FROM: Michael H. Glovin, Deputy County Counsel
RE: Further expanding the pool for Qualified Outside/Special Litigation Counsel for the County of Passaic Under Pay-to-Play for 2017
DATE: November 27, 2017

In response to the submission to me of the further qualification of outside/special litigation counsel for the County of Passaic that were taken by the Purchasing Department on November 17, 2017, please be advised that I have reviewed all of the ten (10) responses and can report that they are all qualified to act as outside/special counsel. However, please note that of the ten, two (2) firms have submitted for the first time. They are listed as follows:

1. Antonelli Kantor P.C., 1000 Stuyvesant Avenue, Union, NJ
2. Sciro & Marotta, P.C., 66 Hamilton Avenue, Suite 103, Paterson, NJ

In addition, the remaining eight (8) firms had previously submitted qualifications and had been qualified by Freeholder Resolution(s) during calendar year 2017. These eight are as follows:

1. Lite DePahna Greenberg, Newark, NJ 07102
2. Biancamano & DiStefano, Edison, NJ 08837
3. Inglesino Webster Wyciskala Taylor, Inc., Parsippany, NJ 07054
4. DeCotiis, Fitzpatrick, Cole & Giblin, LLP, Teaneck, NJ 07666
5. Nadaniel Davis, P.C., Maplewood, NJ 07102

6. Eric S. Pennington, P.C., Newark, NJ 07102
7. Weiner Law Group, LLP, Parsippany, NJ 07054
8. Hoagland, Longo, Moran, Dunst & Doukas, LLP, New Brunswick, NJ 08901

The two firms referenced above who had not previously qualified have principal partners, employees or associates that have the requisite experience as set forth in the County of Passaic Request for Qualification and are licensed attorneys in the State of New Jersey. I believe that the Freeholder Finance & Administration Committee did authorize a Resolution expanding the pool of qualified outside/special counsel and thus would appreciate it if you would prepare the necessary Resolution to expand the pool.

Dated: December 13, 2017
WHEREAS the Federal Tax Code is incredibly complex and every one of its provisions was enacted for a reason. While some of those reasons may no longer serve the public’s interest, others remain fair and effective tools that promote the general welfare; and

WHEREAS the deduction for state and local taxes (SALT) has been a feature of the tax code for more than 100 years. In 1913, the first federal income tax form allowed taxpayers to deduct state and local taxes, one of only six deductions allowed at the time. Even the federal Civil War tax in 1862 included a deduction for SALT; and

WHEREAS this provision ensures against double taxation and reflects mandatory tax payments, which support public services that benefit all citizens, such as K-12 schools, law enforcement and public safety, transportation and infrastructure, and vital community and public health services; and

WHEREAS taxpayers in all 50 states – and in both Democratic and Republican congressional districts – benefit from the SALT deduction. The SALT deduction is claimed by taxpayers of all income levels. The deduction is especially important for middle income homeowners, as fifty percent of the deductions claimed by taxpayers making $50,000 to $100,000 are for property taxes; and
WHEREAS the SALT deduction does not unfairly benefit taxpayers in high tax states. To the contrary, low tax states are generally more dependent on the federal government, receiving more in federal funding than they pay in federal taxes. According to one study, Mississippi, Alabama and Louisiana are among the most subsidized states, receiving about $3 in federal spending for every $1 contributed in taxes; while New Jersey, New York and Illinois are among the states that receive less than $1 from the federal government for every $1 paid in federal taxes; and

WHEREAS, eliminating the SALT deduction would raise taxes on middle class homeowners – even if the standard deduction were doubled. A recent study commissioned by the National Association of Realtors found that homeowners with adjusted gross incomes (AGI) between $50,000 and $200,000 would see an average tax increase of $815 if SALT were eliminated and the standard deduction were doubled; and

WHEREAS SALT is strongly tied to home ownership since the overwhelming number of itemizers who claim the deduction (44 million) deduct property taxes (40.7 million) and mortgage interest (35.4 million). Eliminating SALT will diminish the value of the mortgage interest deduction, resulting in a 10% decline in home values in the immediate term; and

WHEREAS this matter has been reviewed by the Freeholder members of the Finance & Administration Committee who strongly recommend this Resolution to the full Board.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it urges New Jersey’s United States Senators Robert Menendez and Cory
Booker and the U.S. House of Representatives William J. Pascrell Jr., Rodney Frelinghuysen and Josh Gottheimer to strenuously oppose with voice and vote any proposal to eliminate the fair and reasonable State and local tax deductibility provision from the Federal Tax Code.

BE IT FURTHER RESOLVED that copies of this resolution be forwarded to our above named representatives in Congress, all other Members of the House of Representatives representing New Jersey taxpayers and municipalities, to the New Jersey Association of Counties, and the New Jersey State League of Municipalities.

2018 Minimum Recommended Back-up Procedures

***CRITICAL REQUIREMENT***

Every year clients lose data due to hardware failures, computer viruses or ransomware. Please take proper precautions to protect and backup your data.

Edmunds & Associates strongly recommends the installation of a back-up in the fileserver, utilizing third party back-up software in addition to cloud back up. The fileserver should have a high speed internet connection. If this is not possible, a pc on the network with a high-speed connection will suffice.

If you do not install as recommended we will not be able to view the or restore files remotely. This would result in an unnecessary delay restoring files if we do not have remote access. All on site visits and phone consultations will be billable at our current hourly rate of $150 per hour regardless of hardware maintenance coverage.

As a reminder we would like to review the minimum suggested back up procedures.

- Daily back-up of data files. Five different tapes/flash drives should be used, one for each day of the week.
- Tapes/flash drives should be rotated and stored off site on a daily basis.
- Complete MCSI/SBx/UAX system back up should be done at least weekly.
- Monthly back-up tapes/flash drives should be archived for at least 3 months.
- Tapes/flash drives must be tested at least every 30 days to verify MCSI is being successfully backed up. These test restores must be done to alternate locations, not in your live MCSI location.

The MCSI applications verify that Edmunds data files have been successfully backed up every 3 days. It is the responsibility of each client to insure other files/databases, such as PDF's and word processing are being properly backed up.

RESOLUTION AMENDING R-2017-0908 DATED OCTOBER 24, 2017 TO ACCURATELY REFLECT THE PREMIUM RATES THAT SHOULD BE CHARGED FOR PRESCRIPTION DRUG BENEFITS FOR CALENDAR YEAR 2018 BASED UPON STATISTICAL EVALUATION

WHEREAS the Board of Chosen Freeholders of the County of Passaic by Resolution R-2017-0908 dated October 24, 2017 adjusted the premium rates for the County of Passaic self-funded medical program for COBRA participants and employees receiving medical, prescription drug and dental benefits under that program for the period January 1, 2018 through December 31, 2018 based upon a statistical evaluation from benefits paid last year; and

WHEREAS it now appears that there was an error in one of the attachments to that Resolution in the area of prescription drug benefits; and

WHEREAS the Passaic County Department of Human Resources recently received updated attachments from the County’s insurance consultant, Brown & Brown Metro, that accurately reflect the rates that should be charged for the upcoming year based upon the said statistical evaluation; and

WHEREAS this matter was discussed by the Freeholder members of the Finance & Administration Committee at a meeting held on November 22, 2017 where it was recommended that the previous Resolution be amended.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes an amendment to Resolution R-2017-0908 dated October 24, 2017 which authorized rates for County employees, retirees of independent and autonomous agencies, and COBRA participants in
the County of Passaic Self-Funded Insurance Plan for medical, prescription and dental coverage to reflect the rates set forth in the four page attachment to this Resolution rather than those attached to Resolution R-2017-0908 dated October 24, 2017.

**BE IT FURTHER RESOLVED** that all other respects, including the $50.00 per pay incentive set forth in R-2017-0908, shall remain in full force and effect.

