RESOLUTION AUTHORIZING AWARD OF CONTRACT TO DOMINION VOTING SYSTEMS FOR SUPPORT SERVICES AND SPARE PARTS FOR ELECTIONS TO BE HELD IN 2019, IN AN AMOUNT NOT TO EXCEED $125,655.10

WHEREAS the Board of Chosen Freeholders of the County of Passaic (the "Board") previously adopted a resolution dated September 27, 2005 (R-05-499) authorizing the purchase of an integrated voting system from Sequoia Voting Systems, Inc. ("Sequoia"); and

WHEREAS the voting system was to be comprised of 650 AVC Advantage Voting Machines together with associated proprietary software and related goods and services from Sequoia, including specified support services for a period of one (1) year, as more fully described in the Agreement between the parties; and

WHEREAS the Board has subsequently adopted resolutions awarding contracts to Sequoia for annual license fees, support services and spare parts required after the expiration of the initial contract term, the most recent of which pertained to elections held in 2016; and

WHEREAS the Board was advised in August, 2010 that Dominion Voting Systems, Inc. ("Dominion") had acquired substantially all the assets of Sequoia; and

WHEREAS the Board adopted resolution (R-10-708, 09/28/10) consenting to Sequoia's assignment to Dominion in connection with the asset acquisition; and

WHEREAS the various election offices have submitted a request to the Board for a contract award to Dominion to provide necessary support services and spare parts for elections to be held in 2019, as well as payment of the annual software licensing fee, in a aggregate amount not to exceed $125,655.10 (consisting of
$50,000.00 for the Board of Elections, $50,000.00 for the Superintendent of Elections and $25,655.10 for the County Clerk; and

WHEREAS said goods and services are necessary to conduct an election, and are therefore exempt from public bidding pursuant to the Local Public Contracts Law, specifically N.J.S.A. 40A:11-5 (l); and

WHEREAS the said Board, by Resolution 06-97 dated February 14, 2006 established a policy of only awarding contracts in excess of the monetary threshold set forth under the Pay to Play Law only under a fair and open process; and

WHEREAS the Board is desirous of making an exception to that policy because of the unique circumstances of this case; and

WHEREAS the local Public Contracts Law, N.J.S.A. 40A:11-1 et seq., requires that the resolution authorizing the award of contract for exempt services and the contracts themselves must be available for public inspection; and

WHEREAS the Finance & Administration Committee at its May 1, 2019 meeting reviewed this matter and recommend that this agreement be awarded as an exempt service with the understanding that the recipient has not made or will make political contributions as set forth under the Campaign Contributions and Expenditures Reporting Act (N.J.S.A. 19:44A-1); and

WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure.

NOW THEREFORE BE IT RESOLVED that the Board hereby authorizes agreements between the various election offices and
Dominion Voting Systems for election support services and parts for 2019 in an amount not to exceed $125,655.10.

**BE IT FURTHER RESOLVED** that this contract is being awarded as an exception to the policy of the Board as set forth in its Resolution R-06-97 dated February 14, 2006 because of the special circumstances of this situation, and the policy of the Board as set forth in this resolution shall remain in full force and effect.

**BE IT FURTHER RESOLVED** that the Director and Clerk of the said Board are hereby authorized to execute the necessary contract on behalf of the County of Passaic.

**BE IT FURTHER RESOLVED** that this contract is awarded without competitive bidding as one for goods and services necessary to conduct an election, in accordance with the Local Public Contracts Law, specifically N.J.S.A. 40A:11-5(1)(l).

RESOLUTION AUTHORIZING AWARD OF CONTRACT TO DOMINION VOTING SYSTEMS FOR SUPPORT SERVICES AND SPARE PARTS FOR ELECTIONS TO BE HELD IN 2018, IN AN AMOUNT NOT TO EXCEED $139,433.43

WHEREAS the Board of Chosen Freeholders of the County of Passaic (the "Board") previously adopted a resolution dated September 27, 2005 (R-05-499) authorizing the purchase of an integrated voting system from Sequoia Voting Systems, Inc. ("Sequoia"); and

WHEREAS the voting system was to be comprised of 650 AVC Advantage Voting Machines together with associated proprietary software and related goods and services from Sequoia, including specified support services for a period of one (1) year, as more fully described in the Agreement between the parties; and

WHEREAS the Board has subsequently adopted resolutions awarding contracts to Sequoia for annual license fees, support services and spare parts required after the expiration of the initial contract term, the most recent of which pertained to elections held in 2016; and

WHEREAS the Board was advised in August, 2010 that Dominion Voting Systems, Inc. ("Dominion") had acquired substantially all the assets of Sequoia; and

WHEREAS the Board adopted resolution (R-10-708, 09/28/10) consenting to Sequoia’s assignment to Dominion in connection with the asset acquisition; and

WHEREAS the various election offices have submitted a request to the Board for a contract award to Dominion to provide necessary support services and spare parts for elections to be held in 2018, as well as payment of the annual software licensing fee, in an amount not to exceed $139,433.43 (consisting of
$50,000.00 for the Board of Elections, $65,000.00 for the Superintendent of Elections and $24,433.43 for the County Clerk; and

WHEREAS said goods and services are necessary to conduct an election, and are therefore exempt from public bidding pursuant to the Local Public Contracts Law, specifically N.J.S.A. 40A:11-5 (l); and

WHEREAS the said Board, by Resolution 06-97 dated February 14, 2006 established a policy of only awarding contracts in excess of the monetary threshold set forth under the Pay to Play Law only under a fair and open process; and

WHEREAS the Board is desirous of making an exception to that policy because of the unique circumstances of this case; and

WHEREAS the local Public Contracts Law, N.J.S.A. 40A:11-1 et seq., requires that the resolution authorizing the award of contract for exempt services and the contracts themselves must be available for public inspection; and

WHEREAS the Freeholders on the Finance & Administration Committee reviewed this matter and recommend that this agreement be awarded as an exempt service with the understanding that the recipient has not made or will make political contributions as set forth under the Campaign Contributions and Expenditures Reporting Act (N.J.S.A. 19:44A-1); and

WHEREAS a certification is attached which indicates that funds are available for the within contemplated expenditure.

