All of the Bonds, of which this Bond is one, shall be initially issued as one fully registered bond for each maturity in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company (“DTC”). Notwithstanding any other provision herein to the contrary, so long as DTC or its nominee, Cede & Co., is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made directly to Cede & Co., as nominee of DTC in accordance with the provisions of the DTC Letter of Representations executed by the County and DTC relating to the Bonds. the option of the County either in whole or in part at any time, at par (the “Redemption Price”) and accrued interest thereon to the date of redemption.

Notice of Redemption shall be given by mailing by first class mail in a sealed envelope with postage prepaid to the registered owners of such Bonds at their respective addresses as they last appear on the registration books kept for that purpose by the County, at least thirty (30) but not more than sixty (60) days before the date fixed for redemption. However, so long as DTC (or any successor thereto) acts as Securities Depository for the Bonds, Notices of Redemption shall be sent to such depository and shall not be sent to the beneficial owners of the Bonds, and will be done in accordance with DTC procedures. Any failure of such depository to advise any of its participants or any failure of any participant to notify any beneficial owner of any Notice of Redemption shall not affect the validity of the redemption proceedings. If the County determines to redeem a portion of the Bonds of a maturity, such Bonds shall be selected by lot. If Notice of Redemption has been given as described herein, the Bonds, or the portion thereof called for redemption, shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Payment shall be made upon surrender of the Bonds redeemed.

This bond is transferrable only upon the books of the Bond Registrar, by the registered owner hereof in person or by his attorney duly authorized in writing, upon surrender hereof together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered owner or such duly authorized attorney, and thereupon the County shall issue in the name of the transferee a new bond or bonds of the same aggregate principal amount, series, designation, maturity and interest rate as the surrendered bond. The County and any paying agent of the County may treat and consider the person in whose name this bond is registered as the holder and absolute owner hereof for the purpose of receiving payment of, or on account of, the principal and interest due hereon and for all other purposes whatsoever.

This bond is one of an authorized issue of bonds of the County and is issued pursuant to the Local Bond Law, constituting Chapter 2 of Title 40A of the Revised Statutes of the State of New Jersey, a resolution of the governing body of the County adopted October 25, 2016 and by virtue of certain bond ordinances referred to therein. If this bond is designated on the first page hereof as a “County Vocational School Bond, Series 2016B (New Jersey School Bond Reserve Act, P.L. 1980, c.72)” then it is also issued pursuant to Title 18A, Education of the New Jersey statutes. County Vocational School Bond, Series 2016B (New Jersey School Bond Reserve Act, P.L. 1980, c.72) is entitled to the benefits of the New Jersey School Bond Reserve Act (constituting N.J.S.A. 18A:56-17 et seq.). If this bond is designated on the first page hereof as a “County College Bond, Series 2016C” then it is also issued pursuant to Title 18A, Education of the New Jersey statutes.

The full faith and credit of the County are hereby irrevocably pledged for the punctual payment of the principal and interest on this bond according to its terms. This bond shall not be or be deemed to be a debt or liability of the State of New Jersey or a pledge of the faith and credit of the State of New Jersey.
It is hereby certified and recited that all conditions, acts and things required by the Constitution or statutes of the State of New Jersey to exist, to have happened or to have been performed precedent to or in the issuance of this bond exist, have happened and have been performed, and that the issue of bonds of which this is one, together with all other indebtedness of the County, does not exceed any limitation imposed thereon by said Constitution or statutes.

In the event the County determines that the beneficial owners of the Bonds (the actual purchasers of the Bonds) shall be able to obtain certificated bonds, the County shall notify DTC of the availability of bond certificates. In such event, the County will appoint a paying agent and the County will issue, transfer and exchange bond certificates in appropriate amounts as required by DTC and others. DTC may determine to discontinue providing its services with respect to the bonds at any time by giving a reasonable amount of notice in writing to the County. In the event of such determination, if the County fails to identify another qualified securities depository as successor to DTC, the County will appoint a paying agent and the County will issue and deliver replacement bonds in the form of fully registered certificates. Whenever DTC requests the County to do so, the County will cooperate with DTC in taking appropriate action (a) to make available one or more separate certificates evidencing the bonds to any DTC participant (participants of DTC) having bonds credited to its DTC account or (b) to arrange for another securities depository to maintain custody of certificates evidencing the bonds.
IN WITNESS WHEREOF, THE COUNTY OF PASSAIC has caused this bond to be executed in its name by the manual or facsimile signatures of its Director of its Board of Chosen Freeholders and its County Director of Finance, and its corporate seal (or facsimile thereof) to be affixed, imprinted or reproduced hereon, and this bond and said seal to be attested by the manual or facsimile signature of the Clerk or Deputy Clerk of the Board of Chosen Freeholders, and this bond to be dated the __th day of December, 2016.

Optional Redemption Provisions

The Bonds maturing on or prior to December 1, 2026 shall not be subject to redemption prior to their respective maturity dates. The Bonds maturing on or after December 1, 2027 shall be subject to redemption prior to their respective maturity dates, on or after December 1, 2026, at the option of the County either in whole or in part at any time, at par (the "Redemption Price") and accrued interest thereon to the date of redemption.

