RESOLUTION AUTHORIZING AN AWARD OF CONTRACT TO
ATLANTIC BATTERY SYSTEMS, INC. OF PATERSON, NJ TO
SUPPLY 247 BATTERIES FOR THE PASSAIC COUNTY-OWNED
VOTING MACHINES

WHEREAS the Passaic County Superintendent of Elections
recently requested permission to purchase batteries for 247 of the
voting machines owned by the County of Passaic and reported
that her Office solicited quotations from three vendors, the lowest
being received from Atlantic Battery Systems, Inc. of Paterson,
New Jersey at $49.50 per battery or $12,226.50; and

WHEREAS while this purchase is necessary or required to
prepare or conduct an election and is an exception under the
Local Public Contract Law (N.J.S.A. 40A:11-5(l)(l), this
expenditure is over the monetary threshold established under the
Pay to Play Law (N.J.S.A. 19:44A-20.3 et. seq.); and

WHEREAS the said Board, by Resolution 06-97 dated
February 14, 2006, established a policy of only awarding
contracts in excess of the monetary threshold set forth under the
Pay-to-Play law only under a fair and open process; and

WHEREAS the said Superintendent of Elections is
requesting that the Board make an exception in this case because
of the fact of the lack of firms throughout the United States that
can supply this particular type of battery for the County-owned
election machines; and

WHEREAS the Freeholder Committee for Finance &
Administration reviewed this matter at its January 24, 2018
meeting and is recommending that the Board make an exception
in this case; and

WHEREAS a certification is attached which indicates that
batteries are available for the within contemplated expenditure.
NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby authorizes a non-fair and non-open contract to Atlantic Battery Systems, Inc. of Paterson, NJ in the amount of $12,226.50 to supply 247 batteries for the Passaic County-owned voting machines.

BE IT FURTHER RESOLVED that this contract is being awarded as an exception to the policy of the Board as set forth in its Resolution R-06-97 dated February 14, 2006 because of the special circumstances of this situation and the policy of the Board as set forth in this resolution shall remain in full force and effect; and

BE IT FURTHER RESOLVED that the Director and Clerk of the said Board are hereby authorized to execute the necessary contract on behalf of the County of Passaic if necessary.

Hi Gary,

Our list price for the 12V batteries is $147 per - we don't usually offer a bulk buy discount, but I put call in with the hope I can. Just an FYI the lead time on a large order like this would be roughly 3 weeks. I will reach back to you Monday with the verdict - have a nice weekend.

Thank You,

Hi Ron,

For budget purposes, I was hoping you could quote us on the 12 volt (35 amp) batteries for our voting machines. If there is a quantity discount... please list the quantity we would need to order to get the discount (we are considering ordering a few hundred). The price should include delivery to our facility, 501 River St. Paterson.

As always, we appreciate your help.

Cost was broken down 3.7 pts for each price and ranked 1 [cheapest] and 4 [most expensive]. A tenth of a point was subtracted.

Galaxy Mobile Diagnostic received a high management score because they will meet all NJDOC and NCCHC standards. Corizon who is contracted with the Passaic County Jail is accredited by the NCCHC and these standards need to be met. They also provide service with Rutgers – University Behavioral Health for the NJDOC, where Galaxy meets NJDOC standards.

The technical score for Galaxy Mobile ranked highest because there will be one point of contact, exams are automatically compared to previous exams, and results are communicated within hours. If a radiology consult is requested Galaxy will have a radiologist speak directly with Corizon staff. Galaxy states they will all take responsibility for interfacing with Passaic County Jail’s EMR. Galaxy is not the least expensive in pricing they answered all questions that were asked and as a whole the committee was satisfied with our recommendation of this company.

Symphony Diagnostics Services/Mobile X did have points taken away for not answering questions completely in some areas. They did not mention taking responsibility for the interfacing with Passaic County Jail’s EMR, only their EMR.

Patient Care Associates did have points taken away for not answering questions completely in some areas or at all. They did not mention taking responsibility for the interfacing with Passaic County Jail’s EMR. They also made no mention of meeting all NJDOC and NCCHC standards.

Precision Health Inc. did have points taken away for not answering questions completely in some areas or at all. They did not mention taking responsibility for the interfacing with Passaic County Jail’s EMR and did not respond to meeting all NJDOC and NCCHC standards.

The review committee used the overall score as the basis for awarding this RFP #17-022 to Galaxy Mobile Diagnostic Services. Management, Technical, and Cost were all consistent with the specifications that were asked in the RFP. Although Galaxy was not the least expensive in pricing they answered all questions that were asked and as a whole the committee was very satisfied with this company.
The contract term is three years with two one-year options to renew as per the County of Passaic. The anticipated expenditure amount per annum is $50,000.00 and the Edmunds System budget account is 8-01-25-157-005-M01.

At the December 12, 2017 meeting of the Passaic County Board of Chosen Freeholders (hereafter “Board”), Resolution R2017053 was approved authorizing a contract for appraisal services to Sterling DiSanto & Associates (hereafter “Sterling”) in the amount of nine thousand and five hundred dollars ($9,500.00). Sterling was retained to appraise two properties being targeted for open space preservation using Green Acres funding available to the County of Passaic (hereafter “County”) as outlined in R2017053.

After a review of the subject property, Sterling informed the County that, because of unforeseen circumstances related to complying with Green Acres requirements necessary for an acceptable appraisal to be produced, an increase in the fee was necessary in the amount of fifteen hundred dollars ($1,500.00). An updated proposal from Sterling is included with this correspondence.

I am recommending to the Board that Sterling’s contract by modified as set forth in the enclosed proposal so that all an appraisal report in full compliance with Green Acres requirements is rendered to the County.

As always, I am available if there are any questions or concerns.

Sincerely,

Matthew P. Jordan, Esq.
Deputy County Administrator

THIS THIRD AMENDMENT TO MASTER DEED (this "Amendment") is made this ___ day of January, 2018 by 930 North Riverview Industrial Condominium Association, Inc., a New Jersey Not-For-Profit Corporation formed pursuant to Title 15A of the Statutes of the State of New Jersey, with an office at c/o Tulfra Realty, 87 West Passaic Street, Rochelle Park, New Jersey 07662 (hereinafter referred to as "Association")

WHEREAS, 10 Clifton Associates, L.L.C, ("Developer") previously recorded a Master Deed dated as of May 5, 2016, on May 12, 2016 in Passaic County Clerk's Office at Deed Book D2822, Page 208, a First Amendment to Master Deed dated as of October 20, 2016 and recorded November 17, 2016 in the Passaic County Clerk's Office at Deed Book D2940, Page 94, and a Second Amendment to Master Deed dated and recorded on December 27, 2016 in the Passaic County Clerk's Office at Deed Book D2966, Page 1 (collectively referred to herein as the "Master Deed") for the property in Borough of Totowa, County of Passaic and State of New Jersey commonly known as 930 North Riverview Drive and shown on the tax map of said municipality as Block 169, Lots 5.01 and 6 (the "Property"); and

WHEREAS, in accordance with Section 27 of the Master Deed, the Association of behalf of Developer, as the former owner of Unit A and the unsold units in Unit B which was subdivided pursuant to the Second Amendment to Master Deed and Exhibit F attached thereto into Units B-1 through B-7 and a Developer Parking Unit proposes to further amend the Master Deed as hereinafter set forth.