NOW THEREFORE BE IT RESOLVED that the Board hereby authorizes agreements between the various election offices and
Dominion Voting Systems for election support services parts for 2018 in an amount not to exceed $139,433.43.

BE IT FURTHER RESOLVED that this contract is being awarded as an exception to the policy of the Board as set forth in its Resolution R-06-97 dated February 14, 2006 because of the special circumstances of this situation, and the policy of the Board as set forth in this resolution shall remain in full force and effect.

BE IT FURTHER RESOLVED that the Director and Clerk of the said Board are hereby authorized to execute the necessary contract on behalf of the County of Passaic.

BE IT FURTHER RESOLVED that this contract is awarded without competitive bidding as one for goods and services necessary to conduct an election, in accordance with the Local Public Contracts Law, specifically N.J.S.A. 40A:11-5(1)[l].

RESOLUTION AUTHORIZING FURTHER AMENDMENT OF RESOLUTION R-2018-0403 DATED MAY 22, 2018 IN CONNECTION WITH A LAWSUIT ENTITLED CWA, AFL-CIO LOCAL 1032 V. THE PASSAIC COUNTY SUPERINTENDENT OF ELECTIONS AND THE COUNTY OF PASSAIC DOCKET NO. C184-17 TO ALLOW AN ADDITIONAL ALLOCATION OF NINE THOUSAND DOLLARS TO COVER LEGAL EXPENSES INCURRED FROM JULY 2018 THROUGH APRIL 2019

WHEREAS the Board of Chosen Freeholders of the County of Passaic and the Communications Workers of America (CWA) AFL-CIO Local 1032, who represent the employees in the Office of the Superintendent of Elections, have been in an ongoing dispute concerning certain benefits given to a few employees based upon a Collective Bargaining Agreement (CBA) which the said Superintendent entered into without any input from any County officials; and

WHEREAS this dispute was handled under the contract by two separate arbitrations in which counsel for the County was not permitted to participate and has now resulted in a lawsuit filed in the Superior Court of New Jersey by the CWA known as CWA, AFL-CIO Local 1032 v. The Passaic County Superintendent of Elections and The County of Passaic, Docket No. C184-17; and

WHEREAS as a result of the dispute, including proceedings before PERC, the two arbitrations and the recent lawsuit, all of which resulted in the said Superintendent having her own counsel, the total amount of billings from her counsel for legal services for the past one (1) year has now exceeded the monetary threshold permitted under the New Jersey Pay to Play Law (N.J.S.A. 19:44A-20.3 et seq.) and was $23,928.93; and
WHEREAS as a consequence, the Board of Chosen Freeholders of the County of Passaic adopted Resolution R-2018-403 dated May 22, 2018 which awarded a non-fair and non-open contract to the law firm of Kaufman, Semeraro & Leibman, LLP of Fort Lee, New Jersey to represent the Office of the Passaic County Superintendent of Elections in the above-referenced matter and Resolution R-2018-0638 dated August 14, 2018 to pay the outstanding bills; and

WHEREAS the said law firm recently submitted an updated bill in the amount of $8,754.83 for legal services in connection with the case for the months of July 2018 through April 2019; and

WHEREAS the Board is desirous of setting aside the sum of Nine Thousand ($9,000.00) Dollars to cover this bill; and

WHEREAS the Freeholders on the Finance & Administration Committee reviewed this matter at its May 1, 2019 meeting and are again reluctantly recommending approval by the full Board; and

WHEREAS a certification is attached hereto that indicates the availability of funds for said expenditure.

NOW THEREFORE BE IT RESOLVED by the Board of Chosen Freeholders of the County of Passaic that it hereby further amends Resolution R-2018-0403 dated May 22, 2018 which awarded a non-fair and non-open contract to the law firm of Kaufman, Semeraro & Leibman, LLP of Fort Lee, NJ to provide legal services to the Office of Passaic County Superintendent of Elections in connection with the lawsuit entitled CWA, AFL-CIO Local 1032 v. The Passaic County Superintendent of Elections and The Township of Passaic, Docket No. C184-17 to allow an additional
allocation of Nine Thousand ($9,000.00) Dollars to cover ongoing legal expenses incurred in defending that matter.

BE IT FURTHER RESOLVED that the said Board authorizes payment of the outstanding legal bill for those services in the amount of $8,754.83.

Gentlemen:

I have answers to the questions presented.

1. The 1000+/- bill in June was a billing error. Those services were mistakenly billed in the old matter and should have been billed in the active AFL/CIO file.

   The services were provided and rightfully billed and are due and owing, but my office accidently billed under the wrong file name. please advise how you would like this corrected.

   We can place it in the correct matter and issue corrected invoices, or it can processed as it is and you can note your accounting files according. I will await your direction.

2. All invoices reflecting services provided including the missing invoice noted by Rich, are included in the second attachment. Obviously this excludes the services which should have been billed and are included in

SYSTEM OF ACTIVE STABILITY™ (SAS)

System of Active Stability (SAS) helps reduce lift truck instability by electronically monitoring and controlling various functions of the lift truck.