RESOLUTION RATIFYING ACTION TAKEN BY THE PASSAIC COUNTY CLERK TO THE BOARD OF CHOSEN FREEholders IN SCHEDULING AND ADVERTISING A PUBLIC HEARING REGARDING RE-ALLOCATION OF FUNDS FROM THE DOG PARK PROJECT BUDGET LINE TO THE CHRISTOPHER COLUMBUS PARK TRACK PROJECT

WHEREAS the Board of Chosen Freeholders of the County of Passaic by Resolution R-2017-0648 dated August 15, 2017 authorized an amendment to the 2017 Open Space Farmland & Historic Trust Fund Budget approved by the said Board on January 24, 2017 to fund two Open Space Project applications from the City of Passaic; namely, One Hundred Thousand ($100,000.00) Dollars into a new budget line entitled “City of Passaic Veteran’s Memorial Third Ward Dog Park Project” and One Hundred Thousand ($100,000.00) Dollars into a new budget line entitled “City of Passaic Christopher Columbus Park Walkway Project”; and

WHEREAS the City of Passaic by letter from the Mayor dated November 22, 2017 is requesting that the Board re-allocate the funding of the two Projects awarded on August 15, 2017 by transferring Seventy-Five Thousand ($75,000.00) Dollars from the Dog Park Project budget line into the Christopher Columbus Park Track Project for a total of $175,000.00 for that Project and leaving the remaining balance of Twenty-Five Thousand ($25,000.00) Dollars in the budget line for the Dog Park Project (copy of letter attached hereto and made part hereof); and

WHEREAS pursuant to the law governing County Open Space Trust Funds, specifically N.J.S.A. 40:12-15.3(b), no expenditure over One Hundred Thousand ($100,000.00) Dollars shall be expended or
used until the governing body first holds a public hearing with at least thirty (30) days’ notice; and

WHEREAS the fact that the year is rapidly coming to a close, the Passaic County Administration, in consultation with the Freeholder members of the Finance & Administration Committee, authorized the Clerk to the Board of Chosen Freeholders to schedule and advertise the public hearing for this request before the Board on Thursday, December 28, 2017 at 10:00 a.m. in the Freeholder meeting room on the second floor of the Passaic County Administration Building, 401 Grand Street in Paterson, NJ 07505; and

RE: Fund Transfer Request
Christopher Columbus Park Track & Dog Park

Dear Mr. DeNova & Passaic County Freeholder,

We would like to express our gratitude for your assistance in providing funds for our upcoming projects. We are excited about moving forward; however, we are requesting to transfer $75,000 from the Dog Park project into the Christopher Columbus Park Track. This transfer will leave a remaining balance of $25,000 for the Dog Park project.

The reason for our request is that the bid responses exceeded the anticipated costs. Again, we are not seeking additional funds. We are merely seeking the reallocation of funds.

If you have any questions or concerns please feel free to contact me directly.

Sincerely,

Hector C. Lora
Mayor

Subject: Passaic County documents for Schwartz acquisition

Hello Mathew,

Attached is a draft Partnership Agreement between The Land Conservancy and Passaic County to utilize $277,500 of Passaic County’s Green Acres nonprofit grant funds for the purchase of the Schwartz and Hot Properties tracts in West Milford. Also attached are the County’s Green Acres Payment Request Forms for both purchases. Also attached are contract addendums for both purchases. Please send me copies of each of these documents once they are signed so we can send them down to Green Acres as quickly as possible.

We have developed deeds for the two tracts being purchased, and for the County’s transfer of its interests to The Land Conservancy. Once Green Acres and the N.J. Highlands Council mutually agree on the restrictive language that they require in the deeds, we will send those over to you also, hopefully next week. Please let me know if you have any questions. Thank you again for your kind assistance with this important project.

Dear Ms. Gungil:

This letter is to inform you of the projected amount of funding for the Passaic County Department of Health ("Passaic") fiscal year 2018 County Environmental Health Act (CEHA) grant contract. Once the grant is fully executed, Passaic should anticipate receiving $150,000.00 in base-line funding to support delegated CEHA core activities, $5,000.00 for Safe Drinking Water, $7,600.00 for NJEMS Support, $7,350.00 for MVC Utilization, $9,080.00 for Pesticides, and $1,500.00 for RTK for the contract period starting on July 1, 2017 and ending June 30, 2018.

The attached worksheet details the funding and matching amount that Passaic is responsible for.

Thank you for your continued participation in the CEHA program. If you have any questions, feel free to call CEHA Coordinator Lyle Davis at (609) 984-1365.

Sincerely,

APPROPRIATION: $145,402.00 – G-01-41-761-012-213

PURPOSE: Resolution authorizing award of contract to Maumee Express Inc. of Abingdon, Va for Household Hazardous Waste Collection Days for Passaic County from January 1, 2016 through December 31, 2017.

RE: Household Hazardous Waste Drop-off Collection & Disposal

Bid proposals for the drop-off collection and disposal of Household Hazardous Waste for Passaic County's residents were received on December 22, 2015 at 10:30 am at the Passaic County Procurement Center, located at 495 River Street, Paterson, from the following contractors:

Clean Venture/Cycle Chem
MXI Environmental Services LLC

The proposals were reviewed, tabulated and evaluated to determine the lowest bid price per car for a 2-year contract with one 2-year option to renew, period beginning January 1, 2016 and ending on December 31, 2017 (or December 31, 2019 if 2-year option is implemented.)

I recommend the following bidder be awarded the Household Hazardous Waste contract based on the "lowest" 2-year bid price per car:

MXI Environmental Services LLC

Year 1 (3 Events) - $32.99 per car
Estimated Total Cars: 2,200
Estimated Total = $72,578.00

Year 2 (3 Events) - $33.99 per car
Estimated Total Cars: 2,225
Estimated Total = $75,627.75

As there is always the possibility that solid waste fees and/or other conditions may change, I would request for the contract to contain language allowing Passaic County to "opt out" of the one 2-year option portion 90 days before the expiration of the first two year bid period.

Francine Vince,
Passaic County Division of Mental Health and Addiction Services
401 Grand Street
5th Floor
Paterson, NJ 07505

Dear Ms. Vince:

The Governor’s Council on Alcoholism and Drug Abuse (GCADA) is announcing its intention to provide a grant to Passaic County for the Fiscal Year 2019 Alliance to Prevent Alcoholism and Drug Abuse Program. The allocation for Fiscal Year 2019 per formula from the Drug Enforcement Demand Reduction (DEDR) Fund, including coordination funds, is $512,024.

The grant period will begin July 1, 2018 and continue through June 30, 2019. This letter of intent is contingent upon the availability of funds and is subject to the rules of the New Jersey Department of Treasury.

County coordination funds are included in your funding formula award. Counties may take up to 15% of their DEDR award with a minimum of $60,000. The total amount of coordination funds available for your county for FY 2019 is $76,804. County spending plans will be approved by the GCADA in accordance with established grant guidelines.

Up to 5% of DEDR funds up to a maximum of $20,000, may be used for county-wide activities. These activities should focus on training for the Municipal Alliances and community partners. The trainings and activities chosen must benefit the county-at-large.
Counties will only be permitted to contract with Municipal Alliances that attended the required GCADA trainings on the needs assessment and strategic planning process. Refer to the enclosed “Guidelines for Distributing Funds from Non-Participating Municipalities” for assistance with reallocating funds from municipalities that are not participating for FY 2019.

All funds will be reimbursed to the counties after receipt and acceptance of the required expenditure reports, programmatic reports and vouchers.

The submission and approval of the County Alliance Plan, including a detailed budget for county coordination and countywide activities, will be required to access these funds. Plans must be submitted to GCADA by February 28, 2018. Plans received past the due date will not be assured of approval by July 2018.

Please be advised that no County Alliance Plan will be reviewed or presented to the full Council for approval if the County is not up to date with its expenditure and programmatic reports for the prior grant term.

The County’s continued cooperation and support are appreciated.

Sincerely,

[Signature]

Guidelines for Distributing Funds from Non-Participating Municipalities

When determining the county's Municipal Alliance funding distribution, every municipality in the county must be allocated with funding. Although not every municipality in the county may be participating in the Municipal Alliance Program, it is important to allocate funding to each municipality in the event that the choice is made to reestablish the Municipal Alliance in the middle of a grant cycle. The funds set aside to the non-participating municipalities must then be reallocated utilizing one or more of the following options:

1. Allocate the funds into a supplemental category for the Municipal Alliances

Supplemental funds may be added to the base funding amount allocated by formula if a county is certain that there are municipalities that are not participating for the next grant year and before the Alliances are notified of their allocation. Supplemental funds may be added to participating municipalities based on criteria set by the County Alliance Steering Subcommittee. Criteria that should be considered are an Alliance's ability to utilize the funds appropriately as well as its history of meeting reporting requirements in a timely and efficient manner.

Example: Anytown is a municipality that is not participating in the Municipal Alliance Program and is allocated $3,000 based on the county funding formula. The funding for Anytown may be reallocated to Town 1, Town 2, Town 3 and Town 4 since they have shown to provide exceptional programming and meet all the reporting deadlines with efficiency as shown here:

2. Place the funds into countywide activities

As long as the county allocation for countywide activities falls under 5% of the DEED allocation up to a maximum of $20,000, then the county may choose to place the funding allocated to the nonparticipating municipality towards countywide activities. The countywide activity form must be completed and approved by GCADA prior to program implementation.

3. Develop a Special Project RFP

The county may develop a Request for Proposal (RFP) process to distribute the funds allocated to non-participating municipalities. This is considered a special project application with the terms and criteria determined by the County Alliance Steering Subcommittee. GCADA forms must be used in the application process. All RFPs must be approved by the CASS and GCADA prior to program implementation.