Notice of Redemption shall be given by mailing by first class mail in a sealed envelope with postage prepaid to the registered owners of such Bonds at their respective addresses as they last appear on the registration books kept for that purpose by the County, at least thirty (30) but not more than sixty (60) days before the date fixed for redemption. However, so long as DTC (or any successor thereto) acts as Securities Depository for the Bonds, Notices of Redemption shall be sent to such depository and shall not be sent to the beneficial owners of the Bonds, and will be done in accordance with DTC procedures. Any failure of such depository to advise any of its participants or any failure of any participant to notify any beneficial owner of any Notice of Redemption shall not affect the validity of the redemption proceedings. If the County determines to redeem a portion of the Bonds of a maturity, such Bonds shall be selected by lot. If Notice of Redemption has been given as described herein, the Bonds, or the portion thereof called for redemption, shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Payment shall be made upon surrender of the Bonds redeemed.
New Jersey School Bond Reserve Act

The County Vocational School Bonds, Series 2016B (New Jersey School Bond Reserve Act, P.L. 1980, c.72) also will be secured by the School Bond Reserve (the "School Bond Reserve") established in the Fund for the Support of Free Public Schools of the State of New Jersey (the "Fund") and in accordance with the New Jersey School Bond Reserve Act, P.L. 1980 Ch. 72, approved July 16, 1980 (the "New Jersey School Bond Reserve Act").

Book-Entry-Only System

As long as DTC or its nominee, Cede & Co., is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made directly to Cede & Co., as nominee of DTC, which will credit payments of principal of and interest on the Bonds to the DTC participants as listed in the records of DTC as of each next preceding May 15 and November 15 (the “Record Dates” for payment of interest on the Bonds), which participants will in turn credit such payments to the beneficial owners of the Bonds.

All bidders of the Bonds must be participants of The Depository Trust Company, New York, New York ("DTC") or affiliated with its participants. The Bonds will be issued in fully registered form, and when issued will be registered in the name of and held by Cede & Co., as the registered owner thereof and nominee for DTC, an automated depository for securities and clearinghouse for securities transactions.

Individual purchases of beneficial ownership interests in the Bonds will be made in book-entry form (without certificates) in the denomination of $5,000 each or any integral multiple thereof. It shall be the obligation of the successful bidder to furnish to DTC an underwriter’s questionnaire and the denomination of the Bonds not less than seventy-two (72) hours prior to the delivery of the Bonds and to furnish to bond counsel, referenced below, the initial public offering prices of the Bonds not less than forty-eight (48) hours prior to delivery of the Bonds.

In the event that either DTC determines not to continue to act as securities depository for the Bonds or the County determines that the beneficial owners of the Bonds be able to obtain bond certificates, the County will appoint a paying agent and will issue and deliver replacement Bonds in the form of fully registered certificates.

Electronic Bidding Procedures

Bids may be submitted electronically via PARITY in accordance with this Notice of Sale, until 11:00 a.m., New York City time, on December __, 2016, but no bid will be received after the time for receiving bids specified above. To the extent any instructions or directions set forth in PARITY conflict with this Notice of Sale, the terms of this Notice of Sale shall control. For further information about PARITY, potential bidders may contact PARITY at (212) 849-5021. In the event that a bid for the Bonds is submitted via PARITY, the bidder further agrees that:
1. The County may regard the electronic transmission of the bid through PARITY (including information about the purchase price of the Bonds, the interest rate or rates to be borne by the various maturities of the Bonds, the initial public offering price of each maturity and any other information included in such transmission) as though the same information were submitted directly to the County and executed by a duly authorized signatory of the bidder. If a bid submitted electronically by PARITY is accepted by the County, the terms of the Proposal for Bonds and this Notice of Sale and the information that is electronically transmitted through PARITY shall form a contract, and the successful bidder shall be bound by the terms of such contract.

2. PARITY is not an agent of the County, and the County shall have no liability whatsoever based on any bidder's use of PARITY, including but not limited to any failure by PARITY to correctly or timely transmit information provided by the County or information provided by the bidder.

3. The County may choose to discontinue use of electronic bidding via PARITY by issuing a notification to such effect via TM3 News Services, or by other available means, no later than 3:00 p.m. (New York City Time) on the last business date prior to the bid date set forth above.

4. Once the bids are communicated electronically via PARITY to the County as described above, each bid will constitute a Proposal for Bonds and shall be deemed to be an irrevocable offer to purchase the Bonds on the terms provided in this Notice of Sale. For purposes of submitting all Proposal for Bonds, the time as maintained on PARITY shall constitute the official time.

5. Each bidder choosing to bid electronically shall be solely responsible to make necessary arrangements to access PARITY for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Notice of Sale. Neither the County nor Parity shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure access to any qualified prospective bidder, and neither the County nor Parity shall be responsible for the proper operation of, or have any liability for any delays or interruptions of, or any damages caused by PARITY. The County is using PARITY as a communication mechanism, and not as the County's agent, to conduct the electronic bidding for the Bonds. By using PARITY, each bidder agrees to hold the County harmless for any harm or damages caused to such bidder in connection with its use of PARITY for bidding on the Bonds.

