreement is richer than the County’s Personnel Manual, such benefits shall remain.

**Miscellaneous**

The County at its sole discretion can change from a bi-weekly payroll to a bi-monthly payroll.

**Acknowledgement of Ratification and Incorporation**

The parties agree to recommend these terms and conditions to their respective constituents for ratification.

All issues agreed to shall be incorporated into the new Agreement. All issues not previously agreed to and not mentioned herein are withdrawn. All other language in the expired Agreement shall continue in the new contract and will remain status quo.

Dated: October 12, 2016
RESOLUTION AUTHORIZING AWARD OF CONTRACT FOR BULK NATURAL GAS SUPPLY SERVICE FOR THE PASSAIC COUNTY ENERGY REGIONAL COOPERATIVE PRICING SYSTEM AS PER BID

WHEREAS, deregulation of the nation’s energy markets have provided opportunities to save money by procuring natural gas through a competitive process; and

WHEREAS, the Freeholder Standing Committee on Energy and Sustainability directed the Administration to undertake efforts to achieve cost savings for Passaic County and its Institutions by undertaking a competitive bid process for the commodity of natural gas; and

WHEREAS, the Freeholder Standing Committee on Energy and Sustainability further directed the Administration to offer Passaic County’s municipalities the chance to be included in this bid process; and

WHEREAS, Passaic County established a purchasing cooperative as authorized by N.J.S.A. 40A:11-11(5) to achieve these cost savings; and

WHEREAS, the County of Passaic has been joined by the City of Union, County of Hudson, Harrison Housing Authority, Hudson County Community College, Hudson County Schools of Technology, Kearny Municipal Utilities Authority, Town of Guttenberg, Town of Secaucus, Township of North Bergen Housing Authority, West New York Housing Authority, Borough of Haledon, Borough of Hawthorne, Borough of Pompton Lakes, Borough of Prospect Park, Borough of Ringwood, Borough of Totowa, Borough of Wanaque, Borough of Woodland Park, City of Clifton, City of Passaic, Passaic County Community College, Pompton Lakes BOE, Township of Little Falls, Township of Wayne, Borough of Franklin and County of Sussex as members of the cooperative; and

WHEREAS, the County of Passaic, as “lead agency” pursuant to N.J.A.C. 5:34-7.1 et seq., issued public solicitation #SB-16-026 to qualified vendors for the Passaic County Energy Regional Cooperative Pricing System (Division of Local Government Services Identifier #203PCECPS) bid for Natural Gas Supply Service; and

WHEREAS, this cooperative undertook all procurement efforts in accordance with “Fair and Open” procedures as established in the “Pay-to-Play” Law, N.J.S.A. 19:44A-20.4, et seq.; and
WHEREAS, as a result of the volatile nature of the energy procurement process, upon the conclusion of the reverse auction the County authorized the County Administrator to approve and enter into a contract pursuant to resolution R20160713 dated September 13, 2016; and

WHEREAS, the County of Passaic, Department of Purchasing has reviewed and tabulated the proposals/bids as received on September 23, 2016, pursuant to N.J.S.A. 40A: 11-1 et. Seq., and has made a recommendation to the Board of Chosen Freeholders for an award of contract for natural gas supply service to Great Eastern Energy and South Jersey Energy; and

WHEREAS, the recommended bidders submitted a proposal to supply natural gas during the contract period March 1, 2017 through November 30, 2018 at the following prices: South Jersey Energy Company for Bid Lot# 3b Fixed All-Inclusive Price @ $4.7932/dth for PSE&G accounts and Great Eastern Energy for Bid Lot# 4b Fixed All-Inclusive Price @ $4.505/dth for Elizabethtown Gas accounts of pursuant to the memoranda dated September 23, 2016 attached hereto; and

WHEREAS, a certificate is attached hereto, indicating that $772,228.24 (Passaic County’s portion of the bid) funds are available in budget account #7-01-31-222-001-U03 for the within contemplated expenditure; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that pursuant to the terms and conditions set forth above, it hereby authorizes an award of contract for bulk natural gas supply service for the Passaic County Energy Regional Cooperative Pricing System to South Jersey Energy Company (PSE&G accounts) for Bid Lot 3b Fixed All-Inclusive Price @ $4.7932/dth for a 21 month term for all Passaic County Co-op members and Great Eastern Energy (Elizabethtown Gas accounts) for Bid Lot # 4b Fixed All-Inclusive Price @ $4.505/dth for a 21 month term; and

BE IT FURTHER RESOLVED that the Clerk of the Board, the Purchasing Agent and the Director of the Board are hereby authorized to execute all necessary agreements on behalf of the County of Passaic as prepared by the Office of County Counsel for said purpose.

Recommendation
Pursuant to the total score of each of the prospective vendors, this committee recommends the award of a contract to Mullin & Lonergan Associates, 3809 Hartzdale Drive, Camp Hill, PA 17011-7838, Suite 301. The one year term of the contract for FY 2016 will be from September 1, 2015 to August 31, 2017 for a budget of $80,000. The one year extension of the contract for FY 2017 will be from September 1, 2017 to August 31, 2018 for a budget of $58,000 is also recommended. The FY 2016 funding will be provided by the USHUD Community Development Block Grant budget line of G-01-41-838-016-233 that will be assigned in September 2016 once the final entitlement grant offer of $810,869 is provided by US HUD. The FY 2017 funding will be provided by the USHUD Community Development Block Grant Budget line of G-01-41-838-017-233 that will be assigned in September 2017 once the final entitlement grant offer is provided by US HUD.

These recommendations were discussed with the members of the Planning and Economic Development Committee on June 22, 2016 and it was agree that the Division forward the request to engage Mullin & Lonergan to the Administration and Finance Committee for consideration.

Dated: October 12, 2016
RESOLUTION EXPANDING A POOL OF QUALIFIED OUTSIDE LEGAL COUNSEL AND SPECIAL LITIGATION COUNSEL TO PROVIDE LEGAL SERVICES FOR THE COUNTY OF PASSAIC FOR CALENDAR YEAR 2016

WHEREAS the Board of Chosen Freeholders of Passaic County ("the Board") by Resolutions R20150956 dated December 30, 2015 and R20160137 dated February 23, 2016, R20160457 dated June 14, 2016 and R20160509 dated June 28, 2016 established a pool of attorneys to handle Outside and Special Litigation Counsel services for the County of Passaic for 2016, who had qualified through a Fair and Open process; and

WHEREAS it appears that for various reasons several firms who were interested in being part of the pool for Outside/Special Litigation Counsel did not submit responses in the prior public solicitations;

WHEREAS as additional firms may be necessary, the Board authorized a public solicitation to expand the pool of qualified Counsel for Outside and Special Litigation Counsel for 2016; and

WHEREAS the County received responses to RFQ-16-066 on September 22, 2016; and

WHEREAS the Board has previously established an Evaluation and Review Committee consisting of the three members of the Administration and Finance Committee by resolution dated February 14, 2006 (R-06-97); and

WHEREAS the Evaluation and Review Committee has reviewed the submittals and found that the following firms are qualified to perform the necessary services on an as-needed basis:

- Connell Foley LLP, Newark, NJ
- Steven S. Glickman, LLC, Newark, NJ
- Connec Bentley McGhee, Newark, NJ
- Michael A. Armstrong & Associates, Willingboro, NJ
- Polito Law Firm, LLC, Newark, NJ
WHEREAS this matter was discussed at the Freeholder Administration and Finance Committee meeting of September 28, 2016 and the Committee authorized the Office of the County Counsel to present these firms qualified to the full Board for approval; and

WHEREAS the Board is desirous of expanding the pool established by the aforementioned resolutions to include the firms listed above to perform the necessary services as Outside Counsel and Special Litigation Counsel; and

WHEREAS the Board will make specific assignments to the qualified firms on an as-needed basis by subsequent resolution of the Board;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic the Board that it hereby expands the pool of qualified firms, as listed above, and includes these firms into the pool established for Outside Legal Counsel and Special Litigation Counsel services for Calendar year 2016; and

BE IT FURTHER RESOLVED that the Board will make specific assignments to the qualified firms on an as-needed basis by subsequent resolution of the Board.

FROM: Michael H. Glovin, Deputy County Counsel

RE: Adding further to the pool of qualified outside/special litigation counsel for the County of Passaic under Pay to Play for 2016

DATE: September 26, 2016

In response to the submission to me of the qualifications for the expansion of the pool of outside counsel, please be advised that I have reviewed the eight (8) proposals received and can report that all are qualified to act as outside/special counsel for the County of Passaic. Three of the firms who submitted, Florio Kenny Raval of Hoboken, NJ, Waters, McPherson & McNeil of Seanaus, NJ and Schwartz, Simon, Edelstein & Celsi, LLC of Whippany, NJ had originally submitted and qualified for calendar year 2016 pursuant to R-2015-0956 dated December 30, 2015.

The other five (5) firms who submitted qualifications who were not previously qualified for 2016 are as follows:

1. Cornell Foley LLP, 1085 Raymond Blvd., 19th Floor, Newark, NJ 07102
2. Steven S. Glickman, LLC, 570 Broad Street, Suite 1201, Newark, NJ 07102
3. Connie Bentley McGhee, 292 Lafayette Street, Newark, NJ 07105
5. Belotta Law Firm, LLC, 292 Lafayette Street, Newark, NJ 07105

The five firms referenced above have individuals, partners or principal employees who are licensed attorneys in the State of New Jersey with relevant experience as set forth in the solicitation proposal. Two of the firms, Connie Bentley McGhee and the Belotta Law Firm, are sole practitioners. Consequently, I would appreciate it if you would present these firms to the Freeholder Administration & Finance Committee for authorization for a Resolution to add these three (3) firms to our pool of outside/special litigation counsel for calendar year 2016. Thank you for your attention to this matter.

RE: Passaic County Golf Course Clubhouse and Refreshment Stand Concession
    RFP-16-007

DATE: September 16, 2016

Background

On June 14, 2016 bids were received for RFP-16-007 for vendors seeking to act as the golf course
clubhouse and refreshment stand concession for a three (3) year term, with the County of Passaic
(“County”) retaining two (2) one (1) year options. Pursuant to N.J.S.A. 40A:11-4.1(j), RFP-16-007 was
solicited via competitive contracting in lieu of public bidding and was scored using the following criteria:

- Management (40%)
- Technical (20%)
- Cost (40%)

Two bids were received in response to RFP-16-007, one from the current vendor, M&E Caruso’s
Ristorante, LLC and Spirit Delicatessen Corporation, a County vendor currently operating the concession
located at the County Court House. Pursuant to the directive of the Purchasing Agent and in compliance
with the Local Public Contracts Law, a technical review committee was appointed comprised of Deputy
County Administrator Matthew Jordan and Deputy Director of the Parks and Recreation Department
Darryl Sparta (“Review Committee”).

Scoring of Vendor Submissions

Mr. Sparta and I met on three separate occasions to review the proposals, including interviewing
representatives from Spirit Delicatessen Corporation on June 30, 2016 and M&E Caruso’s Ristorante on
July 5, 2016. Based upon a thorough review of the two submissions, and the information received during
the interview process, the following scores were mutually agreed to as set forth in the scoring criteria.

M&E Caruso’s Ristorante

I. Management. The written proposal contained very little information regarding a
management plan, including setting for the number of employees working at set shifts,
weekly staffing plans, or the food handling certifications for those people to be employed.
Additionally, future plans for renovations, maintenance, and hours of operation were limited.
Although additional information was relayed at the interview, the organization and plans set
forth did not appear to be well thought out. In sum, there was limited confidence by the
Review Committee that M&E Carnes could manage the business to its highest levels over the next three years. (25/40)

II. Technical. Only two credit references were provided for vendors to service the concessions, and no formal operating plan was submitted with the proposal. Additionally, over the course of the past three years there were issues with food handling causing the Wayne Health Department to close the concession. (15/20)

III. Cost. M&E submitted a higher rent schedule than the other respondent for a yearly rental payment of sixty thousand dollars ($60,000.00). (35/40)

Total Score = 75/100

Spirit Delicatessen Corporation

I. Management. SDC set forth a comprehensive management plan, including employee shifts, menu options, and a concise plan for not only continued success with golfers, but a targeted marketing plan for local businesses and residents. Additionally, SDC committed in its proposals to extensive renovation of the premises and set forth a plan for providing services not currently offered, including table service both inside the restaurant and in the surrounding patio outside the club house. The principal of SDC has extensive experience in a variety of concession settings and proposed transforming the facility into a sports bar atmosphere. The proposal was well thought out and indicative of years of experience running successful restaurant and bar venues. (36/40)

II. Technical. SDC established a long history of operating concessions at government owned facilities, and restaurant/grill facilities as solicited in the RFP. The proposal was extensive, setting forth an achievable plan with realistic growth for the concession and the long-term success of the restaurant. (18/20)

III. Cost. Although the rent schedule is slightly lower than M&E, SDC has a strong track record of timely payments to the County in its role as the concession for the Courthouse and has never been behind on rent. SDC rental payment is fifty four thousand ($54,000.00) in year one, fifty four thousand six hundred ($54,600) in year two, and fifty five thousand two hundred ($55,200.00) in year three. (30/40)

Total Score = 84/100

Conclusion

Based upon the scoring of the Review Committee as set forth above, it is recommended that Spirit Delicatessen Corporation be awarded RFP-16-007.