NOW, THEREFORE, in accordance with the powers vested in the Association by the Master Deed and the Act (as defined in the Master Deed), the Master Deed is hereby amended as follows:

1. Section 2(f) of the Master Deed as amended by the First Amendment is hereby further amended as follows:

"Common Elements" shall consist only of any Common Utility Lines. The shared party wall between Unit A and Unit B-1 shall no longer be deemed a Common Element but shall be deemed a part of the abutting Unit up to the middle point thereof and respective owners of Unit A and Unit B-1 shall each own an undivided one-half interest therein for its entire approximately 182
foot length, and shall be maintained, repaired and replaced pursuant to the following provisions:

a) The shared party wall (the "Wall") shall be used jointly by the Unit A and Unit B-1 owners, licensees, invitees, subtenants and their respective successors and assigns.

b) If it becomes necessary or desirable to make structural repair to or rebuild the whole or any part of the Wall, the repairing or rebuilding expense shall be borne equally by Units A and B-1. All nonstructural repairs to one side of the Wall shall, except as provided in 2(f)(d) and 2(f)(e) below, be made by the respective owner at its sole cost and expense. Any repairing or rebuilding shall be of the same or substantially equal quality of materials as used in the construction of the original Wall. Units A and B-1 shall have reciprocal easements to the extent reasonably necessary (and not otherwise provided for in the Master Deed as amended) upon reasonable notice and in a mutually coordinated manner resulting in the least practical disruption to gain access to and to perform necessary repairs, reconstruction and maintenance of the Wall.

c) Neither Unit A nor B-1 shall have the right to destroy, remove or make structural changes to the Wall without the prior written consent of the other, nor shall either Unit A or Unit B-1 take any action to impair, undermine or adversely affect the structural integrity of the Wall.

d) In the event the Wall is damaged or destroyed by the willful or negligent act or omission of the owner of Unit A or Unit B-1 or such owner's licensees or invitees, such Unit's owner shall promptly restore and repair the Wall at its sole cost and expense.

e) In the event of other damage or destruction to the Wall, to the extent of insurance coverage and proceeds for the repair or replacement of the Wall, Units A and B-1 shall be entitled to retain the proceeds from their own respective insurance policies. The Wall shall be repaired or rebuilt, or such other maintenance shall be performed at the equally shared expense of Units A and B-1. However, each Unit shall, except as provided in Section 2(f)(d) above, be solely responsible for the non-structural repair and maintenance of the interior surface of the Wall located in such Unit owner's Unit.

f) In the event that Unit A determines that it must repair or replace the exterior wall of its Unit on either or both sides of the Wall and
the scope of work entails repairs or replacement to all or any portion of the Wall, the Unit A owner shall be provided with the right of access to the Unit B-1 side of the Wall upon no less than fifteen (15) days prior written notice to Unit B-1 and Unit B-1 agrees not to unreasonably withhold its consent for such work, provided the work is performed with the least possible disruption to Unit B-1 (which shall require that any disruptive work be performed on weekends or evening hours, if possible), is performed at the sole cost and expense of Unit A, including reasonable safeguarding of Unit B-1 during the pendency of any work, the materials used are equal in quality to those that are replaced, and Unit A provides insurance in a commercially reasonable amount to cover any potential liability arising from the work to be performed on Unit B-1 naming the Unit B-1 owner as an additional insured on any such policy of insurance. In addition Unit A shall be solely responsible for the prompt discharge of any mechanic’s lien filed against Unit B-1 as a result of any failure or delay in paying any contractor or supplier performing any work for Unit A.

g) Any controversy that may arise between Units A and B-1 with respect to the liability for any damage to the Wall or as to the cost of repairs or replacement of all or part of the Wall or as to any other rights or liabilities of Units A and B-1 shall be submitted to arbitration consistent with Article XVII of the By Laws of the Association.

h) None of the foregoing provisions shall affect or impair the ownership rights of the Unit A owner with respect to the exterior walls of Unit A that extend to the North and South of the shared party Wall.

2. Sections 5.1 (d), (e), (f) and (j) of the Master Deed are hereby stricken in their entirety.

3. Section 12(b) of the Master Deed is hereby amended by adding the following sentences at the end of Section 12(b):

“Subject to the provisions of Section 1 of the Third Amendment to Master Deed, (i) the owner of Unit A shall have the right to enter Unit B-1 during reasonable business hours, with prior notice, for the purpose of maintaining, repairing and replacing any portion of Unit A that abuts Unit B-1, including, without limitation, the exterior wall of Unit A that extends to the North of the shared party Wall; and (ii) the owner of Unit B-1 shall have the right to enter Unit A during reasonable business hours, with prior notice, for the purpose of maintaining, repairing and replacing any portion of Unit B-1 that abuts Unit A, including, without limitation,
the South exterior wall of Unit B-1. The owner of Unit A shall restore and repair any damage to Unit B-1 that results from the activities of the Unit A owner and its agents upon Unit B-1 under this Section 12(b) and shall indemnify, defend and hold harmless the owner of Unit B-1 from and against any and all costs, expenses, losses, attorneys’ fees and liabilities resulting directly from such activities of the Unit A owner and its agents upon Unit B-1. The owner of Unit B-1 shall restore and repair any damage to Unit A that results from the activities of the Unit B-1 owner and its agents upon Unit A under this Section 12(b) and shall indemnify, defend and hold harmless the owner of Unit A from and against any and all costs, expenses, losses, attorneys’ fees and liabilities resulting directly from such activities of the Unit B-1 owner and its agents upon Unit A."

4. Section 17.1 of the Master Deed is hereby deleted and replaced as follows:

"The Association shall maintain or cause to be maintained in full force and effect ‘Special Form’ insurance on the Common Elements for the full replacement cost thereof. The premium for such insurance shall be a Common Expense."

5. Section 17.2 of the Master Deed is amended to obligate each Unit owner to maintain “Special Form” insurance on its Unit for the full replacement cost thereof, in addition to all other coverage required under Section 17.2, and to provide proof of all such coverage to the Association in accordance with Section 17.4 of the Master Deed.

6. Section 18 of the Master Deed as replaced by Section 23 of the First Amendment, is hereby amended to add that in the event that any Unit is damaged or destroyed as the result of the negligent act or omission of the owner of any other Unit, or such owner’s invitee or licensee, the affected Unit owner shall file a first party claim with such owner’s insurance company to cover all damage and loss sustained with the right of subrogation.

7. Section 19 of the Master Deed as amended by Section 24 of the First Amendment is amended to delete subsection (b).

8. The last sentence of Section 20 of the Master Deed as amended by Section 25 of the First Amendment is hereby deleted and replaced as follows:

"No unprofessional signs shall be hung in any windows at any time for any purpose."

9. Section 23 (a) of the Master Deed as amended by Section 27 of the First Amendment is further amended by adding the following sentence:

"The Association shall have no right to impose any restriction on or in any manner abridge or limit any right and ability of the Unit A owner to finance,
lease, sublease or license all or any portions of its Unit as it deems necessary or
advisable for the conduct of its business operation."

10. Exhibit "F" of the Master Deed is deemed stricken in its entirety and replaced
with Exhibit "F" attached hereto and made a part hereof. The entire property
comprising Unit A is described by metes and bounds in Exhibit "F-1" attached

amended, shall be deemed to include such legal description.

11. The terms of this Amendment shall be deemed binding upon all Unit owners
whether now existing or hereafter succeeding to the rights of the Developer or
any existing Unit owners.