**Bid Specifications**

Each Proposal submitted must name the rate or rates of interest per annum to be borne by the Bonds bid for and the rate or rates named must be multiples of one-eighth or one-twentieth of one per centum. Not more than one rate may be named for Bonds of the same maturity. The difference between the highest and lowest rates of interest named in the Proposal shall not exceed three percent (3%). There is no limitation on the rates that may be named. Each Proposal submitted must be for all of the Bonds and the purchase price specified in the
proposal must be not less than one hundred percent (100%) or for more than one hundred and two percent (102%) of the aggregate par value of the Bonds.

Award, Delivery and Payment

The Bonds will be awarded to the bidder on whose bid the total loan may be made at the lowest true interest cost. Such true interest cost shall be computed, as to each bid, by doubling the semiannual interest rate (compounded semiannually) necessary to discount the debt service payments from the payment dates to the date of the Bonds and the price bid, excluding accrued interest to the delivery date. No Proposal shall be considered that offers to pay an amount less than the principal amount of Bonds offered for sale or under which the total loan is made at an interest cost higher than the lowest true interest cost to the County under any legally acceptable proposal. If two or more such bidders offer to pay the lowest true interest cost, then the Bonds will be sold to one of such bidders selected by lot from among all such bidders. The bidder to which the Bonds are awarded (in the manner specified above) is herein referred to as the "Successful Bidder."

It is expected that delivery of the Bonds to DTC and payment for the Bonds will take place on or about, December __, 2016 at the offices of Gibbons P.C., bond counsel to the County ("Bond Counsel"), in Newark, New Jersey or at such other place as may be agreed upon with the Successful Bidder. The Bonds will be delivered to DTC in single denominations for each maturity of each type of bond. PAYMENT FOR THE BONDS AT THE TIME OF ORIGINAL ISSUANCE AND DELIVERY SHALL BE IN IMMEDIATELY AVAILABLE FUNDS.

Change of Bid Date and Closing Date

The County reserves the right to postpone, from time to time, the date established for the receipt of bids and will undertake to notify registered prospective bidders via notification published on Thomson Municipal Market Monitor ("TM3") (www.tm3.com). Prospective bidders may request notification by facsimile transmission of any such changes in the date or time for the receipt of bids by so advising, and furnishing their telexcopy numbers to the Director of Finance of the County at (973) 881-4440 by 12:00 Noon, New York City time, on the day prior to the announced date for receipt of bids. In addition, the County reserves the right to make changes to this Notice of Sale. Such changes will be announced on the TM3.

A postponement of the bid date will be announced via TM3 not later than 11:00 a.m., New York City time, on the last business day prior to any announced date for receipt of bids, and an alternative sale date and time will be announced via TM3 by Noon, New York City time, not less than forty-eight (48) hours prior to such alternative date for receipt of bids.

On any such alternative date and time for receipt of bids, the County will accept electronic bids for the purchase of the Bonds, such bids to conform in all respects to the provisions of this Notice of Sale, except for the changes in the date and time for receipt of bids.
and any other changes announced via TM3 at the time the date and time for receipt of bids are announced.

Right To Reject Bids; Waive Irregularities

The right is reserved to reject all bids, and any bid not complying with the terms of this Notice of Sale will be rejected. The County reserves the right to reject any or all Proposals and so far as permitted by law, to waive any irregularity or informality in any or all Proposals.

Good Faith Deposit

A good faith deposit (the "Deposit"), in the form of an electronic transfer of immediately available federal funds in accordance with the wiring instructions contained in the immediately succeeding paragraph, in the amount of $693,500 is required for each bid for the Bonds to be considered. A bidder shall transmit such funds to the following:

Wells Fargo Bank, N.A.
ABA No.: 121000248
Account No.: 2000004566894
Account Name: Passaic County Current Fund
Contact: Richard Cahill, Director of Finance
Phone: (973) 881-4440

Such funds must be received in the account identified immediately above no later than 11:00 a.m. New York City time on the date for receipt of bids, and must be accompanied by detailed wiring instructions for the return thereof in the event that such bidder is not the Successful Bidder. Please note that the contact information provided immediately above should be used by bidders for the purposes of confirming receipt of electronic transfer of funds and the transmittal of instructions for the return of such electronic transfers of funds in the event such bidder is not the Successful Bidder. Electronic transfers of funds of unsuccessful bidders for the Bonds will be returned upon award of the Bonds. It is the intent of the County that electronic transfers of funds will be returned via wire transfer to the unsuccessful bidders not later than 5:00 p.m. on the date for receipt of bids, provided that wiring instructions have been provided by such unsuccessful bidder at the time of transmission of the Deposit to the County. The County shall not bear any liability for any delay that may occur in the return of an electronic transfer of the Deposit to an unsuccessful bidder. Interest earned on the Deposit will be credited to the County and will not be available to the Successful Bidder for the Bonds.