Dated: October 12, 2016
RESOLUTION AUTHORIZING AWARD OF CONTRACT FOR THE
PASSEY COUNTY JAIL PRISONER RE-ENTRY PROGRAM

WHEREAS in anticipation of receipt of the grant, the Board of
Chosen Freeholders of the County of Passaic, pursuant to Resolution
R-2016-0565 dated June 28, 2016, authorized a public private
partnership program at the Passaic County Jail operated by the
Passaic County Sheriff's Department to be known as the Passaic
County Prisoner Re-Entry Program; and

WHEREAS pursuant to that Resolution, the said Board
authorized the receipt of proposals through a competitive contract
process for the provision of pre-release assessment, treatment and
re-entry support services for eligible Jail inmates who have received
Jail sentences of less than 365 days and who may have substance
abuse or mental health related issues; and

WHEREAS as a consequence of this authorization, proposals
were received from qualified vendors on September 13, 2016
for the provision of the above-referenced services broken down into
two separate projects – the first for the needed assessments and the
second for provision of services based upon those assessments for a
one (1)-year period; and

WHEREAS in conformity with the Local Public Contracts Law;
specifically, N.J.S.A. 40A:11-4.5(d) and the criteria set forth in the
Request for Proposals, a Review Committee was selected by the
Passaic County Director of Purchasing and in a report dated
September 28, 2016, said Committee recommended the award of
Project #1 to Eva's Village, Inc. in the amount of $5,000 per month
for an annual total of $60,000 and to Hope for Ex-Offenders, Inc. &
Family Services for $11,333 per month for an annual total of
$136,000 (copy of Review Committee report attached hereto and
made a part hereof); and

WHEREAS in conformity with the Resolution of the said Board,
R-2016-565, the award of contract for Eva’s Village, Inc. and Ex-
Offenders, Inc. & Family Services shall be for the period of November
1, 2016 through December 31, 2016 with the understanding that the
said Board will award the additional ten months (through October
31, 2017) if the County of Passaic receives the grant, but may not if
the grant is not received; and

WHEREAS the Freeholder Committee for Finance &
Administration at its September 28, 2016 meeting reviewed the
matter and is recommending it to the full Board; and

WHEREAS a certification is attached hereto which indicates the
availability of funds for said expenditure.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen
Freeholders of the County of Passaic that it hereby authorizes an
award of contract for the operation of the assessment portion (Project
#1) of the Passaic County Prisoner Re-Entry Program for the period
of November 1, 2016 through December 31, 2016 for the sum of
$10,000 and the support services portion of the said Re-Entry
Program (Project #2) to Hope for Ex-Offenders, Inc. & Family Services
for the period of November 1, 2016 through December 31, 2016 for
the sum of $22,666.

BE IT FURTHER RESOLVED that the said Board reserves the
option to extend the Program for an additional 10-month period at
the monthly rate set forth above predicated on whether or not the County of Passaic receives a grant to operate this Program, which is pending.

**BE IT FURTHER RESOLVED** that the Director and Clerk to the Board, as well as the Passaic County Counsel, be authorized to execute agreements with both of the above-referenced vendors in furtherance of the said Re-Entry Program.

RE: Passaic County Jail Re-Entry Program
    RFP-16-015

DATE: September 28, 2016

As you are aware, a Technical Review Committee ("Committee") was appointed by you comprised of the following individuals with respect to RFP-16-105:

- Matthew P. Jordan, Esq., Deputy County Administrator
- Francine Vince, Passaic County Division of Addiction & Mental Health Services
- Sgt. Vincent Baker, Passaic County Sheriff's Department
- Officer Bassim Hajismaiel, Passaic County Sheriff's Department
- Lt. John Arturi, Passaic County Sheriff's Department
- Officer Chris Baker, Passaic County Sheriff’s Department

Pursuant to the Local Public Contracts Law, the RFP was scored under the following criteria:

- Technical – 40%
- Management – 30%
- Cost – 30%

The RFP was broken down into two (2) projects, each of which were scored separately. A reward recommendation is set forth below for each project. There was one (1) response for Project #1 and (2) responses to Project #2. The Committee met on September 27, 2016 to score each proposal for the two projects.

Project #1

I. Eva’s Village, Inc.

   a. Technical. The respondent represented an ability to execute the specifications as set forth in the RFP, setting forth a comprehensive screening and assessment program, case plan development, and the organizational capacity to execute the goals of the RFP as set forth by the County. (35/40)
   b. Management. The management team has the requisite experience to execute the goals of the RFP, including the required licenses and degrees, and demonstrated experience executing similar projects in other venues. (28/30)
   c. Cost. The respondent’s final cost was an amount budgeted by the County and in line with the value placed upon the services prior to the RFP issued. (28/30)

RE:         Passaic County Jail Re-Entry Program
            RFP-16-015

DATE:       September 28, 2016

As you are aware, a Technical Review Committee ("Committee") was appointed by you comprised of the following individuals with respect to RFP-16-105:

- Matthew P. Jordan, Esq., Deputy County Administrator
- Francine Vince, Passaic County Division of Addiction & Mental Health Services
- Sgt. Vincent Baker, Passaic County Sheriff's Department
- Officer Bassima Hajismaiel, Passaic County Sheriff's Department
- Lt. John Arturi, Passaic County Sheriff's Department
- Officer Chris Baker, Passaic County Sheriff's Department

Pursuant to the Local Public Contracts Law, the RFP was scored under the following criteria:

- Technical – 40%
- Management – 30%
- Cost – 30%

The RFP was broken down into two (2) projects, each of which were scored separately. A reward recommendation is set forth below for each project. There was one (1) response for Project #1 and (2) responses to Project #2. The Committee met on September 27, 2016 to score each proposal for the two projects.

Project #1

I. Eva’s Village, Inc.

   a. Technical. The respondent represented an ability to execute the specifications as set forth in the RFP, setting forth a comprehensive screening and assessment program, case plan development, and the organizational capacity to execute the goals of the RFP as set forth by the County. (35/40)

   b. Management. The management team has the requisite experience to execute the goals of the RFP, including the required licenses and degrees, and demonstrated experience executing similar projects in other venues. (28/30)

   c. Cost. The respondent’s final cost was an amount budgeted by the County and in line with the value placed upon the services prior to the RFP issued. (28/30)

Workforce Investment Board of Passaic County Fact Sheet

Why the Workforce Investment Board of Passaic County?

The Workforce Investment Board of Passaic County (WIB) is a gateway to our area’s workforce development system and its One-Stop services. The WIB is a public/private partnership formed through the Workforce Investment Act of 1998, which created workforce investment boards throughout the country. This federal legislation was created to enable the workforce development system to be demand-driven and responsive to the needs of employers and workers.

The mission of the Workforce Investment Board of Passaic County is to provide the leadership and direction that leverages all workforce investment resources to create a system that is built on quality standards, strong interagency cooperation and innovative ideas so that every employer and resident has access to and benefits from the workforce programs and services needed to be successful in the workplace.

Services are provided through funding provided by the U.S. Department of Labor and the New Jersey Department of Labor and Workforce Development.

Membership of the Workforce Investment Board

The Strategic Unified Plan for New Jersey’s Workforce Investment system prescribes who must serve on each local WIB. The goal is to appoint a diverse Board that adequately represents the interests of both business and workers, infuses decision-making and strategic development with private-sector practices, and ensures that stakeholders play a part in the formation and implementation of local workforce development strategies.

WIB membership must have a majority of business representatives, therefore 51% of the Board must be made up of private-sector members; a minimum of two labor organizations and two community-based organizations must be appointed, although they must comprise 16% of the WIB’s membership, divided equally amongst the two categories: representatives from educational entities within the county; two economic development agencies and the one-stop partners.

Committee Structure

The Board will likely carry out the majority of its work through its Committee structure. The Workforce Investment Board of Passaic County has the following committees: Disabilities, Executive, Faith-Based, Literacy, One-Stop Oversight and Youth Investment.
Expectations of Board Members

A Workforce Investment Board is as strong as its active membership. Therefore, it is critical that Board Members are provided with opportunities to become fully engaged in meaningful work. Board members should be fully aware that they are committing themselves to serve on a Workforce Investment Board. Following are the expectations of board members who serve on the WIB.

- Support the WIB's mission and goals established in the WIB Plan
- Attend all full Board meetings, participate, ask questions
- Attend WIB orientation, which will familiarize you with the work and responsibilities of the Board
- Participate in at least one committee – Board members are encouraged to participate on a committee(s) that interest them or on a committee(s) that address issues where the Board Member's particular expertise can be a true asset.
- Attend committee meetings and participate with your committee
- Bring your special knowledge and expertise to the table – about the economy, your industry, or organization
- Connect and bring connections to key outside organizations, boards, businesses, and elected officials – open doors for workforce development and oversight.
- Provide broad strategic direction
- Get to know our customers
- Get to know the work of the One-Stop System
- Come to meetings prepared – review the entire agenda package
- Focus on substance and all the possibilities of what can be accomplished
- Let staff know if you need help or assistance with anything

Please answer all questions with as much pertinent information about yourself as possible. If you need more room for your answers, please attach an additional sheet of paper.

1. List past or present involvement in community-related activities (i.e., committees, volunteer work, boards, business organizations, chambers of commerce, etc.)

Seton Hall University Community Standards Board (2004-2006); Phi Beta Sigma Fraternity, Inc. (1999 – Present); Volunteer College Mentor, New Jersey SEEDS (2015 -Present); Various episodic community service activities (2009 – Present).

2. Explain your understanding of the purposes, responsibilities and services offered by the WIB.

To my understanding, the purpose of the WIB is to galvanize the various stakeholders behind the development of the Passaic County workforce to ensure that the workforce has the necessary credentialization and skill set to meet the collective needs of the county’s employers. The WIB looks to identify potential employers, training providers, educational institutions and other social services agencies that are able to provide both adults and youth with the required means by which they can identify and sustain current and future employment. The WIB offers employee search assistance for employers, job search assistance for applicants, GED/employment skills training programs and other support services.

3. List any experiences you feel would be advantageous to the WIB.

Throughout my career in the nonprofit/social services sector, I have over 12 years of experience directing and supervising a variety of youth and young adult programs for disadvantaged populations that have offered a large variety of educational attainment and vocational components. I feel that these experiences provide me with a unique perspective on how such programs should be designed and implemented effectively.

4. List any past experience in workforce development, economic development (e.g. Workforce Investment Board membership, youth employment/training committees).

I previously directed a NYC Department of Education Learning-to-Work grant for overaged/under-credited youth (16-21) that sought to provide these youth with the means by which they could successfully complete a High School Diploma/GED and secure employment skills training in various business sectors. I also currently oversee NJCDC’s Paterson great Falls YouthBuild program, which provides youth (16-24) with educational training towards a GED and construction training in pursuit of a Pre-Apprentice Constructing Training (PACT) certification.

RESOLUTION AWARDING CONTRACT TO HISTORIC BUILDING ARCHITECTS, LLC FOR PREPARATION OF CONDITION ASSESSMENT REPORTS AND SUPPORTING DOCUMENTS AS IT PERTAINS TO THE REA HOUSE AT GOFFLE BROOK PARK IN HAWTHORNE, NJ AND THE VANDERHOEFF HOUSE AT WEASEL BROOK PARK IN CLIFTON, NJ

WHEREAS there exists a need for Professional Consultant Architectural Services as it concerns the preparation of condition assessment reports and supporting documents for repairs to the Rea House at Goffle Brook Park in Hawthorne, NJ and the Vanderhoeuff House at Weasel Brook Park in Clifton, NJ; and

WHEREAS Historic Building Architects, LLC, 312 West State Street, Trenton, NJ 08618 submitted a proposal dated August 31, 2016 (a copy of which is attached) for the necessary consulting services to be provided for a total fee of $29,000.00 and is being recommended by the Office of the Passaic County Engineer in a letter to the Board dated September 27, 2016, a copy of which is attached hereto and made a part hereof; and

WHEREAS the aforesaid was discussed by the Freeholder members of the Public Works and Buildings & Grounds Committee on September 26, 2016 and recommended to the full Board for approval; and

WHEREAS the Local Public Contracts Law, N.J.S.A. 40A:11-1, et seq., requires that the resolution authorizing the award of contract for “Professional Services” without competitive bids and the contracts itself must be available for public inspection; and

WHEREAS said Historic Building Architects, LLC is qualified as a pool professional engineer by a “Fair and Open” procedure as set forth in Pay to Play Law N.J.S.A. 19:44A-20.4 et seq.; and
WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that the Professional Architectural Services relating to condition assessment reports and supporting documents for the above-mentioned project be awarded to Historic Building Architects, LLC in accordance with the terms and conditions set forth above; and

BE IT FURTHER RESOLVED that the Director, Clerk of the Board and County Counsel are hereby authorized to execute the necessary contract on behalf of the County of Passaic; and

BE IT FURTHER RESOLVED that this contract is awarded without competitive bidding as a “Professional Services” contract in accordance with N.J.S.A. 40A: 11-5(1)(a) of the Local Public Contracts Law because:

(1) The consulting firm is authorized and regulated by the law to provide the aforementioned services;

(2) The performance of the services are special in nature and require knowledge of an advanced type training, which said consulting firm possesses; and

BE IT FURTHER RESOLVED that a Notice of this action be published in the NORTH JERSEY HERALD & NEWS.

Re: Condition Assessment Reports
Passaic County Rea House Goffle Brook Park
Passaic County Vanderhoeff House Weasel Brook Park
Award of Consulting Services -- Historic Architects LLC

Members of the Board.

The following proposals were submitted to the Engineering Department for review and consideration for the preparation of condition assessment reports and supporting documents for the Rea House and the Vanderhoeff House. The Rea House located in Goffle Brook Park is on the National Register of Historic Places. The Vanderhoeff House located in Weasel Brook Park is being considered for historic review. Proposals were submitted by Historic Architects LLC, John Milner Architects and the firm of Clarke, Caton and Hintz. After reviewing proposals from Historic Architects LLC, John Milner Associates and Clarke, Caton and Hintz, Historic Architects LLC had the lowest fee out of the three proposals submitted.

Clarke, Caton and Hintz total fee was $51,950.00. John Milner Architects total fee was $34,025.00. Historic Architects LLC total fee was $29,000.00. Reimbursables were incorporated into all fees.

Historic Architects LLC had the lowest price.

The above referenced matter was discussed at the Public Works Committee meeting on September 26, 2016 and an award of contract to Historic Architects LLC is recommended to the full Board. Copy of Historic Architects LLC proposal is attached.
Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding a contract for design services to Historic Architects LLC in the amount of $29,000.00 for preparation of condition assessment reports and supporting documents for the Rea House and the Vanderhoeff House, and authorize the Freeholder Director, County Counsel and Purchasing Director to execute the necessary Agreements subject to the availability of funds.

Very truly yours,

Re: Proposal for Condition Assessment Report for the Vanderhoof and John Rae Houses
Passaic County

Dear Andrew:

Please find enclosed our proposal for the above-mentioned project. As we discussed in our walk through of the two buildings, the key here is to ensure that you have sufficient useful information to make good decisions on how best to repair, maintain and use these buildings in the future.

A successful condition assessment report is achieved with a consultant team familiar with traditional construction, who have worked together on many existing historic buildings. We have for this project included James B. Huffman, PE, structural engineer, who has an expertise in traditional early timber-framing, Princeton Engineering Group, who are familiar with systems in historic buildings and Daedalus Projects, Inc. professional independent cost estimators, who will prepare a detailed estimate based on the information we provide.

