Dated:  September 15, 2016
BOND ORDINANCE PROVIDING AN APPROPRIATION OF $30,000,000 FOR THE CONSTRUCTION OF A NEW ACADEMY SCHOOL TO HOUSE A STEM ACADEMY AND AN ACADEMY OF MEDICAL ARTS FOR AND BY THE COUNTY OF PASSAIC, NEW JERSEY, AND AUTHORIZING THE ISSUANCE OF $30,000,000 BONDS OR NOTES OF THE COUNTY FOR FINANCING PART OF THE COST THEREOF

WHEREAS, The Board of Education of the Passaic County Technical Institute (the "Board of Education") has determined by a resolution duly adopted on April 23, 2016 that $30,000,000 is necessary for capital improvements to certain of the facilities of the County Technical Institutes and has delivered a statement to that effect to each member of the Board of School Estimate;

WHEREAS, The Board of School Estimate has determined by a resolution adopted August 16, 2016 that $30,000,000 is necessary for the improvement specified in the statement of the Board of Education and a certificate to that effect has been delivered to the Board of Education and the Board of Chosen Freeholders of the County of Essex;

BE IT ORDAINED, BY THE BOARD OF CHOSEN FREEHOLDERS OF THE COUNTY OF PASSAIC, NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring) AS FOLLOWS:

SECTION 1:

The improvements described in Section 3 of this bond ordinance (the “Improvements”) are hereby authorized to be undertaken by the County of Passaic, New Jersey (the “County”) as general improvements. For the said Improvements there is hereby appropriated the amount of $30,000,000. No down-payment is required pursuant to N.J.S.A. 18A-54-31.

SECTION 2:

In order to finance the cost of the Improvements not covered by the application of the Down payment, negotiable bonds of the County are hereby authorized to be issued in the principal amount of $30,000,000 pursuant to the provisions of the Local Bond Law (the “Bonds”). In anticipation of the issuance of the Bonds and to temporarily finance said improvements or purposes, negotiable bond anticipation notes of the County are hereby authorized to be issued in the principal amount not exceeding $30,000,000 pursuant to the provisions of the Local Bond Law (the “Bond Anticipation Notes” or “Notes”).

SECTION 3:

(a) The Improvements authorized and the purposes for which obligations are to be issued hereunder are for the construction of a New Academy School to house a STEM
Academy (Science, Technology, Engineering, Math) and an Academy of Medical Arts, including all work and materials necessary or incidental thereto and in accordance with the improvements described in the resolutions of the Board of Education and the Board of School Estimate described above.

(b) The estimated maximum amount of Bonds or Notes to be issued for the purpose of financing a portion of the cost of the Improvements is $30,000,000.

(c) The estimated cost of the improvements is $30,000,000, which amount represents the initial appropriation made by the County.

SECTION 4:

All Bond Anticipation Notes issued hereunder shall mature at such times as may be determined by the Chief Financial Officer of the County (the “Chief Financial Officer”); provided that no Note shall mature later than one year from its date. The Notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer shall determine all matters in connection with Notes issued pursuant to this ordinance, and the signature of the Chief Financial Officer upon the Notes shall be conclusive evidence as to all such determinations. All Notes issued hereunder may be renewed from time to time subject to the provisions of Section 8(a) of the Local Bond Law. The Chief Financial Officer is hereby authorized to sell part or all of the Notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the Board of Chosen Freeholders of the County at the meeting next succeeding the date when any sale or delivery of the Notes pursuant to this ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the Notes sold, the price obtained and the name of the purchaser.

SECTION 5:

The capital budget of the County is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director, Division of Local Government Services, Department of Community Affairs, State of New Jersey is on file with the Clerk of the Board of Chosen Freeholders and is available for public inspection.

SECTION 6:

The following additional matters are hereby determined, declared, recited and stated:

(a) The Improvements described in Section 3 of this bond ordinance are not current expenses, and are capital improvements or properties that the County may lawfully make or acquire as general improvements, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.
(b) The average period of usefulness of the Improvements, within the limitations of the Local Bond Law, taking into consideration the respective amounts of all obligations authorized for the several purposes, according to the reasonable life thereof computed from the date of the Bonds authorized by this bond ordinance, is 30 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the Office of the Clerk of the Board of Chosen Freeholders and a complete executed duplicate thereof has been filed in the office of the Director, Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such statement shows that the gross debt of the County, as defined in the Local Bond Law, is increased by the authorization of Bonds and Notes provided in this bond ordinance by $30,000,000 and the obligations authorized herein will be within all debt limitations prescribed by the Local Bond Law.

(d) An aggregate amount not exceeding $6,000,000 for items of expense listed in and permitted under Section 20 of the Local Bond Law is included in the estimated cost of the Improvements, as indicated herein.

SECTION 7:

Any funds received from time to time by the County as contributions in aid of financing the purposes described in Section 3 of this Ordinance shall be used for financing said Improvements by application thereof either to direct payment of the cost of said Improvements or to the payment or reduction of the authorization of the obligations of the County authorized therefor by this Bond Ordinance. Any such funds received may, and all such funds so received which are not required for direct payment of the cost of said Improvements shall, be held and applied by the County as funds applicable only to the payment of obligations of the County authorized by this Bond Ordinance.

SECTION 8:

In accordance with N.J.S.A. 18A:54-31, the Board of Education has duly prepared and delivered to the Board of School Estimate a statement of the money necessary for the improvements described in Section 3(a) hereof. The Board of School Estimate has duly prepared a certificate of such amount and the certificate has been duly filed with the Board of Education and the Board of Chosen Freeholders of the County of Passaic.

SECTION 9:

The full faith and credit of the County are hereby pledged to the punctual payment of the principal of and interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the County, and the County shall be obligated to levy ad valorem taxes upon all the taxable property within the County for the payment of the obligations and the interest thereon without limitation of rate or amount.

Dated: September 15, 2016
COUNTY OF PASSAIC

STATE OF NEW JERSEY

Re: Requesting Approval for the Insertion of a Special Item of Revenue in the 2016 Budget
Pursuant to N.J.S. 40A:4-87(Chapter 159 P.L. 148) Passaic County Green Infrastructure Plan
[2017-NJIT-UPWP-SSP]

WHEREAS, N.J.S. 40A:4-87 provides that the Director of the Division of Local Government Services may approve the insertion of any special item of revenue in the Budget of any County or Municipality when such item shall have been made available by law and the amount thereof was not determined at the time of the adoption of the Budget, and

WHEREAS, the County is desirous at this time to anticipate and appropriate a sum of S240,000.00 for the aforementioned program, and

NOW, THEREFORE, BE IT FURTHER RESOLVED, that the County of Passaic hereby requests the Director of the Division of Local Government Services to approve the insertion of an additional item of revenue in the budget for the year 2016

In the sum of S240,000.00

Which item is now available as revenue from a grant award from the North Jersey Transportation Planning Authority and New Jersey Institute of Technology, Passaic County Green Infrastructure Plan [2017-NJIT-UPWP-SSP]

SECTION II.

BE IT FURTHER RESOLVED that a like sum of $240,000.00 be and the same is hereby appropriated under the North Jersey Transportation Planning Authority and New Jersey Institute of Technology, Passaic County Green Infrastructure Plan [2017-NJIT-UPWP-SSP]

BE IT FURTHER RESOLVED that a like sum of $60,000.00 representing the amount required for the county’s share of the aforementioned undertaking appears in the budget of the year 2016 under the caption of “County Matching Funds” and is hereby appropriated under the caption of:

Passaic County Green Infrastructure Plan “County Matching Funds [6-01-30-203-001-M03]”

BE IT FURTHER RESOLVED that an electronic copy of this resolution be forwarded to the Division of Local Government Services.

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE COUNTY OF PASSAIC TO ENTER INTO A FORMAL CONTRACT OF SALE FOR THE PURCHASE OF 930 N. RIVERVIEW DRIVE, TOTOWA, NJ

WHEREAS pursuant to Resolution 2016 0585 dated July 19, 2016, the Board of Chosen Freeholders of the County of Passaic authorized the purchase of 27,847 square feet of space that it currently leases at 930 N. Riverview Drive, Totowa NJ for the sum of Three Million Six Hundred Thousand Dollars ($3,600,000.00), and further authorized the Office of the Passaic County Counsel and the Office of the County Administrator to negotiate a Purchase and Sale Agreement for these premises; and

WHEREAS the Office of the Passaic County Counsel and the Office of the Passaic County Administrator have been negotiating terms with the Seller for the purchase at issue; and

WHEREAS the Board of Chosen Freeholders of the County of Passaic is desirous of entering into a binding contract with the Seller for the within referenced purchase; and

WHEREAS the terms and conditions in the aforesaid Contract are being finalized by the Office of the Passaic County Counsel; and

WHEREAS this matter was reviewed and approved by the Freeholder Finance and Administration Committee on Sept 1, 2016;

NOW THEREFORE BE IT RESOLVED that the Board of Chosen Freeholders of the County of Passaic authorizes the County to enter into a formal contract with the Seller in regard to the purchase of 930 N. Riverview Drive, Totowa, NJ for the sum of Three Million Six Hundred Thousand Dollars ($3,600,000.00), subject to due diligent structural and environmental testing to be arranged by the appropriate County Officials; and
BE IT FURTHER RESOLVED that the appropriate County officials are hereby authorized to execute the Purchase and Sale Agreement and any and all relevant Closing documentation as required under law.

PRES = present  ABS = absent  MOVE = moved  SEC = seconded  AYE = yes  NAY = no  ABST = abstain

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE COUNTY ADMINISTRATOR TO ENTER INTO A CONTRACT AT THE CONCLUSION OF THE ONLINE REVERSE AUCTION FOR THE PURCHASE OF NATURAL GAS AS A COMMODITY

WHEREAS, the County of Passaic (County) previously passed Resolution R2014-0465 on June 24, 2014 and entered into an agreement with Concord Engineering Group, Inc., (Concord), for energy procurement services through the means of an approved on-line bid pursuant to the Local Unit Electronic Technology Pilot Program and Study Act, (P.L. 2001, c.30) in order to purchase energy supply; and

WHEREAS, Concord is an approved on-line purchasing agent with the Department of Community Affairs E-Procurement Pilot Program (authorized under P.L. 2001, c.30) for both Online Receipt of Bids and Reverse Auctions; and

WHEREAS, as a result of the volatile nature of the energy procurement process, upon the conclusion of the reverse auction, the County will need to expeditiously approve and enter into a contract with the lowest responsible bidder or bidders to supply the County with its natural gas supply needs in response to the Request for Bids solicited by the County; and

WHEREAS, the County reserves the right to award a contract to a single bidder or contracts to multiple bidders, if it is deemed to be in the County's best interest to do so, price and other factors considered; and

WHEREAS, given the need to promptly enter into such contract upon the conclusion of the auction, the County desires to have the County Administrator, upon consultation and recommendation from Concord, approve and enter into a contract with the selected vendor(s); and

WHEREAS, participation in the program is facilitated by submission of contract documentation to determine responsibility and eligibility to participate in the process prior to the date of auction; and

WHEREAS, the Freeholder Finance Committee has reviewed this matter at its meeting of September 1, 2016 and recommends this resolution for the full board for adoption; and

NOW THEREFORE, BE IT RESOLVED, that the County hereby authorizes its County Administrator, upon consultation with Concord, to determine the responsible bidders(s) eligible to participate in the process and, upon completion of the auction to select and enter into the contract with the responsible bidder(s) submitting the most advantageous bids to the County, price and other factors considered; and
BE IT FURTHER RESOLVED, the determination will be subject to the condition that the County will not proceed with any bidder or bidders if the bid pricing received does not result in a savings utilizing the respective utility benchmark; and

1- The County Administrator is hereby authorized and directed to execute any documents necessary to carry out the purpose of the Resolution.

2- All Resolutions and parts of Resolutions inconsistent herewith are hereby repealed.

3- If any portion of this Resolution shall be deemed invalid by any court of competent jurisdiction, the remainder shall survive in full force and effect.

4- This Resolution shall be effective immediately upon adoption and publication in accordance with law.

Dated: September 15, 2016
RESOLUTION AUTHORIZING A SECOND LEASE ADDENDUM 
BY AND BETWEEN THE COUNTY OF PASSAIC AND BASCOM 
CORPORATION

WHEREAS the County of Passaic has been leasing 
approximately 116,000 square feet of office and warehouse space 
at 501 River Street in the City of Paterson from the Bascom 
Corporation at the rate of $8.13 per square foot plus $1.24 per 
square foot for taxes for a total of $9.37 per square foot, which 
lease expires on March 31, 2018; and

WHEREAS the County of Passaic Administration and 
Bascom have been discussing a three (3)-year lease addendum 
and an arrangement by which the County of Passaic would 
purchase the entire premises at the end of the three-year period, 
which would be on or about April 1, 2021; and

WHEREAS this lease addendum and the proposed purchase 
arrangement is laid out in the attached Memorandum of 
Agreement which allows the County to lease an additional 34,000 
square feet for the Department of Building & Grounds at the 
Bascom Corporation (copy of Second Addendum to Real Estate 
Lease is attached hereto and made a part hereof); and

WHEREAS under the attached Memorandum, the rent for 
the premises would increase 2% a year over the additional three 
(3)-year period; and

WHEREAS the Freeholder of the Finance & Administration 
Committee reviewed this Second Addendum at its September 1, 
2016 meeting and is recommending that the Second Addendum
lease and proposed purchase arrangement be approved by the full Board; and

WHEREAS a certification is attached hereto indicating the availability of funds.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes a Second lease addendum for the period April 1, 2018 through March 31, 2021 of the premises at 501 River Street in the City of Paterson and approves the proposed procedure by which the County of Passaic would buy the entire premises on or about April 1, 2021 pursuant to the terms and conditions set forth therein.

BE IT FURTHER RESOLVED that the County Administrator as well as the County Counsel be authorized to execute the attached Memorandum of Agreement on behalf of the County of Passaic.

Dated: September 13, 2016
CERTIFICATION OF AVAILABLE FUNDS

THIS IS TO CERTIFY THAT FUNDS ARE AVAILABLE AS FOLLOWS:

AMOUNT: $4,389,000.00

APPROPRIATION: *Contingent upon availability of funds in future years budget.

PURPOSE: Resolution authorizing a 2nd lease addendum by and between the county of Passaic and Bascom corporation commencing on April 1, 2018 through March 31, 2021.

Re: Second Addendum to Real Estate Lease Between Bascom Corporation and County of Passaic 501 River Street Paterson, New Jersey 07524 Block 2903 Lot 25 (the “Property”) Our File No. 40396-03

Dear Mr. Jordan:

We represent Bascom Corporation with respect to the above referenced Property. We previously wrote to County Counsel back in April 2016 about certain issues regarding the terms of the current tenancy between the County of Passaic and Bascom and did not receive a response to same. We have subsequently been instructed to direct our correspondence to you for review and discussion. In that regard, we are in receipt of the March 22, 2016 “Resolution Authorizing a Lease Addendum by and between the County and Bascom Corporation” and the accompanying Memorandum of Agreement executed by the parties. Based upon our review of the Resolution and Memorandum of Agreement we feel that it is both prudent and necessary to have the County and Bascom enter into a formal Second Addendum to the Lease.

Enclosed herewith for your review is a proposed Second Addendum to the Lease. The basis for the Second Addendum is as follows: (1) for consistency purposes it changes the address of the Property as set forth in the Memorandum of Agreement from 495 River Street Paterson New Jersey 07542 (incorrect zip code) to 501 River Street Paterson New Jersey 07524 which is the address used and referenced in the original lease and the subsequent addendum thereto; (2) it establishes a commencement date for the County’s tenancy of the additional 34,000 square feet of space; and (3) it corrects certain typographical and other clerical errors contained in the Memorandum of Agreement such as the implication that the Lease which is already in effect does not commence until April 1, 2018. It also clarifies the appropriate rent to be applied for the remainder of the Lease and the method for determining the fair market value for purposes of the County’s purchase of the Property.

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution #: R20160716
We ask that you review the enclosed Second Addendum and if it meets with the County's approval have same executed with two originals provided to our office. In turn, we will have Bascom's President, John Fressie, execute both signed copies and return to you a fully signed copy for the County's records.

We appreciate your prompt attention to this matter and should you have any questions please contact me at your earliest convenience.

Yours very truly,

CARLIN & WARD, P.C.

SECOND ADDENDUM TO REAL ESTATE LEASE BETWEEN BASCOM CORPORATION AND PASSAIC COUNTY

THIS SECOND ADDENDUM TO LEASE ("Second Addendum") is effective as of September 1, 2016 by and between the County of Passaic ("County") and Bascom Corporation ("Bascom") (collectively the "Parties")

WHEREAS, the County is a tenant at the facility located at 501 River Street, Paterson, New Jersey 07524 (the "Property") by way of a lease executed by both Parties in April 2001, (the "Lease"); and

WHEREAS, the County and Bascom signed an addendum to the Lease dated March 14, 2008 ("First Addendum"); and

WHEREAS, on March 22, 2016 the County adopted Resolution No. R20160209 (the "Resolution") authorizing that a second addendum to the Lease (the "Second Addendum") be entered by and between the Parties, a copy of the Resolution is annexed hereto as Exhibit A; and

WHEREAS, the terms of the Second Addendum were generally set forth in a March 2016 Memorandum of Agreement (the "MOA") between the Parties, a copy of which is annexed hereto as Exhibit B; and

WHEREAS, the Parties are desirous of formally memorializing those terms and clarifying certain issues in this Second Addendum; and

NOW THEREFORE IT IS AGREED AS FOLLOWS:

1. The Lease term is hereby extended through March 31, 2021, whereupon Bascom agrees to sell the County the Property based upon the terms set forth in Paragraph 3 herein. The Rent Schedule which is annexed to the MOA shall be controlling regarding the rental payments due and owing from the County from April 1, 2016 – March 31, 2021.

2. The County is desirous of and has the right to rent an additional 34,000 square feet of space in the Property (the "Additional Space") from Bascom. The commencement of the County's tenancy of the Additional Space ("AS Commencement Date") shall be as follows: January 1, 2017; or in the event the Additional Space is not available to the County as of January 1, 2017, the AS Commencement Date shall commence fourteen (14) days from the date in which Bascom provides written notice to the County that the Additional Space has become available and is no longer encumbered by the prior tenant. Rent on the Additional Space will be calculated using the Rent Per Square Foot numbers as set forth in the Rent Schedule attached to the MOA. The AS Commencement Date is controlling for purposes of the payment of rent and taxes regardless of which part of the County actually uses or occupies the Additional Space as of the AS Commencement Date.
3. The purchase price for the Property will be determined by three appraisals, one appraisal each to be obtained by the County and Bascom, the third appraisal to be mutually agreed upon by the parties and paid for by the County. The Fair Market Value of the Property shall be based on the Property's Highest and Best Use as of January 1, 2021. The Fair Market Value of the Property shall be determined by taking the average of the aforementioned three appraisals. The County shall have the sole right to purchase the Property based upon the Fair Market Value as calculated herein. The process of appraising the Property shall begin on or about January 1, 2021 with a closing date for the purchase/sale of the Property being no later than April 1, 2021.

4. All existing open invoices owed by the County to Bascom either for rent or taxes shall be paid in full by September 1, 2016 the effective date of this Second Addendum.

5. Taxes shall be adjusted yearly and based upon Bascom submitting tax bills at the beginning of the calendar year to the County to verify amounts invoiced by same.

6. Once the County becomes the sole tenant of the Property as of the AS Commencement Date, it becomes the sole obligation of the County to pay the taxes on the Property directly to the City of Paterson on a timely basis. Bascom is required to, in writing, instruct the City of Paterson that all future tax bills must be sent to the following address: “County of Passaic, C/O Finance Department, Room 439, Paterson, New Jersey 07505.”

7. The Parties agree that except as modified by this Second Addendum, the Lease and all covenants, amendments, terms and conditions thereof shall remain in full force and effect and are hereby ratified and confirmed in all respects. The Parties further agree that the covenants, amendments, terms and conditions contained in this Second Addendum shall bind and inure to the benefit of the Parties hereto and their respective successors and assigns.
IN WITNESS WHEREOF, each party has causes his Second Addendum to be executed as of the date set forth below, and pending full ratification by the Passaic County Board of Chosen Freeholders.

COUNTY OF PASSAIC

BASCOM CORPORATION

ANTHONY J. DENOVA, III
COUNTY ADMINISTRATOR

JOHN FRESSIE
PRESIDENT

Dated:               Dated:
RESOLUTION AUTHORIZING A LEASE ADDENDUM BY AND BETWEEN THE COUNTY OF PASSAIC AND BASCOM CORPORATION

WHEREAS the County of Passaic has been leasing approximately 116,000 square feet of office and warehouse space at 501 River Street in the City of Paterson from the Bascom Corporation at the rate of $8.13 per square foot plus $1.24 per square foot for taxes for a total of $9.37 per square foot, which lease expires on March 31, 2018; and

WHEREAS the County of Passaic Administration and Bascom have been discussing a three (3)-year lease addendum and an arrangement by which the County of Passaic would purchase the entire premises at the end of the three-year period, which would be on or about April 1, 2021; and

WHEREAS this lease addendum and the proposed purchase arrangement is laid out in the attached Memorandum of Agreement which has been signed and dated by the President of the Bascom Corporation (copy of Memorandum of Agreement and Appendix A is attached hereto and made a part hereof); and

WHEREAS under the attached Memorandum, the rent for the premises would increase 2% a year over the additional three (3)-year period; and

WHEREAS the Freeholder members of the Finance & Administration Committee have reviewed this Memorandum and is recommending that the additional lease and proposed purchase arrangement be approved by the full Board; and
WHEREAS a certification is attached hereto indicating the availability of funds.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes a lease addendum for the period April 1, 2018 through March 31, 2021 of the premises at 501 River Street in the City of Paterson and approves the proposed procedure by which the County of Passaic would buy the entire premises on or about April 1, 2021 pursuant to the terms and conditions set forth therein.

BE IT FURTHER RESOLVED that the County Administrator as well as the County Counsel be authorized to execute the attached Memorandum of Agreement on behalf of the County of Passaic.

March 22, 2016
CERTIFICATION OF AVAILABLE FUNDS

THIS IS TO CERTIFY THAT FUNDS ARE AVAILABLE AS FOLLOWS:

AMOUNT: $1,222,296.00

APPROPRIATION: 916,722.00 - 6-01-20-112-001-235
305,574.00 - *Contingent upon availability of Funds in future year budgets.

PURPOSE: Resolution authorizing the lease addendum by and between the County of Passaic and Bascom Corporation.

Richard Cahn, Chief Financial Officer

DATED: March 22, 2016

RClb
MEMORANDUM OF AGREEMENT

COUNTY OF PASSAIC - MARKET CORPORATION

WHEREAS, the County of Passaic ("County") has been a tenant of the
Market Corporation ("Market") in the warehouse facility located at 495
River Street, Paterson, New Jersey 07512 ("Property") since a lease was
executed by both parties in April 2003; and

WHEREAS, the County and Market signed an extension to the lease on
March 14, 2008 ("First Amendment"); and

WHEREAS, the County and Market are desirous of updating the terms
of the lease again, to among other things, extend the length of the lease
and amend a mechanism for the County to purchase the property, as set
forth herein; and

NOW THEREFORE AGREED AS FOLLOWS:

1. The lease term shall be amended to begin April 1, 2016 and
end March 31, 2021. Wharton Markets agrees to sell the County
the Property based upon the terms of a net lease whereby the
County has the sole right to rent an additional 24,000 square
feet and when it becomes available and seeks on the
additional square feet will be leased upon the next schedule
attached hereto as Appendix A.

2. The purchase price for the subject leased property will be
determined by these appraisals, one special each to be
obtained by the County and by Market, the third appraised to
be mutually agreed upon by the parties. Based upon the
expenses of the three appraisals, the average appraised value
will be determined with the County exercising the sole right
to purchase the subject leased property. The process of
selling-purchasing the subject leased property shall begin on
or about January 1, 2020.

3. All other terms of the lease shall remain unaffected by this
Memorandum of Agreement.

4. All outstanding open invoices owed by the County to Market shall
be paid in full before the Memorandum of Agreement is fully
executed.

5. The Rent Schedule is as attached hereto as Appendix B of this
Memorandum of Agreement. Gross shall be adjusted yearly and
based upon Market submitting the bills at the beginning of
such calendar year to the County to verify amounts involved
by same.

COUNTY ADMINISTRATOR

APPROVED AS TO FORM AND LEGALITY:
William J. Pascrell, III, Esq.
COUNTY COUNSEL

Dated: September 15, 2016
RESOLUTION AWARDING CONTRACT TO LAGAN ENGINEERING AND ENVIRONMENTAL SERVICES, INC. FOR ENVIRONMENTAL ENGINEERING SERVICES AS IT PERTAINS TO PHASE I – ENVIRONMENTAL SITE ASSESSMENT AT 930 NORTH RIVerview DRIVE, TOTOWA, NEW JERSEY

WHEREAS by Resolution R-2016-585 dated July 19, 2016 the Board of Chosen Freeholders of the County of Passaic authorized the purchase of 27,847 square feet of space that the County of Passaic currently leases from Tufira Realty at 930 North Riverview Drive, Totowa, New Jersey as a condominium; and

WHEREAS in furtherance of that purchase there exists a need for the County of Passaic to have a professional environment engineer conduct a Phase I Environmental Site Assessment for the entire property at 930 North Riverview Drive; and

WHEREAS Langan Engineering and Environmental Services, Inc., River Drive Center 1, 619 River Drive, Elmwood Park, NJ 07407 submitted a proposal for the necessary consulting services to be provided for a fee of $2,100.00 in connection with the necessary Phase I Environmental Site Assessment, was is being recommended by the Passaic County Engineer, a copy of which is attached hereto and made a part hereof; and

WHEREAS the aforesaid was discussed at Freeholder Finance and Administration Committee on September 1, 2016 and recommended to the full Board for approval; and

WHEREAS the Local Public Contracts Law, N.J.S.A. 40A:11-1, et seq., requires that the resolution authorizing the award of
contract for “Professional Services” without competitive bids and the contracts itself must be available for public inspection; and

WHEREAS said Langan Engineering and Environmental Services, Inc. has been qualified as a pool professional engineer in a “Fair and Open” procedure pursuant to the resolution of the Board of Chosen Freeholders of the County of Passaic, R-16-067, dated January 26, 2016 as set forth in Pay to Play Law N.J.S.A. 19:44A-20.4 et seq.; and

WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that the Professional Consultant Design Engineering Services for the above-mentioned Phase I, Environmental Site Assessment for 930 North Riverview Drive, Totowa, NJ, be awarded to Langan Engineering and Environmental Services, Inc. in accordance with the terms and conditions set forth above; and

BE IT FURTHER RESOLVED that the Director, Clerk of the Board and County Counsel are hereby authorized to execute the necessary contract on behalf of the County of Passaic; and

BE IT FURTHER RESOLVED that this contract is awarded without competitive bidding as a “Professional Services” contract in accordance with N.J.S.A. 40A: 11-5(1)(a) of the Local Public Contracts Law because:

(1) The consulting firm is authorized and regulated by the law to provide the aforementioned services;
(2) The performance of the services are special in nature
and require knowledge of an advanced type training,
which said consulting firm possesses; and

BE IT FURTHER RESOLVED that a Notice of this action be
published in the NORTH JERSEY HERALD & NEWS.

Re: Request for Quotations to Perform Environmental Services:
Phase I Environmental Site Assessment for
930 Riverview Drive, Totowa, NJ 07512
Block 169, Lot 6

Dear Mr. Edmond:

Langan Engineering and Environmental Services, Inc. (Langan) has prepared this response to the Passaic County Department of Engineering’s 9 August 2016 Request for Quotations to Perform Environmental Services: Phase I Environmental Site Assessment for 930 Riverview Drive, Totowa, NJ 07512 (The “Site”). We understand that the 17.3 acre property is owned by 10 Clifton Associates, LLC and sub-divided into office suites with some storage capacity. Passaic County plans to purchase two condominium units: Suites 200 and 250.

Langan will perform an ASTM Phase I Environmental Site Assessment (ESA) for the Site in compliance with the scope and limitations of ASTM International Standard E1527-13. We understand that the Phase I ESA is for due diligence purposes prior to a potential property acquisition.

We have attached our statement of qualifications for due diligence services. A discussion of our methodology is provided herein, followed by our cost, estimated schedule and resumes.

METHODOLOGY

Our Phase I ESA will cover the entire Site as defined (Block 169, Lot 6). We will document the condition of each building on the Site. We fully understand that the two suites that Passaic County is interested in are Suites 200 and 250.

**Phase I ESA**

In order to determine the presence/absence of recognized environmental conditions at the property, we will perform a Phase I ESA. The Phase I ESA will adhere to the standard industry practice including the ASTM Standard (E1527-05) and the All Appropriate Inquiry (AAI) Rule (40 CFR part 312). The Phase I will include the following tasks.
• **Visual Inspection** - Visual inspection of accessible areas of the property by Langan EP. We understand that access to the properties will be arranged by the county. The inspection will serve to identify if there are visually apparent signs of environmental conditions on or adjacent to the properties. We will include a visual inspection for mold and asbestos. Our EP will record the presence of petroleum products and hazardous materials located on the Site. Color photographs will be taken during the visual inspection.

• **Interviews** – Our EP will interview knowledgeable personnel associated with the property to ascertain current and previous property usage and operations. We understand that there may be multiple knowledgeable persons because of the number of suites. We understand that arrangements for our interviews will be facilitated by the county. We will also interview applicable regulating agencies. Our interviews will be documented in our report.

• **Regulatory Review and Historic Research** – We will perform a records search and background review to ascertain usage and ownership history of the property. Current and/or historical aerial photographs, topographic maps, and Sanborn Fire Insurance Maps will be obtained and reviewed, as needed. Our review will be documented in our report.

We will contact, as needed, the respective local and/or county building, fire, and health departments, and the NJDEP, for information regarding documentation of environmental concerns on or near the property.

We will retain EDR, an environmental database search company to provide summaries of the required environmental databases in accordance with the ASTM standard.

We will provide the County with a User Questionnaire as required by ASTM to be included in the Phase I ESA report.

• **Report** – We will prepare a Phase I Environmental Site Assessment Report documenting our investigative findings. The report will provide an overall environmental assessment of the property, including a discussion of the geology and hydrogeology of the area and the results of our interviews, records search and background review. Our report will show the site location on a USGS topographic map.

A separate letter will be provided, if requested, of recommendations or subsequent measures which we may suggest to correct, alleviate, or mitigate any environmental condition that may be uncovered during our preliminary investigation.

**QUALIFICATIONS**

The Langan personnel who will perform this Phase I ESA meets the definition of Environmental Professional as defined in Subsection 312.10 of 40 Code of Federal Regulations (CFR) 312. They have the specific qualifications based on education, training, and experience to assess a
They have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the subject property. They will develop and perform the all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312. A statement of their qualifications will be included in the Phase I ESA.

The two EPs who will complete this Phase I ESA are listed in the attached Table of Staffing along with a description of their roles, responsibilities and billing rates. Professional resumes are attached.

**LUMP SUM COST**

We will invoice our services at the completion of the Phase I ESA in accordance with our Terms and Conditions. Our cost to perform the Phase I ESA is $2,100 and can be completed in two to three weeks after completion of the visual reconnaissance.

**EXCLUSIONS**

The scope of work does not include obtaining a title survey or performing a lien search. File reviews at governmental offices if needed will be performed as authorized on a time and materials basis.

Should you have any questions or require further information regarding this submission, do not hesitate to contact the undersigned by telephone at 973-560-4566.

Sincerely,

Langan Engineering & Environmental Services

Our Phase I ESA will cover the entire Site as defined (Block 169, Lot 6). We will document the condition of each building on the Site. We fully understand that the two suites that Passaic County is interested in are Suites 200 and 250.

Phase I ESA

In order to determine the presence/absence of recognized environmental conditions at the property, we will perform a Phase I ESA. The Phase I ESA will adhere to the standard industry practice including the ASTM Standard (E1527-05) and the All Appropriate Inquiry (AAI) Rule (40 CFR part 312). The Phase I will include the following tasks.
• **Visual Inspection** - Visual inspection of accessible areas of the property by Langan EP. We understand that access to the properties will be arranged by the county. The inspection will serve to identify if there are visually apparent signs of environmental conditions on or adjacent to the properties. We will include a visual inspection for mold and asbestos. Our EP will record the presence of petroleum products and hazardous materials located on the Site. Color photographs will be taken during the visual inspection.

• **Interviews** – Our EP will interview knowledgeable personnel associated with the property to ascertain current and previous property usage and operations. We understand that there may be multiple knowledgeable persons because of the number of suites. We understand that arrangements for our interviews will be facilitated by the county. We will also interview applicable regulating agencies. Our interviews will be documented in our report.

• **Regulatory Review and Historic Research** – We will perform a records search and background review to ascertain usage and ownership history of the property. Current and/or historical aerial photographs, topographic maps, and Sanborn Fire Insurance Maps will be obtained and reviewed, as needed. Our review will be documented in our report.

We will contact, as needed, the respective local and/or county building, fire, and health departments, and the NJDEP, for information regarding documentation of environmental concerns on or near the property.

We will retain EDR, an environmental database search company to provide summaries of the required environmental databases in accordance with the ASTM standard.

We will provide the County with a User Questionnaire as required by ASTM to be included in the Phase I ESA report.

• **Report** – We will prepare a Phase I Environmental Site Assessment Report documenting our investigative findings. The report will provide an overall environmental assessment of the property, including a discussion of the geology and hydrogeology of the area and the results of our interviews, records search and background review. Our report will show the site location on a USGS topographic map.

A separate letter will be provided, if requested, of recommendations or subsequent measures which we may suggest to correct, alleviate, or mitigate any environmental condition that may be uncovered during our preliminary investigation.

**QUALIFICATIONS**

The Langan personnel who will perform this Phase I ESA meets the definition of *Environmental Professional* as defined in Subsection 312.10 of 40 Code of Federal Regulations (CFR) 312. They have the specific qualifications based on education, training, and experience to assess a

Re: Request for Quotations to Perform Environmental Services:
Phase I Environmental Site Assessment for
930 Riverview Drive, Totowa, NJ 07512
Block 169, Lot 6

Dear Mr. Edmond:

Langan Engineering and Environmental Services, Inc. (Langan) has prepared this response to the Passaic County Department of Engineering’s 9 August 2016 Request for Quotations to Perform Environmental Services: Phase I Environmental Site Assessment for 930 Riverview Drive, Totowa, NJ 07512 (the “Site”). We understand that the 1.3 acre property is owned by 10 Clifton Associates, LLC and sub-divided into office suites with some storage capacity. Passaic County plans to purchase two condominium units: Suites 200 and 250.