The Deposit of the Successful Bidder will be collected and the proceeds thereof retained by the County to be applied in partial payment for the Bonds and no interest will be allowed or paid upon the amount thereof, but in the event the Successful Bidder shall fail to comply with the terms of its respective bid, the proceeds thereof will be retained as and for full liquidated damages. Award of the Bonds to the Successful Bidder or rejection of all bids is expected to be made within five hours after opening of the bids, but such Successful Bidder may not withdraw its Proposal for Bonds until after 5:00 p.m. of the day of such bid-opening and then only if such award has not been made prior to the withdrawal.
Bond Insurance

If the Bonds qualify for issuance of any policy of municipal bond insurance, any purchase of such policy shall be at the sole option and expense of the Successful Bidder. If the Bonds are to be insured, the Successful Bidder shall pay the premium therefor prior to the delivery of the Bonds. Any failure of the Bonds to be so insured or of any such policy of insurance to be issued shall not in any way relieve the Successful Bidder of its contractual obligations arising from the acceptance of its Proposal for Bonds for the purchase of the Bonds.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such number on any Bond nor any error with respect thereto shall constitute cause for the failure or refusal of the Successful Bidder to accept delivery of and pay for the Bonds. The CUSIP Service Bureau charges for the assignment of CUSIP numbers on the Bonds shall be the responsibility of and shall be paid for by the Successful Bidder. **TWO SERIES OF CUSIP NUMBERS WILL BE ASSIGNED TO THE BONDS AS FOLLOWS:**

1. **ONE SERIES OF CUSIP NUMBERS WILL BE ASSIGNED TO THE COUNTY VOCATIONAL SCHOOL BONDS, SERIES 2016B (NEW JERSEY SCHOOL BOND RESERVE ACT, P.L. 1980, C.72);** AND
2. **A SEPARATE SERIES OF CUSIP NUMBERS WILL BE ASSIGNED TO THE GENERAL IMPROVEMENT BONDS, SERIES 2016A AND THE COUNTY COLLEGE BONDS, SERIES 2016C.**

Undertakings of the Successful Bidder

**THE SUCCESSFUL BIDDER SHALL MAKE A BONA FIDE PUBLIC OFFERING OF THE BONDS AT THEIR RESPECTIVE INITIAL REOFFERING PRICES AND SHALL PROVIDE THE RELATED CERTIFICATION DESCRIBED BELOW.**

The successful bidder shall within thirty (30) minutes after being notified of the award of the Bonds, advise the County in writing (via facsimile transmission) of the Bonds initial reoffering prices to the public of each maturity of the Bonds (the “Initial Reoffering Prices”). The successful bidder must, by facsimile transmission or delivery received by the County within twenty-four (24) hours after notification of the award, furnish the following information to the County to complete the Official Statement in final form, as described below:

A. Selling compensation (aggregate total anticipated compensation to the underwriters expressed in dollars, based on the expectation that all the Bonds are sold at the prices or yields at which the successful bidder advised the County that the Bonds were initially offered to the public).

B. The identity of the underwriters if the successful bidder is part of a group or syndicate.

C. Any other material information that the County determines is necessary to complete the Official Statement in final form.
After the award of the bonds, the County will prepare copies of the final Official Statement and will include therein such additional information concerning the reoffering of the bonds as the successful bidder may reasonably request. The successful bidder will be responsible to the County in all aspects for the accuracy and completeness of information provided by such successful bidder with respect to such reoffering.

SIMULTANEOUSLY WITH OR BEFORE DELIVERY OF THE BONDS, THE SUCCESSFUL BIDDER SHALL FURNISH TO THE COUNTY A CERTIFICATE ACCEPTABLE TO BOND COUNSEL (A COPY OF THE FORM OF SUCH CERTIFICATION IS AVAILABLE UPON REQUEST FROM BOND COUNSEL AT TELEPHONE NO. (973) 596-4777) TO THE EFFECT THAT (I) THE SUCCESSFUL BIDDER HAVE MADE A BONA FIDE PUBLIC OFFERING OF BONDS AT THE INITIAL REOFFERING PRICES, (II) AS OF THE DATE OF THE SALE OF THE BONDS, THE SUCCESSFUL BIDDER REASONABLY EXPECTED TO SELL A SUBSTANTIAL AMOUNT OF THE BONDS TO THE PUBLIC (EXCLUDING BOND HOUSES, BROKERS AND OTHER INTERMEDIARIES) AT THEIR RESPECTIVE INITIAL REOFFERING PRICES, AND (III) SUBSTANTIAL AMOUNTS OF THE BONDS WERE SOLD TO THE PUBLIC (EXCLUDING BOND HOUSES, BROKERS AND OTHER INTERMEDIARIES) AT THEIR RESPECTIVE INITIAL REOFFERING PRICES. Bond counsel advises that (i) such certificate must be made on the best knowledge, information and belief of the successful bidder, (ii) the sale to the public of 10% or more in par amount of the bonds of each maturity at the initial reoffering prices would be sufficient to certify as to the sale of a substantial amount of the bonds, and (iii) reliance on other facts as a basis for such certification would require evaluation by bond counsel to assure compliance with the statutory requirement to avoid the establishment of an artificial price for the Bonds.