Our approach is simple. We not only assess conditions but make an effort to understand the causes of any deteriorated conditions observed. This is key in selecting the appropriate repair recommendation. Moreover, we work extremely closely with our consultant team and we are all in the field working together at the same time, which makes for a much more collaborative cohesive assessment report. We have provided for you examples of assessments we have completed, which have gone on to successfully result in significant repair and renovation projects, the most recent being the Present Day Club in Princeton, where we began with work last August and completed this March a major exterior renovation project.

In addition to the professional services included for the condition assessment report, we have recommended that you consider an evaluation of relocating the archives from Lambert Castle to one of these buildings. Based on my initial walk through of both buildings, we would like to recommend considering the John Rae House as a more suitable building for the archives. We are very familiar with state of the art archival design criteria having just completed a new archival storage for the Legislative Offices at the State House working with Princeton Engineering Group, who are familiar with the environmental controls needed for this type of storage. We have, therefore, proposed an additional service to investigate and prepare a Schematic Design with recommendations and costs for adapting the John Rae House as the new home for Passaic County Historic Society archives.

Please do not hesitate to call me if you have any questions regarding this proposal, and we hope very much to be able to work with you on these two important historic Passaic County properties.

Sincerely,

Annabelle Raciciffe-Trenner, AIA, RIBA, LEED AP
Principal

Official Resolution #: R20160829
Historic Building Architects, LLC, Trenton, NJ

The firm of Historic Building Architects, LLC has one central mission: the high quality restoration and adaptive use of historic public buildings. Moreover, HBA's Material Conservation Laboratory enables us to deliver material science services efficiently and precisely. HBA staff all have training in architecture and historic preservation.

A National Reputation
Over the past 18 years, HBA has earned a national reputation for completing significant restoration projects on time, within budget, and to high standards. We have guided the restoration of several significant public buildings: the Rehabilitation of Iviswold Castle at Felician College, Rutherford, NJ, the Phase III Restoration of the Gustav Stickley Museum in Parsippany Troy Hills, NJ, and several phases of restoration of Historic Morven, Princeton, NJ. HBA strives to design and make repairs that will last 100 years—a sound, forward-looking approach that yields environmental and economic benefits.

Numerous Awards and Grants
Many of HBA's projects have received State Preservation Awards. Recent award winners include AIA New Jersey Merit Award 2014 for the Interior Renovation of Iviswold Castle, Rutherford, NJ; Saint Francis de Sales, Philadelphia, PA (2012), New Jersey State Preservation Awards for the National Register Nomination for Passaic County Courthouse and Annex (2015), Iviswold Castle, Felician University, Rutherford, NJ (2013, 2009), Greenwood Gardens, Short Hills, NJ (2013), and St. Bernard's Episcopal Church, Bernardsville, NJ (2011). HBA has worked with various grant organizations in the past, including the New Jersey Historic Trust, The National Trust, and Treasures of America. In addition, HBA has assisted in securing preservation grants from the following Nj counties: Essex, Morris, Somerset, and Bergen.

Developing Long-term Relationships
A large majority of our past clients come back to us whenever they have a need for professional services to help preserve, adapt, and restore the properties they own. For our part, we take very seriously the responsibility to sustain good long-term relationships with our clients. Please contact any of our clients to discuss their experiences in working with us.

Professional Qualifications in Preservation
The firm of Historic Building Architects, LLC is committed to providing
sound planning through the careful condition assessment of historic public buildings, especially those owned by municipalities, counties, and states. The principal of the firm is qualified as a Preservation Architect under the Federal Guidelines set out by the National Park Service in 36 CFR Part 61. All other technical staff also meet these criteria. In addition, HBA has an in-house Materials Conservation Laboratory.

The Benefits of a Small Business (New Jersey)
Historic Building Architects, LLC is a Women Owned Business Enterprise, as well as a Small Business Enterprise firm, owned by Annabelle Radcliffe-Trenner, who works closely with clients on all their projects and communicates with them about the benefits of and best approaches to preservation and adaptive use. HBA's ultimate aim is to empower clients to make wise decisions about the repair, maintenance, and rehabilitation of buildings in their care.

Historic Research and Planning Documents
There are many types of planning documents for existing buildings and HBA recognizes the different needs of our clients and their buildings. HBA has prepared Condition Assessment Reports, Preservation Plans, and Historic Structure Reports in accordance with NJ-SHPO guidelines, as well as façade assessments, interior room studies, code compliance and barrier free studies. The aim is to help owners of existing and historic buildings to understand the causes of deterioration and the potential reuse of the buildings, with careful assessment by a team of professionals, who understand the intricacies of old buildings, and can recommend repairs, develop accurate cost estimates and phasing options, including temporary staging.

Design of Archival Storage Space
HBA are familiar with the National Archival & Records Administration Standards for the design of archival spaces. This includes all finishes and lighting and environmental controls, which monitor humidity and temperature. Most recently, HBA worked with the State of New Jersey Office of Legislative Services to develop a program for the new library and archive space. The Scope of Work included complete renovation of all finishes, new lighting designed to protect the paper collection and new interior storm windows installed to help with climate control and UV protection.

We invite you to look at our website, www.hba-llc.com, which describes in words and images a number of additional completed and ongoing projects.
Team Collaboration: HBA works closely with consultants to ensure that all work is fully and efficiently integrated. Together, HBA and the consultants form a "thinking team" that develops and maintains open dialogue with the client. As professionals, our extended team advises our clients in an open, honest, and professional way. The consultant team works as a collaborative unit with information sharing as opposed to following hierarchical and "silied" communication structures.
Historic Building Architects, LLC, Trenton, NJ: Everyone at HBA is passionate about historic buildings and has a formal training in this field. Moreover, the principal and staff at Historic Building Architects, LLC well exceed the requirements for historical architects as established by the federal government in 36 CFR 61. HBA currently has six staff.

Annabelle Radcliffe-Trenner will be the Principal-in-Charge and your prime contact. She has prepared numerous condition assessment reports. She spent six months working and studying at the International Center for Conservation in Rome (ICCROM) and completed her professional degree in architecture in Scotland. Annabelle is a nationally licensed architect in the US (NCARB) and has completed projects from Maine to Texas. Her mantra is “team collaboration”, thus she personally participates in fieldwork and remains closely involved in all aspects of the project. She enjoys working with her clients and building consensus regarding stewardship decisions for the proper care of historic sites, as well as educating clients on appropriate preservation techniques. Annabelle has worked on several large historic houses, including the Present Day Club, Princeton, the Rectory at Saint Peter The Apostle, The Trust House, and The Van Vechten House.

Amy Lambert, RA will be the Project Manager. She, too, has a professional degree in architecture, as well as a Masters Degree in Historic Preservation from the University of Pennsylvania. Amy has significant expertise in preservation planning. Amy is involved in all phases of building documentation and construction, including conducting Building Condition Assessments, producing Design Development and Construction Documents, as well as managing Construction Administration. She also participates in writing Preservation Plans, Historic Structures Reports, and National Register Nominations. Her careful attention to detail and strong organizational abilities make her a valuable team leader working directly with the Principal and staff. She is active in the preservation community, a licensed architect, and meets the requirements for History & Preservation Architecture under 36 CFR 61 Appendix A.
Ronnie Cameron has a Bachelor of Architecture from Drexel University. He also has experience in mechanical engineering and energy efficiency design including lighting and green roof systems. He assists in the preparation of construction documents, field surveys and condition assessments of historic buildings. He is responsible for managing the office IT, AutoCAD, graphic standards and quadcopter operations and maintenance. He is passionate about architecture and HBA's mission to preserve and maintain the historic fabric of the region. Ronnie has a special interest in woodworking and is a talented illustrator.

**Project Consultants:** Historic Building Architects, LLC selects consultants on the basis of their expertise and experience in the areas critical to each project. The project team consultants proposed for this project have knowledge, skills, and work characteristics necessary to provide you with a high performing team that can produce a quick and efficient Condition Assessment report. We have summarized below the team of consultants and highlighted their qualifications.

**Princeton Engineering Group, LLC**
The principal engineers at Princeton Engineering Group (PEG) have been involved with major New Jersey projects since 1986. Their history of close association with HBA has afforded a unique insight into architectural methods, practices and coordination. PEG prides itself on selecting and designing systems which are appropriate for each particular project, with the fact that designs must be both buildable and maintainable always their foremost goal. For their efforts, the firm has earned five New Jersey Historic Preservation Awards. PEG has worked with HBA since 1996; recent condition assessment reports completed in conjunction with HBA include the Present Day Club, Princeton, Museum of Early Trades and Crafts, Madison, and the Woman's Club of Rutherford.

Ira Guterman, PE, LEED AP, Lead Engineer/Project Manager, a principal at Princeton Engineering Group and involved with almost all of the firm's work in historic structures, has valuable experience in design for historic buildings. Mr. Guterman has a Bachelor of Science from The Cooper Union in New York City and Master of Science from the University of California, Santa Barbara. Before becoming a founding partner at the Princeton Engineering Group, he was Vice President and Studio Head at J.R. Loring and Associates, a major New York City engineering consulting firm.
Richard Olszewski, Electrical Engineer is a founding partner of PEG. Previous to his present position, he was the Head of Electrical Engineering at a major architectural firm in Princeton, New Jersey that specialized in historic structures and a Senior Project Engineer and Senior Associate for Joseph R. Loring & Associates, Inc. in New York City. He was responsible for the design of electrical systems, equipment selection and preparation of specifications.

James B. Huffman, PE, Principal, is a licensed structural engineer and principal of James B. Huffman PE located in Princeton Junction. He has worked extensively on existing buildings and received numerous preservation awards. He has provided structural engineering services on many New Jersey historic properties including the Restoration of the Sawmill at Double Trouble State Park, the Phoenix House, Mendham, NJ, The Henry Doremus House, Montville, Morris County, NJ, and the Ballantine Carriage Barn at GlaxoSmithKline, Parsippany-Troy Hills, Morris County, NJ. All of these projects have received State Preservation Awards. Jim has also consulted at Princeton University. He has an excellent knowledge of traditional construction especially wood framing and masonry. He has completed numerous condition assessment reports on the structural condition of buildings. He will work closely with the design team to ensure that the building structure is properly maintained and all renovation work recommended is designed to preserve the structural integrity of the building.

Delwyn Williamson, Senior Cost Estimator, will be the Cost Estimator for this project. Daedalus Projects, Inc. is a firm of professional cost estimators specializing in historic building projects. For over twenty years they have completed all the cost estimates for HBA projects and provided an excellent level of accuracy; in fact, their work typically results in a construction bid value of within 5% of the original planning phase cost estimate. The firm includes quantity surveyors, who have special training in cost estimating and provide very detailed estimates.

Timothy Hart, Division Director of Ocean County Cultural and Heritage Commission put it well after an on-site investigation day at Cedar Bridge Tavern. "I am writing to note how impressed I was with your professional and well organized operation yesterday at Cedar Bridge Tavern. At different levels I have been involved in several preservation plans and/or nominations. Over many decades of civic and professional involvement, I have been involved in many projects involved with consultants of various styles and levels of competency. The open, transparent and professional process you and your team demonstrated last Friday and yesterday was by far the most productive and amazing that I have ever experienced or witnessed. The best! I have never participated in any investigation to match this professional experience. You assembled a group of self evident, immanently qualified professionals, who were eager to collaborate in a focused investigation. You used technology to inform your research without becoming dominated by the gadget of the day."
Historic Building Architects, LLC (HBA) have a strong emphasis on planning in our office and much of our work is predicated on the commitment of our clients to planning documents, such as condition assessments. HBA wants to emphasize the need for practical and realistic recommendations that plan for the buildings future. HBA will assess the condition of the houses, recommend repairs, including identifying any emergency safety and stabilization work.

Update Existing Drawings: HBA will use existing drawings from HABS and update them in a graphics program to show current plan layouts. The exterior elevations will be photographed and created into photographic elevations for the assessment. The drawings will list all of rooms, windows and doors by number as well as ceiling heights. The purpose of the drawings is to provide a key for the condition assessment notes on the interior and for the engineers to complete their assessment work.

Architectural Condition Assessment: Our evaluation of existing building fabric conditions will be completed on photographic elevations for the exterior and plans on the interior. HBA uses iPads to document conditions directly onto photographs in the field using an App called Phonto that allow HBA staff to note conditions. Similarly, conditions are annotated on plans in the field. Every effort is made to identify the cause of deterioration and determine the approach for repair. The conditions and recommended repairs will be prioritized with an emphasis on exterior restoration and stabilization as a first priority. We address unsafe conditions first and will often forward a letter with these items prior to completing the assessment. Coordination with consultants is essential to a successful assessment and we work closely with the entire team on site to ensure that all aspects of the building fabric have been evaluated and recommendations are comprehensive.

Mechanical Electrical and Plumbing Engineering Evaluation and Recommendations: Princeton Engineering Group (PEG) are specialists in HVAC, electrical and plumbing/fire protection and will participate in the evaluation of the existing systems during a one day site visit with the three engineer disciplines. PEG will recommend and prioritize work and fire safety upgrades for the building.

Structural Evaluation and Recommendations: It is our experience that structural assessments of buildings at the planning stage are very critical and we typically recommend more evaluation than is usually seen in a condition assessment report. This is because the structural stabilization and repairs significantly impact the budget. We need to have a better understanding of the visible structural conditions and identify issues of concern. James B. Huffman (JBH), Engineer will review existing documentation, photographs, and any earlier reports/documents and will make a one day site visit to each building to examine exposed structural elements and probes prepared by Passaic County. JBH will prepare a written report describing structural conditions observed and recommend further investigation and repair work. Structural calculations are excluded, for example, analysis and determination of the live load capacity of the various floors in the building is not included. JBH will meet with HBA during the fieldwork to review the observed conditions.

Phased Recommendations: HBA will work with the consultant team to provide prioritized recommendations that address the safety and protection of the buildings first. The prioritized recommended repairs will be developed in consultation with Passaic County. Recommendations will include the exterior and...
Project Approach

interior repairs because the two are interdependent on each other. HBA will also provide guidelines on appropriate repairs to the historic building fabric with recommendations, prioritized over the next 15 years. All repairs will be recommended in compliance with the Secretary of Interior’s Standards for Rehabilitation. The consultant recommendations will be incorporated into the recommendations.

Professional Cost Estimate: Daedalus Projects Inc. will develop a project budget for all recommended repairs to include the cost of construction, professional services, inflation, and related expenses. The budget will address costs as three (3) phases, namely immediate, mid-term, and long term.