Langan will perform an ASTM Phase I Environmental Site Assessment (ESA) for the Site in compliance with the scope and limitations of ASTM International Standard E1527-13. We understand that the Phase I ESA is for due diligence purposes prior to a potential property acquisition.

We have attached our statement of qualifications for due diligence services. A discussion of our methodology is provided herein, followed by our cost, estimated schedule and resumes.

METHODOLOGY

Our Phase I ESA will cover the entire Site as defined (Block 169, Lot 6). We will document the condition of each building on the Site. We fully understand that the two suites that Passaic County is interested in are Suites 200 and 250.

Phase I ESA

In order to determine the presence/absence of recognized environmental conditions at the property, we will perform a Phase I ESA. The Phase I ESA will adhere to the standard industry practice including the ASTM Standard (E1527-05) and the All Appropriate Inquiry (AAI) Rule (40 CFR part 312). The Phase I will include the following tasks.

Dated: September 15, 2016
RESOLUTION AUTHORIZING AWARD OF CONTRACT TO HONEYWELL BUILDING SOLUTIONS OF MORRIS PLAINS, NJ FOR RFP DEVELOP AND IMPLEMENT AN ENERGY SAVINGS PLAN THROUGH AN ENERGY SAVINGS IMPROVEMENT PROGRAM AS PER COMPETITIVE CONTRACT

WHEREAS, on July 21, 2016 proposals were received and opened for RFP-16-010 Develop and Implement an Energy Savings Plan through an Energy Savings Improvement Program as a competitive contract pursuant to the Local Public contract Law, specifically N.J.S.A. 40A: 11-4.1 et seq.; and

WHEREAS, at the Board of Chosen Freeholders meeting of May 24, 2016 Resolution R20160419 was passed Authorizing the use of competitive contracting pursuant to NJSA 40A; 11-4.3; and

WHEREAS, the County issued a public solicitation to qualified vendors to perform these services, in accordance with “Fair and Open” procedures as established in the “Pay-to-Play” Law, N.J.S.A. 19:44A-20.4, et seq.; and

WHEREAS, the evaluation committee established to review the proposals has had an opportunity to review and discuss the proposals received; and

WHEREAS, the Review and Evaluation Committee recommends that the Board of Chosen Freeholders of the County of Passaic award a contract to Honeywell Building Solutions of Morris Plains, NJ for their proposal Develop and Implement an Energy Savings Plan through an Energy Savings Improvement Plan; and

WHEREAS, the Finance, Administration and Personnel Committee has reviewed this matter at its September 1, 2016 meeting and recommended this resolution to the full Board of adoption; and
WHEREAS, the duration of the ESIP Agreement will be for a term not to exceed fifteen (15) years for energy conservation equipment or twenty (20) years for a combined heat and power or cogeneration project. The fifteen (15) or twenty (20) year terms, as appropriate, shall commence upon the completion of project construction unless otherwise provided in the bid specifications; and

WHEREAS, Honeywell Building Solutions has indicated in their bid response that they are not willing to provide these goods and services to the registered members of Passaic County Cooperative Pricing System #38-PCCP; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby accepts the committee’s recommendation of award of contract under Local Public Contract Law, specifically N.J.S.A. 40A: 11-4.1 et seq. to Honeywell Building Solutions of Morris Plains, NJ; and

BE IT FURTHER RESOLVED that the Clerk of the Board, the Purchasing Agent, and the Director of the Board are hereby authorized to execute all necessary agreements on behalf of the County of Passaic as prepared by the Office of County Counsel for said purpose; and

BE IT FURTHER RESOLVED that the Clerk to the Board shall advertise in a paper of local circulation, the award of RFP Develop and Implement an Energy Savings Plan through an Energy Savings Improvement Program as a competitive contract.

September 13, 2016
MEMORANDUM

TO: Michael Marinello, QPA
Purchasing Agent

FROM: Matthew P. Jordan, Esq.
Deputy County Administrator

RE: Energy Savings Improvement Plan RFP

DATE: September 6, 2016

As you are aware, a Technical Review Committee (“Committee”) was appointed by you comprised of myself, County Engineer Steve Edmond, County Architect Andrew Thompson, Superintendent of Buildings and Grounds Jack Migro, and Division Manager of Buildings and Grounds Steve Crispin. In addition, T&M Associates, acting as the County of Passaic (“County”) ESIP consultant, took part in the interview process and served as experts in the review of the received proposals.

Pursuant to the Local Public Contracts Law, the RFP was scored under the following criteria:

I. Company Overview and Qualifications — 20%
II. Approach to Energy Savings Plan Development and Implementation — 25%
III. Ability to Implement Project — 15%
IV. Project Comprehensibility and Energy-Savings Projections — 25%
V. ESCO Fees Proposal — 15%

The County received four (4) responses to the RFP. The Committee conducted interviews on August 23, 2016 and scored the proposals immediately thereafter. Attached to this memorandum is a summation of the rationale used by the Committee in scoring the proposals and the process by which the RFP was signed from T&M Associates. Based upon the scoring criteria as set forth in the RFP, the Committee recommends awarding the RFP to Honeywell Building Solutions.

Proposals

I. Honeywell Building Solutions,

a. Company Overview and Qualifications. The respondent represented a strong body of work in successfully completing ESIP projects in New Jersey and the most experience to successfully complete the project. (18/20)

b. Approach to Energy Savings Plan Development and Implementation. The respondent offered a comprehensive array of energy conservation measures using conservation estimates to best protect the County’s interests and maximize savings as a result of the ESIP. (21/25)

c. Ability to Implement Project. The respondent represented the most successfully completed ESIP projects in the State of New Jersey and demonstrated an unquestioned ability to execute the goals of the RFP. (15/15)
d. Project Comprehensibility and Energy Savings Projections. The respondent offered a
concise and conservative approach to its energy savings projections, preparing for worst case
scenarios, to best protect the County’s investment and ensure success of the ESIP. (23/25)
e. ESCO Fees Proposal. The respondent’s fees were on the higher end of those received, but the
Committee concluded this was due to the fact that the respondent has the biggest market share
of ESIP projects in New Jersey. (11/15)

TOTAL = 86/100

II. Johnson Controls.

a. Company Overview and Qualifications. The respondent presented a body of work and
management team with the capability of executing the goals of the RFP. (16/20)
b. Approach to Energy Savings Plan Development and Implementation. The respondent
presented a strong plan in its interview and demonstrated an ability to execute the goals of the
RFP. However, the engineering costs seemed low, leaving the Committee to believe that cost
projections were overly optimistic. (16/25)
c. Ability to Implement Project. The respondent demonstrated an ability to execute the RFP
based upon other successful ESIP’s in the State of New Jersey and presented a strong case to
the Committee during its interview. (13/15)
d. Project Comprehensibility and Energy Savings Projections. The respondent’s energy
savings projections were reasonable, and the interview was strong, leaving the Committee with
a belief that if chosen, the respondent could execute the RFP. (20/25)
e. ESCO Fees Proposal. The respondent’s fees were very competitive based upon the other
proposals received to the RFP. (15/15)

TOTAL = 80/100

III. DCO Energy, LLC

a. Company Overview and Qualifications. The respondent demonstrated an ability and the
qualifications to execute the goals of the RFP. (16/20)
b. Approach to Energy Savings Plan Development and Implementation. The approach
presented by the respondent left the Committee with questions regarding the energy savings
plan and its ability to implement the goals of the RFP. (14/15)
c. Ability to Implement Project. The respondent presented the qualifications and experience to
implement the project, but did not concisely demonstrate its process of implementation during the
interview process. (12/15)
d. Project Comprehensibility and Energy Savings Projections. The respondent’s proposal and
interview demonstrated a strong capacity for construction management, an important
component of the RFP, but left the Committee underwhelmed with its experience in managing
energy conservation measures. (18/25)
e. ESCO Fees Proposal. The respondent’s fees were competitive based upon the other proposals
received to the RFP. (14/15)

TOTAL = 74/100
IV. Energy Services Group

a. Company Overview and Qualifications. With no ESIF experience in New Jersey, the Committee did not feel comfortable that the respondent had the experience and expertise to manage the scope of services required in the RFP. (5/20)
b. Approach to Energy Savings Plan Development and Implementation. The respondent's lack of experience in New Jersey left the Committee wary of its ability to develop an ESIF that would protect the County's investment and properly manage a project of this magnitude. (10/25)
c. Ability to Implement Project. The respondent's lack of experience in New Jersey left the Committee uneasy about their ability to execute the goals of the RFP. (10/15)
d. Project Comprehensibility and Energy Savings Projections. With no other ESIF in New Jersey by which to compare the respondent's work, the Committee was not confident that the respondent could deliver on its energy savings projections. (15/25)
e. ESCO Fees Proposal. The respondent's fees were competitive based upon the other proposals received to the RFP. (12/15)

TOTAL = 52/100

Recommendation

Based upon the above cited scoring criteria as defined within the RFP, the Committee recommends awarding the RFP to Honeywell Building Solutions.

RESOLUTION AUTHORIZING THE SOLICITATION OF CONTRACTORS FOR UPGRADES AND REPAIRS OF RESIDENTIAL HEATING SYSTEMS FOR THE PASSAIC COUNTY WEATHERIZATION DEPARTMENT AS A COMPETITIVE CONTRACT

WHEREAS the Board of Chosen Freeholders of Passaic County (the "Board") is committed to maintaining the efficiency of County government by all means practicable; and

WHEREAS the Passaic County Weatherization Department is in need of contractor(s) to upgrade and repair residential heating systems & other safety energy measures in eligible dwelling units on an as-needed basis; and

WHEREAS pursuant to N.J.S.A. 40A:11-4.1(j) these services may be procured via competitive contracting if authorized by resolution of the governing body as provided in N.J.S.A. 40a:11-4.3; and

WHEREAS the Board is desirous of soliciting proposals for this service under competitive contracting, pursuant to N.J.S.A. 40A:11-4.1 - 4.5 to acquire the necessary services; and

WHEREAS the Freeholder Finance Committee has reviewed this matter and recommends that request for proposals (RFP) be prepared under this competitive contracting mechanism; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes, pursuant to N.J.S.A. 40A:11-4.1-4.5 that the County utilize competitive contracting for the services of upgrading and repairing residential heating systems for the Passaic County Planning Department; and

BE IT FURTHER RESOLVED that the appropriate County officials shall prepare a Request for Proposal for said services in accordance with N.J.S.A. 40A:11-4.4.

Dated: September 15, 2016
RESOLUTION AUTHORIZING AN AWARD OF CONTRACT TO
FOUND DESIGN, LLC TO ASSIST THE COUNTY OF PASSAIC IN
THE DEVELOPMENT OF A WAYFINDING PLAN

WHEREAS the County of Passaic is in the process of
implementing a portion of the Heritage Tourism Program, which is a
part of the Passaic County Master Plan adopted by the Board of
Chosen Freeholders of the County of Passaic; and

WHEREAS the Heritage Tourism Program will highlight the
scenic and historic by-ways that provide connections and contribute
to historic sites, open space, recreational facilities and other
important visitor destinations throughout Passaic County; and

WHEREAS in order to accomplish this, an important element is
the design and installation of a wayfinding system and, as such, the
County seeks to retain a professional consultant to render services
recommending design standards of a wayfinding signage system that
will be integrated into a new tourism County website; and

WHEREAS to that end, the County of Passaic recently received
proposals through a competitive contract in order to ascertain the
best possible consultant to assist the County in the development of
the Wayfinding Plan; and

WHEREAS seven (7) proposals from various different
consultants were received and the duly appointed review committee,
after meeting and reviewing same, based upon the criteria
established prior to the receipt of the proposals is, by memo dated
September 1, 2016, recommending the firm of Found Design, LLC
(d.b.a. MERJE) of West Chester, Pennsylvania for the price of
$93,000.00 (recommendation memo dated September 1, 2016
attached hereto and made a part hereof); and
WHEREAS this matter was presented to the Freeholder Finance & Administration meeting on September 1, 2016 and recommended to the full Board for approval; and

WHEREAS a certification is attached hereto indicating that funds are available for the within contemplated expenditure.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes an award of contract to Found Design, LLC (d.b.a. MERJE) to assist the County of Passaic in the development and implementation of a Wayfinding Plan in conformity with the attached recommendation of the Wayfinding Plan RFP Review Committee and their proposal.

BE IT FURTHER RESOLVED that the Director and Clerk to the Board as well as the Passaic County Counsel be authorized to execute an agreement on behalf of the County of Passaic.

September 13, 2016
CERTIFICATION OF AVAILABLE FUNDS

THIS IS TO CERTIFY THAT FUNDS ARE AVAILABLE AS FOLLOWS:

AMOUNT: $93,000.00

APPROPRIATION: O-16-56-715-000-603

PURPOSE: Resolution authorizing an award of contract to Found Design, LLC to Assist the County of Passaic in the Development of a Wayfinding Plan.

Richard Cahill, Chief Financial Officer

RC:fr
MEMORANDUM

TO: Michael Marinello, QPA
    Purchasing Agent

FROM: Matthew P. Jordan, Esq.
      Deputy County Administrator

RE: Wayfinding Plan for Passaic County
    RFP-16-013

DATE: September 1, 2016

As you are aware, a Technical Review Committee ("Committee") was appointed by you comprised of myself, Traffic Engineer Chuck Silverstein, Roads Division Supervisor Kenneth Simpson, and Planning and Economic Development Director Michael La Place to review and score RFP-16-013 (Wayfinding Plan for Passaic County). The Scope of Services is enclosed herein as Exhibit A.

Pursuant to the Local Public Contracts Law, the RFP was scored under the following criteria:

I. Technical — 70%
II. Management — 25%
III. Cost — 5%

The County of Passaic ("County") received seven (7) responses to the RFP. The Committee convened on August 25, 2016 and September 1, 2016 to score the proposals. Based upon the scoring criteria as set forth in the RFP, the Committee recommends awarding the contract to Found Design, LLC (d.b.a. MERJE).

Proposals

I. Found Design, LLC (d.b.a. MERJE).

a. Technical. The respondent represented the strongest proposal reviewed by the Committee, setting forth a number of comparable projects similar in size and scope to what the County was looking to accomplish in the specifications of the RFP. The respondent set forth a number of different creative examples of wayfinding options and a flexible proposal best positioning the County to accomplish the goals of the RFP in a timely and efficient manner. (69/70)

b. Management. The management team set forth have executed a number of similar projects in New Jersey, with similar themes, and offers an array of skills and experience to accomplish the goals of the RFP. (23/25)

c. Cost. The respondent’s final cost was ninety three thousand dollars ($93,000.00), the lowest presented by any respondents, with the County’s option to include additional services as outlined in the RFP to enhance the project. (4/5)

Total = 92/100
II. Cloud Geshan Associates.

a. **Technical.** The respondent represented an ability to accomplish the scope of services as outlined in the RFP, including representative projects in New Jersey. Representative projects demonstrated creative ability and experience to implement a project of this scale. Although some representative projects, the Committee felt as if the design work appeared formulaic at times. (63/70)

b. **Management.** The management team presented by the respondent had experience managing a project of this scale and scope. However, the Committee was dismayed by a misrepresentation in the biographies of one of the principals, whereby the respondent stated they had published a reference manual on the topic at hand, when further researched turned up contrary information. (20/25)

c. **Cost.** The respondent’s final cost was one hundred forty eight thousand five hundred dollars ($148,500.00). This figure was on the top end of the spectrum and the highest of all respondents. (1/5)

Total = 84/100

I. T&M Associates.

a. **Technical.** The respondent represented an ability to accomplish the scope of services as outlined in the RFP, however, its expertise rested more in engineering than wayfinding projects. Moreover, the representative projects presented were limited, with the project completed for the City of Hoboken being the only comparable project to what the County was looking to accomplish in the scope of services of the RFP. (60/70)

b. **Management.** The management team presented by the respondent had the experience to manage a project of this scale and scope. (20/25)

c. **Cost.** The respondent’s final cost was on the higher end of the spectrum at one hundred forty five thousand seven hundred and seventy eight dollars ($145,778.00). (1/5)

Total = 81/100

III. ETM Associates, LLC

a. **Technical.** The respondent lacked extensive experience implementing a project of this size and scope, specifically, with respect to a county government project. Moreover, the representative projects presented were unimaginative and lacked creativity. (57/70)

b. **Management.** The bulk of the respondent’s management experience cited was work done on behalf of different firms, which raised red flags to the Committee. However, there was a demonstrated experience level within the management team to accomplish the goals of the RFP. (20/25)

c. **Cost.** The respondent’s final cost was one hundred eighteen thousand nine hundred and ten dollars ($118,910.00). This figure was a median value compared to other respondents. (3/5)

Total = 80/100

IV. AB Design, LLC.

a. **Technical.** The respondent presented limited comparable projects covering a geographic area as required by the scope of the RFP and had limited New Jersey examples, raising questions about the respondent’s ability to execute the goals of the project. (50/70)

The respondent set forth a number of different creative examples of wayfinding options and a flexible proposal best positioning the County to accomplish the goals of the RFP in a timely and efficient manner. (69/70)

b. Management. The management team set forth have executed a number of similar projects in New Jersey, with similar themes, and offers an array of skills and experience to accomplish the goals of the RFP. (23/25)

c. Cost. The respondent’s final cost was ninety three thousand dollars ($93,000.00), the lowest presented by any respondents, with the County’s option to include additional services as outlined in the RFP to enhance the project. (4/5)

Total = 92/100

Dated: September 15, 2016
RESOLUTION REASSIGNING A MATTER ENTITLED NORTHEAST REMSCO CONSTRUCTION, INC. VS. COUNTY OF PASSAIC TO THE LAW FIRM OF CONNELL FOLEY LLP TO PROVIDE OUTSIDE LEGAL SERVICES TO PASSAIC COUNTY

WHEREAS the County of Passaic is currently undertaking a project known as the Replacement of the West Brook Road Bridge over the Wanaque Reservoir, and the County’s contractor Northeast Remsco Construction, Inc. has demanded that two (2) matters in dispute be submitted to non-binding arbitration; and

WHEREAS the Board of Chosen Freeholders of the County of Passaic by Resolution R-2016-511 dated June 28, 2016 authorized retaining the law firm of Podvey, Meanor, Catenacci, Hildner, Cocoziello & Chattman, P.C., which firm was included in the pool of qualified outside counsel/special litigation counsel to retain the County of Passaic for a fee not to exceed $25,000.00; and

WHEREAS the partner at the firm handling this matter, J. Barry Cocoziello, Esq., recently notified the Passaic County Counsel that: 1) based upon the length and complexity in the first arbitration, legal fees for the second arbitration needed to be raised upward to $15,000.00 to $20,000.00, and 2) the firm of Podvey Meanor in September of 2016, for the most part, is dissolving and Mr. Cocoziello is joining the law firm of Connell Foley, LLP; and

WHEREAS as a consequence of this, the Board is desirous of reassigning this matter to Connell Foley, LLP for a fee not to exceed $15,000.00; and

WHEREAS this Resolution is not subject to the requirements of the New Jersey Pay to Play Law inasmuch as it is under the monetary threshold set forth under that Law; and
WHEREAS the Freeholder Administration and Finance Committee at its September 1, 2016 meeting reviewed this matter and recommended this Resolution to the full Board for adoption; and

WHEREAS a certification is attached indicating that funds are available for the within contemplated expenditure.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby awards this contract as a “Professional Service” in accordance with N.J.S.A. 40A: 11-5 (1) (a) of the Local Public Contracts Law because:

(1) The recipients are authorized and regulated by the law to provide the aforementioned services;

(2) The performance of the services are special in nature and require knowledge of an advanced type training, which the recipients possess.

BE IT FURTHER RESOLVED that a Notice of this action be published in the NORTH JERSEY HERALD & NEWS.

September 13, 2016
CERTIFICATION OF AVAILABLE FUNDS

THIS IS TO CERTIFY THAT FUNDS ARE AVAILABLE AS FOLLOWS:

AMOUNT: $15,000.00

APPROPRIATION: T-19-56-850-000-801

PURPOSE: Resolution reassigning a matter entitled Northeast Remsco Construction, Inc. Vs. County of Passaic to the law firm of Connell Foley LLP.

[Signature]
Flavio Rivera, Treasurer

DATED: September 13, 2016

Introduced on: September 13, 2016

Official Resolution #: R20160721
August 30, 2016

Re: County of Passaic, et als. ads. Colon, et als.  
Our File No. 3536-11005

County of Passaic ads Northeast Remsco  
Our File No. 3536-12821

William J. Pascrell, III, County Counsel  
County of Passaic  
401 Grand Street – Room 214  
Paterson, New Jersey 07505

Dear Bill:

On September 1, 2016, I will be leaving Podvey Meanor to join the law firm of Connell Foley LLP. Beginning in September 2016, Podvey Meanor, with very limited exceptions, will no longer be practicing law and will begin to wind up its affairs.

If you would like me to continue to represent you at Connell Foley, please confirm your decision by signing below and returning a signed and dated copy to me. Upon receipt, we can then arrange the prompt transfer of your file to Connell Foley. Please be advised that you, of course, have the right to seek representation from a lawyer of your choosing.

You will remain liable to this firm for any unpaid attorney’s fees and costs for previously invoiced services provided by Podvey Meanor and any additional services provided through August 31, 2016. To the extent any retained fees or costs currently held by this firm are not applied to the final invoice issued for services through August 31, 2016, they will be promptly returned to you or transferred to Connell Foley, as you designate.

Please retain a copy of this designation letter for your records.

Very truly yours,

J. Barry Cocoziello

I agree to have J. Barry Cocoziello, Esq. continue with my representation and ask that the file(s) be transferred to Connell Foley LLP.

Dated: September 15, 2016
RESOLUTION AUTHORIZING A MEMORANDUM OF UNDERSTANDING BY AND BETWEEN THE COUNTY OF PASSAIC AND THE NEW YORK-NEW JERSEY TRAIL CONFERENCE OUTLINING THE SAID CONFERENCE’S ROLE IN DEVELOPING, BLAZING AND MAINTAINING THE PASSAIC COUNTY PARK SYSTEM

WHEREAS the Passaic County Board of Chosen Freeholders ("Board") operates an extensive Park system, including the Apshawa Preserve in West Milford, Friendship Park in Bloomingdale, Garret Mountain Reservation in Woodland Park and Paterson, Goffle Brook Park in Hawthorne, Pompton Aquatic Park in Pompton Lakes and Wayne, Preakness Valley Golf Club in Wayne, Rifle Camp Park in Woodland Park, SanCap Park in West Milford, Tranquility Ridge Park in Ringwood and West Milford, and Weasel Brook Park in Clifton (collectively, the "Passaic County Park System"); and

WHEREAS the New York-New Jersey Trail Conference, Inc. (NY-NJ-TC) is a non-profit volunteer-driven organization with its main offices in Mahwah, NJ whose mission includes the protection and maintenance of hiking and walking trails in the New York-New Jersey region and, to that end, recruits and deploys volunteers for trail maintenance and development; and

WHEREAS over the years said NY-NJ-TC has developed, blazed and maintained an extensive trail network in various Passaic County parks and reservations; and

WHEREAS said NY-NJ-TC has proposed that the County and said Conference enter into a Memorandum of Understanding outlining the rights and responsibilities of the two entities with regard to the Conference continuing to develop, blaze and maintain walking and hiking trails in the County’s Park System; and
WHEREAS while this Memorandum of Understanding is still being negotiated by and between the said Trail Conference and County Administration, approval to ultimately execute the MOU is being sought; and

WHEREAS this matter was discussed at the Freeholder Committee meeting for Finance & Administration on September 1, 2016 at which time it was recommended that execution of this MOU be authorized.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes a Memorandum of Understanding by and between the County of Passaic and the New York-New Jersey Trail Conference outlining the said Conference’s role in developing, blazing and maintaining the Passaic County Park System.

BE IT FURTHER RESOLVED that the Director and Clerk to the Board as well as the Passaic County Counsel be authorized to execute the MOU on behalf of the County of Passaic.

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE COUNTY OF PASSAIC TO PARTNER WITH THE NEW JERSEY COMMUNITY DEVELOPMENT CORPORATION AS A GREAT FALLS NEIGHBORHOOD AND TO SIGN A MEMORANDUM OF UNDERSTANDING

WHEREAS the New Jersey Community Development Corporation (NJCDC), a corporation located in the City of Paterson, has approached several entities in Passaic County, including the County of Passaic, about partnering and collaborating with them as a Great Falls Promise Neighborhood in making a grant proposal to the U.S. Department of Education for a Promise Neighborhoods funding grant with said NJCDC to be the lead agency; and

WHEREAS the role of the County of Passaic in this collaboration is a commitment to allocate needed resources to support and maintain safe family and community spaces such as parks and playgrounds with neighborhoods, as funding sources permit; and

WHEREAS because of the numerous partners and collaborators involved, as well as the looming deadline in submitting the grant application, the said NJCDC requested that all the partners sign the necessary Memorandum of Understanding (MOU) needed for the grant application; and

WHEREAS at the Freeholder Administration & Finance Committee meeting of September 1, 2016 the Committee reviewed the matter and authorized the Passaic County Administration to execute the MOU on behalf of the County of Passaic.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the
County of Passaic to partner and collaborate with the New Jersey Community Development Corporation and others as a Great Falls Neighborhood to allow said NJCDC to request funding and act as lead agency for the Promise Neighborhood from the U.S. Department of Education.

**BE IT FURTHER RESOLVED** that the said Board ratifies the action of the Passaic County Administrator in executing the necessary MOU to that effect on behalf of the County of Passaic.

September 13, 2016
GREAT FALLS PROMISE NEIGHBORHOOD

Memorandum of Understanding (MOU)

Between NJCDC and Consortium Partners, as Set Forth Herein

This preliminary Memorandum of Understanding (MOU) is a non-binding expression of intent between New Jersey Community Development Corporation (NJCDC) and Project Partners (listed below) to collaborate as a Great Falls Promise Neighborhood (GFPN), as outlined in the proposal to the U.S. Department of Education (USDOE) for Promise Neighborhoods funding. NJCDC will serve as the lead agency of the GFPN.

WHEREAS NJCDC, as the lead agency, will be responsible for meeting the objectives set forth in the Promise Neighborhood proposal, including managing the award and distribution of grant funds, managing the coordination of partners including the Partnership Council, and leading efforts related to research, advocacy, resource development, data collection, family engagement, and implementation of school based youth services. As the lead agency, NJCDC will guide the implementation of the GFPN with a goal of ensuring that children living or going to school in the GFPN graduate high school career or college ready through the receipt of a continuum of “cradle to career” services. As the lead partner, NJCDC will develop data sharing agreements with relevant Project Partners. Moreover, NJCDC will work with the national evaluator designated by USDOE for Promise Neighborhoods to ensure that data collection and program design are consistent with plans to conduct a rigorous national evaluation of the Promise Neighborhoods programs; and

WHEREAS THE PARTNERSHIP COUNCIL, as the lead governing entity of the GFPN, shall be the key coordinating body to ensure that data and information is shared,
outcomes are evaluated, and programs effectively implemented. The Partnership Council shall work together to develop and implement sustainability funding for GFPN initiatives; and

WHEREAS PROJECT PARTNERS shall participate in the GFPN overall program development and management, and perform direct services in their respective areas to promote college-readiness;

NOW, THEREFORE, NJCDC and Project Partners have reached the following understanding: Project Partners commit to the GFPN theory of change. The GFPN theory of change is a community infrastructure built around offering accessible, quality programs through a pipeline of neighborhood full-service community schools with system-wide support for scalability over time. There are six critical components to the GFPN theory of change. The foundation is represented by two elements—Early Childhood Education and Parent Engagement. Preparing children and their parents for lifelong academic success leads to improved long-term outcomes. To ensure that the children and families of the GFPN remain engaged and are connected to needed resources, Case Management will be provided throughout the pipeline of programs. The GFPN will operate the Full-Service Community Schools model in neighborhood schools, offering youth, parent, and family services at the schools aimed at supporting students, parents, families, and school staff. Transparent Macro-Level Data will be made available through the evaluations of all GFPN programs. Data sharing will lead to Community Wide Accountability and the GFPN Partnership Council will use this data to determine the impact and direction of all programs, ensuring that the GFPN achieves the bold goals set forth.
Project Partners shall commit to becoming active collaborative partners of the GPN by providing relevant programmatic solutions in the GPN geographic zone, giving high priority to serving families in the GPN pipeline, and tracking and sharing student or family data for families and children served through GPN programs and initiatives. Subject to availability of funds and receipt of a Promise Neighborhood Implementation grant, Project Partners commit, but are not limited to, the following financial and programmatic commitments:

**TARGET SCHOOL PARTNERS** commit to high expectations, rigorous improvements, and data sharing.

1. **Paterson Public Schools (PPS):** PPS will continue a successful partnership with the lead agency, NJCDC, and is committed to partnering in the GPN through our collective work in the following schools: Public School 2; Public School 3; Public School 5; Don Bosco Technology Middle School; International High School; Garrett Morgan Academy (GMA); and, the four academies located at the John F. Kennedy Educational Complex (the School of Science, Technology, Engineering and Mathematics, the School of Architecture and Construction Trades, the School of Education and Training, and the School of Education, Training, and the School of Business, Marketing, Technology, and Finance). Additionally, PPS will promote GPN programs with district funded preschools located within the neighborhood including the Paterson Family Center, Michael's Energy Factory, Memorial Day 1, Memorial Day 2, La Vida, and El Mundo Del Nino. PPS will be represented on the GPN Partnership Council. PPS will commit in-kind time of the Superintendent's designee in management of GPN activities for early childhood and K to 12, principal and staff leadership at target schools, and program participation in relevant school-based solutions. PPS agrees to share student data for the
evaluation strategy to be specified in data sharing agreements. PPS commits to providing pre-school screening services to GFPN children in GFPN district funded preschools. PPS commits to continued operating support of NJCDC’s Paterson Family Center per the availability of funds. PPS commits to continued operation through of 21st Century Community Learning Centers Program at PS5 and International High School. PPS commits to the continued provision of medical services at PS5 through the school-based health clinic. PPS also agrees to offer in-kind program space and office space for program staff at all target schools. PPS agrees to providing security and maintenance services for school-based program and office spaces across all target schools. PPS agrees to the use of web based differentiated learning programs at target schools, to be funded by Promise Neighborhoods funds if awarded. PPS agrees to participation in relevant school-based solutions as outlined in the Promise Neighborhoods proposal. In total, PPS commits $xxxxxxxxx in solutions and services to this project, pending the availability of funds.

2. Community Charter School of Paterson (CCSP): CCSP will maintain a successful partnership with the lead agency, NJCDC, and is committed to partnering in the GFPN. CCSP will commit in-kind time of the CEO, school administrators and staff leadership and also commit to program participation in relevant school-based solutions. CCSP agrees to share student data for the evaluation strategy to be specified in data sharing agreements. CCSP commits continued operation of its Full-Service Community Schools model. CCSP commits to continued operation of its 21st Century Community Learning Center Program. CCSP commits to the continued provision of health screening services. CCSP agrees to the use of web based differentiated learning programs at target schools,
to be funded by Promise Neighborhoods funds if awarded. CCSP agrees to participate in relevant school-based solutions as outlined in the Promise Neighborhoods proposal. In total, CCSP commits $1,100,000 in solutions and services to this project, pending the availability of funding.

GOVERNMENT PARTNERS commit to partnering with NJCDC on GFPN by serving on the Partnership Council, working to eliminate policy barriers and silos, providing in-kind resources, working to identify possible resources for the GFPN, and by evaluating promising practices that emerge from the GFPN. Moreover, Government Partners specifically commit to the following:

1. **The City of Paterson:** The City of Paterson will continue operation of the School-Based Youth Services program at the JFK Educational Complex and funding for summer employment programs for neighborhood youth, and funding for playgrounds. In total the City of Paterson commits to $1,750,000 in funding for the GFPN subject to the availability of funding.

2. **Passaic County Workforce Development Center (PCWDC):** PCWDC commits to the provision of career counseling services for high school students, including provision of scholarships or tuition for career training programs. PCWDC also commits to continued access to education programs for high school drop outs supporting them to obtain their high school equivalency diploma.

3. **Passaic County:** The County of Passaic commits to the allocation of resources to support the creation and maintenance of safe family and community spaces, such as parks and playgrounds within the neighborhood, as funding sources permits.
GFNP SERVICE PROVIDER PARTNERS implementing a continuum of family support solutions with children and their families in the GFNP pipeline commit to effective and coordinated solutions leading to college attendance by providing services before birth and through high school graduation. Service provider partners commit to sharing participant data with NJCDC for the purposes of tracking effectiveness of programs. GFNP partners commit to using evidence-based models within the context of their individual organizational mission. Moreover, partners commit to tracking outcomes of children in GFNP. The following partners specifically commit:

1. Partnership for Maternal and Child Health of Northern New Jersey (The Partnership): The Partnership offers parenting education classes for parents and expectant parents. Should NJCDC be awarded funds through USDOE Promise Neighborhoods, The Partnership will implement the H.I.P.P.Y. program, an evidence-based home visiting program that works with families of preschoolers in their homes to support parents in their role as their child’s most important teacher. Isn’t there a value to this, or are we paying for it through the grant?

2. St. Joseph’s Regional Medical Center & Family Health Center (St. Joseph’s): St. Joseph’s is a leading provider of health care with a special concern for the poor and underserved. Based in Paterson, St. Joseph’s operates a Family Health Clinic that serves residents from the GFNP. St. Joseph’s will provide charity care for uninsured GFNP children and their families and will provide health education programs for GFNP residents, which will be integrated into existing programs. St. Joseph’s will be represented on the Partnership Council. In total, St. Joseph’s commits to $1,000,000 in solutions and services to this project through charity care.
3. **New Destiny Family Success Center (New Destiny):** New Destiny will support the implementation of the Abricando Puertas, an early childhood parent education program and will implement 24/7 Dad, a parent education program for fathers. In total, New Destiny commits to $19,000 in solutions and services to this project. Should NJCDC be awarded funding through USDOE Promise Neighborhoods, New Destiny will expand its implementation of Abricando Puertas and 24/7 Dad.