Legal Opinions

The obligations hereunder to pay for and to accept delivery of the Bonds shall be conditioned on the availability and the delivery at the time of delivery of the Bonds of the approving opinion of the law firm of Gibbons P.C., Newark, New Jersey, bond counsel to the County, which will be furnished without cost to the Successful Bidder, substantially in the form set forth in the Official Statement distributed in preliminary form in connection with the sale of the Bonds. Such opinion shall state to the effect that the Bonds are valid and legally binding obligations of the County, and that all the taxable property therein will be subject to the levy of ad valorem taxes, without limitation as to rate or amount, to pay the principal of the Bonds and the interest thereon; and will also state that under existing law, interest on the Bonds is excluded from gross income for purposes of Federal income taxation. The obligations hereunder to pay for and to accept delivery of the Bonds shall be further conditioned on the availability and delivery to the Successful Bidder(s), at the time of delivery of the Bonds, of (i) certificates from the County Finance Director in form satisfactory to Bond Counsel evidencing the proper execution and delivery of the Bonds, the receipt of payment therefor and the fact the Bonds will not be arbitrage obligations within the meaning of the Code; (ii) a certificate from the County Attorney, in form and tenor satisfactory to Bond Counsel and dated as of the date of such
delivery, to the effect that there is no litigation pending or (to the knowledge of the signer or signers thereof) threatened affecting the validity of the Bonds; and (iii) a certificate from the County Finance Director, in form and tenor satisfactory to Bond Counsel and dated as of the date of such delivery, to the effect that to the best of his knowledge of such and belief, and after reasonable investigation: (1) neither the Official Statement relating to the Bonds nor any amendment, or supplement thereto contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in the light of the circumstances in which they were made, not misleading; (2) since the date of the Official Statement (or the date of the most recent amendment or supplement thereto) no event has occurred which would make the statements therein untrue or, in the light of the circumstances in which they were made, misleading, and (3) there has not been any material adverse change in the operation or financial affairs of the County since the date of such Official Statement.

Preliminary Official Statement

The County has issued an Official Statement with respect to the sale of the Bonds in preliminary form (the “Preliminary Official Statement”) which the County has deemed final as of its date for purposes of paragraph (b)(1) of Rule 15c2-12 under the Securities Exchange Act of 1934 (“Rule 15c2-12”), except for certain omissions permitted thereunder and except for changes permitted by other applicable law.

The Preliminary Official Statement may be accessed via the Internet at www.i-dealprospectus.com. A printed version is also available upon request made to the Director of Finance of the County at the County Administration Building, Finance Department, 401 Grand Street, Paterson, New Jersey 07505 (telephone (973) 881-4440).

Official Statement

The County agrees to provide the successful bidder with up to fifty (50) copies of the final Official Statement adopted by the County in relation to the sale by the County of the Bonds within the period of time allowed under Rule 15c2-12, at the sole cost and expense of the County, with any additional copies which the successful bidder shall reasonably request to be provided at the sole cost and expense of the successful bidder.

Continuing Disclosure

In order to assist the successful bidder in complying with Rule 15c2-12, the County agrees to deliver on the Closing Date a Continuing Disclosure Certificate to be dated as of the Closing Date pursuant to which the County shall agree to provide at the times and to the information repositories and other persons described in Rule 15c2-12 the financial or operating data required to be disclosed on a continuing basis pursuant to Rule 15c2-12.

Freeholder Director, Passaic County
County Administration Building
401 Grand Street, 2nd Floor
Paterson, New Jersey 07505

Dear Freeholder Director Lora:

I am pleased to inform you that Passaic County has been selected to receive $700,000 in Regional Transportation Alternatives Program funding for the Morris Canal Greenway Peckman River Crossing Project.

The Regional Transportation Alternatives Program will be administered by New Jersey Department of Transportation, in partnership with the North Jersey Transportation Planning Authority (NJTPA), the Delaware Valley Regional Planning Commission (DVRPC), and the South Jersey Transportation Planning Organization (SJTPO). The goal of the program is to provide funding opportunities for TAP eligible projects that will have a positive impact on the region and may have difficulty securing funding through other competitive Local Aid programs due to funding constraints.

Eleven projects totaling $12,627,000 will be receiving funding from the 2016 Regional TAP program.

Projects must be authorized for construction by December 31, 2017. In addition, the project must be authorized prior to incurring any project related costs that will be reimbursed under this program. Any costs incurred prior to authorization will be ineligible for reimbursement. As with all federally funded programs, the funds will be disbursed on reimbursement basis.

The award of Regional Transportation Alternatives grants will be contingent upon the recipient's ability to comply with all applicable federal financial management, project implementation, and oversight regulations. Grant recipient's capabilities to comply with state and federal requirement for the administration of federal-aid highway grants including 23 CFR-Highways, and OMB requirements related to 2 CFR 200 audit requirements will be assessed prior to the awarding of funding for these projects.
Additionally, all recipients of federal and state grants are required to comply with the provisions of Title II of the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973.

Recipients of the Regional Transportation Alternatives Program must provide a Resolution of Support to Local Aid within 90 days of the date of this letter. The Resolution of Support is required as it demonstrates the local public agency’s commitment to advance the project from the local public agency’s governing body.