Additional Services - Research Archive Relocation Evaluation: In order to determine the appropriate relocation for the Historical Society Archives from Lambert Castle, HBA with their consultants will look at the viability of using one of the houses for the archives. See Scope of Work in Fee Breakdown.

Meetings: HBA will meet with Passaic County as follows:

1. On site project team meeting.
2. A presentation of the results of report to Passaic County either in the form of a walk through/guided tour, or as a slide presentation.

County

The Condition Assessment Report base scope of work will not include:

- Design of any temporary stabilization or temporary repairs to the building.
- Documents for use in construction and related professional services.
- Access equipment.
- Engineering work except as described herein.

Refer also to Assumptions and Preferences in the Fee Overview.

Deliverables

- A 90% draft report will be issued for comment prior to the final submission (one color copy).
- The Condition Assessment will be delivered in a report form measuring 8.5 x 11 inches with 11 x 17 foldouts, (one bound copy and one unbound copy to facilitate reproduction), and one on a CD with PDF files.
- The report will include text, photographs, and schematic sketches necessary to fully describe our discoveries and to illustrate recommendations outlined herein.
- A dedicated project website will provide immediate access to information such as photographs, condition survey notes, and draft reports are made available.
HBA's project approach will include:

- Careful assessment and understanding of the existing conditions and materials with viable fiscally responsible repair recommendations, which will act as the long-term guidelines for continued maintenance and the longevity of the building fabric.
- Recommended repairs that respect the historic houses and are in keeping with the Secretary of the Interior's Standards for Rehabilitation.
- Good communication between the Professional Team members and Passaic County to ensure a detailed and well-defined approach and meaningful cost estimates.
- Clear direct management by the principal-in-charge to ensure all aspects of the project are fully addressed in a timely manner.

This agreement may be terminated by the client or HBA should the other fail to perform its obligation hereunder. In the event of termination, the client shall pay HBA for all services rendered to date of termination, all reimbursable expenses and reimbursable termination expenses.

Ownership of Documents
All documents produced by HBA under this agreement shall remain the property of HBA and may not be used by the client for any other endeavor without the written consent of HBA.

Applicable Laws
This agreement shall be governed by the laws of the State of New Jersey.

Duration of Agreement
If services under this agreement are not completed within 12 months, HBA reserves the right to renegotiate the fee.
Expenses and Conditions
HBA shall be reimbursed at cost for expenses incurred for travel, postage, messenger and courier services, web site file sharing and document printing and reproductions (other than prints for inter-office communication).

Assumptions and Preferences
The Professional Services are limited to the scope of work outlined herein.

HBA submits this proposal for services with the following assumptions:

1. All aspects of the project will be governed by standard AIA Documents. Accordingly, the agreement for services will employ AIA Document B104-2007 Standard Form of Agreement Between Owner & Architect with modifications to suit this proposal.

2. Building probes will be completed using Passaic County personnel at no cost to consultant.

3. The proposed fees are a lump sum and include both buildings.

4. Services included in this agreement are not anticipated to extend beyond December 2016.

5. All survey and other necessary site information beyond the perimeter of the building will not be required.

6. No hazardous abatement testing or investigation is included.

7. Owner will provide ladder access as necessary.

8. The existing roofs have or are in the process of being replaced and will not be assessed.

III ASSESSMENT OF EXISTING CONDITIONS

The purpose of this section is to describe in some detail the deteriorated conditions observed on the exterior and interior of The Present Day Club located at 72 Stockton Street, Princeton, NJ. The focus is on architectural building fabric. The intent is to provide the reader with an overview of the conditions observed. Conditions are described in greater detail in Section VI-Appendices for Mechanical, Electrical, and Plumbing by Princeton Engineering Group, LLC. No structural assessment was completed due to the limited funds available.

The exterior conditions are shown on elevation drawings and referenced to condition codes. Each elevation sheet includes close up condition photographs. The interior conditions are described with views for each room and close up photographs describing the conditions found on the floors, walls, ceilings, and other architectural fabric as necessary. Refer to Drawings A-3.1 to A-3.4 for the exterior condition assessments, A-3.5-A-3.10 for roof conditions, and Drawings A-3.11 to A-3.16 for the interior condition assessments completed for each room.

Annabelle Radcliffe-Trenner, Graham Caflisch and Leaha Bulino from Historic Building Architects, LLC conducted the architectural condition assessment survey on May 5th 2015. The Phased Recommendations in Section IV describe the appropriate work necessary to rehabilitate and preserve the building, and Section V provides the costs based on the recommended phasing.
SUMMARY OF CONDITION OBSERVATIONS

HBA has summarized below an overview of the conditions for both the exterior and interior observed during the Site Condition Assessment work. This section is followed by a detailed list of condition items, which were observed on the building.

Exterior Conditions

1. **Foundation Walls**: The foundation walls for the 1930's Ballroom are concrete masonry unit blocks and represent the largest area of foundation walls. There is extensive water ingress, staining, and deterioration along these walls particularly along the west wall. A small area of the south wall has been underpinned to support the original north wing, presumably built during the 1930's Ballroom addition. There is some efflorescent staining along this wall, however, it appears stable. The remaining walls that are visible are fieldstone walls exposed on the interior. Along the base of the north wing the stone is clad in rusticated wood paneling to imitate coursed ashlar fieldstone. This wood is in deteriorated and rotten conditions in many locations.

2. **Walls**: The walls are painted clapboard. Cedar was used for the 1989 work. There is extensive plant growth especially along the east wing adjacent to a large shade tree. The paint is generally in poor condition and this is largely due to the poor surface preparation during previous paint campaigns. The paint was not properly removed and now has loosened and failed under the new paint leaving large areas of alligatored and failing paint allowing moisture ingress.

3. **Chimneys**: There a total of four brick chimneys. They are all in fair condition with some biological growth and open mortar joints. Sealant is installed at the intersections between the roofs and the chimney masonry, much of which has failed allowing water ingress.

4. **Wood Trim**: The wood trim, including the wood balcony balustrades, bracket, cornices, window hoods, and openings, all have heavy paint build up and some paint loss caused by wood rot either from failed gutters above or excessive exposure to moisture.

5. **Roofs**: The north wing and east wing have slate. Both roofs have suffered heavy biological growth and staining along the east side, which has worsened the wear and tear of the slate. The slate is extremely old indicating it has met its life expectancy (100 years). Typical indications of aging are white fading, exfoliation of the slate surface, brittle, and missing slates. The built in gutters have failed and caused the wood cornice below to fail. There is a possibility that concealed roof framing members are rotten too.

6. **Flat Roofs**: The Ballroom (RF07) and 1930 Bathroom addition (RF02) have fairly new ca. 2007 “Bright Ply” rubber membrane flat roofs (EPDM roofs). While these roofs appear sound, they have been punctured by falling slate from the roofs above. In addition, the new EPDM roofs have excessive biological growth, which is exacerbated by the downspouts from roofs above that shed water directly onto the flat roof. Biological growth is especially heavy at seams and some of the terminations are extremely low and vulnerable to moisture ingress on these roofs. The flashing and downspouts are generally in a fair condition but with some failure, which typically includes loose connections, open gutter seams, corrosion, and other general aging and wear and tear conditions.

7. **Flat Pan Tin Roofs**: There are several flat pan tin roofs painted silver. These include roofs on the balcony (RF06) and the east wing kitchen addition (RF06). Both roofs have had

3. The slate roof intersects with the main section of the house and RF01 on the north elevation at the west end. The clapboard is deteriorated with rot at the base post and the slate is in poor condition.

4. The return gable of the pediment at the south end of RF03 has flashing painted, which has failed resulting in wood rot.

5. The base of Chimney showing the mortar repair counter flashing where it meets with the chimney. This area a to be leaking.

7. The slate has some significant surface delamination due to age.

IV PHASED RECOMMENDATIONS

Introduction

The approach for the exterior recommended work on The Present Day Club is preservation and follows the Secretary of Interior's Standards for Preservation. Preservation is defined in the Secretary of Interior's Standards as the act or process of applying measures necessary to sustain the existing form, integrity, and materials of a historic property. The interior improvements are designed to minimize alterations by accommodating safety improvements, improved lighting, and much needed interior upgrades to finishes.

The treatment emphasizes the retention and repair of historic materials, some of which will need to be replaced because they are severely deteriorated.

Our project approach is as follows:

- Repair rather than replace damaged building materials wherever possible.
- Preserve all sound existing building fabric.
- Replace in kind all decayed and severely deteriorated building fabric.
- Acknowledge and respect the story of change to all buildings.
- Make any alteration or addition readily reversible.
- Treat or clean building materials carefully. Intervene only when necessary and in the least aggressive manner possible.
- Upgrade as necessary to provide safe accessible space to assure continued safe use.
- Accommodate visitor needs and improve their experience without damaging or altering historic fabric.

The second part of this section provides annotated plans showing the phasing of the proposed work. This section is for planning purposes only and should not be used to execute any construction work. The purpose is to provide set of phased priorities with a cost estimate for the phased recommended work. Many but not all of the notes (due to limited space) are shown on the A-4 series of drawings at the end of this section.

Recommendations

Phase I Work (on or before 20)

02 Site Work and Selective Removal Work

02-1 Remove all plantings immediately adjacent to the foundation walls and growing on the masonry.
02-2 Remove slate roofs RF01 & RF03.
02-3 Remove metal roofs RF08 & RF06.
02-4 Remove biological and miscellaneous debris from basement window wells. Verify condition under north and west porches. (13 basement windows)
02-5 Unblock below-grade drainage and reconnect downspouts. Provide extensions where necessary.
Condition Assessment Report for
The Present Day Club, Princeton, New Jersey

02-6 Investigate deteriorated brick terrace with Structural Engineer.
02-7 Remove built-up roofs RF04 & RF05.
02-8 Remove all partitions, fixtures, finishes and remediate mold in basement Rooms 002, 001, 007, and 008.

04 Masonry
04-1 Remove biological growth, tar, rust, and carbon staining from brick at all four chimneys.
04-2 Rake out and repoint chimneys 100% and complete necessary repairs. (4 chimneys)
04-3 Rake out and repoint fieldstone walls in closets adjacent to Ladies Lounge.
04-4 Rebuild walls and all openings in Boiler Room 010 to create 1-hour fire rated space.

06 Woods and Plastics
06-1 Repair north porch and replace rotten wood elements at balustrade.
06-2 Investigate structural condition of roof framing where severe water damage is visible.
06-3 Allow for roof framing repairs.
06-4 Strip all paint from clapboard on all elevations. Repair wood clapboard and trim, prep, prime, and paint.
06-5 Miscellaneous carpentry repairs, including soffits, fascias, brackets along cornices to RF01, RF03, RF06, RF08, RF05, and RF04.
06-6 Strip all paint from clapboard on Ballroom, southeast and southwest wings. Repair, prep, prime, and paint.

07 Thermal and Moisture Protection
07-1 Install new slate roof with proper substrate; assume existing battens can be reused. 50%
07-2 Replace the flat pan metal roof and install a new stainless steel flat pan metal roof on the north porch at Balcony RF08 and roof RF06.
07-3 Remove existing built-up roof and install new stainless steel flat pan metal roof on the southeast addition wing RF04 and RF05.
07-4 Replace built-in gutters and associated reframing at RF01, RF04, and RF08.
07-5 Replace ½-round gutters with new at RF06, RF04, RF03 and RF06.
07-6 Install new downspout and 10’ extension or splash pans. (13 locations)
07-7 Install attic insulation and vapor barriers as necessary.
07-8 Install all new stainless steel flashing at roofs and chimneys.

08 Doors and Windows
08-1 Repair and preserve basement windows. (9 locations)
08-2 Preserve all double hung wood windows on first floor (14 windows) and second floor (14 windows). Remove all paint and glazing putty. Replace broken or missing panes of glass, repair wood, re-putty, prime and paint window sash and frames interior and exterior. (No work on Ballroom French doors/windows)
08-3 Repair window chains on interior to restore windows to operable function.
08-4 Preserve shutters. Remove severely delaminated paint and make any necessary wood repairs. (25 pairs of shutters on north elevation)
08-5 Install new interior 1-hour fire rated door to the new west basement restroom.
08-6 Replace window with fixed sash and cover with new shutters.

Lavatories in rooms 007 and 210 are equipped with S-traps (Fig. P-10). The two lavatories in room 209 are equipped with drum traps (Fig. P-9). These types of traps are prohibited under the current plumbing code.

In Bath Room 202, the shower head was missing from the bathtub/shower. The bathtub appeared to be in poor condition at the drain (Fig. P-12).

Storm Drainage – The roof drainage system appears to be in fair condition. At the time of the site visit neither of the sump pumps located in rooms 008 or 009 were plugged in to their respective electrical outlets. Evidence of ground water intrusion (Fig. P-6) was observed in the basement and reported to occur with heavy rain or large amounts of snow melting.

Fire Protection – The kitchen fire suppression system is being maintained and in good condition.

The basement area does not appear to be considered a windowless story as defined by the New Jersey Uniform Fire Code.

Recommendations

Immediate:

Sanitary Drainage -- Continue regular maintenance of the grease interceptor.

Storm Drainage -- Sump pumps should be maintained in proper operating condition and continue to be supplied with power at all times.

Exterior gutters and downspouts should be maintained to be kept free of debris and direct water away from the building foundation.

 Plumbing Fixtures -- The fixtures remaining in room 007 should be disconnected and removed if not intended to be used. Piping should be properly capped to avoid leaks and odors entering the building.

Faucets indicated to be leaking should be repaired or replaced.

Fire Suppression -- Continue regular maintenance of the kitchen exhaust hood fire suppression system.

Mid-term:

Domestic Cold Water -- If the cold water piping is or becomes prone to condensation on the outside of the pipe, provide minimum 1/2" thick insulation.

Domestic Hot Water -- Insulate all hot water piping to meet current code requirements.

Storm Drainage -- Provide sump pumps with high water alarms to provide an indication of when flooding may be imminent. If power outages are a problem as they are in other areas of Princeton, consider providing sump pumps with a battery back-up system.

Long-term:

Domestic Hot Water -- Replace the standard efficiency water heater with a high efficiency water heater for energy savings.