4. **Oasis:** Oasis implements a career and college readiness program and a Girls Teen Summit. In total, Oasis commits to $425,000 in services to this project. Should NJCDC be awarded funding through USDOE Promise Neighborhoods, Oasis will expand its implementation of Career and College Readiness programs to reach more teens.

5. **Eva's Village (Eva's):** Eva's will receive referral of high school graduates to its culinary arts program. Through Eva's Hope Residence, (located in the GFPN), Eva's provides transitional housing for women and their children. Eva's will provide academic support, childcare, tutoring and enrichment programming to children. Should NJCDC be awarded funding through USDOE Promise Neighborhoods, NJCDC will provide Eva's Village funds to continue the implementation of these programs.

6. **Big Brothers Big Sisters of Northern NJ (BBBSNJ):** BBBSNJ provides mentoring for elementary school children in the neighborhood. Should NJCDC be awarded funding through USDOE Promise Neighborhoods, NJCDC will provide funds to BBBSNJ to implement mentoring programs to serve additional GFPN elementary schools.

7. **Community Food Bank of New Jersey (CFBNJ):** CFBNJ provides snacks and dinner for GFPN children during after school programs through Kids Café. In total, CFBNJ
commits to $3,220,000 in services for this project to ensure healthy meals for students. Should NJCDC be awarded funding through USDOE Promise Neighborhoods, CFBNJ will expand Kids Café to all neighborhood schools.

8. **City Connects:** City Connects is a program that creates a coordinated and comprehensive support plan for every child in a school and leverages a range of prevention, intervention and enrichment services that already exist in the schools and communities to support the child. Should NJCDC be awarded funding through USDOE Promise Neighborhoods, NJCDC will contract with City Connects to implement the City Connects model throughout all of the GFPN schools.

**UNIVERSITY PARTNERS** commit to partnering with NJCDC on GFPN by serving on the Partnership Council. The partners will also provide access and information to GFPN students on the Educational Opportunity Fund program, which provides financial assistance and support services to students from educationally and economically disadvantaged backgrounds who attend institutions of higher education in the State of New Jersey. University Partners will host college tours for prospective GFPN students. University Partners commit to connecting students seeking internships and work-study students to the GFPN to support the implementation of programs. University Partners also commit to promoting the availability of enrichment programs for GFPN high school students at their respective colleges.

1. **Montclair State University:** Montclair State University commits to providing interns and work study students to support the implementation of the GFPN. The total in kind value of students' time is $252,000. Additionally, should NJCDC be awarded funding through USDOE Promise Neighborhoods, Montclair State University's Center for
2. **Passaic County Community College**: Passaic County Community College commits to providing interns to support the implementation of the GFPN. The total in kind value of students time is $86,400.

3. **Berkeley College**: Berkeley College commits to providing interns and work study students to support the implementation of the GFPN. The total in kind value of students' time is $242,400.

**FUNDING PARTNERS** commit to continued support, pending availability of funds and the lead partner's ability to meet deliverables to support aspects of the GFPN.

**The Nicholson Foundation (Nicholson)**: The Nicholson Foundation is committed to the continued implementation of early childhood programs that support parents and caregivers of babies, toddlers and preschoolers to develop cognitively, socially and emotionally, so that they are entering school kindergarten-ready. Nicholson has provided NJCDC with past support totaling $1.5 million to implement early childhood initiatives in the GFPN. The Nicholson Foundation remains committed to the work of the GFPN, and pending achievement of performance objectives and Board approval, The Nicholson Foundation will consider a continuation of funding that is consistent with its level of support to date. Nicholson will also continue to be represented as a member on the Partnership Council.

**TECHNICAL ASSISTANCE PARTNERS** commit to providing technical assistance to support the GFPN's implementation of evidence-based programs and best practices.
The Children's Aid Society National Center for Community Schools: The National Center for Community Schools will provide technical assistance to GFPN school-based sites implementing the Full-Service Community Schools model. The Center will also provide technical assistance to support the implementation of Success Mentors initiative to help reduce chronic absenteeism.

Dated: September 15, 2016
RESOLUTION TO APPLY FOR AND ACCEPT A GRANT FOR APPROXIMATELY $1,102,920.00 FROM THE NEW JERSEY DEPARTMENT OF COMMUNITY AFFAIRS TO CARRY OUT AND ADMINISTER THE LIHEAP ASSISTANCE AND UNIVERSAL SERVICE FUND PROGRAMS

WHEREAS the County of Passaic and the Division of Home Energy & Weatherization desires to apply for and accept a grant from the New Jersey Department of Community Affairs for approximately $1,102,920.00 to carry out and administer the LIHEAP Assistance and United Service Fund Program; and

WHEREAS Low Income Home Energy Assistance (LIHEAP) in the amount of $662,752.00; Universal Service Fund (USF) in the amount of $441,168.00; and

WHEREAS LIHEAP is funded by the US Department of Health & Human Services (DHHS) to assist low-income families and individuals meet their home heating costs. USF was created by the State of New Jersey to provide financial assistance to low-income households with their energy costs. The Board of Public Utilities (BPU) provides funding for USF through the societal benefit charge. BPU makes payments for client energy costs directly to the utility company; and

WHEREAS this matter was reviewed and approved by the Health, Human Services & Community Affairs Committee on September 8, 2016;

NOW THEREFORE BE IT RESOLVED that the Board of Chosen Freeholders of the County of Passaic hereby authorizes the application for such grant; recognizes and accepts that the department may offer a lesser or greater amount and therefore, upon receipt of the grant agreement from the New Jersey Department of Community Affairs, does further authorize the execution of such
grant agreement; and also, upon receipt of the fully executed agreement from the Department, does further authorize the expenditure of funds pursuant to the terms of the agreement between the County of Passaic and the New Jersey Department of Community Affairs; and

**BE IT FURTHER RESOLVED** that the persons whose names, titles, and signatures appear below are authorized to sign the application, and that they or their successors in said titles are authorized to sign the agreement, and any other documents necessary in connection therewith.

Sam Yodice, Director
Home Energy & Weatherization
County of Passaic

County of Passaic

JDP:dmp

Dated: September 13, 2016
COUNTY OF PASSAIC
RESOLUTION REQUEST FORM

1. NAME OF REQUESTER & Tel #: Sam Yodice: 973-569-4710

2. DESCRIPTION OF RESOLUTION (PLEASE BE SPECIFIC AS POSSIBLE):

WHEREAS,
the county of Passaic and the division of home Energy & weatherization desires to
apply for and accept a grant from the New Jersey department of Community Affairs
for approximately $1,102,920.00 to carry out and administer the LIHEAP and USF
Programs.

NAME OF GRANT PROGRAM: Low-Income Home Energy Assistance (LIHEAP) in
the amount of $662,752.00; Universal Service Fund in the amount of $441,168.00

PURPOSE OF PROGRAM: LIHEAP is funded by the US Department of Health &
Human Services (DHHS) to assist low-income families and individuals meet their
home heating costs. USF was created by the State of New Jersey to provide financial
assistance to low-income households with their energy costs. The Board of Public
Utilities (BPU) provides funding for USF through the societal benefit charge. BPU
makes payments for client energy costs directly to the utility company.

BE IT THEREFORE RESOLVED,
That the Passaic County Board of Chosen Freeholders does hereby
(1) Authorize the application for such a grant; and,
(2) Recognizes and accepts that the department may offer a lesser or greater amount
and therefore, upon receipt of the grant agreement from the New Jersey department
of community affairs, does further
(3) Authorize the execution of any such grant agreement; and also, upon receipt of the
fully executed agreement from the department, does further
(4) Authorize the expenditure of funds pursuant to the terms of the agreement between
the county of Passaic and the New Jersey department of community affairs.

BE IT FURTHER RESOLVED: that the persons whose names, titles, and signatures
appear below are authorized to sign the application, and that they or their successors
in said titles are authorized to sign the agreement, and any other documents necessary
in connection therewith.

Dated: September 15, 2016
RESOLUTION AUTHORIZING FINAL PAYMENT TO RITACCO CONSTRUCTION, INC. FOR THE REPLACEMENT OF THE CLINTON ROAD BRIDGE NO. 1600-175 OVER MOSSMAN'S BROOK PROJECT IN THE TOWNSHIP OF WEST MILFORD, NJ

WHEREAS a contract was awarded to Ritacco Construction, Inc. for the Replacement of the Clinton Road Bridge No. 1600-175 over Mossman's Brook Project in the Township of West Milford, NJ; and

WHEREAS by letter on August 9, 2016 the Office of the County Engineer advised the County Counsel that they recommended approval of the final payment to Ritacco Construction, Inc.; and

WHEREAS in accordance with the terms of the specifications, the County Counsel's Office has received an Affidavit by the Contractor that liens and subcontractors have been paid, a Maintenance Bond in the amount of $46,219.24, an Acknowledgment of Surety to the Final Payment, and a payment certificate in the amount of $23,643.44; and

WHEREAS this matter was discussed and reviewed by the Freeholder Public Works and Buildings & Grounds Committee at their meeting on August 1, 2016 who recommended that it be approved by the entire Board; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that the work performed by Ritacco Construction, Inc. for the Replacement of the Clinton Road Bridge No. 1600-175 over Mossman's Brook in the Township of West Milford, NJ be and the same is hereby accepted and the Director of Finance is hereby authorized to make payment to said company on the next bill list.

401 Grand Street  
Paterson, New Jersey 07505  

RE: Replacement of the Clinton Road Bridge No. 1600-175  
Over Mossman's Brook  
West Milford Township, Passaic Count  
Final Acceptances and Final Payment  
Ritacco Construction Inc.  

Dear Members of the Board:  

The Replacement of the Clinton Road Bridge in the Township of West Milford Passaic County has been completed, and conforms to the construction plans, standard specifications and County Engineer Standards.  

Final Payment and Acceptance for this project was discussed with the Public Works Committee of August 1, 2016, and recommended for approval to the full Board.  

Based upon the above, I recommend that the Board of Chosen Freeholders adopt the necessary Resolution authorizing the acceptance of the project and authorizing the Director of Finance to issue the Final Payment in the amount of $23,643.44, subject to receipt from the contractor of a certified check in the amount of $ 779.99 representing the County overtime inspector cost, and to any requirements deemed necessary by the County Counsel and availability of funds.  

Very truly yours,  

Steven J. Edmond, P.E.  
County Engineer

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE AWARD OF CONTRACT TO CONVERSE CONSULTANTS OF WHIPPANY, NJ FOR ON-CALL GEOTECHNICAL TESTING AND LABORATORY SERVICES FOR THE SUPERSTRUCTURE RECONSTRUCTION OF STRUCTURE NO. 1600-018 SPRUCE STREET BRIDGE OVER THE PASSAIC RIVER PROJECT IN THE CITY OF PATerson, NJ AS PER BID

WHEREAS bids were received by the County of Passaic on January 30, 2015 for on-call testing services for construction, geotechnical and environmental material; and

WHEREAS Passaic County passed Resolution R-2015-0144 on February 24, 2015 awarding a contract to Converse Consultants of Whippany, New Jersey on an as-needed basis over a two-year period; and

WHEREAS the Passaic County Engineering Department by letter dated September 6, 2016 is recommending that said Converse Consultants be authorized to be paid an allowance for providing on-call geotechnical testing and laboratory services in the amount of $3,210.00 for the Superstructure Reconstruction of Structure No. 1600-018 Spruce Street Bridge over the Passaic River Project in the City of Paterson, NJ in conformity with their competitive rates submitted under the On-call Testing Program for R-2015-0144 (copy of letter attached hereto and made a part hereof); and

WHEREAS the Public Works and Buildings & Grounds Committee discussed this matter at the August 29, 2016 meeting and recommend that it be approved by the entire Board; and

WHEREAS a certification is attached indicating the availability of funds for said expenditure.
NOW THEREFORE BE IT RESOLVED by the Board of
Chosen Freeholders of the County of Passaic that it hereby
authorizes the utilization of the services of Converse Consultants
of Whippany, NJ to conduct the needed professional testing
services for the Superstructure Reconstruction of Structure No.
1600-018 Spruce Street Bridge over the Passaic River in the City
of Paterson, NJ for the sum of $3,210.00 in conformity with
Board Resolution R-2015-0144 dated February 24, 2015 award of
bid to them.

BE IT FURTHER RESOLVED that the Clerk of the Board,
the Purchasing Agent and the Director of the Board are hereby
authorized to execute all necessary agreements on behalf of the
County of Passaic as prepared by the Office of the County
Counsel for said purpose.

PROJECT: On-Call Geotechnical Testing for
Superstructure Reconstruction of Structure No. 1600-018
Spruce Street Bridge over Passaic River
City of Paterson, Passaic County

AWARD OF CONSULTING ON-CALL TESTING SERVICES

Dear Members of the Board:

As per Resolution R-2015-144, dated February 24, 2015, the County received bids for Construction & Geotechnical On-Call Testing Services for the County of Passaic on an as-needed basis for a period between March 1, 2015 and February 28, 2017. The bids from the various consultants were received on January 29, 2015 for the On-Call Testing Services.

The Superstructure Reconstruction of Structure No. 1600-018, Spruce Street Bridge over Passaic River project requires concrete testing services and laboratory testing services. Based on the anticipated geotechnical testing services and laboratory services, Converse Consultants was selected to perform the work based on the lowest price of the On-Call Testing Services proposal. The work included coordination, field geotechnical borings, analytical laboratory testing of samples, traffic control, and preparation of boring logs and test results for the replacement of this structure. The estimated cost of the work is $3,210.00. These costs were based upon the rates submitted by Converse Consultants for Resolution R-2015-144 mentioned above.

This matter was discussed during the Public Works Committee meeting on August 29, 2016, and an initial allowance of $3,210.00 for Converse Consultants of Whippany, New Jersey is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding an allowance for consulting on-call testing services to Converse Consultants in the amount of $3,210.00 for the Geotechnical Testing and laboratory testing for the

RESOLUTION APPROVING PLANS AND SPECIFICATIONS AND AUTHORIZING THE ADVERTISEMENT AND RECEIPT OF BIDS FOR THE MORRIS CANAL GREENWAY PHASE II BROWERTOWN ROAD PROJECT IN LITTLE FALLS AND WOODLAND PARK, NEW JERSEY

WHEREAS the Passaic County Engineer’s Office has received the Plans and Specifications for the Morris Canal Greenway Phase II Browertown Road Project in Little Falls and Woodland Park, NJ; and

WHEREAS the Passaic County Engineer has reviewed the Plans and Specifications and finds them to be in conformance with Passaic County engineering standards; and

WHEREAS by letter dated August 31, 2016 the Office of the Passaic County Engineer has recommended that the Board of Chosen Freeholders approve said Plans and Specifications and authorize the Director of Purchasing to advertise and receive bids; and

WHEREAS this matter was discussed by the Freeholder members of the Committee for Public Works & Buildings & Grounds at their meeting on August 29, 2016 who are recommending approval by the entire Board;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby approves the Plans and Specifications for the aforementioned project and authorizes the Director of Purchasing to advertise and receive bids for this project.

Re:    Morris Canal Greenway Browertown Road Project
        Approval of Plans and Specifications

Members of the Board:

This office has completed Construction Plans and prepared Supplementary Specifications for
the Morris Canal Greenway Browertown Road Project in the municipalities of Little Falls and
Woodland Park.

These Plans and Specifications are in conformance with Passaic County and other Engineering
Standards.

The above-mentioned Projects were discussed and recommended for approval at the Public
Works Committee and Buildings & Grounds Committee Meeting of August 29, 2016.

Therefore, I recommend that the Board of Chosen Freeholders ADOPT the necessary
RESOLUTION, approving the Plans and Specifications, and authorize the Department of
Procurement to advertise and receive bids for this Project.

Very truly yours,

Timothy R. Helmken, P.E.
Assistant County Engineer

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE AWARD OF CONTRACT TO CONVERSE CONSULTANTS OF WHIPPANY, NJ FOR ON-CALL TESTING SERVICES FOR THE REPLACEMENT OF COLFAVX AVENUE CULVERT STRUCTURE NO. 1600-184 OVER ACID BROOK PROJECT IN THE BOROUGH OF POMPTON LAKES, NJ AS PER BID

WHEREAS bids were received by the County of Passaic on January 30, 2015 for on-call testing services for construction, geotechnical and environmental material; and

WHEREAS Passaic County passed Resolution R-2015-0144 on February 24, 2015 awarding a contract to Converse Consultants of Whippany, New Jersey on an as-needed basis over a two-year period; and

WHEREAS the Passaic County Engineering Department by letter dated August 31, 2016 is recommending that said Converse Consultants be authorized to be paid an allowance for providing professional testing services in the amount of $3,295.00 for the Replacement of Colfax Avenue Culvert Structure No. 1600-184 over Acid Brook Project in the Borough of Pompton Lakes, NJ in conformity with their competitive bid received under the 2015-2017 On-call Testing Program (copy of letter attached hereto and made a part hereof); and

WHEREAS the Public Works and Buildings & Grounds Committee discussed this matter at the August 29, 2016 meeting and recommend that it be approved by the entire Board; and

WHEREAS a certification is attached indicating the availability of funds for said expenditure.
NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the utilization of the services of Converse Consultants of Whippany, NJ to conduct the needed professional testing services for the Replacement of Colfax Avenue Culvert Structure No. 1600-184 over Acid Brook Project in the Borough of Pompton Lakes, NJ for the sum of $3,295.00 in conformity with Board Resolution R-2015-0144 dated February 24, 2015 award of bid to them.

BE IT FURTHER RESOLVED that the Clerk of the Board, the Purchasing Agent and the Director of the Board are hereby authorized to execute all necessary agreements on behalf of the County of Passaic as prepared by the Office of the County Counsel for said purpose.

September 13, 2016
CERTIFICATION OF AVAILABLE FUNDS

THIS IS TO CERTIFY THAT FUNDS ARE AVAILABLE AS FOLLOWS:

AMOUNT: $3,295.00

APPROPRIATION: C-04-55-137-001-920

PURPOSE: Resolution authorizing the award of contract to converse consultants for on-call testing services for the replacement of Colfax Avenue culvert Structure No. 1600-184.

Flavio Rivera, Treasurer

DATED: September 13, 2016
August 31, 2016

Board of Chosen Freeholders
Passaic County Administration Building
401 Grand Street
Paterson, New Jersey 07505

PROJECT: On-Call Concrete Testing for
The Replacement of Colfax Avenue Culvert
Structure No. 1600-184 over Acid Brook
Borough of Pompton Lakes, Passaic County

AWARD OF CONSULTING ON-CALL TESTING SERVICES

Dear Members of the Board:

As per Resolution R-2015-144, dated February 24, 2015, the County received bids for Construction & Geotechnical On-Call Testing Services for the County of Passaic on an as-needed basis for a period between March 1, 2015 and February 28, 2017. The bids from the various consultants were received on January 29, 2015 for the On-Call Testing Services.

The Replacement of the Colfax Avenue Culvert Structure No. 1600-184 over Acid Brook project requires concrete testing services and laboratory testing services. Based on the anticipated concrete testing services and laboratory services, Converse Consultants was selected to perform the work based on the lowest price of the On-Call Testing Services proposal. The work included coordination, preparation of concrete test cylinders, transportation of concrete cylinders, reports, and preparation of test results for this project. The estimated cost of the work is $3,295.00. These costs were based upon the rates submitted by Converse Consultants for Resolution R-2015-144 mentioned above.

This matter was discussed during the Public Works Committee meeting on August 29, 2016, and an initial allowance of $3,295.00 for Converse Consultants of Whippany, New Jersey is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding an allowance for consulting on-call testing services to Converse Consultants in the amount of $3,295.00 for the Concrete Testing and laboratory testing for the Replacement of the Colfax Avenue Culvert (Structure No. 1600-184) subject to the availability of funds.

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution#: R20160731

Change Order #6 (Correction)

Members of the Board:

Attached for your approval is Change Order #6 (Correction) to be issued to the Contractor, reflecting a decrease in the contract amount for adjustments in the final cost for due to required corrections in previous change orders.

The total amount of the decrease is $8,950.88 resulting in a new contract amount of $689,713.60.

This Correction results in an 11.6% reduction in the overall cost of the project.

This matter was discussed electronically with the Public Works and Buildings and Grounds Committee during the week of August 28, 2016.

I respectfully request that the Board of Chosen Freeholders ADOPT a RESOLUTION approving Change Order #6 in the amount of -$9,950.88.

Very truly yours,

Timothy E. Mettleh, P.E.

Re: Replacement of West Brook Road Bridge
    Over the Wanaque Reservoir, Structure No. 1600-491
    Borough of Ringwood and Wanaque, New Jersey
    CHANGE ORDER # 7-Deductions

Members of the Board:

Attached for your Approval is Change Order # 7 to be issued to the Contractor, for deductions in quantity for the drilled shaft in rock 114” diameter.

The two piers of the West Brook Bridge are proposed to be constructed on drilled shafts drilled thru the soil and embedded into the rock by drilling a 114” diameter rock socket minimum 19 feet long. During the Construction of the Pier #2 (East Pier) North drilled shaft, the Contractor, due to his means and methods was not able to construct the 114” diameter rock socket but a smaller diameter, a 96” diameter. As a result, the quantity for the Pay Item 105 “Drilled Shaft in Rock 114” Diameter” had to be reduced by 19 feet. This change order reflects this deduction.

The total amount of this deleted work is computed to be $247,000.

The above-mentioned Change Order was reviewed and recommended for Approval by the Public Works Committee at their meeting of August 29, 2016.
Therefore, I recommend the Board of Chosen Freeholders ADOPT the necessary RESOLUTION to APPROVE and issue CHANGE ORDER # 7 to Northeast Remsco Construction, Inc. of Farmingdale, N.J. in the amount of $247,000 (Two Hundred Forty Seven Thousands) deductions which results in a decrease to the adjusted Contract amount.

Very truly yours,

         PASSAIC COUNTY COURT HOUSE PLAZA PROJECT IN PATERNER, NEW JERSEY, ALL AS NOTED
         IN THE RESOLUTION

THIS RESOLUTION WAS REQUESTED BY:

REVIEWS BY:

Anthony J. De Nova III
COUNTY ADMINISTRATOR

APPROVED AS TO FORM AND LEGALITY:

William J. Pascrell, III, Esq.
COUNTY COUNSEL

Dated: September 15, 2016
RESOLUTION AUTHORIZING FINAL PAYMENT TO TEC-CON CONTRACTORS, INC. FOR THE PASSAIC COUNTY COURT HOUSE PLAZA PROJECT IN PATERSON, NEW JERSEY

WHEREAS a contract was awarded to Tec-Con Contractors, Inc. for the Passaic County Court House Project in the City of Paterson, NJ by Resolution R-2015-0297 on April 28, 2015; and

WHEREAS by letter dated August 30, 2016 the Office of the County Engineer advised the Passaic County Board of Chosen Freeholders that they recommended approval of the final payment to Tec-Con Contractors, Inc.; and

WHEREAS in accordance with the terms of the specifications, the County Counsel's Office has received an Affidavit by the Contractor that liens and subcontractors have been paid, a Maintenance Bond in the amount of $689,713.60, an Acknowledgment of Surety to the Final Payment, and a payment certificate in the amount of $13,794.27; and

WHEREAS this matter was discussed and reviewed by the Freeholder Public Works and Buildings & Grounds Committee via e-mail who recommended that it be approved by the entire Board; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that the work performed by Tec-Con Contractors, Inc. for the Passaic County Court House Plaza Project in the City of Paterson, NJ be and the same is hereby accepted and the Director of Finance is hereby authorized to make payment to said company on the next bill list.

September 13, 2016
August 30, 2016

Board of Chosen Freeholders
Passaic County Administration Building
401 Grand Street
Paterson, New Jersey 07505

Reference: Passaic County Court House Plaza
Acceptance & Release of Retainage

Members of the Board:

We respectfully request that the Board of Chosen Freeholders ADOPT a RESOLUTION authorizing Acceptance, Release of Retainage and Final Payment for the Passaic County Court House Plaza Project.

The construction contract for this project, in the amount of $780,290.00 was awarded by Resolution R2015-0297 on April 28, 2015 to TEC CON Contractors, Inc, 9 Dodd Street, East Orange, NJ 07017. The contract has reached substantial completion all corrective actions and testing are complete.

The final payment for this project will be $13,794.27.

This matter was discussed electronically with the Public Works and Buildings and Grounds Committee the week of August 29, 2016.

Very truly yours,

[Signature]

Timothy R. Metten, P.E.
Assistant County Engineer

Dated: September 15, 2016
RESOLUTION AWARDING CONTRACT TO DENVILLE LINE PAINTING, INC. FOR 2016 PAVEMENT MARKING PROGRAM

WHEREAS the County of Passaic is a member of the Morris County Cooperative Pricing Council (MCCPC) who is authorized under the Local Public Contracts Law to receive bids for items on behalf of its members; and

WHEREAS Denville Line Painting, Inc. recently submitted bids for pavement marking programs for its members to the MCCPC and the County Engineer has recommended an award in the sum of $122,975.00 for various pavement marking items for 2016, as per the terms of the attached letter dated September 1, 2016 and the attached cost estimate; and

WHEREAS this matter was discussed at the August 29, 2016 Public Works and Buildings & Grounds Committee meeting and recommended to the full Board for approval; and

WHEREAS a certification is attached hereto indicating that funds for the within contemplated expenditure are available; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby awards a contract to Denville Line Painting, Inc. for the 2016 Pavement Marking Program in the amount of $122,975.00 for various pavement marking items for 2016.

BE IT FURTHER RESOLVED that the Director, Clerk of the Board and County Counsel are authorized to execute all necessary documents on behalf of the County of Passaic.

September 13, 2016
Dear Members of the Board:

Passaic County is a member of the Morris County Cooperative Pricing Council (MCCPC). Denville Line Painting, Inc. was awarded MCCPC contract number 36 for various pavement marking items for 2016. Our office has reviewed the unit prices for the various items, and found them to be competitive with those paid in previous Passaic County pavement marking projects which were publicly bid. Therefore, we wish to award the 2016 Passaic County pavement marking program to Denville Line Painting, Inc., under MCCPC Contract number 36 for the striping of County roads in 2016.

The awarded unit prices are enclosed. **The total estimated cost of the project is $122,975 (cost estimate enclosed).**

This project has been reviewed and recommended for approval at the Public Works Committee meeting of August 29, 2016.

Based upon the above, it is my recommendation that the Board of Chosen Freeholders adopt the necessary Resolution, awarding the contract for the 2016 Pavement Marking Program to Denville Line Painting, Inc., and that the County Counsel be authorized to execute the necessary agreement, subject to the availability of funds.

Very truly yours,

Charles S. Silverstein, P.E.
County Traffic Engineer
COUNTY OF PASSAIC, DEPARTMENT OF PUBLIC WORKS, ENGINEERING DIVISION

CERTIFICATION OF AVAILABLE FUNDS

THIS IS TO CERTIFY THAT FUNDS ARE AVAILABLE AS FOLLOWS:

AMOUNT: $247,000.00

APPROPRIATION: C-04-55-113-111-901

PURPOSE: Resolution for change order #8 for Northeast Remsco Construction, Inc. as it pertains to the replacement of West Brook Road Bridge over the Wanaque Reservoir.

Flavio Rivera, Treasurer

DATED: September 13, 2016
August 31, 2016

Board of Chosen Freeholders
Passaic County Administration Building
401 Grand Street
Paterson, New Jersey 07505

Re: Replacement of West Brook Road Bridge
    Over the Wanaque Reservoir, Structure No. 1600-491
    Borough of Ringwood and Wanaque, New Jersey
    CHANGE ORDER # 8-Additions

Members of the Board:

Attached for your Approval is Change Order # 8 to be issued to the Contractor, for the addition of a new pay item “Drilled Shaft in Rock, 96” Diameter.

The two piers of the West Brook Bridge are proposed to be constructed on the drilled shafts drilled thru the soil and embedded into the rock by drilling a 114” diameter rock socket minimum 19 feet long. During the Construction of the Pier #2 (East Pier) North drilled shaft the Contractor, due to his means and methods was not able to construct the 114” diameter rock socket but a smaller diameter, a 96” diameter socket 25 feet in length to compensate for the reduction in the diameter size. This change order reflects the addition of this supplemental item.

The total amount of this supplemental work is computed to be $247,000.

The above-mentioned Change Order was reviewed and recommended for Approval by the Public Works Committee at their meeting of August 29, 2016.
Therefore, I recommend the Board of Chosen Freeholders ADOPT the necessary RESOLUTION to APPROVE and issue CHANGE ORDER # 8 to Northeast Remsco Construction, Inc. of Farmingdale N. J. in the amount of $247,000 (Two Hundred Forty Seven Thousands) addition. Due to the fact that the amount of the addition matches the amount of the deduction the adjusted Contract amount remains unchanged.

Very truly yours,

[Signature]

Steven J. Edmond, P.E.
County Engineer

Paterson, New Jersey 07505

Re: Replacement of West Brook Road Bridge
     Over the Wanaque Reservoir, Structure No. 1600-491
     Borough of Ringwood and Wanaque, New Jersey
     CHANGE ORDER # 8-Additions

Members of the Board:

Attached for your Approval is Change Order # 8 to be issued to the Contractor, for the addition of a new pay item “Drilled Shaft in Rock, 96” Diameter.

The two piers of the West Brook Bridge are proposed to be constructed on the drilled shafts drilled thru the soil and embedded into the rock by drilling a 114” diameter rock socket minimum 19 feet long. During the Construction of the Pier #2 (East Pier) North drilled shaft the Contractor, due to his means and methods was not able to construct the 114” diameter rock socket but a smaller diameter, a 96” diameter socket 25 feet in length to compensate for the reduction in the diameter size. This change order reflects the addition of this supplemental item.

The total amount of this supplemental work is computed to be $247,000.

The above-mentioned Change Order was reviewed and recommended for Approval by the Public Works Committee at their meeting of August 29, 2016.
Public Meeting (Board Meeting)

Re: Resolution Request – Cliffside Body Company

Dear Ms. Chacon:

At the August 29th, 2016 meeting of the Public Works Committee, a request was heard to authorize the purchase parts to equip two Passaic County Park’s Department Surplus Military trucks with plows and spreaders to be used as back up snow plowing vehicles by the Road Department during snow related emergencies from Cliffside Body Company, a state contract vendor, in the amount of $44,104.00. The Committee directed that a resolution be made authorizing same and that it be placed before the Board of Chosen Freeholders for approval at their next regularly scheduled meeting. The County of Passaic resolution request form and requisition are attached.

If you should have any questions, or I can be of addition assistance, please feel free to contact me.

Thank you for your attention and your assistance with this matter.

Very truly yours,

Re: Resolution Request – Cliffside Body Company

Dear Ms. Chacon:

At the August 29th, 2016 meeting of the Public Works Committee, a request was heard to authorize the purchase parts to equip two Passaic County Park’s Department Surplus Military trucks with plows and spreaders to be used as back up snow plowing vehicles by the Road Department during snow related emergencies from Cliffside Body Company, a state contract vendor, in the amount of $44,104.00. The Committee directed that a resolution be made authorizing same and that it be placed before the Board of Chosen Freeholders for approval at their next regularly scheduled meeting. The County of Passaic resolution request form and requisition are attached.

If you should have any questions, or I can be of addition assistance, please feel free to contact me.

Thank you for your attention and your assistance with this matter.

Very truly yours,

Kenneth A. Simpson

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE PURCHASE OF PLOW
BLADES FOR SNOW PLOWING VEHICLES AND TRUCKS
FOR USE BY THE ROAD DEPARTMENT DURING SNOW
RELATED EMERGENCIES FROM CLIFFSIDE BODY
COMPANY THROUGH STATE CONTRACT

WHEREAS the Supervisor of Passaic County Roads has
requested the purchase of plow blades for snow plowing
vehicles and trucks for use by the Road Department during
snow related emergencies pursuant to State Contract #88268
in the amount of $15,000.00 from Cliffside Body Company, as
indicated in more detail in the attached correspondence dated
August 30, 2016; and

WHEREAS the Board of Chosen Freeholders is desirous
of approving said purchase in accordance with the terms of
the State Contract and authorizing the Purchasing Agent to
issue the appropriate Purchase Order; and

WHEREAS the Public Works and Buildings & Grounds
Committee has considered this matter at the August 29, 2016
meeting and recommended this resolution to the full Board for
adoption; and

WHEREAS a certification is attached indicating that
funds are available for the above contemplated expenditure;
and

NOW THEREFORE BE IT RESOLVED by the Board of
Chosen Freeholders of the County of Passaic that it hereby
authorizes the purchase of said plow blades for snow plowing
vehicles and trucks for use by the Passaic County Road
Department as described above and in the attached
correspondence in accordance with the terms of the applicable
State Contract; and

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution#: R20160741
BE IT FURTHER RESOLVED that the Purchasing Agent and all other necessary officers and employees be and hereby are authorized and directed to take such further actions and sign such documents as are necessary to effectuate the purpose of this resolution, including but not limited to issuance of an appropriate Purchase Order.

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE PURCHASE OF VEHICLE AND TRUCK PARTS FOR USE BY THE PASSAIC COUNTY ROAD DEPARTMENT FROM DOVER BRAKE & CLUTCH COMPANY THROUGH STATE CONTRACT

WHEREAS the Supervisor of Passaic County Roads has requested the purchase of vehicle and truck parts for use by the Passaic County Road Department pursuant to State Contract #42094 in the amount of $20,000.00 from Dover Brake & Clutch Company, as indicated in more detail in the attached correspondence dated August 30, 2016; and

WHEREAS the Board of Chosen Freeholders is desirous of approving said purchase in accordance with the terms of the State Contract and authorizing the Purchasing Agent to issue the appropriate Purchase Order; and

WHEREAS the Public Works and Buildings & Grounds Committee has considered this matter at the August 29, 2016 meeting and recommended this resolution to the full Board for adoption; and

WHEREAS a certification is attached indicating that funds are available for the above contemplated expenditure; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the purchase of said vehicle and truck parts for use by the Passaic County Road Department as described above and in the attached correspondence in accordance with the terms of the applicable State Contract; and

BE IT FURTHER RESOLVED that the Purchasing Agent and all other necessary officers and employees be and hereby authorized and directed to take such further actions and sign such documents as are necessary to effectuate the
purpose of this resolution, including but not limited to issuance of an appropriate Purchase Order.

Re: Resolution Request – Dover Brake & Clutch Company, Inc.