12. Except as modified by this Amendment, the Master Deed as previously
amended and all of the covenants, agreements, terms, provisions and conditions
thereof shall remain in full force and effect and unmodified and are hereby

A central focus is using the community college as an anchor institution in Paterson's economic revitalization and transformation. Major accomplishments include:

- Managing a staff of over 20 full-time and over 50 part-time employees with the oversight of more than $10 Million in annual State and Federal funding.
- Secured and managed Passaic County Community College's largest federal grant in its history—a $23 Million U.S. Department of Labor (USDOL), 4 state, 7-college regional consortium called the "Northeast Resiliency Consortium". The central focus of this effort was to help consortium colleges educate and train over 3,400 individuals and to assist students, communities, and institutions in becoming more resilient in times of crisis and change.
- Reorganized the college's Adult Basic Education (ABE) program from being fiscally mismanaged and underperforming into the highest performing and fiscally sound program in the county.
- Launched an innovative partnership with the United Way of Passaic County to use "welfare to work" funds to launch a thrift store called "Revivo" that serves as both a training hub for retail and customer service, as well as a sustainable enterprise and revenue source for the United Way. The facility is located in a formerly empty storefront in downtown Paterson.
Presented and documented the work of and impact of NJCDC at national, state, and regional conferences, as well as graduate schools for planning and public policy.

- Increased the number of neighborhood plans submitted to the state of NJ from 3 to 15 in two years.
- Directly assisted member CDCs raise over $4 Million for neighborhood revitalization efforts.
- Successfully advocated for the creation of the Neighborhood Planning Grant program through the NJ Department of Community Affairs, providing $250,000 annually for neighborhood plan creation statewide (650,000 per plan).
- Spearheaded HCDN's legislative campaign to amend the NRRTC program from a 50% tax credit for participating corporations to a 100% credit.
- Launched HCDN's first Neighborhood Revitalization Task Force, convening CDCs throughout the state of New Jersey to document and provide peer-learning opportunities on issues and policies relating to comprehensive revitalization.
- Organized "Mobilizing for Community Change" conference which presented key theories and elements of community-based planning, three NJ-based case studies (Jersey City, Camden, and Newark), and was attended by over 160 attendees.
- Co-organized the "Summer Institute" on community planning and organizing. Institute featured 4 parallel tracks: 1) community engagement and participatory methods, 2) conflict mediation and resolution, 3) abandoned property reclamation, and 4) navigating government. HUD AWARDS RECORD $2 BILLION TO THOUSANDS OF LOCAL HOMELESS ASSISTANCE PROGRAMS ACROSS U.S.

WASHINGTON – The U.S. Department of Housing and Urban Development today awarded a record $2 billion to support more than 7,300 local homeless assistance programs across the nation. HUD’s Continuum of Care grants provide critically needed support to local programs on the front lines of serving individuals and families experiencing homelessness. View a complete list of all the state and local homeless projects awarded funding.

Due to the last year’s devastating hurricanes, HUD extended the application deadline for communities in Puerto Rico and the U.S. Virgin Islands until February 16, 2018.

HUD continues to challenge state and local planning organizations called “Continuums of Care” to support their highest performing local programs that have proven most effective in meeting the needs of persons experiencing homelessness in their communities. Many of these state and local planners also embraced HUD’s call to shift funds from existing underperforming projects to create new ones that are based on best practices that will further their efforts to prevent and end homelessness.

"HUD stands with our local partners who are working each and every day to house and serve our most vulnerable neighbors," said HUD Secretary Ben Carson. "We know how to end homelessness and it starts with embracing a housing-first approach that relies upon proven strategies that offer permanent housing solutions to those who may otherwise be living in our shelters and on our streets."

Matthew Doherty, Executive Director of the U.S. Interagency Council on Homelessness added, "Continuums of Care are critical leaders in the work to end homelessness nationwide. When communities marshal these—and other local, state, private, and philanthropic resources—behind the strongest housing-first practices, we see important progress in our collective goal to end homelessness in America."

HUD Continuum of Care grant funding supports a broad array of interventions designed to assist individuals and families experiencing homelessness, particularly those living in places not meant for habitation, located in sheltering programs, or at imminent risk of becoming homeless. Each year, HUD serves more than a million people through emergency shelter, transitional, and permanent housing programs.
Last month, HUD reported homelessness crept up in the U.S., especially among individuals experiencing long-term chronic homelessness. HUD's 2017 Annual Homeless Assessment Report to Congress found that 553,742 persons experienced homelessness on a single night in 2017, an increase of 7 percent since last year. Homelessness among families with children declined 5.4 percent nationwide since 2016, local communities report the number of persons experiencing long-term chronic homelessness and Veterans increased. HUD's 2017 homeless estimate points to a significant increase in the number of reported persons experiencing unsheltered homelessness, particularly in California and other high-cost rental markets experiencing a significant shortage of affordable housing.

Subject: FW: ICM FY18 Award and Renewal

Dear ICM Provider:

I wanted to notify you that the Division of Family Development will continue to fund ICM services for the period 1/1/18 to 12/31/18. Because the level of service for ICM can vary we will not be issuing a specific award amount for the period. DFD will continue to reimburse ICM services at a fixed price based on actual prevention expenses plus Case Management services. The Division of Family Development will reimburse agencies providing Intensive Case Management (ICM) Services on a monthly basis based on receipt of the attached monthly LOS report and confirmation that prevention expenses have been entered into HMIS. ICM Case Manager salary, fringe and all indirect costs will be reimbursed at an annual rate $56,000. This annual amount is based on a caseload of 15 cases and will be prorated monthly based on caseload.

Prevention costs including rent, security deposits, etc. will be reimbursed for actual costs per client. Please submit information by county on the attached form. Prevention expenses must match what is reported in HMIS. Discrepancies may result in a delay in reimbursement.

Agencies can request an advance payment for ICM services. Requests for advance payments will be approved on a case by case basis. In order to request an advance payment for ICM services agencies must be current in their contract reporting requirements including submission of quarterly expenditure and level of service reports and have HMIS data entered for all required contract costs. This information will be analyzed to determine if an advance payment is warranted as well as determining the advance payment amount.

All agencies who are contracted to provide Intensive Case Management (ICM) Services will need to include these services in the FY18 renewal Annex B or submit a contract modification that includes a P1.10 form “Change in the payment rate” checked and the attached Annex B2 Form in order to receive reimbursement for ICM services.

Subject: Summary of Trust Fund Timeline

Good Morning, Sir,

Here is the timeline of events in the Trust Fund decision-making process:

"Passaic County publicly released and sent to Continuum of Care mailing lists its request for project proposals seeking Homeless Trust Fund dollars on October 6th, 2017. Approximately $200,000 in available funding was announced, with approximately half available for permanent housing and half for supportive services for homeless persons. A technical assistance session regarding the proposal scoring criteria and application was offered to any interested party on October 19th, 2017 and proposals were accepted on or before November 3rd, 2017. The Homeless Trust Fund Review Committee convened on November 19th, 2017 to score proposals based on the scoring criteria, and the projects were then ranked based on average scores received. The Review Committee reconvened on December 15th, 2017 and made funding recommendations for both permanent housing and supportive services based on project proposal rankings and in a manner ensuring funded projects can operationalize and have maximal impact. The Committee’s funding recommendations were ratified by the Passaic County Interagency Council (PCICH) Executive Board on December 20th, 2017 and announced publicly at the full PCICH meeting on January 17th, 2018."