Please sign this letter acknowledging your acceptance of the grant for the project identified herein and return to me by August 24, 2016. Both the Resolution of Support and the signed acknowledgement letter should be sent to my attention at NJDOT, Division of Local Aid & Economic Development, 1035 Parkway Avenue, Trenton, New Jersey 08625.

Should you have any questions regarding your grant, please contact the NJDOT Local Aid District Office in your area.

District 1 - Mt. Arlington - 973-601-6700  District 3 - Trenton - 609-520-5271
District 2 - Newark - 973-877-1500  District 4 - Cherry Hill - 856-486-6618

Official Resolution #: R20160884
DATE: September 29, 2015

TYPE: Policy Memorandum

SUBJECT: FINAL OBLIGATION AND ALLOCATION OF FUNDS FOR APC YEAR 2016

EFFECTIVE DATE: Immediately

APPLICABILITY: Executive Directors, Area Agencies on Aging

POLICY: Attached please find the Final Area Plan Contract (APC) 2016 county allocations and total county funding levels. Final county allocations include all transfers that were requested between Titles III B, III C-1 and III C-2 and the final allocation of FFY 16 funds. Administrative transfers and final local matching funds (as requested by the AAA) have been included in your Final 2016 APC approved area agency budgets. Additional allocations as outlined below are also included in this final amendment.

Please initiate a budget amendment request in SAGE to add the additional funds into the appropriate Integrated Program Summary. In your justification, please indicate that the amendment is to incorporate the additional Title III B, C2, D and E allocations, requested transfers and administrative allocations. Be sure to list which Area Plan programs will need revisions, i.e. Title III C2, E, etc. You don’t need to list each IPS separately, just list the programs being changed. If any other changes are being requested by the AAA, include these in your justification.

Given the tight time frames for obligation of funds and federal reporting due date, final amendments, with all of the appropriate IPS revisions, are due back to the division by October 14, 2016.

Supplemental Title III Funds

On August 18, 2016, the Administration for Community Living (ACL) released Title III supplemental funding that must be encumbered by the State no later than 9/30/16. As per PM #2003-3, III-3 – Carry-Over Procedures, all funds allocated by this policy memorandum must be obligated by the AAA no later than 11/30/16. Additional funds in Title III B, C2, D and E dollars are being allocated.
to AAAs via the current Title III funding formula. In addition to this federal funding, AAAs will also receive additional State Matching funds.

**Attachment A - 100% Allocation**

Attachment A provides each AAA’s allocation for APC 2016. These are the amounts an Area Agency on Aging has been allocated based upon the funds currently awarded. This allocation includes all transfers. All funds will be obligated by the state, no later than 9/30/16 in accordance with this Policy Memorandum.

**Adjustments Based on 2015 Close-Out Letters**

For those AAAs who have verified and signed the 2015 close out letter, any changes in carry over and/or funding levels are incorporated into this amendment.

The Division of Local Government Services is cognizant of these authorizations and will approve corresponding county budget appropriations for those counties receiving funds under the Policy Memorandum. Questions regarding this Policy Memorandum may be directed to Anthony Garofalo at (609) 588-6529.

Re: Non-Fair & Open Resolution request

At the Public Works meeting held on Monday, October 17, 2016, a Non-Fair & Open Resolution request was approved to repair a Versa Lift aerial unit. The truck was taken to Aerial-Rise LLC for what we thought was a simple repair. Aerial-Rise LLC disassembled the unit in order to determine the issues and repairs needed. The repairs turned out to be much more involved and costly than expected.

In order to reassemble the truck so we can get multiple quotes Aerial Rise gave us an estimate of $9,600.00. We therefore determined this not to be cost effective. Aerial-Rise LLC has agreed to perform the job and be the sole payee. Repairs will require shipping the upper boom to the Manufacture in Texas.

WSP/Parsons Brinkerhoff

Dear Ms. Chacon:

At the September 26th, 2016 meeting of the Passaic County Public Works Committee a request for consideration of the waiver and/or reduction of the Highway Opening and Use permit fee and application fee, was considered for WSP/Parsons Brinkerhoff the contractor for the NJDOT Transportation Monitoring Systems Project. The Committee has agreed that for one time only for this project, the normal fees shall be waived and a fee of $150.00 per location shall be accepted and a permit duration of five (5) days will apply, along with a certificate of insurance for each location, and a completed Highway Opening and Use Application. Award of Contract

Members of the Board:

The County of Passaic received and accepted unit price bids for On-call Drainage Projects for the period of October 1, 2015 thru September 30, 2017. The County Engineer would like to award a project for the following assignment to Zuccaro, Inc, 64 Commerce Street, Garfield, NJ 07026:

Passaic County On-Call Drainage Project - Oxbow Lane, West Milford

The requirements for this assignment were assessed against the accepted On-Call Drainage quotes and the best overall price was used to select three contractors to provide their approach to the project. The contractor with the best, least expensive approach was then selected.

We recommend that the Board of Chosen Freeholders award a contract to Zuccaro, Inc in the amount of $62,040.000 for the Passaic County On-Call Drainage Project - Oxbow Lane, West Milford.

This matter was discussed with the Public Works and Buildings and Grounds Committee at its meeting of October 17, 2016.