Dear Ms. Chacon:

At the August 29th, 2016 meeting of the Public Works Committee, a request was heard to authorize the purchase of vehicle and truck parts from Dover Brake & Clutch Company, a state contract vendor no. 42094, for the Passaic County Road Department, in the amount of $20,000.00. The Committee directed that a resolution be made authorizing same and that it be placed before the Board of Chosen Freeholders for approval at their next regularly scheduled meeting. The County of Passaic resolution request form and requisition are attached.

If you should have any questions, or I can be of addition assistance, please feel free to contact me.

Thank you for your attention and your assistance with this matter.

Very truly yours,

Kenneth A. Simpson
Supervisor of Passaic County Roads

Dated: September 15, 2016
RESOLUTION AWARDING CONTRACT TO CREW ENGINEERS, INC. FOR PROFESSIONAL ENGINEERING SERVICES AS IT PERTAINS TO THE LAMBERT CASTLE FIRE PROTECTION SYSTEM IN PATERSON, NJ

WHEREAS there exists a need for Professional Consultant Engineering Services as it concerns the evaluation and operational recommendations for the fire sprinkler water supply for the fire protection system at Lambert Castle in Paterson, NJ; and

WHEREAS Crew Engineers, Inc., 1250 Route 23 North, Butler NJ 07405 submitted a proposal dated August 23, 2016 (a copy of which is attached) for the necessary consulting services to be provided for a fee not to exceed $9,800.00 and is being recommended by the Office of the Passaic County Engineer in a letter to the Board dated September 8, 2016, a copy of which is attached hereto and made a part hereof; and

WHEREAS the aforesaid was discussed by the Freeholder members of the Public Works and Buildings & Grounds Committee on August 29, 2016 and recommended to the full Board for approval; and

WHEREAS the Local Public Contracts Law, N.J.S.A. 40A:11-1, et seq., requires that the resolution authorizing the award of contract for “Professional Services” without competitive bids and the contracts itself must be available for public inspection; and

WHEREAS said Crew Engineers, Inc. has been qualified as a pool professional engineer in a “Fair and Open” procedure pursuant to the resolution of the Board of Chosen Freeholders of the County of Passaic, R-2016-0067, dated January 26, 2016 as set forth in Pay to Play Law N.J.S.A. 19:44A-20.4 et seq.; and
WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that the Professional Consultant Engineering Services for the above-mentioned project be awarded to Crew Engineers, Inc. in accordance with the terms and conditions set forth above; and

BE IT FURTHER RESOLVED that the Director, Clerk of the Board and County Counsel are hereby authorized to execute the necessary contract on behalf of the County of Passaic; and

BE IT FURTHER RESOLVED that this contract is awarded without competitive bidding as a “Professional Services” contract in accordance with N.J.S.A. 40A: 11-5(1)(a) of the Local Public Contracts Law because:

(1) The consulting firm is authorized and regulated by the law to provide the aforementioned services;

(2) The performance of the services are special in nature and require knowledge of an advanced type training, which said consulting firm possesses; and

BE IT FURTHER RESOLVED that a Notice of this action be published in the NORTH JERSEY HERALD & NEWS.

Re  Lambert Castle Fire Protection System
3 Valley Road, Paterson
Award of Consulting Services – Crews Engineers, Inc.

Members of the Board:

Lambert Castle is experiencing difficulties with the operations of the fire suppression system. In addition, several years ago the existing PVWC water distribution system was changed to a higher-pressure system, which may have eliminated the need for the Castle storage tanks and/or fire pumps. As such, the City of Paterson Fire Chief has requested a present evaluation and analysis of the operations of the system. Crew Engineering who provided previously design services for the fire protection system in 2001 was contacted and requested to submit a bid proposal. A proposal was received in the amount of not to exceed $9,800.00 to perform this work. Copy of this proposal is attached.

The above referenced matter was discussed at the Public Works Committee meeting of August 29, 2016 and an award to Crew Engineering is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding a contract for the Lambert Castle Fire Protection Consulting Services to Crew Engineers in the amount of not to exceed $9,800.00 and authorize the Freeholder Director, County Counsel and Purchasing Director to execute the necessary Agreements subject to the availability of funds.

Very truly yours,

Steven J. Edmond, P.E.

Re: Proposal for Professional Engineering Services
Lambert Castle Fire Protection Consulting Services
Paterson, NJ
Crew Proj No.: P2370

Dear Mr. Edmond:

Crew Engineers, Inc. (Crew) is pleased to present our Proposal for Professional Engineering Services for evaluation and operational recommendations of the fire sprinkler water supply for Lambert Castle's fire protection system. Crew has extensive water system design experience, including distribution mains, water tanks, booster pumping stations, and hydraulic water system analysis (see attached qualifications). As you are aware, Crew provided design services for this project during Lambert Castle's previous renovation in 2001. Crew can provide numerous references for our water-related design work, if requested. We are prepared to discuss any aspect of this Proposal at your convenience.

Project Understanding

The existing fire protection system is about 15 years old and is currently not in service. Crew's understanding is that the main water system pressure in the area has been switched from Valley Road to Thomas Terrace, which is at a higher pressure gradient. Passaic County has requested Crew to investigate different operational possibilities with regard to the fire protection water supply system at Lambert Castle considering the switchover in water supply to Thomas Terrace.

Crew made a site inspection on August 8, 2016 to investigate the current status of the fire pump that supplies pressure to Lambert Castle's fire sprinkler system. Crew's representative, Paul Fikslin, P.E., met with Mr. Steve Orsini, Division Manager for Building and Grounds. During the visit, the following observations were noted:

- According to Mr. Orsini, there were leaks at the fire pump when valves were previously opened that caused the basement to flood. Valves were not opened during the visit.
- Sprinkler equipment showed about 55 psi residual pressure on sprinkler gauges. This is believed to be air pressure since lines are typically dry and pressurized to detect leaks.
- A pressure gauge was screwed onto the outside 2-1/2-inch hydrant connections of the Castle. No water was available from these hydrant connections that were fed from the sprinkler side of fire pump in the basement. This verified that valves prior to the fire pump were closed.
- Pressure on the building side of the water meter (2-1/2-inch) is currently being reduced to about 50 psi per Mr. Orsini.

Mr. Orsini noted that water pressure coming into the building prior to the water meter is higher and he was working with the Passaic Valley Water Commission (PVWC) to provide him more...
information about this and perform a markout. He indicated that he would relay the information to Crew and have us do another site visit after the markout.

- Mr. Orsini also confirmed that the incoming water supply has been switched from Valley Road water mains to Thomas Terrace water mains, which are at a higher pressure gradient. It was not clear if the fire pump was tied into the same water mains on Thomas Terrace.

Scope of Services

This Proposal presented by Crew will provide the following information to the Passaic County Engineering Department:

1. Evaluate the current condition of existing fire pump portion of the sprinkler water supply system located in the basement of the Lambert Castle building and at the well building. Determine items in need of repair or replacement. Mr. Orsini mentioned the well building, hydropneumatic tanks, and irrigation system are currently out of service.

2. Determine if the existing fire pump is operational and if the Thomas Terrace supply is sufficient to supply adequate suction pressure to the fire pump without additional water storage.

3. Determine if the fire pump can be eliminated altogether using the Thomas Terrace supply as a direct sprinkler system feed.

4. Evaluate size and capacity of any water mains currently on the site.

5. Recommend reconfiguration of the connection to City water with backflow prevention as required.

Crew will require Passaic County to provide the following information regarding the existing fire pump, water supply and controls:

- Pump curve for fire pump and jockey pump.
- Sprinkler system control setpoints for the fire pump, and jockey pump flow rate and pressure setting.
- Records of sprinkler test inspections.
- Drawings or markout of the current water supply system tie-in points from Thomas Terrace and known pipe sizes, including system pressures.
- Drawings showing hydrant locations in the vicinity of the above tie-in points.
- Information on any known non-operational equipment related to the fire protection system.

Cost Proposal

The cost of our engineering services indicated in the Scope of Services 1 through 6, as previously described, is as follows:
Steven Edmond, P.E.
August 23, 2016
Page 3

<table>
<thead>
<tr>
<th>Task</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-6 Consulting Services</td>
<td>$9,800</td>
</tr>
</tbody>
</table>

The investigation and recommendation consulting services suggested budget amount listed above is based on 87 manhours.

Services that may not be included in the Scope of Services and that may involve additional manhour expenditure will be billed, when authorized by Passaic County, at our Standard 2016 Billing Rate Schedule, which is attached at the end of this Proposal.

Due to the uncertain condition of the fire protection equipment at this time, Crew will bill Passaic County monthly for services provided based on actual time expended on the project by the various categories of personnel assigned to the project. A billing detail will be provided for such services. Additionally, we are attaching our Standard Terms and Conditions, and State of New Jersey Business Registration Certificate, which are considered an integral part of this Proposal for Engineering Services.

Crew appreciates the opportunity of presenting this Proposal for Professional Engineering Services for the Lambert Castle fire protection system to the Passaic County Engineering Department. We would be pleased to meet with you to discuss any aspect of the Proposal and to answer any questions or provide clarification regarding our understanding of the project and fee structure.

Two copies of the Proposal are enclosed. The return of one signed copy will confirm your acceptance of the Proposal and your authorization to Crew to proceed with the work.

Very truly yours,

CREW ENGINEERS, INC.

Michael Simone, Jr., P.E.

</table>

The hourly billing rates indicated above are for the calendar year and are subject to revision and adjustments as of January 1 of each calendar year.

- Crew will bill the CLIENT monthly, with net payment due in 45 days. Past due invoices will be subject to a service charge at the rate of 1-1/2 percent per month. The bill shall consist of a summary of direct labor hours by personnel, plus a listing of reimbursable costs incurred. Unless CLIENT provides Crew with a written statement of any objections to the bill within 15 days of receipt, CLIENT shall be deemed to accept the bill as submitted.
- The above rates include all employees' wages, payroll burdens, overhead, and profit.
- CLIENT is charged for time actually spent on the project. Timesheets are available for inspection by prior arrangement.
- Non-project stenographic, general clerical and accounting work, general office expense, and general administrative costs are included in overhead. These costs are not billed separately.
- Normal and reasonable time for contract negotiations are also covered in overhead; however, extended contract negotiations or time spent resolving differences in terms and conditions, scopes of work, or change notices will be billed.

In addition to regular hourly billing rates listed above, the CLIENT will also pay for:

- Overtime at straight time rates for exempt employees to the extent an employee works more than 40 hours per week for CLIENT.
- Cost of a record set of reproducible originals or duplicates to be retained by Crew in cases where the CLIENT wants the originals and for the cost of postage and insurance for mailing such originals.
- Cost of any office space and accompanying services used by CLIENT'S representatives.
- All reproductions on behalf of the assignment at our standard rates or billed by outside services.
- All field office expenses.
- Cost for the use of special field equipment, safety equipment, and field sampling equipment or consumables in accordance with billing by outside services, plus 10% handling charges.
- Courier service.
- Travel and subsistence of Crew personnel incurred on behalf of the project. (Current rate for the use of vehicles is in accordance with the present IRS standard mileage rate.)
- Cost plus 15 percent of outside consulting and/or professional services - such as, analytical, drilling, legal, accounting, engineering, and other specialized services. Crew will obtain CLIENT'S approval before authorizing such services.
- Any professional witness testimony equal to 1-1/2 times their hourly billing rate.
STANDARD TERMS AND CONDITIONS

1. STANDARD OF CARE. Services shall be performed in accordance with the standard of professional practice ordinarily exercised by the applicable profession at the time and within the locality where the Services are performed. Professional services are not subject to, and Crew cannot provide, any warranty or guarantee, express or implied, including warranties or guarantees contained in any uniform commercial code. Any such warranties or guarantees contained in any purchase orders, requisitions or notices to proceed issued by Client are specifically objected to.

2. CHANGE OF SCOPE. The scope of Services set forth in this Agreement is based on facts known at the time of execution of this Agreement, including, if applicable, information supplied by Client. For some projects involving conceptual or process development services, scope may not be fully definable during initial phases. As the Project progresses, facts discovered may indicate that scope must be redefined. Crew will promptly provide Client with an amendment to this Agreement to recognize such change, which shall be deemed approved if not objected to within 15 days of receipt by Client.

3. SAFETY. Crew has established and maintains programs and procedures for the safety of its employees. Unless specifically included as a service to be provided under this Agreement, Crew specifically disclaims any authority or responsibility for general job site safety and safety of persons other than Crew employees.

4. DELAYS. If events beyond the control of Client or Crew, including, but not limited to, fire, flood, explosion, riot, strike, war, process shutdown, act of God or the public enemy, and act or regulation of any government agency, result in delay to any schedule established in this Agreement, such schedule shall be amended to the extent necessary to compensate for such delay. In the event such delay exceeds 50 days, Crew shall be entitled to an equitable adjustment in compensation.

In the event Crew is delayed by Client and such delay exceeds 30 days, Crew shall be entitled to an extension of time equal to the delay and an equitable adjustment in compensation.

5. TERMINATION/SUSPENSION. Either party may terminate this Agreement upon 30 days’ written notice to the other party. Client shall pay Crew for all Services, including profit relating thereto, rendered prior to termination, plus any expenses of termination.

In the event either party defaults in its obligations under this Agreement (including Client’s obligation to make the payments required hereunder), the non-defaulting party may provide 7 days’ written notice stating its intention to suspend performance under the Agreement if cure of such default is not commenced and diligently continued. Failure of the defaulting party to commence cure within such time limit and diligently continue shall be cause to suspend performance under this Agreement.

6. OPINIONS OF CONSTRUCTION COST. Any opinion of construction costs prepared by Crew is supplied for the general guidance of the Client only. Since Crew has no control over competitive bidding or market conditions, Crew cannot guarantee the accuracy of such opinions as compared to contract bids or actual costs to Client.

7. RELATIONSHIP WITH CONTRACTORS. Crew shall serve as Client’s professional representative for the Services, and may make recommendations to Client concerning actions relating to Client’s contractors, but Crew specifically disclaims any authority to direct or supervise the means, methods, techniques, sequences or procedures of construction selected by Client’s contractors.

8. CONSTRUCTION REVIEW. For projects involving construction, Client acknowledges that under generally accepted professional practice, interpretations of construction documents in the field are normally required, and that performance of construction-related services by the design professional for the project permits errors or omissions to be identified and corrected at comparatively low cost. Client agrees to hold Crew harmless from any claims resulting from performance of construction-related services by persons other than Crew.

9. INSURANCE. Crew will maintain insurance coverage for Professional, Comprehensive General, Automobile, Worker’s Compensation, and Employer’s Liability in amounts in accordance with legal, and Crew’s business requirements. Certificates evidencing such coverage will be provided to Client upon request. For projects involving construction, Client agrees to require its construction contractor, if any, to include Crew as an additional insured on its policies relating to the Project. Crew’s coverages referenced above shall, in such case, be excess over contractor’s primary coverage.

10. INDEMNITIES. To the fullest extent permitted by law, Crew shall indemnify and save harmless Client from and against loss, liability, and damages sustained by Client, its agents, employees, and representatives by reason of injury or death to persons or damage to tangible property to the extent caused directly by the willful misconduct or failure to adhere to the standard of care described in Paragraph 1 above by Crew, its agents or employees.

Re Lambert Castle Fire Protection System
3 Valley Road, Paterson
Award of Consulting Services – Crews Engineers, Inc.

Members of the Board:

Lambert Castle is experiencing difficulties with the operations of the fire suppression system. In addition, several years ago the existing PVWC water distribution system was changed to a higher-pressure system, which may have eliminated the need for the Castle storage tanks and/or fire pumps. As such, the City of Paterson Fire Chief has requested a present evaluation and analysis of the operations of the system. Crew Engineering who provided previously design services for the fire protection system in 2001 was contacted and requested to submit a bid proposal. A proposal was received in the amount of not to exceed $9,800.00 to perform this work. Copy of this proposal is attached.

The above referenced matter was discussed at the Public Works Committee meeting of August 29, 2016 and an award to Crew Engineering is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding a contract for the Lambert Castle Fire Protection Consulting Services to Crew Engineers in the amount of not to exceed $9,800.00 and authorize the Freeholder Director, County Counsel and Purchasing Director to execute the necessary Agreements subject to the availability of funds.

Dated: September 15, 2016
RESOLUTION AUTHORIZING AN AMENDMENT TO RESOLUTION R-2016-0686 WHICH AUTHORIZED A CONTRACT TO FREESPAN STRUCTURES, INC. AS IT PERTAINS TO THE PASSAIC COUNTY OFFICE OF EMERGENCY MANAGEMENT STORAGE SHED STRUCTURE IN THE BOROUGH OF HALEDON, NJ AS PER BID TO CORRECT THE AMOUNT OF THE BID STATED THEREIN

WHEREAS the Board of Chosen Freeholders of the County of Passaic by Resolution R-2016-0686 dated August 16, 2016 recommended an award of contract to Freespan Structures, Inc. for the Passaic County Office of Emergency Management Storage Shed Structure in the Borough of Haledon, NJ in the amount of $128,000.00; and

WHEREAS the bid documents submitted by Freespan Structures, Inc. stated the amount of $128,100.00 and Resolution R-2016-0686 incorrectly stated an award in the amount of $128,000.00; and

WHEREAS based upon the above-stated explanation, the Office of the Passaic County Engineer recommends that the Passaic County Board of Chosen Freeholders authorize an amendment to Resolution R-2016-0686 which incorrectly stated the award of contract amount of $128,000.00 and change the amount of the bid award stated therein to $128,100.00, as per the bid documents submitted (see attached letter from the Office of the Passaic County Engineer dated August 31, 2016); and

WHEREAS the Freeholder Public Works and Buildings & Grounds Committee reviewed this matter at its August 29, 2016 meeting and is recommending this amendment.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby
authorizes an amendment to Resolution R-2016-0686 dated August 16, 2016 to correct the award of contract amount of $128,000.00 stated therein to the correct amount of $128,100.00 as per the bid documents submitted.

**BE IT FURTHER RESOLVED** that other than the change set forth above, all the terms and conditions set forth in the original Resolution R-2016-0686 shall remain in full force and effect.

PROJECT: Passaic County Office of Emergency Management
Storage Shed Structure
Haledon, NJ

CORRECTION TO AWARD OF CONSTRUCTION CONTRACT

Dear Members of the Board:

This serves as notification for correction of an amount stated in Resolution R2016-0686 dated August 16, 2016. The resolution had the incorrect amount of $128,000.00, as the per bid documents submitted it should have been $128,100.00. The lowest bidder was Freespan Structures Inc.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution correcting the award of contract to Freespan Structures in the amount of $128,100.00 for the Office of Emergency Management Storage Shed Structure subject to the availability of funds.

Very truly yours,

Dated: September 15, 2016
RESOLUTION AWARDING CONTRACT TO HARRY L. SCHWARZ & CO. FOR PROFESSIONAL APPRAISAL CONSULTING SERVICES RELATING TO THE REPLACEMENT OF THE GROVE STREET CULVERT OVER THE WEASEL BROOK STRUCTURE NO. 1600-068 IN THE CITY OF CLIFTON, NJ

WHEREAS there exists a need for Professional Consultant Services as it concerns the preparation of appraisals on five parcels for one (1) Utility Easement; two (2) Utility Easements with Permanent Construction & Maintenance Easement and two (2) Permanent Construction & Maintenance Easements pertaining to the Replacement of County Culvert No. 1600-068, Grove Street over Weasel Brook in the City of Clifton; and

WHEREAS the completion this Project requires the County of Passaic to acquire utility easements and permanent construction and maintenance easements; and

WHEREAS Harry L. Schwarz & Co. of Dover, New Jersey has submitted a proposal dated July 28, 2016 for the necessary appraisal consulting services to be provided for a fee of $4,250.00; and

WHEREAS the aforesaid proposal was reviewed by the Public Works and Buildings & Grounds Committee August 29, 2016 meeting and recommended to the full Board for approval; and

WHEREAS the Local Public Contracts Law, N.J.S.A. 40A:11-1, et seq., requires that the resolution authorizing the award of contract for “Professional Services” without competitive bids and the contracts itself must be available for public inspection; and

WHEREAS said Harry L. Schwarz & Co. has been qualified as a pool professional appraiser in a “Fair and Open” procedure
pursuant to the resolution of the Board of Chosen Freeholders of the County of Passaic, R-2016-0651, dated August 16, 2016 as set forth in Pay to Play Law N.J.S.A. 19:44A-20.4 et seq.; and

WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that the Professional Appraisal Consulting Services for the above-mentioned project be awarded to Harry L. Schwarz & Co. in accordance with the terms and conditions set forth above; and

BE IT FURTHER RESOLVED that the Director, Clerk of the Board and County Counsel are hereby authorized to execute the necessary contract on behalf of the County of Passaic; and

BE IT FURTHER RESOLVED that this contract is awarded without competitive bidding as a “Professional Services” contract in accordance with N.J.S.A. 40A: 11-5(1)(a) of the Local Public Contracts Law because:

(1) The consulting firm is authorized and regulated by the law to provide the aforementioned services;

(2) The performance of the services are special in nature and require knowledge of an advanced type training, which said consulting firm possesses; and

BE IT FURTHER RESOLVED that a Notice of this action be published in the NORTH JERSEY HERALD & NEWS.

September 13, 2016
CERTIFICATION OF AVAILABLE FUNDS

THIS IS TO CERTIFY THAT FUNDS ARE AVAILABLE AS FOLLOWS:

AMOUNT: $4,250.00

APPROPRIATION: C-04-55-137-001-902

PURPOSE: Resolution awarding contract to Harry L. Schwarz & Co. for professional appraisal consulting services.

PROJECT: Replacement of the Grove Street Culvert
Over the Weasel Brook Structure No. 1600-068
City of Clifton, Passaic County NJ

AWARD OF CONSULTING APPRAISAL SERVICES

Dear Members of the Board:

The replacement of County Culvert No. 1600-68, Grove Street over Weasel Brook in the City of Clifton, requires the County to acquire, Utility Easements, and permanent construction & maintenance easements on five (5) parcels. The County of Passaic requested proposals for appraisal services for one (1) Utility Easement, two (2) Utility Easements with permanent construction & maintenance easements, and two (2) permanent construction & maintenance easements.

Six proposals were requested and received from the County appraisal pool for the above referenced project. The proposals are as follows:

Harry L. Schwarz & Co. $4,250.00
Dover, NJ

New Jersey Reality Advisory Group, LLC $5,000.00
Jersey City, NJ

Lasser Sussman Associates, LLC $8,800.00
Summit, NJ

Federal Appraisal and Consulting $9,900.00
Whitehouse Station, NJ

PATJO Appraisal Service Inc. $10,500.00
Kendall Park, NJ

Value Research Group, LLC $12,000.00
Livingston, NJ
This matter was discussed at the Public Works Committee meeting on August 29, 2016, and an award of contract to Harry L. Schwarz & Co. is recommended to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution awarding a contract to Harry L. Schwarz & Co., in the amount of $4,250.00 for the appraisal work necessary for the Replacement of Grove Street Culvert Over the Weasel Brook Structure No. 1600-068 in the City of Clifton, Passaic County, subject to the availability of funds.

Very truly yours,

Re: Eminent Domain Appraisals: Utility Easements and Permanent Construction and Maintenance Easements
Replacement of Grove Street Culvert over Weasel Brook
Structure No. 1600-068
City of Clifton, Passaic County, NJ

Dear Ms. Chacon:

In accordance with your written request dated July 15, 2016 and after reviewing available data, it is our understanding that the County of Passaic requires appraisals of the properties referenced below to estimate the just compensation for utility easements and construction and maintenance easements proposed on these properties.

Purpose of the Appraisal

The purpose of this assignment is to provide the County of Passaic with an estimate of Just Compensation for utility easements and construction and maintenance easements proposed on the properties listed above to aid the County of Passaic in an eminent domain acquisition. This valuation assignment will estimate the value of the land, the improvements to the land and damages to the remainders, if any, at the Highest and Best Use, in the "as is" condition as of the date of inspection.

Scope of Work

By acceptance of this assignment, we are acknowledging that we have the experience and knowledge to complete the assignment competently, in accordance with the competency provision in USPAP.

The value estimate will reflect our opinion of the just compensation due the property owners for the public taking on the subject property, as well as damages to the remainder, if any. The market value estimate is of the fee simple estate.

Prior to commencement of the assignment, each property owner will be notified in writing by certified mail, return receipt requested, offering them the opportunity to accompany us during the on-site inspection of the property. After an inspection of the subject properties and the neighborhood, we will prepare an appraisal of each property and report our estimate of Just Compensation using our narrative summary format. Since the properties are improved, the appraisals will consider those approaches to value appropriate for the type of assignment; namely, the Sales Comparison, also referred to as the Market Data Approach, and the Cost Approach and Income Approach, if the latter two approaches are determined to be a reliable indicators of value. Because of the age and/or condition of the improvements and the difficulty of accurately estimating accrued depreciation, the Cost Approach to value may not be appropriate and may not be used in the final valuation for this assignment. If it is determined that the improvements will not be adversely affected by the takings, then a "Land Only" appraisal will be prepared. This is not considered a departure from recognized valuation methodology according to the Uniform Standards of Professional Appraisal Practice. A "Before and After" value method will be utilized in either scenario.

The appraisal and report will be prepared in compliance with Standard 2.2(a) of the 2016-2017 Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation and the Professional Code of Ethics of the Appraisal Institute and the NJDOT appraisal guidelines. The appraisal will adequately identify the real estate and property interests to be appraised. The purpose and the intended use of the appraisal will be considered, as well as the effect on use and value of existing land use regulations and any reasonable and probable modifications of the land use regulations.
Scope of Work (Cont'd.)

The economic demand, physical adaptability of the real estate, the neighborhood trends and the Highest and Best Use will be analyzed and reported. The valuation process will include the collecting, verifying and analyzing of physical, functional and external market factors that may affect the value of the property under appraisal.

The scope of the work will include, but not be limited to, meeting with the property owners or their representatives to inspect the subject properties. The project maps prepared for the County of Passaic will be studied. The neighborhood will be evaluated and data gathered regarding state, county and local demographics and local area data. The City of Clifton Zoning ordinance, master plan, other mapped data, as well as the USGS and NJDEP prepared flood hazard and wetlands data, and the NJ Highlands maps and data will be analyzed.

We will research the local real estate market for comparable data. This involves seeking sales of similar tracts in Clifton and other nearby communities. Comparable real property sales and rentals, if used, will be collected from sources including, but not limited to, the Garden State Multiple Listing Service, Costar comparable data service, First American Corelogic data service, and the County Board of Taxation’s SR-1A reports. Sales will be verified adequately and commensurate with the purpose of the assignment and analyzed. All data will be analyzed and conclusions as to market value will be based on our analysis of what might be expected in the local market for the subject properties, as of the value date.

If the Cost Approach is used, the Marshall and Swift, the NJ Tax Assessors Manual or similar service will be utilized to estimate the replacement cost of any improvements. The valuation estimate will assume that municipal, county, state and/or federal regulations under which the property or the current use might be governed are in compliance and that there are no environmental problems or issues that affect the value, except, if applicable, the presence and effect of the Highlands Preservation Act, wetlands and transition buffers, soil conditions and flood hazard zones.

Extraordinary Assumptions

An extraordinary assumption is an assumption that is specific to this particular appraisal assignment, which, if found to be false, could alter the appraiser’s opinions or conclusions. Extraordinary assumptions are made so as to bring clarity to the opinion of value and to make the conclusions more meaningful. The appraisal may mention other assumptions, either general or specific to this assignment, throughout the report; however, for this assignment the appraisal fee quoted herein is based on the extraordinary assumption that improvements on any of the Subject Properties will be unaffected by the proposed utility easements and construction and maintenance easements, and the appraisals will be of "Land Value, Only." No other extraordinary assumptions will be made unless based on an independent professional NRE report.
Extraordinary Assumptions (Cont'd.)

that might be prepared for and provided by the County of Passaic.

Hypothetical Conditions

A hypothetical condition is one which is contrary to what actually exists, but is supposed for the purposes of analysis. These conditions could be with regard to physical, legal or economic characteristics of the Subject Property; or about conditions external to the property. Typically a hypothetical condition may be presented to the appraiser by the client for the purposes of specificity of value or may be utilized by the appraiser for illustrative purposes. For this appraisal, no hypothetical conditions will be assumed unless reported by an independent professional whose NRE report will be prepared for and provided by the County of Passaic prior to commencement of the assignment.

Intended User and Intended Use

The appraisals and reports will be prepared for the County of Passaic as the intended user and it will be for the County of Passaic's sole and exclusive use in estimating Just Compensation for the purposes outlined herein. By acceptance of this proposal, the County of Passaic agrees to obtain written authorization from me before releasing the report to any other party or parties, except as require by law or to parties with an equitable interest in the property, or for any other use or purpose other than to aid in establishing the Just Compensation due the property owner for this eminent domain acquisition, which is the intended use of the appraisal. It is specifically understood that the appraisals will not be utilized for sale brochures or marketing, tax assessment appeals or mortgage lending or underwriting purposes.

The possession of the appraisal report, or any copy or portion thereof, by any representative of the client or any third party does not include or confer any rights of publication or redistribution of the report other than to such persons or entities identified in this agreement who shall be advised in writing of Harry L. Schwarz & Co’s rights under this agreement prior to their receipt of the appraisal report. All rights, title and interest in any data gathered in the course of preparing the appraisals and reports, excluding any data furnished by or on the client's behalf, and the content of the report prepared pursuant to this agreement shall be vested in Harry L. Schwarz & Co.

Subject to the foregoing, the representatives of the client shall have the right to possess a copy of the report and to disclose the conclusions to the client's attorneys, accountants or other professional advisors as related to the property that is the object of this assignment, provided that such attorneys, accountants or advisors are advised in writing of Harry L. Schwarz & Co's rights under this Agreement prior to receipt of the appraisal report.
Appraisal Fees, Payment and Delivery of Report

We will provide the County of Passaic with appraisals and two (2) written appraisal reports and one electronic copy in PDF format for each of the five (5) properties that will meet the County’s requirements. Our total fee for the preparation of the appraisals of the five properties and the written reports will be $4,250.00 Dollars; based on a fee of $850.00 for each single-family residential property, and only appraisal.

Any invoice for services rendered pursuant to this agreement is based upon the fees specified in this agreement. Invoices are considered due upon receipt and will be deemed delinquent if not paid within 30 days of the date of the invoice. The client will be assessed a late charge of 1-1/2% per month if payments are not received prior to the date the invoice is deemed delinquent as defined herein. Additional late charges will be assessed each additional month thereafter that an invoice remains unpaid in whole or in part. In the event collection efforts are pursued to recover unpaid balances owed by the client, the client agrees to pay all costs of collection, including, but not limited to, attorneys’ fees at trial or on appeal.

Cancellation

The client may cancel this agreement at any time prior to the delivery of the appraisal report upon written notification to us. The client agrees to pay us for work completed on assignment prior to our receipt of their written cancellation notice, unless otherwise agreed upon between us in writing.

Other Costs, Expenses and Services

The appraisal fee does not include the cost of certain expenses that may be necessary for the preparation of the report; for example, but not limited to, structural and engineering studies of the improvements, environmental and wetlands studies or survey work.

If requested that we hire professionals to provide these services, an itemized bill for these expenses plus 15% for overhead and coordination will be presented upon the completion of the report. Any additional expenses or work contracted must be confirmed in writing prior to expenditure or proceeding. Payment for additional expenses, if incurred, will be due in full upon delivery of the report.

Legal counsel is beyond the scope of our services and is neither implied nor included. Preparation of any appeal forms, income or estate tax forms and/or representation as an advocate before the IRS, any State’s Department of Treasury or Department of Taxation, the County Board of Taxation or in the New Jersey Tax Court or in Superior Court is neither offered, implied, inferred nor included.
Expert Testimony

The fee quoted does not include any depositions, completion of interrogatories, preparation for or expert valuation testimony in court or attendance before any board or agency of inquiry or any additional conferences and meetings regarding this matter after delivery of the appraisal and report.

After delivery of the appraisal and report should the client or the client's representatives wish us to testify in any proceeding, attend any conferences, prepare or complete interrogatories or depositions, or negotiate with any other party, an additional fee will be charged based on the number of hours spent for preparation, negotiating and/or testifying invoiced at the rate of $800 per full day and $500 per half day.

Any additional work requested will be invoiced on an hourly basis at the rates shown on the attached fee schedule. Payment terms are the same as for the written appraisal report.

Property Access

The client agrees to arrange or provide me or my staff with access to the property on 10-days prior notice. For this purpose only, notice may be given by telephone, fax or e-mail from our office to the primary client contact.

Delivery of Appraisal Reports

The appraisal report can be delivered within about four (4) to six (6) weeks of the date we are notified in writing that we have been retained to prepare the appraisal under the terms outlined above and receipt of any independent professional's NRB report, if prepared. The completion date can only be met if we receive any relevant information needed for the preparation of the appraisal in a timely manner; including, if available, surveys, wetlands, flood maps and environmental data, and engineering studies, and, if appropriate, a detailed 3-year history of the property's income and expenses and copies of all current or existing leases.

The foregoing estimated date of delivery or completion schedule does not constitute a guarantee that the assignment will be completed within such time periods; however, we will use commercially reasonable efforts to complete the assignment on or before the date of delivery or pursuant to the completion schedule. In the event we are unable to complete the assignment within the time set forth herein, we will provide the client's representatives with reasonable notice of any anticipated delays, and will in good faith agree with you upon an alternative date of delivery or completion schedule.
Confidentiality

Neither I nor any of my employees will provide a copy of the written appraisal report to, or disclose the results of the appraisal that has been prepared for the client in accordance with this agreement, with any party other than your representatives unless the authorizes to disclose such results, except as stipulated in the “Confidentiality Section” of the “ETHICS RULE” of the Uniform Standards of Professional Appraisal Practice (USPAP).

General Information

Additional copies of the summary appraisal report will be available at a cost of $45.00 per copy plus delivery charges. The delivery method and delivery addresses for such additional copies must be specified by written notice.

For your review, herewith is included a copy of my Professional Qualifications, the “Assumptions and Limiting Conditions” and the “Certification” under which the appraisals will be prepared. Please review this proposal and the attachments.

Preparation of the appraisals will commence upon receipt of a signed copy of this letter, an initialed copy of the “Assumptions and Limiting Conditions”, the “Certification” and the fee schedule.

Should you have any questions about any terms set forth in this letter or in the attachments, please contact me. I look forward to working with you on this assignment.