Electric  
EL1: Surface mounted conduit

SUMMARY OF CONDITIONS

Exterior Envelope:
1. Excessive plant growth adjacent to the masonry walls has resulted in a large amount of biological growth and damage to the stone.
2. Uneven paving and obstructions along exit routes, especially along the East Elevation is a cause for safety concerns.
3. The brownstone walls, probably Belleville Quarry Brownstone have significant service deterioration. This is in large part a natural defect. In addition, there is biological growth and excessive hard mortars all causing stone failure.
4. Stone patching parging. Several areas along the east wall, the stone has been completely covered with a cementitious parging and is likely to have deteriorated severely.
5. Contemporary metal cladding is installed throughout the 2nd floor covering most of the original woodwork, including the exposed tude style timbers. While the cladding has weathered and faded, it appears to be generally in good condition.
6. Woodwork. Very little wood is exposed. A large part remaining is at the entrance with some wood rot along the base and paint delamination.
7. Roofs:
   a. All the roofs have been replaced with asphalt shingle, which has aged and has some significant black biological growth indicating that it is at the end of its life expectancy.
   b. Flashing and gutters: Flashing, gutters, and downspouts are generally in fair to poor condition. Most of the gutters and downspouts have been replaced with aluminum. The stepped flashing at the chimneys is heavily painted with tar concealed all flashing. This is true of most stepped flashing areas, which have also had caulk added instead of mortar where they meet the stone or stucco walls. Gutters and downspouts appear to be undersized for the large roofs and are more in keeping with residential sized gutters. There was excessive water runoff during a rainstorm. We observed excessive water runoff over the masonry and walls during a rainstorm.
8. Openings:
   a. Doors: Several openings have been altered where old carriage doors have been removed or emergency exit doors added. The wood is generally in fair condition with some rot along the base.
   b. Windows: A few leaded lite windows remain at the entrance. Evidence suggests that many more windows were designed in this manner along the North Elevation. Historic photographs suggest that many more windows have this lead came work along the North Elevation. Some windows have been replaced with metal windows and others remain wood framed double-hung windows with wood muntin dividing the lights. These have weathered and storm windows have been added in front, which detracts from the character of the window.
9. Miscellaneous surface mounted conduits and AC units detract from the character of the building and are all surface mounted. Many are white on the brownstone walls.

10. Paint work. Paint work is largely hidden by aluminum cladding, however, where paint is shown it is in good condition.
For door conditions, see A4.5.

1. A4.1 WT11: Missing metal soffit at N-E corner of building. Exposed beaded board, probably original, with wood rot and corroded nails.

2. A4.1 MT4 & MT5: Original iron ring embedded in masonry, likely dating back to building’s use as a stable. Iron is corroded and pitted, leaving rust stains on masonry.

13. A4.6 ST1: Stone sill of window has been severely stained with black biological growth.

15. A4.6 ST12: Grey cementitious stone patch inappropriate, causing adjacent stone to fail.

16. A4.6 ST12: Sealant used at interior corner instead of mortar will cause the failure of surrounding stone.

IV ASSESSMENT OF EXISTING CONDITIONS

The purpose of this section is to describe in some detail the deteriorated conditions observed on the exterior and interior of the Woman’s Club of Rutherford. The focus is on architectural building fabric conditions and the integration of information provided by the professional team. The intent is to provide the reader with a holistic assessment of the conditions observed overlaid with the historic research and condition assessments completed by other team members. Structural conditions are described in greater detail in Section VII Appendix A prepared by James P. Huffman, PE, and Mechanical, Electrical and Plumbing and Fire Protection by Princeton Engineering Group, LLC in Appendix B.

The exterior conditions are shown on elevation drawings and referenced to condition codes. Each elevation sheet includes close up condition photograph pages, which explain the conditions observed. The interior conditions are shown on plans with views for each room and close up photographs describing the conditions found on the floors, walls, ceilings, and other architectural fabric as necessary. Refer to Drawings A-4.0-A-4.10 for the exterior condition assessments and Drawings A-4.11 to A-4.16 for the interior condition assessments completed for each room.

Annabelle Radcliffe-Trenner, Graham Caflisch and Luke Hamel from Historic Building Architects, LLC conducted the architectural condition assessment survey during several site visits in June and July 2016. The project team assessment was completed by Princeton Engineering Group, LLC on 7/7/2016 and James P. Huffman, PE on September 20th 2016. The Preservation Recommendations in Section V describe the appropriate work necessary to correct the deteriorated conditions, and Section VI provides the costs based on the recommended phasing.

Re: Condition Assessment Reports
Passaic County Rea House Goffle Brook Park
Passaic County Vanderhooff House Weasel Brook Park
Award of Consulting Services -- Historic Architects LLC

Members of the Board.

The following proposals were submitted to the Engineering Department for review and consideration for the preparation of condition assessment reports and supporting documents for the Rea House and the Vanderhooff House. The Rea House located in Goffle Brook Park is on the National Register of Historic Places. The Vanderhooff House located in Weasel Brook Park is being considered for historic review. Proposals were submitted by Historic Architects LLC, John Milner Architects and the firm of Clarke, Caton and Hintz. After reviewing proposals from Historic Architects LLC, John Milner Associates and Clarke, Caton and Hintz, Historic Architects LLC had the lowest fee out of the three proposals submitted.

Clarke, Caton and Hintz total fee was $51,950.00. John Milner Architects total fee was $34,025.00. Historic Architects LLC total fee was $29,000.00. Reimbursables were incorporated into all fees.

Historic Architects LLC had the lowest price.

The above referenced matter was discussed at the Public Works Committee meeting on September 26, 2016 and an award of contract to Historic Architects LLC is recommended to the full Board. Copy of Historic Architects LLC proposal is attached.

CHANGE ORDER #1

Members of the Board:

Attached for your Approval is Change Order #1 to be issued to the Contractor, reflecting a net increase in the contract amount due to field changes.

The total net amount of the increase is $3,751.00, resulting in a new contract amount of $1,199,303.31.

The above-mentioned Change Order was reviewed and recommended for Approval by the Public Works and Buildings & Grounds Committee at their meeting of September 26, 2016.

Therefore, I recommend the Board of Chosen Freeholders ADOPT the necessary RESOLUTION to APPROVE this issue CHANGE ORDER #1 to the Contractor, DTS Services, LLC, of Hawthorne, New Jersey in the amount of $3,751.00 (Three Thousand Seven Hundred Fifty One Dollars and Zero Cents), which results in an increase to the adjusted Contract amount. The total contract amount up and including Change Order #1 is $1,199,303.31.

Very truly yours,

Re: Repairs to Social Services Building parapet and supporting structure,
Passaic County Social Services Building
City of Paterson
Award of Consulting Services – Historic Architects LLC

Members of the Board.

The following proposals were submitted to the Engineering Department for review and consideration for the investigation and preparation of construction and bid documents for the repair of the terra cotta parapet of the Social Services Building. The Social Services Building is within the boundaries of the Historic Courthouse Plaza District. Proposals were submitted by Historic Architects LLC and LAN Associates. Due to the complex nature of this project the Engineering Department required that proposals have a thorough investigative process for documentation purposes and to mitigate possible change orders once the project is awarded. After reviewing proposals from LAN Associates and Historic Architects LLC it was determined that Historic Architects had investigative procedures that thoroughly documented the conditions as needed.

LAN Associates total fee was $400,885.00 and Historic Architects total fee was $427,780.00. Historic Architects LLC allowances incorporated a not to exceed price.

The above referenced matter was discussed at the Public Works Committee meeting on August 1, 2016, and an award of contract to Historic Architects LLC is recommended to the full Board. Copy of Historic Architects LLC proposal is attached.
Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding a contract for design services to Historic Architects LLC in the amount of $427,780.00 for the investigation and repair of the parapet for the Passaic County Social Services Building, and authorize the Freeholder Director, County Counsel and Purchasing Director to execute the necessary Agreements subject to the availability of funds.

RE: A Proposal for the Investigation, Construction Documents, and Construction Administration Services for the Passaic County Board of Social Services Building, Terra Cotta Cornice Repair located at 80 Hamilton Street, Paterson, NJ

Dear Andrew:

Please find enclosed our professional service proposal for the repair of the terra cotta cornice. The challenge here is to determine the terra cotta cornice, pediments, and balustrade conditions is sufficient detail to estimate the repair costs and allow the County to accurately budget for this work. The recommended investigation aims to remove as much guesswork about the scope of repairs from the bidding process, as well as provide you with sound recommendations for the repairs.

As with all old buildings, especially where terra cotta is involved, ongoing maintenance is required. Terra cotta is extremely vulnerable to moisture ingress because it relies on a steel structure to support it, and this structure is concealed within the terra cotta and, therefore, its deteriorated condition is often not visible until there is a catastrophic failure, such as the one you experienced last year. Based on the previous report, temporary protection and removed pieces of terra cotta, this building has significant problems that are hazardous and will continue to rapidly deteriorate. We estimate that each elevation is 200 feet long with approximately 800 terra cotta pieces.

The dilemma for you, as the building steward is how to minimize the professional investigation costs and yet accurately estimate the repairs or replacement for competitively bidding and implementing the work, without major cost overruns during construction. Our experience says that an investment in the investigation phase is the most cost effective way to achieve your goals. Our team’s knowledge working with early 20th century terra cotta and the long-term collaborative team approach between Historic Building Architects, LLC- architects, Silman- structural engineers, EChem Consultants LLC- building diagnostic and corrosion assessment consultants, and Daedalus Projects, Inc.- professional cost estimators, means we have the knowledge to develop investigation methods and information that provide you with the documents you need to accurately bid this project.

The HBA team will build on the information you have already received but we will add Non Destructive Evaluation techniques and a Quadcopter survey to more accurately define the conditions. We are recommending an 8-step investigation process outlined in our project approach. Deliverables include a document numbering and measuring all the terra cotta pieces and identifying the worst areas of deterioration,
which can then be investigated close up with a video scope probe into the terra cotta to observe the steel anchors. This does not guarantee the condition of every terra cotta piece but it will give you an overall understanding of the patterns of deterioration including the concealed conditions that are so critical for determining repair options and the potential costs involved. Once we know what you have and its condition, we can recommend how to either repair it or replace it. We anticipate it may be a combination of several approaches and several repair material options. One hundred year repairs are always the best and most cost effective, long-term approach, however, this is often challenging when funds are limited and results needed urgently, especially in a situation where crisis management due to terra cotta failure is driving the repair process.

Following careful review of our recommendations with your office, we will develop a Construction Document package for publicly bidding the cornice repair work. Our aim again is to develop clear, well-organized documents and to remove the guesswork often associated with these types of construction projects where concealed conditions can abound. We will structure our Contract Documents with quantifiable repairs supplemented with unit prices to allow for flexibility as field conditions arise. Our Construction Administration services are rigorous and detail oriented. This will insure that the work is completed on time and within budget with minimal change orders.

Our aim is to design solutions that will prevent further deterioration and result in a sustained repair. Our investigation phase is deliberately thorough to insure that the Construction Documents will be clearly understood by the contractors bidding with repair costs that can largely be predicted. If the County is willing to invest in our recommended process, we are confident that the construction costs can be contained and managed in an appropriate manner with detailed unit prices and quantities.

Please do not hesitate to call me with any questions, and we hope that our credentials and expertise will be favorably received.

Sincerely,

PROJECT APPROACH

INTRODUCTION

There are three important criteria in the quality control process for existing building repair that can impact the project budget and construction schedule.

- Quality of the information obtained from field investigation and survey work
- Quality of the documents prepared for construction
- Quality of the construction administration services during construction

INVESTIGATION PHASE

One of the greatest costs of renovation work is the “unknown” conditions and failure to understand the cause of deteriorated conditions. HBA believes in investing in proper diagnosis of conditions, before making recommendations for repair.

<table>
<thead>
<tr>
<th>Investigation</th>
<th>Condition</th>
<th>Cause</th>
<th>Solution</th>
</tr>
</thead>
</table>

HBA uses the following tools to investigate existing buildings: Close up video survey, Non-Destructive Evaluation Tools (NDE) followed by Building Probes and Team Collaboration to find a solution.

The investigation phase will be completed for all elevations at one time. HBA and our team will work around the building commencing with the worst conditions first. Based on the report prepared by Lan Associates on October 23rd 2014, the elevations will be assessed in the following sequence: Lee Place Elevation, Hamilton Street Elevation, De Grasse Street Elevation and Rear (West) Elevation.

HBA with the consultant team has developed an 8-step process for obtaining information on the visible and concealed condition of the terra cotta cornice. In order to properly understand conditions, it is important to understand the cause of the problem. In this instance, there was no facade maintenance program instituted by the City of Paterson, nor the County, and these deteriorated conditions have gradually been getting worse as water has found its way into the terra cotta structure. Our team will look at both sides of the parapet wall, as well as roof flashings, drainage, coatings, and masonry associated with the terra cotta cornice elements. We will also need to understand substrate attachment system and may request additional probes.

The 8-step process will give us an understanding of the overall conditions and allow us to make comprehensive cost effective recommendations to address the safety issues and develop appropriate repair solutions. With over 800 terra cotta units estimated on each elevation it is not possible to complete NDE on each unit and the sampling selected will focus on the worst conditions.

It is anticipated that the field investigation and observation work will take 2 weeks for each elevation with an additional 4 weeks to submit the recommendations with a detailed cost estimate. As the team work their way around the building, the work will overlap from one elevation to the next. A Detailed Project Schedule describes the time for all phases of work through completion.
8 INVESTIGATION PHASE STEPS

Step 1: Record with video and photographs the terra cotta cornice using a DJI Quadcopter on both the front (exterior) elevation and parapet (roof) elevation. Create photographic elevations. HBA have developed safety and procedural guidelines in accordance with FAA commercial use Exemption 14CFR.

Example: Quadcopter Terra cotta Cornice Survey at Saint Francis de Sales, Philadelphia, PA

Step 2: Assess conditions using image data obtained to identify specific areas of severe distress and failure.

Example: Visual Condition Survey (Using video from Quadcopter) at Saint Francis de Sales

Keys:

- Type A, B, C, D: Terra cotta Unit
- Open or Contemporary Joint
- Surface Glaze Failure
- Damaged/Broken Terra cotta (minor)
Step 3: Complete infrared thermal imaging (IRT) survey of the cornice from an access lift and from the roof. Upon completion of the IRT, identify and determine locations for intrusive Videoscope inspections.

Example: Thermal image identifying moisture retention in terra cotta entablature.

Step 4: EC hem Consultants to complete Videoscope investigation allowing up to 30% of the terra cotta to be investigated using a Videoscope with a light and video to determine the condition of the steel attachment anchor system.

Example: Videoscope inspection example revealing loss of sections to embedded framing.