- **Active Control Rear Stabilizer**: Various lift truck sensors simultaneously monitor vehicle speed, fork height, load weight, and vehicle yaw (or angular acceleration). Should the operator inadvertently place the truck in a potentially unstable lateral condition, the sensors trigger the SAS controller to activate the Active Control Rear Stabilizer to help reduce the likelihood of a lateral tip over. (Note: Does not apply to dual drive configured models)

- **Active Mast Function Controller (AMC)**: Should the operator inadvertently place the lift truck in a potentially unstable longitudinal condition, these same sensors trigger the SAS controller to activate the AMC, which limits forward tilt and/or tilt back speed to help reduce the likelihood of a longitudinal tip over.

AUTOMATIC FORK LEVELING

Toyota's Automatic Fork Leveling feature increases productivity while reducing damage with a push of a button. By depressing the Automatic Fork Leveling button during forward tilt, operators are quickly and easily able to level the forks.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to N.J.S.A. 10:5-32 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the applicable employment goal prescribed by N.J.A.C. 17:27-7.3; provided, however, that the Division may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B and C, as long as the Division is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards pre-scribed by the Division, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the applicable employment goal established in accordance with N.J.A.C. 17:27-7.3.
EXHIBIT B (Cont)

The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A). If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to attempt to hire or schedule minority and women workers directly, consistent with the applicable employment goal. If the contractor’s or subcontractor’s prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with the applicable employment goal, the contractor or subcontractor agrees to be prepared to hire or schedule minority and women workers directly, consistent with the applicable employment goal, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines or is so notified by the Division that the union is not referring minority and women workers consistent with the applicable employment goal.

(B). If the hiring or scheduling of a workforce consistent with the employment goal has not or cannot be achieved for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions consistent with the applicable county employment goals:

1. To notify the public agency compliance officer, the Division, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

2. To notify any minority and women workers who have been listed with it as awaiting available vacancies;

3. Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

4. To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area until such time as the workforce is consistent with the employment goal;

5. If it is necessary to lay off some of the workers in a given trade on the construction site, to assure, consistent with the applicable State and Federal statutes and court decisions, that sufficient minority and women employees remain on the site consistent with the employment goal; and to employ any minority and women workers so laid off by the contractor on any other construction site on which its workforce composition is not consistent with an employment goal established pursuant to rules implementing N.J.S.A. 10:5-31 et. seq.;
EXHIBIT B (Cont)

6. To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor.

i. If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall determine the qualifications of such individuals and if the contractor’s or subcontractor’s workforce in each construction trade is not consistent with the applicable employment goal, it shall hire or schedule those individuals who satisfy appropriate qualification standards. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprenticeship program or a referral agency, provided the referral agency is acceptable to the Division. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

ii. If the contractor’s or subcontractor’s workforce is consistent with the applicable employment goal, the name of any interested women or minority individual shall be maintained on a waiting list for the first consideration, in the event the contractor’s or subcontractor’s workforce is no longer consistent with the applicable employment goal.

iii. If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Division.

7. To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Division and submitted promptly to the Division upon request.

(C). The contractor or subcontractor agrees that nothing contained in (13) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship pro-gram will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that,
EXHIBIT B (Cont)

in implementing the procedures of (B) above it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Division an initial project workforce report (Form AA 201) provided to the public agency by the Division for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Division and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.

(D). The contractor and its subcontractors shall furnish such reports or other documents to the Division of Contract Compliance & EEO as may be requested by the Division from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division of Contract Compliance & EEO for conducting a compliance investigation pursuant to Subchapter 13 of the Administrative Code at N.J.A.C. 17:27.
EXHIBIT C

EQUAL OPPORTUNITY FOR INDIVIDUALS WITH DISABILITIES:

The Contractor and the County of Passaic do hereby agree that the provisions of Title II of the Americans with Disabilities Act of 1990 (the "Act") (42 U.S.C. 12101 et seq.) which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant thereto, are made a part of this contract. In providing any aid, benefit or service on behalf of the County pursuant to this contract, the Contractor agrees that the performance shall be in strict compliance with the Act. In the event that the Contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the Contractor shall defend the County in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect and save harmless the County, its agents, servants, and employees from and against any and all suits, claims, losses, demands or damages of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The Contractor shall, at its own expense, appear, defend and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the County grievance procedure, the Contractor agrees to abide by any decision of the County which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the County or if the County incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance Procedure, the Contractor shall satisfy and discharge the same at its own expense.

The County shall, as soon as practicable after a claim has been made, give written notice thereof to the Contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the County or any of its agents, servants, and employees, the County shall expeditiously forward or have forwarded to the Contractor every demand, complaint, notice, summons, pleading, or other process received by the County or its representatives.

It is expressly agreed and understood that any approval by the County of the services provided by the Contractor pursuant to this contract will not relieve the Contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the County pursuant to this paragraph.

It is further agreed and understood that the County assumes no obligation to indemnify or save harmless the Contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the Contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the Contractors obligations assumed in this Agreement nor shall they be construed to relieve the Contractor from any liability, nor preclude the County from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

RESOLUTION FOR CHANGE ORDER #21 FOR H & S CONSTRUCTION & MECHANICAL, INC. AS IT PERTAINS TO RENOVATIONS TO THE PASSAIC COUNTY COURT HOUSE ANNEX IN PATERSON, NEW JERSEY

WHEREAS the County of Passaic did, on the date of June 12, 2017, adopt Resolution R-2017-0478 awarding a contract to H & S Construction & Mechanical, Inc. for the project known as the Renovations to the Passaic County Court House Annex; and

WHEREAS it has now been determined that the contract must be increased due to additional asbestos abatement required by the Department of Consumer Affairs (DCA) for a total additional amount of $78,309.95; and

WHEREAS this proposed Change Order No. 21 will result in the net sum of change orders for this project to be in excess of the 20% limit for change orders which is allowed under the Local Public Contracts Law N.J.S.A. 40A:11-1; and

WHEREAS the regulations (N.J.A.C. 5:30-11.9) of the State of New Jersey Department of Community Affairs permits change orders in excess of 20% as long as the following is present:

1) a written certification by the contractor containing the following:

i) an explanation of the factual circumstances which necessitate issuance of the change order;
ii) a statement indicating why these circumstances could not have been foreseen;

iii) a statement indicating why issuance of the change order would be in the best interests of the County and would not constitute an abuse of these rules;

iv) if the nature of the change order is technical, the certification shall include a certified statement from contractor's appropriate expert, explaining in detail the factual circumstances which necessitate the issuance of the change order;

2) a request from the chief executive officer, in this case the County Administrator, or his designee, to the governing body requesting the change order and explaining why this change order may be allowed pursuant to this provision; and

WHEREAS the County of Passaic is in receipt of a certification from the County Engineer dated May 8, 2019, see copy attached hereto; and

WHEREAS the Passaic County Administrator has filed a letter with the Board of Chosen Freeholders dated May 9, 2019 requesting that the Board review this matter and consider adopting this Change Order (see copy attached); and
WHEREAS this proposed change order will bring the contract above the 20% threshold generally permitted under the Local Public Contracts Law (N.J.S.A. 40A:11-1 et seq.) but is being considered because it would be impractical to award a new contract for this additional work; and

WHEREAS this matter was discussed and approved at the Public Works and Buildings & Grounds Committee meeting of May 1, 2019 at which time said Committee specifically authorized this amendment; and

WHEREAS a certification is attached hereto to reflect the availability of funds.

Change Order # 21

Dear Mr. DeNova,

A Change Order for additional work in the amount of $83,309.95 was reviewed and recommended for approval by the Public Works Committee at its meeting of May 1, 2019. Since this change order increases the contract amount by more than 20%, the procedures at N.J.A.C. 5:30-11.9 are being followed. This Change Order can be allowed since it was not reasonably possible to issue a new contract for the additional work. Work causing this contract to exceed 20% was due to additional asbestos abatement required by the DCA, and costs associated with extending the project for an additional eight month period.

Change Order #21 (Add) Exceeding 20% of the Contract

Dear Members of the Board:

Attached for your approval is Change Order #21 to be issued to the Contractor reflecting an increase in the contract amount required to complete the project. This Change Order adjusts the quantities to reflect As-Built Quantities as completed on this project.

The total amount of this additional work is $78,309.95 and causes the contract to exceed the original contract amount more than 20%. Attached is documentation required by N.J.S.A.C. 5:30-11.9.

The total amount of the addition is $78,309.95, resulting in a new contract amount of $9,676,681.97.

This matter was discussed with the Public Works and Building and Grounds Committee at its meeting of May 1, 2019.

I respectfully request that the Board of Chosen Freeholder Adopt a Resolution Approving Change Order #21.

STANDARD CERTIFICATION FOR CHANGE ORDER IN EXCESS OF 20% OF CONTRACT AMOUNT

TO: Board of Chosen Freeholders

FROM: Jonathan Pera, P.E., County Engineer

DATE: May 8, 2019

SUBJECT: H & S Mechanical, Inc.

This is to request your approval of a Resolution authorizing a Change Order to be executed as follows:

CONTRACTOR: H & S Mechanical, Inc.

Summary of Change Order:

Original Contract Amount $7,994,000.00
Previous Additions $1,950,020.42
Total $9,944,020.42
Previous Deductions $351,648.40
Net Prior to this Change $9,592,372.02
Amount of this Change $78,309.95
Contract Amount to Date $9,670,681.97

This is to request a Change Order in excess of 20% of the original contract amount, in accordance with N.J.A.C. 5:30-11/9. I do hereby certify to the following:

1. Explanation of the Factual Circumstances which necessitates issuance of the Change Order:

This Change Order addresses unforeseen conditions such as structural issues for unsupported openings, additional furring of walls to avoid additional abatement work, leveling of existing bathroom floors to provide proper drainage by code and addressing subcontractor delay claims for labor caused by additional asbestos abatement.

Introduced on: May 14, 2019
Adopted on: May 14, 2019
Official Resolution #: R20190446
2. Statement indicating why these circumstances could not have been foreseen:
   This project involved additional asbestos content not realized in the original scope of work. The
   Department of Consumer Affairs (DCA) made a determination to abate significantly more material which
   added cost and time to the initial schedule.

3. Statement indicating why issuance of the change order would be in the best interests of the
   contracting unit and would not constitute an abuse of these rules:
   As this project was issued to the lowest bidder, and the awarded contractor has been performing the scope
   of the work on schedule, it would cost significant delay and cost if work was stopped due to non-issuance
   of the change order.

4. I have reviewed the rules of the Division of Local Government Services pursuant to N.J.A.C. 5:30-
   11.9 ET. Seq., and certify that the proposed change order may be allowed under the aforementioned
   rules.

Respectfully,

RE: H & S Contracting
Renovations to the Court House Annex
Change Order #21 (add) exceeding 20% of the contract

Dear Board of Chosen Freeholders,

In my capacity of Chief Executive Officer of the County of Passaic, I am hereby requesting that the Board of Chosen Freeholders adopt a Change Order pertaining to the above referenced contract, reflecting an increase in the contract in the amount of $78,309.95. By way of background to the request, I received a letter from the County Engineer Jonathan Pera, along with its attachment outlining the various factors that contributed to this project exceeding the 20% required under the Local public Contract Law, N.J.A.C. 5:30-11.9. The additional work in the amount of $78,309.95 resulted in a new contract amount of $9,670,681.97.

Under the above-mentioned circumstance, I join in the recommendations of both the County Engineer and Freeholder Members of the Public Works Committee, that this change order in excess of the original contract be awarded and adjusted by the amount of $78,309.95 to H & S Contracting.