Program Model

The Passaic County One-Stop Career Center ("One-Stop") is proposing to implement Project 2: Case Management of Passaic County Reentry Program by transiting participants to the Passaic County Career Advancement and Re-Education Resources (CAREER) Initiative, which targets several high-risk, underserved sub-populations in Passaic County: post-drug-and-alcohol rehabilitants, out-of-school youth (age 16–24), and ex-offenders. These groups are not mutually exclusive, but, unfortunately, a sizable amount of Passaic County’s resident’s falls into at least one of these categories. As shown by surveys from the U.S. Census and the New Jersey Drug and Alcohol Abuse Treatment, 6,787 (or 13.1%) of the County’s 18–24 year olds have attained less than a high-school degree, while 764 residents of the County received short- or long-term residential treatment or lived in a halfway house in 2015. The number of
reentrants each year also represents a substantial sum; in 2016, for instance, the Passaic County jail alone released 7,088 individuals from incarceration.

The One-Stop has repeatedly witnessed how falling into even one category drastically impacts an individual’s employability and limits the individual’s occupational and economic mobility. As a result, these populations too often languish in positions with minimal growth potential or struggle to find jobs at all, minimizing their ability to become socially and financially independent. Failure to secure stable, quality jobs can have dire consequences for the community (cyclical poverty and un/underemployment strain public benefit services and systems, such as welfare and unemployment) and for these vulnerable populations especially, increasing their risk of recidivism and/or committing crimes in a County where poverty and crime dominate several distressed regions.

Namely, Passaic County’s three largest cities—the county seat of Paterson, as well as the contiguous Passaic and Clifton—account for approximately 60% of the total countywide population and yet 76% of the total jail population. These areas are marked by economic hardship (31.6% of individuals in Passaic live below the poverty level, 29.1% in Paterson, and 9.1% in Clifton) and, likely as a result, high levels of crime. Indeed, in these three cities, the rate of violent crime rate—which includes rape, murder, robbery, and aggravated assault—is 610.7 offenses per 100,000 inhabitants, nearly double the national rate (372.6). Further, the county seat of Paterson is consistently reported as one of the most dangerous cities in America by the Federal Bureau of Investigation (FBI) and, in 2015, accounted for 20% of all New Jersey’s violent crime. These jarring statistics paint a sobering picture of life in the County’s largest cities. Moreover, they underscore the importance of providing pathways for sustainable career success for the County’s most vulnerable individuals—otherwise, these populations face near insurmountable personal and social constraints.

To help these vulnerable populations transcend such limitations and find social and economic prosperity, the One-Stop proposes the CAREER Initiative, an innovative program that coordinates a partnership of public agencies and job-placement partners. Job-training and job-placement options offers
participants tremendous flexibility, creating pathways for various career trajectories, including the opportunity to work as a company’s full-time professional, as a freelancer, or as an entrepreneur.

CAREER has been developed as a response to what the One-Stop recognizes are two major impediments for these vulnerable populations: restricted employment opportunities and the resulting apathy and demoralization these individuals experience upon examining their career potential. The One-Stop is not alone in identifying this obstacle; scholarship has emphasized the integral role of motivation during job searching and for job retention. In fact, some studies suggest that “job search interventions [i.e., behavioral learning theory and social cognitive theory] effectively promoted employment only when both skill development and motivation enhancement were included” (emphasis mine).

In response, the One-Stop has attracted employers from diverse sectors that will serve these traditionally underserved populations, creating paths to jobs with diverse and flexible career opportunities. Qualitatively, the results could be transformative: the One-Stop hopes that participants both feel in control over their futures and relish in having a “clean slate” as they embark on their training providing a new approach that energizes these groups and satisfies their employment needs.
**Comprehensive Program Plan**

The One-Stop will provide outreach to potential participants, looking to enroll a minimum of 40 participants. Participants will be referred to “CAREER” by Project 1: Screening, Assessment, Case Plan Development and Treatment of Passaic County Rentry Program thirty days prior to release date from Passaic County Jail. Upon referral case manager will review participant’s “Exit Plan” with Project 1 counselor, register participant with One Stop, assess their abilities to receive training or begin employment search, and probe for additional barriers that require action.

**Employment Search Program Plan**

After assessment phase CAREER, participants will be introduced to the One Stop then begin a two-week résumé development and workshop training process. First, the One-Stop will assist participants in crafting or updating their résumés and loading them onto NJ LWD’s On Ramp. During this process, the One-Stop will be able to gauge the participant’s general interests, skillsets, and previous work history, which will help the One-Stop direct participants towards relevant opportunities. Moreover, to help participants make well-informed employment decisions and to prepare them for their training and ultimate job search, the One-Stop will direct participants to three NJ Career Connections workshops—“The Right Career for You,” “Mastering the Art of Networking,” and “Interviewing Skills”—as well as teach all applicants how to use the “Pathway to Employment” model from NJ Career Connections.

Subsequently, the assigned One-Stop case manager will administer a life assessment and referral assignment to each participant. The life assessment will review a participant’s family, medical, and legal history and current status to identify needs as well as potential barriers to employment. Referrals for services such as counseling, doctors, or lawyers will be distributed upon need.

**Occupational Training Program Plan**

An assigned career counselor will encourage participants to visit the program partners’ locations to learn about and witness first-hand each trade. To help participants make responsible career decisions, a career counselor will also consider a participant’s background and current needs (e.g. a record of
driving infractions or children to supervise daily) and coordinate solutions with the participant. Each training program has unique pace and testing which participant will be informed of before final training selection.

Upon completion of training, participants will return to the One-Stop for one week of the following services: the finalization of their résumés, advanced career coaching, additional workshops, and job placement initiatives. Participants will work with their case manager to update their résumés (and upload the final version to On Ramp) while attending several employment workshops, including NJ Career Connections' Introduction to the Path to Employment, Résumé Writing Workshop, and Interviewing Skills (which all participants will retake to better internalize these crucial skills). Additionally, the One-Stop prepares participants for the interview process: they will learn how to discuss their background to prospective employers as well as how to emphasize their recent training and acquired skills. Further, the One-Stop will ensure that participants gain a deep understanding of labor-market research, so they know the worth of their skills and certifications. In sum, participants will receive comprehensive assistance in job preparation and will be well-equipped for success in a field that inspires them.

To find and secure participants' employment, the One-Stop's Business Resource Center will seek out opportunities from their wide-ranging network of companies and industry professionals. Additionally, the One-Stop will direct participants to local career fairs and onsite employer recruitment events. Further, CAREER has an array of internal job networks with which they consistently work and each trade school has dedicated job-placement staff—employees specifically assigned to guide program graduates towards work in their chosen industry. Moreover, they will schedule employers to visit training locations and conduct interviews on-site.

**Employment Mentorship Program Plan**

Once participants obtain employment, the One-Stop will continue its mentorship and job monitoring through 180 days of employment, identifying and redressing any barriers that may interfere with retention. If a participant maintain his/her job for 180 days, the One-Stop will deem that
case a success. From the initial assessment to the 180th day of employment, CAREER will be an approximately year-long program for each client, comprising approximately one-and-a-half months for initial assessments and referrals, three months for training/job search and mentoring, one month for post-training job coaching and placement, and six months for employment. Post-program follow up will continue for twelve months after completion and exit from CAREER Initiative.
Reporting

The One-Stop has a proven track record of diligent, accurate, and honest reporting for all government funding it receives for reentry and workforce programming. The One-Stop’s timely reporting during its 2015 PEPP grant from the NJ LWD highlights the One-Stop’s high level of organization and commitment to reporting program outcomes. The One-Stop will create reports that will account for the following: number of participants assessed, number of participants receiving, milestone events completed in CAREER program, regular case management visit notes as well as other notable statistics.

Each participant will be have a custom 30, 90, 180, 360 day progress report from case management team based on review of case manager notes, program tracking, and documented one on one interactions. P.R.E.P. milestones will be tracked from the viewpoint of “Exit Plan” progression updated for each participant on the 30, 90, 180, 360 day participation mark tracked specifics are as follows continuous housing stability, category of treatment, attendance of treatment, court mandated supervision, initial one stop visit, and other milestones that are determined as viable during program review meetings. The One-Stop will provide monthly program performance and financial reports no later than the 10th of each month.

All reports will be emailed to Board of Trustees for performance reviews.