Step 5: Field Dimensions and Survey Verification - HBA and Silman will review existing terra cotta cornice pieces previously removed and take measurements. Typical terra cotta sections will be drawn. Deteriorated conditions will be observed close up from a lift and additional removal of terra cotta to determine the existing attachment system may be required.
**Step 6:** Silman will develop a drawing describing the existing terra cotta steel attachment systems and schematic options for repair and replacement in collaboration with HBA based on field observations and information provided by EChem Consultants.

Section Example showing development of as built sections using Preservation Engineering and NDE.

**Step 7:** Develop a series of terra cotta repair and replacement options based on conditions observed keyed to annotated photographic elevations showing the following terra cotta treatments:

A. Cornice elements to be replaced.
B. Cornice elements to be dismantled and reattached.
C. Cornice elements to be left in place.
D. Cornice elements to be restored with an appropriate coating to prevent further water infiltration.
E. Roof flashing and waterproofing options

As part of this step, HBA and Silman will complete research on product selection, including researching the terra cotta product and options for alternative material replacement options such as GFRC, with costs and a summary of the pros and cons. Silman will investigate attachment and reinforcement methods for both existing terra cotta pieces to remain in place and replacement pieces.

**Step 8:** Professional cost estimate based on recommendations and proposed options. HBA and Silman will work with PC and the cost estimators to investigate material options at the end of this investigation phase.
Investigation Phase Deliverables:

1. Photographic elevation of cornice annotated with conditions and measurements. Each terra cotta piece to be numbered. Overall dimensions included.
2. Photographic elevations with Infrared Survey overlaid on conditions identifying areas of potential water ingress and attachment corrosion.
3. A schedule of the Videoscope findings based on three days of infrared and architectural assessment.
4. Comprehensive recommendations with associated costs and different design/repair options.
5. Dedicated secure website— all documents will be shared and managed through the project website. This will include posting of all video survey information.
6. At least four meetings with PC to update the County on the progress and findings to date.

CONSTRUCTION DOCUMENT PHASE

The Construction Document Phase will be based on the agreed approach at the conclusion of the investigation phase.

Project Approach

1. The team will build on the recommendations completed in the investigation phase.
2. Prepare drawings and specifications in sufficient detail for bidding by contractors.
3. Coordinate with project team professionals.

HBA with their consultants Silman and Daedalus Projects Inc. will complete the following tasks:

- Finalize scope of work after completion of Investigation Phase
- Prepare Plans and Photographic Elevations keying in all the terracotta repairs
- Work with Silman to Develop Repair details for terracotta
- Develop Schedule of terracotta repairs and attachments
- Research material options for replacement
- Complete mortar analysis and cleaning tests as necessary
- Submit 50% CD Progress set- Drawings & Specifications
- PC Review of 50% CD documents
- Final Construction Documents- Drawings & Specifications
- Final Coordination of design team Drawings & Specifications
- Update Project Schedule
- Update cost estimate with unit price options and value engineering
- Presentation to PC with Value Engineering Options
- Submit Final Construction Documents for review
- Presentation to PC (and Freeholders optional)

Construction Document Deliverables

1. Plans & Photographic Elevations Keying in Repairs.
2. Details of each terra cotta piece sufficient to allow for replication in selected material.
3. Schedule of repairs and attachments based on numbered terra cotta pieces.
4. Details for recommended repairs both structural and architectural.
5. Detailed Unit Prices and Alternates.
7. Updated Cost Estimate with material selection cost analysis.
8. Preparation of Bid Documents.

PRE-CONSTRUCTION/BIDDING PHASE

During the Preconstruction/Bidding Phase, HBA will complete the following services:

- Prepare and finalize bid documents in accordance with PC bidding requirements, including construction unit prices, allowances, and alternates and any phasing options.
- Attend an on-site pre-bid walk through.
- Answer contractor questions during bidding.
- Assist Passaic County if they choose, to prequalify contractors through NJ 40A:11-25.
- Review bids received for construction and complete a tabulation of results.
- Identify any discrepancies in the bid results.
- Compare the bids received to the cost estimate.
- Review the costs with the cost evaluation professionals, Daedalus Projects, Inc.
- HPO Project Authorization: HBA are familiar with the project authorization requirements for historic buildings and can prepare the application and assist PC with this process.

CONSTRUCTION ADMINISTRATION SERVICES

HBA have assumed that a general contractor will be selected for this project and with their subcontractors will provide all the construction work necessary to complete the project. HBA will lead the professional team, providing Construction Administration services in accordance with the American Institute of Architects Guidelines. We anticipate this construction project will take approximately 12 months to complete.

Construction Schedule
- HBA will review and comment on the contractor's construction schedule.
- HBA will ensure the construction schedule breakdown is coordinated with the Schedule of Values.

Information Sharing
- Dedicated secure Website for Construction Administration: This website is also available on iPads as an APP, and the contractor will be required to provide internet access on site for the duration of the construction in order to reference CA documents.
- Communication with PC and Contractor: HBA recognizes the importance of team collaboration, especially where concealed conditions can require input from all parties.
- Zoom Conference Calls: HBA uses video conferencing to allow quick and efficient communication between all parties.

On Site Record Keeping
- HBA will monitor the on site record keeping by the contractor
- HBA will review contractor safety procedures
- HBA will review the contractor's daily reports and photo documentation

Submittals, Requests for Information, and Directives
- Submittals: All submittals will be received and tracked by HBA and posted online.
- Requests for Information (RFIs): HBA and Silman will issue timely clarifications.
- Directives: On occasion, HBA will issue a directive in order for work to move forward.
CONSTRUCTION ADMINISTRATION SERVICES

Monitoring Costs and Expenditure
- HBA will carefully monitor construction costs.
- Schedule of Values: HBA reviews the SOV in detail.
- Applications for Payment: HBA will review in conjunction with PC.
- Change Orders: HBA carefully reviews and monitors requests.

Cost Breakdowns
- HBA prepares a detailed set of unit prices that can be used to effectively control change orders, especially for terracotta work.
- Allowances: HBA will recommend allowances

Project Closeout
- Punch List: HBA and Silman will complete detailed punch lists, including photographs and clear direction on corrective work.
- Closeout Documents: HBA will review the project close out manual and as-builts submitted by the contractor.

PROJECT SCHEDULE

HBA have prepared a draft project schedule, which includes all phases of the project through completion of construction. It is assumed that the project will be authorized in early May. The Investigation Phase is anticipated to take 12 weeks to complete by mid-August. This will be followed by the preparation of Construction Documents with a duration of 20 weeks and the end of 2016. Bidding and Negotiation would commence in early 2017. The New Jersey Historic Preservation Office (HPO) will need to review the project. The type of review will depend on the project approach to the repairs and whether they are in compliance with the Secretary of the Interior Standards for Rehabilitation. HBA work regularly with HPO and hope that an administrative review will be completed without having to present at Historic Sites Council. Bidding would commence in late January with a construction contract award in March. Implementation of terracotta repairs are dependent on warm weather conditions and therefore the start date of early spring 2017 will work well for this project and maximize good weather conditions for repair work. Construction duration will depend on the types and quantities of repair as well as the contractor’s mobilization and manpower capabilities. HBA anticipates construction to last 12 months.

Re: Repairs to Social Services Building parapet and supporting structure,
Passaic County Social Services Building
City of Paterson
Award of Consulting Services – Historic Architects LLC

Members of the Board.

The following proposals were submitted to the Engineering Department for review and consideration for the investigation and preparation of construction and bid documents for the repair of the terra cotta parapet of the Social Services Building. The Social Services Building is within the boundaries of the Historic Courthouse Plaza District. Proposals were submitted by Historic Architects LLC and LAN Associates. Due to the complex nature of this project the Engineering Department required that proposals have a thorough investigative process for documentation purposes and to mitigate possible change orders once the project is awarded. After reviewing proposals from LAN Associates and Historic Architects LLC it was determined that Historic Architects had investigative procedures that thoroughly documented the conditions as needed.

LAN Associates total fee was $400,885.00 and Historic Architects total fee was $427,780.00. Historic Architects LLC allowances incorporated a not to exceed price.

The above referenced matter was discussed at the Public Works Committee meeting on August 1, 2016, and an award of contract to Historic Architects LLC is recommended to the full Board. Copy of Historic Architects LLC proposal is attached.

RESOLUTION ADOPTING A CONSENTING RESOLUTION AUTHORIZING THE ESTABLISHMENT OF A LOADING ZONE ON EAST 33RD STREET (BETWEEN BROADWAY AND 13TH AVENUE, WEST SIDE) FROM 9:00 A.M. TO 6:00 P.M., MONDAY THRU SATURDAY, IN THE CITY OF PATERSON, NEW JERSEY WHERE PARKING IS ALREADY PERMITTED

WHEREAS the City of Paterson adopted Ordinance 16-060 that establishes a loading zone on East 33rd Street (between Broadway and 13th Avenue, West Side) from 9:00 a.m. to 6:00 p.m., where parking is already permitted; and

WHEREAS the County of Passaic received the final copy of the referenced Ordinance and a request for a consenting Resolution, in light of the fact that East 33rd Street is a County road; and

WHEREAS said Resolution was discussed at the September 26, 2016 Public Works and Buildings & Grounds Committee meeting and recommended to the full Board for approval; and

WHEREAS based upon the recommendation of the said Committee, the Board of Chosen Freeholders of the County of Passaic is desirous of adopting a consenting Resolution establishing a loading zone on East 33rd Street (between Broadway and 13th Avenue, West Side) from 9:00 a.m. to 6:00 p.m., where parking is already permitted.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that, pursuant to the terms and conditions set forth above, it does hereby authorize a consenting Resolution, as specified in the attached letter from the County Traffic Engineer dated September 27, 2016.

Re:  City of Paterson Ordinance 16-060
Loading Zone on East 33rd Street (Between Broadway and 13th Avenue, West Side)
(9:00 AM to 6:00 PM, Monday thru Saturday)

Dear Members of the Board:

Our office received from the City of Paterson the final copy of the referenced Ordinance. It establishes a loading zone at the referenced location (9:00 AM to 6:00 PM, Monday thru Saturday) where parking is already permitted. Since East 33rd Street is a County road, a consenting Resolution is required.

This Ordinance was reviewed and recommended for approval at the September 26, 2016 Public Works Committee meeting. Based upon the above, it is my recommendation that the Board of Chosen Freeholders adopt a consenting Resolution, provided the cost and maintenance of all signs and equipment be borne by the City of Paterson.

Very truly yours,

Charles Silverstein, P.E.

TITLE: ORDINANCE ESTABLISHING A COMMERCIAL LOADING ZONE ON EAST 33rd STREET BETWEEN BROADWAY AND 13TH AVENUE

approved As To Form and Legality on basis of Facts Set Forth

COUNCILPERSON . MARITZA RAVILA . . . . Moved the Following Ordinance:

WHEREAS, there is a need for a commercial loading zone in front of the merchants located on the westerly side of East 33rd Street immediately south of Broadway; and

WHEREAS, N.J.S.A. 39:4-20(3) (b) authorizes a municipality to enact an Ordinance to designate curb loading zones; and

WHEREAS, the field investigation justified the request for such a commercial loading zone and is therefore so recommended by the City Traffic Engineer.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF PATerson, AS FOLLOWS:

SECTION 1. No person shall park a vehicle in said location on the days and times indicated other than for active loading or unloading of goods and materials by commercial vehicles.

SECTION 2. Under no circumstances shall such commercial loading and unloading activities last more than 30 minutes.

SECTION 3. Unless another penalty is expressly provided by state law, including but not limited to N.J.S.A. 39:4-203, any person convicted of a violation of this ordinance or any supplement thereto, shall be liable to a penalty of not less than fifty ($50.00) dollars or more than two hundred ($200.00) dollars or imprisonment for a term not exceeding fifteen (15) days or both.

SECTION 4. The Director of the Department of Public Works or the Director's designee is hereby directed to erect and maintain the regulatory signs as required by law, and the effectiveness of this ordinance is contingent upon such signs being erected.

SECTION 5. All ordinances or portions of ordinances inconsistent herewith are repealed to the extent of such inconsistency only.

SECTION 6. If any part of this ordinance shall be declared to be invalid or inoperative, such part shall be deemed severable and the invalidity thereof shall not affect the remaining parts of this ordinance.

SECTION 7. This ordinance shall take effect upon passage, approval and publication as required by law, subject to passage of a concurrent ordinance or resolution by the Passaic County Board of Chosen Freeholders.

SECTION 8. The City Clerk shall have this Ordinance codified and incorporated in the official copies of the Paterson Code, but non-codification shall in no way affect the validity of the Ordinance.

SECTION 9. The City Clerk and the Corporation Counsel may change any chapter numbers, article numbers and section numbers if codification of this Ordinance reveals a conflict between those numbers and the existing Code, in order to avoid confusion and possible accidental repeals of existing provisions.
ORDINANCE ESTABLISHING A COMMERCIAL
LOADING ZONE ON EAST 33RD STREET BETWEEN
BROADWAY AND 13TH AVENUE

SECTION 10. The City Clerk and the Corporation Counsel may correct any clerical errors
in the printing, publication and codification of this Ordinance, provided both concur with the
correction being made and both certify in writing to the Municipal Council as to the specifics of the
clerical correction no later than seven (7) days before the correction is made, or, where a legal
deadline for publication applies, no later than the date of the next Regular Meeting. The said
corrective shall be prominently posted no later than the date of the next regular meeting, and
thereafter shall be annexed to the corrected original Ordinance and retained by the City Clerk.

SECTION 11. That all or parts of the prior resolutions which are inconsistent with this
Ordinance are hereby repealed.

STATEMENT OF PURPOSE

The purpose of this Ordinance is to establish a commercial loading zone on East 33rd Street
between Broadway and 13th Avenue.