Re: Maintenance Plan for the Dey Mansion Garden Restoration Project

Dear Ms. Ruffel,

Please accept this letter and proposal as evidence of our interest in preparation of a comprehensive maintenance plan for the Dey Mansion Garden Restoration project, which is now in construction and is scheduled for completion in spring of 2019.

As per your request, we have prepared a proposal to develop a plan outlining maintenance needs and protocols for the detailed plantings, site amenities, and hardscapes surrounding the Dey Mansion as per the Dey Mansion Garden Restoration project (anticipated completion spring 2019). As you know, the project design materials and plantings specified in the Garden Restoration project are not typical low maintenance selections, and will require frequent inspection and care to effectively maintain. We understand that the Passaic County Park Commission will be responsible for ongoing care of the Dey Mansion grounds and this document will serve as the maintenance guide. Additionally, if the County elects to hire a private landscape maintenance contractor to maintain the grounds in the future, the maintenance plan will serve as a basis to define an annual maintenance services contract.

The maintenance plan will be a comprehensive document that addresses maintenance and care of all applicable components of the project design including, but not limited to:

- Brick paving
- Stabilized aggregate paving
- Asphalt paving
- Steel edging
- Wood bench seating
- Pedestals with armillary sphere and lead statue
- Cedar wood arbor structures
- Planting maintenance (Trees, Shrubs, perennials, groundcovers)

Our approach to preparing the maintenance plan will include:

- Research of specific maintenance needs and considerations for all site elements
- Development of content (maintenance concerns/issues and recommended protocols)
- Preparation of a seasonal maintenance schedule for all plant materials
- Preparation of a maintenance plan manual

Introduced on: May 14, 2019
Adopted on: May 14, 2019
Official Resolution #: R20190447
PLANT CARE

Due to the detailed nature of the planting design, each individual plant species will be addressed in the maintenance plan. Common pests and diseases will be identified and illustrated and horticultural care protocols and such as fertilizing, pruning, deadheading, mulching, and fall cutback will be identified and specified with a seasonal plant care schedule. Although plantings have been selected for lower likelihood of damage from deer browsing, some browsing can be anticipated and the document will address methods to monitor and reduce potential damage from deer browsing.

Additionally, each plant care protocol will include species identification imagery to allow maintenance crews to identify the individual plants in the field. Imagery will focus on features such as flower, leaf shape and color in various seasons. As built planting plans and detailed planting schedules will be included in the document to further assist in plant location and identification.

The seasonal plant care schedule will be developed using a monthly calendar that identifies the necessary times throughout the seasons to perform all required maintenance and care tasks.

HARDSCAPE AND SITE FURNISHING MAINTENANCE

All individual paving types and site features will be individually addressed with typical annual maintenance and care needs as well as long term repair and replacement recommendations. Recommendations for snow removal and snow melter protocols will also be addressed for the various paving types in the document.

The document will also include an as built hardscape and site furnishing plan with all features noted for quick reference. Any applicable installation details will also be included so materials and components can be repaired or replaced as originally designed. ETM will also collaborate with the project contractor (Turco Golf, Inc.) to identify or confirm all suppliers used to acquire project materials (e.g. paving aggregates and binders, benches, cedar arbor wood material, steel edging, etc.). Product names, descriptions, and contact information for local/regional suppliers will be provided for quick reference. Additionally, any maintenance products called for in the maintenance plan such as sealers or paints will also be specified with necessary product information and contact information for local/regional suppliers.

DELIVERABLES

Upon completion of the 90% draft maintenance plan, ETM will present our work to the County in a digital format at the County Offices for review and discussion. Any comments will be addressed and updated as the final Dey Mansion Grounds Maintenance Plan. We envision maintenance plan preparation ideally occurring in tandem with final project construction completion, spring 2019. This will allow the maintenance plan to be in-hand and ready to use by maintenance personnel shortly after final completion.

The final Maintenance Plan will be prepared as a “desk and field reference” for maintenance workers to use as a daily guide. We will provide the County with a digital PDF file of the final document as well as 2 bound copies with covers of the printed manual.

RE: Assessment of Dey Mansion HVAC System  

Dear Mr. Pera:  

On behalf of the Clarke Caton Hintz (CCH) team, we are pleased to submit our proposal for the Assessment of Dey Mansion HVAC System.  

CCH believes we have assembled the ideal team for your project, comprised of leading historic preservation professionals at the national, regional and local level. In addition to CCH, our team is comprised of Princeton Engineering Group, mechanical, electrical and plumbing engineers; and Harrison-Hamnett, consulting structural engineers. We are a proven team, successfully completing the recent renovations to the John Rea House as well as currently completing the construction documents for the restoration of Lambert Castle for Passaic County.  

The CCH team proposes a two-phased approach to the assessment of the Dey Mansion HVAC system. The initial phase will consist of an assessment and preliminary design. The second phase will be the implementation of the HVAC recommendations.  

Phase One – Assessment and Preliminary Design  

We will evaluate the design and installation of the existing HVAC system and perform an assessment of its suitability to serve the historic structure and the artifacts housed within. Our work will include:  

• Review of existing documentation  
• Survey of the existing HVAC system to confirm as-built conditions  
• HVAC load calculations to verify cooling and heating capacities of the existing system. We will check sizing of equipment, ductwork and hydronic distribution systems  
• Humidification calculations and assessment  
• Control system assessment  

We will prepare a report summarizing our observations and provide recommendations for system improvements. We have included one meeting to present the findings of our report. In addition, from our site visit, we are uncertain if the plaster cracking experienced is directly related to the HVAC system performance or due to other concerns. We have included a structural engineer on our team to evaluate the cracking and movement the building may be experiencing. CCH will also offer recommendations for plaster and finish repair in the affected areas.

