The Honorable Anthony DeNova
Passaic County Administrator
401 Grand St., Room 205
Paterson, NJ 07505

Dear Mr. DeNova,

On behalf of the Greenwood Lake Commission, I am writing to you today to request that the County of Passaic award the Commission with $20,000, for the year 2017. The Commission’s sole purpose, having been created by the legislators of New York and New Jersey, is to protect the natural resources of Greenwood Lake for recreational and economic gain. As you are aware, the Commission was never given a means on obtaining revenue, and this investment will aid us in the pursuit of our goals.

Passaic County has been generous in the past, and we greatly appreciate all of your support. I am happy to report that the Commission has held several successful projects, thanks to your support. We have completed a stump reduction project, started applying herbicides to curb invasive species of aquatic plant species, began a partnership with local universities to conduct water testing on Greenwood Lake at no cost, hosted several successful boat license courses, and became a mobile office which is able to perform at full capacity while saving more funds for on lake projects. I am also happy to report that Orange County is now matching Passaic County’s donations for 2016 and 2017.

Our success is in no small part due to your continued support. Thank you again for your effort to preserve and protect Greenwood Lake.

Sincerely,

Paul Zarrillo

Paul Sullivan

- Technical — 40%
- Management — 30%
- Cost — 30%

The Committee met on two (2) separate occasions, scoring the eight proposals collectively as set forth below.

Review of Proposals

I. Revize, LLC

a. Technical. The respondent submitted a detailed proposal setting forth the technical skills required to fulfill the scope of services as set forth by the County of Passaic (hereafter “County”) in the RFP. Specifically, the respondent submitted dynamic website redesign proposal, a strong content management system, all of the tools and applications needed to accomplish the County’s goals for the project. (35/40)

b. Management. The respondent submitted a table of organization setting forth an extensive team that will be dedicated to the County’s project, all of whom possess extensive experience redesigning government websites, demonstrated a strong ability to accomplish the goals set forth by the County.
for the project in the RFP, and the ability to execute the project on a timeline acceptable to the County. (37/40)

c. **Cost.** The respondent submitted a competitive cost proposal in line with the monies budgeted by the County to execute this project, and of the proposals submitted, it was one of the lowest received from the respondents to the RFP. (28/30)

Total = 90/100

II. Civic Live, West Interactive Services Corporation

a. **Technical.** The respondent submitted an adequate proposal setting forth an understanding of the scope of services set forth in the RFP and an ability to accomplish the goals of the County for the project. The design examples and website tools submitted were adequate, with several examples of work done with other governmental organizations. (32/40)

b. **Management.** The respondent submitted a table of organization with an experienced project team at executing the goals of the County for the project, including a dedicated project management and other specialized employees with experience designing and developing governmental websites. (33/40)

c. **Cost.** The respondent's cost was higher than the County had budgeted for the project, with a final cost in the median range of the other proposals submitted. (20/30)

Total = 75/100

III. Vision Technology Solutions, LLC

a. **Technical.** The respondent submitted a proposal demonstrating an ability to accomplish the goals of the County's RFP, but did not list a clear project schedule for completing the work, and submitted overwhelming previous design templates from work done for other clients. (30/40)

b. **Management.** The respondent's project team demonstrated previous experience executing the type of work as solicited in the County's RFP, and an ability to execute the goals of the County for this project. (32/40)

c. **Cost.** The respondent's cost was higher than the County had budgeted for the project, with a final cost being one of the higher received of the other proposals received. (20/30)

Total = 72/100

IV. Microexcel, Inc.

a. **Technical.** Although the respondent demonstrated an ability to build a governmental website, the design examples submitted were inadequate and did not seem functional for visitors to the website. Moreover, previous client examples did not demonstrate an ability to build a website with the functionality needed and as set forth in the County's RFP. (28/40)

b. **Management.** The management team submitted by the website demonstrated a strong understanding of information technology systems and applications, but lacked the design credentials required by the County in the RFP, and the ability to execute the project as set forth therein. (30/40)

c. **Cost.** The respondent's cost was higher than the County had budgeted for the project, with a final cost being one of the higher received of the other project proposals. (18/30)

