

**Passaic County Department of Health Services
Mosquito Control Division**

PUBLIC NOTICE

In compliance with section 9.10 of the New Jersey Pesticide Control Code (N.J.A.C. Title 7, Chapter 30), NOTICE IS HEREBY GIVEN that Passaic County Mosquito Control, 1310 State Route 23, Wayne, NJ, 07470, may apply pesticides for the control of adult mosquito populations on an area-wide basis throughout Passaic County, as needed, during the period of May 1, 2026 through October 31, 2026. The pesticides used for the control of adult mosquitoes may include: Fyfanon® EW ULV Mosquito Insecticide (active ingredient: malathion) and/or Duet™ Dual-Action Adulticide (active ingredients: prallethrin, sumithrin, and piperonyl butoxide). Products may be applied from the ground by truck, all-terrain vehicle, and/or handheld spray equipment, all using ultra-low volume (ULV) techniques. All persons interested in obtaining additional information on this spray program are requested to contact Joseph Pezzillo, superintendent (license #29528B), at the above address, or by calling (973) 305-5754. For updated information on time and location of applications, please visit the following website: www.passaiccountynj.org/mosquito. For emergencies, call NJ Poison Information and Education System at (800) 222-1222. For routine health inquiries, and to obtain information about signs and symptoms of pesticide exposure, call National Pesticide Information Center at (800) 858-7378. Call NJ Pesticide Control Program, (609) 984-6568, for pesticide regulation information, pesticide complaints, and health referrals. Upon request, Passaic County Mosquito Control shall provide a resident with notification at least 12 hours prior to the application, except for Quarantine and Disease Vector Control, when conditions may necessitate pesticide applications sooner than that time. It is suggested (but not mandatory) that such requests be submitted, in writing, to the above address, including the resident's name, address, and telephone number.