Let me know if you need anything else, Sir. I am available until 9:30 a.m. and after 11:00 a.m.

Thanks!

Introduced on: February 13, 2018
Adopted on: February 13, 2018
Official Resolution#: R20180088
The Passaic County Interagency Council on Homelessness has up to approximately $200,000 available for new projects for the 2017 Homeless Trust Fund Application process.

During 2017, the Homeless Trust Funds will focus on funding:

- Case management and supportive services for homeless individuals or families in Passaic County to assist them in maintaining permanent affordable housing

AND

- The creation of new permanent housing opportunities for the homeless in Passaic County. This permanent housing can be created by utilizing homeless trust funds for:
  - Supplementing the development of permanent housing units for homeless individuals or families through acquisition, construction or rehabilitation
  - OR
  - Rental assistance vouchers, including either tenant or project based vouchers, that will be used to make units in the community more affordable for homeless individuals and families

Applicants interested in this funding can be creative with their project applications and may request funding for both services and permanent housing. While project's do not need to apply for the full amount of funding, the Trust Fund committee anticipates making approximately 50% of the funding available for supportive services and approximately 50% of funding available for the creation of new permanent housing.

The review committee will take all project descriptions and longevity into consideration when awarding funding. Since the funding may fluctuate over the years, the committee is looking for applicants to have additional funding sources for projects, and that funding from the trust fund can be used to further assist projects in their work to end homelessness rather than be the sole funding source.

Also due to the fact that the amount of funding that can be awarded out of the trust fund may fluctuate each year, this funding source is not meant for a continuing source for any one project. Renewals for previous project's awarded will not automatically be approved, and a priority will be made each year for new applicants and projects that are submitted.

In addition, all funding awarded is based on funding availability. All final recommendations from the Trust Fund committee must be approved by the Passaic County Freeholders.

All applicants interested in submitting applications for funding must submit both a project narrative/description and completed project budget as outlined below. Submissions must be emailed to jeverett@monarchhousing.org and charlesf@passaiccountynj.org by 5pm on November 3, 2017.

Submissions made after November 3, 2017 will not be accepted.
Upon receipt of project applications, the Homeless Trust Fund committee will review and score all applications based on the scoring criteria attached and notification of funding will be sent out immediately after all decisions have been made.

All applicants that submit an application should be prepared to provide additional information or make a brief presentation to the review committee if the committee feels there is not enough information to make funding determinations.

Any questions related to this funding application can be addressed to jeverett@monarchhousing.org and charlesf@passaiccountynj.org.

- The budget is complete and easy to understand what the project is requesting from the Trust Fund
- The budget is reasonable and appropriate for the number of households/persons that are expected to serve

- 10 points will be awarded to projects that identify at least 150% leveraging
- 7 points will be awarded to projects that identify at least 100% leveraging
- 5 points will be awarded to projects that identify at least 50% leveraging

Bonus Points – New Project Applicant (5 points)

Because the Trust Fund allocation can fluctuate, there will be 5 bonus points awarded to new project applicants that have not received a trust fund award in the past.

Dated: February 14, 2018
RESOLUTION AUTHORIZING THE ACCEPTANCE OF AN ADDITIONAL GRANT FROM THE NEW JERSEY DEPARTMENT OF TRANSPORTATION TO FUND AND AWARD THE BID FOR THE PATerson TRANSIT FACILITY PEDESTRIAN SAFETY PROJECT IN THE CITY OF PATerson, NEW JERSEy

WHEREAS on or about October 5, 2017, the County of Passaic received bids for the Paterson Transit Facility Pedestrian Safety Project, the lowest bid being $286,975.00; and

WHEREAS this bid is being funded by a New Jersey Department of Transportation (NJDOT) 2015 Safe Streets to Transit grant and that bid was $36,975.00 more than the funding under the grant; and

WHEREAS as a consequence thereof, Passaic County sought permission from the bidders to extend the time to award over the 60 day period permitted by the Local Public Contract Law and applied for the additional funding from the NJDOT Local Aid 2018 Aid Infrastructure Fund and received notification that said NJDOT would award an additional $35,000.00 to move forward with the Project; and

WHEREAS the Passaic County Assistant Engineer by letter dated February 1, 2018 is reporting that the County will fund the additional $1,975.00 needed to award the bid and is recommending that the Board of Chosen Freeholders of the County of Passaic accept the additional NJDOT grant funds of $35,000.00 (copy of letter attached hereto and made a part hereof); and

WHEREAS the Freeholder Committee for Public Works and Buildings & Grounds at its meeting of January 31, 2018 reviewed this matter and is recommending that it be approved by the full Board.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby approves the
acceptance of an additional grant in the amount of $35,000.00 from the New Jersey Department of Transportation to fund and award the bid for the Paterson Transit Facility Pedestrian Safety Project.

**BE IT FURTHER RESOLVED** that the Clerk and Director to the Board as well as the County Counsel are hereby authorized to execute the Supplemental Agreement on behalf of the County of Passaic.

Re: 2018 Local Aid Infrastructure Fund
    Paterson Transit Facility Pedestrian Safety Project
    City of Paterson
    Acceptance of Grant...

Members of the Board:

The County of Passaic received bids for the Paterson Transit Facility Pedestrian Safety Project on October 5, 2017. The low bid exceeded the budget available for the project. This office sent letters to the bidders requesting to delay award of the contract until an additional grant could be applied for from and awarded by NJDOT as described below.

The low bid of $286,975.00 exceed the existing grant (2015 Safe Streets to Transit) by $36,975.00. The County Engineer applied for additional funding from NJDOT Local Aid under the 2018 Local Aid Infrastructure Fund and, on January 10, 2018, was notified of an award of an additional $35,000.00.

This award leaves $1,975.00 plus any potential change orders to be funded by the County.

We recommend that the Board of Chosen Freeholders accept this grant and authorize the Director and Clerk to the Board to execute all agreements with the NJDOT as pertains to the award of the grant.

This award was reviewed by the Public Works Committee at its meeting of January 31, 2018 and recommended for acceptance by the entire Board.

Very truly yours,

Timothy R. Medlich, P.E.

RESOLUTION AUTHORIZING MORRIS COUNTY TO BEGIN CONDEMNATION
PROCEEDINGS ON BEHALF OF THE COUNTY OF PASSAIC IN THE
SUPERIOR COURT OF NJ TO OBTAIN AN EASEMENT NECESSARY TO
COMPLETE A RECREATIONAL TRAIL FROM MORRIS COUNTY TO THE
TOWNSHIP OF WAYNE IN PASSAIC COUNTY

WHEREAS the County of Morris (Morris), with federal funds
through the receipt of a grant from the New Jersey Department of
Transportation (NJDEP) and the North Jersey Transportation
Authority (NJTPA), is undertaking a project that entails the
construction of a recreational trail that will pass through various
places in Morris County to the Township of Wayne in Passaic
County; and

WHEREAS the project will consist of a ten (10) foot long paved
walking and biking trail, a portion of which will go from River Road
in Pequannock in Morris County to Mountain View Train Station in
Wayne, Passaic County; and

WHEREAS this proposed recreational trail follows the
abandoned NYS&W Pompton branch railroad line and will directly
connect into the Morris Canal Greenway at Haul Road in Wayne,
which is currently being constructed in segments by the County of
Passaic; and