Total = 66/100
V. Iris Communications, LLC

a. Technical. The respondent submitted a proposal demonstrating an ability to accomplish the goals of the County’s RFP, but with overwhelming design examples, a bland proposal, and a focus more on marketing than the technical expertise required under the RFP. Moreover, the project schedule set forth in the proposal was longer than others submitted, creating uncertainty regarding the timeline for completion of the project. (27/40)

b. Management. The respondent submitted a management team demonstrating the ability to complete the project, but with a lack of the technical skills required to complete the project, and experience focused more on the design aspect of the site, leaving open questions regarding the respondent’s ability to build the website with the functional requirements necessary. (25/40)

c. Cost. The respondent’s cost was higher than the County had budgeted for the project, with a final cost in the median range of the proposals received by the County for the RFP. (20/30)

Total = 62/100

VI. Carahsoft Technology Corporation

a. Technical. The Review Committee expressed hesitation with respect to the functionality of the content management software proposed by the respondent, although, there was a demonstration of the ability to accomplish the goals of the RFP in the proposal submitted. However, the respondent did submit a detailed narrative of the functional tools available to the County, including all of those as required in the RFP. (35/40)

b. Management. The respondent did not set forth a project team – with the respective experience and job roles – to accomplish the goals of the RFP. (20/40)

c. Cost. The respondent’s cost was higher than the County had budgeted for the project, with a final cost that was one of the highest received of the proposals submitted. (5/30)

Total = 60/100

VII. Cybertech Systems and Software, Inc.

a. Technical. The respondent submitted a proposal that did not demonstrate an ability to accomplish the project goals of the County as set forth in the RFP, and heavily emphasized an application not directly sought in the scope of services of the RFP. Based on the proposal submitted, it was not demonstrated by the respondent that they could execute the goal of the RFP – specifically the design and application standards sought for the project. (24/40)

b. Management. The respondent did not submit a table of organization or project management team, with accompanying resumes or biographies of the employees who would work on the project for the County, demonstrating the prior experience necessary to accomplish the goals of the RFP. (20/40)

c. Cost. The respondent’s final proposal cost was unclear because of the manner in which the fees were set forth in the proposal, including open ended hourly rates. (15/30)

Total = 59/100
VIII. Princeton Internet Marketing, LLC

a. **Technical.** The respondent submitted an underwhelming proposal with the minimum information necessary to review the qualifications of the firm, and did not submit any examples of experience working on the type of project as set forth by the County in the RFP. It was not demonstrated by the firm that the respondent would be able to execute the goals of the County in redesigning and managing a new website. (15/40)

b. **Management.** The respondent did not submit a detailed project team to execute the project, nor any resumes or biographies setting forth the qualifications and experience necessary to complete a project of this scale. (10/40)

c. **Cost.** The respondent only submitted an hourly fee structure, leaving the County susceptible to cost overruns and an unclear determination of whether the project could be completed within its budget because of unknown factors. (15/30)

Total = 40/100

**Recommendation**

The Review Committee recommends the award of RFP-17-004 to Revize, LLC in the amount of eighty eight thousand and six hundred dollars ($88,600.00). This amount will cover the design of the website, implementation and maintenance of the website for one year.

Thereafter the maintenance fee will be twelve thousand seven hundred dollars ($12,700.00) per annum. The term of the contract period is two (2) years with one (1), two (2) year option to renew at the County’s discretion. This will be paid from Administrator’s operating expense budget.

GRANT AGREEMENT NUMBER: 2017-05124-0183-04

SECTION C  SCOPE OF SERVICES

1. BRIEF DESCRIPTION OF PROJECT:

This grant will enable the grantee agency to upgrade heating systems in eligible dwelling units. The measures to be undertaken will provide immediate and long range relief to New Jersey's eligible clients by lowering high fuel bills.

2. SPECIFIC PROBLEMS TO BE ADDRESSED:

   a. Fuel waste resulting from inefficient heating systems.
   b. Elimination of hypothermia associated with non-functioning heating systems.

This project will ensure energy efficiency, fuel savings and increased comfort for the low income residents of New Jersey, with an emphasis on those households containing the elderly, persons with disabilities, children, of Native Americans.

3. TARGET POPULATION TO BE SERVED:

Applicants for assistance representing households containing the elderly, persons with disabilities, children, or Native Americans shall be given priority in the scheduling and carrying out of weatherization activities. As a result of this prioritization, it is predicted that the following percentages of the weatherization dwelling units will be occupied by households having priority status:

   a. 57% will contain senior citizens,
   b. 13% will contain persons with disabilities,
   c. 26% will contain children,
   d. 4% will contain Native Americans.