RE: Pre-Disaster Mitigation Competitive Grant FY 2017  
PDMC-PL-02-NJ-2017-002  
Local Multijurisdictional Multihazard Mitigation Plan Update  
Passaic County, New Jersey

Dear Capt. Lawyer:

This letter serves as a supplemental notice of the Grant award to NJOEM, obligated on 2/12/2019, for the FY 17 Pre-disaster Mitigation program. This notice is for the obligation of the Passaic County Pre-Disaster Mitigation sub grant: PDMC-PL-02-NJ-2017-002. The award letter, agreement articles and conditions of approval are identified within the Federal Emergency Management Agency (FEMA) eGrants system.

The period of performance (POP) for this grant is August 14, 2017 through March 22, 2021, as established by the program office. This period provides ample time for the sub-recipient to complete all activities identified within the approved scope of work and to address any potential delays that may arise due to unforeseen circumstances. It also includes sufficient time for your office to conclude its administrative requirements after the project is completed.

Funding will be made available in an amount not to exceed the total project cost of $168,000.00 with a Federal share of $126,000.00 and the required non-Federal matching share of $42,000.00.

Any change to the approved scope of work must be submitted to FEMA Region II for consideration and approval prior to implementation. Implementation of any modifications to the approved scope of work prior to receipt of FEMA Region II’s approval would jeopardize grant reimbursement.
We suggest that your office immediately notify the sub-recipient regarding our approval and meet with the sub-recipient to review each of the required project conditions. This would also afford the recipient the opportunity to establish a follow-up schedule/expectation of project implementation, quarterly reports information, and fiscal documentation requirements.

Should additional information be required, please contact Robert Tranter at (212) 680-3628.

Sincerely,

ROBERT J. Tranter

SUB-GRANT AGREEMENT
PRE DISASTER MITIGATION COMPETITIVE (PDMC)
GRANT PROGRAM (CFDA#97.047)
PDMC-PL-02-NJ-2017-002

This Sub-grant Agreement (the "Agreement") is made and entered into by, and between, the State of New Jersey, Office of Emergency Management, located at PO Box 7068, West Trenton, New Jersey 08628 (herein referred to as the "Grantee"); and Passaic County, located at 300 Oldham Road, Wayne, New Jersey 07470 (herein referred to as the "Sub-grantee").

The period of performance of this Project is the period beginning August 14, 2017, and ending March 22, 2021.

1. Pursuant to the provisions of Section 1361(A) of the National Flood Insurance Act (NFIA or the Act), 42 USC 4104c, as amended by the National Flood Insurance Reform Act (NFIRA) of 1994 (42 U.S.C. 4101) ("NFIRA") and the Bunning-Bereuter-Blumenauer Flood Insurance Reform Act of 2004, Pub Law 108-264, the Federal Emergency Management Agency ("FEMA") has been authorized by Congress to make grants to states to mitigate natural disasters through the Pre-Disaster Mitigation-Competitive Grant Program (PDMC) with the goal of reducing the overall risk to the population and structures from future hazard events, while also reducing reliance on Federal funding from future disasters. The Grantee has received grant funds for that purpose.

2. The New Jersey Office of Emergency Management has been designated as the Grantee to receive, administer, and disburse FEMA funds for cost-effective mitigation activities in areas of New Jersey. The PDMC is authorized by Section 203 of the Stafford Act, 42 U.S.C. 5133. The Grantee shall monitor and evaluate the implementation of mitigation activities and control the disbursement of PDMC funds from FEMA.

3. Passaic County is the Sub-grantee and has submitted an Application, which is attached as Exhibit A and incorporated herein by reference, setting forth a list of activities (here referred to as "the Project"). The Grantee and FEMA have approved the Project (number PDMC-PL-02-NJ-2017-002) along with any exceptions that have been made prior to signing this Agreement, and FEMA has provided to the Grantee a February 11, 2019 Award Letter with Conditions of Approval, which is attached as Exhibit B and incorporated herein by reference. In the event of any conflict between this Sub-grant agreement and the Conditions of Approval, the Conditions of Approval will control. The Sub-grantee agrees to complete the Project prior to the Project completion date specified in the Award Letter unless a time extension is granted by the Grantee and FEMA.

4. The Sub-grantee warrants that it has the legal authority to accept mitigation funds, and shall provide all necessary financial and managerial resources to meet the terms and conditions of receiving federal and state mitigation funds. The Sub-grantee must comply with the terms and conditions contained in the Award Letter with Conditions of Approval as well as with all applicable law and regulations including, but not limited to, 2 C.F.R. Part 200 ("Uniform Administrative Requirements, Cost Principles, and Audit Requirements"), 2 C.F.R. Part 170, and the Hazard Mitigation Assistance Guidance at the time of the application.

5. The Sub-grantee shall use the mitigation funds solely for the Approved Scope of Work identified in the Award Letter with Conditions of Approval. Only those costs, which are allowable, and allocable pursuant to 2 C.F.R. Part 200, Subpart E ("Cost Principles"
PDMC Passaic County
Page 2

(2 C.F.R. 200.400 et seq.), will be paid reimbursable. All costs must be incurred within the approved performance period.

a. This Subaward Agreement in the amount of $168,000.00 will serve as the contract between the Grantee and the Sub-grantee for the purpose of the approved Project. This subaward amount represents the total Federal share of the cost of the activities, the required local contribution plus an administrative allowance as described below.

b. Total estimated cost of the mitigation Project is $168,000.00
   Federal Share: $126,000.00
   Non-Federal Share: $42,000.00

c. Total administrative allowance shall not exceed the amount allowed by statute and/or regulation based on the total PDMC funds provided for the Project. Administrative funds are to be used to offset extraordinary costs of administering the mitigation Project (e.g., travel, telephone supplies, etc.). At close-out, the administrative expense will be adjusted to reflect the actual amount of federal funds expended.