WHEREAS in furtherance of the project, Morris has notified the
County of Passaic that it has to obtain three (3) easements from
property owners in Wayne: 1) The North Jersey Water Commission;
2) The Township of Wayne, and 3) The Hoffman Grove Condominium
Association; and

WHEREAS Morris further reports that it has obtained the
needed easement from the North Jersey Water Commission and that
the Township of Wayne has offered to give the needed easement when Morris secures the necessary easement from the Hoffman Grove Condominium Association; and

WHEREAS the proposed acquisition consists of a 7,700 square foot (0.08 acres) strip located on Meadow Road on the other side of a railroad bridge that bisects the Hoffman Grove property in the non-residential part of the property well away from the homes on the site and nowhere near the main portion of the property; and

WHEREAS Morris reports that it then contacted the Association Board in August of 2016 and entered into discussion about the purchase of the easement, only to be told that the members of the Association would not agree to a purchase based on privacy concerns; and

WHEREAS Morris then decided that it would proceed and obtained an appraisal and subsequent review appraisal, which valued the easement at $10,000; another meeting was held with the Board and Morris officials attended the annual Association meeting on December 17, 2017 at which time the Board made a demand for a price of $70,000, which, of course, is seven (7) times the appraised value; and

WHEREAS thereafter Morris reports that it then made a counteroffer of $17,500.00 and offered to negotiate further, but Hoffman Grove has not responded; and

WHEREAS Morris is now requesting that the Board of Chosen Freeholders of the County of Passaic authorize the County of Morris, on behalf of the County of Passaic, to begin condemnation proceedings in the Superior Court of New Jersey Passaic County, if
necessary, to obtain the necessary 7,700 square foot easement needed to complete the recreational trail in the Township of Wayne, NJ; and

WHEREAS the Freeholder Committee for Public Works and Buildings & Grounds at its January 31, 2018 meeting reviewed this matter and is recommending the approval of the full Board to this request.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it is in the best interests of the public of Passaic County to authorize the County of Morris to acquire, in the name of Passaic County, the necessary approximately 7,700 square foot easement from the Hoffman Grove Condominium Association in Wayne, New Jersey in order to complete a ten (10) foot wide paved walking and hiking recreational trail from River Road in Pequannock to the Mount View Station in Wayne, NJ.

BE IT FURTHER RESOLVED that the said Board authorizes the Office of the Passaic County Counsel to designate and appoint the Morris County Counsel's Office to negotiate for and on behalf of the County of Passaic with the Hoffman Grove Condominium Board and Township of Wayne to acquire the needed easement to complete this project.

BE IT FURTHER RESOLVED that in the event that said Morris County Counsel is unable to acquire the needed property through negotiation free and clear of all liens and judgment, then said counsel shall be authorized to institute condemnation proceedings in the name of the County of Passaic in accordance with the laws of
eminent domain in the Superior Court of New Jersey for the purpose of acquiring the needed easement described above.

BE IT FURTHER RESOLVED that it is clearly understood that all compensation, costs and fees associated with those proceedings, if necessary, will be paid on behalf of the County of Passaic by the County of Morris.

Dear Mr. Glovin:

As discussed at the January 31, 2018 meeting of the Public Works and Buildings and Grounds Committee of the Passaic County Board of Chosen Freeholders, the Friends of Passaic County Parks, Inc. Members of the Board:

The New Jersey Department of Transportation has a discretionary fund — the Local Aid Infrastructure Fund.

The County has received a grant under the 2015 Safe Streets to Transit program in the amount of $250,000. Upon completion of design and advertising, the low responsive bid was $286,975.00. We request approval to apply for the additional $36,975.00 under the 2017 Local Aid Infrastructure Fund. We also request that the Director and Clerk of the Board be authorized to execute any and all agreements with NJDOT for this application and award.

The Public Works and Buildings & Grounds Committee, at their meeting of October 16, 2017, approved the recommendation that the County of Passaic apply to the New Jersey Department of Transportation for this Local Aid grant in the amount of $36,975.00.

Therefore, we recommended that the Board of Chosen Freeholders ADOPT a RESOLUTION directing the County Engineer to complete the application for this County Aid Funding, and further authorize the Director of the Board and the Clerk to the Board to sign said application in behalf of the full Board.

Re: Paterson Transit Facility Pedestrian Safety Project
City of Paterson
Award of Contract

Members of the Board:

The County of Passaic received bids for the Paterson Transit Facility Pedestrian Safety Project on October 5, 2017.

A total of 3 responsive bids were received from 3 qualified bidders with the following results (Bid Tabulations are attached).

Zuccaro, Inc. Garfield, NJ $286,975.00
Diamond Const. Brick, NJ  $378,850.00
Zenith Construction, Inc Orange, NJ $390,400.00

Engineer’s Estimate $254,270.00

This project is funded by an NJDEP Safe Streets to Transit Grant in the amount of $250,000. As the low bid exceeded this amount by $36,975, the County applied for an additional grant under the Local Aid Infrastructure Fund (Resolution R-2017-0888) and received an additional amount of $35,000 on January 10, 2018.

Based on the above analysis of the bids, I respectfully recommend that the Board of Chosen Freeholders enact a Resolution awarding a contract for the construction of Paterson Transit Facility Pedestrian Safety Project, to the lowest responsible bidder, Zuccaro, Inc., 64 Commerce Street, Garfield, NJ 07026, in the amount of $286,975.00 (Two Hundred Eighty Six Thousand Nine Hundred Seventy Five Dollars and Zero Cents).

This bid was reviewed by the Public Works Committee at its meeting of January 31, 2018 and recommended for approval.

Change Order #1 (Final)

Members of the Board:

Attached for your approval is Change Order #1 to be issued to the Contractor, reflecting a decrease in the contract amount due to as-built quantities.

The construction contract for this project, in the amount of $47,265.00 was awarded by Resolution R-2017-0807 on September 28, 2017 to John Garcia Construction Company, Inc, Clifton, NJ from quotes received for the On Call Drainage Project 2015-2017, R-2015-0695, September 29, 2015.

As-built quantities, based on conditions discovered during construction, resulted in a net decrease in the contract amount of $10.00. This resulted in a final contract amount of $47,255.00 or a decrease of -0.02%.

This matter was discussed with the Public Works and Buildings and Grounds Committee at its meeting of January 31, 2018.

I respectfully request that the Board of Chosen Freeholders ADOPT a RESOLUTION approving Change Order #1 in the amount of -$10.00.

Re: **NJTPA – Local Safety Program Grants-Market Street**

Dear Members of the Board:

The County received a grant application from NJTPA for the Federal Safety Program. Market Street in Paterson was identified as being eligible for these grants, which would enhance safety on the County road system. The project limits are as follows:

- Market Street (Spruce Street to Madison Ave)

The amount of the grant award is $3.6M. There is no requirement for a local match or contribution of funds.

The project consists of traffic signal upgrades, curb extensions, and a reconstruction of the area by the NJ Transit Rail Station and US Post Office. Safety of all road users (motorists, bicyclists, and pedestrians) will be enhanced.

This project application was reviewed and recommended for approval at the Public Works Committee meeting of January 31, 2018. Based upon the above, it is my recommendation that the Board of Chosen Freeholders adopts the necessary Resolution in support of this application, authorizing the County to apply for the referenced Local Safety Program Grant.