Very truly yours,

HARRY L. SCHWARZ & CO.

Assumptions & Limiting Conditions

It is assumed that title to the property is good and marketable. No survey has been made and the value estimate is given without regard to question of title, boundaries, encumbrances or encroachments. No responsibility is assumed for matters of a legal nature.

The appraiser herein, by reason of this appraisal, shall not be required to give testimony or to appear in court or at any hearing with regard to the property in question without special financial arrangements having been completed.

The by-laws and Regulations of the professional appraisal organizations with which the Appraiser is affiliated govern disclosure of the contents of the appraisal.

As required by the New Jersey State Board of Real Estate Appraisers, the Appraisal Institute and by applicable law, this appraisal has been made in accordance with the Uniform Standards of Professional Practice (USPAP) as promulgated by the Appraisal Foundation and as required by Title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA).

However, the "Departure Provisions" of the USPAP are invoked herein where the requirements of USPAP are non-applicable; such as, the requirements for the Cost Approach to Value and the Income Approach to Value techniques and the analyses in cases involving the appraisal of vacant land. Also, The "Departure Provisions" are invoked and the USPAP not applicable in cases where government agencies; such as, the New Jersey Department of Transportation, the New Jersey Department of Environmental Protection and others have their own formats, procedural handbooks and content requirements, as well as the appraisal content requirements set forth in the URAR formats approved by Fannie Mae, Freddie Mac and other federal agencies. Also, The "Departure Provisions" are invoked for cases involving the New Jersey Tax Court, County Tax Boards and other Courts in general where FIRREA is superseded by an official court jurisdiction, which wishes to consider a summary appraisal. These provisions are also invoked in cases where a client or attorney specifically requests a brief or summary type report in a non-federal related matter.

Neither all nor any part of the contents of this report, especially any conclusions as to the value, the identity of the Appraiser or the firm with which the Appraiser is connected, or any references to the professional appraisal organizations with which the Appraiser is affiliated, shall be disseminated to the public through advertising media, public relations media, new media, sales media or any other public means of communications without the prior written consent and approval of the undersigned.

Initial here __________
Assumptions & Limiting Conditions (Cont'd.)

In this appraisal assignment, the existence of toxic waste or potentially hazardous material, which may or may not be present on the property or adjoining properties, has not been considered unless specified within the body of this report. The Appraiser is not qualified to detect such substances.

If the subject property comes within the definitions of and is subject to the application of the New Jersey Environmental Cleanup Responsibility Act (ERCA) N.J.S.A. 13:1K-6 et. seq., the Industrial Site Recovery Act (ISRA), the Underground Storage Tank Act (USTA) or any other law or regulation promulgated by any Federal or State agencies, such conditions and responsibilities of the property owner as may be imposed by the provisions of these laws have not been taken into consideration in the appraisal process or the value estimate unless specified within this report. It is assumed that the owner can and will obtain a letter of Non-applicability from the Bureau of Industrial Site Evaluation or approval of a negative declaration from the New Jersey Department of Environmental Protection as required by law.

Any information in this report furnished by others is assumed to be reliable, but the Appraiser assumes no responsibility for its accuracy.

It is assumed that the municipal tax map and records and/or any documentation or maps provided by the client correctly delineate the property under appraisal.

Initial here _________
CERTIFICATION

I certify that, to the best of my knowledge and belief:

1. The statements of fact contained in this report are true and correct.

2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.

3. I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest with respect to the parties involved.

4. I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within a three-year period immediately preceding acceptance of this assignment.

5. I have no bias with respect to the property that is the subject of this report, and I have no bias with respect to the parties involved with this assignment.

6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.

7. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

8. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.

9. I have made a personal inspection of the property that is the subject of this report.

10. No one provided significant real property appraisal assistance to the person signing this certification, except as may be set forth in the letter of transmittal of this report.

11. I certify that the use of this report is subject to the requirements of the Appraisal Institute relating to review by duly authorized representatives.

12. As of the date of this report, I, Robert G. Schwarz, have completed the requirements under the continuing education program of the Appraisal Institute and the State of New Jersey.

Dated: September 15, 2016
RESOLUTION AUTHORIZING A SHARED SERVICES AGREEMENT BY AND BETWEEN THE PASSAIC VALLEY WATER COMMISSION AND THE COUNTY OF PASSAIC FOR THE RELOCATION OF A WATER MAIN FOR THE REPLACEMENT OF THE EIGHTH STREET BRIDGE PROJECT

WHEREAS the Eighth Street Bridge (Structure No. 1600004) over the Passaic River between the City of Passaic and the Borough of Wallington in Bergen County, New Jersey, a jointly owned Passaic and Bergen County Bridge has been identified as being structurally deficient due to the poor conditions of the superstructure; and

WHEREAS by R-2016-0348 dated April 26, 2016, a contract was awarded to Konkus Corporation ("County Contractor") for the construction of the Replacement of the Eighth Street Bridge project; and

WHEREAS the Office of the Passaic County Engineer has received a Shared Services Agreement from the Passaic Valley Water Commission for use of the Eighth Street Bridge over the Passaic River to relocate an existing 8" water main that was installed on the sidewalk and remove and attach it to the new bridge; and

WHEREAS the County Contractor for the Replacement of the Eighth Street Bridge Project will perform several tasks for the Passaic Valley Water Commission, as explained in the letter from the Office of the Passaic County Engineer dated August 31, 2016, (attached hereto and made a part hereof); and

WHEREAS the Passaic Valley Water Commission will supply certain materials for the work and also reimburse the County for
the work performed by the County Contractor to relocate the
water main; and

WHEREAS this matter has been reviewed by the Freeholder
Committee for Public Works and Buildings & Grounds at its
August 29, 2016 meeting and recommended for approval by the
full Board; and

NOW THEREFORE BE IT RESOLVED by the Board of
Chosen Freeholders of the County of Passaic that it hereby
authorizes a Shared Services Agreement by and between the
Passaic Valley Water Commission and the County of Passaic in
order to permit the County Contractor on said project to relocate
an 8" water main for the Passaic Valley Water Commission onto
the new Eighth Street Bridge.

BE IT FURTHER RESOLVED that the Director and Clerk to
the Board be authorized to execute the said Agreement on behalf
of the County of Passaic.

Re: Replacement of Eighth Street Bridge over
The Passaic River, Structure No. 1600004
City of Passaic and Borough of Wallington, Passaic and Bergen Counties
State Job Number: 7007319
Share Services Agreement-Passaic Valley Water Commission

Dear Members of the Board:

This Office has received three (3) originals of the Share Services Agreement with Passaic Valley Water Commission for use of the Eighth Street Bridge over the Passaic River to install 8" water main.

The existing 8" water main that was installed on the sidewalk of the Eighth Street Bridge will be removed and attached to the new bridge. The County Contractor for the replacement of the Eighth Street Bridge will perform the following work for the Passaic Valley Water Commission as shown on the construction plans and the supplementary specifications:

Pay Item No. 93 - 8" Water Pipe, Installation Only.
Pay Item No. 93A - Relocate Water Meter Chamber.
Pay Item No. 188 - 8" Water Pipe Bridge, Installation Only.

Passaic Valley will supply pipes, valves, pipe hangers on bridge, pipe restraints rods, glands and all appurtenances.

Passaic Valley Water Commission will reimburse the County for the work performed by the County Contractor.

This Agreement was reviewed and discussed by the Public Works Committee at its meeting of August 29, 2016 and was recommended for approval to the full Board.

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution#: R20160748
Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution authorizing the Director and the Clerk to sign and execute the Share Services Agreement.

Very truly yours,

Steven J. Edmond, P.E.

RESOLUTION RECOMMENDING AN AWARD OF CONTRACT FOR CONSTRUCTION ENGINEERING AND INSPECTION SERVICES FOR THE HIGH FRICTION SURFACE TREATMENT PROJECT IN BLOOMINGDALE, RINGWOOD, WANAKE, AND WEST MILFORD, NJ TO BOSWELL ENGINEERING UPON RECEIPT OF APPROVAL FROM THE NEW JERSEY DEPARTMENT OF TRANSPORTATION

WHEREAS there exists a need for Professional Consultant Environmental Design services and the Passaic County Engineer’s Office has received competitive quality based proposals for construction engineering and inspection services for the High Friction Surface Treatment Project in Bloomingdale, Ringwood, Wanaque, and West Milford, NJ; and

WHEREAS as part of the Federal process for selecting professional engineering consultants, a multi-agency evaluation of the proposals was conducted with Boswell Engineering of South Hackensack, NJ being selected as having the best qualitative proposal; and

WHEREAS upon selection of the best proposal and said proposal being evaluated and recommended by the Office of the Passaic County Engineer, NJDOT-Local Aid, and NJTPA, negotiations were conducted with the consultant Boswell Engineering and a final fee was negotiated; and

WHEREAS the final fee negotiated and submitted to the NJDOT for approval was $105,228.30.00 as evidenced in the attached proposal; and

WHEREAS by letter dated August 30, 2016 the Office of the Passaic County Engineer has recommended that the Board of Chosen Freeholders approve an award of contract to Boswell Engineering for the High Friction Surface Treatment Project in Bloomingdale, Ringwood, Wanaque, and West Milford, NJ upon
receipt of approval from the New Jersey Department of Transportation; and

WHEREAS this matter was discussed by the Freeholder members of the Committee for Public Works & Buildings & Grounds at their meeting on August 29, 2016 who are recommending approval by the entire Board; and

WHEREAS the Local Public Contracts Law, N.J.S.A. 40A:11-1, et seq., requires that the resolution authorizing the award of contract for “Professional Services” without competitive bids and the contracts itself must be available for public inspection; and

WHEREAS said Boswell Engineering has been qualified as a pool professional engineer in a “Fair and Open” procedure pursuant to the resolution of the Board of Chosen Freeholders of the County of Passaic, R-2016-067, dated January 26, 2016 as set forth in Pay to Play Law N.J.S.A. 19:44A-20.4 et seq.; and

WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby approves the award of contract to Boswell Engineering for construction engineering and inspection services for the High Friction Surface Treatment Project in Bloomingdale, Ringwood, Wanaque, and West Milford, NJ pending approval from the NJDOT.

BE IT FURTHER RESOLVED that the Director, Clerk of the Board and County Counsel are hereby authorized to
execute the necessary contract on behalf of the County of Passaic; and

**BE IT FURTHER RESOLVED** that this contract is awarded without competitive bidding as a “Professional Services” contract in accordance with N.J.S.A. 40A: 11-5(1)(a) of the Local Public Contracts Law because:

1. The consulting firm is authorized and regulated by the law to provide the aforementioned services;

2. The performance of the services are special in nature and require knowledge of an advanced type training, which said consulting firm possesses; and

**BE IT FURTHER RESOLVED** that a Notice of this action be published in the NORTH JERSEY HERALD & NEWS.

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE AWARD OF CONTRACT TO KEY-TECH LABORATORIES OF KEYPORT, NJ FOR ON-CALL TESTING SERVICES FOR THE BLACK OAK RIDGE ROAD & POMPTON PLAINS CROSSROAD INTERSECTION IMPROVEMENTS PROJECT AS PER BID

WHEREAS bids were received by the County of Passaic on January 30, 2015 for on-call testing services for construction, geotechnical and environmental material; and

WHEREAS Passaic County passed Resolution R-2015-0144 on February 24, 2015 awarding a contract to Key-Tech Laboratories of Keyport, New Jersey on an as-needed basis over a two-year period; and

WHEREAS the Passaic County Engineering Department by letter dated August 31, 2016 is recommending that said Key-Tech Laboratories be authorized to be paid an allowance for providing professional testing services in the amount of $1,175.00 for the Black Oak Ridge Road & Pompton Plains Crossroad Intersection Improvements Project in conformity with their competitive bid received under the 2015-2017 On-call Testing Program and Proposal of Services/Fee Schedule dated April 7, 2015 (copy of letter and proposal attached hereto and made a part hereof); and

WHEREAS the Public Works and Buildings & Grounds Committee discussed this matter at the August 29, 2016 meeting and recommend that it be approved by the entire Board; and

WHEREAS a certification is attached indicating the availability of funds for said expenditure.
NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the utilization of the services of Key-Tech Laboratories of Keyport, NJ to conduct the needed professional testing services for the Black Oak Ridge Road & Pompton Plains Crossroad Intersection Improvements Project for the sum of $1,175.00 in conformity with Board Resolution R-2015-0144 dated February 24, 2015 award of bid to them.

BE IT FURTHER RESOLVED that the Clerk of the Board, the Purchasing Agent and the Director of the Board are hereby authorized to execute all necessary agreements on behalf of the County of Passaic as prepared by the Office of the County Counsel for said purpose.

           Improvements
           Testing Services Contract – Key-Tech Laboratories

Members of the Board:

We respectfully request that the Board of Chosen Freeholders authorize a contract with
Key-Tech Laboratories of PO Box 48, Keyport, NJ 07735 for the purpose of providing
Testing Services for the subject project. Key-Tech provided a competitive bid under the
2015-2017 On-call Testing Program. Please award this contract under the competitive
bid received from Key Tech and approved by Resolution 2015-0144, February 24, 2015.

The Public Works and Buildings & Grounds Committee, at their meeting of August 29,
2016, recommended that the full Board authorize this Testing Services Contract.

Therefore, it is recommended that the Board of Chosen Freeholders ADOPT a
RESOLUTION authorizing a Contract with Key-Tech Laboratories in the amount of
$1,175.00.

Very truly yours,

Re: Passaic County 2015 Resurfacing Program
Black Oak Ridge Road and Pompton Plains Crossroad
Township of Wayne – Passaic County, NJ
Key-Tech Job No.: 15-330

Dear Mr. Mettlen:

Enclosed please find our Proposal of Services/Fee Schedule for the above referenced project in response to your request dated April 5, 2015.

Our laboratory is inspected and/or certified, on an annual basis, by the Cement and Concrete Reference Laboratory (CCRL) and American Association of State Highway and Transportation Officials (AASHTO) each a division of the National Institute of Standards and Technology. Our laboratory has a 4.0 proficiency rating. We are fully committed to providing these services with the highest level of quality in our inspection force including an internal quality control assurance program.

Should you have any questions or require additional information please do not hesitate to contact this office.

Sincerely,

COST ESTIMATE

Based upon the request dated November 4, 2015 from Mr. Timothy Mettlen, P.E., Assistant
County Engineer, our cost estimate for budgeting purposes is, in accordance with our current
Contracted rate is .......................................................... $1,175.00

Please note that only the services required and authorized would be invoiced based upon our per
diem/test rate listed below. Services beyond our original estimate would not be performed
without client authorization.

FIELD / LABORATORY SERVICES:

Bituminous Concrete Core Drilling  $850.00 per day  x  1 days  $850.00

(Total of 1 Lot: 5 Surface Course Core Samples)

Bulk Specific Gravity  $35.00 per core  x  5 cores  $175.00
Maximum Theo. Specific Gravity  $75.00 per core  x  2 cores  $150.00

TOTAL ESTIMATED COST  $1,175.00

AUTHORIZATION:

If the terms and conditions described above are acceptable to you, please sign one copy of this
proposal and return it to our office.

Testing Services Contract – Key-Tech Laboratories

Members of the Board:

We respectfully request that the Board of Chosen Freeholders authorize a contract with Key-Tech Laboratories of PO Box 48, Keyport, NJ 07735 for the purpose of providing Testing Services for the subject project. Key-Tech provided a competitive bid under the 2015-2017 On-call Testing Program. Please award this contract under the competitive bid received from Key Tech and approved by Resolution 2015-0144, February 24, 2015.

The Public Works and Buildings & Grounds Committee, at their meeting of August 29, 2016, recommended that the full Board authorize this Testing Services Contract.

Therefore, it is recommended that the Board of Chosen Freeholders ADOPT a RESOLUTION authorizing a Contract with Key-Tech Laboratories in the amount of $1,175.00.

Very truly yours,

Dated: September 15, 2016
RESOLUTION RECOMMENDING AN AWARD OF CONTRACT FOR CONSTRUCTION ENGINEERING AND INSPECTION SERVICES FOR THE CENTERLINE RUMBLE STRIPS PROJECT IN VARIOUS MUNICIPALITIES OF PASSAIC COUNTY TO BOSWELL ENGINEERING UPON RECEIPT OF APPROVAL FROM THE NEW JERSEY DEPARTMENT OF TRANSPORTATION

WHEREAS the Passaic County Engineer’s Office has received competitive quality based proposals for construction engineering and inspection services for the Centerline Rumble Strips Project in various municipalities throughout Passaic County, NJ; and

WHEREAS as part of the Federal process for selecting professional engineering consultants, a multi-agency evaluation of the proposals was conducted with Boswell Engineering of South Hackensack, NJ being selected as having the best qualitative proposal; and

WHEREAS upon selection of the best proposal and said proposal being evaluated and recommended by the Office of the Passaic County Engineer, NJDOT-Local Aid, and NJTPA, negotiations were conducted with the consultant Boswell Engineering and a final fee was negotiated; and

WHEREAS the final fee negotiated and submitted to the NJDOT for approval was $89,657.00, as evidenced in the attached proposal; and

WHEREAS by letter dated August 30, 2016 the Office of the Passaic County Engineer has recommended that the Board of Chosen Freeholders approve an award of contract to Boswell Engineering for the Centerline Rumble Strips Project in various municipalities throughout Passaic County upon receipt of
approval from the New Jersey Department of Transportation; and

WHEREAS this matter was discussed by the Freeholder members of the Committee for Public Works & Buildings & Grounds at their meeting on August 29, 2016 who are recommending approval by the entire Board; and recommending approval by the entire Board; and

WHEREAS the Local Public Contracts Law, N.J.S.A. 40A:11-1, et seq., requires that the resolution authorizing the award of contract for “Professional Services” without competitive bids and the contracts itself must be available for public inspection; and

WHEREAS said Boswell Engineering has been qualified as a pool professional engineer in a “Fair and Open” procedure pursuant to the resolution of the Board of Chosen Freeholders of the County of Passaic, R-2016-067, dated January 26, 2016 as set forth in Pay to Play Law N.J.S.A. 19:44A-20.4 et seq.; and

WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure; and

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby approves the award of contract to Boswell Engineering for construction engineering and inspection services for the Centerline Rumble Strips Project in various municipalities throughout Passaic County pending approval from the NJDOT.

BE IT FURTHER RESOLVED that the Director, Clerk of the Board and County Counsel are hereby authorized to
execute the necessary contract on behalf of the County of Passaic; and

**BE IT FURTHER RESOLVED** that this contract is awarded without competitive bidding as a “Professional Services” contract in accordance with N.J.S.A. 40A: 11-5(1)(a) of the Local Public Contracts Law because:

(1) The consulting firm is authorized and regulated by the law to provide the aforementioned services;

(2) The performance of the services are special in nature and require knowledge of an advanced type training, which said consulting firm possesses; and

**BE IT FURTHER RESOLVED** that a Notice of this action be published in the NORTH JERSEY HERALD & NEWS.

September 13, 2016

RESOLUTION AUTHORIZING ACCEPTANCE OF GRANT FUNDS FROM STATE OF NEW JERSEY OFFICE OF HOMELAND SECURITY AND PREPAREDNESS UNDER THE FFY16 URBAN AREAS SECURITY INITIATIVE (UASI-LOCAL SHARE) GRANT PROGRAM (CFDA#97.067, AWARD # EMW-2016-SS-00052-S01)

WHEREAS the County of Passaic is in receipt of notification from the State of New Jersey Office of Homeland Security and Preparedness that it has been awarded $657,500.00 in grant funds under the FFY16 Urban Areas Security Initiative (UASI-Local Share), CFDA#97.067, Award # EMW-2016-SS-00052-S01), with no County match required, for the period of September 1, 2016 through August 31, 2019; and

WHEREAS the purpose of this award is to enhance the County’s ability to build, maintain and sustain national preparedness capabilities as it concerns threats and acts of terrorism; and

WHEREAS the by letter dated September 1, 2016, a copy of which is attached hereto and made a part hereof, the State has identified specific projects for which the within identified funding is made available; and

WHEREAS the Freeholder Law and Public Safety Committee has considered this request on September 6, 2016 and recommended this resolution to the full Board for adoption;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that, pursuant to the terms set forth above, as a matter of public policy, Passaic County wishes to accept the grant funding in an effort to participate with the State of New Jersey Department of Homeland Security and Preparedness to the greatest extent possible for the
operation of the said Passaic County FFY 16 Urban Areas
Security Initiative (UASI-Local Share); and

**BE IT FURTHER RESOLVED** that the Freeholder Director, Clerk to the Board, Finance Director and all other necessary officers and employees be and are hereby are authorized to execute such documents as are necessary to effectuate the terms of this Resolution.

RE: FFY16 Urban Areas Security Initiative (UASI-Local Share)  
(CFDA #97.067, Award #EMW-2016-SS-00052-S01)

Dear County Administrator DeNova:

The New Jersey Office of Homeland Security and Preparedness (OHSP) is pleased to advise you that Passaic County is awarded $657,500.00 from the FFY16 UASI-Local Share Grant Program. The main purpose of this funding is to enhance your agency’s and the UASI region’s ability to build, maintain and sustain national preparedness capabilities for the below listed projects which are outlined in the attached approved Project Proposals and Annexes.

TOTAL: $ 657,500.00

These funds will be available to your agency for allowable program expenditures upon the completion of the requirements listed below:

Introduced on: September 13, 2016  
Adopted on: September 13, 2016  
Official Resolution#: R20160752
1.) Return of a signed FFY16 Grant Agreement and required attachments (A through F) by October 14, 2016, to Kathleen Wynn, Grants Management Bureau, OHSP, at the above address.

2.) The awarding of these funds is conditioned upon your agency’s full participation with the OHSP Grant Tracking System (GTS). Your grant GTS administrator will be contacted by our grant liaison once the system is ready to accept entries for your approved projects.

Once these requirements are satisfied, spending authority will be granted and a fully executed Grant Agreement will be returned for your records. Failure to complete these requirements within the prescribed time frames may cause this award to be rescinded and any expenditure will be ineligible for reimbursement.

The attached Grant Agreement sets forth the certifications, terms, conditions and assurances required of your agency before OHSP will authorize the agency to make program expenditures. Please review the Grant Agreement carefully. It is important that the Grant Agreement and required federal certifications are signed and returned to OHSP by October 14, 2016. It is extremely important to implement the activities in the approved Project Proposal(s) and Annex(es) in a timely manner to avoid reprogramming of any awarded funds.

The FFY16 UASI grant program has a thirty-six (36) month period of performance (September 1, 2016, to August 31, 2019). On or about February 1, 2018, OHSP will conduct a mid-term financial and programmatic review to determine progress in meeting stated objectives/goals and expenditure activity (at least 50% of these funds should be legally/contractually obligated). As referenced within the Grant Agreement, please note that 100% of these funds shall be legally/contractually obligated by February 1, 2019. Final reimbursement packages are to be completed and forwarded to OHSP by July 31, 2019. Reimbursement request packages are to be submitted to OHSP on a quarterly basis, reference Section IX, A in the attached Grant Agreement.

OHSP recognizes there may be extraordinary circumstances that necessitate an extension on a case-by-case basis. FEMA has informed us, however, that they will only approve extensions based upon compelling legal, policy or operation challenges. Therefore, it is critical to observe the above provided performance dates.

During the period of performance for this grant, any intended programmatic changes must be submitted to OHSP using the Project Proposal(s) and Annex(es). Once the revised Project Proposal and Annex have been reviewed and approved, spending authority for the documented changes will be granted. All programmatic changes must be approved by the
Mr. Anthony J. DeNova

Dated: September 15, 2016
RESOLUTION AUTHORIZING PURCHASE OF FOUR (4) VANS FOR THE PASSAIC COUNTY SHERIFF’S OFFICE THROUGH STATE CONTRACT

WHEREAS the Passaic County Sheriff’s Office has requested the purchase of four (4) 2017 Express 2500 Passenger Vans from Mall Chevrolet, Inc. in the amount of $98,760.00 through State Contract #88229; and

WHEREAS the Board of Chosen Freeholders is desirous of approving said purchase in accordance with the terms of the referenced State Contract and the attachment hereto, and authorizing the Purchasing Agent to issue the appropriate Purchase Order; and

WHEREAS the Freeholder Law and Public Safety Committee considered this matter on September 6, 2016, and recommended this resolution to the full Board for adoption; and

WHEREAS a certification is attached indicating that funds are available for the above contemplated expenditure from budgeted funds;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that, pursuant to
the terms set forth above, it hereby authorizes the purchase of four (4) 2017 Express 2500 Passenger Vans from Mall Chevrolet, Inc., for the Passaic County Sheriff's Department through State Contract # 88229; and

**BE IT FURTHER RESOLVED** that the Purchasing Agent and all other necessary officers and employees be and hereby are authorized and directed to take such further actions and sign such documents as are necessary to effectuate the purpose of this resolution, including but not limited to issuance of an appropriate Purchase Order.

RESOLUTION AUTHORIZING PURCHASE OF TWO (2) BALLISTIC SHIELDS FOR THE PASSAIC COUNTY SHERIFF’S OFFICE THROUGH STATE CONTRACT

WHEREAS the Passaic County Sheriff’s Office has requested the purchase of two (2) ballistic shields to be utilized by Sheriff’s Office Courthouse personnel from Atlantic Tactical in the amount of $6,844.00 through State Contract #82102; and

WHEREAS the Board of Chosen Freeholders is desirous of approving said purchase in accordance with the terms of the referenced State Contract and the attachment hereto, and authorizing the Purchasing Agent to issue the appropriate Purchase Order; and

WHEREAS the Freeholder Law and Public Safety Committee considered this matter on September 6, 2016, and recommended this resolution to the full Board for adoption; and

WHEREAS a certification is attached indicating that funds are available for the above contemplated expenditure from budgeted funds;
NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that, pursuant to the terms set forth above, it hereby authorizes the purchase of two (2) ballistic shields from Atlantic Tactical, for the Passaic County Sheriff's Office through State Contract # 82102; and

BE IT FURTHER RESOLVED that the Purchasing Agent and all other necessary officers and employees be and hereby are authorized and directed to take such further actions and sign such documents as are necessary to effectuate the purpose of this resolution, including but not limited to issuance of an appropriate Purchase Order.

SUMMARY OF SERVICES

Fire Alarm Test & Inspect - Parts and Labor (Panel & Peripherals) - SIMPLEX PROG 4100U SYSTEM

FIRE ALARM PANEL AND PERIPHERAL COMPONENT REPLACEMENT FOR FIRE ALARM SYSTEMS:
The Platinum Plan covers component replacement on the central processing unit, including reprogramming of
system due to failure, replacement of circuit boards, and all components in the control panels, annunciator panels,
transponders, printers, keyboards monitors, and peripheral devices (smoke detectors, pull stations, audible/visible
units, door contacts, etc.) associated with system. Replacement of the entire fire alarm panel, batteries, faulty wiring
and/or ground faults are not covered.

TEST AND INSPECTION OVERVIEW:
Our trained technicians will perform inspections and diagnostic tests for the accessible peripheral devices listed and
currently connected to the facility fire alarm system. Tests will be scheduled in advance. (See “List of Equipment”
page for equipment to be tested.)

DOCUMENTATION:
Accessible components and devices logged for:
- Location of each device tested, including system address or zone location
- Test results and applicable voltage readings
- Any discrepancies found noted (individually and on a separate summary page)

Inspection documentation provided to Customer's rep. NOTE: Certain additional services may be required by the
respective Authority Having Jurisdiction (AHJ). AHJ or internal organizational requirements may be more restrictive
than state/provincial requirements. The Building owners and managers should make themselves aware of
applicable codes and references in order to ensure that contracted services fulfill requirements.

Smoke Detector Cleaning - 50% of Devices Annual

DETECTOR CLEANING SMOKE DETECTORS:
Accessible smoke detection devices will be cleaned using manufacturer's recommended procedure. Devices may
be disassembled to expose the smoke chamber (when applicable.) NOTE: Certain types of analog smoke sensors
will be cleaned as needed per panel readings.

Smoke Detector Sensitivity Testing - 50% of Devices Annual

SENSITIVITY TESTING FOR CONVENTIONAL SMOKE DETECTORS:
Smoke detector sensitivity testing will be performed on smoke detectors. Testing will be performed using UL/ULC
approved sensitivity testing equipment. Devices performing outside the listed sensitivity range will be re-cleaned
and re-tested, and, if necessary, tested and recommended for replacement. NOTE: Certain types of analog smoke
sensors automatically satisfy this testing requirement through sensitivity reports printed from the fire alarm panel.
Excludes dual smoke detectors.

Emergency Service (Normal Working Hours)

Emergency Service (Provided during normal working hours, Monday-Friday excluding our holidays). This service
includes labor, travel, and mileage charges for repairs associated with normal wear-and-tear. Standard service will
be provided within 24 hours of notification Monday through Friday, excluding our holidays, unless outlined in the
agreement.

SERVICE COVERAGE:
Silver Service Plan - Labor charged at standard service rates up to and including overtime
Gold Parts Service Plan - Panel Parts included. Labor charged at standard service rates up to and including overtime.

Gold Labor Service Plan - Panel Labor included. Parts not included.

Gold Parts/Labor Service Plan - Parts and Labor included on panel only.

Platinum Service Plan - Parts and Labor included on covered system.
SPECIAL PROVISIONS

This agreement is for Platinum Coverage 7:00 am to 4:30 pm including Panel, Parts and Labor for service calls. There is a separate agreement for the Annual Inspection and a separate optional agreement for 24/7 coverage. Please note platinum maintenance coverage excludes replacement of the entire fire alarm panel, faulty wiring and/or ground faults, vandalism, natural disaster (lightning, electrical storm, or other severe weather; water, accident; fire, and acts of God) is not covered.

NJ State Contract #S9717

Normal Business Hours are Monday through Friday 7:00 am to 4:30 pm

Passaic County Board of Chosen Freeholders

Public Meeting (Board Meeting)

Date: Sep 13, 2016 - 5:30 PM  Location: Passaic County Community College - Public Safety A 300 Oldham Road Wayne, NJ 07470

Agenda: RESOLUTION AUTHORIZING PURCHASE OF SIX (6) PROTECH TITAN ASSAULT VESTS AND ACCESSORIES FOR THE PASSAIC COUNTY SHERIFF'S OFFICE THROUGH STATE CONTRACT, ALL AS NOTED IN THE RESOLUTION

THIS RESOLUTION WAS REQUESTED BY: SHERIFF'S DEPT

REVIEWS BY:

Anthony J. De Nova III COUNTY ADMINISTRATOR

APPROVED AS TO FORM AND LEGALITY:

William J. Pascrell, III, Esq. COUNTY COUNSEL

Dated: September 15, 2016
RESOLUTION AUTHORIZING PURCHASE OF SIX (6) PROTECH TITAN ASSAULT VESTS AND ACCESSORIES FOR THE PASSAIC COUNTY SHERIFF’S OFFICE THROUGH STATE CONTRACT

WHEREAS the Passaic County Sheriff’s Office has requested the purchase of six (6) Protech Titan Assault Vests and accessories to be utilized by the Sheriff’s SWAT Team personnel from Atlantic Tactical in the amount of $14,974.20 through State Contract #82102; and

WHEREAS the Board of Chosen Freeholders is desirous of approving said purchase in accordance with the terms of the referenced State Contract and the attachment hereto, and authorizing the Purchasing Agent to issue the appropriate Purchase Order; and

WHEREAS the Freeholder Law and Public Safety Committee considered this matter on September 6, 2016, and recommended this resolution to the full Board for adoption; and

WHEREAS a certification is attached indicating that funds are available for the above contemplated expenditure from budgeted funds;
NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that, pursuant to the terms set forth above, it hereby authorizes the purchase of six (6) Protech Titan Assault Vests, and accessories, from Atlantic Tactical, for the Passaic County Sheriff's Office through State Contract # 82102; and

BE IT FURTHER RESOLVED that the Purchasing Agent and all other necessary officers and employees be and hereby are authorized and directed to take such further actions and sign such documents as are necessary to effectuate the purpose of this resolution, including but not limited to issuance of an appropriate Purchase Order.

Dated: September 13, 2016

Dated: September 15, 2016
RESOLUTION AUTHORIZING THE EXECUTION OF A USE AND OCCUPANCY AGREEMENT BETWEEN PASSAIC COUNTY AND THE STATE OF NEW JERSEY TO FACILITATE THE OPERATION OF THE BROADBAND TECHNOLOGY OPPORTUNITIES PROGRAM

WHEREAS the State of New Jersey Office of Homeland Security and Preparedness (State) through a grant from U.S. Homeland Security has offered to provide secure and enhanced wireless communications services to public safety entities among them the City of Paterson, for a Program known as the Broadband Technology Opportunities Program (BTOP); and

WHEREAS as a part of the Program the State and City of Paterson have identified the Passaic County Public Safety Academy site in Haledon, NJ as a suitable location to place apparatus to facilitate this Program; and

WHEREAS while the Public Safety Academy facility is owned and operated by the Passaic County Community College, the site is owned by the County of Passaic; and

WHEREAS as a part of the Grant Program the State will place the appropriate apparatus on site at a location that has been identified by the County and take care of all costs for its erection and operation for at least three (3) years; and

WHEREAS in order to effectuate this Project the State has requested the County of Passaic execute a Use and Occupancy Agreement a copy of which is attached hereto and made a part hereof; and

WHEREAS this matter has been reviewed and is being recommended by the Freeholder Committee for Law & Public Safety;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of Passaic County that it hereby authorizes an agreement by and between the County of Passaic and State of New Jersey to allow the State to enter onto the property of the Passaic County Public Safety Academy in order to install the necessary apparatus to operate the Broadband Technology Opportunities Program and to service the equipment at the expense of the State for a period of three (3) years; and
BE IT FURTHER RESOLVED that the Director and Clerk to the Board as well as the Passaic County Counsel be authorized to execute the Use and Occupancy Agreement on behalf of Passaic County.

Dated: September 13, 2016
USE AND OCCUPANCY AGREEMENT

THIS AGREEMENT ("Agreement") is made as of the __________, day of __________, 2016 (the "Effective Date") by and between the STATE OF NEW JERSEY OFFICE OF HOMELAND SECURITY AND PREPAREDNESS ("State"), and _________________, a ___________________________ in New Jersey (the "Site Owner"), a municipality or county of the State of New Jersey (together, the "Parties," individually, a "Party").