d. The Sub-grantee agrees to provide the necessary local cost share as required by 2 C.F.R. § 200.306 and the funding will be available within the specified period of time for completion of the activities. Documentation of the use of the local cost share is required.

e. The Sub-grantee agrees to provide the Grantee documentation showing a full accounting of 100% of the eligible Project costs for individual Project costs, including those in excess of the federal share allocated. The Sub-grantee shall be responsible for tracking and verification of all costs.

f. The Sub-grantee will be reimbursed for costs incurred based on the following schedule:
   a. Upon Project approval, signing of the contract with the consultant and procurement documentation (10%).
   b. Upon submission of final draft plan to the Grantee (25%).
   c. Upon FEMA approval (25%).
   d. Upon adoption by all participants and posting of the Final Approved Plan online and submission of two (2) digital copies of the plan to the Grantee and distribution of the plan to local participants (40%).

g. Any revision, change or modification to the approved budget or scope of work must be submitted to the Grantee and be approved by FEMA prior to implementation. Any revision, change or modification that does not receive prior FEMA approval will violate the conditions of the grant. Requests must be supported by adequate justification from the Sub-grantee.

h. All work under this Agreement shall be completed by the period of performance end date, unless an extension is approved by the Regional Administrator.

The Sub-grantee shall return to the Grantee any grant funds which are not supported by audit or other federal or state review of documentation maintained by the Sub-grantee.
7. The Sub-grantee shall comply with all applicable state and local ordinances, laws, regulations, building codes and standards applicable to this Project.

8. The Sub-grantee shall maintain records for the period set forth in 2 C.F.R. § 200.333 and shall give State and Federal agencies access to, and the right to examine all records and documents related to use of mitigation funds.

9. The Sub-grantee has read, understands, and shall comply with the State of New Jersey Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid (15-08-OMB), and 2 C.F.R. Part 200, Subpart F (2 C.F.R. § 200.500 et seq.).

10. The Sub-grantee shall comply with 2 C.F.R. § 200.318 in all procurements, including the contract provisions found in subsection § 200.326. In particular,

   a. The Sub-grantee shall comply, as applicable, with provisions of Federal laws and regulations pertaining to labor standards, and the State of New Jersey Prevailing Wages laws and regulations.

   b. The Sub-grantee shall not enter into any contract with any party which is debarred or suspended from participating in Federal assistance programs, or is otherwise ineligible pursuant to E.O. 12549, Debarment and Suspension, as implemented at 2 C.F.R. § 200.213. The Sub-grantee shall not enter into any contract with any party which is listed in the State of New Jersey Consolidated Debarment Report.

11. The Sub-grantee shall submit to the Grantee quarterly progress reports (QPR), due the 7th day of the month following the end of the quarter on the following schedule:

   a. January – March  
   April – June  Dued April 7
   July – September  Dued July 7
   October – December  Dued October 7

   b. A report must be submitted for every quarter during the period of performance, including partial calendar quarters as well as for periods where no grant activity occurs. Failure to provide the required reports will result in suspension of grant funds until the required reports are provided and approved by the Grantee.

   c. The QPR should reflect the status and completion date for the Project and any problems or circumstances affecting the completion date, scope of work, Project costs, or which could be expected to result in noncompliance with the approved grant conditions.

12. ENFORCEMENT (2 C.F.R. § 200.338)

   a. If the Sub-grantee fails to comply with the terms of the award, whether stated in the Award Letter with Conditions of Approval, a Federal statute or regulation, an guidance, in a State plan or application, or elsewhere, the FEMA and/or the Grantee may avail itself of one or more of the following remedies for noncompliance, as
appropriate under the circumstances:

1) Temporarily withhold cash payments pending correction of the deficiency;
2) Disallow all or part of the cost of the activity or action not in compliance;
3) Wholly or partly suspend or terminate the current award for the program;
4) Withhold further awards for the program; and
5) Take other remedies that may be legally available.

b. In taking an enforcement action, FEMA and/or the Grantee shall provide an opportunity for such hearing, appeal, or other administrative proceeding to which the Grantee or the Sub-grantee is entitled under any statute or regulation applicable to the action involved.

c. Costs resulting from obligations incurred by the Sub-grantee during a suspension or after termination of an award are not allowable unless FEMA expressly authorizes them in the notice of suspension or termination. Other costs during suspension or after termination that are necessary and not reasonably avoidable are allowable if:

1) The costs result from obligations which were properly incurred before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are not cancelable; and
2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes place.

13. SCOPE OF WORK

a. The approved scope of work involves updating the Passaic County Multi-jurisdictional Hazard Mitigation Plan. The plan update will follow the process outlined by the 2000 Disaster Mitigation Act and FEMA's 2/27/2015 HMPG, and will culminate in a more focused plan including an improved mitigation strategy.

b. The Sub-grantee should reference the grant Award Letter and Conditions of Approval for further eligibility and restrictions. Any request for substitution must be submitted in writing. Reimbursement is subject to all terms and conditions in the Award Letter and Conditions of Approval.

14. CLOSEOUT (2 C.F.R. § 200.343)

a. The Sub-grantee will notify the Grantee that the Project has been completed, and shall provide a Final Progress Report, financial report, and any other required documents specified by program regulations by the end of the closeout period approved by FEMA. If necessary, the Grantee shall conduct or arrange for a final site visit within 30 days of receiving the final progress report and financial report. Upon review of the Sub-grantee’s final reports, the Grantee shall provide the Sub-grantee with findings. The findings will outline the results of the site visit and/or any necessary financial reconciliation and will provide any upward or downward adjustment to allowable costs. The closeout of the subaward does not affect the right of FEMA or the Grantee to...
disallow costs and recover funds on the basis of a later audit or other review, the
obligation to return any funds due as a result of later refunds, corrections, or other
transactions, record retention requirements in 2 C.F.R. § 200.333, property and
equipment management requirements in 2 C.F.R. §§ 200.310 through 200.316, and

c. Any funds not returned within a reasonable period of time after request, may result in
an administrative offset against other requests for assistance, withholding advance
payments otherwise due, and other action permitted by law.