Re: NJTPA – Local Safety Program Grants-Allwood Rd and Clifton Ave

Dear Members of the Board:

The County received a grant application from NJTPA for the Federal Safety Program. Allwood Rd and Clifton Ave were identified as being eligible for these grants, which would enhance safety on the County road system. The project limits are as follows:

- Allwood Rd (Main Ave to Hepburn Rd)
- Clifton Ave – NJDOT Rt 161 (Allwood Rd to Van Houten Ave)

The amount of the grant award is $2.7M. There is no requirement for a local match or contribution of funds.

The project consists of traffic signal upgrades, curb extensions, and a study to determine if a reduction in the number of lanes on Allwood Rd, and within the Allwood Rd/Bloomfield Ave roundabout, is feasible. Safety of all road users (motorists, bicyclists, and pedestrians) will be enhanced.

Change Order #1—H&S Mechanical Inc.

Members of the Board:

This Office is in receipt of Change Order #1 in the amount of $63,643.00 addition to the above referenced project.

This Change Order addresses the existing four (4) concrete piers not depicted on the contract drawings. The ACC units on the contract drawings are depicted sitting on top of the existing asphalt. The manufacturer recommends placing the units on a concrete pad and also raising the ACC units 18" above grade. In addition during abatement/demolition, the contractor was removing proposed walls as depicted on the demolition drawings and noted on the asbestos consultant drawings. However, it was unknown that the suspended plaster ceilings was attached to these walls scheduled for demolition. The unbraced plaster ceiling created an unsafe condition and should be removed so that it is not a hazard to the project.

This Change Order was reviewed and discussed at the Public Works Committee meeting of January 29, 2018 and recommended for approval to the full Board.

Based upon the above, this Office recommends that the Board of Chosen Freeholders adopt a Resolution approving said Change Order #1 in the amount of $63,643.00 subject to the availability of funds.

Dear Mr. Edmond:

In accordance with your Request for Proposal (RFP), LAN Associates, Engineering, Planning, Architecture, Surveying, Inc. (LAN) is pleased to submit this proposal for surveying services.

It is LAN's position that we are uniquely qualified to provide the services requested based on the depth of the expertise of our in-house staff. This staff includes professionals specializing in surveying and site engineering. It is through this staff depth that LAN has the ability to provide or manage the services required under this request for proposal in a timely, efficient and cost effective manner.

The following tasks and associated fees will be performed by LAN for the County of Passaic:

<table>
<thead>
<tr>
<th>Task No.</th>
<th>Description</th>
<th>Fee</th>

</thead>
<tbody>
<tr>
<td>1</td>
<td>Boundary Survey: LAN shall perform a boundary survey of the lots set forth above, containing approximately 91.82 acres of land, to reconcile the deed to the ground in accordance with the standards set forth in the Laws of the State of New Jersey Statutory Reference NJSA 45:3-28 (e) and, more specifically, the administrative rules and regulations promulgated by the State Board of Professional Engineers and Land Surveyors as contained in NJAC 13:40-5.1.</td>
<td>$15,548</td>
</tr>
</tbody>
</table>

LAN will begin the survey process by engaging in research that will be performed through a variety of sources, including the County Clerk's office and other agencies, to gather information affecting the boundaries of the property, as well as adjacent properties. Also at this time, any existing subdivision maps pertaining to the area of the survey will also be obtained.

[Redacted Image]
Included in our fee is an allowance of $2,000 for a full title search to be performed for the properties, in order to uncover easements or restrictions not noted on the present deed. If a current title commitment is to be provided to the surveyor, the fee can be adjusted.

After researching and obtaining the available records for your property and adjoining properties, the initial site visit will take place. While on site, LAN’s field crew will locate substantial, visible improvements in close proximity to the property lines. Additionally, the field crew will search for physical evidence that may affect the property boundaries. Per the RFP, sidewalks, driveways, walkways, parking lots, retaining walls, traveled way, playgrounds, ball fields, fences, ditches, tree rows, hedges utility line and other features within the interior of the lots will not be shown, unless they are near the property lines.

After researching and obtaining the available records for your property and adjoining properties, the research and measurements taken will then be analyzed by a Professional Land Surveyor.

NOTE: The survey map provided will be tied into the New Jersey State Plane Coordinate System, North American Datum of 1983 (NAD ’83) as determined by differential GPS.

2. Meets and Bounds Descriptions: A meets and bounds description will be prepared for each of the five lots. The descriptions will reference the New Jersey State Plane Coordinate System (NAD ’83) datum.

3. Property Corner Placement: LAN, pursuant to NJAC 13:45-5.1, will furnish and set a corner marker on each of the property corners not otherwise found during the boundary survey. For the purposes of this proposal, unit pricing has been provided, based upon the type of marker that is desired. The set corner markers will either be 5/8 inch steel rebar, 18 inch in length, driven to ground level (or even below ground level to protect the marker) with a plastic cap bearing our company’s name on top or a concrete monument, a minimum of 30” in length, with an aluminum disc bearing our company’s name on top.

Based upon our review of the lots, we anticipate the following major property corners per lot:
- Block 81, Lot 1 - 14 corners
- Block 91, Lot 1 - 18 corners
- Block 145, Lot 1 - 10 corners
- Block 264, Lot 1 - 9 corners
- Block 265, Lot 1 - 7 corners

Total anticipated corner markers: 58

The survey fees are based upon the assumption that the deed mathematically closes, that there are no title problems, that there are no overlaps or gores with adjoining properties, and that no extraordinary research is required. Specifically excluded from this proposal is any topographic surveying, wetland delineation, reports, letter of interpretation and/or permitting applications. If an item listed herein, or otherwise not specifically mentioned within this agreement, is deemed necessary LAN may prepare an addendum to this agreement for your review, outlining the scope of additional services and associated professional fees with regard to the extra services.

Official Resolution #: R20180112
LAN's corporate office, from which this project will be managed, has been performing task type services for the NJDEP Division of Parks & Forestry for nearly twelve years at site ranging from High Point State Park to Cape May Lighthouse. Our staff of approximately 75 is experienced and mobilized to perform task type services, and is capable of handling multiple projects at multiple sites in the contract project area.

The quality of service provided by LAN is demonstrated by the fact that we have recently celebrated our 50th year. A majority of the clients for which we provide services have been with us for many years. The majority of our work is brought in through referrals by our existing clients. Based on our long-term experience with the work effort required, LAN is capable of meeting the schedule and budgets prepared for these types of projects.

We thank you for the opportunity to work with you on this project. Should this proposal be acceptable to you, please sign where indicated below and return a copy to LAN with a purchase order referencing same. Our proposal fees are good 60 days of the date of this letter.

Respectfully submitted,

Matthew Webb

(hereinafter referred to as “LAN”), to perform the consulting services described in the attached Scope of Services. Acceptance by the Client is strictly limited to these Terms and Conditions which when acknowledged in writing, is authorization to proceed. Client is defined as the person or business entity signing the Agreement authorizing LAN to proceed.

This Agreement supersedes all prior written proposals and/or negotiations not referenced herein between the parties and is expressly conditioned upon the Client’s agreement of the Terms and Conditions hereof. This Agreement may only be modified in writing executed by both parties.

2. Services to be Performed: The services to be performed are described in the preceding Scope of Services. Unless otherwise specified in the Scope of Services or in the Terms and Conditions, LAN shall furnish all technical and professional services, including labor, materials, supplies, equipment, transportation and supervision to perform all tasks listed in the Scope of services and in accordance with the target schedules.