WHEREAS, both the State and Site Owner wish to make reliable, resilient, secure mobile broadband services available to State and local public safety personnel as soon as possible to further the purposes of Executive Order 5 (Corzine 2006) and N.J.S.A. A:9-65(c); and

WHEREAS, the Middle Class Tax Relief Act of 2012 ("Act"), Pub. L. No. 112-96 (2012), requires the First Responder Network Authority ("FirstNet"), an independent authority within the National Telecommunications and Information Administration ("NTIA") of the U.S. Department of Commerce, to design, deploy, operate and maintain a nationwide public safety broadband network ("NPSBN"), including coverage in New Jersey; and

WHEREAS, a major challenge in the deployment of any wireless network is the identification and approval of sites for the installation or hosting of network equipment; and

WHEREAS, the State has entered a Spectrum Manager Lease Agreement ("SMLA") with FirstNet authorizing the State to provide wireless communications services to public safety entities on the 700 MHz public safety broadband spectrum and the State has received a grant under the Broadband Technology Opportunities Program ("BTOP") from NTIA which the State has used, in part, to identify and evaluate telecommunications sites for use in a pilot network precursor to the NPSBN ("Pilot Network"); and
WHEREAS, public safety stakeholders, including, but not limited to, law enforcement, fire, and emergency medical service personnel, will benefit from the enhanced communication and data sharing ability provided by the Pilot Network and the NPSBN; and

WHEREAS, the enhanced communication and data sharing abilities will position public safety stakeholders to more effectively prepare, respond, assist, and mitigate the impact of natural and manmade emergencies and disasters and otherwise further the mission of protecting life, property, and/or the environment; and

WHEREAS, the State has identified one or more site(s) ("Site(s)") owned and controlled by Site Owner as well-situated for use in the Pilot Network in New Jersey; and

WHEREAS, the State and Site Owner both desire that such Site(s) be used for the Pilot Network and thus help provide network coverage for public safety users in the vicinity of the Site(s); and

WHEREAS, the State desires to have access to and use a portion of Site Owner’s Site(s) and Site Owner desires to provide the State with access to and use of such portion of such Site(s) for use in the Pilot Network, subject to the terms and conditions set forth in this Agreement; and

NOW, THEREFORE, in consideration of the foregoing recitals, which are incorporated herein, the State and Site Owner agree as follows:

1. PREMISES, USE, AND ACCESS

1.1. Purpose of Agreement

This Agreement sets the terms for the use and occupancy of a portion of Site Owner’s Site(s) by the State (including, but not limited to, any of the State’s employees, agents, representatives, contractors or service providers) (collectively, the “State Participants”) for the purposes of developing, deploying, and providing wireless broadband service to public safety personnel, and associated activities contemplated in the Act and all other purposes associated therewith, incidental thereto or necessary therefor (“Permitted Purposes”).

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution #: R20160780
1.2. Individual Site Specifications

Attached as Exhibit A to this Agreement is an Individual Site Specification ("ISS"), in which each Site is described, and any additional terms and conditions applicable to each Site are set forth. Each ISS is subject to, and is incorporated into, the terms of this Agreement, unless otherwise provided in the ISS. When a term in the ISS conflicts with a term in this Agreement, the term in the ISS shall govern. Each ISS shall contain any Site-specific terms and conditions including, but not limited to: a description of the Site, a description of the existing structure(s) and/or facilities on the Site, a description of modifications the State intends to make to the Site (if any), the commencement date on which the State intends to occupy and use the Site(s), and any other Site-specific terms or conditions.

1.3. Grant of Use

The State Participants shall have the right to access, enter, and use the Site(s) for the Permitted Purposes. The State Participants shall not interfere with the Site Owner’s pre-existing uses of the Site(s), or use the Site(s) for any purposes other than the Permitted Purposes. In exchange for the use and occupancy of Site Owner’s Site, Site Owner is permitted to access the NPSBN created or deployed by the equipment in furtherance of the Permitted Purposes. However, Site Owner shall not use, access, move, alter, or otherwise interfere with any equipment placed on the Site(s).

1.4. Site Owner Reservation of Right of Use

Site Owner reserves for itself and its successors and assigns the right to use the Site(s) for any and all purposes that do not interfere with the State’s ability to carry out the Permitted Purposes.

1.5. Notice of Access

Except in the case of an emergency, State shall provide Site Owner reasonable prior notice, under the circumstances, of any person or entity that will be accessing the Site(s) on behalf of State. In the case of an emergency, State shall provide follow-up notification as is reasonable under the circumstances.
2. **TERM**

The Initial Term is three (3) years from the Effective Date. At least thirty (30) days prior to the expiration of the Initial Term, State shall give notice to Site Owner whether it intends to renew this Agreement. State may renew for two successive periods ("Renewal Term(s)") of one (1) year each. The combination of the Initial Term and any Renewal Term(s) are referred to as the "Term."

3. **TERMINATION**

Either Party may terminate this Agreement, or any ISS under this Agreement, at any time upon ninety (90) days' written notice to the other Party. If Site Owner exercises its right to terminate and the State is unable to locate a replacement site and move all of its equipment within the ninety (90) day period, then the State shall be entitled to extend the termination date for up to an additional ninety (90) days. Upon termination, State must remove all its equipment and repair any damage it may have caused to the Site(s), restoring the Site(s) to substantially the condition existing on the Commencement Date (as defined in the ISS), except for ordinary wear and tear and casualty.

4. **EQUIPMENT**

The State may place equipment on the Site(s), which shall include, but not be limited to, the equipment listed in the ISS. Any such equipment shall remain the property of the State, and the State shall be responsible for its removal upon termination or expiration of this Agreement.

5. **MAINTENANCE, SUPPORT, AND UPKEEP**

5.1.1. **The Site**

The Site Owner shall remain responsible for all of the regular maintenance and upkeep of the Site(s), including but not limited to 24-hour-per-day, 365-day-per-year physical security monitoring and surveillance, utilities, upkeep of access roads, parking and grounds associated with the Site(s).

Maintenance shall include any and all steps necessary to ensure the Site(s) can be utilized for the Permitted Purposes. Any exceptions to this general rule, if any, for a particular Site shall be described in
the applicable ISS. Site Owner shall notify State immediately when the Site Owner becomes aware of any condition, including unauthorized physical access to the Site, that may impact the security or function of the State’s equipment or the State’s use of the Site(s) to pursue the Permitted Purposes.

5.1.2. Insurance

The Site Owner, at Site Owner’s cost and expense, shall secure and maintain liability insurance covering the Site for bodily injury, property damage, and other damages imposed by law and assumed under this Agreement from insurance companies admitted or approved to do business in the State of New Jersey. The Site Owner expressly agrees that any insurance protection required herein or by the Agreement shall in no way limit the Site Owner’s obligations assumed in the Agreement and shall not be considered to relieve the Site Owner from liability in excess of such coverage nor shall it preclude the State from taking such other actions as are available to it under other provisions of the Agreement or otherwise in law or equity.

The above required Commercial General Liability Insurance policy or its equivalent shall name the State, its officers, and employees as “Additional Insureds” and include the blanket additional insured endorsement or its equivalent. The coverage to be provided under these policies shall be at least as broad as that provided by the standard basic, unamended, and unendorsed Commercial General Liability insurance occurrence coverage forms or its equivalent currently in use in the State, which shall not be circumscribed by any endorsement limiting the breadth of coverage.

The Site Owner shall, prior to the State’s placement of the Equipment on Site Owner’s Site, provide the State with a valid Certificate of insurance as evidence of the Site Owner’s insurance coverage in accordance with the foregoing paragraph and Section 6.2 of this Agreement. Such certificates of insurance shall specify that the insurance provided is of the types required above. Said insurance shall be maintained through the Term and Site Owner shall provide the State with new
certificates of insurance from time to time, so that the State is continuously in possession of evidence of
the Site Owner’s insurance in accordance with the foregoing provisions.

5.1.3. The Equipment

The State shall remain responsible for all maintenance, support, and upkeep of the equipment
placed on the Site. The State, at its cost and expense, shall maintain a special vehicle insurance policy
covering the equipment placed on the Site. Notwithstanding the placement of the equipment on Site
Owner’s Site, the equipment shall be subject to deployment at any time to provide NPSBN coverage,
support, testing, demonstration, and training, as needed, at the discretion of the State. Deployment of
the equipment off of the Site(s) shall not terminate this Agreement.

6. OTHER ITEMS

6.1. Agreement Assignable to Other State Agencies/Entities Upon Notice to Site Owner

Upon fifteen (15) days’ written notice to Site Owner, the State may, at its discretion, assign this
Agreement to another agency or instrumentality of the State of New Jersey. Such assignment, by its
terms, may apply to all Sites included in this Agreement, or else a subset of such Sites.

6.2. Notices

6.2.1. Method

Site Owner and State shall make all notices and correspondence related to this Agreement in
writing. E-mail communications fulfill this requirement.

6.2.2. Addresses

Site Owner and State shall send all notices and correspondence related to this Agreement to the
following:

<table>

</tbody>
</table>

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution#: R20160760
6.3. Compliance with Laws

State’s use of the Site(s) shall at all times comply, in all material respects, with any applicable laws, rules, regulations, and requirements.

6.4. Hazardous Substances

Neither Site Owner nor State will permit the existence of any hazardous materials or substances on the Site(s), except in strict compliance with all applicable laws, ordinances, rules, regulations and policies governing such hazardous materials or substances.

6.5. Liability

Any claims against the State are subject to the provisions of the New Jersey Tort Claims Act, N.J.S.A. 59:1-1 et seq., the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1 et seq. and the availability of appropriations. The State and the Site Owner hereby agree to allocate any and all third party claims as follows:

A. Subject to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1, et seq., the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1, et seq., and appropriations and the availability of funding, the State, at its own expense, shall be responsible for, and shall defend itself against, and hereby releases Site Owner for any and all suits, claims, losses, demands, expenses, or damages of whatsoever kind or nature, arising out of or in connection with any act or omission of the State, its employees, representatives, agents, independent contractors or invitees, related to this Agreement.

B. Site Owner shall be responsible for, at its own expense, and shall defend itself against, and hereby releases the State for any and all suits, claims, losses, demands, expenses, or damages of whatsoever kind or nature, arising out of or in connection with (i) the condition of the Site(s), and (ii) any act or omission of Site Owner, its employees, representatives, agents, independent contractors or invitees, related to this Agreement; provided, however, that nothing in this Section shall limit Site Owner’s obligations under Section 5.1.1.
6.6. Force Majeure

In the event that either Party is delayed or hindered in or prevented from the performance of any act required hereunder by reason of strikes, lockouts, labor troubles, unavailability or excessive price of fuel, power failure, riots, insurrection, war, terrorist activities, chemical explosions, hazardous conditions, fire, weather or acts of God, or by reason of any other cause beyond the exclusive and reasonable control of the Party delayed in performing work or doing acts required under the terms of this Agreement, then performance of any such act shall be extended for a period equivalent to the period of such delay.

6.7. Choice of laws

This Agreement and any included ISSs shall be governed by and construed under the laws of the State of New Jersey.

6.8. Writing is Entirety of Agreement

This Agreement, along with any appendices and included ISSs, constitutes the entire Agreement of the Parties and shall supersede all prior agreements addressing the same subject matter.

6.9. Modification of Agreement

Neither this Agreement nor any ISS included in this Agreement may be modified, except in writing and signed by both Parties.

6.10. Severability

If any term or part of this Agreement is ruled by a court to be void or invalid, such ruling shall not affect the remaining terms of this Agreement, which shall continue in full force and effect.

6.11. Approval to be Reasonable

In any case where the consent of either Party is to be given under this Agreement, such Party shall not unreasonably delay or unreasonably withhold its consent.
IN WITNESS WHEREOF, Site Owner and the State have executed this Agreement as of the Effective Date above.

RESOLUTION AUTHORIZING USE AND OCCUPANCY AGREEMENT BETWEEN [MUNICIPALITY/COUNTY] AND THE STATE OF NEW JERSEY, OFFICE OF HOMELAND SECURITY AND PREPAREDNESS

WHEREAS, the State of New Jersey, Office of Homeland Security ("OHSP"), which is in, but not of, the Department of Law and Public Safety, is administering and coordinating a federal grant awarded to the State of New Jersey for the Broadband Technology Opportunity Program ("BTOP") 700 MHz LTE Broadband Project ("BTOP Project"); and

WHEREAS, [MUNICIPALITY] desires to participate in the provision of the communication services provided by the BTOP Project and to further the interests of domestic preparedness; and

WHEREAS, OHSP and [MUNICIPALITY] desire to further the purpose of the BTOP Project by placing certain OHSP owned equipment within [the MUNICIPALITY] pursuant to the terms and conditions outlined in the Use and Occupancy Agreement attached hereto.

NOW, THEREFORE, BE IT RESOLVED by the [MUNICIPALITY GOVERNING BODY] of the ________________ of ________________, in the County of ________________, New Jersey, is hereby authorized and directed to:

(1) execute the Use and Occupancy Agreement in the name of [MUNICIPALITY]; and
(2) to execute the Use and Occupancy Agreement without competitive bidding in accordance with N.J.S.A. 40A:11-5(2) of the Local Public Contracts Law because said services are between a [Municipality/County] and the State of New Jersey and is excluded from competitive bidding and advertising; and
(3) to file a copy of this RESOLUTION with the chief financial officer of the [LOCAL GOVERNMENT UNIT], the OHSP, and the Division of Local Government Services in the Department of Community Affairs, as required by N.J.S.A. 52:34-10.6(b).

RESOLUTION ACCEPTING GRANT AWARD FROM THE U.S.
DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT FOR
THE PASSAIC COUNTY COMMUNITY DEVELOPMENT BLOCK
GRANT PROGRAM (CDBG) FY-2016

WHEREAS, the County of Passaic submitted the Five Year
Consolidated Plan for the period of FY 2013-2017 to the US
Department of Housing and Urban Development (USHUD); and

WHEREAS, on June 28, 2016, the Passaic County Board of
Chosen Freeholders adopted Resolution R-2016-560 authorizing the
Planning and Economic Development Department to submit an
application to the US Department of Housing and Urban Development
for financial assistance in the amount of $810,869.00 to fund the
Passaic County Community Development Block Grant Program for
FY 2016; and

WHEREAS, this matter was discussed at the Freeholder Planning
and Economic Development Committee meeting on July 13, 2016 and
was recommended to the full Board for approval;

NOW, THEREFORE, BE IT RESOLVED, that the Passaic County
Board of Chosen Freeholders hereby accept the grant award in the
amount of $810,869.00 from the US Department of Housing and
Urban Development, for the Passaic County FY 2016 Community
Development Block Grant Program; and

BE IT FURTHER RESOLVED that the Freeholder Director and
Clerk to the Board, as well as the Director of Economic Development,
are hereby authorized to act as the authorized representatives of the
County of Passaic and to execute all necessary documents and
certifications.

Mr. Michael La Place, Director
Passaic County Planning Department
Totowa Business Center
930 Riverview Drive - Suite 250
Totowa, New Jersey 07512

Dear Mr. La Place:

SUBJECT: FY 2016 Action Plan Approval
Passaic County, New Jersey

I am pleased to transmit to you the approval of your Fiscal Year 2016 Action Plan. The grant assistance being approved with the Plan is as follows:

Community Development Block Grant (CDBG) Program $810,869

Enclosed are the funding approval documents which are the CDBG Funding Approval Agreement (HUD 7082) and special conditions. These documents constitute the contract between the Department of Housing and Urban Development (HUD) and the County of Passaic.

Please sign all three copies of the agreement. Retain one copy for your records and return the other two copies to the address above within 5 days. Failure to execute and return the grant agreement within 30 days of the date of this letter may be deemed rejection of the grant and cause for HUD to determine that the funds are available for reallocation to other grantees.

The Office of Community Planning and Development has developed a website that provides the current regulations for each of your entitlement grant programs. I recommend that you use this resource as your guide for the implementation of your programs and all reporting requirements.

https://www.hudexchange.info/manage-a-program/

Please be reminded that before committing HUD assistance to any activity or project you must complete an environmental review per 24 CFR Part 58. Specifically, 24 CFR §58.22(a) states that neither a recipient nor any participant in the development process may commit HUD assistance on an activity or project until HUD has approved the recipient’s Request for Release of Funds (RROF) and the related certification from the responsible entity. Additionally, until the RROF is approved and notification of the release of funds is received, non-HUD funds may not be committed, nor may any activities or projects be undertaken, if the activity or project would
have an adverse environmental impact or limit the choice of reasonable alternatives. If the project or activity is exempt per §58.34 or categorically excluded (except in extraordinary circumstances) per §58.35(b), no request for release of funds (RROF) is required, but such determination must be documented in the environmental review record before committing HUD or non-HUD funds.

HUD has updated the Integrated Disbursement and Information System (IDIS) to begin phasing out the first-in-first-out (FIFO) accounting methodology. These changes ensure that IDIS both commits and disburses funds on a grant-specific basis, instead of using the FIFO (oldest money disbursed first) method that has been used for the CDBG Program to date. With these changes, grantees tied activity funding/commitment and draws to a specific grant in IDIS. Funds from pre-2015 grants continue to be committed and disbursed using the FIFO method.

For specific information and guidance concerning your grants and compliance with grant-based accounting requirements, please refer to the HUDexchange at:

https://www.hudexchange.info/manage-a-program/grant-based-accounting/

Please note that Federal agencies, including HUD, adopted 2 CFR Part 200 as requirements for Federal financial assistance programs by the interim final rule published December 19, 2014. Indirect costs are addressed in 200.414. With 2 CFR Part 200, grantees must accept a federally recognized indirect cost rate between the grantee and HUD or, if no such rate exists, either negotiate a rate between the grantee and HUD or establish a de minimis indirect cost rate (see also §200.331(a)(4)). Your indirect cost plans must be attached to each 2016 grant agreement and your indirect cost rates must be declared on each 2016 grant agreement.

Also, please note that:

- If a non-Federal entity has never received a negotiated indirect cost rate, it may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) as defined in §200.68, which may be used indefinitely (§200.414(f)).

- Non-Federal entities that have a federally negotiated indirect cost rate may apply for a one-time extension of the current rate for a period up to four years, subject to the review and approval of the cognizant agency for indirect costs. At the end of the four-year extension period, the non-Federal entity must negotiate a rate.
Please note the following items concerning the Annual Plan submission:

- Although the County itself does not receive ESG funds, as Passaic County is the Continuum of Care (CoC) lead, Screen AP-10 should contain a description of the consultation with the CoC to determine how ESG funds are allocated, develop performance standards and evaluate outcomes of projects and activities assisted with ESG funds, and develop funding policies and procedures for the operation and administration of HMIS. Future Plan submissions should include this information.

- Screen AP-10 in future Plan submissions should be expanded to more clearly identify and discuss how the following entries were included in the consultative process:
  1. Publicly funded institutions and systems of care that may discharge persons into homelessness.
  2. State and local health and child welfare agencies, including health department data on the addresses of housing units in which children have been identified as lead-poisoned.
  3. Adjacent units of general local government.

A primary goal of the Department is to reduce housing discrimination, affirmatively further fair housing through CPD programs and promote diverse, inclusive communities. To that end, we encourage your community to take all measures necessary to ensure compliance with the Fair Housing requirements associated with these funds. A copy of your Consolidated Plan/Annual Action Plan was provided to the Office of Fair Housing and Equal Opportunity for review.
Please note that approval of your Action Plan does not constitute approval of the proposed activities within the Plan. Passaic County should review and document that each activity, funded with the aforementioned resources, complies with applicable requirements and HUD regulations. We look forward to working with you during the year to accomplish the goals you have set forth for the County, and to further refine and improve the Consolidated Plan development process. In the meantime, if you have any questions or desire assistance concerning this letter or other items related to the community development programs, please contact Mr. Arthur J. D’Amaro, Senior Community Planning & Development Representative, at (973) 776-7293 or via email at Arthur.J.D’Amaro@hud.gov.

Sincerely,

Grant Agreement: This Grant Agreement between the Department of Housing and Urban Development (HUD) and the above named Grantee is made pursuant to the authority of Title I of the Housing and Community Development Act of 1974, as amended (42 USC 5301 et seq.). The Grantee's submissions for Title I assistance, the HUD regulations at 24 CFR Part 570 (as now in effect and as may be amended from time to time), and this Funding Approval, including any special conditions, constitute part of the Agreement. Subject to the provisions of this Grant Agreement, HUD will make the Funding assistance specified here available to the Grantee upon execution of the Agreement by the parties. The Funding assistance specified in the Funding Agreement may be used to pay costs incurred after the date specified in Item 4 above provided the activities to which such costs are related are carried out in compliance with all applicable requirements. Pre-agreement costs may not be paid with funding assistance specified here unless they are authorized in HUD regulations or approved by HUD and linked to the special conditions in the Funding Agreement. The Grantee agrees to assume all of the responsibilities for environmental review, decision making, and actions, as specified and required in regulations issued by the Secretary pursuant to Section 106(g) of Title I and published in 24 CFR Part 56. The Grantee further acknowledges its responsibility for adherence to the Agreement by subsequent actions to which it makes funding assistance hereunder available.

8. Special Conditions.

(a) The period of performance for the funding assistance specified in the Funding Approval ("Funding Assistance") shall begin on the date specified in item 4 and shall end on September 1, 2023. The Grantee shall not incur any obligations to be paid with such assistance after September 1, 2023.

(b) If Funding Assistance will be used for payment of indirect costs pursuant to 2 CFR 200, Subpart E - Cost Principles, attach a schedule in the format set forth below to the executed Grant Agreement that is returned to HUD. The schedule shall identify each department/agency that will carry out activities with the Funding Assistance, the indirect cost rate applicable to each department/agency (including if the de minimis rate is charged per 2 CFR §200.414), and the direct cost base to which the rate will be applied. Do not include indirect cost rates for subrecipients.

*Specify the type of cost base utilized - e.g., Modified Total Direct Costs (MTDC). Do not include amounts.

(c) In addition to the conditions contained on form HUD 7032, the grantee shall comply with requirements established by the Office of Management and Budget (OMB) concerning the Dun and Bradstreet Data Universal Numbering System (DUNS), the Central Contractor Registration (CCR) database, and the Federal Funding Accountability and Transparency Act as provided in 2 CFR part 25, Universal Identifier and Central Contractor Registration, and 2 CFR part 170, Reporting Subaward and Executive Compensation Information.

(d) The grantee shall ensure that no CDBG funds are used to support any Federal, State, or local projects that seek to use the power of eminent domain, unless eminent domain is employed only for a public use. For the purposes of this requirement, public use shall not be construed to include economic development that primarily benefits private entities. Any use of funds for mass transit, railroad, airport, seaport or highway projects as well as utility projects which benefit or serve the general public (including energy-related, communication-related, water-related and wastewater-related infrastructure), other structures designated for use by the general public or which have other common-carrier or public-utility functions that serve the general public and are subject to regulation and oversight by the government, and projects for the removal of an immediate threat to public health and safety or brownfield as defined in the Small Business
Liability Relief and Brownsfield Revitalization Act (Public Law 107–118) shall be considered a public use for purposes of eminent domain.

(e) The Grantee or unit of general local government that that indirectly receives CDBG funds may not sell, trade, or otherwise transfer all or any such portion of such funds to another such entity in exchange for any other funds, credits or non-Federal considerations, but must use such funds for activities eligible under title I of the Act.

(f) E.O. 12372-Special Contract Condition - Notwithstanding any other provision of this agreement, no funds provided under this agreement may be obligated or expended for the planning or construction of water or sewer facilities until receipt of written notification from HUD of the release of funds on completion of the review procedures required under Executive Order (E.O.) 12372, Intergovernmental Review of Federal Programs, and HUD’s implementing regulations at 24 CFR Part 52. The recipient shall also complete the review procedures required under E.O. 12372 and 24 CFR Part 52 and receive written notification from HUD of the release of funds before obligating or expending any funds provided under this agreement for any new or revised activity for the planning or construction of water or sewer facilities not previously reviewed under E.O. 12372 and implementing regulations.

Adopted on: September 13, 2016
Official Resolution #: R20160781
8. Special Conditions.

(a) The period of performance for the funding assistance specified in the Funding Approval ("Funding Assistance") shall begin on the date specified in item 4 and shall end on September 1, 2023. The Grantee shall not incur any obligations to be paid with such assistance after September 1, 2023.

(b) If Funding Assistance will be used for payment of indirect costs pursuant to 2 CFR 200, Subpart E - Cost Principles, attach a schedule in the format set forth below to the executed Grant Agreement that is returned to HUD. The schedule shall identify each department/agency that will carry out activities with the Funding Assistance, the indirect cost rate applicable to each department/agency (including if the de minimis rate is charged per 2 CFR §200.414), and the direct cost base to which the rate will be applied. Do not include indirect cost rates for subrecipients.

*Specify the type of cost base utilized - e.g., Modified Total Direct Costs (MTDC). Do not include amounts.

(c) In addition to the conditions contained on form HUD 7082, the grantee shall comply with requirements established by the Office of Management and Budget (OMB) concerning the Dun and Bradstreet Data Universal Numbering System (DUNS), the Central Contractor Registration (CCR) database, and the Federal Funding Accountability and Transparency Act as provided in 2 CFR part 25, Universal Identifier and Central Contractor Registration, and 2 CFR part 170, Reporting Subaward and Executive Compensation Information.

(d) The grantee shall ensure that no CDBG funds are used to support any Federal, State, or local projects that seek to use the power of eminent domain, unless eminent domain is employed only for a public use. For the purposes of this requirement, public use shall not be construed to include economic development that primarily benefits private entities. Any use of funds for mass transit, railroad, airport, seaport or highway projects as well as utility projects which benefit or serve the general public (including energy-related, communication-related, water-related and wastewater-related infrastructure), other structures designated for use by the general public or which have other common-carrier or public-utility functions that serve the general public and are subject to regulation and oversight by the government, and projects for the removal of an immediate threat to public health and safety or brownfield as defined in the Small Business
Liability Relief and Brownfield Revitalization Act (Public Law 107–118) shall be considered a public use for purposes of eminent domain.

(e) The Grantee or unit of general local government that that indirectly receives CDBG funds may not sell, trade, or otherwise transfer all or any such portion of such funds to another such entity in exchange for any other funds, credits or non-Federal considerations, but must use such funds for activities eligible under title I of the Act.

(f) E.O. 12372-Special Contract Condition - Notwithstanding any other provision of this agreement, no funds provided under this agreement may be obligated or expended for the planning or construction of water or sewer facilities until receipt of written notification from HUD of the release of funds on completion of the review procedures required under Executive Order (E.O.) 12372, Intergovernmental Review of Federal Programs, and HUD's implementing regulations at 24 CFR Part 52. The recipient shall also complete the review procedures required under E.O. 12372 and 24 CFR Part 52 and receive written notification from HUD of the release of funds before obligating or expending any funds provided under this agreement for any new or revised activity for the planning or construction of water or sewer facilities not previously reviewed under E.O. 12372 and implementing regulations.

Grant Agreement: This Grant Agreement between the Department of Housing and Urban Development (HUD) and the above named Grantee is made pursuant to the authority of Title 1 of the Housing and Community Development Act of 1974, as amended (42 USC 2366 et seq). The Grantee's Commitments for Title 1 Assistance, the HUD regulations at 24 CFR Part 570 (as now in effect and as may be amended from time to time), and the Funding Approval, including any special conditions, constitute part of the Agreement. Subject to the provisions of this Grant Agreement, HUD will make the funding assistance specified here available to the Grantee upon execution of the Agreement by the parties. The funding assistance specified in the Funding Approval may be used to pay costs incurred after the date specified in Item 4 above provided the activities to which such costs are related are carried out in strict compliance with all applicable requirements. Pre-agreement costs may not be paid with funding assistance specified here unless they are authorized by HUD regulations or approved by waiver and listed in the special conditions to the Funding Approval. The Grantee agrees to assume all of the responsibilities for environmental review, decision making, and actions, as specified and required in regulations issued by the Secretary pursuant to Section 106(g) of Title 1 and published in 24 CFR Part 58. The Grantee further acknowledges its responsibility for adherence to the Agreement by submission to HUD to which it makes funding assistance (hereafter referred to)

Dated: September 15, 2016
RESOLUTION AUTHORIZING AN AMENDMENT TO THE
PASSAIC COUNTY COMMUNITY DEVELOPMENT BLOCK
GRANT PROGRAM FY-2013 ACTION PLAN IN ORDER TO
REALLOCATE FUNDING TO THE BOROUGH OF WOODLAND
PARK FOR THE FY 2016 PROJECT TO CONSTRUCT A NEW
SANITARY SEWER MAIN ALONG GLOVER AVENUE

WHEREAS, the Passaic County Board of Chosen
Freeholders adopted Resolution R-2013-464 on June 25, 2013
authorizing the submission of a Five (5) Year Consolidated Plan
for the period of FY 2013-2017 to the US Department of Housing
and Urban Development in compliance with the rules and
regulations governing the Community Development Block Grant
Program; and

WHEREAS, the County of Passaic adopted Resolution
R-2013-464 on June 25, 2013 authorizing the submission of the
One Year FY 2013 Action Plan for a total grant amount of
$832,897.00; and

WHEREAS, the Department of Housing and Urban
Development notified the County of Passaic that it will receive
additional funding in the amount of $69,290 due to the
reallocation of FY 2011 funding within the New York-Jersey City-
White Plains, NY-NJ Metropolitan Division; and

WHEREAS, the total CDBG grant is now $902,187; and

WHEREAS, the Board of Chosen Freeholders of Passaic
County allocated CDBG FY 2013 funding to municipalities and
not-for-profit organizations via resolution R-2013-828 on
October 22, 2013; and
WHEREAS, the Borough of Woodland Park was allocated $198,000 to install ADA curb ramps throughout the Borough; and

WHEREAS, the contract amount for the installation of ADA curbs totaled $152,912 and the final as built amount totaled $140,718.88, resulting in an under expenditure of $57,281.12; and

WHEREAS, the Borough of Woodland Park initially requested that $51,776 of the FY 2013 allocation be re-allocated toward the demolition of an abandoned property located at 8 West 35th Street, Woodland Park; and

WHEREAS, the Board of Chosen Freeholders adopted Resolution R-2014-966 on December 9, 2014 authorizing the reallocation of funding for the demolition of 8 West 35th Street; and

WHEREAS, the Borough of Woodland Park subsequently requested that the demolition project be cancelled due to the sale of the home to a private developer and that the remaining CDBG FY 2013 funds be reallocated to support the implementation of the Woodland Park CDBG FY 2015 street improvement project, along Ray and Radcliff Avenues; and

WHEREAS, the Passaic County Board of Chosen Freeholders adopted Resolution R-2015-705 on September 29, 2015 to cancel the demolition project and reallocate $51,776 to the CDBG Woodland Park FY 2015 project; and
WHEREAS, the CDBG FY 2013 grant to Woodland Park has an unspent balance of $5,505.12; and

WHEREAS, the Borough of Woodland Park is now requesting (see copy of letter attached) that the remaining CDBG FY 2013 funding of $5,505.12 be re-programmed to the Woodland Park CDBG FY 2016 project to construct a new sanitary sewer main along Glover Avenue in the Borough; and

WHEREAS, the Passaic County Director of Economic Development is seeking approval to amend the CDBG FY 2013 Action Plan to allocate $5,505.12 to the CDBG FY 2016 Woodland Park project; and

WHEREAS, the County is cognizant of the conditions that are imposed in the undertaking and implementation of this Federal Assistance program; and

WHEREAS, this matter was discussed at the Freeholder Planning and Economic Development Committee meeting on August 31, 2016 and was recommended to the full Board for approval;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes the amendment of the CDBG FY 2013 Action Plan to re-allocate $5,505.12 to the Woodland Park FY 2016 CDBG project for the construction of a new sanitary sewer main along Glover Avenue; and

BE IT FURTHER RESOLVED that the Freeholder Director is hereby authorized to act as the official representative of the
County of Passaic and execute all documents and certifications that may be needed to effectuate this action.

Ms. Deborah Hoffman  
Division Director, Economic Development  
County of Passaic  
930 Riverview Drive  
Totowa, NJ 07512

RE: Passaic County FY2013 Community Development (CDBG) Award

Dear Ms. Hoffman:

In October of 2013, the Passaic County Board of Chosen Freeholders graciously awarded a FY2013 Passaic County CDBG to the Borough of Woodland Park (Borough) in the amount of $198,000 to support the installation of ADA curb ramps in over 70 locations within the Borough.

A contract was awarded to AJM Corporation to install the referenced ADA curb ramps and the final cost of the project is $140,718.88, leaving a balance of $57,281.12. $51,776.00 of that amount was reprogrammed to the FY2018 Project (resurfacing of Ray and Radcliffe Avenues) leaving a remaining balance of $5,505.12.

At this time the Mayor and Council of the Borough of Woodland Park requests that the remaining balance of $5,505.12 from the FY2013 Grant Award to the Borough be allocated to the Borough's FY2016 CDBG award for the construction of a sewer line along Glover Avenue to service the homes in that area.

If you have any questions regarding this request, please feel free to contact me.

Sincerely,

Kevin Galland

Dated: September 15, 2016
RESOLUTION AUTHORIZING AN AMENDMENT TO RESOLUTION R-2016-624 ACCEPTING GRANT FUNDS IN THE AMOUNT OF $132,048.00 FROM THE NORTH JERSEY TRANSPORTATION PLANNING AUTHORITY, FOR FISCAL YEAR 2017, UNIFIED PLANNING WORK PROGRAM (UPWP) SUBREGIONAL TRANSPORTATION PLANNING PROGRAM, WITH A COUNTY IN-KIND MATCH OF $33,012.00, TO BE AMENDED AS “COUNTY MATCH OF $33,012.00”

WHEREAS, the Board of Chosen Freeholders of the County of Passaic by Resolution R-2016-624 dated July 19, 2016 authorized acceptance of grand funds from the North Jersey Transportation Planning Authority for Fiscal Year 2017 Unified Planning Work Program (UPWP), Subregional Transportation Planning Program, for the North Jersey Transportation Planning Authority, Inc. (NJTPA); and

WHEREAS, that Resolution indicted that the County was required a county “in-kind match” of $33,012 when it should have indicated a required county match of $33,012, for a total of $165,060; and

WHEREAS, this matter was discussed at the Planning and Economic Development Committee on August 31, 2016 and it is being recommended to the whole Board for approval;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes an amendment to Resolution R-2016-624 dated July 19, 2016 to correct the language error and to read as, acceptance of $132,048.00 in grant funds with a county match of $33,012.00, for a total of $165,060.00; and
BE IT FURTHER RESOLVED that the Freeholder Director and Clerk to the Board are hereby authorized to execute all necessary documents and agreements by and between the County of Passaic and the North Jersey Transportation Planning Authority, Inc. and the New Jersey Institute of Technology, for Fiscal Year 2017 Unified Planning Work Program (UPWP), Subregional Transportation Planning Program.