Dated: October 12, 2016
RESOLUTION AUTHORIZING THE PASSAIC COUNTY PARKS DEPARTMENT TO SIGN AN AGREEMENT WITH HEATWOLE GOLF DESIGN, LTD TO DESIGN A NEW SYNTHETIC GOLF COURSE RANGE TEE FOR PREAKNESS VALLEY GOLF COURSE IN WAYNE, NJ

WHEREAS the Preakness Valley Golf Course in Wayne, New Jersey is in need of a new synthetic golf course range tee; and

WHEREAS the Parks Department solicited three quotations to produce a design and provide construction specification; and

WHEREAS the lowest quote was provided by Heatwole Golf Design, LTD, in the amount of $1,930.00, which includes conducting a site visit and thereafter providing Passaic County with plans, specifications and scope of the project, as per the attached memorandum dated September 1, 2016 attached hereto; and

WHEREAS although this award is for professional services, it is not subject to the requirement of the New Jersey Pay to Play law (N.J.S.A. 19:44A-20.4) inasmuch as the award for the professional services does not exceed the monetary threshold set forth in said legislation; and

WHEREAS the Freeholder Committee for Public Works and Buildings & Grounds at its August 29, 2016 meeting reviewed this request and is recommending that the entire Board permit this purchase; and

WHEREAS a certification is attached hereto indicating the availability of funds for said expenditure.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby
authorizes the Passaic County Parks Department to sign an
agreement with Heatwole Golf Design, LTD in the amount of
$1,930.00 to formulate and produce design and construction
specifications for a new synthetic golf course range tee for the
Preakness Valley Golf Course in Wayne, NJ.

Re: Resolution Request

At the Public Works meeting held on August 29, 2016 permission was requested to sign an agreement with Heatwole Golf Design, LTD. Heatwole Golf Design, LTD was obtained through quotes to formulate and produce a design and construction specifications for a new synthetic golf course range tee for Preakness Valley Golf Course. The contract was addressed and approved pending the below changes for the fee and clarification on additional expenses.

The company will conduct a site visit and upon the site visit will provide Passaic County with plans, specifications, and scope of the project. The fee of $1,800.00 includes the site visit, design plans, and traveling expenses of $130.00 for a total charge of $1,930.00.

The original contract stated that a partial payment would be made upon a site visit and a second payment would be made upon receipt of the plans, specifications and scope. The contract was revised to state that payment would be made, in full, upon completion of the site visit and receipt of the plans, specifications and scope of work. The original contract did not include budgets for communication expenses, reproductions costs, other project related expenses and compensation for special taxes. The revised contract states that no communication expenses, reproductions costs, or other project related expenses are anticipated for this project. Compensation for special taxes was removed from the contract.

HEATWOLE GOLF DESIGN, LTD
Design Consulting Services Agreement

This Golf Course Agreement (this "Agreement") is made and entered into as of the __________ day of __________, 2016 by and between HEATWOLE GOLF DESIGN, LTD, a Pennsylvania corporation ("Company"), whose address is 624 Berkshire Drive, State College, PA 16803, and COUNTY OF PASSAIC, GOLF COURSE, CO OP OF PASSAIC, ("The Owner"), whose address is 209 Totowa Road, Wayne, NJ 07470, who hereby agree as set forth below.

INTRODUCTION

The Owner wishes to retain Company to formulate and produce a design for a new synthetic tee line (as hereby referred to as "The Improvements"), on a site known as Preakness Valley Golf Course located in Wayne, NJ (the "Golf Course"), and in such capacity, to provide those specific services set forth is this Agreement.

The following Design Consulting Services Proposal outlines those specific services Heatwole Golf Design will provide to County of Passaic in relation to The Improvements which will consist of an artificial tee line constructed on a concrete base for the Preakness Valley Golf Course practice area of The Golf Course.

ARTICLE I – GOLF COURSE DESIGN SERVICES

1.1 Design Services

Upon Company’s receipt of an executed copy of this Agreement, Company will begin on the following design documents:

1. a scope of work for the project outlining the work that will be required to complete the project to the satisfaction of the Owner;
2. a detail of the concrete tee line in plan view;
3. a section detail of the concrete tee line;
4. specification for the construction of the concrete pad and the associated tee work around the new tee line;
5. TurfHound manufacturer’s specifications and installation instructions;

The information in items 1-5 above will be illustrated on two - 24"x 36" plans.

To complete the work in Article I of this Agreement, Company will attend a maximum of (1) one meeting/site visit to be held at Preakness Valley Golf Course as deemed necessary by both the Company and The Owner. The Owner will reimburse Company for travel expenses related to the meeting/site. Upon completion of the site visit Company will invoice The Owner the first design fee payment. The Company will invoice the second design fee payment upon delivery of the design documents.

1.2 Limitations of the design for The Improvements.

Any necessary irrigation or engineering design services are not included in the scope of services provided by Company.

This is not a full Design Services Contract and is limited in scope as defined in this Article I. This Design Consulting Services Agreement does not include: Preparation of Documents for Approvals, Bid Documents and
Consultation for Contractor Bidding, or Construction Observation Services. Company will have no responsibility or liability beyond providing the scope of work and design documents stated in Article I.

If The Owner requests additional design services other than those specific services set forth in this Agreement, Company’s hourly and per diem rates stated in Article III, 3.2 will apply. Prior to the start of any work deemed “additional to the agreement” Company will obtain written approval from The Owner stating the proposed scope of the “Additional Work” The Owner wishes Company to perform.

ARTICLE II – THE OWNER’S RESPONSIBILITIES

So that Company can adequately perform its duties herein:

• The Owner shall provide to Company full, accurate and complete information regarding Company’s requirements for the completion of the design for the Golf Course, and The Owner will use its best efforts to notify Company regarding the requirements and/or recommendation of any third party consultants and governmental agencies which may restrict or otherwise impact the design process of The Improvements.

• The Owner shall furnish at The Owner’s cost, before Company prepares the design for The Improvements, any of the following that may be available and relevant including, a land survey illustrating grades and lines of streets, and adjoining properties, rights-of-way, restrictions, easements, zoning, deed restrictions, boundaries, and contours or the site, locations, dimensions and complete data pertaining to existing buildings, other improvements and trees, and full information concerning available service and utility lines, both public and private, above and below grade, includinginvertsin depths, aerial photographs, topographical maps, soil reports and other information relative to The Golf Course as Company may reasonably require (the “Site Documents”). The Owner shall provide all pertinent information to Company in AutoCAD or other format acceptable to Company. If any of the site information listed above is not available, Company will use its best efforts to develop the design for The Improvements within the framework of information available at that time, Company will not be responsible for design conflicts if information is not included in the Site Documents.

• The Owner will be responsible for retaining the services of qualified professional consultants to review the design for The Improvements where required, in order to assure compliance with all applicable laws and regulations affecting the site, including, without limitation, environmental, wetlands, land use, engineering, zoning and other similar matters. Company agrees to work with such consultants as required in the design process. The Owner will supply Company with copies of all construction, engineering, zoning, environmental, and other regulations applicable to the Golf Course. Although Company will take care to prepare the design for The Improvements in compliance with such regulations, it will be The Owner’s responsibility to ensure such compliance. If requested to do so by The Owner, Company will adjust the design for The Improvements to conform to such regulations prior to the completion and delivery of the Plans, Specifications and Scope of Work.

The services, information, surveys and reports required by this Article to be provided by The Owner to Company, shall be furnished at The Owner’s expense. Company and The Owner agree that Company shall be entitled to rely upon the accuracy and completeness of such services, information, surveys and reports.
ARTICLE III – GOLF COURSE DESIGNERS COMPENSATION

3.1 Company Fee Schedule. The Owner will pay Company a fee of One Thousand, Nine Hundred thirty Dollars and Twenty-six cents ($1,930.26) ("the Fee") for its services hereunder, payable on a non-refundable basis as follows:

   a. One Thousand Eight Hundred Dollars ($1,800.00) of the Fee will be billed by Company upon the execution of this Agreement; the completion of the site visit; and the delivery to The Owner; the Plans, Specifications and Scope of Work as described in Article I.1.
   
   b. One Hundred Thirty Dollars and Twenty-six cents ($130.26) will be billed by Company for expenses directly related to travel to the Golf Course.

3.2 Hourly and Per Diem Rates. Where the Method of Compensation for any Services is calculated on an hourly or daily basis, the fee shall be based on the Company’s time record at $120.00 per hour or $1,200.00 per day.

3.3 Reimbursable Expenses. In addition to the compensation stated in Article 3.1, The Owner will reimburse Company for all reasonable expenses related to the design for The Improvements Golf Course. Reimbursable Expenses include actual expenditures made by Company, Company’s employees, Company’s consultants or Company’s sub consultants retained (if any), in the interest of the Project for the following:

   Travel Expense, as applicable, including meals, lodging, car expense (rentals, gas and insurance), parking fees, and/or taxi expense, and miscellaneous fees such as tips. Personal or corporate automobiles shall be reimbursed at the mileage rate recommended by the Internal Revenue Service at the time of travel; (Travel Expenses for the project site visit are $130.26 based on dividing travel expense with other projects in the area. Google Maps has Preakness Valley Golf Course at 225 miles from my office. At 225 x $.54 (current IRS mileage rate) = $121.50 and add $8.26 for meals and the total for travel expenses will $130.26);

   Communication Expenses, including postage and courier costs and other handling and delivery of Instruments of Service; (no Communication Expenses are anticipated for this project as the design documents will be delivered to The Owner electronically);

   Reproduction Costs, including in house and contracted blueprints or computer plots, and other copies or reproductions in connection with the project; (no Reproduction Costs are anticipated for this project as Company will not provide any paper copies of the design documents to The Owner);

   Other Project Related Expenses, other than those listed above for the Golf Course; (no Other Project Related Expenses will be billed to The Owner unless The Owner requests and approves any additional work beyond the scope stated in Article I.1.1 of this Agreement which may require other project expenses).

The Owner agrees to promptly reimburse Company upon Company’s submission of expense statements to The Owner. All reimbursable expenses will be due no later than 30 days from date of invoice. Late payments will be subject to a late payment charge as stated in Article IV.4.6 of this Agreement.

ARTICLE IV – AGREEMENT TERMS AND PROVISIONS

4.1 Term and Termination. Unless this Agreement is earlier terminated as provided herein, the period during which Company will render its design and consulting services under this Agreement (the “Term of Service”)
will commence upon execution of the Agreement and continue until The Owner’s acceptance of the Design Services stated in Article I.

Company may terminate this Agreement by giving written notice thereof to The Owner upon the occurrence of any of the following circumstances: (i) if any design requirements of the Golf Course site or changes required by The Owner conflict with Company’s design standards, (ii) if The Owner fails to make any payment to Company within thirty (30) days of written notice, (iii) in the event of the bankruptcy or insolvency of The Owner, or (iv) in the event of any other material breach of this Agreement by The Owner. Company’s election to terminate this Agreement pursuant to this Article IV.4.1 shall not constitute a waiver of any claims Company may have against The Owner for breach of this Agreement, and any such termination of this Agreement by Company shall not release The Owner from any liabilities incurred prior to the effective date of such termination.

The Owner may terminate this Agreement by giving written notice thereof to Company in the event of any material breach of this Agreement by Company, or in the event of the bankruptcy or insolvency of Company. The Owner’s election to terminate this Agreement pursuant to this Article IV.4.1 shall not constitute a waiver of any claims The Owner may have against Company for breach of this Agreement, and any such termination of this Agreement by The Owner shall not release Company from any liabilities incurred prior to the effective date of such termination.

Upon termination of this Agreement for any reason provided for in this Article IV during the term of this Agreement, Company will have no further obligation to perform any services under this Agreement or to deliver any further plans or documents or other written materials to The Owner, and The Owner will cease using and will have no further right to use in any manner whatsoever any of the design documents or any other written or electronically recorded materials prepared by Company under this Agreement. In the event this Agreement is terminated, The Owner will remain obligated to pay any unpaid amount of Company’s fee already payable, and to pay Company for any unpaid or unreimbursed expenses already incurred under Article III.3.3.

Upon termination of this Agreement for any reason provided for in this Article IV.4.1, the following rights and obligations of the parties under this Agreement shall survive such termination: (i) all obligations and liabilities of the parties hereunder already accrued at the time of such termination; (ii) the liability and indemnity obligations of the parties under Article IV.4.3 and Article IV.4.4 with respect to claims that arose (whether or not asserted) prior to such termination; and (iii) the mediation provisions in Articles IV.4.5.

4.2 Liability. Company will be liable to The Owner for damages caused by Company’s breach of this Agreement, negligence, and intentional acts and The Owner will be liable to Company for damages caused by The Owner’s breach of this Agreement, negligence, and intentional acts provided that neither party will be liable to the other for any consequential or incidental damages arising out of such a breach. In the event a third party asserts any claim relating to the Golf Course, The Owner agrees to indemnify, defend and hold harmless Company, its officers, directors, employees, consultants, agents, and David Heatwole against and from any and all liabilities, losses, costs, expenses, or damages incurred by them as a result of such claim, including reasonable legal fees and expenses of settlement or defense related thereto, unless such claim results from a breach of this Agreement by Company. Without limiting the generality of the foregoing indemnity, The Owner acknowledges that Company shall be indemnified from claims arising out of the acts, errors, omissions, strict liability duties, and/or financial obligations of The Owner and/or its principals, employees, co-venturers, agents, and independent contractors in connection with the design (other than design work performed by Company), operation, use and maintenance of the Golf Course, any related facilities or structures, and/or any associated real estate development. In the event a third party asserts any claim resulting from the Company’s breach of this Agreement, the Company agrees to indemnify, defend and hold harmless The Owner, its officers, directors, employees, consultants and agents against and from any and all liabilities, losses, costs expenses, or damages.
incurred by The Owner as a result of such claim, including reasonable legal fees and expenses of settlement or defense related thereto, unless such claim results from a breach of this Agreement by The Owner.

Company and David Heatwole will not in any event be responsible or liable for any improper performance by the contractor or any subcontractor, any independent professionals retained by The Owner, or any testing laboratory, or for the installation or use of any improper or defective materials or equipment or structures on the Golf Course, or for the failure of any materials or equipment to perform in the manner expected or specified. The Owner acknowledges that the foregoing provision is necessary in order to allow Company to have free access to information regarding the work of independent third parties without assuming any obligation to The Owner to assure or monitor their performance, and The Owner hereby waives any claims it might otherwise assert under any applicable legal theory which would conflict with such provision.

In recognition of the relative risks and benefits of the design for The Improvements to both The Owner and Company, the risks have been allocated such that The Owner agrees, to the fullest extent permitted by law, to limit the liability of the Company and Company's officers, directors, partners, employees, shareholders, clients and sub-consultants for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, including attorneys' fees and costs and expert witness fees and costs, so that the total aggregate liability of the Company and Company's officers, directors, partners, employees, shareholders, clients and sub-consultants shall not exceed the Company's total fee for services rendered under this Design Services Agreement. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law. In turn, The Owner will only be liable to Company for any and all fees and expenses related to this agreement.