3. Compensation: The Scope of Services describes the tasks, phases and compensation terms.

Terms of Payment: Invoices shall be submitted upon completion of a phase or monthly based on percentage complete at that time. Payment is due thirty (30) days from the date of invoice. Amounts unpaid thirty (30) days after the invoice date shall bear interest at the rate of 1 1/2% per month. Invoices over ninety (90) days old are subject to attorney review for collection. The client will be responsible for all legal fees necessary to collect the account.

Payment Withheld: No deductions shall be made from LAN’s compensation on account of penalty, liquidated damages or other sums withheld from payments to the contractor(s), or on account of the cost of changes in the contractor’s estimates, except that those which LAN and the client mutually agree are not justified.

Suspension: If any payment is more than thirty (30) days past due, LAN may, after giving seven (7) days written notice to the owner, suspend services under this Agreement until full payment is made for all amounts due for services, expenses, and other related charges.

Additionally, in the event of suspension, the Client shall waive all rights, claims, etc. which it might otherwise have against LAN as a direct or indirect result of such suspension.

Additional Services: Any verbal or written direction by Client shall entitle LAN to an equitable adjustment in contract price and schedule for any changed work or other work affected by the changed work. The following are additional services, unless specified in the scope of services that are considered beyond the basic scope of services.

Public Hearings/Municipal Filings: In the event a Public Hearing is required for a municipal agency (Zoning Board of Appeals, Planning Board, Architectural Review Board, etc.), LAN shall invoice the Client on an hourly basis for both the preparation and time spent at the meeting. LAN shall be required to file drawings with the Building Department or pay any municipal fees.

Cost Estimates: LAN and its consultants do not warrant, guarantee or certify the construction cost for the project or any part of the project.

Redesign to meet Project Budget Costs: LAN shall not be liable to redesign to meet the project budget costs unless this is a pre-condition to the Agreement and LAN has agreed to the Project Budget Costs.

4. Additional Services: LAN can provide additional services beyond those listed in the Scope of Services by a negotiated sum or on an hourly basis. Our hourly rate schedule is attached.

LAN’s hourly rates are valid for one (1) year from the date listed on the Scope of Services and shall be increased five percent (5%) on the first day of each subsequent year to reflect market conditions, employee benefits and salary compensation.
Reimbursables: LAN's hourly rates include direct labor, computer costs, overhead, general and administrative costs, local travel, telephone calls, routine postage and profits. Reimbursable items shall include printing and reproductions beyond that specified in the scope of services, express mail, messenger or courier services, or other project related out-of-pocket expenses. These reimbursable items will be billed at actual cost plus 18%.

5. Client's Responsibilities: The Client shall provide full information regarding the project and shall be responsible for its accuracy and completeness. LAN shall not be responsible for the work or services of others.

Right of Entry: Client will provide for right of entry for LAN personnel, its subcontractors and equipment necessary to complete the work. While LAN will take all reasonable precautions to minimize any damage to the property, it is understood by the Client that in the normal course of work some damage may occur, the correction of which is not part of this Agreement.

Base Building Drawings or Surveys: Unless otherwise specified, Base Building Drawings or Surveys are not included in the Scope of Services. LAN shall assume that the Base Building Drawings and Surveys, if required, shall be readily available. LAN assumes all information on these documents are accurate and is not responsible for any information completed by others. LAN does have the capability to provide these services if required.

Project Representative: The Client shall designate and authorize a project representative to answer field questions and make timely decisions (within five (5) business days). If the Client replaces or selects a new Project Representative, any time spent by LAN to bring the new Project Representative current shall represent Additional Services.

Client's Consultants: If the Client engages an outside consultant(s) to interact with LAN, the time spent coordinating issues or concerns with the Client's Consultant(s) shall be considered an Additional Service.

6. Schedule: Professional fees developed for this project shall be based on this schedule. Modifications such as accelerated schedules, project delays, or extensions which are not under control of LAN are subject to an increase to our compensation.

7. Ownership of Documents: All documents prepared or furnished by LAN pursuant to this Agreement are instruments of LAN's professional services, and LAN shall retain an ownership and property interest therein. LAN grants Client a license to use instruments of LAN's professional service for the purpose of constructing, occupying and maintaining the Project. Reuse or modification of any such documents by Client, without LAN's written permission, shall be at Client's sole risk, and Client agrees to indemnify and hold LAN harmless from all claims, damages and expenses, including attorneys' fees, arising out of such reuse by Client or by others acting through Client.

8. Publicity: LAN and its consultants shall have the right to photograph the project and to use the photographs in the promotion of its professional practices through advertising, public relations, brochures, or other marketing material.

9. Insurance, Indemnity & Limitations:

Insurance: LAN shall maintain Workman's Compensation, General Liability, and Professional Liability Insurance throughout the period of this agreement. Certificates of insurance are available on request.

The Client shall require the contractor to name LAN, as an Additional Insured on the contractor insurance policy.

For any damage on account of error, omission of other professional negligence, LAN's liability shall be limited to LAN's fee received under this Agreement.

The expense of additional insurance coverage or increased policy limits of liability beyond, including professional liability insurance, requested by the Client in excess of the standard coverage of LAN and its consultants shall be borne by the Client.

Indemnification: LAN shall be responsible for all damage to life and property due to negligent activities of LAN, its subcontractors, agents or employees, in connection with its services under this AGREEMENT. LAN specifically agrees that its subcontractors, agents or employees shall
possess the experience, and knowledge necessary to qualify them individually for the particular duties they perform. Moreover, LAN shall indemnify and save claims, demands, payments, suits, actions, recoveries and judgments of every nature and description brought or recovered against it by reason of any negligent omission or negligent act of LAN, its agents, employees, or subcontractors in the execution of this Agreement.

The Client will indemnify and hold harmless LAN from and against any and all loss, claim or suit, including expenses and reasonable attorney fees which result from any negligent act or omission of the Client, its agents, servants and employees, or any claim for liability against LAN for professional services, assistance or advice rendered to the Client where the existence or possible existence of hazardous substances may create a danger to the public or to the environment unless it is subsequently proven that LAN was solely negligent.

Job Site: Client shall furnish or cause to be furnished to LAN all documents and information known to the Client that relate to the identity, location, quantity, nature or characteristics of any hazardous or toxic substances at, on, or under the site. In addition, the Client will furnish or cause to be furnished such other information on surface and subsurface site conditions required by LAN for proper performance of its services. LAN shall be entitled to rely on Client provided documents and information in performing the services required under this Agreement; however, LAN assumes no responsibility or liability for their accuracy or completeness.

LAN will not direct, supervise, or control the work of Client’s contractors or their subcontractors. LAN’s services will not include a review or evaluation of the contractor’s (or subcontractor’s) safety measures.

LAN shall be responsible only for its activities and that of its employees on any site. Neither the professional activities nor the presence of LAN or its employees or subcontractors on a site shall imply that LAN controls the operations of others, nor shall this be construed to be an acceptance by LAN of any responsibility for jobsite safety.

Disputes and other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party’s termination in accordance with the provisions defining termination.

Hazardous Substances: LAN shall not be responsible for the identification, removal, testing, and/or certification of removal relative to any hazardous substance including, but not limited to, PCB, petroleum, mold infestation, radon, mercury, hazardous waste, asbestos, lead paint, lead piping, and similar substances.