MEMORANDUM

TO: Freeholder Planning and Economic Development Committee
FROM: Michael Lysicatos
Cc: Mathew Jordan, Esq., Deputy County Administrator
Michael La Place, Planning and Economic Development Director
Michael Marinello, QPA, Purchasing Agent

DATE: September 1, 2016

The County has been awarded a Transfer of Development Rights (TDR) Feasibility Grant by the New Jersey Highlands to determine the feasibility of transferring development credits to the City of Paterson from Highlands sending communities. The receiving area would focus on the Eastside of Paterson in the area highlighted in the Madison Avenue Commuter Rail Corridor Study completed by the County Planning Department in partnership with the City of Paterson. In order to complete the TDR analysis the County would require consultant assistance in conducting a Fiscal Impact Analysis that would outline the type of development that current market would allow in the study area, how that development compared to the vision plan in the Madison Avenue Study and the overall feasibility of arranging for TDR credits.

The New Jersey Highlands Council has prequalified three (3) consulting firms to conduct Fiscal Impact Analysis associated with the Highlands TDR program. Said procurement process has been reviewed by Passaic County Purchasing Department to ensure that it meets all requirements for procuring professional services with no issues. As such, the Passaic County Department of Planning and Economic Development
requested proposals from the three firms provided by the New Jersey Highlands Council (Attachment A) with a scope of work attached to this memo for your reference (Attachment B). A Technical Review Committee scored the proposals based on the following criteria:

A. Consultant Qualifications – 40 Points
B. Technical Approach – 35 Points
C. Project Schedule and Deliverables – 20 – Points
D. Cost Proposal – 5 Points

Based upon the scoring criteria outlined above, the committee recommends Mercer Planning Associates be awarded a contract not to exceed $35,000.00 as outlined in the contract with the NJ Highlands Council to conduct the TDR Fiscal Impact Analysis. The proposal is attached to this memo (Attachment C).

Highlands Transfer of Development Rights Feasibility Study

Passaic County/City of Paterson Real Estate Market Analysis ($35,000.00)

July 27, 2016

The following is a revised scope of work to complete a Real Estate Market Analysis associated with New Jersey Highlands Council Transfer of Development Rights Feasibility Study. The revised scope of work expands the initial analysis to include potential for future redevelopment along the current NYS&W rail corridor with commuter rail service and determine the gap between current market and the future vision plan for the area. The revised scope of work also includes a revised project. The original scope of work called for $20,000.00 to complete the study. A new budget of $35,000.00 is being requested as part of the scope of work modification.

Project Overview

The revised scope of work includes analyzing the potential development under current market conditions surrounding the Madison Avenue rails station proposed as part of the Passaic-Bergen-Hudson Commuter Rail Service Restoration Project. The station was the focus of a Transit Oriented Development Study completed in 2009 entitled the Madison Avenue Commuter Rail Corridor Study. The scope of work entails conducting a Real Estate Market Analysis of the potential Highlands Transfer of Development Rights (TDR) receiving zone, including a discussion of the highest and best use of the zone and how that promotes the goals and uses outlined in the vision plan for the Madison Avenue Commuter Rail Corridor Study completed by Passaic County in partnership with the City of Paterson through a grant from the North Jersey Transportation Planning Authority (http://www.passaiccounty.nj.org/DocumentCenter/View/305). The study area for the analysis will utilize the same study area of the Madison Avenue Study with a focus on the properties adjacent to the proposed Madison Avenue rail station at the intersection of Ellison Street and Madison Avenue planned as part of the Passaic-Bergen-Hudson Commuter Rail Project. The Real Estate Market analysis does not need to meet all the requirements of a Real Estate Market Analysis under the State TDR Act.

Please include the goals of the Madison Avenue Commuter Rail Corridor Study, including urban design and zoning standards in determining the capacity for development in the Real Estate market Analysis. The core elements of the Madison Avenue Study is to promote transit supportive design that makes the most efficient use of the land to provide new opportunities for housing retail and flexible development space.

Current Market Analysis

The current market analysis shall outline the realistically achievable potential development assuming the availability of all necessary infrastructures and all of the provisions of the zoning ordinance including those related to density, lot size, and bulk requirements that coincide with the Madison Avenue Commuter Rail Corridor Study, hereon in referred to as the Madison Avenue Study. The nature of the
development shall be consistent with the goals of the Madison Avenue Study (i.e. urban design standards, bulk/use standards, and transportation access and orientation) regardless of the scale of the development reflected in the current market conditions.

Gap Analysis

The current real estate market analysis will be used as the foundation for analyzing any disparity between current market conditions and the type and scale of development outlined in the Madison Avenue Study. The analysis should include potential funding avenues for meeting the need between existing demand and the vision plan of the Study.

Potential funding avenues should provide a cursory review of the most advantageous financing tools to potentially bridge a gap between current market conditions and the vision goals outlined in the Madison Avenue Commuter Rail Corridor Study. The analysis should highlight the tools best suited to the receiving zone based on the planning analysis and should include but not limited to:

- NJ EDA Economic Redevelopment and Growth (ERG) Program
- Historic preservation tax credits
- Transit Village Program benefits
- NJ Environmental Infrastructure Trust Fund
- Hazardous Discharge Site Remediation Fund (HDSRF)
- Bond and Financing packages through the NJ EDA, Passaic County Improvement Authority and/or others
- Brownfields programs
- NJ EDA Real Estate Impact Fund
- Grow NJ
- Green building incentives and financing
- Transit Oriented Development (TOD) incentives

Re: Passaic County/City of Paterson Municipal Fiscal Analysis

Dear Mr. Lysicatos,

Please accept our proposal to provide fiscal and real estate market analysis for the Passaic County/City of Paterson Municipal Fiscal Analysis. For this study, Mercer Planning Associates teamed with Placeworks to provide an optimal mix of local Highlands and New Jersey planning knowledge, a proven track record of TDR economic and fiscal analyses, and award-winning national TDR expertise.

In addition to fulfilling the requested scope of work, Passaic County will have access to some of the best minds in TDR program design and implementation. Mercer Planning Associates (MPA), under the leadership of its Principal, Courtenay Mercer, provides comprehensive planning and inter-governmental and stakeholder coordination services on complex land use projects throughout New Jersey, including two TDR programs in recent years. Coupled with Ms. Mercer’s vast TDR experience as the former Director of Planning and State TDR Coordinator at the Office of Smart Growth, MPA is able to provide municipalities with intimate, hands-on knowledge about the design and implementation of a TDR program in New Jersey.

The Placeworks, with nationally renowned TDR expert Rick Pruett, brings a fresh perspective to the Highlands TDR Program, with experience formulating twenty TDR programs across the United States. They have experience employing techniques that routinely conquer the kinds of hurdles to TDR implementation that the Highlands is currently encountering. Together, MPA and Placeworks (the MPA Team), understand why local municipalities may be reluctant to receive density from outside jurisdictions and, in response, have designed ways to strengthen incentives to participate in TDR. When we work on TDR programs, current real estate conditions and future market potential are proportionally balanced. Our experience has taught us that the resulting TDR program must be politically palatable and simple to implement and use. We look forward to bringing these strengths and more to the Paterson Real Estate Market Analysis.
Firm Profiles & Experience

Mercer Planning Associates (MPA) is a boutique land use firm providing comprehensive planning services to government agencies, non-profits, and community groups. Capitalizing on the years of experience staff has in navigating regional and state government, MPA adeptly assists its clients in their efforts to implement smart growth principles. MPA has expertise in managing complex land use projects, throughout New Jersey including TDR.

MPA has overseen several TDR projects in the past few years, completing Highlands Municipal TDR Fiscal Analysis for Vernon Township, Sussex County, a Highlands TDR Feasibility Study for Oakland Borough, Bergen County, and serving as the lead planning consultant and project manager of a complex urban TDR program that includes several distinct project areas in Jersey City. These projects required a great deal of finesse to balance market demand with community objectives and developer aspirations. These TDR projects, Jersey City in particular, demonstrate MPA’s ability to create simple and understandable TDR ratios and implementation stratagem, despite a complex scenario that includes variable market prices and demand, and a design that incorporates multiple use and density possibilities. Placeworks complements and completes a highly qualified team for the Highlands TDR Municipal Fiscal Analysis. Placeworks is a California-based planning firm established in 1975 that has produced hundreds of award-winning plans, land-use strategies, zoning codes, environmental review documents, and related products for cities, counties and regional agencies.

The firm’s TDR experience includes 20 TDR programs. Our fiscal modeling accurately identifies the delta between baseline zoning conditions and TDR bonus options to assist municipalities overcome critical infrastructure impediments and assess cash in-lieu impact fees for TDR. Our TDR economic feasibility studies use a suite of pro forma finance models designed to specifically estimate TDR values under different regulatory conditions with infrastructure costs, impact fees, and other soft costs relative to each receiving-area jurisdiction. In partnership with Rick Pruett, the firm has designed TDR programs in California, Georgia, Montana, Massachusetts, Nevada, Rhode Island, South Carolina, Utah, Virginia, and Washington.

MPA’s strategic partnership with Placeworks will provide the Highlands Council with the assistance needed to transform the Highlands TDR program from a voluntary land use regulation to a program with successful transfers and permanent preservation. Many TDR programs are written by planning consultants accustomed to writing plans and codes with little consideration for market realities, which is why many TDR programs are not successful. On the other hand, many economists, appraisers, and real estate consultants do not understand the policies and programs required to start a TDR program.
As a whole, the MPA Team has been involved in the Highlands TDR program from its inception and possesses cutting-edge skillsets for incorporating economic, fiscal, and planning policy analysis into TDR feasibility studies, thus ensuring that this fiscal and market analysis will be effective and successful in achieving Highlands Council objectives.

The following section describes our qualifications, collectively drawing on over 30 years of TDR experience. Detailed resumes are provided in Addendum 1.

Key Staff

Courtenay Mercer, AICP, PP, Principal, will serve as the project manager and New Jersey TDR technical advisor, as well as facilitate coordination between the MPA Team, the Highlands Council, and municipal officials, staff, and/or consultants. She is a land use planner with substantial public sector experience that enabled her to provide assistance to diverse and complex planning projects, and to work with all types of communities. Her project experience ranges from rural conservation planning to urban redevelopment. In addition to public and private sector planning work, Courtenay is involved with many civic and volunteer efforts, including public/government boards and non-profit organizations.

Courtenay Mercer offers a wealth of TDR experience through her roles as the former Director of Planning and State TDR Coordinator at the Office of Smart Growth (now Office for Planning Advocacy). In this capacity, Ms. Mercer was integrally involved with the formation and implementation of the State and Highlands TDR Programs. She authored the State TDR Real Estate Market Analysis Rule (N.J.A.C. 5:86-1 et al.), developed a statewide TDR outreach and education program, and served as the liaison to the Highlands Council during the drafting of the RMP—she was even “loaned” to the Highlands Council to lead TDR outreach until it was able to hire its own TDR Coordinator, and subsequently served as a key member of the Highlands TDR TAC. Ms. Mercer oversaw and provided technical assistance to every emerging TDR program under the State TDR Act, and several under the Highlands, including the two adopted and Plan Endorsed programs in Woolwich Township, Gloucester County, and Berkeley Township, Ocean County. Ms. Mercer’s intimate knowledge of the state’s TDR programs and vast professional relationships with key TDR advocates in government, non-profit, and the private sector allows the MPA Team to confidently serve the Highlands Council and its municipal partners as they study the implications and applicability of TDR at the community level.

As one of the NJ’s few TDR experts, she has spoken about TDR to diverse constituencies throughout New Jersey, at a national conference, and at workshops in several northeastern states. She also served as a designee on the State TDR Bank Board and the State Agriculture Development Committee. She is nationally recognized as a leader in this field and has contributed her knowledge to TDR research projects across the country.

Steve Gunnells, AICP, Chief Economist, will supervise the market and fiscal analysis. Steve’s career spans the spectrum of community planning and economic development. His experience and education enable him to synthesize regional economic and demographic trends into plans and projects for redevelopment and TDR receiving areas. Originally from the East Coast, Steve
has been involved in the James City County TDR Program Feasibility Study and the TDR Market Feasibility Study for the Southeastern Regional Planning and Economic Development District in Massachusetts. He communicates complex fiscal and economic subject matter clearly, using effective and understandable language.

**Rick Pruett**, FAICP, will serve as a strategic advisor throughout the project. Rick has over 30 years of planning experience, and he has been a self-employed planning consultant specializing in TDRs since 1999. Rick has made TDR presentations and conducted TDR workshops in 40 communities and prepared TDR feasibility studies and related research for 24 communities. He independently wrote TDR ordinances for six communities, including Hiram Village/Township, Ohio; Gallatin County, Montana; and Santa Fe County, New Mexico.

As part of Placeworks team, Rick helped prepare successful TDR ordinances and inter-local agreements for Tacoma, Washington; Beaufort, South Carolina; and Livermore, California. Rick has presented alongside Courtenay on TDR panels at American Planning Association conferences and was inducted into the American Institute of Certified Planners College of Fellows in 2004. In summary, the MPA team brings a variety of local experience, in-house tools, and national expertise to evaluate each key aspect of TDR market potential in the Highlands. We specialize in all facets of planning and implementing TDR programs, but we were one of the first to include the detailed pro forma economic analysis that is essential for program success. In addition, as planners, we understand how TDRs fit into local and comprehensive planning processes.

**Project Understanding**

With the authorization of the New Jersey Highlands Water Protection and Planning Council to establish the Highlands regional TDR program, the legislature instituted one of the largest and most complex TDR programs in the country. With candidate municipalities from across the State, challenges abound for inter-jurisdictional coordination and zoning code amendments for TDR and Regional Master Plan (RMP) implementation. Municipalities need to see fiscal benefits of TDR, and significant work is necessary to amend zoning codes for consistency with the RMP. Under the plan, TDR is a compensation mechanism for designated Preservation Areas that were rezoned for lower development potential. The capital required for compensation necessitates the identification of voluntary TDR receiving zones willing and able to accept additional density (and its associated impacts) from outside the jurisdiction.

For successful RMP and TDR implementation, the State and Highlands Council has created an incentive package for local municipalities. TDR receiving areas are permitted to charge impact fees of up to $15,000 per unit, and receive grant assistance for implementation. The County of Passaic was awarded a planning assistance grant from the Highlands to assist the City of Paterson with a TDR and Market Feasibility Study related to the Madison Avenue Rail Corridor. The intent of the study is to evaluate the market potential of the proposed Madison Avenue rail station (at the intersection of Ellison Street and Madison Avenue), complete a gap analysis of current market demand compared to the proposed type and scale of development, and the fiscal impacts of adopting a TDR receiving zone.

---

**Introduced on:** September 13, 2016  
**Adopted on:** September 13, 2016  
**Official Resolution:** R20160765
Thank you for considering the MPA proposal for the Highlands TDR Municipal Fiscal Analysis. As demonstrated in the above qualifications and subsequent technical proposal, the MPA Team has the commitment and ability to perform the tasks outlined in this RFP. Should you have any questions or require additional information, please do not hesitate to contact our office at (732) 354-1316.

Sincerely,

Courtenay D. Mercer, AICP, PP
Principal

Request for Proposals: Highlands TDR Municipal Fiscal Analysis

Technical Proposal & Addenda

MPA PLACEWORKS

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution#: R20160765
Technical Proposal

Detailed Approach
Based on the MPA Team's understanding and experience with the Highlands Water Protection and Planning Act (N.J.S.A. 13:20-1 et al.), the State TDR Act (N.J.S.A. 40:55D-137 et seq.), and the TDR Real Estate Market Analysis Rule (N.J.A.C. 5:86-1 et al.), and the Madison Avenue Rail Corridor Study, we will evaluate the market potential of the Madison Avenue rail station, complete a gap analysis of current market demand compared to the proposed type and scale of development, and the fiscal impacts of adopting a TDR receiving zone.

Based on the information in the scope of services and our extensive local and national experience with TDR programs, we have identified four key issues the Highlands TDR Municipal Fiscal Analysis should address.

Market Challenges
On national and regional levels, real estate markets, values, and rents are improving, and potential return rates on projects are once again viable for developers and investors. Capital is gradually returning to property types perceived as risky, including mixed use. With current economic conditions, the analysis might find a weak market for TDRs today, but this does not necessarily mean that there is no future for them. Increasing property values in northern New Jersey, and the up-trending market may provide a window of opportunity for TDR. The MPA Team practices a forward-thinking approach that uses historic market rates and demand-based forecasting to project TDR values as well as assess current economic conditions.

Creation of a TDR Marketplace
All successful TDR programs are founded on a TDR marketplace with buyers and sellers, and in many cases, a TDR bank to manage variable TDR values and broker transactions. While there is an ample supply of sending-area TDRs, an innovative approach is necessary to gather support for TDRs in local municipalities. Our national experience has shown that success relies on a combination of carefully estimated exchange rates, a TDR bank or cash-in-lieu option that simplifies transactions, and incentives for TDR implementation furnished by the Highland Council and the state such as impact fees and grants.

Local TDR submarkets must be carefully crafted to maintain both objectivity and credibility, which may be challenging if they are bookended by constraints at both local and state levels. Local resistance to additional density is a typical constraint in regional TDR programs. State legislation that permits substantial impact fees in TDR receiving areas is a unique aspect, yet potential constraint, of the Highlands TDR Program.

Integration of Market Analysis, Planning, and Design
In a challenging economic environment, TDR market analyses—and indeed overall program design—need to be less linear and the process more iterative to identify the most effective combination of geographic areas, highest and best use development projects, and TDR pricing strategies. With economic, planning, and design expertise under one roof, the MPA Team, in
collaboration with the local planning consultant, can utilize an iterative process of pro forma
prototype analysis to determine optimal combinations of geographic areas, TDR commodities,
and pricing.

**Consistent Fiscal and Market Analysis Methodology for the Highlands**

The Highlands Council is wise to obtain one firm to exclusively conduct fiscal and market analyses
for the TDR Feasibility Grant recipients, because a consistent methodology will improve upon
the program’s feasibility and credibility. A uniform fiscal and market analysis methodology offers
three distinct advantages;

- The different receiving areas will be examined in the same light and the analysis can be
  standardized for consistency with the RMP program and state legislation.
- The analysis can be designed to account for the large differences in submarkets without
  altering or applying different methodologies.

**Scope**

The Highlands Water Protection and Planning Council provides funding opportunities to assist
municipalities evaluate the feasibility of establishing voluntary Transfer of Development Rights
(TDR) Receiving Zones in their communities. The grant program is used to inform the municipality
about the infrastructure capacity, market potential and fiscal conditions associated with
designating a TDR Receiving Zone in the community. The TDR Feasibility Grant is conducted in 4
phases, with the municipal consultant (selected under a separate RFP by the municipality)
preparing Phase I, II and IV, and the Fiscal Analysis Consultant Team preparing Phase III.

In compliance with both NJ Highlands Council and County of Passaic deliverable expectations,
below is the proposed scope of services to perform market and fiscal analyses as part of a
Highlands Phase III TDR Feasibility Study for Paterson’s Madison Avenue rail station study area:

1. **Real Estate Market Analysis.** Conduct a Real Estate Market Analysis (REMA) of the
   potential receiving zone(s), including a discussion of the highest and best use of the
   zone. The REMA shall identify the market demand for the proposed Receiving Zone, it
does not have to meet all the requirements of a REMA under the State TDR Act.
   a. A gap analysis, via a vis a development pro forma, will be included to determine
      the disparity between current market demand compared to the proposed type and
      scale of development;
   b. Up to three (3) sites within the proposed receiving zone may be included in the
      development pro forma analysis. If there are more than three (3) overall sites, the
      grantee should select up to three (3) sites that are representative of the overall
      types of sites proposed;
   c. The analysis will include an overall discussion about available funding resources,
      and consider the three (3) most likely funding mechanisms in calculating the pro
      forma.

2. **Fiscal Impact Analysis.** Using information collected by the municipal consultants
   completing Phase I and II of the feasibility study, conduct a fiscal impact analysis of the
   development of the potential receiving zone(s). This shall include fiscal impacts on the
  
municipal government, developer, potential fiscal and economic impacts to the surrounding community, and those costs based on additional bond costs for infrastructure or other required investments.

   a. Include an analysis of the cost of providing parking for the proposed site;
   b. Based upon community benefits identified by the municipality, conduct an analysis of the community benefits that may be created;
   c. Calculation of developer ability to pay and amount of potential impact fees.

3. **Transfer Ratio Demand Analysis.** Based on infrastructure availability, market analysis, fiscal impacts, and physical limitations, develop the receiving side information for a transfer ratio. The results of the fiscal analysis will provide the demand side of the ratio, representing receiving zone development opportunity. The demand analysis will include the amount of development and the value of that development that can be supported.

   a. If the proposed density is not sufficient, provide calculation of density bonus by use type of balance available credits and increment of development;

4. Present findings of the Fiscal Analysis to the municipality at a public hearing, if desired by the municipality.

The MPA Team will performed the above services for an amount not to exceed $35,000.

The Highlands Act requires a fiscal impact assessment (FIA) that measures the overall economic health of the Region as compared to the rest of the State as a part of the six (6)-year RMP monitoring review report. The FIA provides both a retrospective analysis and prospective exploration of regional economic trends in the areas of population, real estate, economic growth and municipal finance from the 2004 legislation enactment through 2024. This FIA also provides a targeted assessment and detailed portrayal of municipal specific data in relation to regional trends through a "Municipal Fact Book".

Phase III of the Highlands Region TDR Feasibility Study for Vernon Township analyzed the financial feasibility of the development types desired in the Town Center in order to quantify the demand that development in a potential TDR receiving area would generate for the purchase of TDR credits. The study included analyses of the TDR sending zone, residential and retail market demand, development financial feasibility, and TDR program feasibility.
Highlands TDR Feasibility Study

Through prior planning efforts, the Borough of Oakland embraced smart growth planning concepts that acknowledge the importance of protecting the community's critical resources, while also encouraging compact, mixed-use development. Key to the Borough's land use vision is the revitalization of its Central Business District as a cohesive "downtown." The realization of this revitalization, however, is contingent upon access to a wastewater treatment facility. Due to environmental constraints, the borough's ability to obtain approval of its Wastewater Management Plan has been tenuous. The Borough sought to investigate the feasibility of participating in the Highlands Regional Transfer of Development Rights (TDR) Program as a receiving community, which served a dual purpose in preserving critical resource lands within the borough and the region, while also enabling Oakland to obtain the wastewater management approvals necessary to support the revitalization of the Central Business District.

Urban TDR Program

Jersey City, NJ

Jersey City embarked on a comprehensive planning study to utilize Transfer of Development Rights (TDR) in an urban setting. The City hoped to capitalize on the tremendous demand for...
additional density in this growing metropolis "across the Hudson" to preserve and enhance community resources. The study included several growth areas, and innovative preservation concepts to restore existing parkland, acquire and develop new parkland, and permanently preserve, restore and/or adaptively reuse historic resources. The program included neighborhood-based transfers similar to other urban models, but also development rights transfers from critical "scattered sites" around the City to areas with demand and capacity. Given the nature of property in the City, the TDR receiving zones included areas in need of redevelopment or rehabilitation, and the Plan included detailed guidelines for new and infill development. The Jersey City project was unique on many levels, and therefore, a model for TDR throughout NJ and the nation.

To understand and assess the benefits and impacts of the alignment, Placeworks conducted a detailed baseline corridor analysis—summarizing existing land uses and plans, assessing transit connections and ridership, and performing a detailed market study of the corridor and station areas. After identifying stations for further analysis, Placeworks developed prototypes for the selected sites and provided policy and design recommendations and specific strategies to facilitate implementation of the development prototypes.

**SOUTH COAST RAIL CORRIDOR TDR FEASIBILITY STUDY**

</table>
The South Coast Region in Bristol County, Massachusetts, is forecast to grow by over 20 percent within the next decade due to the region's proximity to both the Boston Metropolitan Area to the north and attractive coastal areas to the southeast. As an alternative to sprawl, the South Coast Rail Corridor Plan will streamline growth into clusters of well-designed transit-oriented development. The Southeastern Regional Planning and Economic Development District and the Commonwealth of Massachusetts are considering the use of a voluntary regional TDR program to guide growth and promote economic development in proposed station areas and catalytic infill sites. Placeworks evaluated the market feasibility of instituting a TDR program in 11 specific locations. Most of these locations would involve inter-jurisdictional transfers. The analysis also looked at developing a regional TDR marketplace and providing implementation recommendations for the first regional TDR program in the state.

Tacoma is quickly becoming a national model for its sustainable vision and its livable and walkable communities. A TDR program is yet another example of the city taking concrete steps to encourage redevelopment and infill to accommodate sustainable growth. Placeworks designed Tacoma's TDR program as a means to stimulate growth in Tacoma's mixed-use centers while providing the city with a new tool to preserve open space and historic resources. The program will work in concert with a regional TDR program being developed for the entire Puget Sound region. This project is funded through an EPA grant to include Tacoma in the regional TDR program. The grant was awarded after a study by Placeworks, "Market Analysis for Regional Transfer of Development Rights in Central Puget Sound," was completed for the Washington State Department of Commerce.
TDR Program Feasibility Study
James City County, VA

During a Comprehensive Plan update, community members expressed concerns that the high rate of development occurring in James City County, home of the famous Colonial Williamsburg, would spoil the area's small-town rural character. This led to a review of the county's suite of growth management tools and generated interest in a TDR program to preserve agricultural land and open space. Placeworks worked with the county to conduct a TDR feasibility study, which included fiscal analysis and pro forma economic analysis to evaluate the impacts associated with a TDR program and GIS analysis to determine the supply and capacity for TDR. Additionally, Placeworks developed draft transfer ratios, a program framework, and growth management policy recommendations.

Addendum 1: Key Personnel Resumes
Courtenay D. Mercer, PP, AICP
Principal

Courtenay Mercer is a land use planner with substantial public sector experience that enabled her to provide assistance to diverse and complex planning projects, and to work with all types of communities. Her project experience ranges from rural conservation planning to urban redevelopment. In addition to public and private sector planning work, Courtenay is involved with many civic and volunteer efforts, including public community boards and non-profit organizations.

Courtenay is the former Director of Planning at the NJ Office of Smart Growth, which staffs the State Planning Commission in developing and implementing the NJ State Plan. She was also the NJ Director of the Regional Plan Association, a non-profit research and advocacy organization working in the NY metropolitan area. She has overseen myriad projects, including traditional neighborhood design (TND) plans, transportation oriented development (TOD) projects, contaminated site cleanup and reuse plans, as well as rural and historic preservation projects.

One of Courtenay’s core assets is her ability to coordinate diverse stakeholders and garner intergovernmental coordination for complex planning projects. Courtenay capitalizes on her vast public and non-profit sector experiences to assist her clients in obtaining Regional, State and Federal-level assistance and approvals.

PROJECT EXPERIENCE

Transfer of Development Rights (TDR)
A national expert in TDR, Mercer launched and oversaw a statewide TDR Demonstration Program in which substantial financial and technical assistance was provided to a targeted group of projects in an effort to supply model TDR mechanisms. Mercer also created a TDR education and outreach program through which she explained the TDR concept and planning process to diverse constituencies. Notable TDR projects Mercer has managed:

- TDR Demonstration Program, NJ (Statewide)*
- Highlands TDR Fiscal Analysis, Highlands Region, NJ
- Urban TDR Plan, Jersey City, NJ
- TDR Feasibility Study & Implementation Plan, Kingwood, NJ
- Highlands TDR Feasibility Study, Oakland, NJ
- Highlands TDR Fiscal Analysis, Vernon, NJ

Highlands Fiscal Analysis, Highlands Region, NJ
Managing one of three prequalified firms providing fiscal analysis services related to Highlands TDR Receiving Zone, Highlands Center, and Highlands Redevelopment Area designation, as well as TDR Program technical assistance to the NJ Highlands Council.

Oakland, NJ
Served as the lead planning consultant and project manager of an infrastructure and market feasibility study to determine the Borough’s ability to participate as a NJ Highlands Region TDR receiving area. The project includes infrastructure analysis and alternatives recommendations, as well as a market analysis to determine the rate of demand for additional development.

Vernon, NJ
Served as the lead planning consultant and project manager of the Phase III Highlands Region TDR Feasibility Study for Vernon Township in which the financial feasibility of the development types desired in the Town Center where

REGULATORY & LEGISLATIVE
NJ Plan Enforcement Outline, Co-Author, 2007
NJ TDR Planning Assistance Grant Guidelines & Regulation (N.J.A.C. 7:77), Co-Author, 2004
Represented the NJ Department of Agriculture during the promulgation of the Highlands Water Protection and Planning Act (N.J.S.A. 13:20-20), 2004
Reviewed and provided comment on key land use regulations, including the Water Quality Management Planning Rule (N.J.A.C. 7:12), Stormwater Management Rule (N.J.A.C. 7:13), NJ Highlands Rule (N.J.A.C. 7:20) and the Highlands Regional Master Plan (RMP)

analyzed in order to quantify the demand that development in a potential TDR receiving area would generate for the purchase of TDR credits. The study included analyses of the TDR sending zone, residential and retail market demand, development financial feasibility, and TDR program feasibility.

Urban TDR Program, Jersey City, NJ
Served as the lead planning consultant and project manager of a complex urban TDR program that includes several distinct project areas. At completion, the City will have a mechanism in place to redevelop and increase density to more appropriate levels, while preserving historic structures and garnering capital funds for the acquisition and/or improvement of recreational lands. Services include public outreach, market analysis, and TDR and redevelopment planning.

Greater Dayton Neighborhood Revitalization Study, Newark NJ*
Managed the Greater Dayton Revitalization Study to explore the potential to transform Newark’s Dayton neighborhood from a distressed, largely isolated area into a revitalized, transit-oriented community that is connected to the greater region around it. The Study includes significant stakeholder and public outreach to inform a set of implementable design and policy recommendations for the City of Newark to move forward with in anticipation of the PATH extension to the Northeast Corridor Rail Link Station (NEC Station) at Newark Liberty International Airport (EWR).

Strategic Growth Plan, Sussex County, NJ
Managed outreach and stakeholder coordination for an Economic Base Assessment and Strategic Growth Plan for the County of Sussex, including public relations, community engagement, stakeholder identification and coordination, and Steering Committee management.

Transit Access Study, Pompton Lakes, NJ
Provided coordination support to the project Steering Committee, production and distribution of the transit access survey, translation services, and public outreach and social media coordination to inform the planning of future transit facilities, bus routes, and services.

Freight Infrastructure and Land-Use Analysis, Morris County, NJ*
Provided comprehensive economic and land use analysis of the current distribution and warehousing industry in Morris County, in support of developing an optimal multi-modal freight plan.

Community and Economic Impact Analysis, US 219, North Central PA*
Provided comprehensive economic, demographic and land use analysis to determine the feasibility of a regional highway corridor expansion.

Local Demonstration Projects, Northern NJ
Managed community engagement and stakeholder coordination for the Together North Jersey regional planning consortium, including social media management, online community engagement, implementation planning assistance, and intergovernmental coordination.

Highlands Master Plan Monitoring Program, Northern NJ*
Managing the Highlands Regional Master Plan Monitoring Program Recommendation Report, which addresses the periodic Regional Master Plan (RMP) update required by the Highlands Act. The Program includes significant stakeholder and public outreach, as well as creating monitoring indicators and milestones, and a science and research agenda related to future implementation initiatives.

Steve Gunnells
Chief Economist

Steve’s career spans the spectrum of community planning and economic development. He works with communities to bridge the gap between long-range planning, policies, and economic development; with community organizations and special districts to fund and implement priority projects; and with developers, to guide project decision-making and obtain entitlements based on sound economic and market analysis. Steve focuses on crafting plans, policies, and development projects that are grounded in regional and global economic realities. He helps his clients leverage market forces to achieve their goals. And most importantly, he uses his grasp of economics and real estate markets not only to overcome existing challenges but to help communities create visionary plans that capitalize on the possibilities, not just past trends.

As PlaceWorks’ in-house economist, Steve plays a role in a great many of the firm’s active projects. Before coming to PlaceWorks, Steve worked as a community planning and economic development consultant for communities and developers in Michigan and Ohio. He has also served as the field director for a consulting team on a World Bank project in Yemen, an Economic Development Fellow with the International Economic Development Council, and a country Planning Director in Virginia.

General Planning Experience and Education
Rick Pruetz has a Master of Urban Planning degree earned in 1979 from the University of Wisconsin-Milwaukee and 33 years of planning experience. From 1999 to the present, he has been a self-employed planning consultant specializing in transfer of development rights, or TDR. From 1985 to 1999, he worked for the City of Burbank, California as the City Planner and Chief Assistant Community Development Director. He also worked as a planner for the City of Waukesha, Wisconsin from 1981 to 1984 and as a project planner for Camp Dresser & Mc Kee from 1979 to 1981. In 2004, he was inducted into the American Institute of Certified Planners College of Fellows.

TDR Studies and Ordinances
Rick Pruetz prepared or participated in the preparation of TDR studies and ordinances for over 30 communities including Burbank, California, Milton, Georgia, Beaufort County, South Carolina, Gunnison County, Colorado, Livermore, California, Santa Fe County, New Mexico, Hiram, Ohio, Davis County, Utah, Gallatin County, Montana, Whatcom County, Washington, Newton County, Georgia, North Logan, Utah and Tacoma, Washington.

Roles and Availability: Kirkland TDR Study & Financing Tool Evaluation
Rick Pruetz will assist in evaluation of alternative TDR incentives, exchange ratios and optional program approaches as well as preparation of a draft ordinance with proposed TDR policies and regulations. He will dedicate 10 percent of his time to this project.
COUNTY OF PASSAIC
RESOLUTION REQUEST FORM

1. NAME OF REQUESTER & Tel #: Michael Lysicato, 973.569.4047

2. DESCRIPTION OF RESOLUTION (PLEASE BE AS SPECIFIC AS POSSIBLE)
Resolution authorizing to award a contract to Mercer Planning Associates to conduct a fiscal impact analysis in accordance with the New Jersey Highlands Council Transfer of Development Rights Grant received by the County to determine the feasibility of transferring development right credits in the City of Paterson as a receiving zone for Highlands development communities.