RESOLUTION FOR CHANGE ORDER #2 FOR JOHN GARCIA
CONSTRUCTION CO., INC. AS IT PERTAINS TO THE ON-
CALL DRAINAGE PROJECT, TOTOWA AVENUE & LINWOOD
AVENUE IN PATERSON, NEW JERSEY

WHEREAS the County of Passaic did, on the date of July
18, 2017, adopt Resolution R-2017-0608 awarding a contract
to John Garcia Construction Co., Inc. in the sum of
$20,350.00 for the project known as the On-Call Drainage
Project, Totowa Avenue & Linwood Avenue, Paterson, NJ; and

WHEREAS due to a previous Change Order, the contract
amount exceeded the 20% limitation imposed pursuant to the
Local Public Contract Law (N.J.S.A. 40A:11-1 et seq.) and
regulations adopted in relation thereto; and

WHEREAS it has now been determined that the contract
must be further amended to provide for an adjustment to
reflect an increase in the contract amount due to as-built
quantities and additional work required for in-field redesign of
the project due to underground constraints for an additional
amount of $2,830.00, which is a result of a late invoice from
the Passaic County Sheriff’s Department for reimbursable
traffic Control expenses; and

WHEREAS this addition results in a contract amount of
$41,647.50; and

WHEREAS this proposed Change Order No. 2 will result
in the net sum of change orders for this project to be in excess
of the 20% limit for change orders which is allowed under the
Local Public Contracts Law N.J.S.A. 40A:11-1; and
WHEREAS the regulations (N.J.A.C. 5:30-11.9) of the State of New Jersey Department of Community Affairs permits change orders in excess of 20% as long as the following is present:

1) a written certification by the contractor containing the following:

i) an explanation of the factual circumstances which necessitate issuance of the change order;

ii) a statement indicating why these circumstances could not have been foreseen;

iii) a statement indicating why issuance of the change order would be in the best interests of the County and would not constitute an abuse of these rules;

iv) if the nature of the change order is technical, the certification shall include a certified statement from contractor's appropriate expert, explaining in detail the factual circumstances which necessitate the issuance of the change order;

2) a request from the chief executive officer, in this case the County Administrator, or his designee, to the governing body requesting the change order and explaining why this change order may be allowed pursuant to this provision; and
WHEREAS the County of Passaic is in receipt of a certification from the County Engineer dated November 28, 2017, see copy attached hereto; and

WHEREAS the Office of the County Engineer has also submitted a letter dated November 28, 2017 requesting the adoption of Change Order No. 2, a copy of which is attached hereto and made a part hereof; and

WHEREAS the Passaic County Administrator has filed a memorandum with the Board of Chosen Freeholders dated November 28, 2017 requesting that the Board review this matter and consider adopting this Change Order (see copy attached); and

WHEREAS this proposed change order will bring the contract above the 20% threshold generally permitted under the Local Public Contracts Law (N.J.S.A. 40A:11-1 et seq.) but is being considered because it would be impractical to award a new contract for this additional work; and

WHEREAS this matter was discussed and approved at the Public Works and Buildings & Grounds Committee meeting of November 27, 2017 at which time said Committee specifically authorized this amendment; and

WHEREAS a certification is attached hereto to reflect the availability of funds;

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby approves an amendment to the contract awarded to John Garcia Construction Co., Inc. for the project known as the On-Call Drainage Project, Totowa Avenue & Linwood Avenue, Emerson, NJ, which was recommended for approval by the

MEMORANDUM
AMENDED

To: All Passaic County Board of Chosen Freeholders
From: Anthony J. De Nova, County Administrator
Date: November 28, 2017

Re: Request that the Passaic County Board of Chosen Freeholders, Review and Approve Change Order #2 (Add) exceeding 20% of the Contract to John Garcia Construction Co., Inc. for On Call Drainage Work – Totowa Ave/Linwood Ave, Paterson

In my capacity as Chief Executive Officer of the County of Passaic, I am hereby requesting that the Board of Chosen Freeholders adopt a Change Order for the above-referenced contract above the 20% increase in contract, which is permitted under the Local Public Contract Law N.J.A.C. 5:30-11.9. By way of background to the request, I received a letter on November 28, 2017 from Assistant County Engineer, Timothy R. Mettlen, P.E., which was reviewed and recommended for approval by the Public Works Committee during its meeting of November 25, 2017.

This increase to the latest contract amount of 39,937.50, reflects additional work due to As-built Quantities and additional work required and necessary in the amount of $2,830.00. Also, subsequent to processing Change Order #1, the contractor received a late invoice from the Sheriff’s Dept. for traffic expenses, which is included in this amount, as mentioned in the attached memorandum from Mr. Mettlen of the County Engineers Office.

Under the above-mentioned circumstances, I respectfully join in the recommendations of both the County Engineer and Freeholders of the Public Works Committee, that this change order in excess of 20% of the original contract amount be awarded and adjusted by the amount of $2,830.00.

Change Order #2 (Add)

Members of the Board:

Attached for your approval is Change Order #2 to be issued to the Contractor, reflecting an increase in the contract amount due to As-built Quantities and additional work required for in-field redesign of the project due to underground constraints.

The construction contract for this project, in the amount of $20,350.00 was awarded by Resolution R-2017-0608 on July 18, 2017 to John Garcia Construction Company, Inc, Clifton, NJ.

Change order #1 caused this contract to exceed 20% and was approved by the Board of Chosen Freeholders. This change order, in the amount of $2,830.00, is a result of late invoices from the Passaic County Sheriff’s Department for reimbursable traffic control expenses.

Attached is documentation required by N.J.S.A.C 5:30-11.9.

This addition results in a final contract amount of $42,767.50.

This matter was discussed with the Public Works and Buildings and Grounds Committee at their meeting of November 27, 2017.

I respectfully request that the Board of Chosen Freeholders ADOPT a RESOLUTION approving Change Order #2 in the amount of $2,830.00.

Dear Mr. DeNova:

A change order for additional work in the amount of $2,830.00 was reviewed and recommended for approval by the Public Works Committee at their meeting of November 27, 2017. Since this change order further increases the contract amount by more than 20%, the procedures at N.J.A.C. 5:30-11.9 are being followed. This change can be allowed since it was not reasonably possible to issue a new contract for the additional work. Subsequent to processing Change Order #1, the contractor received a late invoice from the Passaic County Sheriff’s Department for reimbursable traffic expenses.

Very truly yours,

Re: Proposal for Professional Services
Geophysical Survey Per Preliminary Assessment Recommendations
Phase II Improvements to Weasel Brook Park Preliminary Assessment

Dear Mr. Pera:

T&M Associates (T&M) is pleased to submit this scope and budget for the completion of a geophysical survey and associated report for the locations of former structures identified in the upper section of the Weasel Brook Park in the Preliminary Assessment (PA) completed by T&M for the Park Site in November 2017. The completion of the geophysical survey is intended to determine whether wells, septic systems or underground storage tanks associated with the former and current structures are present at the Park Site.

GEOPHYSICAL SURVEY SCOPE AND TASKS
The geophysical survey and reporting will be completed by a qualified subcontractor under T&M oversight in accordance with the NJDEP Field Sampling Procedures Manual. The geophysical activities will begin with delineation of a grid at the survey area. The survey will commence collection of electromagnetic (EM) metal detection data along parallel transects separated by ten feet in order to detect buried steel tanks and other electrically conductive buried targets. The EM will be followed by radar, metal detection and magnetometry data collection of all detected anomalies and a closely spaced metal detection survey at the locations of all historically mapped former structures. Any potential buried tank targets will be field marked, located and photographed, and T&M will present recommendations to the County for excavation of any potential tank targets. The results of the survey (and any subsequent excavation activities, etc.) will be presented in the required NJDEP reporting format for review and submittal.

PAYMENT AND DELIVERY SCHEDULE
T&M proposes to complete the geophysical survey for a not to exceed fee of $5,450.00; to be billed in accordance with our current arrangement with the County. The not to exceed fee includes fees for the geophysical survey subcontractor, T&M survey attendance and report preparation.

Value Research-Contract Modification

Dear Members of the Board:

The Appraisal Reports for the five parcels needed for the Eighth Street Bridge Project were prepared by Value Research Group, LLC of 301 South Livingston Avenue, Livingston NJ. The original contract with Value Research was for the preparation of the appraisal reports and did not include review files attending the court hearing or trials, depositions and pretrial conferences.

During the Right-of-Acquisition process, Value Research had to assist the County Counsel by reviewing the appraisal report provided by the property owner and develop recommendation for settlement for one of the property that was acquired thru the condemnation process. The amount of this additional work is $1,012.50 and it is shown on the attached invoices.

The above referenced matter was discussed at the Public Works Committee meeting of November 6, 2017 and recommended to the full Board by the members of the committee.

Based upon the above, I recommend that the Board of Chosen Freeholders adopt a Resolution amending the contract with Value Research Group to include the extra work in amount of $1,012.50 and authorize the County Counsel to prepare the necessary Agreement subject to availability of Funds.
The New Jersey Department of Transportation is funding this project for the full amount.

**SCOPE 2 COST:** $17,136.00
The Scope of Work is based on the information provided to TSES by the client. TSES therefore assumes the following:

A. There were no discharges of free product.
B. Excavated soils are below current NJDEP cleanup criteria.
C. The UST(s) to be removed has been registered with the NJDEP since 1988.

Any variation from the above-stated facts will result in re-evaluation of costs stated herein. Customer authorizes TSES to perform any and all additional services or tests required by the NJDEP not specified herein at an additional cost for labor and material.

**SCOPE OF WORK:**

1. The UST(s) must be registered with the NJDEP in order to remove them (if not previously registered). If the UST(s) have not been registered, a UST Facility Certification Questionnaire, a site map, and a check payable to the “Treasurer State of New Jersey” will have to be submitted to the NJDEP. The NJDEP will then issue a Facility Registration number and Facility ID# for the application submitted. TSES will obtain the ID number and submit the next application “Closure of an Underground Storage Tank” for NJDEP approval.