4.3 Time Limit for Claims. The Owner shall give written notice of any event of default or claim based thereon within one (1) year of receipt of the design for The Improvements. Any purported event of default or claim not asserted within such time shall be forever barred, notwithstanding any longer period of time applicable under any statute of limitations or equitable doctrine. The Owner expressly agrees that the foregoing provision may be asserted in any litigation or proceeding brought after expiration of the time period and shall acquiesce in any dismissal on such grounds.

4.4 Notice and Payments. Notices between the parties shall be in writing and shall be deemed to have been properly given if delivered by express courier service or by U.S. Mail, return receipt requested, to the address of the receiving party as set forth on the first page of this Agreement. Notices will be effective on the date of receipt if sent by mail or courier.

Payment hereunder to Company will be made in U.S. Dollars and will be via certified check. If any payments due to Company under this Agreement are subject to withholding for income taxes, then The Owner will withhold such taxes as required and will supply company with an official certificate of such withholding for purposes of Company's United States income taxes.

4.5 Mediation. In an effort to resolve any conflicts that arise regarding the Design Consulting Services Agreement, Company and The Owner agree that all disputes between them arising out of or relating to this Agreement or the Project shall be submitted to nonbinding mediation.

4.6 Late Payment Charges. Any unpaid installment of Company's fee or any expense reimbursement to Company due and payable under this Agreement will bear interest at the rate of twelve percent (12%) per annum from its due date until paid in full. Whenever interest charges are due the Company under this Agreement, and current payment does not fully cover the total invoice amount these partial payments shall be credited first to interest in full, then to expenses and lastly, to professional fees. So long as any such installment remains unpaid, Company's obligations under this Agreement will be suspended. Company shall be entitled to
recover its reasonable expenses and attorney's fees incurred in connection with efforts to collect payments in arrears and late charges, regardless of whether or not legal action is instituted to collect such payments.

4.7 The Owner's Representations. The Owner represents and warrants that The Owner has all power and authority to enter into this Agreement and has duly and validly authorized this Agreement.

4.8 Miscellaneous. This Agreement will be construed in accordance with and governed by the laws of the State of New Jersey. This written Agreement constitutes the entire Agreement between the parties relating to the subject matter hereof and is the final expression of the Agreement between the parties. Nothing in this Agreement is intended to create a contractual relationship for the benefit of any third party. There are no intended beneficiaries of this Agreement except Company and The Owner.

IN WITNESS WHEREOF, Company and The Owner have duly executed this Agreement as of the day and year first above written.

RE: Design Services Proposal for Design of a synthetic tee line for the practice area of Preakness Valley Golf Course

Dear Brian,

As per our discussion and correspondence regarding a proposed synthetic tee line for Preakness Valley Golf Course, we have developed a Proposal for Design Services.

The following outlines those services Heatwole Golf Design (HGD) will provide to Preakness Valley Golf Course (The Owner) in relation to the design of the proposed synthetic tee line for the practice range.

**Design Services**
Heatwole Golf Design will provide the following:

1. a scope of work for the project outlining the work that will be required to complete the project to the satisfaction of the Owner;
2. a detail of the concrete tee line in plan view
3. a section detail of the concrete tee line;
4. specification for the construction of the concrete pad and the associated tee work around the new tee line;
5. TurfHound manufacturer’s specifications and installation instructions;

The information in items 1-5 above will be illustrated on one or two - 24"x 36" plans.

One meeting/site visit will be included in this proposal.

**Limitations of Design provided by Heatwole Golf Design**

Any necessary irrigation or engineering design services are not included in the scope of services provided by HGD.

This is not a full design services proposal and does not include: Preparation of Documents for Approvals, Bid Documents and Consultation for Contractor Bidding, or Construction Observation Services. If the Owner requested any additional services beyond those listed under Design Services above those services will be billed HGD daily and hourly rates of $1,200.00/day and $120/hour unless otherwise agreed upon by both parties.

Re: Resolution Request

At the Public Works meeting held on August 29, 2016 permission was requested to sign an agreement with Heatwove Golf Design, LTD. Heatwove Golf Design, LTD was obtained through quotes to formulate and produce a design and construction specifications for a new synthetic golf course range tee for Preakness Valley Golf Course. The contract was addressed and approved pending the below changes for the fee and clarification on additional expenses.

The company will conduct a site visit and upon the site visit will provide Passaic County with plans, specifications, and scope of the project. The fee of $1,800.00 includes the site visit, design plans, and traveling expenses of $130.00 for a total charge of $1,930.00.

The original contract stated that a partial payment would be made upon a site visit and a second payment would be made upon receipt of the plans, specifications and scope. The contract was revised to state that payment would be made, in full, upon completion of the site visit and receipt of the plans, specifications and scope of work. The original contract did not include budgets for communication expenses, reproductions costs, other project related expenses and compensation for special taxes. The revised contract states that no communication expenses, reproductions costs, or other project related expenses are anticipated for this project. Compensation for special taxes was removed from the contract.

Re: PROJECT: New synthetic Golf Course Range Tee for Passaic Valley Golf Course

Heatwole Golf Design, LTD has conducted a site visit and has proposed design plans and construction and material specifications for the new synthetic golf course range tee for Preakness Valley Golf Course in Wayne NJ. The project consists of installing a new synthetic teeing surface to replace the existing range tee. The County Engineer and my office have reviewed the plans and specifications and find them to be in conformance with Passaic County and other engineering standards.

The above-mentioned Project was discussed and recommended for approval, via email, with the Public Works Committee and Buildings & Grounds Committee. Funds for this Project were budgeted for and are included in the open space trust fund allocations for this year.

I recommend that the Board of Chosen Freeholders adopt the necessary resolution, approving the plans and specifications, and authorize the Department of Procurement to advertise and receive bids for the construction and installation of the Project.

Re: FFY15 Victims of Crime Act (VOCA) Victim Assistance Grant Program
County Sexual Assault Response Team/Forensic Nurse Examiner
SART/FNE Program
Grant Number: VS-38-15

Dear Prosecutor Valdes:

The New Jersey Division of Criminal Justice (DCJ) is accepting applications for the 2015 County SART/FNE Program under the Victims of Crime Act (VOCA) Grant Program. This year, $1.83M has been allocated for the Statewide SART/FNE Program. The allocation for each county was derived from a formula which includes a base amount plus a graduated increase based on a three-year average of examinations conducted in counties with more than 50 examinations per year.

Your county is offered a federal grant in the amount of $95,250 Federal Portion. There is a required match of 20% of the total project cost. If the county applies for the full amount, the required match will be $23,813. The grant period will be October 1, 2016 through September 30, 2017.

All required reports for your previous grant must be current and on file with the State Office of Victim Witness Advocacy (SOVWA) prior to the start of your continuation grant.
An application package will be emailed to Joanne Hatt SART/FNE Coordinator. The completed application and grant certifications should be submitted to the SOVWA by October 31, 2016.

Please contact Jessica Guglich at (609) 292-8249 should you require further assistance.

Sincerely,

Phoenix Smith, Chief
State Office of Victim Witness Advocacy

RESOLUTION AUTHORIZING AN AMENDMENT TO
RESOLUTION R20160803 FOR THE PURCHASE OF
SERVERS AND SOFTWARE FOR THE PASSAIC COUNTY
SHERIFF’S OFFICE VEHICLES THROUGH STATE
CONTRACT

WHEREAS the County of Passaic adopted Resolution
20160803 on September 27, 2016 authorizing the Passaic
County Sheriff’s Office to purchase servers and software
required for disaster recovery and high availability to insure
minimal down time for existing applications and services, from
PKA Technologies, Inc.; and

WHEREAS the resolution referenced an amount of
$171,199.42 through State Contract #40116 for the purchase
of the within items; and

WHEREAS it is necessary to amend that resolution to
include additional funding for training purposes in the amount
of $18,720.00, all in accordance with State Contract #40116;
and

WHEREAS the Freeholder Law and Public Safety
Committee reviewed this matter, and recommended this
resolution to the full Board for adoption; and
WHEREAS the Board of Chosen Freeholders is desirous of approving said amendment in accordance with the attached quotation, and authorizing the Purchasing Agent to issue the appropriate Purchase Order; and

WHEREAS a certification is attached indicating that funds are available for the above contemplated expenditure from budgeted funds;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that, pursuant to the terms set forth above, it hereby authorizes an amendment to Resolution R20160803, to include funding for training purposes, as it concerns the purchase of servers and software required for disaster recovery, for the Passaic County Sheriff’s Office from PKA Technologies, Inc., through State Contract # 40116; and

BE IT FURTHER RESOLVED that the Purchasing Agent and all other necessary officers and employees be and hereby are authorized and directed to take such further actions and sign such documents as are necessary to effectuate the
purpose of this resolution, including but not limited to issuance of an appropriate Purchase Order.

Dated: October 12, 2016
RESOLUTION
AUTHORIZING THE AWARD OF GRANTS FROM THE OPEN
SPACE AND FARMLAND PRESERVATION TRUST FUND

WHEREAS the Board of Chosen Freeholders of the County
of Passaic created an Open Space and Farmland Preservation
Trust Fund Program in conformity with the will of the voters in
the 1996 election; and

WHEREAS pursuant to the mandates of the Program the
Board did approve and appoint an Open Space and Farmland
Preservation Trust Fund Advisory Committee ("the Committee") to
study the open space issue and make recommendations
concerning the distribution of funds to worthy applicants; and

WHEREAS several municipalities and non-profit
organizations submitted grant applications for funding under the
2016 Open Space Trust Fund rouding of funding; and

WHEREAS pursuant to the provisions of N.J.S.A. 40:12-
15(b), a county shall not expend more than $100,000 for any
proposed project unless the governing body of the county first
conducts a public hearing on the proposed project or use and
adopts a resolution, as appropriate, authorizing the expenditure; and

WHEREAS the Passaic County Board of Chosen Freeholders
authorized and held a public hearing on August 16, 2016 for the
following approved park improvement projects:

1. Bloomingdale – Bergen Rec Field Improvements (R) $200,000
2. Clifton – Athenia Steel Recreational Complex – Phase II (D) $200,000
3. Haledon – Belmont Avenue Town Square (D) $132,425
3. Wayne Township – Dave Waks Park Field #3 Surface Replacement (R) $200,000
4. Woodland Park – Frank D. Zaccaria Park Field – Phase II (R) $150,000
   Total $882,425;

WHEREAS this matter was reviewed by the Freeholder’s Committee for Planning and Economic Development at its July 13, 2016 and the Open Space Advisory Committee at its meeting June 23, 2016, where the recommended grant awards were presented in accordance with the committee’s recommendations; and

WHEREAS a certification of funds is attached hereto indicating that funds are available for the within contemplated expenditure;

NOW THEREFORE BE IT RESOLVED by The Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the award of grants as set forth above from the Open Space and Farmland Preservation Trust Fund in an amount totaling $882,425; and

BE IT FURTHER RESOLVED that all municipalities receiving funds must agree to place in their tax letter an insert that indicates that they received funds from the Passaic County Open Space and Farmland Preservation Trust Fund Program.

RESOLUTION AUTHORIZING THE CANCELLATION OF $30,000 IN UNEXPENDED GRANT FUNDS FROM THE OPEN SPACE TRUST FUND (2014 WEST SIDE PARK MASTER PLAN PROJECT, AWARDED TO NJ COMMUNITY DEVELOPMENT CORPORATION)

WHEREAS preserving open space and conserving natural resources ensure a sustainable quality of life in Passaic County; and

WHEREAS the Board of Chosen Freeholders of the County of Passaic by Resolution R-14-584 dated July 22, 2014 awarded an Open Space Trust Fund grant in the amount of $85,050.00 to NJ Community Development Corporation for a project known as West Side Park Master Plan Project; and

WHEREAS it is now necessary to cancel the previously awarded grant to NJ Community Development Corporation and un-encumber these monies to the Passaic County Open Space Trust Fund and Municipal/Non-Profit account, as the funds were indicated in correspondence as no longer needed; and

WHEREAS this matter was reviewed and approved by the Freeholder Committee of Planning & Economic Development on September 21, 2016;

NOW THEREFORE BE IT RESOLVED that the Board of Chosen Freeholders of the County of Passaic hereby authorizes the cancellation of $30,000 unexpended grant funds from the 2014 Open Space Trust Fund grant to NJ Community Development Corporation for West Side Park Master Plan Project; and
BE IT FURTHER RESOLVED that the Director and clerk to
the Freeholder Board are hereby authorized to execute any
necessary documents to effectuate the above.

Re: Request for Reallocation or New Allocation – Shohid Minar Project
Open Space and Farmland Preservation Trust Fund

Dear Mr. DeNova:

New Jersey Community Development Corporation (NJCDC) applied for and received grants from Passaic County’s Open Space and Farmland Preservation Trust Fund for two separate projects at Paterson’s Westside Park: (a) $150,000.00 to design and build the Shohid Minar monument in 2014, and (b) $85,050.00 to create a master plan for capital improvements in 2015. Although NJCDC exceeded its 2014 grant allocation by $28,450.00 due to unanticipated change orders required to complete the project, we expect that the 2015 allocation will be underspent by approximately $30,000.00. Therefore, NJCDC respectfully submits this letter to request a reallocation of $30,000.00 from the unspent portion of our 2015 grant to offset $28,450.00 in additional costs which our 2014 grant did not cover.

In the alternative, perhaps the County would consider granting an entirely new allocation of funds to cover the additional costs of our 2014 project. NJCDC undertook this project to honor and recognize the rich history and legacy of the city’s large Bengali community. Approval of our request for a reallocation or new allocation of funds would not only make NJCDC whole, but would also make it more feasible for us to stay actively engaged in organizing and coordinating routine maintenance at the site.

Thank you in advance for your time, attention, and consideration. If you have questions or need information, please call me anytime at 973-413-1600, or email me at rguarasci@njcdc.org.

Sincerely,

Robert F. Guarasci

RE: Request for Emergency CDBG funding
Replace of Elevator – Wanaque Public Library

Dear Ms. Hoffman,

On behalf of the Wanaque Public Library, the Borough of Wanaque is requesting funding under the Community Development Block Grant program for the replacement of the elevator at the Wanaque Public Library in the amount of $60,000. The fifteen year old elevator is at the end of its useful life, and can no longer be certified for use. This elevator is crucial to our elderly and disabled residents to access the building.

If there are any excess funds available under the Community Development Block Grant program for this project, it will be greatly appreciated. The Library has a limited budget, and this cost will take money away from other needed programs. Should this project be approved, we will be out to bid within 60 days.

Thank you for your consideration.

Very truly yours,