The Client shall further assume any and all responsibility and expenses that may be incurred with regard to the removal, remediation or disposal of any wastes or other hazardous substances as may be disclosed as a result of any site investigation or work.

LAN and the Client acknowledge that the Scope of Services does not include any items related to a Hazardous Environmental Condition.

Utilities: In the execution of any subsurface work, LAN will take all reasonable precautions to avoid damage or injury to subterranean structures or utilities. The Client agrees to hold LAN harmless and indemnify for any claims or damages to subterranean structures or utilities, which have not been marked out under the One-Call system and or not shown or correctly shown on the plans furnished.

Unforeseen, Latent or Hidden Conditions: Certain assumptions will be made of existing conditions and materials when verification would require investigations beyond reasonable visual observation. Unforeseen, latent or hidden conditions may not be readily ascertainable regardless of the extent of the investigation. Such conditions may impact the design and necessitate extensive revisions to the design. When architectural or engineering services are required to address these conditions, these services shall be deemed Additional Services.

10. Standard of Practice: Services performed by LAN under this Agreement shall be conducted in a manner consistent with the level of care and skill ordinarily exercised by members of their respective professions practicing in the same locality under similar conditions.

The County Director of Finance shall determine all matters in connection with notes issued pursuant to this ordinance, and the County Director of Finance’s signature upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time subject to the provisions of the Local Bond Law. The County Director of Finance is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The County Director of Finance is directed to report in writing to the Board of Chosen Freeholders at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the notes sold, the price obtained and the name of the purchaser.

Section 5. The County hereby certifies that it has adopted a capital budget or a temporary capital budget, as applicable. The capital or temporary capital budget of the County is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. To the extent that the purposes authorized herein are inconsistent with the adopted capital or temporary capital budget, a revised capital or temporary capital budget has been filed with the Division of Local Government Services.

Section 6. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvements or purposes described in Section 3 of this bond ordinance are not current expenses. They are improvements or purposes that the County may lawfully
undertake as general improvements, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The average period of usefulness of the improvements or purposes within the limitations of the Local Bond Law, according to the reasonable life thereof computed from the date of the bonds authorized by this ordinance, is 14.69 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk of the Board, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such statement shows that the gross debt of the County as defined in the Local Bond Law is increased by the authorization of the bonds and notes provided in this bond ordinance by $3,200,000. $1,600,000 of such authorized amount shall constitute a deduction from the County's gross debt and shall not be considered in determining the net debt of the County pursuant to N.J.S.A. 18A:64A:22.4. The obligations authorized herein will be within all debt limitations prescribed by that law.

(d) An aggregate amount not exceeding $320,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost indicated herein for the purposes or improvements.

Section 7. The County hereby declares the intent of the County to issue the bonds or bond anticipation notes in the amount authorized in Section 2 of this bond ordinance and to use proceeds to pay or reimburse expenditures for the costs of the purposes described in Section 3 of this bond ordinance. This Section 7 is a declaration of intent within the meaning and for purposes of Treasury Regulations.
Section 8. Any grant moneys received for the purposes described in Section 3 hereof shall be applied either to direct payment of the cost of the improvements or to payments of the obligations issued pursuant to this ordinance.

Section 9. The County Director of Finance of the County is hereby authorized to prepare and to update from time to time as necessary a financial disclosure document to be distributed in connection with the sale of obligations of the County and to execute such disclosure document on behalf of the County. The County Director of Finance is further authorized to enter into the appropriate undertaking to provide secondary market disclosure on behalf of the County pursuant to Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") for the benefit of holders and beneficial owners of obligations of the County and to amend such undertaking from time to time in connection with any change in law, or interpretation thereof, provided such undertaking is and continues to be, in the opinion of a nationally recognized bond counsel, consistent with the requirements of the Rule. In the event that the County fails to comply with its undertaking, the County shall not be liable for any monetary damages, and the remedy shall be limited to specific performance of the undertaking.

Section 10. The full faith and credit of the County are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the County, and the County shall be obligated to levy ad valorem taxes upon all the taxable real property within the County for the payment of the obligations and the interest thereon without limitation of rate or amount.

Section 4. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the County Director of Finance; provided that no note shall mature later than one year from its date. The notes shall bear interest at such rate or rates and be in such form as may be determined by the County Director of Finance. The County Director of Finance shall
determine all matters in connection with notes issued pursuant to this ordinance, and the County Director of Finance's signature upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time subject to the provisions of the Local Bond Law. The County Director of Finance is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The County Director of Finance is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the notes sold, the price obtained and the name of the purchaser.

Section 5. The County hereby certifies that it has adopted a capital budget or a temporary capital budget, as applicable. The capital or temporary capital budget of the County is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. To the extent that the purposes authorized herein are inconsistent with the adopted capital or temporary capital budget, a revised capital or temporary capital budget has been filed with the Division of Local Government Services.

Section 6. The following additional matters are hereby determined, declared, recited and stated:

(a) The purposes described in Section 3 of this bond ordinance are not current expenses. They are all improvements that the County may lawfully undertake as general improvements, and no part of the costs thereof has been or shall be specially assessed on property specially benefitted thereby.
(b) The average period of usefulness, computed on the basis of the respective amounts of obligations authorized for each purpose and the reasonable life thereof within the limitations of the Local Bond Law, is 10.17 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such statement shows that the gross debt of the County as defined in the Local Bond Law is increased by the authorization of the bonds and notes provided in this bond ordinance by $9,500,000, and the obligations authorized herein will be within all debt limitations prescribed by that Law.

(d) An aggregate amount not exceeding $830,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated costs indicated herein for the purposes or improvements.

Section 7. The County hereby declares the intent of the County to issue the bonds or bond anticipation notes in the amount authorized in Section 2 of this bond ordinance and to use proceeds to pay or reimburse expenditures for the costs of the purposes described in Section 3 of this bond ordinance. This Section 7 is a declaration of intent within the meaning and for purposes of Treasury Regulations.

Section 8. Any grant moneys received for the purposes described in Section 3 hereof shall be applied either to direct payment of the cost of the improvements or, if other than the State Grants and State Aid Funding in Section 1 hereof, to payment of the obligations issued pursuant to this ordinance. The amount of obligations authorized but not issued hereunder shall be reduced to the extent that such funds are so used.
Section 9. The County Director of Finance of the County is hereby authorized to prepare and to update from time to time as necessary a financial disclosure document to be distributed in connection with the sale of obligations of the County and to execute such disclosure document on behalf of the County. The County Director of Finance is further authorized to enter into the appropriate undertaking to provide secondary market disclosure on behalf of the County pursuant to Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") for the benefit of holders and beneficial owners of obligations of the County and to amend such undertaking from time to time in connection with any change in law, or interpretation thereof, provided such undertaking is and continues to be, in the opinion of a nationally recognized bond counsel, consistent with the requirements of the Rule. In the event that the County fails to comply with its undertaking, the County shall not be liable for any monetary damages, and the remedy shall be limited to specific performance of the undertaking.

Section 10. The full faith and credit of the County are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the County, and the County shall be obligated to levy ad valorem taxes upon all the taxable real property within the County for the payment of the obligations and the interest thereon without limitation of rate or amount.

Section 11. This bond ordinance shall take effect 20 days after the first publication thereof after final adoption, as provided by the Local Bond Law.