Re: Proposal for Energy Consulting Services
County of Passaic
Energy Savings Improvement Program (ESIP)

Dear Mr. Jordan:

In order to continue our services associated with the Passaic County ESIP program, we are pleased to present our proposal for Energy Consulting Services to assist the County in execution of the Energy Savings Improvement Program (ESIP) with the recently selected Energy Services Company (ESCO), Honeywell Building Solutions, which was selected through the competitive contracting process.

PROJECT BACKGROUND

In August 2016, the County completed the competitive contracting process to select an ESCO to implement a Countywide ESIP program for various energy infrastructure improvements. The County would now like to continue with the implementation of the program and they are seeking assistance from T&M to help with the process.
ESIP PROGRAM STEPS

To help define our scope of work, the following table provides the necessary steps in the ESIP process custom to the County's approach utilizing an Energy Savings Company (ESCO).

Our Scope of Services follows the Sustainable Jersey Guide (attached) for the ESIP process.

SCOPE OF SERVICES

Our Scope of Services would be performed under the Tasks as described below.

Task 1: Request for ESCO Qualifications

Task Complete.

Task 2: Bid Period Support and ESCO Selection

Task Complete.

Task 3: Energy Savings Plan Verification

The Energy Savings Plan is created by the selected ESCO once they are awarded the project through the competitive contracting process. An independent third party is recommended and required to review the Energy Savings Plan. T&M will lead the effort and help the County solicit a third party to perform a thorough review of the Energy Savings Plan for compliance with ESIP requirements and law. This verification process is critical to confirm that the improvements proposed by the ESCO will result in
projects and savings that were considered as part of Task 1. Where deviations and/or changes are proposed by the ESCO compared to the initial review, we will work with the ESCO to understand and verify same. We will schedule a meeting with the County and the ESCO to review the details of the proposed changes in the proposed project scope.

The final review of the Energy Savings Plan by the third party will be reviewed by T&M to confirm it contains the following:

1. The results of the energy audit;
2. A description of the energy conservation measures that will comprise the plan;
3. The cost of each energy conservation measure;
4. A detail of any available economic offset for each energy conservation measure;
5. An estimate of greenhouse gas reductions resulting from those energy savings;
6. Identification of design and compliance issues and identification of who will provide these services;
7. An assessment of risks involved in the successful implementation of the plan;
8. Identify the eligibility for, and costs and revenues associated with, the Pennsylvania Jersey Maryland (PJM) Independent System Operator (Regional Power Grid) for Demand Response and curtailable service activities. Demand Response can be defined as “Changes in electric usage by end-use customers from their normal consumption patterns in response to changes in the price of electricity over time, or to incentive payments designed to induce lower electricity use at times of high wholesale market prices or when system reliability is jeopardized”;
9. Maintenance requirements necessary for continued energy savings, and describe how the maintenance services will be provided; and
10. The cost for providing a guarantee of energy savings once the projects are implemented.

Our final deliverable associated with this item will be a report of our findings for the County to review and the ESCO to address. The third party performing the review shall also provide their own report summarizing their findings. Once all items are addressed and the team is comfortable with the final Energy Savings Plan and our review, deliverable reports will be submitted to the BPU for review.

**Task 4: Energy Savings Plan Adoption**

Once the verification is complete and the BPU approves the Energy Savings Plan, the County must formally adopt the Plan. At this time, the County must decide if they will require an energy savings guarantee from the ESCO. As part of this task, we will assist, as necessary, with a meeting and/or communication required to help facilitate the approval process. After approval, the final Plan must be submitted to the BPU for posting on the BPU website.

As part of this task, we anticipate up to four (4) meetings with the County.
Task 5: Completion of Financing Alternative

T&M’s role in this task is limited to project management support and/or advisory services should input be requested. Significant detail on this task can be found in the attached under the heading “Completion of Financing.”

As part of this task, we anticipate up to four (4) meetings with the County.

LIMITATIONS

1. Our services are limited to those described above and do not include scope beyond that defined unless agreed to, in writing, with the County;
2. Under the ESIP process, all design of proposed improvements is the responsibility of the selected ESCO. As such, no design services are included;
3. T&M will rely on the accuracy of any information submitted to us by the County in the performance of our services and will not be held responsible for errors or inaccuracies contained in the information provided to us;
4. The ESCO will pay all application and permit fees.

RESPONSIBILITIES OF CLIENT

1. The County shall provide copies of all relevant information for T&M to perform our services. This would include completed LGEA Reports, drawings, records or information on maintenance, etc.;
2. Access to the site and equipment as and when required, with knowledgeable escorts able to answer operational questions.

SCHEDULE

Upon authorization to proceed, T&M Associates will immediately initiate our services and work with you to refine a delivery schedule.

COMPENSATION

Our fee table below contains estimated fees for certain items where a level of effort can be determined and percentage fees for other items that will be contingent on the size of the project. Since the ESIP allows certain costs to be included in the financing of the program, we indicate what fees can be included in the ESIP costs so that the County is aware of what individual funding will be required versus what simply is paid for with the savings generated. We have also indicated what the ESCO has included in their bid documents.

The table presented below follows the scope of work presented herein.