The priorities for dwelling units containing senior citizens, persons with disabilities, children and Native Americans will be determined by establishing an "adjusted application date" based on the numbers and types of prioritized individuals within the household, as stated in Chapter 1, Eligibility and Documentation of the New Jersey Weatherization Assistance Program Policy and Procedures Manual. This "adjusted application date" will have the effect of shortening the period prioritized households spend on the waiting list for the provision of services.

4. PROJECT OBJECTIVES AND GOALS:

The number of eligible dwelling units which will be weatherized during this grant period will be determined by both the types of service provided and the extent of the investment in each building. Of the total number of eligible dwelling units weatherized during this grant period, it is projected:

   a. 62% will be Single-Family dwelling units.
   b. 38% will be Multi-Family dwelling units.
   c. 56% will be Owner-occupied dwelling units.
   d. 43% will be Renter-occupied dwelling units.

NOTE: IT IS THE RESPONSIBILITY OF THE GRANTEE AGENCY TO MONITOR PRODUCTION AND EXPENDITURES THROUGHOUT THE TERM OF THIS GRANT AWARD TO ENSURE THAT A SUFFICIENT NUMBER OF DWELLING UNITS ARE COMPLETED SO AS TO FULFILL THE CONDITIONS OF THIS AGREEMENT.

Introduced on: April 25, 2017
Adopted on: April 25, 2017
Official Resolution#: R20170334
5. **HOW THE PROJECT WILL BE IMPLEMENTED:**

The Grantee may provide these services to income eligible households that meet the following criteria:

a. Households that were previously served, but received regular weatherization services only.

b. Households that received a heating system

c. Households that received a heating system retrofit, and are now in need of a heating system replacement.

d. Households never previously served and based on a completed energy audit, only need a heating system upgrade.

e. Homeowners who apply for emergency heating system repairs through the HOME Energy Assistance Program.

The Grantee may also expend these funds to pay up to 50% of the cost of a heating system upgrade in a rental unit, if the landlord has contributed 50% of the costs.

The Grantee will be responsible for ensuring that all heating system work completed with these funds meets program standards as outlined in Chapter 8, Heating Systems, of the Weatherization Assistance Program Policy and Procedures Manual.

Any other measures determined as appropriate by the Department and conveyed in writing to the Grantee or other additional measures as determined as needed to increase the thermal efficiency of the unit, except that any improvements over and above those listed above must be approved in writing in advance by the Department.
6. REQUIRED SERVICE THAT MUST BE COMPLETED, IMPLEMENTED, AND DELIVERED TO THE DEPARTMENT:

The number of eligible dwelling units expected to be weatherized by the end of each period, shall be sufficient to account for the expenditure of Grant Agreement funds as follows:

Re:  City of Paterson Ordinance 17-028  
     Grand Street School Zone Speed Limit (20mph)

Dear Members of the Board:

Our office received from the City of Paterson the final copy of the referenced Ordinance. It establishes a school zone speed limit of 20 mph on Grand Street, in the areas of the International High School, and the proposed Charter School at 225 Grand Street.

Since Grand Street is a County road, a consenting Resolution is required. This Ordinance was reviewed and recommended for approval at the April 10, 2017 Public Works Committee meeting. Based upon the above, it is my recommendation that the Board of Chosen Freeholders adopt a consenting Resolution, provided the cost and maintenance of all signs and equipment be borne by the City of Paterson.

Very truly yours,

Charles S. Silverstein, P.E.

SECTION 1. The maximum speed limit for all types of motor vehicles traveling on Grand Street for both directions between Morris Street and New Street shall be a school zone speed limit of 20 miles per hour (MPH) to apply when children are present.

SECTION 2. Unless another penalty is expressly provided by state law, including but not limited to N.J.S.A. 39:4-63, any person convicted of a violation of this ordinance or any supplement thereto, shall be liable to a penalty of not less than fifty ($50.00) dollars nor more than two hundred ($200.00) dollars or imprisonment for a term not exceeding fifteen (15) days or both.