3. CERTIFICATION INFORMATION:
AMOUNT OF EXPENDITURE: $35,000.00

BUDGET ACCOUNT #: G-01-41-829-015-233

ATTACH A COPY OF A "DETAIL BUDGET ACCOUNT STATUS INCLUDING REQUISITION ITEMS" PAGE FROM EDMONDS

PLEASE NOTE THAT RESOLUTIONS FOR ALL CONTRACT AWARDS AND OTHER EXPENDITURES REQUIRE A CERTIFICATION OF FUNDS IN ORDER TO BE PLACED ON THE AGENDA. IT IS THE RESPONSIBILITY OF THE REQUESTING DEPARTMENT TO IDENTIFY THE APPLICABLE BUDGET LINE TO THE FINANCE DEPARTMENT. FAILURE TO DO SO WILL RESULT IN DELAYS IN PROCESSING THE RESOLUTION REQUEST.

Official Resolution #: R20160765
MEMORANDUM

TO: Freeholder Planning and Economic Development Committee
FROM: Michael Lysicatos
Cc: Mathew Jordan, Esq., Deputy County Administrator
    Michael La Place, Planning and Economic Development Director
    Michael Marinello, QPA, Purchasing Agent

DATE: September 1, 2016

The County has been awarded a Transfer of Development Rights (TDR) Feasibility Grant by the New Jersey Highlands to determine the feasibility of transferring development credits to the City of Paterson from Highlands sending communities. The receiving area would focus on the Eastside of Paterson in the area highlighted in the Madison Avenue Commuter Rail Corridor Study completed by the County Planning Department in partnership with the City of Paterson. In order to complete the TDR analysis the County would require consultant assistance in conducting a Fiscal Impact Analysis that would outline the type of development that current market would allow in the study area, how that development compared to the vision plan in the Madison Avenue Study and the overall feasibility of arranging for TDR credits.

The New Jersey Highlands Council has prequalified three (3) consulting firms to conduct Fiscal Impact Analysis associated with the Highlands TDR program. Said procurement process has been reviewed by Passaic County Purchasing Department to ensure that it meets all requirements for procuring professional services with no issues. As such, the Passaic County Department of Planning and Economic Development
requested proposals from the three firms provided by the New Jersey Highlands Council (Attachment A) with a scope of work attached to this memo for your reference (Attachment B). A Technical Review Committee scored the proposals based on the following criteria:

A. Consultant Qualifications – 40 Points
B. Technical Approach – 35 Points
C. Project Schedule and Deliverables – 20 – Points
D. Cost Proposal – 5 Points

Based upon the scoring criteria outlined above, the committee recommends Mercer Planning Associates be awarded a contract not to exceed $35,000.00 as outlined in the contract with the NJ Highlands Council to conduct the TDR Fiscal Impact Analysis. The proposal is attached to this memo (Attachment C).
Fiscal Impact Consultants approved by the Highlands Council

Highlands Transfer of Development Rights Feasibility Study

Passaic County/City of Paterson Real Estate Market Analysis ($35,000.00)

July 27, 2016

The following is a revised scope of work to complete a Real Estate Market Analysis associated with New Jersey Highlands Council Transfer of Development Rights Feasibility Study. The revised scope of work expands the initial analysis to include potential for future redevelopment along the current NYS&W rail corridor with commuter rail service and determine the gap between current market and the future vision plan for the area. The revised scope of work also includes a revised project. The original scope of work called for $20,000.00 to complete the study. A new budget of $35,000.00 is being requested as part of the scope of work modification.

Project Overview

The revised scope of work includes analyzing the potential development under current market conditions surrounding the Madison Avenue rails station proposed as part of the Passaic-Bergen-Hudson Commuter Rail Service Restoration Project. The station was the focus of a Transit Oriented Development Study completed in 2009 entitled the Madison Avenue Commuter Rail Corridor Study. The scope of work entails conducting a Real Estate Market Analysis of the potential Highlands Transfer of Development Rights (TDR) receiving zone, including a discussion of the highest and best use of the zone and how that promotes the goals and uses outlined in the vision plan for the Madison Avenue Commuter Rail Corridor Study completed by Passaic County in partnership with the City of Paterson through a grant from the North Jersey Transportation Planning Authority (http://www.passaiccounty.nj.org/DocumentCenter/View/305). The study area for the analysis will utilize the same study area of the Madison Avenue Study with a focus on the properties adjacent to the proposed Madison Avenue rail station at the intersection of Ellison Street and Madison Avenue planned as part of the Passaic-Bergen-Hudson Commuter Rail Project. The Real Estate Market analysis does not need to meet all the requirements of a Real Estate Market Analysis under the State TDR Act.

Please include the goals of the Madison Avenue Commuter Rail Corridor Study, including urban design and zoning standards in determining the capacity for development in the Real Estate market Analysis. The core elements of the Madison Avenue Study is to promote transit supportive design that makes the most efficient use of the land to provide new opportunities for housing retail and flexible development space.

Current Market Analysis

The current market analysis shall outline the realistically achievable potential development assuming the availability of all necessary infrastructures and all of the provisions of the zoning ordinance including those related to density, lot size, and bulk requirements that coincide with the Madison Avenue Commuter Rail Corridor Study, hereon in referred to as the Madison Avenue Study. The nature of the
development shall be consistent with the goals of the Madison Avenue Study (i.e. urban design standards, bulk/use standards, and transportation access and orientation) regardless of the scale of the development reflected in the current market conditions.

**Gap Analysis**

The current real estate market analysis will be used as the foundation for analyzing any disparity between current market conditions and the type and scale of development outlined in the Madison Avenue Study. The analysis should include potential funding avenues for meeting the need between existing demand and the vision plan of the Study.

Potential funding avenues should provide a cursory review of the most advantageous financing tools to potentially bridge a gap between current market conditions and the vision goals outlined in the Madison Avenue Commuter Rail Corridor Study. The analysis should highlight the tools best suited to the receiving zone based on the planning analysis and should include but not limited to:

- NJ EDA Economic Red development and Growth (ERG) Program
- Historic preservation tax credits
- Transit Village Program benefits
- NJ Environmental Infrastructure Trust Fund
- Hazardous Discharge Site Remediation Fund (HDSRF)
- Bond and Financing packages through the NJ EDA, Passaic County Improvement Authority and/or others
- Brownfields programs
- NJ EDA Real Estate Impact Fund
- Grow NJ
- Green building incentives and financing
- Transit Oriented Development (TOD) incentives

Paterson, NJ 07505

Re: Passaic County/City of Paterson Municipal Fiscal Analysis

Dear Mr. Lysicatos,

Please accept our proposal to provide fiscal and real estate market analysis for the Passaic County/City of Paterson Municipal Fiscal Analysis. For this study, Mercer Planning Associates teamed with Placeworks to provide an optimal mix of local Highlands and New Jersey planning knowledge, a proven track record of TDR economic and fiscal analyses, and award-winning national TDR expertise.

In addition to fulfilling the requested scope of work, Passaic County will have access to some of the best minds in TDR program design and implementation. Mercer Planning Associates (MPA), under the leadership of its Principal, Courtenay Mercer, provides comprehensive planning and inter-governmental and stakeholder coordination services on complex land use projects throughout New Jersey, including two TDR programs in recent years. Coupled with Ms. Mercer’s vast TDR experience as the former Director of Planning and State TDR Coordinator at the Office of Smart Growth, MPA is able to provide municipalities with intimate, hands-on knowledge about the design and implementation of a TDR program in New Jersey.

The Placeworks, with nationally renowned TDR expert Rick Pruett, brings a fresh perspective to the Highlands TDR Program, with experience formulating twenty TDR programs across the United States. They have experience employing techniques that routinely conquer the kinds of hurdles to TDR implementation that the Highlands is currently encountering. Together, MPA and Placeworks (the MPA Team), understand why local municipalities may be reluctant to receive density from outside jurisdictions and, in response, have designed ways to strengthen incentives to participate in TDR. When we work on TDR programs, current real estate conditions and future market potential are proportionally balanced. Our experience has taught us that the resulting TDR program must be politically palatable and simple to implement and use. We look forward to bringing these strengths and more to the Paterson Real Estate Market Analysis.
Firm Profiles & Experience

Mercer Planning Associates (MPA) is a boutique land use firm providing comprehensive planning services to government agencies, non-profits, and community groups. Capitalizing on the years of experience staff has in navigating regional and state government, MPA adeptly assists its clients in their efforts to implement smart growth principles. MPA has expertise in managing complex land use projects, throughout New Jersey including TDR.

MPA has overseen several TDR projects in the past few years, completing Highlands Municipal TDR Fiscal Analysis for Vernon Township, Sussex County, a Highlands TDR Feasibility Study for Oakland Borough, Bergen County, and serving as the lead planning consultant and project manager of a complex urban TDR program that includes several distinct project areas in Jersey City. These projects required a great deal of finesse to balance market demand with community objectives and developer aspirations. These TDR projects, Jersey City in particular, demonstrate MPA’s ability to create simple and understandable TDR ratios and implementation stratagem, despite a complex scenario that includes variable market prices and demand, and a design that incorporates multiple use and density possibilities. Placeworks complements and completes a highly qualified team for the Highlands TDR Municipal Fiscal Analysis. Placeworks is a California-based planning firm established in 1975 that has produced hundreds of award-winning plans, land-use strategies, zoning codes, environmental review documents, and related products for cities, counties and regional agencies.

The firm’s TDR experience includes 20 TDR programs. Our fiscal modeling accurately identifies the delta between baseline zoning conditions and TDR bonus options to assist municipalities overcome critical infrastructure impediments and assess cash in-lieu impact fees for TDR. Our TDR economic feasibility studies use a suite of pro forma finance models designed to specifically estimate TDR values under different regulatory conditions with infrastructure costs, impact fees, and other soft costs relative to each receiving-area jurisdiction. In partnership with Rick Pruett, the firm has designed TDR programs in California, Georgia, Montana, Massachusetts, Nevada, Rhode Island, South Carolina, Utah, Virginia, and Washington.

MPA’s strategic partnership with Placeworks will provide the Highlands Council with the assistance needed to transform the Highlands TDR program from a voluntary land use regulation to a program with successful transfers and permanent preservation. Many TDR programs are written by planning consultants accustomed to writing plans and codes with little consideration for market realities, which is why many TDR programs are not successful. On the other hand, many economists, appraisers, and real estate consultants do not understand the policies and programs required to start a TDR program.
As a whole, the MPA Team has been involved in the Highlands TDR program from its inception and possesses cutting-edge skillsets for incorporating economic, fiscal, and planning policy analysis into TDR feasibility studies, thus ensuring that this fiscal and market analysis will be effective and successful in achieving Highlands Council objectives.

The following section describes our qualifications, collectively drawing on over 30 years of TDR experience. Detailed resumes are provided in Addendum 1.

Key Staff

Courtenay Mercer, AICP, PP, Principal, will serve as the project manager and New Jersey TDR technical advisor, as well as facilitate coordination between the MPA Team, the Highlands Council, and municipal officials, staff, and/or consultants. She is a land use planner with substantial public sector experience that enabled her to provide assistance to diverse and complex planning projects, and to work with all types of communities. Her project experience ranges from rural conservation planning to urban redevelopment. In addition to public and private sector planning work, Courtenay is involved with many civic and volunteer efforts, including public/government boards and non-profit organizations.

Courtenay Mercer offers a wealth of TDR experience through her roles as the former Director of Planning and State TDR Coordinator at the Office of Smart Growth (now Office for Planning Advocacy). In this capacity, Ms. Mercer was integrally involved with the formation and implementation of the State and Highlands TDR Programs. She authored the State TDR Real Estate Market Analysis Rule (N.J.A.C. 5:86-1 et al.), developed a statewide TDR outreach and education program, and served as the liaison to the Highlands Council during the drafting of the RMP—she was even “loaned” to the Highlands Council to lead TDR outreach until it was able to hire its own TDR Coordinator, and subsequently served as a key member of the Highlands TDR TAC. Ms. Mercer oversaw and provided technical assistance to every emerging TDR program under the State TDR Act, and several under the Highlands, including the two adopted and Plan Endorsed programs in Woolwich Township, Gloucester County, and Berkeley Township, Ocean County. Ms. Mercer’s intimate knowledge of the state’s TDR programs and vast professional relationships with key TDR advocates in government, non-profit, and the private sector allows the MPA Team to confidently serve the Highlands Council and its municipal partners as they study the implications and applicability of TDR at the community level.

As one of the NJ’s few TDR experts, she has spoken about TDR to diverse constituencies throughout New Jersey, at a national conference, and at workshops in several northeastern states. She also served as a designee on the State TDR Bank Board and the State Agriculture Development Committee. She is nationally recognized as a leader in this field and has contributed her knowledge to TDR research projects across the country.

Steve Gunnells, AICP, Chief Economist, will supervise the market and fiscal analysis. Steve’s career spans the spectrum of community planning and economic development. His experience and education enable him to synthesize regional economic and demographic trends into plans and projects for redevelopment and TDR receiving areas. Originally from the East Coast, Steve
has been involved in the James City County TDR Program Feasibility Study and the TDR Market Feasibility Study for the Southeastern Regional Planning and Economic Development District in Massachusetts. He communicates complex fiscal and economic subject matter clearly, using effective and understandable language.

Rick Pruett, FAICP, will serve as a strategic advisor throughout the project. Rick has over 30 years of planning experience, and he has been a self-employed planning consultant specializing in TDRs since 1999. Rick has made TDR presentations and conducted TDR workshops in 40 communities and prepared TDR feasibility studies and related research for 24 communities. He independently wrote TDR ordinances for six communities, including Hiram Village/Township, Ohio; Gallatin County, Montana; and Santa Fe County, New Mexico.

As part of Placeworks team, Rick helped prepare successful TDR ordinances and inter-local agreements for Tacoma, Washington; Beaufort, South Carolina; and Livermore, California. Rick has presented alongside Courtenay on TDR panels at American Planning Association conferences and was inducted into the American Institute of Certified Planners College of Fellows in 2004.

In summary, the MPA team brings a variety of local experience, in-house tools, and national expertise to evaluate each key aspect of TDR market potential in the Highlands. We specialize in all facets of planning and implementing TDR programs, but we were one of the first to include the detailed pro forma economic analysis that is essential for program success. In addition, as planners, we understand how TDRs fit into local and comprehensive planning processes.

Project Understanding

With the authorization of the New Jersey Highlands Water Protection and Planning Council to establish the Highlands regional TDR program, the legislature instituted one of the largest and most complex TDR programs in the country. With candidate municipalities from across the State, challenges abound for inter-jurisdictional coordination and zoning code amendments for TDR and Regional Master Plan (RMP) implementation. Municipalities need to see fiscal benefits of TDR, and significant work is necessary to amend zoning codes for consistency with the RMP. Under the plan, TDR is a compensation mechanism for designated Preservation Areas that were rezoned for lower development potential. The capital required for compensation necessitates the identification of voluntary TDR receiving zones willing and able to accept additional density (and its associated impacts) from outside the jurisdiction.

For successful RMP and TDR implementation, the State and Highlands Council has created an incentive package for local municipalities. TDR receiving areas are permitted to charge impact fees of up to $15,000 per unit, and receive grant assistance for implementation. The County of Passaic was awarded a planning assistance grant from the Highlands to assist the City of Paterson with a TDR and Market Feasibility Study related to the Madison Avenue Rail Corridor. The intent of the study is to evaluate the market potential of the proposed Madison Avenue rail station (at the intersection of Ellison Street and Madison Avenue), complete a gap analysis of current market demand compared to the proposed type and scale of development, and the fiscal impacts of adopting a TDR receiving zone.
Thank you for considering the MPA proposal for the Highlands TDR Municipal Fiscal Analysis. As demonstrated in the above qualifications and subsequent technical proposal, the MPA Team has the commitment and ability to perform the tasks outlined in this RFP. Should you have any questions or require additional information, please do not hesitate to contact our office at (732) 354-1316.

Sincerely,

[Signature]

Courtenay D. Mercer, AICP, PP
Principal

Request for Proposals: Highlands TDR Municipal Fiscal Analysis

Technical Proposal & Addenda

MPA PLACEWORKS

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution #: R20160765
Technical Proposal

Detailed Approach

Based on the MPA Team's understanding and experience with the Highlands Water Protection and Planning Act (N.J.S.A. 13:20-1 et al.), the State TDR Act (N.J.S.A. 40:55D-137 et seq.), and the TDR Real Estate Market Analysis Rule (N.J.A.C. 5:86-1 et al.), and the Madison Avenue Rail Corridor Study, we will evaluate the market potential of the Madison Avenue rail station, complete a gap analysis of current market demand compared to the proposed type and scale of development, and the fiscal impacts of adopting a TDR receiving zone.

Based on the information in the scope of services and our extensive local and national experience with TDR programs, we have identified four key issues the Highlands TDR Municipal Fiscal Analysis should address.

Market Challenges

On national and regional levels, real estate markets, values, and rents are improving, and potential return rates on projects are once again viable for developers and investors. Capital is gradually returning to product types perceived as risky, including mixed use. With current economic conditions, the analysis might find a weak market for TDRs today, but this does not necessarily mean that there is no future for them. Increasing property values northern New Jersey, and the up-trending market may provide a window of opportunity for TDR. The MPA Team practices a forward-thinking approach that uses historic market rates and demand-based forecasting to project TDR values as well as assess current economic conditions.

Creation of a TDR Marketplace

All successful TDR programs are founded on a TDR marketplace with buyers and sellers, and in many cases, a TDR bank to manage variable TDR values and broker transactions. While there is an ample supply of sending-area TDRs, an innovative approach is necessary to gather support for TDRs in local municipalities. Our national experience has shown that success relies on a combination of carefully estimated exchange rates, a TDR bank or cash-in-lieu option that simplifies transactions, and incentives for TDR implementation furnished by the Highland Council and the state such as impact fees and grants.

Local TDR submarkets must be carefully crafted to maintain both objectivity and credibility, which may be challenging if they are bookended by constraints at both local and state levels. Local resistance to additional density is a typical constraint in regional TDR programs. State legislation that permits substantial impact fees in TDR receiving areas is a unique aspect, yet potential constraint, of the Highlands TDR Program.

Integration of Market Analysis, Planning, and Design

In a challenging economic environment, TDR market analyses—and indeed overall program design—need to be less linear and the process more iterative to identify the most effective combination of geographic areas, highest and best use development projects, and TDR pricing strategies. With economic, planning, and design expertise under one roof, the MPA Team, in
collaboration with the local planning consultant, can utilize an iterative process of pro forma prototype analysis to determine optimal combinations of geographic areas, TDR commodities, and pricing.

**Consistent Fiscal and Market Analysis Methodology for the Highlands**

The Highlands Council is wise to obtain one firm to exclusively conduct fiscal and market analyses for the TDR Feasibility Grant recipients, because a consistent methodology will improve upon the program’s feasibility and credibility. A uniform fiscal and market analysis methodology offers three distinct advantages;

- The different receiving areas will be examined in the same light and the analysis can be standardized for consistency with the RMP program and state legislation.
- The analysis can be designed to account for the large differences in submarkets without altering or applying different methodologies.

**Scope**

The Highlands Water Protection and Planning Council provides funding opportunities to assist municipalities evaluate the feasibility of establishing voluntary Transfer of Development Rights (TDR) Receiving Zones in their communities. The grant program is used to inform the municipality about the infrastructure capacity, market potential and fiscal conditions associated with designating a TDR Receiving Zone in the community. The TDR Feasibility Grant is conducted in 4 phases, with the municipal consultant (selected under a separate RFP by the municipality) preparing Phase I, II and IV, and the Fiscal Analysis Consultant Team preparing Phase III.

In compliance with both NJ Highlands Council and County of Passaic deliverable expectations, below is the proposed scope of services to perform market and fiscal analyses as part of a Highlands Phase III TDR Feasibility Study for Paterson’s Madison Avenue rail station study area:

1. **Real Estate Market Analysis.** Conduct a Real Estate Market Analysis (REMA) of the potential receiving zone(s), including a discussion of the highest and best use of the zone. The REMA shall identify the market demand for the proposed Receiving Zone, it does not have to meet all the requirements of a REMA under the State TDR Act.
   a. A gap analysis, via a via development pro forma, will be included to determine the disparity between current market demand compared to the proposed type and scale of development;
   b. Up to three (3) sites within the proposed receiving zone may be included in the development pro forma analysis. If there are more than three (3) overall sites, the grantee should select up to three (3) sites that are representative of the overall types of sites proposed;
   c. The analysis will include an overall discussion about available funding resources, and consider the three (3) most likely funding mechanisms in calculating the pro forma.

2. **Fiscal Impact Analysis.** Using information collected by the municipal consultants completing Phase I and II of the feasibility study, conduct a fiscal impact analysis of the development of the potential receiving zone(s). This shall include fiscal impacts on the...
municipal government, developer, potential fiscal and economic impacts to the surrounding community, and those costs based on additional bond costs for infrastructure or other required investments.

a. Include an analysis of the cost of providing parking for the proposed site;
b. Based upon community benefits identified by the municipality, conduct an analysis of the community benefits that may be created;
c. Calculation of developer ability to pay and amount of potential impact fees.

3. **Transfer Ratio Demand Analysis.** Based on infrastructure availability, market analysis, fiscal impacts, and physical limitations, develop the receiving side information for a transfer ratio. The results of the fiscal analysis will provide the demand side of the ratio, representing receiving zone development opportunity. The demand analysis will include the amount of development and the value of that development that can be supported.

a. If the proposed density is not sufficient, provide calculation of density bonus by use type of balance available credits and increment of development;

4. Present findings of the Fiscal Analysis to the municipality at a public hearing, if desired by the municipality.

**The MPA Team will performed the above services for an amount not to exceed $35,000.**

The Highlands Act requires a fiscal impact assessment (FIA) that measures the overall economic health of the Region as compared to the rest of the State as a part of the six (6)-year RMP monitoring review report. The FIA provides both a retrospective analysis and prospective exploration of regional economic trends in the areas of population, real estate, economic growth and municipal finance from the 2004 legislation enactment through 2024. This FIA also provides a targeted assessment and detailed portrayal of municipal specific data in relation to regional trends through a “Municipal Fact Book”.

Phase III of the Highlands Region TDR Feasibility Study for Vernon Township analyzed the financial feasibility of the development types desired in the Town Center in order to quantify the demand that development in a potential TDR receiving area would generate for the purchase of TDR credits. The study included analyses of the TDR sending zone, residential and retail market demand, development financial feasibility, and TDR program feasibility.

Through prior planning efforts, the Borough of Oakland embraced smart growth planning concepts that acknowledge the importance of protecting the community's critical resources, while also encouraging compact, mixed-use development. Key to the Borough's land use vision is the revitalization of its Central Business District as a cohesive “downtown.” The realization of this revitalization, however, is contingent upon access to a wastewater treatment facility. Due to environmental constraints, the borough’s ability to obtain approval of its Wastewater Management Plan has been tenuous. The Borough sought to investigate the feasibility of participating in the Highlands Regional Transfer of Development Rights (TDR) Program as a receiving community, which served a dual purpose in preserving critical resource lands within the borough and the region, while also enabling Oakland to obtain the wastewater management approvals necessary to support the revitalization of the Central Business District.

Jersey City embarked on a comprehensive planning study to utilize Transfer of Development Rights (TDR) in an urban setting. The City hoped to capitalize on the tremendous demand for...
additional density in this growing metropolis "across the Hudson" to preserve and enhance community resources. The study included several growth areas, and innovative preservation concepts to restore existing parkland, acquire and develop new parkland, and permanently preserve, restore and/or adaptively reuse historic resources. The program included neighborhood-based transfers similar to other urban models, but also development rights transfers from critical "scattered sites" around the City to areas with demand and capacity. Given the nature of property in the City, the TDR receiving zones included areas in need of redevelopment or rehabilitation, and the Plan included detailed guidelines for new and infill development. The Jersey City project was unique on many levels, and therefore, a model for TDR throughout NJ and the nation.

Washington Boulevard Light Rail Corridor Plan

Southern California Association of Governments, CA

<td>Services Provided</td>
<td>Real Estate Analysis, Stakeholder Outreach, Transportation Analysis, Economic Analysis, Infill Analysis, Site Design, Feasibility Analysis, Alternative Modeling, Strategy and Implementation Development</td>
</tr>
</tbody>
</table>

To understand and assess the benefits and impacts of the alignment, Placeworks conducted a detailed baseline corridor analysis—summarizing existing land uses and plans, assessing transit connections and ridership, and performing a detailed market study of the corridor and station areas. After identifying stations for further analysis, Placeworks developed prototypes for the selected sites and provided policy and design recommendations and specific strategies to facilitate implementation of the development prototypes.

SOUTH COAST RAIL CORRIDOR TDR FEASIBILITY STUDY

Introduced on: September 13, 2016
Adopted on: September 13, 2016
Official Resolution #: R20160765
The South Coast Region in Bristol County, Massachusetts, is forecast to grow by over 20 percent within the next decade due to the region’s proximity to both the Boston Metropolitan Area to the north and attractive coastal areas to the southeast. As an alternative to sprawl, the South Coast Rail Corridor Plan will streamline growth into clusters of well-designed transit-oriented development. The Southeastern Regional Planning and Economic Development District and the Commonwealth of Massachusetts are considering the use of a voluntary regional TDR program to guide growth and promote economic development in proposed station areas and catalytic infill sites. Placeworks evaluated the market feasibility of instituting a TDR program in 11 specific locations. Most of these locations would involve inter-jurisdictional transfers. The analysis also looked at developing a regional TDR marketplace and providing implementation recommendations for the first regional TDR program in the state.

Tacoma is quickly becoming a national model for its sustainable vision and its livable and walkable communities. A TDR program is yet another example of the city taking concrete steps to encourage redevelopment and infill to accommodate sustainable growth. Placeworks designed Tacoma’s TDR program as a means to stimulate growth in Tacoma’s mixed-use centers while providing the city with a new tool to preserve open space and historic resources. The program will work in concert with a regional TDR program being developed for the entire Puget Sound region. This project is funded through an EPA grant to include Tacoma in the regional TDR program. The grant was awarded after a study by Placeworks, “Market Analysis for Regional Transfer of Development Rights in Central Puget Sound,” was completed for the Washington State Department of Commerce.
TDR Program Feasibility Study

During a Comprehensive Plan update, community members expressed concerns that the high rate of development occurring in James City County, home of the famous Colonial Williamsburg, would spoil the area's small-town rural character. This led to a review of the county's suite of growth management tools and generated interest in a TDR program to preserve agricultural land and open space. Placeworks worked with the county to conduct a TDR feasibility study, which included fiscal analysis and pro forma economic analysis to evaluate the impacts associated with a TDR program and GIS analysis to determine the supply and capacity for TDR. Additionally, Placeworks developed draft transfer ratios, a program framework, and growth management policy recommendations.

Addendum 1: Key Personnel Resumes
Courtenay D. Mercer, PP, AICP
Principal

Courtenay Mercer is a land use planner with substantial public sector experience that enabled her to provide assistance to diverse and complex planning projects, and to work with all types of communities. Her project experience ranges from rural conservation planning to urban redevelopment. In addition to public and private sector planning work, Courtenay is involved with many civic and volunteer efforts, including public community boards and non-profit organizations.

Courtenay is the former Director of Planning at the NJ Office of Smart Growth, which staffs the State Planning Commission in developing and implementing the NJ State Plan. She was also the NJ Director of the Regional Plan Association, a non-profit research and advocacy organization working in the NY metropolitan area. She has overseen myriad projects, including traditional neighborhood design (TND) plans, transportation oriented development (TOD) projects, contaminated site cleanup and reuse plans, as well as rural and historic preservation projects.

One of Courtenay’s core assets is her ability to coordinate diverse stakeholders and garner inter-governmental coordination for complex planning projects. Courtenay capitalizes on their vast public and non-profit sector experiences to assist her clients in obtaining Regional, State and Federal level assistance and approvals.

PROJECT EXPERIENCE
Transfer of Development Rights (TDR)
A national expert in TDR, Mercer launched and oversaw a statewide TDR Demonstration Program in which substantial financial and technical assistance was provided to a targeted group of projects in an effort to supply model TDR mechanisms. Mercer also created a TDR education and outreach program through which she explained the TDR concept and planning process to diverse constituencies. Notable TDR projects Mercer has managed:

- TDR Demonstration Program, NJ (Statewide)*
- Highlands TDR Fiscal Analysis, Highlands Region, NJ
- Urban TDR Plan, Jersey City, NJ
- TDR Feasibility Study & Implementation Plan, Kingwood, NJ
- Highlands TDR Feasibility Study, Oakland, NJ
- Highlands TDR Fiscal Analysis, Vernon, NJ

Highlands Fiscal Analysis, Highlands Region, NJ
Managing one of three prequalified firms providing fiscal analysis services related to Highlands TDR Receiving Zone, Highlands Center, and Highlands Redevelopment Area designation, as well as TDR Program technical assistance to the NJ Highlands Council.

Oakland, NJ
Served as the lead planning consultant and project manager of an infrastructure and market feasibility study to determine the Borough’s ability to participate as a NJ Highlands Region TDR receiving area. The project includes infrastructure analysis and alternatives recommendations, as well as market analysis to determine the rate of demand for additional development.

Vernon, NJ
Served as the lead planning consultant and project manager of the Phase III Highlands Region TDR Feasibility Study for Vernon Township in which the financial feasibility of the development types desired in the Town Center where

*The TDR Demonstration Program

analyzer in order to quantify the demand that development in a potential TDR receiving area would generate for the purchase of TDR credits. The study included analyses of the TDR sending zone, residential and retail market demand, development financial feasibility, and TDR program feasibility.

Urban TDR Program, Jersey City, NJ
Served as the lead planning consultant and project manager of a complex urban TDR program that includes several distinct project areas. At completion, the City will have a mechanism in place to redevelop and increase density to more appropriately levels, while preserving historic structures and garnering capital funds for the acquisition and/or improvement of recreational lands. Services include public outreach, market analysis, and TDR and redevelopment planning.

Greater Dayton Neighborhood Revitalization Study, Newark NJ*
Managed the Greater Dayton Revitalization Study to explore the potential to transform Newark’s Dayton neighborhood from a distressed, largely isolated area into a revitalized, transit-oriented community that is connected to the greater region around it. The Study includes significant stakeholder and public outreach to inform a set of implementable design and policy recommendations for the City of Newark to move forward with in anticipation of the PATH extension to the Northeast Corridor Rail Link Station (NEC Station) at Newark Liberty International Airport (EWR).

Strategic Growth Plan, Sussex County, NJ
Managed outreach and stakeholder coordination for an Economic Base Assessment and Strategic Growth Plan for the County of Sussex, including public relations, community engagement, stakeholder identification and coordination, and Steering Committee management.

Transit Access Study, Pompton Lakes, NJ
Provided coordination support to the project Steering Committee, production and distribution of the transit access survey, translation services, and public outreach and social media coordination to inform the planning of future transit facilities, bus routes, and services.

Freight Infrastructure and Land-Use Analysis, Morris County, NJ*
Provided comprehensive economic and land use analysis of the current distribution and warehousing industry in Morris County, in support of developing an optimal multi-modal freight plan.

Community and Economic Impact Analysis, US 219, North Central PA*
Provided comprehensive economic, demographic and land use analysis to determine the feasibility of a regional highway corridor expansion.

Local Demonstration Projects, Northern NJ
Managed community engagement and stakeholder coordination for the Together North Jersey regional planning consortium, including social media management, online community engagement, implementation planning assistance, and inter-governmental coordination.

Highlands Master Plan Monitoring Program, Northern NJ*
Managing the Highlands Regional Master Plan Monitoring Program Recommendation Report, which addresses the periodic Regional Master Plan (RMP) update required by the Highlands Act. The Program includes significant stakeholder and public outreach, as well as creating monitoring indicators and milestones, and a science and research agenda related to future implementation initiatives.

STEVE GUNNELLS
Chief Economist

Steve's career spans the spectrum of community planning and economic development. He works with communities to bridge the gap between long-range planning, policies, and economic development; with community organizations and special districts to fund and implement priority projects; and with developers, to guide project decision-making and obtain entitlements based on sound economic and market analysis. Steve focuses on crafting plans, policies, and development projects that are grounded in regional and global economic realities. He helps his clients leverage market forces to achieve their goals. And most importantly, he uses his grasp of economics and real estate markets not only to overcome existing challenges but to help communities create visionary plans that capitalize on the possibilities, not just past trends.

As PlaceWorks' in-house economist, Steve plays a role in a great many of the firm's active projects. Before coming to PlaceWorks, Steve worked as a community planning and economic development consultant for communities and developers in Michigan and Ohio. He has also served as the field director for a consulting team on a World Bank project in Yemen, an Economic Development Fellow with the International Economic Development Council, and a county Planning Director in Virginia.

RESOLUTION AUTHORIZING AN INCREASE OF FUNDS TO NURSING NETWORK, LLC, IN THE AMOUNT OF $135,000.00 PURSUANT TO REQUISITION R6-00057

WHEREAS on December 8, 2015 by Resolution R-2015-0904 (I-11) a qualifying list of providers of nursing staffing agencies was established; and

WHEREAS on January 26, 2016 by Resolution R-2016-0045 (I-19), the Board of Chosen Freeholders of the County of Passaic authorized an award of contract to Nursing Network, LLC of Clifton, NJ for Nursing Staff for Preakness Healthcare Center for the estimated costs for the first quarter of 2016 within the parameters of the established temporary budget on an as-needed basis in the amount of $25,000.00; and

WHEREAS there is a need for increasing said funds for the estimated costs of RNs through December 31, 2016; and

WHEREAS the Freeholder Board is desirous of authorizing said increase to $135,000.00; and

WHEREAS this matter was reviewed and approved by the Human Services Committee; and

WHEREAS a certification is attached hereto which indicates the availability of funds for said expenditure;

NOW THEREFORE BE IT RESOLVED that the Board of Chosen Freeholders of the County of Passaic hereby authorizes said increase to Nursing Network, LLC for the estimated costs of RNs through December 31, 2016 in the amount of $135,000.00 as recorded in purchase requisition R6-00057; and
BE IT FURTHER RESOLVED that the Director and Clerk of the said Board are hereby authorized to execute any necessary agreement on behalf of the County of Passaic.