15. PERIOD OF PERFORMANCE EXTENSION

Should the Sub-grantee require a period of performance extension, a request must be
submitted to the Grantee at least ninety (90) days prior to period of performance end date.
This request must include a justification for the extension, including: a summary of all work
completed and remaining; a statement demonstrating that all work can be completed within
the extension period; a revised budget form (if applicable); copies of contracts between the
Sub-grantee and third parties for work to be performed; copies of the contract of sale; and any
other material supporting the extension.

16. NON DISCRIMINATION

The Sub-grantee agrees to administer the Project in an equitable and impartial manner, without
discrimination on the grounds of race, color, religion, nationality, sex, age, or economic status.
The Sub-grantee must comply with Title VI of the 1964 Civil Rights Act and other applicable
laws.

17. INDEMNIFICATION

The Sub-grantee agrees that it shall be solely responsible for and shall keep, save and hold the
State of New Jersey and its employees harmless from all claims, loss, liability, expense or
damage resulting from all mental or physical injuries or disabilities, including death, to its
employees or recipients of the Sub-grantee's services or to any other persons, or from any
damage to any property sustained in connection with the delivery of the Sub-grantee's services
that results from any acts or omissions, including negligence or malpractice, of any of its
officers, directors, employees, agents, servants or independent contractors, or from the Sub-
grantee's failure to provide for the safety and protection of its employees, whether or not due
to negligence, fault or default of the Sub-grantee. The Sub-grantee's responsibility shall also
include all legal fees and costs that may arise from these actions. The Sub-grantee's liability
under this agreement shall continue after the termination of this agreement with respect to
any liability, loss, expense or damage resulting from acts occurring prior to termination.

RE: Police Vehicle

Dear Sheriff Berdnik,

On March 7, 2019 two of my detectives were returning back into town while conducting interviews for an active case. While traveling north bound on Wanaque Ave in Pompton lakes, a pickup truck tried to beat a traffic light pulling in front of the police vehicle causing them to collide. Both detectives were hurt in the incident and unfortunately the vehicle was totaled.

I am now in dire need of a new vehicle in which at this present time I don’t have the funds in my Police budget to replace it. My police fleet is depleted and most of my vehicles are past there time for safety issues, we have been passing vehicles down that are way overdue for replacing them. The vehicle that was totaled was a 2007 and was one of our better cars. Now I am forced to put old retired marked units as a replacement.

If there is anything that you can do to assist the Wanaque Police Department I would greatly appreciate it.

Respectfully Submitted,
Chief Robert Kronyak

Re: Institutional Healthcare Services for the Passaic County Jail (RFP #19-012)

The Institutional Healthcare Services Review Committee conducted an in-depth review of the RFP proposals submitted on April 12, 2019. The proposals were scored in accordance with the specifications of the RFP.

The highest scoring vendor was Corizon Health with a total score of 86.44; as such the committee is recommending this contract be awarded to Corizon Health Inc. of Brentwood, TN at a cost of $4,040,364 for the first year.

The total cost of this 3-year contract is $12,450,036; it includes all Medical and Mental Health staffing at the jail and also provides an additional $25,000 annually towards to cost of medical supplies.

All proposals were reviewed, scored and ranked in the areas of technical, management and cost as outlined below. As the jail’s priorities have changed over the past two years, the review committee focused on overall cost, experience in urban jails, ease of implementation, and scope of services.

RE: Evaluation Committee Report
    Paterson-Newark Transit Market Study – RFP-19-013

An Evaluation Committee comprised of members from Passaic County Planning Department, NJ TRANSIT, the North Jersey Transportation Planning Authority (NJTPA) and Essex County Division of Planning reviewed and scored proposals associated with RFP-19-013.

Under the Local Public Contracts Law 40A:11-4.1 the County sought competitive contracting for the procurement of professional services. The following criteria was used to score proposals:

    I.  Technical Approach – 55%
    II. Management – 35%
    III.  Cost – 10%

The County received five (5) responses to RFP-19-013. Based upon the scoring criteria as set forth in the RFP, the Evaluation Committee recommends awarding the contract to Fitzgerald & Halliday, Inc. See attached scoring sheets.

1. Fitzgerald and Halliday, Inc. (FHI) with Dewberry and Sobers Consulting
   The proposal is well written and clearly demonstrated understanding of the project goals, existing assets and potential service options. The team has a wealth of institutional knowledge and experience. FHI provided a technical approach that exceeded the approach laid out in the RFP.
   \textit{Total weighted score} = 86

2. WSP with InGroup Networking and Radin Consulting
   WSP provided a strong proposal. The technical approach was well written but it didn’t provide a clear understanding of the modal options. The team was well rounded and knowledgeable in the study area however the team lacked some of the technical expertise of the other proposals.
   \textit{Total weighted score} = 79

3. AECOM with Malick & Scherer and Sobers Consulting
   AECOM put together a solid team with good institutional knowledge. The proposal lacked details and a lot was copied from the RFP.
   \textit{Total weighted score} = 77
4. Sam Schwartz with Nelson/Nygard and Arterial
   Sam Schwartz provided a proposal that was under budget. Their proposal didn’t provide enough insight into the infrastructure conditions assessment. The budget was heavy on outreach and light on data collection.
   \[ \text{Total weighted score} = 76 \]

5. Arup with Matrix New World and Haas Media
   Arup provided an innovative proposal but it lacked details. The team did not convey knowledge of the study area. Some of the deliverables were limited and duties pushed to the County that others were willing to provide. The outreach plan missed the mark.
   \[ \text{Total weighted score} = 62 \]