2. Once TSES receives the approved NJDEP “Closure of an Underground Storage Tank System” form, we can then notify the local municipal agency and/or building department of the closure activity in writing and apply for necessary permits. A copy of the approved NJDEP closure form will be submitted with the permit applications. Once the building department approves the applications, TSES can then begin work.

3. TSES will call the NJ ONE CALL Hotline to mark out all existing underground utilities. This will be done at least FIVE (5) days prior to excavation. TSES cannot begin soil excavation until all the utility lines are clearly marked out.

4. The UST(s) contents will be pumped out prior to any excavating work. (See contingency costs).

5. TSES will mobilize all necessary equipment and materials to complete the tank removal activities.

6. TSES will excavate to the top of the UST(s), drain lines back into the tank and purge the tank of all combustible gases. Once purged, a combustible gas meter will be used to monitor the level of combustible gases in the UST(s). When levels are within safe limits the tank will be cut and cleaned to local Fire Department Codes and Department of Transportation Standards. All liquids and sludge will be containerized for disposal and manifested according to federal and state guidelines.

7. Once cleaned, the UST(s) will be removed from the excavation in accordance with American Petroleum Institute (API) 1604 Procedures.

Introduced on: December 12, 2017
Adopted on: December 12, 2017
Official Resolution#: R20171035
8. All post excavation confirmatory sampling will be performed by an LSRP (Licensed Site Remediation Professional) from TSES certified by the NJDEP. The sampling and analysis will be performed in accordance with the NJDEP's Requirements for Site Remediation 7:26E.

9. TSES will schedule all necessary municipal inspections.

10. The cleaned UST(s) will be transported and disposed to a local scrap yard. All scrap yard receipts will be provided to the client as proof of disposal.

11. The excavation will be backfilled with certified clean fill and compacted in 24" lifts to grade. TSES will restore all disturbed areas as required up to surface grade only.

13. TSES will complete the UST Facility Certification Questionnaire form to de-list the tanks removed. The completed questionnaire will be sent to the client for signature by the responsible party. The client MUST submit the signed questionnaire to the NJDEP. THIS FORM MUST BE SIGNED, COMPLETED AND SUBMITTED TO THE NJDEP WITHIN 7 DAYS OF THE UST REMOVAL. This is the client's full responsibility; TSES cannot sign off on this questionnaire.

14. TSES will prepare and submit a Site Investigation Report (SIR) and/or a Remedial Investigation Report (RIR), LSRP forms, PA/SA forms, UST Closure Report, Response Action Outcome for Specific Area(s) of Concern as required by the NJDEP.

Dated: December 13, 2017
RESOLUTION AUTHORIZING A NON FAIR AND NON OPEN PURCHASE OF A DOMESTIC HOT WATER TREATMENT SYSTEM FOR THE PASSAIC COUNTY JAIL IN PATERN, NJ

WHEREAS in the fall of 2014, the County of Passaic undertook a project known as the Hot Water System Evaluation and Replacement at the Passaic County Jail and awarded a contract to C. Dougherty and Co., Inc. of Paterson, NJ to complete the project; and

WHEREAS in the course of the project, the hot water heaters at the Passaic County jail stopped functioning due to a failure of the Lochinvar hot water heat exchangers and, after C. Dougherty refused to return to fix the problem, the Passaic County Administrator declared an emergency and awarded an emergency contract to C.J. Vanderbeck & Sons, Inc. to remove the non-functional water heater and replace it with the exact model to avoid irreparable damage to the Jail hot water system; and

WHEREAS that action was ratified by the Board of Chosen Freeholders of the County of Passaic by Resolution R-2017-681 dated August 15, 2017 and, in addition, on that date by Resolution R-2017-682 declared C. Dougherty and Co., Inc. in default of its contract and authorized the Office of the Passaic County Counsel to file a claim against the contractor’s payment and performance bond, which has been done; and

WHEREAS the said Board had also authorized the engineering consultant on this project, LAN Engineering, to conduct a study to determine why all of the Lochinvar hot water heat exchangers have failed twice and need replacement; and
WHEREAS said LAN Engineering has recommended that the County of Passaic install a water hardening system to form an iron silicate coating for corrosion protection; and

WHEREAS said LAN has submitted a proposed water treatment system from NALCO Water Company LLC, which consists of equipment in the amount of $9,722.96, a total fee for chemical treatment of $11,478.00 (which must be performed annually), and an estimated cost for labor and other miscellaneous items needed for the system at an estimated cost of $17,000.00 for a total system price of $38,200.96 (see attached cost estimate); and

WHEREAS this expenditure is in excess of the monetary threshold established under the Pay to Play Law (N.J.S.A. 19:44A-20.3 et seq.);

WHEREAS the said Board, by Resolution 06-97 dated February 14, 2006, established a policy of only awarding contracts in excess of the monetary threshold set forth under the Pay-to-Play law only under a fair and open process; and

WHEREAS it has been recommended that the said Board make an exception in this case because of the unique problems presented by the hot water system at the Passaic County Jail; and

WHEREAS the Freeholder Committee for Public Works and Buildings & Grounds reviewed this matter at its November 27, 2017 meeting and is concurring with this recommendation; and

WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby
authorizes the non-fair and non-open purchase of a domestic hot water treatment system for the Passaic County Jail in the approximate cost of $38,200.96 from Nalco Water Company LLC of Matawan, NJ, with the understanding that the said system will have to be treated annually for an estimated cost of $11,478.00.

**BE IT FURTHER RESOLVED** that this contract is being awarded as an exception to the policy of the Board as set forth in its Resolution R-06-97 dated February 14, 2006 because of the special circumstances of this situation and the policy of the Board as set forth in this resolution shall remain in full force and effect; and

**BE IT FURTHER RESOLVED** that the Director and Clerk of the said Board are hereby authorized to execute the necessary contract on behalf of the County of Passaic.

Dear Yogesh,

Thank you for the opportunity to propose a solution to the corrosion issues being experienced at the Passaic County Jail. Our proposed solution is to inject a silicate based liquid corrosion inhibitor directly into the Domestic Hot Water Loops. The Chemical injection will be achieved based on the makeup demand of the system, controlled in a proportional manner by the water meter pulse signal to the dosing pump.

This corrosion inhibition treatment is approved for domestic water systems and shall provide corrosion protection suitable to minimize metallurgy corrosion rates and potential of future boiler failures.

Please feel free to contact me if you have any questions on the below information.

Sincerely,

Brandon Neves  
District Representative

Re: Passaic County Correctional Facility Domestic Hot Water System

Dear Monica:

Please accept this as a confidential settlement offer pursuant to New Jersey Rule of Evidence 408. Lochinvar will agree to provide eight (8) new heat exchangers, free of charge, and will offer assistance with their installation in exchange for a release of all past claims related to the four (4) Lochinvar Armor X2 commercial water heaters and four (4) Lochinvar storage tanks that were installed at the Passaic County Correctional Facility in January 2015. The Lochinvar water heaters and storage tanks will carry their original warranty going forward, and the new heat exchangers will be warranted for the remainder of the term of the original warranty against defects in workmanship but not damage caused by water quality problems. Present damage to the burners and igniters in the Lochinvar water heaters that was caused by the leaking heat exchangers will not be covered by Lochinvar.

If you agree to these terms, Lochinvar will immediately work to procure the heat exchangers and assist with their installation. Please feel free to give me a call if you have any questions or would like to discuss further.

Very truly yours,

RE: Preakness Valley Golf Course Golf Shop Resale Merchandise
RFP-17-016

DATE: December 5, 2017

Background

On November 1, 2017 proposals were received for RFP-17-016 (hereafter “RFP”), Preakness Valley Golf Course Golf Shop Resale Merchandise, for vendors seeking to sell wholesale items to the County of Passaic (hereafter “County”) for resale in the Golf Shop for a three (3) year term, with the County retaining two (2) one (1) year options.

Pursuant to N.J.S.A. 40A:11-4.1(j), RFP was solicited via competitive contracting in lieu of public bidding and was scored using the following criteria:

- Management (35%)
- Technical (35%)
- Cost (30%)

The RFP solicited unit pricing for various merchandise that could be purchased for resale by the County in the Golf Shop. Consequently, multiple awards can be made, with the County’s acceptance of the respondent’s proposal authorizing future purchases at the prices set forth therein.

Two bids were received in response to RFP-17-106 from Sun Mountain Sports, Inc. and Thariano Lifestyles/Greg Norman Collection. A Technical Review Committee (hereafter “Committee”) comprised of myself, Parks and Recreation Department Director Darryl Sparks, and First Assistant Golf Professional Nick Aminsegeo (hereafter “Review Committee”).

Scoring of Vendor Submissions

The Review Committee met via telephonic conference on November 30, 2017 to discuss the two (2) proposals. The following scores were mutually agreed to as set forth in the scoring criteria.

1. Sun Mountain Sports, Inc.

a. Management. The respondent demonstrated a management team capable of executing the goals of the County in the RFP and properly servicing future merchandise needs of the Golf Course.