1: A fee of $30,000 for the Third Party Energy Savings Plan Verification is budgeted. Under this budgeted fee, $5,000 is allocated for T&M while the remaining $25,000 is allocated for a separate third party to perform this verification step.

Our fees will be billed monthly based on time expended in accordance with existing agreement with the County. T&M is ready to begin the above mentioned work immediately upon receipt of an award from the County.

We thank you for the opportunity to submit this proposal, and we look forward to working with you on this project. Should you have any questions or require additional information, please do not hesitate to contact me.

Very truly yours,

RE: Request for Emergency CDBG funding
    Replacement of Elevator – Wanaque Public Library

Dear Ms. Hoffman,

On behalf of the Wanaque Public Library, the Borough of Wanaque is requesting funding under the Community Development Block Grant program for the replacement of the elevator at the Wanaque Public Library in the amount of $60,000. The fifteen-year-old elevator is at the end of its useful life, and can no longer be certified for use. This elevator is crucial to our elderly and disabled residents to access the building.

If there are any excess funds available under the Community Development Block Grant program for this project, it will be greatly appreciated. The Library has a limited budget, and this cost will take money away from other needed programs. Should this project be approved, we will be out to bid within 60 days.

Thank you for your consideration.

Official Resolution #: R20160884
Part 1: Spruce Street Urban Boulevard

The first step re-envisions the Spruce Street Corridor as an urban boulevard with a reduced cross section and enhanced pedestrian improvements more consistent with its role as a gateway to the Great Falls NHP and downtown historic district. Passaic County is currently advancing the design phase of the Spruce Street Bridge deck replacement, presenting the opportunity to incorporate a Complete Streets framework into the design project. Traffic microsimulation and capacity analysis indicate no significant detriment to traffic flow and intersection performance under the proposed concept.

Proposed improvements include:

Spruce Street Bridge Recommendations
- Front Street to McBride Avenue Extension
  - Reconfigure Spruce Street Bridge as a three-lane, traffic calmed Street
  - Remove left turn between Wayne Avenue and Front Street to maintain three-lane cross section
  - Reinforce bridge crossing as a Safe Route to School
  - Widen sidewalks to 8 ft. for pedestrians and scenic overlook
  - Implement innovative Green Street stormwater management elements
  - Use curb extensions to shorten pedestrian crossings and manage traffic speeds
- Install high visibility crosswalk striping, ADA-compliant curbs at all intersections

**Spruce Street at Market Street**
- Widen sidewalk adjacent to Dawn Treader School to provide adequate pedestrian way
- Install high visibility crosswalk striping, ADA-compliant curb ramps
- Install diverter and pedestrian refuge at northbound intersection approach
- Narrow existing business driveway and add traffic signal head
- Relocate utilities, signal control box, and sidewalk obstructions adjacent to intersection

**Spruce Street at Oliver Street**
- Install new traffic signal with exclusive left turn lane and phasing along southbound approach
- Provide separate left- and right-turn lanes at Oliver Street approach to new traffic signal
- Install high visibility crosswalk striping, ADA-compliant curb ramps
- Install diverter and pedestrian refuge at northbound intersection approach to narrow roadway

**Spruce Street “Boulevard”**
- Narrow through-traffic to 1 lane in each direction to calm traffic consistent with context
- Install high visibility crosswalk striping, ADA-compliant curbs at all intersections
- Provide 5 new parking spaces along southbound approach to Oliver Street
- Provide 6 new flexible parking spaces reserved for peak period school bus access along northbound approach to Oliver Street at Community Charter School
- Use curb extension bulb outs to better define parking areas and narrow street cross sections
- Install high visibility crosswalk striping, ADA-compliant curb ramps at intersections
- Install mid-block crossing between Oliver and Grand Streets to enhance Charter School access
- Upgrade traffic signal at Grand Street with exclusive left turn lane and phasing along southbound approach

DATE: October 14, 2016
RE: City of Passaic Main Avenue Complete Streets Project

The proposed application to the NJTPA Concept Development Program is located within the heart of the City of Passaic Urban Enterprise Zone. The Main Avenue Complete Streets Implementation Project ("the Project") is a multi-modal concept that will reconstruct the existing transportation infrastructure in the Project Area. The purpose of the Project is to leverage existing transportation infrastructure in such a way that motorist and pedestrian safety improvements will result, as well as an increased efficient flow of traffic, and an overall ease of access to the area. To that end, this project has been conceptualized with the fundamental goals of the County’s award winning and nationally recognized Complete Streets program. The extensive redevelopment of the existing transportation infrastructure within the Project Area will include several components such as new bicycle and pedestrian facilities, relocating utilities underground, green infrastructure, back-in angled parking, shorter crossings for pedestrians, new areas for businesses to provide outdoor seating, pocket parks and other events. The Concept Development Program would offer the resources to conduct preliminary engineering for several scenarios along the Main Avenue Corridor in Passaic from Gregory Avenue to Monroe Street. These plans would be used to test concepts with the local government and the public to arrive at a locally preferred alternative. Once adopted the scenarios would be advanced to final engineering with NJDOT programming funding for construction. The attached concept plan and fact sheets highlight the main benefits and issues along the corridor.