SECTION 3. The Director of the Department of Public Works or the Director's designee is hereby directed to erect and maintain the regulatory sign as required by law, and the effectiveness of this ordinance is contingent upon such signs being erected.

SECTION 4. All ordinances or portions of ordinances inconsistent herewith are repealed to the extent of such inconsistency only.

SECTION 5. If any part of this ordinance shall be declared to be invalid or inoperative, such part shall be deemed severable, and the invalidity thereof shall not affect the remaining parts of this ordinance.

SECTION 6. This ordinance shall take effect upon passage, approval and publication as required by law, subject to passage of a concurring ordinance or resolution by the Passaic County Board of Chosen Freeholders.

SECTION 7. The City Clerk shall have this Ordinance codified and incorporated in the official copies of the Paterson Code, but non-codification shall in no way affect the validity of the Ordinance.

SECTION 8. The City Clerk and the Corporation Counsel may change any chapter numbers, article numbers and section numbers if codification of this Ordinance reveals a conflict between those numbers and the existing Code, in order to avoid confusion and possible accidental repeaters of existing provisions.
SECTION 9. The City Clerk and the Corporation Counsel may correct any clerical errors in the printing, publication and codification of this Ordinance, provided both concur with the correction being made and both certify in writing to the Municipal Council as to the specifics of the clerical correction no later than seven (7) days before the correction is made, or, where a legal deadline for publication applies, no later than the date of the next Regular Meeting. The said certifications shall also be prominently posted no later than the date of the next regular meeting, and thereafter shall be annexed to the corrected original Ordinance and retained by the City Clerk.

SECTION 10. That all or parts of the prior ordinances or resolutions that are inconsistent with this Ordinance are hereby repealed.

STATEMENT OF PURPOSE

The purpose of this Ordinance is to amend Ord. No. 16-478, so that the 20 MPH limit shall be a school zone speed limit to apply only when children are present.

    Award of Contract

Members of the Board:

The County of Passaic received and accepted unit price bids for On-call Drainage Projects for
the period of October 1, 2015 thru September 30, 2017. The County Engineer would like to
award a project for the following assignments to Zuccaro, Inc, 64 Commerce Street, Garfield, NJ
07026:

- Passaic County On-Call Drainage Project – Newark Pompton Turnpike North of Haul
  Rd, Wayne
- Passaic County On-Call Drainage Project – Newark Pompton Turnpike North of Stylon
  Rd, Wayne

The requirements for this assignment were assessed against the accepted On-Call Drainage
quotes and the best overall price was used to select three contractors to provide their approach
to the project. The contractor with the best, least expensive approach was then selected.

We recommend that the Board of Chosen Freeholders award a contract to Zuccaro, Inc in the
amount of $33,520.00 for the Passaic County On-Call Drainage Project – Newark Pompton
Turnpike, Wayne. The Township of Wayne will reimburse the County for the project north of

Re: Click It or Ticket 2017
Statewide Seat Belt Enforcement Mobilization

Dear Chief:

I am pleased to offer your department the opportunity to participate in our annual Click It or Ticket Statewide Seat Belt Enforcement Mobilization. The Division of Highway Traffic Safety is prepared to offer your department $5,500 in overtime enforcement grant funding, to be utilized during the Click It or Ticket 2017 Statewide Seat Belt Mobilization from May 22 through June 4, 2017.

Click It or Ticket grant applications must be submitted on-line through the SAGE e-grant system. Detailed instructions for submitting your grant on SAGE follow. Please note that the application for this grant will be available in SAGE beginning on March 29, 2017 and must be submitted electronically to NJDHTS by May 5, 2017.

When you access the grant application in SAGE, please familiarize yourself with the Project Methodology, as you will be expected to adhere to all components of the grant. This is a reimbursement grant, meaning your agency will incur the costs and then submit documentation to the Division to be reimbursed. The maximum hourly rate that will be reimbursed for the enforcement overtime is $55 per hour.

After you have submitted your completed application through SAGE, you will be notified of your approval through SAGE, as well. No written approvals will be sent out.

I am confident that your participation in this grant program will help increase seat belt usage in the State of New Jersey. If you have any questions, please call me at (609) 633-9022.