(33/35)
b. **Technical.** The respondent presented a wide variety of merchandise available for resale and customization by the Preakness Valley Golf Course, in compliance with the specifications as set forth in the RFP. (33/35)

c. **Cost.** The respondent provided a catalog of merchandise with competitive pricing in line with industry standards. (28/30)

Total Score = 94/100

II. Tharanco Lifestyles/Greg Norman Collection.

I. **Management.** The respondent demonstrated a management team capable of executing the goals of the County in the RFP and properly servicing future merchandise needs of the Golf Course. (33/35)

II. **Technical.** The respondent presented a wide variety of merchandise available for resale and customization by the Preakness Valley Golf Course, in compliance with the specifications as set forth in the RFP. (33/35)

III. **Cost.** The respondent provided a catalog of merchandise with competitive pricing in line with industry standards. (28/30)

Total Score = 94/100

**Conclusion**

Based upon the scoring of the Review Committee as set forth above, it is recommended that both Sun Mountain Sports, Inc. and Tharanco Lifestyles/Greg Norman Collection be qualified as eligible vendors for the County to purchase golf merchandise as set forth in the unit prices set forth in their submitted bids.

The contract period will be for a three (3) year period, with the County retaining two (2) one (1) year options. One hundred and fifty thousand dollars ($150,000.00) will be available in account 8-01-28-198-092-P02 upon adoption of the 2018 Passaic County Budget.

RE: Emergency Management Agency Assistance (EMAA) Award for Fiscal Year (FY) 2017

Director Lyons:

After carefully reviewing your application documents submitted for the 2017 Emergency Management Agency Assistance (EMAA) subaward, supported by the FY17 Emergency Management Performance Grant (EMPG), Passaic County has been selected to receive a Federal award up to $55,000.00 with a nonfederal match requirement (this match must be equal to or greater than your Federal award amount). It has been determined that Passaic County is eligible to submit an Award Package which is posted on the NJEMGrants website.

Upon completion of the Performance Period (July 1, 2017 through June 30, 2018), approved Work Plan Activities and Expenditure Certification, reimbursement will be made to the County by the State.

The County is responsible for the required match (dollar-for-dollar), either cash or in-kind, to the federal portion of the award. The source of the match and the match amount, must be documented in the application (Budget Detail), in the award package (Resolution and Contract Page), and on the required reimbursement forms.

If you have any questions or concerns, please contact SFC Deborah Coats at (609) 963-6996.

Failure to comply with these laws, regulations and State circulars will be grounds for termination of this grant.

5. **Anti-Discrimination/Affirmative Action:** The Subrecipient assures that it will comply, and all of its contractors will comply with the requirements of the State's
anti-discrimination and affirmative action laws and regulations, including N.J.A.C. 17:27, applicable provisions of N.J.S.A. 10:5-1, et al., as amended, and all implementing regulations. Failure to comply with these laws, rules, regulations, and State Circular Letters will be grounds for termination of this award.

6. **Findings of Discrimination:** The Subrecipient assures that in the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination on the grounds of race, color, religion, national origin, sex or disability against a recipient of funds, the Subrecipient will forward a copy of the finding to DCJ.

7. **Time and Attendance Records:** Grantee must maintain a timekeeping system which provides, at a minimum, records for all personnel charged to the grant as follows: positions (filled with grant funds); rank/title; employee's name; date hired; annual salary; total daily hours worked, and the signatures of the employee and supervisor.

8. **Debarments and Suspensions:** The Subrecipient understands and agrees to comply with state Executive Order No. 34 (March 17, 1976), and State Circular Letter regarding Debarments, Suspensions & Disqualifications, OMB 93-13-GSA. Subrecipient will not conduct business with ineligible firms or individuals who are considered debarred, suspended or disqualified.

10. **Financial Management System:** The Subrecipient agrees to maintain an adequate financial management system in accordance with generally accepted principles of accounting. The Subrecipient shall maintain accurate and current financial reports, accounting records, internal controls, budget controls, and cash management procedures for receiving, holding and expending grant funds. The Subrecipient shall maintain accurate and complete disclosure of financial results of each grant in the Detailed Cost Statements (DCS), have procedures to determine allowable costs, and provide adequate source documentation for financial records.

11. **Accounting Records:** The Subrecipient agrees to enter, maintain and record all grant funds received by the State for this program in accounting records separate from all other fund accounts, including funds derived from other grant awards. Disbursed grant funds shall be available for expenditure by the Subrecipient in accordance with the provisions of the grant subject to such conditions as DCJ may prescribe.

12. **Audit Requirements:** The Subrecipient agrees to comply with State Circular Letter Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, 15-08-OGB. The Subrecipient agrees to submit to DCJ any copies of any exceptions.
and/or findings regarding this project as a result of a single audit. The Subrecipient immediately will report to DCJ any changes in its fiscal year.

13. **Data Collection and Reporting Requirements:** The Subrecipient agrees to provide information required for any reporting, data collection, and evaluation conducted by L&PS, DCJ and the State of New Jersey. The Subrecipient also agrees that it will submit timely reports, including programmatic and financial reports, as L&PS may require. If reports are not submitted as required, L&PS may, at its discretion, suspend payments on this grant. The State of New Jersey may, at its discretion, withhold payments to the Subrecipient on this or any grant with other State agencies until the required reports have been submitted.

14. **Budget Revisions/Grant Extensions:** The Subrecipient agrees to report any Budget Revisions as follows:

   a. Deviations in excess of $200 from the approved budget in the grant period require prior approval via DCJ Grant Adjustment Request Form. Subrecipient should be aware that approved budget revisions may result in the imposition of additional special conditions.

   b. L&PS may request changes in the scope of services of the Subrecipient to be performed hereunder. Such changes, which are mutually agreed upon by and between L&PS and the Subrecipient must be incorporated in written amendments to this grant.

   c. If the Subrecipient is making program expenditures or providing grant services at a rate which, in the judgment of L&PS, will result in substantial failure to expend the grant amount or provide grant services, L&PS may so notify the Subrecipient. If, after consultation, the Subrecipient is unable to develop a plan to rectify its low level of program expenditures or grant services, L&PS may upon thirty (30) days’ notice to the Subrecipient, reduce the grant amount by a sum so that the revised grant amount fairly projects program expenditures over the grant period. This reduction shall take into account the Subrecipient’s fixed costs and shall establish the committed level of services for each program element of grant services at the reduced grant amount. If such a determination is made by L&PS subsequent to the awarding of the grant and the funds have already been received by the Subrecipient, the reduced amount will be remitted to L&PS.

   d. The Subrecipient agrees that should circumstances affecting the grant-funded project change it will immediately contact DCJ in writing and advise of such changes; and prior to (or not timely) expending any grant funds other than as contained on the approved budget, it will request and receive prior written approval from DCJ via a DCJ Grant Adjustment Request Form.

15. **Program Income:** The Subrecipient agrees that all income earned by the Subrecipient from grant-supported activities is deemed program income. The Subrecipient agrees to add program income to funds committed to the program to further eligible program objectives. State Circular Letter Standard Grant Agreement

Official Resolution #: R20171044*
Form, 07-05-OMB, defines program income to include any interest earned of $250 or more in a fiscal year on advances of grant funds. The use of program income must be shown on the detailed cost statements.

16. Licensing and Publishing: The Subrecipient agrees that L&PS and DCJ reserve a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and authorize others to use: the copyright in any work developed from activities supported by this grant, and any rights of copyright to which a Subrecipient purchases ownership with support. The Subrecipient agrees that L&PS reserves the right to require the Subrecipient not to publish any work, which right shall not be exercised unreasonably. The Subrecipient assures that any publication by the Subrecipient shall include, on the title page, a standard disclaimer of responsibility by L&PS for any opinions or conclusions contained therein.

17. Access to Records: The Subrecipient agrees to give the New Jersey Attorney General, L&PS and DCJ through any authorized representative, access to and the right to examine all paper and electronic records, books, papers, and documents related to the grant including pertinent accounting records, books, documents, and papers as may be necessary to monitor and audit the Subrecipient’s operations. L&PS reserves the right to have access to all work papers produced in connection with audits made by the Subrecipient or independent certified public accountants, registered municipal accountants or licensed public accountants hired by the Subrecipient to perform such audits.

18. Records Retention: Unless otherwise directed by DCJ, state or federal statute, all grant records shall be retained for a period of seven years. This period is extended until otherwise directed if there is any litigation, claim, negotiation, action, or audit in progress and/or audit finding involving grant records started before the end of the seven year period.

19. Grant Fund Availability: Subrecipient recognizes and agrees that both the initial provision of funding and the continuation of such funding under this grant is expressly dependent upon the availability to L&PS of funds appropriated by the State Legislature from State and/or Federal revenue or such other funding sources as may be applicable. A failure of L&PS to make any payment under this grant or to observe and perform any condition on its part to be performed under the grant as a result of the failure of the Legislature to appropriate shall not in any manner constitute a breach of the agreement by L&PS or an event of default under the agreement and L&PS shall not be held liable for any breach of the agreement because of the absence of available funding appropriations. In addition, future funding shall not be anticipated from L&PS beyond the duration of the award period set forth in the grant agreement and in no event shall the grant agreement be construed as a commitment by L&PS to expend funds beyond the termination date set in the grant agreement.

20. Subcontracts and Assignments: The Subrecipient shall not subcontract any of the work or services covered by this grant, nor shall any interest be assigned or
transferred except as may be provided for in this grant or with the express written approval of L&PS. No rights or obligations of the Subrecipient under this subgrant, in whole or part, may be assigned or subcontracted to another entity for any reason without the prior written approval of DCJ and L&PS. The Subrecipient may not transfer any rights or obligations under this grant pursuant to an acquisition, affiliation, consolidation, merger or other synergy with another entity.

21. **Trust Account:** If the Subrecipient receives an advance of grant funds, the Subrecipient must establish a trust fund to deposit the funds. The trust fund may or may not be an interest bearing account.

22. **Failure to Comply with Award Conditions:** If the Subrecipient materially fails to comply with the terms of an award, whether stated in a State or Federal statute or regulation, an assurance, general condition, special condition, in a State plan or application, a notice of award, or elsewhere, the Subrecipient agrees that L&PS may take one or more of the following actions, as appropriate in the circumstances:
   a. Temporarily withhold cash payments pending correction of the deficiency by the Subrecipient or take more severe enforcement action.
   b. Disallow all or part of the cost of the activity or action not in compliance.
   c. Wholly or partly suspend or terminate the current award for the Subrecipient's program.
   d. Withhold further awards for the program.
   e. Request the balance of grant funds to be returned and/or seek reimbursement for funds expended that were not in compliance with the terms and conditions of the grant agreement.
   f. Take other remedies that may be legally available.

23. **Grant Termination:** When the Subrecipient has failed to comply with grant award requirements, stipulations, standards, or conditions, the Subrecipient agrees that L&PS may suspend the grant and withhold further payments; prohibit the Subrecipient from incurring additional obligations of grant funds pending corrective action by the Subrecipient; or decide to terminate the grant in accordance with the below paragraph. L&PS shall allow all necessary and proper costs, which the Subrecipient could not reasonably avoid during the period of suspension, provided they meet State requirements.

24. **Grant Termination – Notification and Due Process:** The Subrecipient agrees that L&PS may terminate the grant in whole or in part whenever it is determined that the Subrecipient has failed to comply with the conditions of the grant. L&PS shall notify the Subrecipient in writing of the determination and the reasons for the termination together with the effective date. Payments made to the Subrecipient or recoveries by L&PS under the grant terminated shall be in accord with the legal right and liability of the parties. In taking an enforcement action, L&PS may provide the Subrecipient an opportunity for such hearing, appeal, or other administrative proceeding to which the Subrecipient is entitled under any statute or regulation applicable to the action involved.
25. **Mutual Termination of the Grant:** L&PS and the Subrecipient may terminate the grant in whole, or in part, when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and in case of partial terminations, the portion to be terminated. The Subrecipient shall not incur new obligations for the terminated portion after the effective date and shall cancel as many outstanding obligations as possible.

26. **Termination of the Grant for Convenience:** L&PS may terminate this grant for convenience, upon 60 days written advance notice to the Subrecipient, for any reason whatsoever, including lack of funding available to L&PS. Upon receipt of a notice of termination for convenience, the Subrecipient shall cease incurring additional obligations of grant funds. However, L&PS shall allow the Subrecipient to incur all necessary and proper costs which the Subrecipient cannot reasonably avoid during the termination process, as long as these costs comply with all program requirements.

27. **High Risk Subrecipients:** The Subrecipient agrees that under certain instances it may be considered “High Risk”:

a. If L&PS determines that a Subrecipient:

i. Has a history of unsatisfactory performance.

ii. Has not filed its financial reports (Detailed Cost Statements) or Final Grant Narrative in a timely manner.

vi. Is otherwise not responsible; and L&PS determines that an award will be made; special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

b. If a Subrecipient is considered “High Risk,” then L&PS may impose additional Special Conditions or restrictions on the Subrecipient at any time including:

i. Issuing payment on a reimbursement basis.

ii. Withholding authority to proceed to the next phase until receipt or evidence of acceptable performance within a given funding period.

iii. Requiring additional, more detailed financial reports.

v. Requiring the Subrecipient obtain technical or management assistance.

vi. Establishing additional prior approvals.
vii. Wholly or partly suspending or terminate the current award for the Subrecipient's program.

viii. Withhold further and future awards for the program.

c. If L&PS decides to impose such special conditions, L&PS will notify the Subrecipient as soon as possible, in writing, of:

i. The nature of the special conditions/restrictions.

ii. The reason(s) for imposing the special conditions.

iii. The corrective actions that must be taken before the special conditions will be removed by the Department and the time allowed for completing the corrective actions.

iv. The method of requesting reconsideration of the conditions/restrictions imposed.

28. **Corruption of Public Resources Act:** The Subrecipient understands and agrees that, in compliance with the Corruption of Public Resources Act, N.J.S.A. 2C:27-12, it cannot knowingly misuse state grant funds for an unauthorized purpose, and violations under this act could result in a prison term of up to 20 years, and, under N.J.S.A. 2C:30-8, subject to a fine of up to $500,000. The Subrecipient understands and agrees that misuse of award funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from state grants, recoupment of monies provided under an award and civil and/or criminal penalties, including under the New Jersey False Claims Act, N.J.S.A. 2A: 32C-3.

30. **Indemnification:** The Subrecipient agrees that it shall be solely responsible for and shall defend, keep, save, and hold the State of New Jersey harmless from all claims, loss, liability, expense, or damage resulting from all mental or physical injuries or disabilities, including death, to its employees or recipients of the Subrecipient's services or to any other persons, or from any damage to any property sustained in connection with the delivery of the Subrecipient's services that results from any acts or omissions, including negligence or malpractice, of any of its officers, directors, employees, agents, servants or independent contractors, or from the Subrecipient's failure to provide for the safety and protection of its employees, whether or not due to negligence, fault, or default of the Subrecipient. The Subrecipient's responsibility shall also include all legal fees and costs that may arise from these actions. The Subrecipient's liability under this agreement shall continue after the termination of this agreement with respect to any liability, loss, expense or damage resulting from acts occurring prior to termination.
Program Specific Special Conditions

1. The Subrecipient understands that annual funding for the Law Enforcement Officers Training and Equipment Fund Program is uncertain and that funding for each year's grant depends on the continued collection of sufficient program revenue. The Subrecipient accepts this award on the condition that if sufficient funds are not available, the Subrecipient may not receive its entire state award.

2. The Subrecipient agrees that all grant expenditures will be made only for equipment and resources that are consistent with the provisions of N.J.A.C. 13:1A-1.1 et seq., and for equipment and instructional resources that are approved by the Police Training Commission.

3. The Subrecipient agrees to follow all applicable requirements and procedures as required by the Department of Law and Public Safety (L&PS), the Division of Criminal Justice (DCJ), the State of New Jersey Law Enforcement Officers Training and Equipment Fund Program, and as outlined in the notification, application, award, and other letters sent to the Subrecipient which are hereby incorporated by reference. WHEREAS this garage door is one of three doors utilized at the Passaic County Jail mainly for picking up, dropping off or discharging inmates or arrestees; and

Re: Garage Door Repairs

Please be advised that over the last three (3) months, the Passaic County Jail has attempted to obtain quotes for one of the three overhead garage doors at the county jail that are damaged. These overhead doors are heavily used and are mainly for picking up, dropping off or discharging inmates or arrestees. The Passaic County Jail has contacted five (5) companies and only two (2) of them provided quotes on a repair or replacement of the overhead door. Of the five companies contacted, three (3) did not return our calls or provide a quote (Prestige Garage Doors, Luceni & Sons and Door-O-Matic). Of the two (2) remaining companies, Door Works and Capozzi Overhead Doors, both of them were able to provide us a quote.

With only two (2) functioning overhead garage doors, the Passaic County Jail is experiencing a delay in transporting inmates out of the facility in a timely manner (e.g. court) as well as accepting arrestees from outside agencies. This causes outside agencies to wait outside the jail for long periods of time. We have also received phone calls from the courts regarding delays in inmates getting there for their court appearances. This issue is further exacerbated when the jail discharges an inmate because the bays used to accept and transport inmates out or into the jail are used to discharge them and they can’t be discharged until the bay is clear.

The cheapest responsive quote was from Door Works in the amount of $6,955.00, unfortunately, they are over the $17,500.00 aggregate the next price is from Capozzi Overhead Doors in the amount of $8,200.00, for a difference of $1,245.00, which will put Capozzi Overhead Doors over the aggregate as well. Based on the price quotes that we received Door Works is the lowest bidder, as such we are requesting this quote to be accepted to prevent any further delays.