RESOLUTION AUTHORIZING A CONTRACT BETWEEN THE
COUNTY OF PASSAIC AND NORTH HUDSON COMMUNITY
ACTION CORPORATION TO PROVIDE SPECIALTY CARE FOR
PASSAIC COUNTY JAIL INMATES WHO SUFFER FROM
INFECTIONOUS DISEASES

WHEREAS the County of Passaic is responsible for the
operation of the Passaic County Jail (Jail) which is within the
operational purview of the Office of the Passaic County Sheriff; and

WHEREAS the Jail houses inmates with various degrees of
illness and diseases and as such is required to maintain a level of
medical care that is comparable to the “community standard of
care”; and

WHEREAS in order to maintain that the said standard of care
is met the County of Passaic has contracted, as a result of a
competitive contract process, with Corizon Inc. to provide general
medical care to the Passaic County Jail inmates; and

WHEREAS in order to provide a level of specialty care for
patients within the Jail who suffer from infectious diseases such as
HIV, HEP C and other, Corizon and the County Sheriff have reviewed
an opportunity to utilize the services of the North Hudson
Community Action Corporation (NHCAC) a federal medically licensed
corporation, which has two (2) offices/clinics in Passaic County, to
provide said specialized services; and

WHEREAS NHCAC has offered to establish a special off-site
clinic at one of their existing clinic sites within Passaic County where
their physicians and nursing staff will provide medical care and treat
patients referred by the Jail on a mutually agreeable schedule for
transportation to the site by the Jail; and

WHEREAS the NHCAC agrees to provide the clinic services for
no more than six (6) inmates at any one session for a fee of One
Thousand Three Hundred and Fifty Dollars ($1,350.00) per session
which will take place as needed but not less than once per month and

WHEREAS it is anticipated that NHCAC will provide one or two clinics per month and that the cost for said clinics will be on average no more than $2,700.00 per month for NHCAC to treat the vulnerable patients from the Jail, such treatment will include, as appropriate, the issuance of prescriptions for medication deemed necessary by the physician at HNCAC; and

WHEREAS such prescriptions may be filled through the use of the NHCAC pharmacy which may provide the prescribed medications at a discounted cost to the Jail; and

WHEREAS the aforesaid was discussed by the Freeholder Law and Public Safety Committee on April 4, 2017 and recommended to the full Board for approval; and

WHEREAS the Local Public Contract Law N.J.S.A. 40A-11.1, et seq., requires that the resolution authorizing the award of contract for “Professional Services” without competitive bids and the contracts itself must be available for public inspection; and

WHEREAS the total cost of goods and services with this vendor is over the monetary threshold set forth under the Pay to Play Law (N.J.S.A. 19:44A-20.3, et seq.); and

WHEREAS the said Board by Resolution 06-97 dated February 14, 2006 established a policy of only awarding contracts in excess of the monetary threshold set forth under the Pay to Play Law only under a fair and open process; and

WHEREAS the Board is desirous of making an exception to that policy in this case in order to receive the quality and significant savings by using this medical provider; and
WHEREAS a certification is attached hereto which indicates the availability of funds for said expenditure;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of Passaic County that it hereby authorizes a contract by and between the County of Passaic and North Hudson Community Action Corporation for said Corporation to provide specialized medical services for Passaic County Jail inmates as set forth above for an upset fee of $32,400.00; and

BE IT FURTHER RESOLVED that the Director, Clerk of the Board and County Counsel are authorized to execute the necessary contract on behalf of Passaic County; and

BE IT FURTHER RESOLVED that this contract is awarded without competitive bidding as a “Professional Services” contract in accordance with N.J.S.A. 40A: 11-5(1)(a) of the Local Public Contracts Law because:

(1) The consulting firm is authorized and regulated by the law to provide the aforementioned services;

(2) The performance of the services are special in nature and require knowledge of an advanced type training, which said consulting firm possesses; and

BE IT FURTHER RESOLVED that this contract is being awarded as an exception to the policy of the Board as set forth in its Resolution R-06-97 dated February 14, 2006 because of the special circumstances of this situation, and the policy of the Board as set forth in this resolution shall remain in full force and effect.

increased, and the obligation of the County authorized by or incurred pursuant to the terms of this guaranty is permitted by an exception to the debt limitations of the Local Bond Law, which exception is contained in the Act.

(d) All other items to be contained in a bond ordinance adopted pursuant to the Local Bond Law are hereby determined to be inapplicable to the County's guaranty of the Obligations hereby.