Thank you,

Dear Ms. Lindsley:

After reviewing the information regarding your housing grant, in the files of the Passaic County Department of Planning and Economic Development, it has been determined that the balance due on your mortgage note is $2,275.01.

Receipt of payment in this amount will enable Passaic County to proceed with the cancellation of mortgage on your property.

Very truly yours,

Dear Mrs. Caren,

As per our telephone conversation on October 23, 2017, the following two (2) Passaic County Open Space Grants issued to the City of Clifton are due to expire soon:

- 2013 Athenia Steel Recreation Complex – R - 13 - 931
- 2015 Athenia Steel Recreation Complex – R - 15 - 0703

At this time, I am writing to you to request an extension for both grants, until December 2018. Although the City of Clifton conducted the project pre-construction meeting in June 2017, with Neglia Engineering and Tomco Construction, the City of Clifton was unable to begin construction due to challenges in obtaining the necessary permits required by the Department of Environmental Protection. The City's Engineer, Michael Lardner, is close to finalizing all concerns and the City of Clifton will begin construction as soon as possible.

Although the Athenia Steel Recreation Complex project should conclude prior to December 2018, I am requesting this extension until such date to avoid any unforeseen challenges that may arise, with the construction. As the project progresses, the City of Clifton will send in the proper requests for reimbursements. As soon as I have documentation from the Department of Environmental Protection I will update you on the status of the project.

Thank you for your patience and continual support.

Sincerely,

Debbie J. Oliver
Recreation Supervisor

RE: City of Paterson Open Space Projects Update – Fourth Quarter 2017

Dear Ms. Caren,

I am writing on behalf of the City of Paterson to formally request an extension of time for completion of the following Passaic County Open Space Trust Fund grants:

1. Raceway Study – We are requesting the Raceway Study and Design Professional Services grants be extended 6 months. We are anticipating the report being reviewed, edited, finalized and delivered as final in January 2018, followed by a subsequent request for final reimbursement to be completed in February 2018.

2. ATP Site, Quarry Lawn / Riverwalk – We are requesting a 12-month extension of the ATP Site, Quarry Lawn/Riverwalk Professional Engineering and Design Services grant. We expect that the $30,000 open space funding will be applied to the first payment of the design team in March-April 2018, immediately followed by a request for final reimbursement to be completed in April-May 2018.

3. Overlook Park – We are requesting the Overlook Park Improvements Project grants be extended 6 months. While the project itself will not be completed until early summer 2018, we anticipate depleting the County grant funding sources in advance of that date. Therefore, we anticipate complete draw down of the remaining accounts by early spring 2018.

4. Cricket Clubhouse/Concession Stand – We request a 12-month extension on the Cricket Clubhouse/Concession Stand grant. We have a resolution under review right now to be presented at the December 5 workshop to authorize bidding advertisement, which we will advertise during January 2018. If all bid returns go well, the construction project will begin in March. We anticipate its completion by end of summer 2018. Drawdowns on the award amount will be completed as soon as the first invoices are presented and processed for payment by the city (likely May-June).

We respectfully request the consideration of the Passaic County Open Space Committee and the Board of Chosen Freeholders to please extend these grants so that they can finally be implemented for the purposes for which they were requested.

Please do not hesitate to contact me for further information if needed, or with any questions.
Sincerely,

RE: Nosenzo Pond Park Redevelopment Project

Dear Kathleen,

I am writing to you in regards to the 2011 and 2014 Passaic County Open Space grants awarded to the Township of West Milford for the re-development of Nosenzo Pond Park. On August 16, 2017, the Township’s Governing Body awarded a construction contract to Mike Fitzpatrick & Son Contractors for redevelopment work at Nosenzo Pond. Redevelopment work began in September, 2017. This project includes grading and seeding of the athletic field, demolition of two existing structures, installation of a parking lot and parking lot lighting, as well as leveling ground for a future playground and installation of dog-run fences.

To date, the contractor has completed approximately 50% of the site work. Work completed includes demolition of old structures, grading of the athletic field, and layout of the parking lot. With winter nearing, we anticipate the contractor will not complete construction by the original anticipated completion date of December 9, 2017. More than likely, the contractor will not be able to complete the athletic field seeding and paving of the parking lot until warmer weather in the spring of 2018.

Enclosed are photos of construction progress as of 11/30/2017. At this time the Township is requesting a grant deadline extension through May of 2018 to complete engineering work related to the 2011 grant, and to work toward completion of construction related to the 2014 playground grant.

Thank you for your assistance and consideration of our request.

Sincerely,

Antoinette Battaglia
Township Administrator

Dear Mrs. Carren,

On behalf of the Clifton Arts Center, Inc., and as per our telephone conversation today, I am writing to you in reference to the update of the Open Space HVAC and Improvements projects for the City of Clifton Arts Center & Sculpture Park.

We found that the original project would cost more than the amount of money available through the grant and capital funds. We had to wait to secure additional funds. Recently, the bids came in and we are currently waiting on the Legal Dept. to review the lowest bidder’s information and then we can proceed once the lowest bidder’s information is accurate and approved. We anticipate that the award to the lowest bidder be approved at the City Council meeting in November.

We understand this award was granted in 2015. We are asking for an extension for July 2018 with the anticipation that the project may be completed then.

Thanking you in advance for your consideration.

RE: Recommendation for the retention of appraisal services for the purpose of exploring the feasibility of acquiring open space with Green Acres Planning Incentive Grant monies

Green Acres Project No. 1600-02-014

DATE: December 5, 2017

Background

On October 13, 2017, Passaic County Freeholder Director Cassandra Lazzara received correspondence from Martha Sullivan Sapp, the Director of the Green Acres Program, outlining $2,496,873 in unspent grant monies by the County of Passaic (hereafter “County”) earmarked for acquisition and preservation of open space. Because of a lack of action in spending the grant monies since 2012, the County was in jeopardy of losing the funding.

Thereafter, in a letter dated November 9, 2017, Passaic County Administrator Anthony J. DeNovo responded to Ms. Sapp’s correspondence outlining a plan of action for spending the grant funding. Consequently, Ms. Sapp responded in a letter dated November 14, 2017 and approving an extension until July 2018 for drawing down the funding. Currently, the Administrator’s Office is beginning the process of negotiating with the property owners identified in the November 9th letter to spend down the grant monies by the July 2018 deadline.

In compliance with Green Acres Program Rules, the County is required to obtain pre-approval when hiring appraisers for open space acquisition projects. Specifically, the County requested appraisals for two (2) potential acquisitions: (1) Spring Brook Acres, Inc., Block 406, Lots 2, 2Q, and 2.01, 101.87 acres located in Bloomingdale, NJ; and (2) Mountain View Terrace Associates, LLC, Block 3510 Lot 157, 5.64 acres located in Wayne, NJ.

Action Requested

In a letter dated November 29, 2017 and November 30, 2017, Green Acres approved the County to move forward in hiring two (2) appraisers for the two (2) properties mentioned herein, as required by Green Acres Rules for acquisitions that exceed two hundred and fifty thousand dollars ($250,000.00). A copy of said letters is attached hereto as Exhibit “A”. The following three (3) Green Acres-approved firms providing proposals to appraise the subject properties:

Harry L. Schwarz & Co. - $11,000.00
Sterling DiSanto & Associates - $9,500.00
Landmark I Appraisal, LLC - $7,000.00

Green Acres Project No. 1600-02-014

Page 1 of 2
As the two (2) lowest qualified proposals, it is recommended that contracts be awarded to Landmark Appraisal, LLC for a base fee of seven thousand dollars ($7,000.00) and Sterling DiSanto & Associates for nine thousand and five hundred dollars ($9,500.00).

A copy of the proposals are attached hereto as Exhibit "B".

Re: Project #1600-02-014-20 Spring Brook Acres
Project Name: Open Space Plan Acquisitions
Borough of Bloomingdale, Passaic County

Dear Mr. DeNoia:

This acknowledges receipt of the Pre-Appraisal Fact Sheet and Project Reference Map for the Spring Brook Acres Property. Passaic County can now hire appraisers. When the anticipated property value is over $250,000.00, Green Acres rules require two appraisers from the Green Acres list of approved appraisers be hired. This list can be obtained via our web site at http://www.nj.gov/dep/greenacres Site Index then Appraisals, List of Green Acres Approved.

Please forward the project reference maps to the hired appraiser(s) so that they can begin the appraisal report(s). Also inform the appraiser(s) that “no appraisal will be accepted with hypothetical conditions or extraordinary assumptions”. Green Acres staff should be invited to meet on-site with you and the appraisers. The appraiser(s) can direct any questions to the Green Acres appraisal staff at (609) 984-0500.

Subsequently, the completed appraisal(s) should be submitted to Green Acres for review and certification of a market value, which will establish the basis of Green Acres participation in the acquisition. If, in the interim, you have any questions, feel free to contact me directly at Amy.Sumeski@dca.state.nj.us or (609) 984-0562.

Sincerely,

Amy Sumeski
